X Yes O No

- (3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?

X Yes O No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

**The Company anticipates that during the three and nine month periods ended September 30, 2007 revenues will have decreased approximately 53% and 54% compared to the same three and nine month periods ended September 30, 2006 as a result of the closing of the Company's store in Yulee, Florida, with its corresponding decrease in total sales, and an overall slow down in sales in the area where our remaining store is located. The Company estimates that cost of good sold will have decreased approximately 55% and 61%, respectively during the three and nine month periods ended September 30, 2007 as compared to the same periods 2006. As with revenues, this decrease in cost of goods sold was partially the result of the closing of our Yulee store. The reduction in cost of goods sold can also be attributed to the Company selling less product and purchasing inventory at more competitive prices during 2007. As a result of the foregoing, combined with decreases in general and administrative expenses, the Company anticipates gross profit will be 49% and 33% lower and net loss will be 93% and 51% lower during the three and nine month periods ended September 30, 2007 compared to the comparable three and nine month periods ended September 30, 2006.**
