REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Board of Directors and Stockholders
Dividend Capital Trust Inc.
Denver, Colorado

We have audited the accompanying statement of revenues and certain expenses of the RN Portfolio (the "Property") for the year ended December 31, 2003. This financial statement is the responsibility of the Property's management. Our responsibility is to express an opinion on this financial statement based upon our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The accompanying statement of revenues and certain expenses was prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission and for inclusion in the Current Report on Form 8-K of Dividend Capital Trust Inc., as described in Note 1. The presentation is not intended to be a complete presentation of the Property's revenues and expenses.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the revenues and certain expenses of the RN Portfolio for the year ended December 31, 2003, on the basis of accounting described in Note 1.

Notes to Statements of Revenues and Certain Expenses

RN Portfolio

(Information for June 30, 2004 is Unaudited)

Note 1 Description of Business and Summary of Significant Accounting Policies

The accompanying statements of revenues and certain expenses reflect the operations of the RN Portfolio (the "Property") for the six months ended June 30, 2004 (unaudited) and for the year ended December 31, 2003. The Property consists of 53 bulk distribution, light industrial and service center facilities located in Atlanta, Georgia; Boston, Massachusetts; Dallas, Texas; Houston, Texas; Phoenix, Arizona; and San Francisco, California. The Property comprises approximately 4,890,753 aggregate rentable square feet. As of December 31, 2003, the Property had an occupancy percentage of 85%.

The Property was acquired by Dividend Capital Trust Inc. (the "Company") from unrelated parties on October 1, 2004 for a total cost of approximately \$238.5 million (which includes an acquisition fee of approximately \$2.3 million paid to Dividend Capital Advisors LLC, an affiliate), which was paid with proceeds from the issuance of debt and net proceeds from the Company's public offering.

The accounting records of the Property are maintained on the accrual basis. The accompanying statements of revenues and certain expenses were prepared pursuant to Rule 3-14 of the Securities and Exchange Commission, and exclude certain expenses such as mortgage interest, depreciation and amortization, professional fees and other costs not directly related to future operations of the Property.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. The results of operations can be significantly impacted by the rental market of the Atlanta, Boston, Dallas, Houston, Phoenix and San Francisco regions.

Interim Information (unaudited)

In the opinion of management, the unaudited information as of June 30, 2004 included herein contains all the adjustments necessary, which are of a normal recurring nature, to present fairly the revenues and certain expenses for the six months ended June 30, 2004. Results of interim periods are not necessarily indicative of results to be expected for the year. Management is not aware of any material factors that would cause the information included herein to not be indicative of future operating results.

Note 2 Operating Leases

The Property's revenue is obtained from tenant rental payments as provided for under non-cancelable operating leases. The Property records rental revenue for the full term of the lease on a straight-line basis. In the case where the minimum rental payments increase over the life of the lease, the Property records a receivable due from tenants for the difference between the amount of revenues recorded and the amount of cash received. This accounting treatment resulted in an increase in rental revenues of \$377,599 and \$410,005 for the six months ended June 30, 2004 and the year ended December 31, 2003, respectively.

Edgar Filing: DIVIDEND CAPITAL TRUST INC - Form 8-K/A

Future minimum lease payments due under these leases for the next five years, excluding tenant reimbursements of operating expenses, as of December 31, 2003 are as follows:

Year Ending December 31,	
2004	\$ 17,380,554
2005	15,496,037
2006	11,747,163
2007	8,960,457
2008	7,270,854
Thereafter	19,486,554
	<hr/>
	\$ 80,341,619
	<hr/>

Tenant reimbursements of operating expenses are included in other revenues in the accompanying statements of revenues and certain expenses.

For the year ended December 31, 2003, there were no tenants who accounted for greater than 10% of either rental revenues or future minimum revenues.

Certain leases contain tenant lease renewal options for various periods under various terms that may or may not be similar to the existing leases.
