As previously reported by eMagin Corporation ("eMagin" or the "Company") in its Current Report on Form 8-K filed with the SEC on July 25, 2006, the Company entered into several Note Purchase Agreements (the "Purchase Agreements") on July 21, 2006 to sell to certain qualified institutional buyers and accredited investors up to \$5,970,000 in principal amount 6% Senior Secured Convertible Notes Due 2007-2008, together with warrants to purchase 16,073,067 shares of the Company's common stock. Under the Purchase Agreements, the investors have the right to designate two persons to serve on the Company's Board of Directors.

Effective as of August 15, 2006, the Board of Directors appointed Dr. Radu Auf der Heyde as a director of the Company, the first of two directors which the investors have the right to designate to the Company's Board. Dr. Auf der Heyde does not have any family relationship with any director, executive officer or person nominated or chosen by the Company to become a director or executive officer. Furthermore, since December 31, 2005 Dr. Auf der Heyde has never entered into a transaction, nor is there any proposed transaction, between Dr. Auf der Heyde and the Company. With the election of Dr. Auf der Heyde, the Company's Board of Directors now consists of 9 members.

From October 2005 to the present, Dr. Auf der Heyde has served as President of Lightridge Capital, an investment management firm he founded which uses artificial intelligence technology to assist in decision-making to yield high risk-adjusted returns on investment. From June 2003 to September 2005, he served as Vice President of Ameriquest Capital, a private equity firm. Aside from investing activities, he led various efforts at Ameriquest Capital's portfolio companies, including setting up a program management and a software development quality assurance group, replacing core business applications, upgrading IT and communication infrastructures, and restructuring a call center. From September 1999 to June 2003, Dr. Auf der Heyde worked as a Principal at Mercer Management Consulting with a primary focus on business strategy development and new venture creation for a variety of leading electronic equipment manufacturers, technology services companies and telecommunication service providers. Dr. Auf der Heyde received a Ph.D. in engineering from Stanford University in 1999 and holds a diploma degree in engineering from the Technical University of Aachen (RWTH Aachen), Germany, which he received in 1993.

In addition, on August 15, 2006 the Board of Directors formed a three-person management committee which will be responsible for overseeing the Company's management, growth and related strategic initiatives, and will report to the Board. The Board appointed Dr. Radu Auf der Heyde, Gary W. Jones, the Company's Chief Executive Officer and John Atherly, the Company's Chief Financial Officer, as members of the management committee.

On August 18, 2006, the Company issued a press release announcing the appointment of Dr. Radu Auf der Heyde to the Board of Directors and the formation of the management committee. A copy of the Company's press release is attached hereto as Exhibit 99.1.
