Offers and sales of the Notes are subject to restrictions in certain jurisdictions. In particular, there are restrictions on the distribution of this prospectus supplement and the accompanying prospectus and the offer or sale of the Notes in the United Kingdom, and details of these restrictions are set out in "Underwriting" in this prospectus supplement. The distribution of this prospectus supplement and the accompanying prospectus and the offer or sale of the Notes in certain other jurisdictions may be restricted by law. Persons who come into possession of this prospectus supplement and the accompanying prospectus or any Notes must inform themselves about and observe any applicable restrictions on the distribution of this prospectus supplement and the accompanying prospectus and the offer and sale of the Notes.

We accept responsibility for the information contained in this prospectus supplement and the accompanying prospectus. To the best of our knowledge and belief (having taken all reasonable care to ensure that such is the case) the information contained in this prospectus supplement and the accompanying prospectus is in accordance with the facts and does not omit anything likely to affect the import of the information.

You must read this prospectus supplement and the accompanying prospectus as one along with all the documents which are deemed to be incorporated in this prospectus supplement and the accompanying prospectus by reference (see "Where You Can Find More Information"). This prospectus supplement and the accompanying prospectus must be read and construed on the basis that the incorporated documents are so incorporated and form part of this document, except as specified in this document.

We have not authorized any person to give any information or represent anything not contained in this prospectus supplement and the accompanying prospectus. You must not rely on any unauthorized information.

In order to facilitate the offering of the Notes, Bear Stearns, in its capacity as Global Coordinator of the offering of the Notes, may over-allot or effect transactions which stabilize or maintain the market price of the Notes at a level higher than that which might otherwise prevail in the open market. Specifically, Bear Stearns, on behalf of the Underwriters, may over-allot or otherwise create a short position in the Notes for the account of the Underwriters by selling more Notes than have been sold to them by us. Bear Stearns, on behalf of the Underwriters, may elect to cover any such short position by purchasing Notes in the open market. In addition, Bear Stearns, on behalf of the Underwriters, may stabilize or maintain the price of the Notes by bidding for or purchasing Notes in the open market and may impose penalty bids, under which selling concessions allowed to syndicate members or other broker-dealers participating in the offering are reclaimed if Notes previously distributed in the offering are repurchased in connection with stabilization transactions or otherwise. The effect of these transactions may be to stabilize or maintain the market price of the Notes at a level above that which might otherwise prevail in the open market. The imposition of a penalty bid may also affect the price of the Notes to the extent that it discourages resales of Notes. No representation is made as to the magnitude or effect of any such stabilization or other transactions. Such stabilizing, if commenced, may be discontinued at any time and in any event shall be discontinued within a limited period. No other party may engage in stabilization.

All statements regarding our expected financial position, business and financing plans are forward-looking statements. Forward-looking statements also include representations of our expectations or beliefs concerning future events that involve risks and uncertainties, including those associated with the effect of international, national and regional economic conditions and the performance of our products within the prevailing economic environment. Although we believe that the expectations reflected in those forward-looking statements are reasonable, those expectations may prove to be incorrect. Cautionary statements describing important factors that could cause actual results to differ materially from our expectations are disclosed in this prospectus supplement along with the forward-looking statements included or incorporated by reference in this prospectus supplement and the accompanying prospectus.
