Cantu 2, in Milan, Italy. The Agenda of the meeting is the following:

CONSIDERATION OF RESOLUTIONS RELATING TO: (i) submission of the Company's Statutory Financial Statement as of December 31, 2002 and of the reports thereon of the Board of Directors and the Board of Statutory Auditors; (ii) a resolution with respect to the distribution of dividends; (iii) the submission of the Consolidated Financial Statements as of and for the year ended December 31, 2002 and of the reports thereon of the Board of Directors and the Board of Statutory Auditors; (iv) the determination of the number of Directors to serve on the Board of Directors, election of the Board of Directors and determination of the 2003 compensation for the Board of Directors and Executive Committee; (v) the appointment of the Board of Statutory Auditors and determination of their compensation; (vi) the appointment of the auditing company, pursuant to Art. 159 of Legislative Decree no. 58/1998 for the financial years 2003, 2004 and 2005 and for the interim balance sheet and determination of the relevant fees; and (vii) a report on the Corporate Governance Code.

By this proxy statement and the attached documentation, the Board of Directors of the Company (the "BOARD") wishes to provide you with details of the resolutions which the Board or Chairman of the meeting, as the case may be, shall present on the above issues, in the order in which such resolutions will be submitted to the meeting, with a view to enabling you to cast your vote on these resolutions as described below.

On the matters to be considered at the ordinary meeting, each Ordinary Share shall be entitled to one vote and all holders of Ordinary Shares shall vote together as a single class. The presence, in person or by proxy, of at least 50% of the voting power represented by outstanding Ordinary Shares as of the date of the meeting will constitute a quorum for the approval of resolutions at the meeting. The affirmative vote of the holders of a majority of the Ordinary Shares entitled to vote at the meeting is required to approve the resolutions relating to each item in the Agenda.

As of the close of business on the date hereof, Mr. Leonardo Del Vecchio, the Chairman of the Company, has the power to vote 314,464,552 Ordinary Shares, or approximately 69.2% of the outstanding Ordinary Shares. Such voting power

Edgar Filing: LUXOTTICA GROUP SPA - Form 6-K

enables Mr. Del Vecchio, without any additional votes, to control the approval of the resolutions to be submitted at the meeting, except for the resolution concerning the appointment of the Board of Statutory Auditors which follows the rules referred to below. Mr. Del Vecchio has advised the Company that he intends to cast all of the votes controlled by him at the ordinary meeting:

FOR approval of the Company's Statutory Financial Statement and of the Reports of the Board of Directors and of the Board of Statutory Auditors on the Statutory Financial Statement;

FOR approval of the Company's payment of a cash gross dividend equal to Euro 0.21 per Ordinary Share (each American Depositary Share ("ADS") represents one Ordinary Share);

FOR the determination of the number of Directors to serve on the Board of Directors at nine (9), FOR appointment of Messrs. Leonardo Del Vecchio, Claudio Del Vecchio, Luigi Francavilla, Roberto Chemello, Sabina Grossi, Enrico Cavatorta, Lucio Rondelli, Tancredi Bianchi and Mario Cattaneo as members of the Board and FOR the approval of the compensation for the Board of Directors of Euro 66,020.00 in the aggregate per month, inclusive of the additional compensation for the Executive Committee;

1

FOR the appointment of Messrs. Giancarlo Tomasin, Walter Pison and Mario Medici as members of the Board of Statutory Auditors and of Messrs. Giuseppe Luigi Tacca and Mario Bampo as alternate members of the Board of Statutory Auditors and FOR the approval of the compensation set by the national schedules of fees payable to the Board of Statutory Auditors.; and

FOR appointment of Deloitte & Touche as auditing company, pursuant to art. 159 of legislative decree no. 58/98 for the three year period of 2003 through 2005.

Set forth below is a description of the matters that will be submitted for approval at the meeting:

1. SUBMISSION AND APPROVAL OF THE COMPANY'S STATUTORY FINANCIAL STATEMENT AS AT DECEMBER 31, 2002

Under Italian law, a statement of the Company's assets and liabilities prepared on an unconsolidated basis as of the last day of its most recently completed fiscal year in accordance with certain statutory accounting requirements (the "STATUTORY FINANCIAL STATEMENT") must be approved by shareholders at the annual ordinary meeting of shareholders.

Under Italian law, the Statutory Financial Statement is submitted for approval by the holders of Ordinary Shares together with the reports thereon by the Company's Board of Directors and Board of Statutory Auditors. Once approved by the holders of Ordinary Shares, the Statutory Financial Statement must be filed with the Company's Register kept by the Chamber of Commerce in Milan.

The Company does not believe that the Statutory Financial Statement is as meaningful a statement of the Company's overall financial condition as the Consolidated Financial Statements of the Company referred to below. Accordingly, the Statutory Financial Statement is not being distributed to the holders of American Depositary Shares and such holders who will not attend the meeting personally are not being asked to direct the vote of the deposited Ordinary Shares, by mail, with respect to such Financial Statement. Nevertheless, the holders of ADSs who will attend the meeting personally and, upon fulfillment of the conditions described below, are granted the right to vote thereat, also shall be entitled to direct their vote on the approval of the Statutory

Edgar Filing: LUXOTTICA GROUP SPA - Form 6-K

Financial Statement. A copy of the Company's Statutory Financial Statement together with the reports thereon by the Company's Board of Statutory Auditors and Board of Directors, as filed with the Company's Register, shall be available starting from June 10, 2003 and may be obtained without charge by any holder of American Depositary Shares. Requests for copies of the Statutory Financial Statement and such reports should be sent to, or requested by telephone from, the Company's Legal Department Representative at the Company's offices, Via Cantu 2, 20123 Milan, Italy, tel. n. 011 39 02 8633 4623 (attn. Marianna Nasce).

Copies of the Statutory Financial Statement and such reports also will be available at the meeting.

2. RESOLUTION WITH RESPECT TO DISTRIBUTION OF DIVIDENDS

The holders of Ordinary Shares shall be requested to approve the proposed dividend distribution. Italian law provides that the payment of annual dividends is subject to approval of the holders of Ordinary Shares at the annual ordinary meeting. Under Italian law, before dividends may be paid with respect to the results of any year, an amount equal to 5% of the net income of the Company on an unconsolidated basis for such year must be set aside to the Company's legal reserve. Amounts so set aside are not available to fund dividends. The reserve requirement remains in existence until such legal reserve, including the amounts set aside during prior years, equals at least one-fifth of the nominal value of the Company's issued share capital. The Company has more than sufficient funds legally available for the payment of the proposed dividend.

The Company is permitted to distribute dividends out of net income earned by its subsidiaries to holders of Ordinary Shares only to the extent such net income has been conveyed to the Company by its subsidiaries. Accordingly, based on the net income available to the Company, your Board will propose that the holders of Ordinary Shares approve the distribution of dividends in the gross amount of Euro

2

0.21 per Ordinary Share. Last year, the Company distributed a dividend equal to Euro 0.17 per Ordinary Share. If approved, the aggregate amount payable by the Company in connection with such dividend will be approximately Euro 95.4 million. Please note that this amount could be subject to increase due to the issuance of additional Ordinary Shares as a consequence of the exercise of stock options by employees. In this case, assuming that all stock option beneficiaries exercised all their vested options by the date of the ordinary shareholders' meeting, the aggregate amount payable by the Company in connection with the dividend would increase from Euro 95.4 million to Euro 96.6 million. The funds available for the payment of the dividends would be paid out of the Company's current net income. The consolidated net income of the Company and its subsidiaries for 2002 computed in accordance with U.S. generally accepted accounting principles ("U.S. GAAP") was Euro 372.1 million. At the meeting, your Board will seek approval of the foregoing proposal.

With a view to enabling all of the ADS holders to provide the documentation required to achieve the application of reduced tax, pursuant to the applicable tax treaties between Italy and other countries, the Board will propose to set July 3, 2003 as the date for payment of dividends to all holders of Ordinary Shares of record on June 27, 2003, including The Bank of New York, as depository on behalf of the ADS holders.

The Bank of New York, acting as depository of the American Depositary Shares, has advised the Company that the dividend amount for each ADS holder will be paid commencing on July 10, 2003 to all such holders of record on July 2, 2003. The Bank of New York has advised the Company that after the close of business on June 27, 2003 through and including July 2, 2003 it will close

Edgar Filing: LUXOTTICA GROUP SPA - Form 6-K

its books and will not accept deposits or cancellations of Ordinary Shares or ADSs, as applicable. The Bank of New York shall pay such dividends in U.S. dollars by converting the Euro amount of the dividend, net of the applicable tax, at the market Euro/U.S. dollar exchange rate in effect on July 3, 2003. Attached to this Proxy Statement as Annex A, you will find a letter from the Company providing information as to the procedure to be used by ADS holders who are U.S. residents, Italian residents or residents of countries having anti-double taxation treaties with the Republic of Italy for the purposes of obtaining reduced tax on dividends provided for by the applicable tax treaties.

3. SUBMISSION OF THE CONSOLIDATED FINANCIAL STATEMENTS OF THE COMPANY FOR THE FISCAL YEAR ENDING DECEMBER 31, 2002 AND OF THE REPORTS THEREON OF THE BOARD OF DIRECTORS AND THE BOARD OF STATUTORY AUDITORS

The Consolidated Financial Statements reflect the activity of the Company and of the group of companies owned, directly or indirectly, by the Company. The Consolidated Financial Statements for the fiscal year ending December 31, 2002 were prepared in accordance with U.S. GAAP and were audited by Deloitte & Touche, independent public accountants, as stated in their report therein. An English translation of the Consolidated Financial Statements for the year ending December 31, 2002, together with a copy of the Consolidated Financial Statements for the fiscal years ending December 31, 2001 and December 31, 2000, are attached hereto.

3

However, no resolution of the shareholders approving said Consolidated Financial Statements is required and, accordingly, the Board will not ask the shareholders to express their vote on this item of the agenda.

5. APPOINTMENT OF THE COMPANY'S BOARD OF STATUTORY AUDITORS AND DETERMINATION OF THE COMPENSATION FOR THE BOARD OF STATUTORY AUDITORS

7. REPORT ON THE CORPORATE GOVERNANCE CODE

In 1999, a committee of Italian securities industry professionals and academics was formed to evaluate and prepare a model code for the corporate governance of publicly traded companies in Italy. The Committee for the Corporate Governance of Listed Companies, as it is called, issued a report setting forth its recommendations for a model code of conduct for Italian listed companies (the "MODEL CODE"). Following the issuance of such report, Borsa Italiana S.p.A. ("BORSA ITALIANA"), the principal Italian stock exchange and the exchange on which the Company's Ordinary Shares are listed, recommended that listed companies provide shareholders with appropriate information concerning their corporate governance model. The adoption of all or any portion of the Model Code is voluntary, and not mandated by Italian law or Borsa Italiana. Accordingly, no shareholder vote is being requested on this item of the Agenda.

COMPOSITION AND ROLE OF THE BOARD OF DIRECTORS

The By-Laws of the Company provide that the Company be governed by a Board of Directors made up of not less than three nor more than eleven members who need not be shareholders, with the exact number to be determined by a resolution approved at a shareholders' meeting.

Edgar Filing: LUXOTTICA GROUP SPA - Form 6-K

The present Board of Directors is made up of seven members, appointed by the shareholders on May 19, 2000, who will serve until the approval of the Company's financial statements for the year ended December 31, 2002.

Three of the seven members of the Board of Directors have delegated powers and perform management functions within the Company: the Chairman (Leonardo Del Vecchio), the Deputy Chairman (Luigi Francavilla) and the Chief Executive Officer (Roberto Chemello). The Board of Directors has delegated to the Chairman power to represent and to manage the Company.

The current Board of Directors has four non-executive directors (Claudio Del Vecchio, Lucio Rondelli, Tancredi Bianchi and Giorgio Armani), two of whom, namely Lucio Rondelli and Tancredi Bianchi, are independent directors in the sense that they do not maintain any business relationships with the Company of a significance that would influence their autonomous judgment and do not own a quantity of shares enabling them to control the Company.

The Board of Directors has evaluated the degree of independence of Mr. Lucio Rondelli and Tancredi Bianchi finding it adequate.

The Board of Directors has all the powers that the law does not specifically reserve to the shareholders.

Among other matters, the Board of Directors:

- i) examines and approves the strategic, industrial and financial plans of the Company and its subsidiaries;
- ii) grants and revokes powers of attorney to the members of the Board of Directors and to the Executive Committee and provides that such persons report to the Board of Directors quarterly;
- iii) examines and approves the Company's most significant and unusual transactions, those which have a significant impact on the operations of the subsidiaries and those involving related parties. To this end, the Board of Directors has adopted guidelines which set internal procedures for the approval of significant transactions and those involving related parties.
- iv) supervises the management of the Company on the basis of reports furnished by the executive officers;
- v) periodically assesses the adequacy of the organizational structure of the Company and its subsidiaries; and
- vi) reports to the shareholders of the Company.

The Board of Directors meets frequently: during 2002 it met eleven times. In 2003, the Board of Directors met five times through May 5, 2003 and it expects to have at least three additional meetings. The Company's By-laws do not set a minimum number of meetings to be held annually.

In advance of the date of any Board of Directors meeting, the members of the Board of Directors are provided with the documentation and information needed for them to express an informed view on the matters they are required to examine and approve.

The Executive Committee of the Board of Directors is composed of four members, the Chairman (Leonardo Del Vecchio), the Deputy Chairman (Luigi Francavilla), the Chief Executive Officer (Roberto Chemello) and a non-executive and independent director (Lucio Rondelli). The Executive Committee has delegated management powers. It also examines the compensation of the Board of Directors

Edgar Filing: LUXOTTICA GROUP SPA - Form 6-K

and of the officers of the Company.

ELECTION AND REMUNERATION OF DIRECTORS

The directors are elected by the shareholders upon the nomination of the Board of Directors which provides personal backgrounds and professional qualifications of the candidates. The Company has not

8

considered it necessary to appoint a committee to propose candidates as all executive and non-executive directors have the ability to nominate candidates to the Board of Directors for consideration. Detailed information on the personal backgrounds and professional qualifications of the candidates are usually provided to the shareholders before the meeting.

The Company's By-Laws do not provide for the appointment of the Board on the basis of lists submitted by shareholders.

The Executive Committee periodically examines the compensation of the Board of Directors and of the officers of the Company. The Executive Committee members do not vote on the resolution concerning their compensation. The remuneration of some directors is linked to the achievement of specific objectives. The remuneration of the officers of the Company is substantially linked to the Company's operating results.

The award of bonuses to officers is linked to the achievement of specific objectives set by the Executive Committee according to the management positions of the officers. The Executive Committee examines and proposes to the Board of Directors the implementation of yearly stock option grants according to the guidelines set by the shareholders. Please refer to the Financial Statements enclosed with this Proxy Statement for further information on the Company's stock option plans.

INTERNAL CONTROL

The Company has established a system of procedures which are designed to ensure a correct and efficient management of the Company and to identify, forestall and limit financial and operational risks. Following the recent enactment of the U. S. Sarbanes-Oxley Act of 2002, the Company began a comprehensive review of its internal control system.

The Company's internal control system is made up of a series of internal procedures, tailored to each sector of the Company, which have been codified and applied through the corporate organization.

The Chief Executive Officer, through a delegate, ensures that the Manual of Internal Control, which sets forth all the internal procedures, is periodically updated. He reports periodically to the Internal Control Committee referred to below.

The Internal Control Committee consists of three members: an independent and non-executive director (Lucio Rondelli) who serves as Chairman of the Committee, the Chairman of the Board of Directors (Leonardo Del Vecchio) and the President of the Board of Statutory Auditors (Giancarlo Tomasin). However, following the recent changes made by Borsa Italiana S.p.A. to the Model Code concerning the composition and the role of the Internal Control Committee, the Board of Directors has determined that it would be appropriate to review the composition of the Committee so as to include only non-executive directors, a majority of whom will be independent. To this end, following the ordinary shareholders meeting, at which one additional independent director is expected to be elected, the Board intends to revise the composition of the Internal Control Committee.

Edgar Filing: LUXOTTICA GROUP SPA - Form 6-K

The Internal Control Committee is charged with giving advice and making proposals on the adequacy of the Company's internal control system and ensuring that it is properly applied by, among other things, working with the Company's internal administrative bodies, the Board of Statutory Auditors and the accounting firms which certify the Company's financial statements. The Internal Control Committee meets at least twice a year and reports to the Board of Directors.

CONFIDENTIAL INFORMATION

The handling of confidential information is overseen by the Chairman, the Chief Executive Officer, the Chief Financial Officer and the Investor Relations Manager, who are the only representatives of the Company authorized to disclose confidential information.

9

The handling of confidential information has been extensively reviewed by the Board of Directors who have taken the following actions:

- i) The adoption of "Rules for internal management and disclosure of confidential and price sensitive information" (the "Rules") which have been distributed to all directors, members of the Board of Statutory Auditors and employees who may become aware of non-public, confidential and price sensitive information. The Rules are designed to regulate the use and management of confidential information within the Company and to impose requirements on persons who for professional reasons or reasons linked to his/her function become aware of non-public, confidential and price sensitive information.
- (ii) The adoption of a "Code of Conduct", which imposes internal reporting obligations and limitations on transactions in Luxottica securities by persons that, because of their position and/or the function carried out by them, have access to confidential information ("Significant Persons"). The Code of Conduct enables the Company to give timely information to the market of transactions in Luxottica securities made by the Significant Persons.

RELATIONS WITH INSTITUTIONAL INVESTORS AND OTHER SHAREHOLDERS

The Investor Relations Department handles the relationships with analysts, institutional investors and other shareholders, Italian and foreign.

The disclosure required by law is handled by the Legal Department of Luxottica Group.

The Company has not adopted a special set of rules for the conduct of the shareholders' meetings as they have always been properly and efficiently conducted.

MEMBERS OF THE BOARD OF AUDITORS

According to the By-Laws of the Company, the Board of Auditors is appointed based on the lists presented by the shareholders who, either alone or together with other shareholders, represent at least 3% of the shares with the right to vote at the Ordinary Shareholders meeting.

The lists must be accompanied by detailed information concerning the candidates' personal and professional background.

VOTING PROCEDURES

Edgar Filing: LUXOTTICA GROUP SPA - Form 6-K

You may cast your vote on the resolutions referred to above either by completing the enclosed Voting Instruction Card and mailing it pursuant to the instructions included therein or by attending the ordinary shareholders' meeting personally. Should you elect to cast your vote personally at the ordinary shareholders' meeting, you will be required to follow the procedure established by the Company in agreement with The Bank of New York, as depository. According to such procedure, you will be required to provide The Bank of New York not later than 12:00 p.m. (noon) on June 16, 2003 evidence that (i) you will be an ADS holder as of the date of the annual meeting and (ii) you have not already exercised the voting rights pertaining to the ADSs held by you by mailing the attached Voting Instruction Card. Details on how to fulfill such requirements are contained in the letters attached hereto as Annex C and Annex D.

The Company believes that the foregoing information and the attached documents will be sufficient to enable you to cast your vote in connection with each of the resolutions described above which are being submitted for your approval.

Many thanks and best regards.

ANNEX A

WARNING ABOUT TAXATION OF DIVIDENDS PAYABLE BY LUXOTTICA GROUP S.P.A.

May 2003

Dear Holder of American Depositary Shares,

As noted in the enclosed Proxy Statement, at the ordinary shareholders' meeting of Luxottica Group S.p.A. (the "COMPANY") which will be held on June 25, 2003 on first call (or on June 27, 2003 on second call), the Board of Directors of the Company will submit to shareholders a proposal to adopt a resolution for the distribution of a cash dividend in the amount of Euro 0.21 per American Depositary Share (each American Depositary Share represents one Ordinary Share).

The Company will pay the dividend to all holders of ADSs of record on July 2, 2003. In order to be a holder of record on July 2, 2003 and thus be entitled to such dividend, you must purchase the ADSs on or before June 27, 2003.

The dividend will be paid on July 3, 2003 in Euro, by Monte Titoli S.p.A., authorized intermediary, to all depository banks of the shareholders. For the holders of ADSs, the dividend will be paid to The Bank of New York, as depository of the Ordinary Shares and the issuer of the ADSs, through UniCredito Italiano S.p.A., as custodian under the Deposit Agreement. The Bank of New York anticipates that dividends will be payable to all the ADS holders commencing from and after July 10, 2003 upon satisfaction of the documentation requirements referred to below, at the U.S. Dollar/Euro exchange rate in effect on July 3, 2003.

The ADSs listed on the New York Stock Exchange will be traded ex-dividend on June 30, 2003.

Edgar Filing: LUXOTTICA GROUP SPA - Form 6-K

Dividends paid to beneficial owners who are not Italian residents and do not have a permanent establishment in Italy to which the shares are effectively connected, are subject to a 27.0 percent substitute tax rate. Accordingly, the amount of the dividend paid to The Bank of New York, as depository of the Ordinary Shares and the issuer of the ADSs, through UniCredito Italiano S.p.A., as custodian under the Deposit Agreement, will be subject to such Italian substitute tax. Therefore, the amount of the dividends that the holders of ADS will initially receive will be net of such substitute tax.

All owners of ADSs will be given the opportunity to submit to The Bank of New York, in accordance with the procedure set forth by it, the documentation attesting their residence for tax purposes in Italy or in countries which have entered into tax treaties with Italy, pursuant to which reduced tax rates might become directly applicable. Please find attached to this Annex a document and necessary forms setting forth the detailed procedure to be used by ADS holders for the purpose of obtaining the direct application of the reduced tax rate.

All ADS holders who are Italian residents for tax purposes should deliver by July 18, 2003 to The Bank of New York the documentation, dated before July 3, 2003, selecting the option for the application of the 12.5 percent substitute tax at source or the option to include the dividends it receives in the beneficial owner's annual tax return. For Italian resident ADS holders please complete Forms A to G "Dichiarazione Percettore Dividendo" depending on the beneficial owner status (attached to this Annex).

Also ADS holders who are not Italian residents for tax purposes should deliver by July 18, 2003 to The Bank of New York the documentation, signed before July 3, 2003, attesting to their residence for tax purposes in countries which have entered into tax treaties with Italy, pursuant to which reduced tax rates might become directly applicable. For US resident ADS holders, please complete Form US (attached to this Annex). For ADS holders who are residents of other countries having anti-double taxation treaties with the Republic of Italy, please obtain a certification from your appropriate tax authority by completing the applicable Form A-4 "Tax Relief Form for Dividends for non-U.S. resident holders" depending on

11

whether you are an individual or a company (attached to this Annex A). Please note that Forms US and A-4 need to be signed by the relevant tax authority before July 3, 2003.

As soon as the required documentation is delivered by the Bank of New York to UniCredito Italiano, such bank shall endeavor to effect, in the shortest possible time, repayment of the balance between the 27.0 percent withheld at the time of payment and the rate actually applicable to the ADS holder. By way of example, Italy and United States (as well as many other countries) are parties to a tax treaty pursuant to which the rate of the tax applicable to dividends paid by an Italian resident company to a U.S. resident entitled to the benefits under the treaty may be reduced to 15.0 percent. Therefore, U.S. resident ADS holders have the opportunity of being repaid a further 12.0 percent of the gross dividend, that is the difference between the 27.0 percent withheld at the time of payment of the dividend and the 15.0 percent substitute tax provided for by the Italy--U.S. tax treaty.

IN THE PAST MANY ADS HOLDERS HAVE BEEN UNABLE TO PROVIDE THE REQUIRED CERTIFICATES WITHIN THE DEADLINE, BECAUSE THE TAX AUTHORITIES CAN TAKE TWO MONTHS OR MORE IN RELEASING SUCH DOCUMENTS. THEREFORE, THE COMPANY ADVISES YOU, IN CASE YOU EXPECT TO BE A HOLDER OF ADSS OF RECORD ON JULY 2, 2003 AND ARE INTERESTED IN IMPLEMENTING THE PROCEDURE TO OBTAIN THE APPLICATION OF THE REDUCED SUBSTITUTE TAX RATE, TO START WELL IN ADVANCE OF JULY 3, 2003 SUCH PROCEDURE BY COMPLETING THE APPROPRIATE FORM ATTACHED TO THIS ANNEX (FORM A TO G

Edgar Filing: LUXOTTICA GROUP SPA - Form 6-K

FOR ITALIAN RESIDENTS, FORM US FOR U.S. RESIDENTS, FORM A-4 FOR RESIDENTS OF OTHER COUNTRIES), WHICH NEEDS TO BE SIGNED, FOR NON-ITALIAN RESIDENTS ONLY, BY THE RELEVANT TAX AUTHORITY. THE PROCEDURE ESTABLISHED BY THE BANK OF NEW YORK AND UNICREDITO ITALIANO CONTEMPLATES THAT, ONCE THE ADS HOLDER HAS DELIVERED THE PROPER DOCUMENTATION TO THE BANK OF NEW YORK, THE LATTER WILL MAKE IT AVAILABLE TO UNICREDITO ITALIANO AND CONSEQUENTLY THE ADDITIONAL DIVIDEND AMOUNT WILL BE PAYABLE TO THE ADS HOLDERS.

PLEASE NOTE THAT IN ORDER FOR ADS HOLDERS TO TAKE ADVANTAGE OF THE ACCELERATED TAX REFUND (QUICK REFUND), THE CERTIFICATION BY THE RESPECTIVE TAX AUTHORITY MUST BE DATED BEFORE JULY 3, 2003 (THE DIVIDEND PAYMENT DATE IN EURO) AND THE BANK OF NEW YORK SHOULD RECEIVE THE CERTIFICATION ON OR BEFORE JULY 18, 2003.

The Company recommends to all ADS holders who are interested in taking advantage of such an opportunity to request more detailed information as to the exact procedure to be followed from The Bank of New York (ADR Department, telephone +1-212-815-8365; fax +1-212-571-3050, attn. Vinu Kurian) or directly from the Company's headquarters in Italy (Investor Relations Department, telephone +39.0437.644256; fax +39.0437.63840).

ADS holders are further advised that, once the amounts withheld are paid to the Italian tax authorities, the ADS holders who are entitled to a reduced tax rate may only apply to the Italian tax authorities to receive the reimbursement of the excess tax applied to the dividends received from the Company. Such procedure customarily takes years before the reimbursement is actually made. Therefore, the above-mentioned procedure for direct application of the reduced withholding rate was established by Luxottica Group in the best interest of its shareholders.

Best regards,

LUXOTTICA GROUP S.P.A.

translation adjustments have been recorded as a separate component of accumulated other comprehensive income/(loss). Transactions in foreign currencies are recorded at the exchange rate in effect at the transaction date.

The Company has one subsidiary in a high inflationary country. However, these operations are currently not material to the Company's consolidated financial statements. This entity's operations have been remeasured using the historical exchange rate and the result of the remeasurement has been accounted for in the current year earnings.

Realized exchange gains or losses during the year are recognized in consolidated income in such year.

CASH AND CASH EQUIVALENTS--Luxottica Group considers investments purchased with an original maturity of three months or less to be cash equivalents.

9

RESTRICTED CASH--As of December 31, 2001, Euro 213.5 million (U.S. Dollars 190 million) of cash was pledged as collateral for outstanding current debt (see Note 8.e) and was classified as restricted cash on the consolidated balance sheet. During 2002, the outstanding debt was repaid releasing the restricted cash which was utilized by the Company.

INVENTORIES--Luxottica Group's manufactured inventories, approximately 83.5 percent and 82.5 percent of total inventory for 2001 and 2002, respectively, are stated at the lower of cost, as determined under the weighted-average method (which approximates the first-in, first-out method), or market value. Retail inventory not manufactured by the Company or its subsidiaries are stated at the lower of cost, as determined on a last-in, first-out method ("LIFO"), or market value. The LIFO reserve was not material as of December 31, 2001 and 2002.

PROPERTY, PLANT AND EQUIPMENT--Property, plant and equipment are stated at historical cost. Depreciation is computed principally on the straight-line method over the estimated useful lives of the related assets as follows:

	ESTIMATED USEFUL LIFE
Buildings	19 to 33 years
Machinery and equipment	3 to 10 years
Aircraft	6 years
Other equipment	5 to 8 years
Leasehold improvements	Less of 10 years or the remaining life of the lease

Maintenance and repair expenses are expensed as incurred. Upon the sale or disposition of property and equipment, the cost of the asset and the related accumulated depreciation and leasehold amortization are removed from the accounts and any resulting gain or loss is included in income.

Edgar Filing: LUXOTTICA GROUP SPA - Form 6-K

GOODWILL AND CHANGE IN ACCOUNTING--In July 2001, the Financial Accounting Standards Board ("FASB") issued SFAS No. 141 ("Business combinations"), which requires all business combinations initiated after June 30, 2001 to be accounted for under the purchase method. SFAS No. 141 also sets forth guidelines for applying the purchase method of accounting in the determination of intangible assets, including goodwill acquired in a business combination, and expands financial disclosures concerning business combinations consummated after June 30, 2001. The application of SFAS No. 141 did not affect any previously reported amounts included in goodwill.

Effective January 1, 2002, Luxottica Group adopted SFAS No. 142 ("Goodwill and other intangible assets"), which established new accounting and reporting requirements for goodwill and other intangible assets. SFAS No. 142 requires that goodwill amortization be discontinued and replaced with periodic tests of impairment.

The Company's goodwill was tested for impairment during the first half of 2002, as well as in connection with the announcement of the termination of the license agreement for the production and distribution of the Giorgio Armani and Emporio Armani collections incurred in November 2002, as required by the transitional provisions of SFAS No.142. The result of this process was the determination that the carrying value of the Company was not impaired when compared to the carrying value of goodwill and as such, Luxottica Group has not recorded an asset impairment charge for the adoption.

Actual results of operations for the year ended December 31, 2002 and pro-forma results of operations for the year ended December 31, 2001 and 2000 had the Company applied the

non-amortization provisions of SFAS No. 142 in those periods follows (thousands of Euro, except per share amounts):

TRADE NAMES--In connection with various acquisitions, Luxottica Group has recorded as intangible assets certain trade names under the names of "LensCrafters", "Ray-Ban" and "Sunglass Hut International". Trade names, which the Company has determined have a finite life, continue to be amortized on a straight-line basis over periods ranging from 20 to 25 years (see Note 6) and are subject to testing for impairment in accordance with SFAS No. 144 ("Accounting for the impairment or disposal of long-lived assets"). Amortization for the years ended December 31, 2000, 2001 and 2002 is Euro 23.6 million, Euro 23.8 million and Euro 36.1 million, respectively.

IMPAIRMENT OF ASSETS--Luxottica Group's long-lived assets, other than

Edgar Filing: LUXOTTICA GROUP SPA - Form 6-K

goodwill, are tested for impairment whenever events or changes in circumstances indicate that the net carrying amount may not be recoverable. When such events occur, the Company measures impairment by comparing the carrying value of the long-lived asset to the estimated undiscounted future cash flows expected to result from the use of the assets and their eventual disposition. If the sum of the expected undiscounted future cash flows were less than the carrying amount of the assets, the Company would recognize an impairment loss. The impairment loss, if determined to be necessary, would be measured as the amount by which the carrying amount of the asset exceeds the fair value of the asset in accordance with SFAS No. 144. The Company determined that, as of December 31, 2001 and 2002, there had been no impairment in the carrying value of its long-lived assets.

ACCRUAL FOR CUSTOMERS' RIGHT OF RETURN--Luxottica Group records an accrual for estimated returns of merchandise in connection with their conditions of sale. Such amount is included in the caption "Accrued expenses--customers' right of return".

STORE OPENING AND CLOSING COSTS--Store opening costs are charged to operations as incurred in accordance with Statement of Position 98-5 ("Accounting for the cost of start-up activities"). The costs associated with closing stores or facilities are accrued when the decision is made to close the location.

INCOME TAXES--Income taxes are recorded in accordance with SFAS No. 109 ("Accounting for income taxes"), which requires recognition of deferred tax assets and liabilities for the expected future tax consequences of events that have been included in the Company's consolidated financial statements or tax returns. Under this method, deferred tax liabilities and assets are determined based on the difference between the consolidated financial statement and tax basis of assets and liabilities using enacted tax rates in effect for the year in which the differences are expected to reverse.

LIABILITY FOR TERMINATION INDEMNITIES--Termination indemnities represent amounts accrued for employees in Australia, Austria, Greece, Israel, Italy and Japan, determined in accordance with labor laws and agreements in each respective country (see Note 9).

REVENUE RECOGNITION--Revenues from sales of products are recognized at the time of shipment to or receipt by the customer. In connection with the conditions of sale in certain countries, certain subsidiaries of the Company record as a liability an amount based on an estimate of anticipated returns

11

of merchandise by customers in subsequent periods. Such amount is included in the consolidated balance sheet under the caption "Accrued expenses--customers' right of return". Revenues from retail sales, including Internet and catalog sales, are recorded upon customer purchase.

PERVASIVENESS OF ESTIMATES--The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

EARNINGS PER SHARE--Luxottica Group calculates the basic and diluted earnings per share in accordance with SFAS No. 128 ("Earnings per share"). Basic earnings per share are based on the weighted average number of shares of common stock outstanding during the period. Diluted earnings per share are based on the weighted average number of shares of common stock and common stock equivalents

Edgar Filing: LUXOTTICA GROUP SPA - Form 6-K

(options and warrants) outstanding during the period, except when the common stock equivalents are anti-dilutive.

FAIR VALUE OF FINANCIAL INSTRUMENTS--Financial instruments consist primarily of investments in cash, marketable securities, trade account receivables, accounts payable, notes payable, long-term debt, restricted cash and derivative financial instruments. Luxottica Group estimates the fair value of financial instruments based on interest rates available to the Company and by comparison to quoted market prices. As of December 31, 2001 and 2002, the fair value of the Company's financial instruments approximated the carrying value except as otherwise disclosed.

SFAS No. 123 ("Accounting for stock-based compensation"), as amended, requires the disclosure of pro-forma net income and earnings per share had Luxottica Group adopted the fair value method as of the beginning of 1998. Under SFAS No. 123, the fair value of stock-based awards to employees is calculated through the use of option pricing models, even though such models were developed to estimate the fair value of freely tradable, fully transferable options without vesting restrictions, which significantly differ from the Company's stock option awards. These models also require subjective assumptions, including future stock price volatility and expected time to exercise, which greatly affect the calculated values. The Company's calculations were made using the Black-Sholes option-pricing model with the following weighted average assumptions:

	2000	2001	2002
Dividend yield	0.97%	0.53%	0.70%
Risk free interest rate	6.10%	5.74%	4.48%
Expected option life (years)	5	5	5
Expected volatility	44.50%	53.58%	47.04%
Weighted average fair value (Euro)	6.44	8.00	7.37

Luxottica Group's calculations are based on a multiple option valuation approach and forfeitures are recognized as they occur.

12

If compensation cost for the Company's outstanding and vested stock options had been determined consistent with SFAS No. 123, Luxottica Group's net income and earnings per share would have been the pro-forma amounts indicated below:

	YEAR ENDED DECEMBER 31, 2000	YEAR ENDED DECEMBER 31, 2001	YEAR ENDED DECEMBER 31, 2002

DERIVATIVE FINANCIAL INSTRUMENTS--Effective January 1, 2001, Luxottica Group adopted SFAS No. 133 ("Accounting for derivative instruments and hedging activities"). SFAS No. 133, as amended and interpreted, establishes accounting and reporting standards for derivative instruments, including certain derivative instruments embedded in other contracts, and for hedging activities.

SFAS No. 133 requires that all derivatives, whether designed in hedging relationship or not, be recorded on the balance sheet at fair value regardless of the purpose or intent for holding them. If a derivative is designated as a fair-value hedge, changes in the fair value of the derivative and the related change in the hedge item are recognized in operations. If a derivative is designated as cash-flow hedge, changes in the fair value of the derivative are recorded in other comprehensive income ("OCI") in the consolidated statement of stockholders' equity and are recognized in the consolidated statements of income when the hedged item-effects operations. For a derivative that does not qualify as a cash flow hedge, changes in fair value are recognized in operations.

Luxottica Group uses derivative financial instruments, principally interest rate and currency swap agreements as part of its risk management policy to reduce its exposure to market risks from changes in interest and foreign exchange rates. Although it has not done in the past, the Company may enter into other derivative financial instruments when it assesses that the risk can be hedged effectively.

On January 1, 2001 as part of the transition adjustment related to the adoption of SFAS No. 133, the Company adjusted the debt associated with the currency swap agreement to fair value and recorded a reduction to OCI of approximately Euro 7.8 million (U.S. Dollars 7 million) as a cumulative transition adjustment for its derivative as a cash flow type hedge upon adoption SFAS No. 133.

RECENT ACCOUNTING PRONOUNCEMENTS--In August 2001, the FASB issued SFAS No. 143 ("Accounting for asset retirement obligations"). The standard requires entities to record the fair value of a liability for an asset retirement obligation in the period in which it is incurred. The standard is effective for fiscal years beginning after June 15, 2002. The adoption of SFAS No. 143 is not expected to have a material impact on the Company's consolidated financial position or results of operations.

In July 2002, the FASB issued SFAS No. 146 ("Accounting for costs associated with exit or disposal activities"). SFAS No. 146 requires companies to recognize the costs associated with exit or disposal activities when they are incurred. Currently, these types of costs are recognized at the time management commits the Company to the exit/disposal plan in accordance with Emerging Issues Task force ("EITF") issue No. 94-3 ("Liability recognition for certain employee termination benefits and other costs to exit an activity (Including certain costs incurred in restructuring)"). SFAS No. 146 is effective for exit or disposal activities initiated subsequent to December 31, 2002. Luxottica Group expects that adoption of this statement will not have material impact on the Company's consolidated financial statements.

13

In November 2002, the FASB issued Interpretation No. 45 ("FIN 45") ("Guarantor's accounting and disclosure requirements for guarantees, including indirect guarantees of indebtedness of other"), which requires that a guarantor recognize, at the inception of a guarantee, a liability for the fair value of the obligation undertaken in issuing the guarantee. FIN 45 also elaborates on the disclosures to be made by a guarantor in its financial statements about its obligation under certain guarantees it has issued. The initial recognition and

Edgar Filing: LUXOTTICA GROUP SPA - Form 6-K

measurement provisions of this Interpretation are applicable on a prospective basis to guarantees issued or modified after December 31, 2002 and the disclosure requirements are effective for financial statements ending after December 15, 2002. Luxottica Group does not expect the adoption of this Interpretation to have a material impact on the Company's consolidated financial statements.

In December 2002, the FASB issued SFAS No. 148 ("Accounting for stock-based compensation-transition and disclosure"), an amendment of FASB Statement No. 123. SFAS No. 148 amends SFAS No. 123 ("Accounting for stock-based compensation"), to provide alternative methods of transition for an entity that voluntarily changes to the fair value based method of accounting for stock-based employee compensation. In addition, SFAS No. 148 amends the disclosure requirements of SFAS No. 123 to require prominent disclosures in annual financial statements about the method of accounting for stock-based employee compensation and the effect of the method used on reported results. Finally, this Statement amends APB Opinion No. 28 ("Interim financial reporting") to require disclosure about those effects in interim financial information. SFAS No. 148 is effective for fiscal years ending after December 15, 2002. The interim disclosure provisions are effective for financial reports containing financial statements for interim periods beginning after December 15, 2002. Since the Company is continuing to account for stock-based compensation according to APB No. 25, adoption of SFAS No. 148 requires the Company to provide prominent disclosures about the effects of SFAS No. 123 on reported income and will require disclosure of these effects in interim financial statements as well. Luxottica Group does not expect the adoption of SFAS No. 148 to have a material effect on its consolidated financial position, results of operations, or cash flows.

In January 2003, the FASB issued Interpretation No. 46 ("FIN 46") ("Consolidation of variable interest entities"), which requires the consolidation of variable interest entities, as defined. FIN 46 requires existing unconsolidated variable interest entities to be consolidated by their primary beneficiaries if the entities do not effectively disperse risks among parties involved. FIN 46 applies to variable interest entities created after January 31, 2003, and to the variable interest entities in which an enterprise obtains an interest after that date. The Interpretation applies in the first fiscal year or interim period beginning after June 15, 2003, to variable interest entities in which the enterprise holds a variable interest that it acquired before February 1, 2003. The Company is evaluating the impact of this Interpretation on its consolidated financial statements.

INFORMATION EXPRESSED IN U.S. DOLLARS--The consolidated financial statements are stated in Euro, the currency of the country in which the Company is incorporated and operates. The translation of Euro amounts into U.S. Dollar amounts is included solely for the convenience of international readers and has been made at the rate of Euro 1 to U.S. Dollar 1.0485. Such rate was determined by the noon buying rate of the Euro to U.S. Dollars as certified for custom purposes by the Federal Reserve Bank of New York as of December 31, 2002. Such translations should not be construed as representations that Euro amounts could be converted into U.S. Dollars at that or any other rate.

14

RECLASSIFICATIONS AND EURO CONVERSION--Starting January 1, 2002, certain costs and expenses of the optical retailing division included in the statement of consolidated income have been reclassified. Therefore the presentation of certain prior years information has been reclassified to conform to the current year presentation.

As part of the European Economic and Monetary Union ("EMU"), a single currency, the Euro, replaced the national currencies of most of the European

Edgar Filing: LUXOTTICA GROUP SPA - Form 6-K

countries in which the Company conducts business. As a result, all information contained in the consolidated financial statements relating to the period 2000 have been converted at the fixed exchange rate of Euro 1 to Italian Lire 1936.27.

2. RELATED PARTY TRANSACTIONS

DUE FROM RELATED PARTY--In December 2000, Luxottica Group became a listed public company also on the Italian Stock Exchange. Expenses incurred in the listing process were to be recovered from the majority shareholder of the Company (La Leonardo Finanziaria S.r.l.). As of December 31, 2001, an amount of Euro 1.4 million was included in account receivables. This amount was repaid in full in 2002.

FIXED ASSETS--In January 2002, a subsidiary of Luxottica Group acquired for Euro 28.5 million certain assets and a loan from "Partimmo S.a.S.", a company owned by the Company's Chairman. The assets acquired were a building, including all improvements for a total cost of Euro 42.0 million. The Company's headquarter is located in this building. The loan acquired had an outstanding balance of Euro 20.6 million on such date. In connection with the acquisition of this building the Company's subsidiary entered into an agreement with the Chairman who leases for Euro 0.5 million annually a portion of this building. The expiration date of this lease is 2010.

INVESTMENT--On December 31, 2001, a U.S. subsidiary held on 1,205,000 of the Company's ordinary shares, which had been previously purchased at a cost of U.S. Dollars 3.1 million (Euro 2.3 million at historical exchange rate). finalized the assumed value of all liabilities and in connection therewith increased goodwill by approximately Euro 150 million. The excess of purchase price over net assets acquired ("goodwill") has been recorded in the accompanying consolidated balance sheet and, prior to 2002, was amortized over a 20 year life.

In accordance with the terms of the Purchase Agreement, the purchase price was subject to a post-closing adjustment based upon the amount of the Closing Net Operating Assets, as defined by the Purchase Agreement.

In 2001, as a result of the business combination between two wholly-owned subsidiaries, deferred tax assets previously deemed less likely than not to be realized were thereafter considered realizable in the amount of Euro 66.5 million. As a result of this reversal of the valuation allowance, goodwill was been reduced by an equal amount.

On January 22, 2002, Luxottica Group resolved its dispute with Bausch & Lomb Incorporated relating to the purchase agreement of assets and liabilities acquired. The result of this settlement was a purchase price reduction of U.S. Dollars 42 million to Luxottica Group. As a result of this agreement, goodwill and due to Bausch & Lomb Incorporated previously recorded was reduced and a net receivable of U.S. Dollars 23 million for the balance due by Bausch & Lomb Incorporated was included in the Company's 2001 consolidated financial statements. The net receivable was subsequently realized. As a consequence of the settlement agreement, goodwill was further reduced for an amount of Euro 36.2 million in 2001.

b) Sunglass Hut International, Inc.

On February 20, 2001, Luxottica Group formed an indirect wholly-owned U.S. subsidiary, Shade Acquisition Corp., for the purpose of making a tender offer for all the outstanding common stock of Sunglass Hut International, Inc. ("SGHI"), a publicly traded company on the NASDAQ National Market. The tender offer commenced on March 5, 2001 and was completed on March 30, 2001. On April 4, 2001, Shade Acquisition Corp. was merged with and into SGHI and SGHI became an indirect wholly-owned subsidiary of the Company. As such, the results of SGHI have been consolidated into the Company's consolidated financial statements as of the acquisition date. The acquisition was accounted by using the purchase method, and accordingly, the purchase price of Euro 558 million (including approximately Euro 33.9 million of acquisition-related expenses) was allocated to the assets acquired and liabilities assumed based on their fair value at the date of the acquisition. This included an independent valuation of the value of intangibles, including trade names. As a result of the final independent valuation, which was completed in March 2002, the aggregate balance of goodwill and other intangibles previously recorded as of December 31, 2001 increased by approximately Euro 147 million. The excess of purchase price over net assets acquired has been recorded in the accompanying consolidated balance sheets.

Tax years for Italian companies are open from 1997 and subject to review pursuant to Italian Law. Certain Luxottica Group companies have been subject to tax reviews for previous years. Management believes no significant unaccrued liabilities will arise from the related tax reviews.

As of December 31, 2002, the taxes that would be due on the distribution of retained earnings, including net earnings of the year, of subsidiaries for the year 2002 and prior to the related parent company would approximate Euro 121.5 million. Luxottica Group has not provided an accrual for taxes on such distributions, nor has it provided an accrual for taxes on its investments in such subsidiaries as the likelihood of distribution is remote and such earnings and investments are deemed to be permanently reinvested. In connection with the 2002 earnings of certain subsidiaries, the Company has provided for an accrual for Italian income taxes related to declared dividends of earnings.

As of December 31, 2001 and 2002, the Company has recorded an aggregate valuation allowance of Euro 149.3 million and Euro 76.3 million, respectively, against deferred tax assets recorded in connection with net operating losses.

Management will continue to evaluate the likelihood of such deferred tax assets and will reverse such valuation allowance when realization of deferred tax assets become more likely than not.

9. EMPLOYEE BENEFITS

LIABILITY FOR TERMINATION INDEMNITIES--The liability for termination indemnities represents amounts accrued for employees in Australia, Austria, Greece, Israel, Italy and Japan, determined in accordance with labor laws and labor agreements in each respective country. Each year, Luxottica Group adjusts its accrual based upon headcount, changes in compensation level and inflation. This liability is not funded. Therefore, the accrued liability represents the amount that would be paid if all employees were to resign or be terminated as of the balance sheet date. This treatment is in accordance with SFAS No. 112 ("Employers' accounting for post employment benefits"), which requires employers to expense the costs of benefit paid before retirement (i.e. severance) over the service lives of employees. The charge to earnings during the years ended December 31, 2000, 2001 and 2002 aggregated Euro 8.5 million, Euro 7.8 million and Euro 5.7 million, respectively.

SUPPLEMENTAL RETIREMENT PLAN--A U.S. subsidiary of Luxottica Group maintains an unfunded supplemental retirement plan for participants of its Pension Plan to provide benefits in excess of amounts permitted under the provisions of prevailing tax law. The pension liability associated with this plan is accrued using the same actuarial methods and assumptions as those used for the subsidiary's Pension Plan noted above, and such amounts are not material to the consolidated financial statements.

HEALTH BENEFIT PLANS--A U.S. subsidiary of the Company partially subsidizes health care benefits for eligible retirees. Included in other non-current liabilities on December 31, 2001 and 2002 is approximately Euro 1.7 million and Euro 1.6 million of accrued benefits, respectively.

OTHER BENEFITS--A U.S. subsidiary of Luxottica Group provides certain post-employment medical and life insurance benefits. The Company's accrued liability related to this obligation as of December 31, 2001 and 2002 was Euro 1.4 million and Euro 1.3 million, respectively.

SAVING PLAN--Luxottica Group also sponsors a tax incentive savings plan covering all employees. U.S. Holding makes quarterly contributions in cash to the plan based on a percentage of employees' contributions. Additionally, the Company may make an annual discretionary contribution to the plan, which may be made in the Company's American Depositary Receipts (ADRs) or cash. Aggregate contributions made to the tax incentive savings plan by the Company for the years ended December 31, 2001 and 2002 were Euro 9.1 million and Euro 6.4 million, respectively.

10. STOCK OPTION AND INCENTIVE PLANS

STOCK OPTION PLAN--Beginning in April 1998, certain officers and other key

Edgar Filing: LUXOTTICA GROUP SPA - Form 6-K

employees of the Company and its subsidiaries were granted stock options of Luxottica Group under the Company's stock option plan. The stock options were granted at a price equal to the market value of the shares at the date of grant. These options become exercisable in three equal annual installments from the date of grant and expire on or before January 31, 2011.

As Luxottica Group has elected to apply Accounting Principles Board Opinion No. 25, ("Accounting for stock issued to employees"), no compensation expense was recognized because the option exercise price was equal to the fair market value on the date of grant.

The following table summarizes information about stock options outstanding as of December 31, 2002 as analyzed for the stock split (see note 11):

(4) Certain options were granted in U.S. Dollars and have been converted for the footnote as of December 31, 2002 conversion rate of the Euro to the U.S. Dollar of 1 to 1.0485.

Included as an addition to the Luxottica Group's paid-in-capital account in fiscal 2001 and 2002 is Euro 3.1 million and Euro 3.9 million, respectively of tax benefits the Company received from employees exercising these stock options.

STOCK INCENTIVE PLAN

Luxottica Group granted stock options to certain employees under an incentive plan. These options vest and became exercisable only if certain financial performance measures are met over a three year period ending December 2004. As of December 31, 2002, there are 970,000 shares outstanding at an exercise price of Euro 15.32 (U.S. Dollars 16.06) per share. Compensation expense will be recognized for the options issued under the incentive plan based on the market value of the underlying ordinary shares when the number of shares to be issued is known.

11. SHAREHOLDERS' EQUITY

In June 2001 and 2002, at the Company's Annual Shareholders' Meetings, cash dividends of Euro 63.3 million and Euro 77.2 million, respectively, were approved. These amounts became payable in July 2001 and 2002, respectively. Italian law requires that 5 percent of net income be retained, as a legal

26

reserve until this reserve is equal to one-fifth of the issued share capital. As such, this legal reserve is not available for dividends to the shareholders. Legal reserves of the Italian entities included in retained earnings as of December 31, 2001 and 2002 aggregated Euro 7.5 million and Euro 6.4 million, respectively. In addition, there is an amount of Euro 2.3 million, which represents other legal reserves of foreign entities that is not available for dividends to the shareholders.

On May 3, 2000, the Shareholders' Meeting approved a two-for-one stock split of the Company's common stock. All prior years presented have been restated to reflect the stock split, as if they occurred on the first day of earliest period presented.

On June 26, 2001, as consequence of Euro conversion, an amount of Euro 3.8 million was recognized as free capital stock increase.

In accordance with SFAS No. 87, Luxottica Group has recorded a minimum pension liability for underfunded plan of Euro 41.6 million as of December 31, 2002, representing the excess of unfunded accumulated benefit obligations over previously recorded pension cost liabilities. A corresponding amount is recognized as an intangible asset except to the extent that these additional liabilities exceed related unrecognized prior service cost and net obligation, in which case the increase in liabilities is charged directly to shareholders' equity. The principal cause of the deterioration of the funded status in the pension liability was caused by negative returns from investments held in the worldwide equity market. As of December 31, 2002, Euro 26.5 million of the excess minimum liability, net of income taxes, resulted in a charge to equity.

A U.S. subsidiary held as of December 31, 2001, 1,205,000 of Luxottica Group's ordinary shares, which had been previously purchased at a cost of U.S. Dollars 3.1 million (Euro 2.9 million at December 31, 2002 noon buying rate).

Edgar Filing: LUXOTTICA GROUP SPA - Form 6-K

These shares were sold during 2002 at an after-tax net profit of U.S. Dollars 8.8 million (Euro 9.3 million) and were recorded as an increase to the Company's additional paid-in capital balance. See also note 2.

In September 2002 the Board of Directors authorized a wholly owned U.S. subsidiary to repurchase through the open market up to 11,500,000 Luxottica Group's ADRs, representing 2.5 percent of the authorized and issue share capital, during a 18-month period starting in September 2002. The actual amount and timing of the ADR purchases will depend on market conditions and other factors. Through December 31, 2002, the U.S. subsidiary has purchased 1,911,700 ADRs at an aggregate purchase price of Euro 24.5 million (U.S. Dollars 24.8 million). In connection with the repurchase, an amount of Euro 24.5 million has been accounted as treasury shares in the Company's consolidated financial statements. The market value of the stock as of December 31, 2002 is approximately Euro 24.6 million (U.S. Dollars 26.0 million).

12. SEGMENTS AND RELATED INFORMATION

Luxottica Group adopted SFAS No. 131, ("Disclosures About Segments of an Enterprise and Related Information"), in 1998. The Company operates in two industry segments: manufacturing and wholesale distribution, and retail distribution. Through its manufacturing and wholesale distribution operations, Luxottica Group is engaged in the design, manufacturing, wholesale distribution and marketing of house brand and designer lines of mid- to premium-priced prescription frames and sunglasses. The Company operates in the retail segment through its Optical Retail Division, consisting of LensCrafters, Inc. and, since April 2001, Sunglass Hut International. As of December 31, 2002, LensCrafters operated 882 stores throughout the United States of America, Canada and Puerto Rico and Sunglass Hut operated 1,914 stores located internationally in North America, Europe and Australia.

The following tables summarize the segmental and geographic information deemed essential by the Company's management for the purpose of evaluating the Company's performance and for making decisions about future allocations of resources.

The "Inter-segments transactions and corporate adjustments" column includes the elimination of inter-segment activities and corporate related expenses not allocated to reportable segments. This has

27

the effect of increasing reportable operating profit for the manufacturing and wholesale and retail segments. Identifiable assets are those tangible and intangible assets used in operations in each segment. Corporate identifiable assets are principally cash, goodwill and trade names.

13. FINANCIAL INSTRUMENTS

FOREIGN EXCHANGE RISK MANAGEMENT

Luxottica Group may enter into foreign currency futures contracts on a continuing basis for periods consistent with its managed foreign currency exposures. The Company in certain circumstances does this to minimize the impact of foreign exchange rate movements on the Company's operating results.

As of December 31, 2001, Luxottica Group had one outstanding contract to

Edgar Filing: LUXOTTICA GROUP SPA - Form 6-K

sell U.S. Dollars 107 million on January 31, 2002. This contract was denoted as a fair value hedge of the receivable balance from a U.S. subsidiary.

CONCENTRATION OF CREDIT RISK

Concentrations of credit risk with respect to trade accounts receivable are limited due to the large number of customers comprising the Company's customer base. Ongoing credit evaluations of customer's financial condition are performed.

CONCENTRATION OF SUPPLIER RISK

As result of the Sunglass Hut International acquisition, Oakley Inc. has become the Luxottica Group's largest supplier. For the 2001 and 2002 fiscal years, Oakley accounted for approximately 9.1 percent and 11.8 percent of the Company's total merchandise purchases, respectively. In December 2001 Luxottica Group signed a three years purchase contract with Oakley. Management believes that the loss of this vendor would not cause a significant impact on the future operations of the Company as it could replace this vendor quickly with other third party and Luxottica Group manufactured products.

14. COMMITMENTS AND CONTINGENCIES

ROYALTY AGREEMENTS

Luxottica Group is obligated under non-cancelable distribution agreements with designers, which expire at various dates through 2006. In accordance with the provisions of such agreements, the Company is required to pay royalties and advertising fees based on a percentage of sales (as defined) with, in certain agreements, minimum guaranties of such payments in each year of the agreements. In November 2002, Luxottica Group announced that its license agreement for the production and distribution of the Giorgio Armani and Emporio Armani eyewear collections will terminate in the first half of 2003.

Minimum payments required in each of the years subsequent to December 31, 2002 are detailed as follows (thousands of Euro):

YEARS ENDING DECEMBER 31,	
2003	18,441
2004	15,303
2005	2,305
2006	2,305
2007	--
TOTAL	38,354

LEASES AND LICENSES

Luxottica Group leases through its worldwide subsidiaries various retail store, plant, warehouse and office facilities, as well as certain of its data processing and automotive equipment under lease arrangements expiring between 2002 and 2015, with options to renew at varying terms. The lease and license arrangements for the Company's U.S. retail locations often include escalation clauses and provisions requiring the payment of incremental rentals, in addition to any established minimums contingent upon the achievement of specified levels of sales volume.

Future minimum annual rental commitments are as follows (thousands of Euro):

YEARS ENDING DECEMBER 31,	
2003	145,986
2004	132,461
2005	121,739
2006	102,120
2007	75,267
Thereafter	118,907
TOTAL	696,480

Total rent expense for the years ended December 31, 2000, 2001 and 2002 aggregated Euro 101.1 million, Euro 203.7 million and Euro 276.5 million, respectively.

CREDIT FACILITIES

As of December 31, 2001 and 2002 Luxottica Group had unused short-term lines of credit of approximately Euro 395.3 million and Euro 308.1 million, respectively.

These lines of credit are renewed annually and are guaranteed by the Company. At December 31, 2002, there was principal amount of borrowings out-standing and Euro 8.8 million in aggregate face amount of standby letters of credit outstanding under these lines of credit (see below).

OUTSTANDING STAND BY LETTERS OF CREDIT

A U.S. subsidiary has obtained various standby letters of credit from banks that aggregate Euro 9.8 million as of December 31, 2002. Most of these letters of credit are used for security in risk management contracts or as security on store leases. Most contain evergreen clauses under which the letter is automatically renewed unless the bank is notified not to renew.

LITIGATION

Luxottica Group and certain of its subsidiaries are named as defendants in an action pending in the U.S. District Court for the Central District of California for patent infringement and related claims originally commenced by Oakley, Inc. ("Oakley") in 1998 against Bausch & Lomb Incorporated and certain of its subsidiaries. The alleged liability of the defendants in this action is premised on the fact that, in connection with the Company's acquisition of the Ray-Ban business in 1999, Luxottica Group assumed certain of Bausch & Lomb's liabilities, including the potential liability in this case. Oakley is seeking lost profits and damages for the alleged patent infringement and has asked that the damages be trebled for willful infringement. Various amendments of the complaint have been filed and the defendants have filed an answer to the complaint and certain counterclaims against Oakley. A tentative trial date of March 16, 2004 has been set. Luxottica Group intends to defend against Oakley's claims and assert its own claims vigorously and believes that such defenses and claims are meritorious, but can provide no assurance as to the likely outcome of the case.

Edgar Filing: LUXOTTICA GROUP SPA - Form 6-K

In November 2001, Oakley filed a second action in the same Court naming Luxottica Group and certain of its subsidiaries as defendants. The complaint alleges that the defendants purportedly misappropriated what Oakley claims as certain of its trade dress, allegedly consisting of sunglasses that feature coordinated colored lenses, frames and ear stems. The complaint also asserts that two colors of lens coatings used in manufacturing by the Company and sold by its subsidiaries infringe on an Oakley patent that is also involved in the first action. Oakley seeks a permanent injunction and compensatory and punitive damages. In November 2001, the Court granted a preliminary injunction that prohibits the defendants from offering, selling and importing sunglasses featuring the lenses having the coating. In December 2001, the defendants filed an answer and counterclaims, denying the allegations in Oakley's complaint in all material respects. Defendants' counterclaims assert that Oakley's patent and claimed trade dress should both be declared to be invalid and unenforceable. A tentative trial date of April 27,

30

2004 has been set. The Company also intends to defend against Oakley's claims and assert its own claims vigorously in this second action and believes that such defenses and claims are meritorious, but can provide no assurance as to the likely outcome of the case.

In November 1999, Lantis Eyewear, Inc. ("Lantis"), a former distributor of Baush & Lomb, filed a complaint against Luxottica Group and one of its subsidiaries claiming that, in terminating its distribution agreement with Lantis, the Company allegedly breached the agreement. In October 2000, the Court granted a motion by Luxottica Group to dismiss certain other claims made by Lantis, leaving only the breach of contract claim. The Company in November 2000 filed its answer and counterclaim against Lantis. In December 2002, the parties entered into a mutual release and settlement agreement and the case was dismissed with prejudice. This settlement did not have a material impact on the Company's 2002 consolidated financial statements.

In May 2001, certain former stockholders of Sunglass Hut International, Inc. commenced an action in the U.S. District Court for the Eastern District of New York against the Company, its acquisition subsidiary formed to acquire Sunglass Hut International and certain other defendants, on behalf of a purported class of former Sunglass Hut International stockholders, alleging in the original and in the amended complaint filed later, among other claims, that the defendants violated certain provisions of U.S. securities, laws and rules there under in connection with the acquisition of Sunglass Hut International in a tender offer and second-step merger, by reason of entering into a consulting, non-disclosure and non-competition agreement, prior to the commencement of the tender offer, with the former chairman of Sunglass Hut International, which purportedly involved paying consideration to such person for his Sunglass Hut International shares and his support of the tender offer that was higher than that paid to Sunglass Hut International's stockholders in the tender offer. Luxottica Group and the other defendants have filed a motion to dismiss the complaint in its entirety, and such motion is pending. The Company intends to defend against such claims vigorously and believes that its defenses are meritorious, but can provide no assurance as to the likely outcome of the case.

In late 2002 Luxottica Group was informed that the Attorney General of the State of New York is conducting an investigation into the Company's pricing and distribution practices relating to sunglasses under applicable state and federal antitrust laws. Luxottica Group intends to fully cooperate with this investigation by providing documents and other information to the New York Attorney General. Although the Company believes it has not violated any applicable antitrust laws, it is unable at this time to predict the outcome or timing of this investigation.

Edgar Filing: LUXOTTICA GROUP SPA - Form 6-K

Luxottica Group and its subsidiaries are defendants in various lawsuits arising in the ordinary course of business. It is the opinion of management of the Company that it has meritorious defenses against all outstanding claims, which Luxottica Group will vigorously pursue, and that the outcome will not have a material adverse effect on either the Company's consolidated financial position or results of operations.

15. SUBSEQUENT EVENTS

In January 2003, Luxottica Group announced the signing of a worldwide license agreement for the design, production and distribution of Versace, Versus and Versace Sport sunglasses and prescription frames. The initial ten-year agreement is renewable, at the Company's discretion for an additional ten years.
