CONDENSED NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. CONSOLIDATED FINANCIAL STATEMENTS

The accompanying consolidated balance sheet as of June 30, 2004 and the related statements of consolidated income and cash flows for the six months ended June 30, 2003 and 2004 and the statement of consolidated shareholders' equity for the six months ended June 30, 2004 have been prepared by Luxottica Group S.p.A. (the "Company") in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). The consolidated balance sheet at June 30, 2004, the statement of consolidated income and cash flows for the six months ended June 30, 2003 and 2004, and the statement of consolidated shareholders' equity for the six months ended June 30, 2004, are derived from unaudited financial statements. In the opinion of Management, all adjustments (which include only normal recurring adjustments) necessary to fairly present the financial position, results of operations and cash flows as of and for the six months ended June 30, 2003 and 2004 have been made.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with U.S. GAAP have been omitted. The consolidated financial statements as of and for the six months ended June 30, 2004 should be read in conjunction with the Company's audited financial statements for the year ended December 31, 2003. The results of operations for the six months ended June 30, 2004 are not necessarily indicative of the operating results for the full year.

2. ACQUISITION OF OPSM

On June 16, 2003, our wholly-owned subsidiary, Luxottica South Pacific Pty Limited, commenced a cash offer to acquire all of the outstanding shares, performance rights and options of OPSM Group Ltd ("OPSM"), the largest eyewear retailer in Australia. On September 2, 2003, the cash offer was successfully completed and closed. At the close of the offer, Luxottica South Pacific Pty Limited acquired 82.57 percent of OPSM's ordinary shares, and more than 90 percent of OPSM's options and performance rights, which entitled the Company to require the cancellation of all the options and performance rights still outstanding. As a result of Luxottica South Pacific Pty Limited acquiring the majority of OPSM's shares on August 8, 2003, OPSM's financial position and results of operations are reported in our consolidated financial statements since August 1, 2003.

Under U.S. GAAP the purchase price was allocated to the assets acquired and liabilities assumed based on their fair value at the date of the acquisition.

Edgar Filing: LUXOTTICA GROUP SPA - Form 6-K

4. EARNINGS PER SHARE

Earnings per share are computed by dividing net income by the number of weighted average shares outstanding during the period. Basic earnings per share are based on the weighted average number of ordinary shares outstanding during the period. Diluted earnings per share are based on the weighted average number of ordinary shares and ordinary share equivalents (options) outstanding during the period.

5. STOCK OPTION AND INCENTIVE PLANS

Options to purchase an aggregate of 12,989,600 ordinary shares of the Company were outstanding at June 30, 2004. Outstanding options granted under the Company's Stock Option Plans (12,019,600 ordinary shares) become exercisable in three equal annual installments and expire on or before January 31, 2013. During the first six months of 2004, 113,400 options were exercised. Options granted under the Company's Incentive Plans (970,000 ordinary shares) vest and become exercisable only if certain financial performance measures are met over the three year period ending December 2004. As the Company has elected to apply Accounting Principle Board Opinion No. 25, "Accounting for Stock Issued to Employees", no compensation expense was recognized for shares issued under the Stock Option Plans because each option's exercise price was equal to the fair market value of the underlying stock on each date of grant. Compensation expense will be recognized for the options issued under the Company's Incentive Plans based on the market value of the underlying ordinary shares when the number of shares to be issued is known.

6. CONVERSION OF FINANCIAL STATEMENTS INTO U.S. DOLLARS

The consolidated financial statements presented in Euro as of and for the six months ended June 30, 2004, are also translated into U.S. Dollars, solely for the convenience of the readers of these financial statements, at the noon buying rate of Euro 1.00 = U.S. \$1.2179, as certified for customs purposes by the Federal Reserve Bank of New York (the "Noon Buying Rate") at June 30, 2004. Such translations should not be construed as representations that Euro amounts could be converted into U.S. Dollars at that or any other rate.

7. INCOME TAXES

The Company's 2003 and 2004 effective tax rates are less than the statutory tax rate due to permanent differences between the Company's income for financial reporting and tax purposes which reflect the net loss carryforward caused by the prior funding of subsidiary losses through capital contributions that are deductible for income tax purposes under Italian law, and the reduction in certain investments in subsidiaries. Such subsidiary losses were primarily attributable to the amortization of certain intangible assets associated with the Company's acquisitions.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS FOR THE SIX MONTHS AND THREE MONTHS ENDED JUNE 30, 2003 AND 2004

The following discussion should be read in conjunction with the disclosure contained in the Company's Annual Report on Form 20-F for the year ended December 31, 2003, which contains, among other things, a discussion of the Company's significant accounting policies and risks and uncertainties that could affect the Company's future operating results or financial condition.

OVERVIEW

The Company operates in two industry segments: manufacturing and wholesale distribution, and retail distribution. Through its manufacturing and wholesale distribution operations, the Company is engaged in the design, manufacture, wholesale distribution and marketing of house brand and designer lines of mid- to premium- priced prescription frames and sunglasses. The Company operates in the retail segment through its Retail Division, consisting of LensCrafters, Inc. and other affiliated companies ("LensCrafters"), Sunglass Hut International, Inc. and its subsidiaries ("Sunglass Hut") and, since August 2003, OPSM Group Ltd. As of June 30, 2004, LensCrafters operated 880 stores located in the United States, Canada and Puerto Rico, Sunglass Hut operated 1,862 stores located in North America, Europe and Australia, and OPSM operated 595 stores located in Australia, New Zealand, Hong Kong, Singapore and Malaysia.

Our net sales consist of direct sales of finished products that we manufacture to opticians and other independent retailers through our wholesale distribution channel and sales directly to consumers through our Retail Division. Our average retail unit selling price is significantly higher than our average wholesale unit selling price, as our retail sales typically include lenses as well as frames.

Demand for our products, particularly our higher-end designer lines, is largely dependent on the discretionary spending power of the consumers in the markets in which we operate. We have historically experienced sales volume fluctuations by quarter due to seasonality associated with the sale of sunglasses. As a result, net sales are typically higher in the second quarter and lower in the fourth quarter.

The Company's results of operations, which are reported in Euro, are susceptible to currency fluctuations between the Euro and the U.S. Dollar due to its significant U.S. retail business. The U.S. Dollar/Euro exchange rate has fluctuated from an average exchange rate in the six months ended June 30, 2003 of Euro 1.00 = U.S. \$1.1049 to Euro 1.00 = U.S. \$1.2273 in the six months ended June 30, 2004. Additionally, with the acquisition of OPSM, the Company's results of operations have also been rendered susceptible to currency fluctuation between the Euro and the Australian Dollar. Although the Company engages in certain foreign currency hedging activities to mitigate the impact of these fluctuations, currency fluctuations have negatively impacted the Company's reported revenues and expenses during the periods discussed herein. Fluctuations in currency exchange rates could significantly impact the Company's reported financial results in the future.

In September 2003, through the completion of a tender and subsequent merger, Luxottica South Pacific Pty Limited acquired 82.57 percent of OPSM's ordinary shares, and more than 90 percent of OPSM's options and performance rights, which entitled the Company to require the cancellation of all the options and performance rights still outstanding. The aggregate purchase price for the OPSM shares, performance rights and options was A\$ 442.7 million (Euro 253.7 million based on the exchange rate in effect at such time). The acquisition was accounted for under the purchase method and the financial condition and results of operations of OPSM have been included in the Company's consolidated results since August 1, 2003.

On January 26, 2004, the Company and Cole National Corporation ("Cole") jointly announced that they had entered into a definitive merger agreement dated as of January 23, 2004, as amended on June 2, 2004 and on July 14, 2004, with the unanimous approval of the Boards of Directors of both companies. Under the amended agreement, the Company will acquire all of the outstanding shares of Cole for a cash purchase price of U.S. \$27.50 per share, plus an additional amount at the rate of four percent per annum from and after July 22, 2004, the date on which Cole's stockholders approved the merger agreement, through the date of closing of the merger, together with the purchase of all outstanding options and similar equity rights at the same price per share, less their respective exercise prices. On September 24, 2004, the U.S. Federal Trade Commission cleared the merger for closing without imposing any conditions. As a result, the merger is scheduled to close on October 4, 2004, subject only to customary conditions expected to be satisfied on the closing date, and the cash purchase price to be paid on such date will be \$27.72 per share, which includes the stipulated four percent per annum additional interest amount. Cole is a provider of vision care products and services, including managed vision care programs and personalized gifts, with 2,944 retail locations in the U.S., Canada and Carribean.

Non-GAAP Financial Measures

The Company uses certain measures of financial performance that exclude the impact of fluctuations in currency exchange rates in the translation of operating results into Euro, and include the results of operations of OPSM for the six-month period ended June 30, 2003. The Company believes that these adjusted financial measures provide useful information to both management and investors by allowing a comparison of operating performance on a consistent basis. In addition, since the Company has historically reported such adjusted financial measures to the investment community, the Company believes that their inclusion provides consistency in its financial reporting. Further, these adjusted financial measures are one of the primary indicators management uses for planning and forecasting in future periods. Operating measures that assume constant exchange rates between the first six months of 2004 and the first six months of 2003 are calculated using for each currency the average exchange rate for the six-month period ended June 30, 2003.

Operating measures that exclude the impact of fluctuation in currency exchange rates are not measures of performance under accounting principles generally accepted in the United States (U.S. GAAP). These non-GAAP measures are not meant to be considered in isolation or as a substitute for results prepared in accordance with U.S. GAAP. In addition, the Company's method of calculating operating performance excluding the impact of changes in exchange rates may differ from methods used by other companies. See the table below for a reconciliation of the operating measures excluding the impact of fluctuations in currency exchange rates to their most directly comparable U.S. GAAP financial measures. The adjusted financial measures should be used as a supplement to results

The results of operations for the six months ended June 30, 2004 include the results of operations of OPSM. Since the consummation of the OPSM acquisition did not occur until August 2003, the results of operations for the six months ended June 30, 2003 exclude the results of operations of OPSM. Because of this significant change, the Company has included the following table of consolidated adjusted sales and operating income for the six months ended June 30, 2003. The Company believes that the adjusted amounts may be of assistance in comparing the Company's operating performance between the 2003 and 2004 periods. However, adjusted financial information should not be viewed as a substitute for measures of performance calculated in accordance with generally accepted accounting principles. The consolidated adjusted amounts reflect the following adjustments:

- the consolidated results of OPSM for the six month period ended June 30, 2003, prior to the acquisition are included in the adjusted amounts; and
- the elimination of wholesale sales to OPSM from Luxottica Group entities for the six month period ended June 30, 2003.

This information is being provided for comparison purposes only and does not purport to be indicative of the actual results that would have been achieved had the OPSM acquisition been completed as of January 1, 2003.

The following table reflects the Company's consolidated net sales and income from operations for the six-month period year ended June 30, 2003 as reported and as adjusted:

	1H 03 U.S. GAAP results	Adjustment for OPSM	1H 03 adjusted results
		(in millions of Euro)	
Consolidated net sales	1,411.5	140.5	1,552.0
Consolidated income from operations	223.2	7.6	230.8

Net Sales Net sales increased 10.8 percent to Euro 1563.9 million during the first six months of 2004, as compared to Euro 1411.5 million for the same period of 2003. At constant exchange rates between the periods, net sales would have increased by 17.3 percent during the first six months of 2004, as compared to the same period of 2003. This increase was partially due to the consolidation of OPSM's results in the first six months of 2004. The following table summarizes the combined effect on

Edgar Filing: LUXOTTICA GROUP SPA - Form 6-K

consolidated net sales of exchange rates and the OPSM acquisition to allow a comparison of operating performance on a consistent basis:

	Consolidated Net Sales		
	1H 03	1H 04	% change
	(in millions of Euro)		
US GAAP results	1,411.5	1,563.9	+10.8%
Exchange rate effect		91.5	
Constant exchange rate	1,411.5	1,655.4	+17.3%
OPSM results in 2003	140.5		
Consistent basis	1,552.0	1,655.4	+6.7%

The 6.7 percent increase in net sales on a consistent basis in the first six months of 2004 as compared to the same period of 2003 is mainly attributable to the additional sales of Ray-Ban brand, the new Prada and Versace product lines, which sales began after the first quarter of 2003, and the increased sales of our retail division.

During the first six month of 2004, net sales in the retail segment accounted for approximately 66.9 percent of total net sales, as compared to approximately 66.6 percent of total net sales in the same period of 2003.

Net sales in the retail segment, through LensCrafters, Sunglass Hut and OPSM, increased 11.3 percent to Euro 1046.6 million for the first six months of 2004 from Euro 940.0 million for the same period of 2003. This increase was primarily due to the inclusion of the results of OPSM, partially offset by the weakening of the U.S. dollar against the Euro. Using constant exchange rates between the periods, net retail sales during the first six months of 2004 would have increased by 20.0 percent as compared to the same period of 2003. The following table summarizes the combined effect on retail segment net sales of exchange rates and the OPSM acquisition, to allow a comparison of operating performance on a consistent basis:

	Retail Segment Net Sales		
	1H 2003	1H 2004	% change
	(in millions of Euro)		
US GAAP results	940.0	1,046.6	+11.3%
Exchange rate effect		81.4	
Constant exchange rate	940.0	1,128.0	+20.0%
OPSM results in 2003(1)	141.2		
Consistent basis	1,081.2	1,128.0	+4.3%

(1)

This effect differs from the one relevant to consolidated net sales (Euro 140.5 million) because it is gross of inter-segment elimination.

Comparable store sales during the first six months of 2004 increased 4.2 percent as compared to the same period of 2003.

Net sales to third parties in the manufacturing and wholesale segment increased 9.7 percent to Euro 517.3 million for the first six months of 2004 as compared to Euro 471.5 million in the same period of 2003. Assuming constant exchange rates, wholesale sales to third parties for the first six months of 2004 would have increased by 12.0 percent as compared to the same period of 2003. This increase was mainly attributable to the additional sales of our Ray-Ban brand and the new Prada and Versace product lines, which sales began after the first quarter of 2003.

On a geographic basis, operations in the United States and Canada resulted in net sales of Euro 923.8 million during the first six months of 2004, comprising 59.1 percent of total net sales, a decrease of Euro 48.0 million from the same period of 2003. This decrease was substantially due to the weakening of

the U.S. dollar against the Euro (in U.S. dollars, operations in the United States and Canada resulted in an increase of net sales of U.S. \$60.0 million as compared to the same period of 2003). Net sales for the rest of the world accounted for the remaining Euro 640.1 million of net sales during the first six months of 2004, which represented a 45.6 percent increase as compared to the same period of 2003. This increase was mainly due to the inclusion of OPSM sales for the first six month period of 2004.

Cost of Sales Cost of sales increased 11.6 percent to Euro 483.3 million in the first six months of 2004, from Euro 433.1 million in the same period of 2003, and increased as a percentage of net sales to 30.9 percent from 30.7 percent, respectively. Manufacturing labor costs increased 1.2 percent to Euro 127.1 million in the first six months of 2004, from Euro 125.6 million in the same period of 2003. As a percentage of net sales, cost of labor decreased to 8.1 percent in the first six months of 2004 from 8.9 percent in the same period of 2003. For the first six months of 2004, the average number of frames produced daily in Luxottica's facilities (including Tristar) was approximately 123,000 as compared to 122,000 for the same period of 2003.

Gross Profit For the reasons outlined above, gross profit increased 10.4 percent to Euro 1,080.6 million in the first six months of 2004, from Euro 978.4 million in the same period of 2003. As a percentage of net sales, gross profit decreased to 69.1 percent in the first six months of 2004 from 69.3 percent in the same period of 2003.

Operating Expenses Total operating expenses increased 8.8 percent to Euro 821.4 million in the first six month of 2004, from Euro 755.2 million in the same period of 2003. As a percentage of net sales, operating expenses decreased to 52.5 percent in the first six months of 2004 from 53.5 percent in the same period of 2003.

Selling, royalty and advertising expenses increased 6.9 percent to Euro 659.3 million during the first six months of 2004, from Euro 616.6 million in the same period of 2003. As a percentage of net sales, these expenses decreased to 42.2 percent in the first six months of 2004 from 43.7 percent in the same period of 2003. This decrease is primarily attributable to cost savings in our North American retail division.

General and administrative expenses, including intangible asset amortization, increased 17.0 percent to Euro 162.1 million in the first six months of 2004 from Euro 138.5 million in the same period of 2003. As a percentage of net sales, general and administrative expenses increased to 10.4 percent in the first six months of 2004 from 9.8 percent in the same period of 2003. This increase was primarily due to the consolidation of OPSM.

Income from Operations Income from operations for the first six months of 2004 increased 16.1 percent to Euro 259.2 million, from Euro 223.2 million in the same period of 2003. As a percentage of net sales, income from operations increased to 16.6 percent in the first six months of 2004 from 15.8 percent in the same period of 2003. On a consolidated adjusted basis, including OPSM's results for the six-month period ended June 30, 2003, the increase in income from operations in the first six months of 2004 would have been 12.3 percent as compared to the same period of 2003, as adjusted (see following table).

Operating margin in the retail segment increased to 13.7 percent in the first six months of 2004 from 13.0 percent in the same period of 2003. On a consolidated adjusted basis, including OPSM's results for the six month period ended June 30, 2003, operating margin in the retail segment during the first six months of 2003 would have been 12.2 percent (see following table).

% of net sales	12.2%	13.7%	+8.5%

(1) This effect differs from the one relevant to consolidated income from operation (Euro 7.6 million) because it is gross of inter-segment elimination.

Interest and Other Expenses Net interest and other expense was Euro 20.6 million in the first six months of 2004 as compared to Euro 28.0 million in the same period of 2003. This decrease was attributable to net realized and unrealized foreign exchange transaction and remeasurement gain, net of Euro 1.6 million recognized in the first six months of 2004 as compared to losses of Euro 7.5 million on similar items in the same period of 2003.

Net Income Income before taxes increased 22.2 percent to Euro 238.6 million in the first six months of 2004, from Euro 195.3 million in the same period of 2003. Non-GAAP Financial Measures

The Company uses certain measures of financial performance that exclude the impact of fluctuations in currency exchange rates in the translation of operating results into Euro, and include the results of operations of OPSM for the three month period ended June 30, 2003. The Company believes that these adjusted financial measures provide useful information to both management and investors by allowing a comparison of operating performance on a consistent basis. In addition, since the Company has historically reported such adjusted financial measures to the investment community, the Company believes that their inclusion provides consistency in its financial reporting. Further, these adjusted financial measures are one of the primary indicators management uses for planning and forecasting in future periods. Operating measures that assume constant exchange rates between the second quarter of 2004 and the second quarter of 2003 are calculated using for each currency the average exchange rate for the three-month period ended June 30, 2003.

Operating measures that exclude the impact of fluctuation in currency exchange rates are not measures of performance under accounting principles generally accepted in the United States (U.S. GAAP). These non-GAAP measures are not meant to be considered in isolation or as a substitute for results prepared in accordance with U.S. GAAP. In addition, the Company's method of calculating operating performance excluding the impact of changes in exchange rates may differ from methods used by other companies. See the table below for a reconciliation of the operating measures excluding the impact of fluctuations in currency exchange rates to their most directly comparable U.S. GAAP financial measures. The adjusted financial measures should be used as a supplement to results

reported under U.S. GAAP to assist the reader in better understanding the operational performance of the Company.

	2Q 03 U.S. GAAP results	2Q 04 U.S. GAAP results	Adjustment for constant exchange rates (in millions of Euro)	2Q 04 adjusted results

The results of operations for the second quarter of 2004 include the results of operations of OPSM. Since the consummation of the OPSM acquisition did not occur until August 2003, the results of operations for the second quarter of 2003 exclude the results of operations of OPSM. Because of this significant change, the Company has included the following table of consolidated adjusted sales and operating income for the second quarter of 2003. The Company believes that the adjusted amounts may be of assistance in comparing the Company's operating performance between the 2003 and 2004 periods. However, adjusted financial information should not be viewed as a substitute for measures of performance calculated in accordance with generally accepted accounting principles. The consolidated adjusted amounts reflect the following adjustments:

1. the consolidated results of OPSM for the three month period ended June 30, 2003, prior to the acquisition are included in the adjusted amounts; and
2. the elimination of wholesale sales to OPSM from Luxottica Group entities for the three month period ended June 30, 2003.

This information is being provided for comparison purposes only and does not purport to be indicative of the actual results that would have been achieved had the OPSM acquisition been completed as of January 1, 2003.

The following table reflects the Company's consolidated net sales and income from operations for the second quarter of 2003 as reported and as adjusted:

	2Q 03 U.S. GAAP results	Adjustment for OPSM (in millions of Euro)	2Q 03 adjusted results
Consolidated net sales	707.0	66.4	773.4
Consolidated income from operations	111.9	2.6	114.5

Net Sales. Net sales increased 13.7 percent to Euro 803.5 million during the second quarter of 2004, as compared to Euro 707.0 million for the same period of 2003. At constant exchange rates between the periods, net sales would have increased by 17.3 percent during the second quarter of 2004, as compared to the same period of 2003. This increase was partially due to the consolidation of OPSM's results in the second quarter of 2004. The following table summarizes the combined effect on

Edgar Filing: LUXOTTICA GROUP SPA - Form 6-K

consolidated net sales of exchange rates and the OPSM acquisition to allow a comparison of operating performance on a consistent basis:

Consolidated Net Sales			
	2Q 03	2Q 04	% change
	(in millions of Euro)		
US GAAP results	707.0	803.5	+13.7%
Exchange rate effect		25.9	
Constant exchange rate	707.0	829.4	+17.3%
OPSM results in 2003	66.4		
Consistent basis	773.4	829.4	+7.2%

The 7.2 percent increase in net sales on a consistent basis in the second quarter of 2004 as compared to the same period of 2003 is mainly attributable to the additional sales of Ray-Ban brand, Vogue, Chanel and Arnette product lines, in addition to the additional sales of the new Prada and Versace product lines and the increased sales of our retail division.

During the second quarter of 2004, net sales in the retail segment accounted for approximately 67.4 percent of total net sales, as compared to approximately 66.6 percent of total net sales in the same period of 2003.

Net sales in the retail segment, through LensCrafters, Sunglass Hut and OPSM increased 15.0 percent to Euro 541.3 million for the second quarter of 2004 from Euro 470.9 million for the same period of 2003. This increase was primarily due to the inclusion of the results of OPSM, partially offset by the weakening of the U.S. dollar against the Euro. Using constant exchange rates between the periods, net retail sales during the second quarter of 2004 would have increased by 19.8 percent as compared to the same period of 2003. The following table summarizes the combined effect on retail segment net sales of exchange rates and the OPSM acquisition, to allow a comparison of operating performance on a consistent basis:

Retail Segment Net Sales			
	2Q 2003	2Q 2004	% change

Constant exchange rate	470.9	564.3	+19.8%
OPSM results in 2003(1)	66.8

(1) This effect differs from the one relevant to consolidated net sales (Euro 66.4 million) because it is gross of inter-segment elimination.

Comparable store sales during the second quarter of 2004 increased 4.1 percent as compared to the same period of 2003.

Net sales to third parties in the manufacturing and wholesale segment increased 11.1 percent to Euro 262.2 million for the second quarter of 2004 as compared to Euro 236.1 million in the same period of 2003. Assuming constant exchange rates, wholesale sales to third parties for the second quarter of 2004 would have increased by 12.4 percent as compared to the same period of 2003. This increase was mainly attributable to the additional sales of our Ray-Ban brand, Vogue and Chanel product lines, in addition to the additional sales of the new Prada and Versace product lines.

On a geographic basis, operations in the United States and Canada resulted in net sales of Euro 482.8 million during the second quarter of 2004, comprising 60.1 percent of total net sales, a decrease of

Edgar Filing: LUXOTTICA GROUP SPA - Form 6-K

Euro 2.9 million from the same period of 2003. This decrease was substantially due to the weakening of the U.S. dollar against the Euro (in U.S. dollars, operations in the United States and Canada resulted in an increase of net sales of U.S. \$29.2 million as compared to the same period of 2003). Net sales for the rest of the world accounted for the remaining Euro 320.7 million of net sales during the second quarter of 2004, which represented a 44.9 percent increase as compared to the same period of 2003. This increase was mainly due to the inclusion of OPSM sales for the second quarter of 2004.

Cost of Sales. Cost of sales increased 9.8 percent to Euro 247.2 million in the second quarter of 2004, from Euro 225.1 million in the same period of 2003, and decreased as a percentage of net sales to 30.8 percent from 31.8 percent, respectively. Manufacturing labor costs increased 6.7 percent to Euro 64.3 million in the second quarter of 2004, from Euro 60.3 million in the same period of 2003. As a percentage of net sales, cost of labor decreased to 8.0 percent in the second quarter of 2004 from 8.5 percent in the same period of 2003. For the second quarter of 2004, the average number of frames produced daily in Luxottica's facilities (including Tristar) was approximately 125,000 as compared to 119,000 for the same period of 2003.

Gross Profit. For the reasons outlined above, gross profit increased 15.5 percent to Euro 556.4 million in the second quarter of 2004, from Euro 481.9 million in the same period of 2003. As a percentage of net sales, gross profit increased to 69.2 percent in the second quarter of 2004 from 68.2 percent in the same period of 2003.

Operating Expenses. Total operating expenses increased 12.8 percent to Euro 417.2 million in the second quarter of 2004, from Euro 370.0 million in the same period of 2003. As a percentage of net sales, operating expenses decreased to 51.9 percent in the second quarter of 2004 from 52.3 percent in the same period of 2003.

Selling, royalty and advertising expenses increased 11.4 percent to Euro 335.9 million during the second quarter of 2004, from Euro 301.5 million in the same period of 2003. As a percentage of net sales, these expenses decreased to 41.8 percent in the first six months of 2004 from 42.6 percent in the same period of 2003. This decrease is primarily attributable to cost savings in our North American retail division.

General and administrative expenses, including intangible asset amortization, increased 18.8 percent to Euro 81.4 million in the second quarter of 2004 from Euro 68.5 million in the same period of 2003. As a percentage of net sales, general and administrative expenses increased to 10.1 percent in the second quarter of 2004 from 9.7 percent in the same period of 2003. This increase was primarily due to the consolidation of OPSM.

Income from Operations. Income from operation for the second quarter of 2004 increased 24.3 percent to Euro 139.1 million, from Euro 111.9 million in the same period of 2003. As a percentage of net sales, income from operations increased to 17.3 percent in the second quarter of 2004 from 15.8 percent in the same period of 2003. On a consolidated adjusted basis, including OPSM's results for the second quarter of 2003, the increase in income from operations in the second quarter of 2004 would have been 21.5 percent as compared to the same period of 2003, as adjusted (see following table).

Other Financial and Operating Measures. Certain of the Company's credit agreements and other financing arrangements contain financial and operating covenants which are based on, among other things, the Company's "EBITDA" and "Net Financial Charges". Although neither EBITDA nor Net Financial Charges are financial measures presented in accordance with U.S. GAAP, management believes these measures are meaningful to Company's investors because they provide useful information regarding the Company's ability to service its debt.

"EBITDA" represents net income before income tax expense, interest expense, net, depreciation and amortization of property and equipment and intangibles. When analyzing our operating performance, investors should not consider EBITDA in isolation or as a substitute for net income, cash flows from operating activities or other income statement or cash flow statement data prepared in accordance with U.S. GAAP. Our calculation of EBITDA is not necessarily comparable to that of other similarly titled measures reported by other companies. "Net Financial Charges" represents Interest Expense net of Interest Income. The following is a reconciliation of EBITDA and Net Financial Charges to operating measures based on U.S. GAAP.

"Net financial position" is not a financial measure in accordance with U.S. GAAP and is presented for informational purposes only. We believe that this measure is useful to investors as a measure of credit availability, leverage capacity and liquidity. The term "net financial position" is not, and should not be considered as, a substitute for our total long-term debt, total liabilities or any other financial measures presented in accordance with U.S. GAAP. Net financial position may differ from similarly titled financial measures used by other companies.

The Company has relied primarily upon internally generated funds, trade credit and bank borrowings to finance its operations and expansion.

To refinance previously issued eurobonds, in June 2002 Luxottica U.S. Holdings Corp. ("U.S. Holdings"), a U.S. subsidiary, entered into a U.S. \$350 million credit facility with a group of four Italian banks led by UniCredito Italiano S.p.A. The new credit facility is guaranteed by Luxottica Group S.p.A. and matures in June 2005. The term loan portion of the credit facility provided U.S. \$200 million of borrowing and requires equal quarterly principal installments beginning in March 2003. The revolving loan portion of the credit facility allows for maximum borrowings of U.S. \$150 million. Interest accrues under the credit facility at LIBOR (as defined in the agreement) plus 0.5 percent (1.80 percent for the term loan portion and 1.82 for the revolving portion on June 30, 2004) and the credit facility allows U.S. Holdings to select interest periods of one, two, or three months. The credit facility contains certain financial and operating covenants. Under this credit facility, U.S.\$ 130 million was outstanding as of June 30, 2004.

In July 2002, U.S. Holdings entered into a Convertible Swap Step-Up (the "2002 Swap"), under which the beginning and maximum notional amount is U.S. \$275 million, which decreases by U.S. \$20 million quarterly starting with the quarter beginning March 17, 2003. The 2002 Swap was entered into to convert the floating rate credit agreement referred to in the preceding paragraph to a mixed position rate agreement, by allowing U.S. Holdings to pay a fixed rate of interest if LIBOR remains under certain defined thresholds and to receive an interest payment of the three month LIBOR rate as defined in the agreement. These amounts are settled net every three months until the final expiration of the 2002 Swap on June 17, 2005. This derivative does not qualify for hedge accounting under Statement of Financial Accounting Standards No. 133, and as such is marked to market with the gains or losses from the change in value reflected in current operations.

In June 1999, the Company acquired the Ray-Ban business from Bausch & Lomb Incorporated for a purchase price of U.S. \$655 million (Euro 635 million), subject to post-closing adjustments. The purchase price was paid with the proceeds of a U.S. \$650 million (Euro 630 million) credit facility with UniCredito Italiano S.p.A. In June 2000, the Company refinanced this short-term credit facility with a new credit facility with several financial institutions under which the total maximum borrowings is Euro 500 million. All amounts outstanding under this credit facility were repaid, and the credit facility was terminated in June 2003.

In December 2002, the Company entered into a new unsecured credit facility with Banca Intesa S.p.A. The new unsecured credit facility provides borrowing availability of up to Euro 650 million. The facility includes a Euro 500 million term loan, which required a balloon payment of Euro 200 million in June 2004 and equal quarterly installments of principal repayments of Euro 50 million subsequent to that date. Interest accrues on the term loan at Euribor (as defined in the agreement) plus 0.45 percent (2.572 percent on June 30, 2004). The revolving loan provides borrowing availability of up to Euro 150 million; amounts borrowed under the revolver portion can be borrowed and repaid until final maturity. Interest accrues on the revolving loan at Euribor (as defined in the agreement) plus 0.45 percent (2.529 percent on June 30, 2004). The final maturity of the credit facility is December 27, 2005. The Company can select interest periods of one, two, three or six months. The credit facility contains certain financial and operating covenants. Under this credit facility, Euro 375 million was outstanding as of June 30, 2004.

In December 2002, the Company entered into two interest rate swap transactions ("Intesa Swaps") beginning with an aggregate maximum notional amount of Euro 250 million which decreased by Euro 100 million on June 27, 2004 and by Euro 25 million in each subsequent 3-month period. These Intesa Swaps will expire on December 27, 2005. The Intesa Swaps were entered into as a cash flow hedge on a portion of the Banca Intesa Euro 650 million unsecured credit facility discussed above. The Intesa Swaps exchange the floating rate of Euribor to a fixed rate of 2.985 percent per annum.

On September 3, 2003, U.S. Holdings closed a private placement of U.S. \$300 million of senior unsecured guaranteed notes (the "Notes"), issued in three series (Series A, Series B and Series C). Interest on the Series A Notes accrues at 3.94 percent per annum and interest on Series B and Series C Notes accrues at 4.45 percent per annum. The Series A and Series B Notes mature on September 3, 2008 and the Series C Notes mature on September 3, 2010. The Series A and Series C Notes require annual prepayments beginning on September 3, 2006 through the applicable dates of maturity. The Notes are guaranteed on a senior unsecured basis by the Company and Luxottica S.r.l. The Notes can be prepaid at U.S. Holdings' option under certain circumstances. The proceeds from the Notes were used for the repayment of outstanding debt and for other working capital needs.

In connection with the issuance of the Notes, U.S. Holdings entered into three interest rate swap agreements with Deutsche Bank AG (the "DB Swap"). The three separate agreements, notional amounts, and interest payment dates coincide with the Notes. The DB Swap exchanges the fixed rate of the Notes to a floating rate of the six month LIBOR rate plus 0.6575 percent for the Series A Notes and the six month LIBOR rate plus 0.73 percent for the Series B and Series C Notes.

On September 2003, the Company acquired 82.57 percent of the ordinary shares of OPSM and more than 90 percent of performance rights and options of OPSM for an aggregate of A\$ 442.7 million (Euro 253.7 million). The purchase price was paid for with the proceeds of a new credit facility with Banca Intesa S.p.A. of Euro 200 million, in addition to other short term lines available. The new credit facility includes a Euro 150 million term loan, which will require equal semiannual installments of principal repayments of Euro 30 million starting September 30, 2006 until the final maturity date. Interest accrues on the term loan at Euribor (as defined in the agreement) plus 0.55 percent (2.671 percent on June 30, 2004). The revolving loan provides borrowing availability of up to Euro 50 million; amounts borrowed under the revolver portion can be borrowed and repaid until final maturity. Interest accrues on the revolving loan at Euribor (as defined in the agreement) plus 0.55 percent (2.625 percent on June 30,

2004). The final maturity of the credit facility is September 30, 2008. The Company can select interest periods of one, two or three months. The credit facility contains certain financial and operating covenants. Under this credit facility, Euro 175 million was outstanding as of June 30, 2004.

On June 3, 2004, the Company and Luxottica U.S. Holdings Corp. entered into a new credit facility with a group of banks providing for loans in the aggregate principal amount of Euro 740 million and US \$325 million. The five-year facility consists of three Tranches (Tranche A, Tranche B, Tranche C). Tranche A is a Euro 405 million Amortizing Term loan requiring nine equal quarterly installments of Euro 45 million beginning in June 2007 which is to be used for general corporate purposes, including the refinancing of existing Luxottica Group S.p.A debt, as it matures. Tranche B is a Term loan of US\$ 325 million which is to be used by Luxottica U.S. Holdings Corp., a U.S. subsidiary of Luxottica Group, to finance the purchase price of the proposed acquisition of Cole. Amounts borrowed under Tranche B will mature in June 2009. Tranche C is Revolving Credit Facility of Euro 335 million-equivalent multi-currency (EURO/US\$). Amounts borrowed under Tranche C may be repaid and reborrowed with all outstanding balances maturing in June 2009. The Company can select interest periods of one, two, three or six months with interest accruing on Euro denominated loans based on the corresponding EURIBOR rate and U.S.\$ denominated loans based on the corresponding LIBOR rate, both plus a Margin between 0.40 percent and 0.60 percent based on "Net Debt/EBITDA" ratio, as defined in the agreement. Interest on June 30, 2004 were 2.525 percent for Tranche A and 2.572 percent on Tranche C. The new credit facility contains certain financial and operating covenants. The Mandated Lead Arrangers and Bookrunners are ABN AMRO, Banca Intesa, Bank of America, Citigroup, HSBC, Mediobanca, The Royal Bank of Scotland (Documentation Agent) and UniCredit Banca Mobiliare. Unicredito Italiano S.p.A. New York Branch and Unicredit Banca d'Impresa S.p.A will acts as Facility Agents. Under this credit facility, Euro 370 million were outstanding as of June 30, 2004.

Capital expenditures for the first six months of 2004 were Euro 39.0 million.

RECENT DEVELOPMENTS AND OTHER EVENTS

On September 25, 2002, the Company announced that U.S. Holdings had authorized the purchase of up to 11,500,000 of the Company's ADRs (one ADR represents one Ordinary Share), representing 2.5 percent of the authorized and issued capital of the Company, over the 18 month period commencing on that date. On March 20, 2003, the Company announced that U.S. Holdings had resolved to purchase up to an additional 10,000,000 of the Company's ADRs, representing 2.2 percent of the authorized and issued share capital of the Company, over the 18 month period commencing on that date. The actual amount and timing of ADR purchases will depend on market conditions and other factors. Through June 30, 2004, U.S. Holdings had repurchased 6,434,786 ADRs at an aggregate purchase price of approximately Euro 70.0 million.

In May 2001, certain former stockholders of Sunglass Hut International, Inc. ("SHI") commenced an action in the U.S. District Court for the Eastern District of New York against the Company, its acquisition subsidiary formed to acquire SHI and certain other defendants, on behalf of a purported class of former SHI stockholders, alleging in the original and in the amended complaint filed later, among other claims, that the defendants violated certain provisions of U.S. securities, and rules thereunder in connection with the acquisition of SHI in a tender offer and second-step merger, by reason of entering into a consulting, non-disclosure and non-competition agreement, prior the commencement of the tender offer, with the former chairman of SHI, which purportedly involved paying consideration to such person for his SHI shares and his support of the tender offer that was higher than that paid to SHI's stockholders in the tender offer. The Company and the other defendant filed a motion to dismiss the complaint in its entirety which, on November 26, 2003, the Court granted in part and denied in part. The Court granted the Company's motion to dismiss plaintiffs' claim under Section 10(b) of the Securities Exchange Act of 1934 and Rule 10b-5 thereunder, but denied the Company's motion to dismiss the claims under Rule 14d-10 relating to the consulting, non-disclosure and non-competition agreement with Mr. Hauslein, the former chairman of SHI, and aiding and abetting alleged breaches by SHI's former directors of their fiduciary duties, noting that it was obligated, for the purpose of rendering its decision on the motion to dismiss, to treat all of the plaintiffs' allegations in the complaint as true. The Company continues to believe that the claims that were not dismissed are without merit and that its defenses are meritorious, and will continue to defend against such claims vigorously. However, the Company can provide no assurance as to the outcome of the case.

In December 2002, the Company was informed that the Attorney General of the State of New York is conducting an investigation into the Company's pricing and distribution practices relating to sunglasses under applicable state and federal antitrust laws. The Company has been fully cooperating with this investigation and intends to continue to do so, by providing documents and other information to the New York Attorney General. Although the Company believes it has not violated any applicable antitrust laws, it is unable at this time to predict the outcome or timing of this investigation.

On August 29, 2003, the Securities Appellate Tribunal (SAT) in India upheld the decision to require a subsidiary of the Company to make a public offering to acquire up to an additional 20 percent of the outstanding shares of RayBan Sun Optics India Ltd. On October 30, 2003, the Company announced that it intended to comply with the SAT's decision and that the Company, through its subsidiary, Ray Ban Indian Holdings Inc., would launch a public offer to purchase an additional 20 percent of the outstanding shares of RayBan Sun Optics India Ltd. The Company expects the aggregate cost of the offer to be approximately Euro 10 million, including stipulated interest increments. In accordance with applicable Indian regulation, the Company placed in escrow with the Manager of the Offer Rs 226 million (Euro 4.2 million). On November 17, 2003, the Supreme Court of India stayed the SAT's order and directed that the matter be further reviewed at the end of January 2004, provided that the Company issue a letter of credit in favor of the Indian securities regulatory agency within the following four week period of Rs 630.6 million (Euro 11.9 million). The Company complied with such requirement and the review had been delayed until a date yet to be determined.

On June 16, 2004, the Company and Donna Karan International announced the signing of a five-year licensing agreement for the design, production and worldwide distribution of Donna Karen and DKNY prescription frames and sunglasses. The initial agreement, which will begin on January 1, 2005, is renewable for an additional five years through December 2014.

On July 27, 2004 the Board of the Company appointed Andrea Guerra, 39, chief executive officer. Mr. Guerra also joined the Board replacing a departing director.

On September 14, 2004 the Company's board of directors approved an increase to the number of independent directors on its Board to five. At the Group's Ordinary and Extraordinary Meeting held on September 14, 2004 in Milan, Italy, shareholders approved the appointment of three additional directors to the Board, for a total of 12, as already provided in the Company's By-laws: Sergio Erede, Gianni Mion and Sabina Grossi. At the same time, shareholders confirmed, in accordance with Italian Law, the appointment of Andrea Guerra, chief executive officer, to Luxottica Group's Board of Directors.

The Company and its subsidiaries become involved in legal and regulatory proceedings from time to time, some of which are significant. The timing and outcome of these proceedings are inherently uncertain and the outcomes could have a material adverse effect on the Company's business, financial position or operating results. See Item 3 -"Key Items Risk Factors" in the Company's annual report on Form 20-F for its fiscal year ended December 31, 2003.

- (1) *Unless otherwise noted, all comparisons made in this announcement are between the three-and six-month periods ended June 30, 2004, and the equivalent three-and six-month periods ended June 30, 2003. The Company's results are discussed in this announcement in accordance with U.S. GAAP and are broken out for additional perspective into consolidated, manufacturing/wholesale, including Ray-Ban, and retail components, which include Sunglass Hut International, LensCrafters and OPSM Group. As there are intercompany items, it is important to note the full reconciliation detailed in the Segmental Information Table provided with this announcement. Additionally, Luxottica Group considers the financial results denominated in Euro (EUR), the Group's reporting currency, to be a more accurate gauge of its operating performance. The results denominated in U.S. Dollars were converted at the average exchange rate for the three-month period ended June 30, 2004, of EUR 1.00 = US\$1.2046, compared with EUR 1.00 = US\$1.1372 for the second quarter of 2003. For the six-month period ended June 30, 2004, results were converted at the average exchange rate of EUR 1.00 = US\$1.2273, compared with EUR 1.00 = US\$1.1049 for the equivalent period of 2003. Results of the OPSM Group operations were consolidated into the Group's results as of August 1, 2003.*
- (2) *Same store sales are intended as sales that, for comparison purposes, are normalized by using in the calculation only stores open during the comparable period the previous year, the same exchange rates and the same consolidation area. In this case, for the purposes of rendering a picture of the Group's retail results as complete as possible, results of OPSM Group were included in the comparison as if the operations had been consolidated as of January 1, 2003. As a reminder, OPSM Group was formally consolidated into Luxottica Group's as of August 1, 2003.*
