Item 2.02 Results of Operations and Financial Condition

On February 19, 2019, FirstEnergy Corp. (FirstEnergy or Company) issued two public documents regarding, among other things, results for the three months and year ended December 31, 2018 and earnings guidance for 2019. FirstEnergy's Press Release and Consolidated Report to the Financial Community, which are attached as Exhibits 99.1 and 99.2, respectively, hereto and incorporated herein by reference, contain non-GAAP financial measures. Pursuant to the requirements of Regulation G and Item 10(e)(i) of Regulation S-K, FirstEnergy has provided quantitative reconciliations within the Press Release and Consolidated Report to the Financial Community of the non-GAAP financial measures to the most directly comparable financial measures calculated and presented in accordance with accounting principles generally accepted in the United States (GAAP). The information set forth in and incorporated into this Item 2.02 of this Current Report on Form 8-K is being furnished pursuant to Item 2.02 of Form 8-K and shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, or otherwise subject to the liabilities of that section, nor shall it be deemed incorporated by reference into any of the Company's filings under the Securities Act of 1933 or the Securities Exchange Act of 1934, whether made before or after the date hereof and regardless of any general incorporation language in such filings, except to the extent expressly set forth by specific reference in such a filing.

The attached Press Release and Consolidated Report to the Financial Community contain references to non-GAAP financial measures including, among others, Operating earnings (loss); Operating earnings (loss) per share; Operating earnings (loss) per share on a segment basis; Adjusted Equity; Adjusted Debt; and Adjusted Capitalization. As a result of presenting substantially all of the operations of the previously reported Competitive Energy Services reportable operating segment as discontinued operations as of March 31, 2018, with the exception of the Pleasants Power Station, which was reclassified as of September 30, 2018, prior period disclosure, including the presentation of non-GAAP financial measures, has been revised to conform to the current presentation of such operations as discontinued operations in Corporate/Other. Generally, a non-GAAP financial measure is a numerical measure of a company's historical or future financial performance, financial position, or cash flows that either excludes or includes amounts that are not normally excluded or included in the most directly comparable measure calculated and presented in accordance with GAAP. Operating earnings (loss) is not calculated in accordance with GAAP because they exclude the impact of "special items." Special items represent charges incurred or benefits realized that management believes are not indicative of or may obscure trends useful in evaluating the Company's ongoing core activities and results of operations or otherwise warrant separate classification. Special items also reflect the adjustment to include the full impact of share dilution from the \$2.5 billion equity issuance in January 2018. Special items are not necessarily non-recurring. The Company's management cannot estimate on a forward-looking basis the impact of these items in the context of Operating earnings (loss) per share growth projections because these items, which could be significant, are difficult to predict and may be highly variable. Consequently, the Company is unable to reconcile Operating earnings (loss) per share growth projections to a GAAP measure without unreasonable effort. Operating earnings (loss) per share and Operating earnings (loss) per share for each segment is calculated by dividing Operating earnings (loss), which excludes special items as discussed above, for the periods presented in 2018 by 538 million shares and by 540 million shares in 2019, which reflects the full impact of share dilution from the equity issuance in January 2018. Beginning in 2018, Regulated operating (non-GAAP) earnings (loss), Regulated operating earnings (loss) per share, and Regulated operating earnings (loss) per share by segment, which were non-GAAP financial measures used in the guidance provided in February 2018, are now referred to as Operating earnings (loss), Operating earnings (loss) per share, and Operating earnings (loss) per share by segment, respectively. Management uses non-GAAP financial measures such as Operating earnings (loss) and Operating earnings (loss) per share to evaluate the Company's performance and manage its operations and frequently references these non-GAAP financial measures in its decision-making, using them to facilitate historical and ongoing performance comparisons. Additionally, management uses Operating earnings (loss) per share by segment to further evaluate FirstEnergy's performance by segment and references this non-GAAP financial measure in its decision-making. Management believes that the non-GAAP financial measures of Operating earnings (loss) and Operating earnings (loss) per share by segment provide consistent

and comparable measures of performance of its businesses on an ongoing basis. Management also believes that such measures are useful to shareholders and other interested parties to understand performance trends and evaluate the Company against its peer group by presenting period-over-period operating results without the effect of certain charges or benefits that may not be consistent or comparable across periods or across the Company's peer group. Management uses Adjusted Equity, Adjusted Debt, and Adjusted Capitalization to calculate and monitor its compliance with the debt to total capitalization financial covenants under the FirstEnergy credit facility. These financial measures, as calculated in accordance with the FirstEnergy credit facility, help shareholders understand FirstEnergy's compliance with, and provide a basis for understanding FirstEnergy's incremental debt capacity under, the debt to total capitalization financial covenants. The financial covenants require FirstEnergy to maintain a consolidated debt to total capitalization ratio, as defined in the facilities, of no more than 65%, measured at the end of each fiscal quarter. All of these non-GAAP financial measures are intended to complement, and are not considered as alternatives to, the most directly comparable GAAP financial measures. Also, the non-GAAP financial measures may not be comparable to similarly titled measures used by other entities.

Item 7.01 Regulation FD Disclosure

On February 19, 2019, FirstEnergy expects to post to its website at www.firstenergycorp.com/ir its latest investor FactBook, which has been, among other things, updated in certain respects with information as of the fourth quarter and year ended December 31, 2018.

The information set forth in and incorporated into this Item 7.01 of this Current Report on Form 8-K is being furnished pursuant to Item 7.01 of Form 8-K and shall not be deemed “filed” for purposes of Section 18 of the Securities Exchange Act of 1934, or otherwise subject to the liabilities of that section, nor shall it be deemed incorporated by reference into any of the Company’s filings under the Securities Act of 1933 or the Securities Exchange Act of 1934, whether made before or after the date hereof and regardless of any general incorporation language in such filings, except to the extent expressly set forth by specific reference in such a filing. The furnishing of this Item 7.01 of this Current Report on Form 8-K shall not be deemed an admission as to the materiality of any information herein that is required to be disclosed solely by reason of Regulation FD.

Item 9.01 Financial Statements and Exhibits

Exhibit No.	Description
99.1	<u>Press Release issued by FirstEnergy Corp., dated February 19, 2019</u>
99.2	<u>Consolidated Report to the Financial Community, dated February 19, 2019</u>

Forward-Looking Statements: This Form 8-K includes forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 based on information currently available. Unless the context requires otherwise, as used herein, references to “we,” “us,” “our,” and “FirstEnergy” refer to FirstEnergy Corp. Forward-looking statements are subject to certain risks and uncertainties and readers are cautioned not to place undue reliance on these forward-looking statements. These statements include declarations regarding management’s intents, beliefs and current expectations, and typically contain, but are not limited to, the terms “anticipate,” “potential,” “expect,” “forecast,” “target,” “will,” “intend,” “believe,” “project,” “estimate,” “plan” and similar words. Forward-looking statements involve estimates, assumptions, known and unknown risks, uncertainties and other factors that may cause actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements, which may include the following: the ability to successfully execute an exit from commodity-based generation; the risks associated with the Chapter 11 bankruptcy proceedings involving FirstEnergy Solutions Corp. (FES), its subsidiaries, and FirstEnergy Nuclear Operating Company (FENOC) (FES Bankruptcy) that could adversely affect FirstEnergy, FirstEnergy’s liquidity or results of operations, including, without limitation, that conditions to our settlement agreement with respect to the FES Bankruptcy settlement agreement may not be met or that such settlement agreement may not be otherwise consummated, and if so, the potential for litigation and payment demands against us by FES, FENOC or their creditors; the ability to accomplish or realize anticipated benefits from strategic and financial goals, including, but not limited to, our strategy to operate and grow as a fully regulated business, to execute our transmission and distribution investment plans, to continue to reduce costs through FE Tomorrow, which is the FirstEnergy initiative launched in late 2016 to identify our optimal organization structure and properly align corporate costs and systems to efficiently support FirstEnergy as a fully regulated company going forward, and other initiatives, and to improve our credit metrics, strengthen our balance sheet and grow earnings; legislative and regulatory developments at the federal and state levels, including, but not limited to, matters related to rates, compliance and enforcement activity; economic and weather conditions affecting future operating results, such as significant weather events and other natural disasters, and associated regulatory events or actions; changes in assumptions regarding economic conditions within our territories, the reliability of our transmission and distribution system, or the availability of capital or other resources supporting identified transmission and distribution investment opportunities; changes in customers’ demand for power, including, but not limited to, the impact of state and federal energy efficiency and peak demand reduction mandates; changes in national and regional economic conditions affecting us and/or our major industrial and commercial customers or others with which we do business; the risks associated with cyber-attacks and other disruptions to our information technology system that may compromise our operations, and data security breaches of sensitive data, intellectual property and proprietary or personally identifiable information; the ability to comply with applicable state and federal reliability standards and energy efficiency and peak demand reduction mandates; changes to federal and state environmental laws and regulations, including, but not limited to, those related to climate change; changing market conditions affecting the measurement of certain liabilities and the value of assets held in our pension trusts and other trust funds, or causing us to make additional contributions sooner, or in amounts that are larger, than currently anticipated; the risks associated with the decommissioning of the retired nuclear facility owned by FirstEnergy subsidiaries; the risks and uncertainties associated with litigation, arbitration, mediation and like proceedings; labor disruptions by the unionized workforce of FirstEnergy subsidiaries; changes to significant accounting policies; any changes in tax laws or regulations, including the Tax Cuts and Jobs Act, adopted December 22, 2017, or adverse tax audit results or rulings; the ability to access the public securities and other capital and credit markets in accordance with our financial plans, the cost of such capital and overall condition of the capital and credit markets affecting us; actions that may be taken by credit rating agencies that could negatively affect either our access to or terms of financing or our financial condition and liquidity; and the risks and other factors discussed from time to time in FirstEnergy’s Securities and Exchange Commission (SEC) filings. Dividends declared from time to time on FirstEnergy’s common stock, and thereby on FirstEnergy’s preferred stock, during any period may in the aggregate vary from prior periods due to circumstances considered by FirstEnergy’s Board of Directors at the time of the actual declarations. A security rating is not a recommendation to buy or hold securities and is subject to revision or withdrawal at any time by the assigning rating agency. Each rating should be evaluated independently of any other rating. These forward-looking statements are also qualified by, and

should be read together with, the risk factors included in FirstEnergy's SEC filings with the SEC, including but not limited to the most recent Annual Report on Form 10-K and subsequent Quarterly Reports on Form 10-Q, together with any subsequent Current Reports on Form 8-K. The foregoing review of factors also should not be construed as exhaustive. New factors emerge from time to time, and it is not possible for management to predict all such factors, nor assess the impact of any such factor on our business or the extent to which any factor, or combination of factors, may cause results to differ materially from those contained in any forward-looking statements. We expressly disclaim any obligation to update or revise, except as required by law, any forward-looking statements contained herein as a result of new information, future events or otherwise.
