PROXY STATEMENT FOR ANNUAL MEETING OF STOCKHOLDERS

The accompanying proxy is solicited by the Board of Directors of Information Services Group, Inc., a Delaware corporation ("ISG," "Company," "we," "us," and "our"), for use at its Annual Meeting of Stockholders to be held on May 11, 2010 (the "Annual Meeting"), or any adjournment or postponement thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. This Proxy Statement and the enclosed proxy are being mailed to stockholders on or about April 7, 2010.

Pursuant to new e-proxy rules promulgated by the SEC, we are providing access to this Proxy Statement and our 2009 Annual Report to Stockholders (collectively, "proxy materials") both by sending you this full set of proxy materials as well as a proxy card and by notifying you of the availability of our proxy materials on the Internet. New SEC rules allow companies to avoid sending to their stockholders paper copies of their proxy materials if, instead, they furnish the proxy materials over the Internet and mail to their stockholders a Notice of Internet Availability of Proxy Materials. Companies, however, are not required to use e-proxy and, in lieu of doing so, may continue to send to stockholders a full set of their proxy materials. We have chosen to follow this latter approach, but are still obligated to provide you with the following notice:

**Important Notice Regarding the Availability of Proxy Materials
for the Stockholder Meeting to Be Held on May 11, 2010**

The Notice of Annual Meeting of Stockholders, Proxy Statement and 2009 Annual Report to Stockholders are available free of charge at www.informationsg.com.

SOLICITATION AND VOTING

Only stockholders of record as of the close of business on March 29, 2010 will be entitled to vote at the meeting and any postponement or adjournment thereof. As of that time, we had 31,952,398 shares of Common Stock outstanding, all of which are entitled to vote with respect to all matters to be acted upon at the Annual Meeting. Each stockholder of record as of that date is entitled to one vote for each share of Common Stock held by him or her. Our Bylaws require that a quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if the holders of a majority of the shares entitled to vote are present in person or by proxy. Shares will be counted towards the quorum only if the stockholder submits a valid proxy (or one is submitted on his behalf by his broker, bank or other nominee) or if the stockholder votes in person at the Annual Meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, a majority of the votes present at the Annual Meeting may adjourn the Annual Meeting until a quorum is present.

The proxy accompanying this proxy statement is solicited on behalf of our Board of Directors for use at the Annual Meeting and any adjournments of the Annual Meeting, and the expenses of solicitation of proxies will be borne by us. The solicitation will be made primarily by mail, but our officers and regular employees may also solicit proxies by telephone, facsimile, via the Internet or in person. We also have retained Innisfree M&A Incorporated ("Innisfree") to assist in soliciting proxies. ISG expects to pay Innisfree approximately \$8,500 plus expenses in connection with its solicitation of proxies.

Stockholders whose shares are registered in their own names may vote by returning a proxy card. Please complete, sign and return the proxy card in the self-addressed, postage paid envelope provided.

All valid proxies received before the meeting will be exercised. All shares represented by a proxy will be voted, and where a proxy specifies a stockholder's choice with respect to any matter to be acted upon, the shares will be voted in accordance with that specification. **If no choice is indicated on the proxy, the shares will be voted in favor of the proposal.** A stockholder whose shares are registered in

their own name has the power to revoke his or her proxy at any time before it is exercised by delivering to the Corporate Secretary of the Company a written instrument revoking the proxy or a duly executed proxy with a later date, or by attending the meeting and voting in person. If you hold shares in street name, through a bank, broker or other nominee, please contact the bank, broker or other nominee to revoke your proxy.

**PROPOSAL NO. 1
ELECTION OF DIRECTOR**

Our amended and restated certificate of incorporation provides that the Board of Directors of the Company is divided into three classes with one class of directors being elected each year and each class serving a three-year term. Michael P. Connors and Robert E. Weissman constitute a class with a term that expires at this Annual Meeting (the "Class III Directors"); Robert J. Chrenc and Gerald S. Hobbs constitute a class with a term that expires at the annual meeting in 2011 (the "Class I Directors"); Kalpana Raina and Donald C. Waite III constitute a class with a term that expires at the annual meeting in 2012 (the "Class II Directors").

The full Board of Directors has considered and nominated the following slate of Class III nominees for a three-year term expiring in 2013: Michael P. Connors and Robert E. Weissman. Action will be taken at the Annual Meeting for the election of these Class III nominees. Set forth below is information regarding the nominees to the Board of Directors for election as directors.

It is intended that the proxies delivered pursuant to this solicitation will be voted in favor of the election Michael P. Connors and Robert E. Weissman. Each nominee has agreed to be named in this Proxy Statement and to serve if elected. If any of the nominees declines to serve or becomes unavailable for any reason, or if a vacancy occurs before the election (although we know of no reason to anticipate that this will occur), the proxies may be voted for such substitute nominee(s) as we may designate.

If a quorum is present and voting, each of the two nominees receiving a plurality of votes cast will be elected. Proxies cannot be voted for more than two nominees. Abstentions and broker non-votes will have no effect on the outcome of the vote.

Nominees to the Board of Directors to serve until the third succeeding annual meeting of stockholders after their election and until their successors have been elected and qualified are:

Name	Age	Director Since
Michael P. Connors	54	2006

The principal occupations and qualifications of the nominees for director are as follows. There are no family relationships among any of our directors or executive officers.

Michael P. Connors has served as our Chairman of the Board and Chief Executive Officer since our inception. Mr. Connors also served as our Secretary and Treasurer from the date of our inception until December 2006. Mr. Connors served as Chairman and CEO of VNU's Media Measurement and Information (MMI) Group from its creation in 2001 until his resignation in 2005. Prior to his position with IMS, Mr. Weissman was Chairman and Chief Executive Officer of Cognizant Corporation, the former parent company of IMS, Nielsen Media Research, a provider of media data, and Gartner Group, an information technology research and advisory company, and prior to that, was Chairman and Chief Executive Officer of The Dun & Bradstreet Corporation (D&B) from 1994 to 1996. The Board of Directors recommends a vote "FOR" each of the nominees named above.

CORPORATE GOVERNANCE

Responsibilities of the Board of Directors

Our Board of Directors directs the management of our business and affairs, as provided by Delaware law, and conducts its business through meetings of the Board of Directors and three standing committees: the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee. In addition, from time to time, special committees may be established under the direction of the Board of Directors when necessary to address specific issues.

Leadership Structure

The Board of Directors determined that combining the CEO and Chairman positions, coupled with a Lead Independent Director position, strengthens the Company's governance structure and is the appropriate leadership model for the Company at this time. The Board of Directors believes that "one-size" does not fit all, and the decision of whether to combine or separate the positions of CEO and Chairman will vary company to company and depend upon a company's particular circumstances at a given point in time. Accordingly, the Board of Directors carefully considers from time to time whether the CEO and Chairman positions should be combined based on what the Board believes is best for the Company and its stockholders.

Board structures vary greatly among U.S. public corporations, with a majority of U.S. public corporations currently combining the positions of CEO and Chairman, according to a recent survey. The Board of Directors does not believe that the evidence demonstrates that any one leadership structure is more effective at creating long-term stockholder value. The Board of Directors believes that an effective leadership structure could be achieved either by combining or separating the CEO and Chairman positions so long as the structure encourages the free and open dialogue of competing views and provides for strong checks and balances. Specifically, an effective governance structure must balance the powers of the CEO and the independent directors and ensure that the independent directors are fully informed, able to discuss and debate the issues that they deem important, and able to provide effective oversight of management.

Since March 2009, Mr. Robert E. Weissman has served as the Lead Independent Director. In addition to presiding at executive sessions of the independent directors, the responsibilities of the Lead Independent Director also include:

leading the Board's processes for selecting and evaluating the Chief Executive Officer and Chairman;

presiding at all meetings of the Board at which the Chairman is not present;

calling additional meetings of the independent directors as appropriate;

assisting in scheduling Board meetings;

providing the Board of Directors with input as to the preparation of Board meeting agendas;

specifically requesting the inclusion of certain materials for Board meetings;

recommending, as appropriate, that the Board of Directors retain consultants who will report directly to the Board of Directors; and

acting as a liaison between the independent directors and the Chairman on sensitive issues.

Edgar Filing: Information Services Group Inc. - Form DEF 14A

The Board of Directors believes that the responsibilities delegated to the Lead Independent Director are substantially similar to many of the functions typically fulfilled by a board chairman. The Board of Directors believes that its Lead Independent Director position balances the need for effective and independent oversight of management with the need for strong, unified leadership.

Table of Contents

The Board of Directors believes that this structure is in the best interests of the Company at this time as it will allow for a balance of power between the CEO and the independent directors and will provide an environment in which its independent directors are fully informed, have significant input into the content of Board meeting agendas and are able to provide objective and thoughtful oversight of management.

Board Composition

The Board of Directors seeks to ensure that the Board is composed of members whose particular experience, qualifications, attributes and skills, when taken together, will allow the Board to satisfy its oversight responsibilities effectively. In that regard, the Nominating and Corporate Governance Committee is responsible for recommending candidates for all directorships to be filled by the Board or by the stockholders at an annual or special meeting. In identifying candidates for membership on the Board of Directors, the Nominating and Corporate Governance Committee takes into account (1) minimum individual qualifications, such as strength of character, mature judgment, industry knowledge or experience and an ability to work collegially with the other members of the Board of Directors and (2) all other factors it considers appropriate. In addition, although the Board does not have a policy with regard to the consideration of diversity in identifying director nominees, among the many factors that the Nominating and Corporate Governance Committee carefully considers are the benefits to the Company of diversity, including gender and racial diversity, in board composition.

After conducting an initial evaluation of a candidate, the Nominating and Corporate Governance Committee will interview that candidate if it believes the candidate might be suitable to be a director and may also ask the candidate to meet with other directors and management. If the Nominating and Corporate Governance Committee believes a candidate would be a valuable addition to the Board of Directors, it will recommend to the full Board of Directors that candidate's election.

When considering whether the Board's directors and nominees have the experience, qualifications, attributes and skills, taken as a whole, to enable the Board to satisfy its oversight responsibilities effectively in light of the Company's business and structure, the Board focused primarily on the information discussed in each of the Board members' or nominees' biographical information set forth on pages 25 to 26. In particular, with regards to Mr. Connors, the Board considered his extensive knowledge of the Company's business and his position as Chief Executive Officer of the Company with the responsibility for the day-to-day oversight of the Company's business operations. With regards to Messrs. Chrenc, Hobbs, Waite and Weissman and Ms. Raina, the Board considered their significant experience, expertise and background with regard to business, accounting and financial matters. With regards to Mr. Chrenc, the Board of Directors considered his extensive experience as Chief Financial Officer of ACNielsen Corporation, a leading provider of marketing information, and as a partner at Arthur Andersen LLP, an international accounting and professional services firm. With regards to Mr. Hobbs, the Board of Directors considered his extensive experience as the Chairman and CEO of various information and media companies, including VNU, Inc. With regards, to Ms. Raina, the Board of Directors considered her role as a senior executive with The Bank of New York and her service on the Audit Committee of RealNetworks. With regards to Mr. Waite, the Board considered his extensive experience in management consulting as a Managing Director with McKinsey & Company and his service as one of three members of McKinsey's Office of the Managing Director. With regards to Mr. Weissman, the Board considered his extensive experience as Chairman and CEO of various information and media companies, including The Dun & Bradstreet Corporation and IMS Health Incorporated. In addition, in connection with the nominations of Messrs. Connors and Weissman for election as directors at the 2010 Annual Meeting, the Board considered their valuable contributions to the Company's success during their years of Board service.

Table of Contents**Director Independence**

Our Board of Directors has six directors and the Board of Directors has affirmatively determined that all of the directors, other than Mr. Connors, including those who serve on the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee are "independent" for purposes of the The Nasdaq Stock Market LLC ("Nasdaq") listing standards and federal securities laws. In the course of the Board of Directors' determination regarding the independence of each non-management director, it considered any transactions, relationships and arrangements as required by the applicable Nasdaq rules and the rules and regulations of the Securities and Exchange Commission (the "SEC").

Executive Sessions

Our independent directors hold regularly scheduled meetings at which only independent directors are present.

Meeting Attendance

Directors are expected to attend Board meetings and meetings of the committees on which they serve and to spend the time needed, and meet as frequently as necessary, in order to properly discharge their responsibilities. The Board of Directors held five meetings during 2009. Each of the standing committees of the Board of Directors held the number of meetings indicated in the table below. During 2009, each of our directors attended at least 75% of the total number of meetings of the Board of Directors and all of the committees of the Board of Directors on which such director served held during that period.

This Annual Meeting will be our third annual stockholder meeting. ISG's policy is to invite each director to attend the Company's annual meeting of stockholders, but does not require attendance by all directors. ISG periodically monitors and reassesses this policy to ensure the Board remains open and available for stockholder communications.

Committees of the Board of Directors

The Audit, Compensation, and Nominating and Corporate Governance Committees each operate under a written charter adopted by the Board of Directors. Copies of these charters are available on our website (www.informationsg.com/governance).

The following table sets forth the three standing committees of the Board of Directors, the members of each committee during the last fiscal year and the number of meetings held by each committee during the last fiscal year:

The Audit Committee will at all times be composed exclusively of "independent directors" who are able to read and understand fundamental financial statements. In addition, ISG must certify to Nasdaq that it has, and will continue to have, at least one member of the Audit Committee who has past employment experience in finance or accounting, requisite professional certification in accounting, or any other comparable experience or background which results in the individual's financial sophistication. The Board of Directors has determined that Mr. Chrenc satisfies Nasdaq's definition of financial sophistication and also qualifies as an "audit committee financial expert," as defined under the rules and regulations of the SEC.

Additional information regarding the Audit Committee is set forth in the Report of the Audit Committee immediately following Proposal No. 2.

Compensation Committee

The Compensation Committee consists of Mr. Weissman, as Chairman, Mr. Chrenc, Mr. Hobbs, Ms. Raina and Mr. Waite. The Compensation Committee is responsible for overseeing the compensation and employee benefit plans and practices of the Company, including administering the 2007 Equity Incentive Plan and the 2007 Employee Stock Purchase Plan. reviewing with the Chief Executive Officer the performance and compensation of all other executive officers;

reviewing and discussing the Compensation Discussion and Analysis section contained in this Proxy Statement; and

reviewing and establishing policies concerning any management perquisite and similar benefits.

In accordance with applicable federal securities laws and the rules of Nasdaq, ISG has adopted a Compensation Committee charter that delineates these duties and responsibilities.

The Board of Directors has determined that all of the members of the Compensation Committee meet the independence requirements mandated by Nasdaq, the rules of the SEC, the Internal Revenue Service, in each case as they are applicable to serving on the Compensation Committee, and our standards of independence.

No executive officer of ISG: (1) served as a member of the compensation committee of another entity, one of whose executive officers served on the Compensation Committee of ISG; (2) served as a director of another entity, one of whose executive officers served on the Compensation Committee of ISG; or (3) served as a member of the compensation committee of another entity, one of whose executive officers served as a director of ISG.

The Compensation Committee has retained Steven Hall & Partners ("SH&P") to advise it in connection with fulfilling its responsibilities with respect to the Company's executive and Board of Director compensation programs. For a discussion of the nature and scope of SH&P's assignment, and the material elements of the instructions or directions given to SH&P with respect to the performance of their duties under the engagement, please see: "Use of Third Party Consultants" on pages 27 to 28. SH&P maintains no other direct or indirect business relationships with the Company.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee consists of Mr. Waite, as Chairman, Mr. Chrenc, Mr. Hobbs, Ms. Raina and Mr. Weissman. The Nominating and Corporate Governance Committee is responsible for, among other things:

developing, recommending and monitoring corporate governance guidelines for ISG and the Board of Directors;

identifying and reviewing the qualifications of candidates for Board membership;

recommending to the Board of Directors candidates to fill vacancies on the Board which occur between annual meetings of stockholders or for election at annual meetings;

recommending to the Board of Directors criteria regarding the composition of the Board, the total size of the Board and the proportion of employee and non-employee directors;

recommending to the Board of Directors committee memberships and chairpersons; and

consulting with the Board of Directors annually regarding the independence of each member of the Board.

In accordance with applicable federal securities laws and the rules of Nasdaq, ISG has adopted a Nominating and Corporate Governance Committee charter that delineates these duties and responsibilities.

Edgar Filing: Information Services Group Inc. - Form DEF 14A

The Board of Directors has determined that all of the members of the Nominating and Corporate Governance Committee meet the independence requirements mandated by Nasdaq, the rules of the

SEC, in each case as they are applicable to serving on the Nominating and Corporate Governance Committee, and our standards of independence.

The Nominating and Corporate Governance Committee will consider candidates for nomination as a director recommended by stockholders, directors, officers, third party search firms and other sources. In identifying candidates for membership on the Board of Directors, the Nominating and Corporate Governance Committee takes into account, without limitation, factors such as judgment, skill, diversity, character, integrity, collegiality, willingness to act upon and be accountable for majority Board decisions, experience (particularly with businesses and other organizations of comparable size and within similar or related industries) and how that experience interplays with that of the other Board members, independence from management, and the ability of the candidate to attend Board and Committee meetings regularly and to devote an appropriate amount of time and effort in preparation for those meetings. Ultimately, the Nominating and Corporate Governance Committee will nominate those individuals who it believes will, in conjunction with other members of the Board, best collectively serve the long-term interests of the Company's stockholders.

In assessing stockholder nominees, the Nominating and Corporate Governance Committee will consider the same criteria utilized for other candidates, but will also consider whether the candidate can serve the best interests of all stockholders of the Company and not be beholden to the sponsoring person or group. Individuals recommended by stockholders for nomination as a director will be considered in accordance with the procedures described under "Stockholder Proposals and Nominations."

Oversight of Risk Management

On behalf of the Board of Directors, the Audit Committee is responsible for oversight of the Company's risk management policies and procedures. The Company is exposed to a number of risks including financial risks, operational risks and risks relating to regulatory and legal compliance. The Audit Committee discusses with management the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures, including the guidelines and policies to govern the process by which risk assessment and risk management are undertaken. The Company's Chief Financial Officer is responsible for the Company's risk management function and regularly works closely with the Company's senior executives to identify risks material to the Company. The Chief Financial Officer reports regularly to the Chief Executive Officer and the Company's Audit Committee regarding the Company's risk management policies and procedures. In that regard, the Company's Chief Financial Officer meets with the Audit Committee at least four times a year to discuss the risks facing the Company, highlighting any new risks that may have arisen since they last met. The Audit Committee also reports to the Board on a regular basis to apprise the Board of their discussions with the Chief Financial Officer regarding the Company's risk management efforts.

Code of Ethics

We have adopted a code of ethics applicable to our directors, officers and employees in accordance with applicable federal securities laws and the rules of Nasdaq. You may obtain a copy of ISG's code of ethics, free of charge, by contacting our Corporate Secretary. You can also find a link to the code on our website (www.informationsg.com). ISG intends to disclose amendments to or waivers from a required provision of its code on Form 8-K.

Certain Relationships and Transactions with Related Persons

On February 6, 2007, ISG entered into a registration rights agreement with certain stockholders including Oenoke Partners, LLC, which was an affiliate of certain executive officers, including Messrs. Connors, Doppelt and Gould ("Oenoke"), Robert J. Chrenc and Robert E. Weissman under

which these stockholders are entitled to make up to two demands that we register the resale of their shares and warrants and shares underlying the warrants. These stockholders may elect to exercise these registration rights at any time, subject to the transfer restrictions imposed by the lock-up agreements. In addition, these stockholders have certain "piggy-back" registration rights on registration statements filed subsequent to November 16, 2007, subject to the transfer restrictions imposed by the lock-up agreements. ISG will bear the expenses incurred in connection with the filing of any such registration statements.

ISG's policy is to require that any transaction with a related person required to be reported under applicable SEC rules, other than compensation-related matters, be reviewed and approved or ratified by a majority of independent, disinterested directors. ISG has not adopted procedures for review of, or standards for approval of, these transactions, but instead reviews such transactions on a case-by-case basis.

PROPOSAL NO. 2
RATIFICATION OF ENGAGEMENT OF INDEPENDENT
REGISTERED PUBLIC ACCOUNTING FIRM

On March 3, 2010, the Audit Committee and the Board of Directors engaged PricewaterhouseCoopers LLP to continue in its capacity as independent registered public accounting firm for the fiscal year ending December 31, 2010. Stock holders will be asked at the Annual Meeting to ratify the engagement of PricewaterhouseCoopers LLP as its independent registered public accounting firm for the fiscal year ending December 31, 2010.

Although the engagement of PricewaterhouseCoopers LLP is not required to be submitted to a vote of the stockholders, the Board of Directors believes it appropriate as a matter of policy to request that the stockholders ratify the selection of its independent registered public accounting firm for the fiscal year ending December 31, 2010. If the stockholders fail to ratify the appointment, the Audit Committee of the Board of Directors will consider it as a direction to select other auditors for the subsequent year. Even if the selection is ratified, the Board of Directors or the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if the Board of Directors or Audit Committee feels that such a change would be in the best interests of the Company and our stockholders.

The Company anticipates that a representative of PricewaterhouseCoopers LLP will be present at the Annual Meeting. Such representative will be given the opportunity to make a statement if he or she desires to do so, and is expected to be available to respond to appropriate questions at the meeting.

The following table sets forth the aggregate fees billed to the Company for the fiscal years ended December 31, 2009 and December 31, 2008 by PricewaterhouseCoopers LLP:

	Fiscal Years	
	December 31, 2009	December 31, 2008
Audit Fees(1)	\$ 519,376	\$ 642,983
Audit-Related Fees(2)	3,999	50,570
Tax Fees(3)	172,483	380,205
 Total Fees	 \$ 695,858	 \$ 1,073,758

-
- (1) Audit Fees consist of fees billed for professional services rendered for the audit of the Company's consolidated annual financial statements and review of the interim consolidated financial statements included in quarterly reports and services that are normally provided by our independent registered public accountants in connection with statutory and regulatory filings or engagements.
- (2) Audit-Related Fees consist of fees billed for assurance and related services that are reasonably related to the performance of the audit or review of the Company's consolidated financial statements and are not reported under "Audit Fees." This category includes fees related to software licenses and services rendered in connection with SEC registration statements.
- (3) Includes fees for professional services rendered in fiscal 2009 and 2008 in connection with tax compliance (including U.S. federal and international returns) and tax consulting.

The Audit Committee has considered whether the provisions of services described in the table above are compatible with maintaining auditor independence. Before the independent auditor is engaged by the Company or its subsidiaries to render audit or non-audit services, the Audit Committee shall pre-approve the engagement. Audit Committee pre-approval of audit and non-audit services will

Table of Contents

not be required if the engagement for the services is entered into pursuant to pre-approval policies and procedures established by the Audit Committee regarding the Company's engagement of the independent auditor, provided the policies and procedures are detailed as to the particular service, the Audit Committee is informed of each service provided and such policies and procedures do not include delegation of the Audit Committee's responsibilities under the Securities Exchange Act of 1934, as amended, to the Company's management.

Approval of this proposal requires the affirmative vote of a majority of the votes cast by holders of shares of ISG common stock represented in person or by proxy and entitled to vote at the Annual Meeting. Abstentions and broker non-votes will have no effect on the outcome of this proposal.

The Board of Directors recommends a vote FOR the engagement of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2010.

REPORT OF THE AUDIT COMMITTEE

The directors who serve on the Audit Committee are all "independent" in accordance with Nasdaq requirements, the applicable SEC rules and regulations and our standards of independence. We have reviewed and discussed with management the Company's Annual Report on Form 10-K, which includes the Company's audited consolidated financial statements for the year ended December 31, 2009, management's report on internal control over financial reporting as of December 31, 2009 and the independent registered public accounting firm's attestation report (which are required pursuant to Section 404 of the Sarbanes-Oxley Act of 2002).

During 2009, the Audit Committee fulfilled all of its responsibilities under its charter that was effective during 2009. As part of the Company's governance practices, the Audit Committee reviews its charter on an annual basis and, when appropriate, recommends to the Board of Directors changes to its charter. The Board of Directors adopted changes to the Audit Committee charter in January 2008. The revised Audit Committee charter can be obtained through our website (www.informationsg.com).

We have discussed with the independent registered public accounting firm, PricewaterhouseCoopers LLP, the matters required to be discussed by the Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended (AICPA, *Professional Standards*, Vol. 1. AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

We have received and reviewed the written disclosures and the letter from PricewaterhouseCoopers LLP, required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence, and have discussed with the registered public accounting firm their independence.

Based on the reviews and discussions referred to above, we recommended to the Company's Board of Directors that the Company's Annual Report on Form 10-K for the year ended December 31, 2009 be filed with the Securities and Exchange Commission.

During 2009, Robert J. Chrenc, Robert E. Weissman, Gerald S. Hobbs, Kalpana Raina and Donald C. Waite III served as members of the Audit Committee.

**PROPOSAL NO. 3
AMENDMENT TO THE 2007 EQUITY INCENTIVE PLAN**

ISG's 2007 Equity Incentive Plan was initially adopted effective November 13, 2007. On March 3, 2010, the Board of Directors authorized and approved the Amended and Restated 2007 Equity Incentive Plan (the "Plan"), subject to stockholder approval. The purpose of the amendment and restatement is (i) to increase the number of shares authorized for issuance under the plan by 4,500,000, (ii) to modify the way that authorized shares under the plan are counted so that the pool of authorized shares that may be issued is "fungible," as further discussed below; (iii) to seek re-approval of the material terms of the plan (including the performance goals) in order to satisfy the requirements of Section 162(m) of the Internal Revenue Code with respect to certain performance awards that may be granted under the Plan and (iv) to extend the term of the plan so that the plan will be effective from the date of stockholder approval of the amended and restated plan until the fifth anniversary of such date. The Company is not seeking to make any other material changes to the terms of the Plan at this time.

If stockholders approve the proposed Amended and Restated 2007 Equity Incentive Plan, ISG has reserved 8,500,000 shares of ISG common stock for issuance under the Plan (including shares previously issued and shares subject to currently outstanding awards). The following is a summary of the material features of the Plan. The full text of the Amended and Restated 2007 Equity Incentive Plan is attached hereto as Annex A.

Purposes

The purposes of the Plan are to promote the interests of ISG and its stockholders by (i) attracting and retaining key employees, directors and independent contractors of ISG and its subsidiaries; (ii) motivating such individuals by means of performance-related incentives to achieve longer-range performance goals; and (iii) enabling such individuals to participate in the long-term growth and financial success of ISG.

The Plan will be administered by ISG's compensation committee.

Number of Shares Authorized Under the Amended and Restated 2007 Equity Incentive Plan

The equity incentive plan authorizes the grant of awards to participants with respect to a maximum of 8,500,000 shares of ISG's common stock (the "share pool"), subject to adjustment to avoid dilution or enlargement of intended benefits in the event of certain significant corporate events. This represents an increase of 4,500,000 shares from the currently authorized pool. Plan awards may be made in the form of (i) nonqualified stock options; (ii) stock options intended to qualify as incentive stock options under Section 422 of the Internal Revenue Code (stock options described in clause (i) and (ii), "options"); (iii) stock appreciation rights; (iv) restricted stock and/or restricted stock units; (v) performance awards and (vi) other stock based awards; provided, however, that any one share of ISG common stock that is subject to an award (and any per share value referenced in any award), other than any options and stock appreciation rights, granted on or after the effective date of the Plan, will be counted as reducing the number of shares available under the share pool by 1.44 Shares (the "counting rule"). The maximum number of shares underlying options and stock appreciation rights that may be granted under the Plan to any one participant in any given calendar year may not exceed 750,000 and the maximum amount that may be earned under the Plan during a calendar year by a participant in connection with the settlement of awards designated as "performance compensation awards" will be: (x) with respect to performance compensation awards that are denominated in shares, 500,000 shares and (y) with respect to performance compensation awards that are not denominated in Shares, \$5,000,000. In the case of performance periods extending more than one calendar year, the

Table of Contents

applicable limitation will be apportioned over the number of full and partial years in the performance period.

The delivery of shares upon the exercise or settlement of an award will reduce the shares available under the Plan by the number of shares counted in respect of the award under the counting rule. Shares which are subject to awards which terminate, lapse, or are forfeited or canceled, excluding the withholding of shares to pay the exercise price or tax withholding obligations relating to options and stock appreciation rights, will be deemed not to have been delivered and will be available for further awards under the Plan. Cash settlement of an award in any manner will reduce the shares available under the Plan by the per share payment of cash.

On March 29, 2010, the last reported sale price of ISG's Common Stock as reported in the Nasdaq Global Market was \$3.51 per share.

Substitute Awards

Awards may be made under the Plan in assumption of, or in substitution for, outstanding awards previously granted by ISG or its affiliates or a company acquired by ISG or with which ISG combines. The number of shares underlying any such assumed or substitute awards will not be counted against the aggregate number of shares which otherwise are available for grant under the Plan in the case of an assumption or substitution of awards for those of a company acquired by ISG or with which ISG combines.

Limitations

No award may be granted under the Plan after the fifth anniversary of the effective date of the Plan, which would be the date of stockholder approval of the Plan, but awards theretofore granted may extend beyond that date. Notwithstanding any provision in the Plan to the contrary, the repricing of an option or stock appreciation right, once granted hereunder, is prohibited without prior approval of our stockholders. For this purpose, a "repricing" means any of the following (or any other action that has the same effect as any of the following): (i) changing the terms of an option or stock appreciation right to lower its exercise price; (ii) any other action that is treated as a "repricing" under generally accepted accounting principles; and (iii) repurchasing canceling an option or stock appreciation right at a time when its exercise price is greater than the fair market value of the underlying shares for cash or in exchange for another award, unless the cancellation and exchange occurs in connection with a change in capitalization or similar change permitted under the adjustment and change in control provisions of the Plan. Such cancellation and exchange would be considered a "repricing" regardless of whether it is treated as a "repricing" under generally accepted accounting principles and regardless of whether it is voluntary on the part of the participant.

Eligibility

Executive officers and other employees of ISG and its subsidiaries, and non-employee directors and independent contractors are eligible to be selected to be participants in the Plan. As of March 29, 2010, approximately 525 persons are potentially eligible for awards under the plan. Equity awards currently outstanding under the 2007 Equity Incentive Plan were held by a total of 323 current and former ISG employees as of March 29, 2010. Nothing in the Plan precludes the compensation committee from authorizing payment of other compensation, including bonuses based upon performance, to executive officers, other employees, non-employee directors and independent contractors outside of the plan.

Table of Contents

Terms and Conditions of Options

Options granted under the Plan will be, as determined by the compensation committee, non-qualified or incentive stock options for federal income tax purposes, as evidenced by the related award agreements, and will be subject to the foregoing and the following terms and conditions and to such other terms and conditions, not inconsistent therewith, as the compensation committee will determine:

Option Exercise Price. The option exercise price per share will be determined by the compensation committee, but will not be less than 100% of the fair market value of a share on the date an option is granted (other than in the case of options granted in substitution of previously granted awards).

Exercisability. Options granted under the Plan will be exercisable at such time and upon such terms and conditions as may be determined by the compensation committee, but in no event will an option be exercisable more than ten years after the date it is granted. The compensation committee will determine the vesting terms of options, in its discretion.

Exercise of Options. Except as otherwise provided in the Plan or in an award agreement, an option may be exercised for all, or from time to time any part, of the shares for which it is then exercisable. The exercise date of an option will be the later of the date a notice of exercise is received by ISG and, if applicable, the date payment is received by ISG pursuant to clauses (i), (ii), (iii) or (iv) in the following sentence. The purchase price for the shares as to which an option is exercised will be paid to ISG as designated by the compensation committee, pursuant to one or more of the following methods: (i) in cash or its equivalent, (ii) in shares having a fair market value equal to the aggregate option exercise price for the shares being purchased and satisfying such other requirements as may be imposed by the compensation committee (which may include the withholding by ISG of shares deliverable upon exercise of the option to satisfy the exercise price), (iii) partly in cash and partly in such shares, (iv) through the delivery of irrevocable instructions to a broker to sell shares obtained upon the exercise of the option and to deliver promptly to ISG an amount out of the proceeds of such sale equal to the aggregate option exercise price for the shares being purchased or (v) through net settlement in shares. No participant will have any rights to dividends or other rights of a stockholder with respect to shares subject to an option until the participant has given written notice of exercise of the option, paid in full for such shares and, if applicable, has satisfied any other conditions imposed by the compensation committee pursuant to the Plan.

Incentive Stock Options. The compensation committee may grant options under the Plan that are intended to be incentive stock options. Such incentive stock options will comply with the requirements of Section 422 of the Internal Revenue Code (or any successor section thereto). No incentive stock option may be granted to any participant who at the time of such grant, owns more than ten percent of the total combined voting power of all classes of stock of ISG or of any subsidiary, unless (i) the option exercise price for such incentive stock option is at least 110% of the fair market value of a share on the date the incentive stock option is granted and (ii) the date on which such incentive stock option terminates is a date not later than the day preceding the fifth anniversary of the date on which the incentive stock option is granted.

Terms and Conditions of Stock Appreciation Rights

Grants. The compensation committee may grant (i) a stock appreciation right independent of an option or (ii) a stock appreciation right in connection with an option, or a portion thereof. A stock appreciation right granted in connection with an option (A) may be granted at the time the related option is granted or at any time prior to the exercise or cancellation of the related option, (B) will cover the same number of shares covered by an option (or such lesser number of shares as the

Table of Contents

compensation committee may determine) and (C) will be subject to the same terms and conditions as such option except for such additional limitations as the compensation committee may impose.

Terms. The exercise price per share of a stock appreciation right will be an amount determined by the compensation committee but in no event will such amount be less than the fair market value of a share on the date the stock appreciation right is granted (other than in the case of stock appreciation rights granted in substitution of previously granted awards); provided, however, that in the case of a stock appreciation right granted in conjunction with an option, or a portion thereof, the exercise price may not be less than the option exercise price of the related option. Each stock appreciation right granted independent of an option entitles a participant upon exercise to an amount equal to (i) the excess of (A) the fair market value on the exercise date of one share over (B) the exercise price per share, times (ii) the number of shares or portion thereof covered by the stock appreciation right being exercised. Each stock appreciation right granted in conjunction with an option, or a portion thereof, entitles a participant to surrender to ISG the unexercised option and to receive from ISG in exchange therefore an amount equal to (i) the excess of (A) the fair market value on the exercise date of one share over (B) the option exercise price per share, times (ii) the number of shares covered by the option, or portion thereof, which is surrendered. Payment will be made in shares or in cash, with any shares valued at fair market value at the exercise date, all as determined by the compensation committee.

Limitations. The compensation committee may impose, in its discretion, such vesting requirements and conditions upon the exercisability of stock appreciation rights as it may deem fit, but in no event will a stock appreciation right be exercisable more than ten years after the date it is granted.

Other Stock-Based Awards

Generally. The compensation committee, in its sole discretion, may grant or sell awards of shares, awards of restricted shares, restricted share units and awards that are valued in whole or in part by reference to, or are otherwise based on the fair market value of, shares. Such other stock-based awards will be in such form, and dependent on such conditions, as the compensation committee will determine, including, without limitation, the right to receive, or vest with respect to, one or more shares (or the equivalent cash value of such shares) upon the completion of a specified period of service, the occurrence of an event and/or the attainment of performance objectives. Other stock-based awards may be granted alone or in addition to any other awards granted under the Plan. Subject to the provisions of the Plan, the compensation committee will determine to whom and when other stock-based awards will be made, the number of shares to be awarded under (or otherwise related to) such other stock-based awards; whether such other stock-based awards will be settled in cash, shares or a combination of cash and shares; the vesting provisions of the awards and all other terms and conditions of the awards.

Performance-Based Awards. Notwithstanding anything to the contrary herein, certain other stock-based awards or cash awards may be granted in a manner which is intended to be deductible by ISG under Section 162(m) of the Internal Revenue Code (or any successor section thereto) ("performance-based awards"). A participant's performance-based award will be determined based on the attainment of written performance goals approved by the compensation committee for a performance period established by the compensation committee (i) while the outcome for that performance period is substantially uncertain and (ii) no more than 90 days after the commencement of the performance period to which the performance goal relates or, if less, the number of days which is equal to 25 percent of the relevant performance period. The performance goals, which must be objective, will be based upon one or more of the following criteria: (i) consolidated earnings before or after taxes (including earnings before interest, taxes, depreciation and amortization); (ii) net income; (iii) operating income; (iv) earnings per share; (v) book value per share; (vi) return on stockholders'

Table of Contents

equity; (vii) expense management; (viii) return on investment; (ix) improvements in capital structure; (x) profitability of an identifiable business unit or product; (xi) maintenance or improvement of profit margins; (xii) stock price; (xiii) market share; (xiv) revenues or sales; (xv) costs; (xvi) cash flow; (xvii) working capital (xviii) return on assets and (xix) total stockholder return. The foregoing criteria may relate to ISG, one or more of its affiliates or one or more of its or their divisions or units, or any combination of the foregoing, and may be applied on an absolute basis and/or be relative to one or more peer group companies or indices, or any combination thereof, all as the compensation committee will determine. In addition, to the degree consistent with Section 162(m) of the Internal Revenue Code, the performance goals may be calculated without regard to extraordinary items. The compensation committee will determine whether, with respect to a performance period, the applicable performance goals have been met with respect to a given participant and, if they have, will so certify and ascertain the amount of the applicable performance-based award. No performance-based awards will be paid for such performance period until such certification is made by the compensation committee. The amount of the performance-based award actually paid to a given participant may be less than the amount determined by the applicable performance goal formula, at the discretion of the compensation committee, except that in the case of share-denominated performance-based awards with multi-year performance periods this discretion may be specifically reserved at the time of grant if the failure to do so would result in the accounting expense for such award not being measured at the time of grant. The amount of the performance-based award determined by the compensation committee for a performance period will be paid to the participant at such time as determined by the compensation committee in its sole discretion after the end of such performance period; provided, however, that a participant may, if and to the extent permitted by the compensation committee and consistent with the provisions of Section 162(m) of the Internal Revenue Code, elect to defer payment of a performance-based award.

Transferability

Unless otherwise determined by the compensation committee (and subject to the limitation that in no circumstances may an award be transferred by the participant for consideration or value), an award will not be transferable or assignable by the participant otherwise than by will or by the laws of descent and distribution or to a designated beneficiary in the event of death. An award exercisable after the death of a participant may be exercised by the legatees, personal representatives, distributees or designated beneficiaries of the participant.

Adjustments upon certain events/Change of Control

In the event of any change in the outstanding shares after the effective date of the Plan by reason of any share dividend or split, reorganization, recapitalization, merger, consolidation, spin-off, combination, combination or transaction or exchange of shares or other corporate exchange or equity restructuring (as defined under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 718), or any distribution to stockholders other than regular cash dividends or any transaction similar to the foregoing, the compensation committee shall make such substitution or adjustment, if any, in a manner it deems to be equitable, as to (i) the number or kind of shares or other securities issued or reserved for issuance pursuant to the Plan or pursuant to outstanding awards, (ii) the maximum number of shares for which options or stock appreciation rights may be granted during a calendar year to any participant, (iii) the maximum amount of a performance-based award that may be granted during a calendar year to any participant, (iv) the option exercise price or exercise price of any stock appreciation right and/or (v) any other affected terms of such awards; provided, that, for the avoidance of doubt, in the case of the occurrence of any of the foregoing events that is an "equity restructuring" (within the meaning of the FASB ASC Topic 718), the committee shall make an equitable adjustment to all outstanding awards to reflect such event.

Table of Contents

In the event of a change in control after the effective date, (i) if determined by the compensation committee in the applicable award agreement or otherwise, any outstanding awards then held by participants which are unexercisable or otherwise unvested or subject to lapse and/or performance restrictions will automatically be deemed exercisable or otherwise vested or no longer subject to lapse and/or performance restrictions, as the case may be, as of immediately prior to such change in control and (ii) the compensation committee may, but will not be obligated to, (A) accelerate, vest or cause the restrictions to lapse with respect to all or any portion of an award, (B) cancel such awards for fair value (as determined in the sole discretion of the compensation committee) which, in the case of options and stock appreciation rights, may equal the excess, if any, of value of the consideration to be paid in the change in control transaction to holders of the same number of shares subject to such options or stock appreciation rights (or, if no consideration is paid in any such transaction, the fair market value of the shares subject to such options or stock appreciation rights) over the aggregate exercise price of such options or stock appreciation rights, (C) provide for the issuance of substitute awards that will substantially preserve the otherwise applicable terms of any affected awards previously granted hereunder as determined by the compensation committee in its sole discretion or (D) provide that for a period of at least ten business days prior to the change in control, such options or stock appreciation rights will be exercisable as to all shares subject thereto and that upon the occurrence of the change in control, such options or stock appreciation rights will terminate and be of no further force and effect.

Amendment to the Plan

The Board of Directors may amend, alter or discontinue the Plan, but no amendment, alteration or discontinuation will be made, (a) without the approval of the stockholders of ISG, if such action would, increase the total number of shares reserved for the purposes of the Plan or change the maximum number of shares for which awards may be granted to any participant, (b) without the consent of a participant, if such action would materially diminish any of the rights of the participant under any award theretofore granted to such participant under the Plan or (c) other than as permitted in the Plan, relating to repricing of options or stock appreciation rights, to permit such repricing without the approval of the stockholders of ISG; provided, however, that the compensation committee may amend the Plan in such manner as it deems necessary to permit the granting of awards meeting the requirements of the Internal Revenue Code or other applicable laws (including, without limitation, to avoid adverse tax consequences to ISG or to participants). Under these rules, however, stockholder approval will not necessarily be required for all amendments which might increase the cost of the Plan or broaden eligibility.

Section 409A of the Internal Revenue Code

It is intended that awards under the Plan will not be granted, deferred, accelerated, extended, paid out or modified in a manner that would result in the imposition of an additional tax under Section 409A of the Internal Revenue Code upon a participant. If the compensation committee reasonably determines that, as a result of Section 409A of the Internal Revenue Code, a payment in respect of an award constitutes deferred compensation and the payment in connection with a termination of service would result in a tax penalty to the participant, ISG will make such payment on the first day that would not result in the participant incurring such a penalty.

Federal Income Tax Consequences Relating to Awards Under the Amended and Restated 2007 Equity Incentive Plan

The following summary of the federal income tax consequences relating to awards under the Plan is intended to reflect the current provisions of the Internal Revenue Code and the regulations thereunder. This summary is not intended to be a complete statement of applicable tax law, and in

Table of Contents

particular it does not address federal taxes other than income taxes and state and local tax considerations.

Certain United States Federal Income Tax Consequences of Options and Stock Appreciation Rights

Certain of the United States federal income tax consequences to a participant and to his or her employer resulting from stock options and stock appreciation rights granted under the Plan should generally be as set forth in the following summary:

A participant to whom an incentive stock option that qualifies under Section 422 of the Internal Revenue Code is granted will not recognize income at the time of grant or exercise of such option. No federal income tax deduction will be allowable to the participant's employer upon the grant or exercise of such incentive stock option. However, upon the exercise of an incentive stock option, special alternative minimum tax rules apply for the participant.

When the participant sells shares acquired through the exercise of an incentive stock option more than one year after the date of transfer of such shares and more than two years after the date of grant of such incentive stock option, the participant will normally recognize a long-term capital gain or loss equal to the difference, if any, between the sale prices of such shares and the incentive stock option exercise price of the incentive stock option. If the participant does not hold such shares for this period, when the participant sells such shares, the participant will recognize ordinary compensation income and possibly capital gain or loss in such amounts as are prescribed by the Internal Revenue Code and regulations thereunder, and the participant's employer will generally be entitled to a federal income tax deduction in the amount of such ordinary compensation income, but no deduction for any capital gain recognized by the participant.

An individual to whom an option that is not an incentive stock option (a "non-qualified option" or a stock appreciation right is granted will not recognize income at the time of grant of such option or stock appreciation right. When such individual exercises such non-qualified option or stock appreciation right, the individual will recognize ordinary compensation income equal to the excess, if any, of the fair market value, as of the date of exercise, of the shares the individual receives, over the option exercise price or, in the case of a stock appreciation right, the fair market value of the shares or cash received upon exercise. The individual's tax basis of shares received upon exercise will be equal to the exercise price paid, in the case of an option, plus the amount includable in the individual's gross income resulting from exercise of the option or stock appreciation right. The individual's capital gains holding period for such shares will commence on the day after which the individual recognized taxable income in respect of such shares. Subject to applicable provisions of the Internal Revenue Code and regulations thereunder, the employer of such individual will generally be entitled to a federal income tax deduction in respect of the exercise of non-qualified options or stock appreciation rights in an amount equal to the ordinary compensation income recognized by the individual. Any such compensation includable in the gross income of a participant in respect of a non-qualified option or stock appreciation right will be subject to appropriate federal, state, local and foreign income and employment taxes.

Certain United States Federal Income Tax Consequences of Restricted Stock and Other Awards

Generally, ISG receives a deduction and a participant recognizes taxable income equal to the fair market value of the restricted stock at the time or times that restrictions on shares awarded lapse, unless the participant elects to recognize the full fair market value of the restricted stock awarded as income immediately upon grant of the shares, by so electing not later than 30 days after the date of grant by ISG to the participant of a restricted stock award as permitted under Section 83(b) of the Internal Revenue Code (such an election, a "Section 83(b) election"). In the event the participant makes such an election, the participant is taxed at ordinary income tax rates, and ISG is entitled to a

Table of Contents

deduction for an equivalent amount at the same time. Upon disposition by a participant of any restricted shares following the lapse of any restrictions, any difference between the participant's tax basis in the shares (e.g., the amount of the ordinary income recognized, if any, by the participant upon either the making of the Section 83(b) election or upon the lapsing of the restrictions, as applicable) and the amount realized on the participant's disposition of shares is treated as short-term or long-term capital gain or loss. Upon a forfeiture of restricted stock as to which the participant filed a Section 83(b) election, the participant would not be entitled to any tax deduction, including as a capital loss, for the value of the shares or property on which he or she previously paid tax. Whether or not a participant recognizes a short-term or long-term capital gain or loss depends upon whether the participant held our shares before disposition thereof for less than or more than one year after the earlier to occur of the date the participant made the Section 83(b) election or the lapsing of the restrictions on the relevant shares, as applicable, and whether or not the participant recognized a gain or loss upon such disposition.

Regarding awards other than options, stock appreciation rights and restricted stock, awards that result in a transfer to the participant of cash or shares or other property generally will have terms intended to meet applicable requirements under Section 409A of the Internal Revenue Code, which regulates deferred compensation. If no restriction on transferability or substantial risk of forfeiture applies to amounts distributed to a participant, the participant generally must recognize ordinary income equal to the cash or the fair market value of shares or property actually received. Thus, for example, if we grant an award of restricted stock units that has vested but which requires an additional period to elapse before cash or shares will be distributed under the vested award, the participant should not become subject to income tax until the time at which shares or cash are actually distributed, and the individual's employer generally should become entitled to claim a tax deduction at that time.

As discussed above, compensation that qualifies as "performance-based" compensation is excluded from the \$1 million deductibility cap of Section 162(m) of the Internal Revenue Code, and therefore remains fully deductible by the company that pays it. Under the Plan, options and stock appreciation rights, performance awards to employees the compensation committee expects to be named executive officers (other than the Chief Financial Officer) at the time compensation is received, and certain other awards which are conditioned upon achievement of performance goals are intended to qualify as such "performance-based" compensation. A number of requirements must be met in order for particular compensation to so qualify, however, so there can be no assurance that such compensation under the Plan will be fully deductible under all circumstances. In addition, other awards under the plan, such as non-performance-based restricted stock and restricted stock units, generally will not so qualify, so that compensation paid to certain executives in connection with such awards may, to the extent it and other compensation subject to Section 162(m) exceed the \$1 million deductibility cap in a given year, not be deductible by ISG as a result of Section 162(m) of the Internal Revenue Code. Compensation to certain employees resulting from vesting of awards in connection with a change in control or termination following a change in control also may be non-deductible under Sections 4999 and 280G of the Internal Revenue Code.

The discussion set forth above does not purport to be a complete analysis of all potential tax consequences relevant to recipients of awards under the Plan or their employers or to describe tax consequences based on particular circumstances and does not address the consequences of all possible forms of awards that may be granted under the Plan. It is based on United States federal income tax law and interpretational authorities as of the date of this proxy, which is subject to change at any time.

New Plan Benefits Under the Amended and Restated 2007 Equity Incentive Plan

Future awards under the Plan will be granted in the discretion of the compensation committee. The type, number, recipients and other terms of such future awards cannot be determined at this time. Information regarding our recent practices with respect to stock-based compensation under current

plans is presented in the "Compensation Discussion and Analysis," "Summary Compensation Table," "Grants of Plan-Based Awards Table" and "Outstanding Equity Awards at Fiscal Year-End Table" elsewhere in this Proxy Statement and in our financial statements for the fiscal year ended December 31, 2009 included in the Annual Report which accompanies this Proxy Statement.

If stockholders decline to approve the Amended and Restated 2007 Equity Incentive Plan, no additional shares will become available for awards under the Plan, but awards may continue to be granted under the current terms of the 2007 Equity Incentive Plan, to the extent of available shares and cash-based awards, and otherwise under other authority of the Board of Directors and the compensation committee.

Securities Authorized for Issuance under Equity Compensation Plan

The following table lists information regarding outstanding options and shares reserved for future issuance under the 2007 Equity Incentive Plan as of December 31, 2009. ISG has not issued any shares of its common stock to employees as compensation under a plan that has not been approved by its stockholders.

(1) The weighted-average exercise price does not take into account the shares issuable upon vesting of outstanding stock awards which have no exercise price.

(2) Includes 1,026,034 shares available for future issuance under the Company's Employee Stock Purchase Plan.

Required Vote

The affirmative vote of a majority of the votes cast by holders of shares of common stock present in person or by proxy at the meeting is required to approve the Plan. In determining whether the proposal has received the requisite number of affirmative votes, abstentions and broker non-votes will have no impact on such matter since they are not considered "votes cast" for voting purposes.

The Board of Directors recommends a vote FOR adoption of the amendment to the equity incentive plan proposal.

COMPENSATION OF OFFICERS AND DIRECTORS

Background

The Company was formed as a blank check company on July 20, 2006 to serve as a vehicle for the acquisition of a then unidentified operating business. On November 16, 2007, the Company completed the acquisition of TPI and 2008 was the Company's first full year as a public operating company. This discussion addresses compensation as it relates to ISG's named executive officers: Michael P. Connors, Chairman and Chief Executive Officer; David E. Berger, Executive Vice President and Chief Financial Officer; Frank D. Martell, Former Executive Vice President and Chief Financial Officer; Earl H. Doppelt, Executive Vice President, General Counsel and Corporate Secretary; and Richard G. Gould, Executive Vice President (herein referred to as the "Named Executive Officers"). Messrs. Connors, Martell, Doppelt and Gould collectively hold 7,285,937 shares of the Company's common stock and 6,500,000 warrants exercisable into shares of the Company's common stock. Mr. Berger joined ISG in 2009 and purchased 125,000 shares of ISG's common stock.

Oversight of Compensation

The Compensation Committee is responsible for overseeing the compensation and employee benefit plans and practices of the Company. The Compensation Committee approves all executive compensation arrangements. The Compensation Committee charter sets forth the purpose of and other matters pertaining to the Compensation Committee. See pages 8 to 9 for further details regarding the duties and responsibilities of the Compensation Committee.

Use of Third Party Consultants

Pursuant to its charter, the Compensation Committee has the authority to retain, as needed, any independent counsel, compensation and benefits consultants and other outside experts or advisors as the Compensation Committee believes to be necessary or appropriate. On November 26, 2007, the Compensation Committee retained the firm of Steven Hall & Partners ("SH&P") as its compensation consultant to assist with director remuneration. In May 2008, the Compensation Committee engaged SH&P to serve as its independent executive compensation consultant in the discharge of its responsibilities for director remuneration and the development and evaluation of executive compensation policies, practices and awards.

SH&P was engaged by and reports directly to the Compensation Committee. The Compensation Committee is responsible for approving payments to the consultant, and the Compensation Committee is solely responsible for engagement and termination of the consultant. While conducting assignments, the Compensation Committee anticipates that SH&P will interact with the Company's management when appropriate to gather internal perspectives and relevant company and compensation data. In addition, SH&P may seek feedback from the Compensation Committee Chairman, other members of the Compensation Committee or the Board of Directors, or the Chairman and Chief Executive Officer of the Board of Directors in developing recommendations for the Compensation Committee's consideration.

The Compensation Committee anticipates calling upon SH&P, as appropriate, to attend Compensation Committee meetings, meet with the Compensation Committee without management present and provide third-party data, advice and expertise on proposed executive compensation levels, programs and plan designs. The Compensation Committee may also ask SH&P to review and provide advice related to proposals prepared by management, including evaluating the consistency of such proposals with the Compensation Committee's compensation philosophy and in comparison to programs at other companies.

Table of Contents

In 2009, the Compensation Committee requested SH&P to advise it on a variety of compensation-related issues, including: director remuneration, market compensation practices, review of equity award grant levels and proxy disclosure.

In the course of conducting its activities during 2009, SH&P attended meetings of the Compensation Committee and presented its findings and recommendations for discussion. During the course of the year, SH&P conferred with management to obtain and validate data and review materials.

SH&P provides only executive compensation consulting services to us, and does not provide other services such as employee compensation, benefits administration or actuarial services.

Compensation Discussion and Analysis

It is the Company's intent that its executive compensation programs achieve three fundamental objectives: (1) attract, motivate and retain qualified executives; (2) hold executives accountable for performance; and (3) align executives' interests with the interests of our stockholders. In structuring the Company's executive compensation programs, we intend to be guided by the following basic philosophies:

Competition. The Company should provide competitive compensation opportunities so that it can attract, motivate and retain executives qualified to lead and grow the Company.

Pay for Performance. A substantial portion of compensation should be tied to achievement of Company and individual performance goals based on the Company's long-term business strategy and annual objectives. Such incentives should be appropriate to our Company's business mission and not encourage Named Executive Officers or other employees to expose the Company to risk that is reasonably likely to have a material adverse effect on the Company.

Alignment with Stockholder Interests. A substantial portion of compensation should be contingent on the creation of stockholder value. As an executive officer's level of responsibility increases, a greater portion of the officer's total compensation should be dependent on the Company's performance and stockholder returns.

As described in more detail below, the material elements of our executive compensation program will include some or a mix of the following, at the discretion of the Compensation Committee: a base salary, an annual cash incentive opportunity for award, and an equity component. We believe that these elements of our executive compensation program will help us to achieve our compensation objectives. The executive compensation program is intended to attract, motivate and retain qualified executives. The base salary is the element of our current executive compensation program where its value in any given year is generally not variable. We anticipate that any annual incentive or equity awarded in any given year will depend on the performance of the individual and the performance of the Company. Base salaries are paid on a current basis. Any annual incentive award would generally be paid out on a short-term basis, such as at year end or upon completion of significant projects. Equity awards would generally be made on a longer-term basis. We believe that the proper balance of longer-term and short-term elements will focus our executives on achievement of annual objectives and fulfillment of our strategy to create long-term value for our stockholders.

These compensation elements are intended to create a total compensation package for each executive that we believe will achieve the Company's objectives and provide fair and competitive opportunities.

Base Salary

The Compensation Committee plans to review and approve base salaries for executives, including Named Executive Officers, annually and in connection with promotions or other changes in

Table of Contents

responsibilities. The Compensation Committee will generally review the base salaries of each executive on an annual basis, and intends to consider market data, individual compensation history, pay in relation to other executives at the Company, tax deductibility, individual job performance and future potential, as well as evaluations and recommendations by senior management in determining base salary. The weight given to each of these factors may differ from individual to individual, as the Compensation Committee deems appropriate.

Effective October 1, 2008, Messrs. Martell, Doppelt and Gould began receiving annual base salaries of \$500,000, \$400,000 and \$400,000, respectively. Effective July 1, 2009, Mr. Connors began receiving an annual base salary of \$650,000. On September 24, 2009, Mr. Berger signed an employment letter with ISG. Pursuant to the employment letter, Mr. Berger receives an annual base salary of \$550,000. The Compensation Committee referred to various data provided by SH&P for background information and took into account other information regarding the individuals. The data provided by SH&P was used for general reference and for perspective on market compensation practices, and not to specifically benchmark Named Executive Officer salary levels to any percentile or to within a range of percentiles derived from the background data.

Individual factors considered by the Compensation Committee in determining the base salaries of Messrs. Connors, Martell, Doppelt and Gould were primarily (i) the experiences and capabilities of the four Named Executive Officers which qualify them to hold comparable positions at significantly larger publicly held companies, (ii) the Named Executive Officers' salaries and total compensation in prior positions, (iii) the current and anticipated future benefit to ISG from having such well qualified executives, which enables ISG to pursue its business strategy of acquiring, integrating and managing additional businesses under the leadership of an experienced management team that has achieved previous business success, (iv) the absence of any compensation for prior service to ISG, and (v) the absence of other elements in ISG's compensation program, such as long-term incentive compensation, retirement benefits, and other standard elements of compensation customarily provided to executive officers in comparable positions at other companies. Individual factors considered by the Compensation Committee in determining the base salary of Mr. Berger include: (i) a competitive base salary in order to attract, retain and motivate a chief financial officer, (ii) the experiences and capabilities of Mr. Berger which qualify him to hold a comparable position at a larger publicly held company; and (iii) Mr. Berger's salary and total compensation in prior positions. In making its determinations on base salary, the Compensation Committee took into account the fact that ISG evaluated each Named Executive Officer's overall job performance as highly satisfactory, without rating individual accomplishments. The Compensation Committee's decision on base salaries represented an exercise of its judgment based on the considerations described above, without specifically weighing separate factors.

Annual Bonus and Incentive Awards

The Compensation Committee may award discretionary performance bonuses to certain executives. Any discretionary performance bonus will be dependent upon the financial results of the Company and the executive's contribution to such results based on the Compensation Committee's assessment of the Company's profitable growth and strategic progress as well as the executive's own performance.

The Compensation Committee awarded the Named Executive Officers discretionary performance bonuses for 2008. The bonuses were not based on pre-set financial or other objectives, but were discretionary. The Compensation Committee took into account a number of considerations in setting the bonuses of each Named Executive Officer, without applying a formula or giving factors a mathematical weighting. The Compensation Committee considered ISG's financial results in 2008 in setting the bonuses of each Named Executive Officer, particularly in light of the difficult business conditions that prevailed. In addition to the Company's financial results, the Compensation Committee considered the significant accomplishments of the Named Executives Officers including, but not limited

Table of Contents

to, the continued integration of TPI, the expansion of TPI's services and the evaluation of strategic opportunities to build on the Company's platform. The Compensation Committee viewed these as management team accomplishments.

The Compensation Committee did not make annual bonus awards to the Named Executive Officers for 2009 in light of ISG's financial performance.

Long-Term Equity Incentive Awards

The Compensation Committee has the authority to grant stock options, restricted stock and other awards under the Company's Amended and Restated 2007 Equity Incentive Plan to executives.

The Compensation Committee believes that the executives' long-term compensation should be directly linked to the Company's strategic progress and creation of stockholder value. Consequently, the Compensation Committee will consider establishing a program whereby executives' long-term compensation may be granted in the form of awards such as stock options, stock appreciation rights, performance shares and/or restricted stock units, at the discretion of the Compensation Committee. The number of shares of the Company's common stock subject to each award will be intended to create a meaningful stock incentive in light of the executive's current position with the Company, personal performance, potential impact and contributions to the growth of the enterprise and marketplace practice.

Pursuant to Mr. Berger's employment letter with ISG, Mr. Berger was granted 125,000 restricted stock units that will vest ratably on the first, second, third and fourth anniversaries of October 5, 2009. Upon vesting, the restricted stock units will be settled in shares of common stock. The Compensation Committee awarded the restricted stock units to Mr. Berger in order to attract and retain him as the Chief Financial Officer of ISG and to align his interests with those of the ISG stockholders. The Compensation Committee believes the restricted stock units enhance Mr. Berger's retention because they vest ratably over a four-year period. The Compensation Committee considered the competitive market for an executive with Mr. Berger's talent and experience in granting the restricted stock units.

None of the other Named Executive Officers received any long-term equity incentive awards during 2009.

Severance and Other Benefits Upon Termination of Employment

In determining whether to enter into a severance agreement with an executive officer, the Compensation Committee considers the significance of the executive officer's position with the Company, its ability to attract and retain talent as a result of executive management changes and the amount of time it would take the executive to locate another position.

Mr. Berger entered into a severance agreement with ISG on October 5, 2009, which provides for a severance payment in an amount equal to his base salary plus target bonus for the applicable year if Mr. Berger is terminated by ISG "without cause" or if Mr. Berger resigns for "good reason." "Cause" is defined in the severance agreement as (a) the executive's willful misconduct with regard to the Company; (b) any act involving fraud or material dishonesty in connection with the business of the Company or its affiliates; (c) a material violation of the Company's code of conduct or other policy; or (d) conviction of, or a plea of nolo contendere to, any felony whatsoever. "Good reason" is defined in the severance agreement as, without the executive's express written consent, the occurrence of any of the following circumstances: (i) a reduction in the executive's annual base salary and/or target annual incentive (excluding any reduction in the executive's base salary and/or target annual incentive that is part of a plan to reduce compensation of comparably situated employees of the Company generally; (ii) a material diminution in the nature or scope of the executive's responsibilities, duties or authority; (iii) the relocation by the Company of the executive's primary place of employment with the Company

Table of Contents

to a location more than fifty (50) miles outside of the executive's current principal place of employment (which shall not be deemed to occur due to a requirement that the executive travel in connection with the performance of his or her duties); or (iv) the Company gives notice of non-extension of the term of the severance agreement (which the parties agree constitutes a material breach of the severance agreement). The Compensation Committee believes that the provisions in the severance agreement with Mr. Berger governing termination and severance arrangements are consistent with ISG's compensation objectives to attract, motivate and retain highly talented executive officers in a competitive environment.

The Company has not entered into any other change in control agreements or other severance arrangements with any of its executives.

Employment Letter with Mr. Berger

On September 24, 2009, Mr. Berger entered into an employment letter with the Company (the "Employment Letter"). Pursuant to the Employment Letter, Mr. Berger receives a base salary of \$550,000 and a target bonus opportunity of \$350,000 for 2010. For 2010, the bonus opportunity will be guaranteed at \$350,000 so long as Mr. Berger remains employed through December 31, 2010. In addition, pursuant to the 2007 Equity Incentive Plan, Mr. Berger was granted 125,000 restricted stock units that vest ratably over four years pursuant to the Company's standard award agreement (time-based), which required Mr. Berger to execute the Company's standard restrictive covenant agreement. Also, pursuant to the Employment Letter, Mr. Berger was required to purchase 125,000 shares of ISG common stock, which he purchased on November 12, 2009. Finally, as discussed above, Mr. Berger entered into a severance agreement with the Company, which provides for a severance payment equal to the sum of Mr. Berger's base salary and bonus opportunity for the applicable year, in the event Mr. Berger's employment is terminated by the Company without "cause" or by Mr. Berger as a result of "good reason."

Option Grant Practices and Policies

It is the practice of the Compensation Committee to grant stock options under the Amended and Restated 2007 Equity Incentive Plan with an exercise price equal to or greater than the closing price of the Company's Common Stock on the date of grant.

Section 162(m) Policy

Section 162(m) of the Internal Revenue Code disallows a tax deduction to publicly-held companies for compensation paid to certain executive officers, to the extent that compensation exceeds \$1 million per officer in any year. The limitation applies only to compensation which is not considered to be performance-based. The Compensation Committee intends to consider the anticipated tax treatment to the Company and our executive officers when reviewing executive compensation and our compensation programs. Section 162(m) did not limit our tax deductions relating to compensation recognized as income by our Named Executive Officers in 2009.

3. Shares Subject to the Plan

Subject to Section 9, the total number of Shares which may be delivered under the Plan is 8,500,000 (the "Share Pool"), which includes the addition of 4,500,000 Shares as of the Effective Date; provided, however, that any one Share that is subject to an Award (and any per Share value referenced in any Award), other than any Options and Stock Appreciation Rights, granted on or after the Effective Date, shall be counted as reducing the number of Shares available under the Share Pool by 1.44 Shares (the "Counting Rule"). The maximum number of Shares underlying Options and Stock Appreciation Rights that may be granted to any one Participant in any given calendar year is 750,000. The Shares may consist, in whole or in part, of unissued Shares or treasury Shares. The delivery of Shares upon the exercise of an Award or in consideration of the cancellation or termination of an Award shall reduce the total number of Shares available under the Plan by the same number of Shares delivered, subject to the Counting Rule described above, as applicable. Shares which are subject to Awards which terminate, lapse, or are forfeited or canceled (but excluding the withholding of Shares to pay the exercise price or tax withholding obligations relating to Options and Stock Appreciation Rights) will be deemed not to have been delivered and will be available for further Awards under the Plan. For the avoidance of doubt, Shares which are subject to Awards other than Options or Stock Appreciation Rights which are withheld to pay tax withholding obligations will be deemed not to have been delivered and will be available for further Awards under the Plan. The cash settlement of an Award in any manner shall reduce the total number of Shares available under the Plan by the per Share payment of cash.

4. Administration

(a) *Delegation*. The Plan shall be administered by the Committee, which may delegate its duties and powers in whole or in part to any subcommittee thereof consisting solely of at least two individuals who are intended to qualify as "Non-Employee Directors" within the meaning of Rule 16b-3 under the Act (or any successor rule thereto), "independent directors" within the meaning of the applicable principal national exchange listed company rules and "outside directors" within the meaning of Section 162(m) of the Code (or any successor section thereto). Additionally, the Committee may delegate the authority to grant Awards under the Plan to any employee or group of employees of ISG or an Affiliate; *provided that* such delegation and grants are consistent with applicable law and guidelines established by the Board from time to time; *provided, further, however*, that the Board may, to the extent permitted under applicable law, delegate such power and authority, otherwise delegated to the Committee, to any committee of the Board, including a committee composed of a member of the Board, to grant equity-based awards to certain employees of ISG pursuant to the terms of the Plan, other than any "directors" or "officers" of ISG as defined under Section 16 of the Act or any "covered employees" as defined under Section 162(m) of the Code.

(b) *Substitute Awards*. Awards may, in the discretion of the Committee, be made under the Plan in assumption of, or in substitution for, outstanding awards previously granted by ISG or its affiliates or a company acquired by ISG or with which ISG combines. The number of Shares underlying such substitute awards shall not be counted against the aggregate number of Shares available for Awards under the Plan in the case of an assumption or substitution of awards for those of a company acquired

Table of Contents

by ISG or with which ISG combines. In no event may this provision be utilized to permit the repricing of Options or Stock Appreciation Rights in a manner not contemplated under Section 9 of this Plan.

(c) *Interpretation.* The Committee is authorized to interpret the Plan, to establish, amend and rescind any rules and regulations relating to the Plan, and to make any other determinations that it deems necessary or desirable for the administration of the Plan. The Committee may correct any defect or supply any omission or reconcile any inconsistency in the Plan in the manner and to the extent the Committee deems necessary or desirable. Any decision of the Committee in the interpretation and administration of the Plan, as described herein, shall lie within its sole and absolute discretion and shall be final, conclusive and binding on all parties concerned (including, but not limited to, Participants and their beneficiaries or successors).

(d) *Terms.* The Committee shall have the full power and authority to establish the terms and conditions of any Award consistent with the provisions of the Plan and to waive any such terms and conditions at any time (including, without limitation, accelerating or waiving any vesting conditions).

(e) *Taxes.* The Committee shall require payment of any amount it may determine to be necessary to withhold for federal, state, local or other taxes as a result of the exercise, grant or vesting or settlement of an Award. Unless the Committee otherwise specifies in an Award agreement or otherwise, and subject to limitations as the Committee may impose (including due to applicable law or accounting rules), the Participant may elect to pay a portion or all of such mandatory withholding taxes by (i) delivery in Shares or (ii) having Shares withheld by ISG from any Shares that would have otherwise been received by the Participant under the Award. The Committee is authorized to require withholding of Shares otherwise deliverable under an Award to satisfy such mandatory withholding taxes.

5. Limitations

No Award may be granted under the Plan after the fifth anniversary of the Effective Date, but Awards theretofore granted may extend beyond that date.

Notwithstanding any provision herein to the contrary, the repricing of an Option or Stock Appreciation Right, once granted hereunder, is prohibited without prior approval of the Company's shareholders. For this purpose, a "repricing" means any of the following (or any other action that has the same effect as any of the following): (i) changing the terms of an Option or Stock Appreciation Right to lower its exercise price; (ii) any other action that is treated as a "repricing" under generally accepted accounting principles; and (iii) repurchasing an Option or Stock Appreciation Right for cash or canceling an Option or Stock Appreciation Right at a time when its exercise price is greater than the Fair Market Value of the underlying Shares in exchange for another Award, unless the repurchase or cancellation and exchange occurs in connection with a change in capitalization or similar change permitted under Section 9(a) or (b) below. Such cancellation and exchange would be considered a "repricing" regardless of whether it is treated as a "repricing" under generally accepted accounting principles and regardless of whether it is voluntary on the part of the Participant.

6. Terms and Conditions of Options

Options granted under the Plan shall be, as determined by the Committee, non-qualified or incentive stock options for federal income tax purposes, as evidenced by the related Award agreements, and shall be subject to the foregoing and the following terms and conditions and to such other terms and conditions, not inconsistent therewith, as the Committee shall determine:

(a) *Option Price.* The Option Price per Share shall be determined by the Committee, but shall not be less than 100% of the Fair Market Value of a Share on the date an Option is granted

Table of Contents

(other than in the case of Options granted in substitution of previously granted awards, as described in Section 4).

(b) *Exercisability.* Options granted under the Plan shall be exercisable at such time and upon such terms and conditions as may be determined by the Committee, but in no event shall an Option be exercisable more than ten years after the date it is granted.

(c) *Exercise of Options.* Except as otherwise provided in the Plan or in an Award agreement, an Option may be exercised for all, or from time to time any part, of the Shares for which it is then exercisable. For purposes of Section 6 of the Plan, the exercise date of an Option shall be the later of the date a notice of exercise is received by ISG and, if applicable, the date payment is received by ISG pursuant to clauses (i), (ii), (iii) or (iv) in the following sentence. The purchase price for the Shares as to which an Option is exercised shall be paid to ISG as designated by the Committee, pursuant to one or more of the following methods: (i) in cash or its equivalent (e.g., by personal check), (ii) in Shares having a Fair Market Value equal to the aggregate Option Price for the Shares being purchased and satisfying such other requirements as may be imposed by the Committee, which may include the withholding by the Company of Shares deliverable upon exercise of the Option to satisfy the exercise price, (iii) partly in cash and partly in such Shares, (iv) if there is a public market for the Shares at such time, through the delivery of irrevocable instructions to a broker to sell Shares obtained upon the exercise of the Option and to deliver promptly to ISG an amount out of the proceeds of such Sale equal to the aggregate Option Price for the Shares being purchased and (v) through net settlement in Shares as described in Section 4(e)(ii) above. No Participant shall have any rights to dividends or other rights of a stockholder with respect to Shares subject to an Option until the Participant has given written notice of exercise of the Option, paid in full for such Shares and, if applicable, has satisfied any other conditions imposed by the Committee pursuant to the Plan.

(d) *ISOs.* The Committee may grant Options under the Plan that are intended to be ISOs. Such ISOs shall comply with the requirements of Section 422 of the Code (or any successor section thereto). No ISO may be granted to any Participant who at the time of such grant, owns more than ten percent of the total combined voting power of all classes of stock of ISG or of any Subsidiary, unless (i) the Option Price for such ISO is at least 110% of the Fair Market Value of a Share on the date the ISO is granted and (ii) the date on which such ISO terminates is a date not later than the day preceding the fifth anniversary of the date on which the ISO is granted. Any Participant who disposes of Shares acquired upon the exercise of an ISO either (i) within two years after the date of grant of such ISO or (ii) within one year after the transfer of such Shares to the Participant, shall notify ISG of such disposition and of the amount realized upon such disposition. All Options granted under the Plan are intended to be nonqualified stock options, unless the applicable Award agreement expressly states that the Option is intended to be an ISO. If an Option is intended to be an ISO, and if for any reason such Option (or portion thereof) shall not qualify as an ISO, then, to the extent of such nonqualification, such Option (or portion thereof) shall be regarded as a nonqualified stock option granted under the Plan; *provided* that such Option (or portion thereof) otherwise complies with the Plan's requirements relating to nonqualified stock options. In no event shall any member of the Committee, ISG or any of its Affiliates (or their respective employees, officers or directors) have any liability to any Participant (or any other Person) due to the failure of an Option to qualify for any reason as an ISO.

(e) *Attestation.* Wherever in this Plan or any agreement evidencing an Award a Participant is permitted to pay the exercise price of an Option or taxes relating to the exercise of an Option by delivering Shares, the Participant may, subject to procedures satisfactory to the Committee, satisfy such delivery requirement by presenting proof of beneficial ownership of such Shares, in which case ISG shall treat the Option as exercised without further payment and/or shall withhold such number of Shares from the Shares acquired by the exercise of the Option, as appropriate.

7. Terms and Conditions of Stock Appreciation Rights

(a) *Grants.* The Committee may grant (i) a Stock Appreciation Right independent of an Option or (ii) a Stock Appreciation Right in connection with an Option, or a portion thereof. A Stock Appreciation Right granted pursuant to clause (ii) of the preceding sentence (A) may be granted at the time the related Option is granted or at any time prior to the exercise or cancellation of the related Option, (B) shall cover the same number of Shares covered by an Option (or such lesser number of Shares as the Committee may determine) and (C) shall be subject to the same terms and conditions as such Option except for such additional limitations as are contemplated by this Section 7 (or such additional limitations as may be included in an Award agreement).

(b) *Terms.* The exercise price per Share of a Stock Appreciation Right shall be an amount determined by the Committee but in no event shall such amount be less than the Fair Market Value of a Share on the date the Stock Appreciation Right is granted (other than in the case of Stock Appreciation Rights granted in substitution of previously granted awards, as described in Section 4); *provided, however*, that in the case of a Stock Appreciation Right granted in conjunction with an Option, or a portion thereof, the exercise price may not be less than the Option Price of the related Option. Each Stock Appreciation Right granted independent of an Option shall entitle a Participant upon exercise to an amount equal to (i) the excess of (A) the Fair Market Value on the exercise date of one Share over (B) the exercise price per Share, times (ii) the number of Shares or portion thereof covered by the Stock Appreciation Right being exercised. Each Stock Appreciation Right granted in conjunction with an Option, or a portion thereof, shall entitle a Participant to surrender to ISG the unexercised Option, or any portion thereof, and to receive from ISG in exchange therefore an amount equal to (i) the excess of (A) the Fair Market Value on the exercise date of one Share over (B) the Option Price per Share, times (ii) the number of Shares covered by the Option, or portion thereof, which is surrendered. Payment shall be made in Shares or in cash, or partly in Shares and partly in cash (any such Shares valued at such Fair Market Value), all as shall be determined by the Committee. Stock Appreciation Rights may be exercised from time to time upon actual receipt by ISG of written notice of exercise stating the number of Shares with respect to which the Stock Appreciation Right is being exercised. The date a notice of exercise is received by ISG shall be the exercise date. No fractional Shares will be issued in payment for Stock Appreciation Rights, but instead cash will be paid for a fraction or, if the Committee should so determine, the number of Shares will be rounded downward to the next whole Share.

(c) *Limitations.* The Committee may impose, in its discretion, such conditions upon the exercisability of Stock Appreciation Rights as it may deem fit, but in no event shall a Stock Appreciation Right be exercisable more than ten years after the date it is granted.

8. Other Stock-Based Awards

(a) *Generally.* The Committee, in its sole discretion, may grant or sell Awards of Shares, Awards of restricted Shares, Awards of restricted Share units and Awards that are valued in whole or in part by reference to, or are otherwise based on the Fair Market Value of, Shares ("Other Stock-Based Awards"). Such Other Stock-Based Awards shall be in such form, and dependent on such conditions, as the Committee shall determine, including, without limitation, the right to receive, or vest with respect to, one or more Shares (or the equivalent cash value of such Shares) upon the completion of a specified period of service, the occurrence of an event and/or the attainment of performance objectives. Other Stock-Based Awards may be granted alone or in addition to any other Awards granted under the Plan. Subject to the provisions of the Plan, the Committee shall determine to whom and when Other Stock-Based Awards will be made, the number of Shares to be awarded under (or otherwise related to) such Other Stock-Based Awards; whether such Other Stock-Based Awards shall be settled in cash, Shares or a combination of cash and Shares; and all other terms and conditions of such Awards

Table of Contents

(including, without limitation, the vesting provisions thereof and provisions ensuring that all Shares so awarded and issued shall be fully paid and non-assessable).

(b) *Performance-Based Awards.* Notwithstanding anything to the contrary herein, certain Other Stock-Based Awards granted under this Section 8 may be granted in a manner which is intended to be deductible by ISG under Section 162(m) of the Code (or any successor section thereto) ("Performance-Based Awards"). A Participant's Performance-Based Award shall be determined based on the attainment of written performance goals approved by the Committee for a performance period established by the Committee (i) while the outcome for that performance period is substantially uncertain and (ii) no more than 90 days after the commencement of the performance period to which the performance goal relates or, if less, the number of days which is equal to 25 percent of the relevant performance period. The performance goals, which must be objective, shall be based upon one or more of the following criteria: (i) consolidated earnings before or after taxes (including earnings before interest, taxes, depreciation and amortization); (ii) net income; (iii) operating income; (iv) earnings per Share; (v) book value per Share; (vi) return on shareholders' equity; (vii) expense management; (viii) return on investment; (ix) improvements in capital structure; (x) profitability of an identifiable business unit or product; (xi) maintenance or improvement of profit margins; (xii) stock price; (xiii) market share; (xiv) revenues or sales; (xv) costs; (xvi) cash flow; (xvii) working capital (xviii) return on assets and (xix) total shareholder return. The foregoing criteria may relate to ISG, one or more of its Affiliates or one or more of its or their divisions or units, or any combination of the foregoing, and may be applied on an absolute basis and/or be relative to one or more peer group companies or indices, or any combination thereof, all as the Committee shall determine. In addition, to the degree consistent with Section 162(m) of the Code (or any successor section thereto), the performance goals may be calculated without regard to extraordinary items. The maximum amount of Performance-Based Awards that may be earned during a calendar year by any Participant shall be: (x) with respect to Performance-Based Awards that are denominated in Shares, 500,000 Shares and (y) with respect to Performance-Based Awards that are not denominated in Shares, \$5,000,000. For this purpose, the applicable limitation on a Performance-Based Award that may be earned over a period longer than one calendar year will be apportioned evenly over the number of full and partial years in the performance period. The Committee shall determine whether, with respect to a performance period, the applicable performance goals have been met with respect to a given Participant and, if they have, shall so certify and ascertain the amount of the applicable Performance-Based Award. No Performance-Based Awards will be paid for such performance period until such certification is made by the Committee. The amount of the Performance-Based Award actually paid to a given Participant may be less than the amount determined by the applicable performance goal formula, at the discretion of the Committee, except that in the case of share-denominated Performance-Based Awards with multi-year performance periods this discretion may be specifically reserved at the time of grant if the failure to do so would result in the accounting expense for such Award not being measured at the time of grant. The amount of the Performance-Based Award determined by the Committee for a performance period shall be paid to the Participant at such time as determined by the Committee in its sole discretion after the end of such performance period; provided, however, that a Participant may, if and to the extent permitted by the Committee and consistent with the provisions of Section 162(m) of the Code, elect to defer payment of a Performance-Based Award.

9. Adjustments Upon Certain Events

Notwithstanding any other provisions in the Plan to the contrary, the following provisions shall apply to all Awards granted under the Plan:

(a) *Generally.* In the event of any change in the outstanding Shares after the Effective Date by reason of any Share dividend or split, or in the event of any reorganization, recapitalization, merger, consolidation, spin-off, combination, combination or transaction or exchange of Shares or

Table of Contents

other corporate exchange, or equity restructuring (as defined under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 718), or any distribution to shareholders other than regular cash dividends, or any transaction similar to the foregoing, the Committee shall make such substitution or adjustment, if any, in a manner it deems to be equitable (subject to Section 17 below), as to (i) the number or kind of Shares or other securities issued or reserved for issuance pursuant to the Plan or pursuant to outstanding Awards, (ii) the maximum number of Shares for which Options or Stock Appreciation Rights may be granted during a calendar year to any Participant (iii) the maximum amount of a Performance-Based Award that may be granted during a calendar year to any Participant, (iv) the Option Price or exercise price of any Stock Appreciation Right and/or (v) any other affected terms of such Awards; provided, that, for the avoidance of doubt, in the case of the occurrence of any of the foregoing events that is an "equity restructuring" (within the meaning of the FASB ASC Topic 718), the Committee shall make an equitable adjustment to all outstanding awards to reflect such event.

(b) *Change in Control.* In the event of a Change in Control after the Effective Date, (i) if determined by the Committee in the applicable Award agreement or otherwise at the time of the Change in Control, any outstanding Awards then held by Participants which are unexercisable or otherwise unvested or subject to lapse and/or performance restrictions shall automatically be deemed exercisable or otherwise vested or no longer subject to lapse and/or performance restrictions, as the case may be, as of immediately prior to such Change of Control and (ii) the Committee may (subject to Section 17 below), but shall not be obligated to, (A) accelerate, vest or cause the restrictions to lapse with respect to all or any portion of an Award, (B) cancel such Awards for fair value (as determined in the sole discretion of the Committee) which, in the case of Options and Stock Appreciation Rights, may equal the excess, if any, of value of the consideration to be paid in the Change in Control transaction to holders of the same number of Shares subject to such Options or Stock Appreciation Rights (or, if no consideration is paid in any such transaction, the Fair Market Value of the Shares subject to such Options or Stock Appreciation Rights) over the aggregate exercise price of such Options or Stock Appreciation Rights, (C) provide for the issuance of substitute Awards that will substantially preserve the otherwise applicable terms of any affected Awards previously granted hereunder as determined by the Committee in its sole discretion or (D) provide that for a period of at least ten (10) business days prior to the Change in Control, such Options and Stock Appreciation Rights shall be exercisable as to all shares subject thereto and that upon the occurrence of the Change in Control, such Options and Stock Appreciation Rights shall terminate and be of no further force and effect.

10. No Right to Employment or Awards

The granting of an Award under the Plan shall impose no obligation on ISG or any Affiliate to continue the Employment of a Participant and shall not lessen or affect ISG's or Affiliate's right to terminate the Employment of such Participant. No Participant or other Person shall have any claim to be granted any Award, and there is no obligation for uniformity of treatment of Participants, or holders or beneficiaries of Awards. The terms and conditions of Awards and the Committee's determinations and interpretations with respect thereto need not be the same with respect to each Participant (whether or not such Participants are similarly situated).

11. Successors and Assigns

The Plan shall be binding on all successors and assigns of ISG and a Participant, including without limitation, the estate of such Participant and the executor, administrator or trustee of such estate, or any receiver or trustee in bankruptcy or representative of the Participant's creditors.

Table of Contents

12. Nontransferability of Awards

Unless otherwise determined by the Committee (and subject to the limitation that in no circumstances may an Award be transferred by the Participant for consideration or value), an Award shall not be transferable or assignable by the Participant otherwise than by will or by the laws of descent and distribution or to a designated beneficiary in the event of death. An Award exercisable after the death of a Participant may be exercised by the legatees, personal representatives, distributees or designated beneficiaries of the Participant.

13. Amendments or Termination

The Board may amend, alter or discontinue the Plan, but no amendment, alteration or discontinuation shall be made, (a) without the approval of the shareholders of ISG, if such action would (except as is provided in Section 9 of the Plan), increase the total number of Shares reserved for the purposes of the Plan or change the maximum number of Shares for which Awards may be granted to any Participant, (b) without the consent of a Participant, if such action would materially diminish any of the rights of the Participant under any Award theretofore granted to such Participant under the Plan or (c) subject to Section 5, relating to repricing of Options or Stock Appreciation Rights, to permit such repricing without the approval of the shareholders of ISG; *provided, however*, that the Committee may amend the Plan in such manner as it deems necessary to permit the granting of Awards meeting the requirements of the Code or other applicable laws (including, without limitation, to avoid adverse tax consequences to ISG or to Participants), and the Committee may otherwise amend the Plan where such action is within the scope of the Committee's authority under its Charter and subject to any shareholder approval or other requirement that would apply had such amendment been adopted by the Board.

Without limiting the generality of the foregoing, to the extent applicable, notwithstanding anything herein to the contrary, this Plan and Awards issued hereunder shall be interpreted in accordance with Section 409A of the Code and Department of Treasury regulations and other interpretative guidance issued thereunder, including without limitation any such regulations or other guidance that may be issued after the Effective Date. Notwithstanding any provision of the Plan to the contrary, in the event that the Committee determines that any amounts payable hereunder will be taxable to a Participant under Section 409A of the Code and related Department of Treasury guidance prior to payment to such Participant of such amount, ISG may (a) adopt such amendments to the Plan and Awards and appropriate policies and procedures, including amendments and policies with retroactive effect, that the Committee determines necessary or appropriate to preserve the intended tax treatment of the benefits provided by the Plan and Awards hereunder and/or (b) take such other actions as the Committee determines necessary or appropriate to avoid the imposition of an additional tax under Section 409A of the Code.

14. International Participants

With respect to Participants who reside or work outside the United States of America and who are not (and who are not expected to be) "covered employees" within the meaning of Section 162(m) of the Code, the Committee may, in its sole discretion, amend the terms of the Plan or Awards with respect to such Participants in order to conform such terms with the requirements of local law or to obtain more favorable tax or other treatment for a Participant, ISG or an Affiliate.

15. Choice of Law

The Plan shall be governed by and construed in accordance with the laws of the State of Delaware without regard to conflicts of laws.

Table of Contents

16. Effectiveness of the Plan

The original effective date of this Plan was November 13, 2007; provided, however, that this Plan as amended and restated shall be effective on the date on which the Company's shareholders approve the Plan (such date, the "Effective Date"). The Committee's authority to grant new Awards under the Plan shall terminate on the fifth anniversary of the Effective Date, subject to earlier termination by the Board pursuant to Section 13.

17. Section 409A Delay of Payment

Notwithstanding other provisions of the Plan or any Award agreements thereunder, no Award shall be granted, deferred, accelerated, extended, paid out or modified under this Plan in a manner that would result in the imposition of an additional tax under Section 409A of the Code upon a Participant. In the event that it is reasonably determined by the Committee that, as a result of Section 409A of the Code, payments in respect of any Award under the Plan may not be made at the time contemplated by the terms of the Plan or the relevant Award agreement, as the case may be, without causing the Participant holding such Award to be subject to taxation under Section 409A of the Code, ISG will make such payment on the first day that would not result in the Participant incurring any tax liability under Section 409A of the Code which, with respect to any Participant that is a "specified employee" within the meaning of Section 409A of the Code, will be no earlier than the first day following six months after termination of Employment (other than due to death), if such payment is payable in respect of such termination. ISG shall use commercially reasonable efforts to implement the provisions of this Section 17 in good faith; *provided* that neither ISG, the Committee nor any of ISG's employees, directors or representatives shall have any liability to Participants with respect to this Section 17.
