**PROXY STATEMENT
FOR THE 2015 ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON JUNE 11, 2015**

GENERAL INFORMATION ABOUT VOTING

This proxy statement is furnished in connection with the solicitation of proxies by the Board of Directors of Atlantic Tele-Network, Inc., a Delaware corporation, for use at the 2015 Annual Meeting of Stockholders to be held on June 11, 2015, at 9:00 am ET, or any adjournments or postponements thereof.

We are mailing this proxy statement together with our Annual Report to Stockholders and our Annual Report on Form 10-K for the year ended December 31, 2014 (excluding exhibits) and a proxy card or voting instruction for the Annual Meeting on or about April 28, 2015.

Important Notice Regarding the Availability of Proxy Materials for the Annual Meeting of Stockholders to be held on June 11, 2015: This Proxy Statement, our 2014 Annual Report to Stockholders and our 2014 Annual Report on Form 10-K are available at <http://ir.atni.com/financials.cfm>.

Who Can Vote

Only stockholders of record at the close of business on April 20, 2015 are entitled to vote at the Annual Meeting. On that date, 16,082,230 shares of common stock, par value \$.01 per share, were outstanding, each share entitled to one vote. If your shares are registered directly in your name with our transfer agent, you are considered the stockholder of record with respect to those shares. If your shares are held in a brokerage account or by a bank or other holder of record, you are considered the beneficial owner of those shares. As a beneficial owner, you may direct your broker or other holder of record on how to vote your owned shares by following their instructions.

Voting

You may vote your shares held of record either by attending the meeting and voting in person or by proxy. To vote in person, you must attend the Annual Meeting and cast your vote. You do not need to register in advance to attend the Annual Meeting. If you choose to vote by proxy, you must complete, sign and date the enclosed proxy card and return it in the enclosed postage prepaid envelope. No postage is necessary if the proxy card is mailed in the United States. If you vote by mail and your proxy card is received in time for voting and not revoked, your shares will be voted at the Annual Meeting in accordance with your instructions as set forth on your signed proxy card. If no instructions are indicated, the shares represented by the proxy card will be voted by the proxy holders as follows:

FOR the election of the director nominees named herein;

FOR the ratification of the appointment of PricewaterhouseCoopers LLP as our independent auditor; and

in accordance with the judgment of the proxy holders named on the proxy card as to any other matter that is properly brought before the Annual Meeting, or any adjournments or postponements thereof.

Table of Contents

If you hold your shares through a bank, broker or other nominee, they will give you separate instructions for voting your shares and you must make arrangements with your broker, bank or other nominee in advance of the Annual Meeting to vote your shares in person.

Quorum

The holders of a majority of the outstanding shares of common stock entitled to vote at the Annual Meeting, whether present in person or represented by proxy, will constitute a quorum for the transaction of business at the Annual Meeting. If a quorum is not present at the Annual Meeting, the stockholders present may adjourn the Annual Meeting from time to time, without notice, other than by announcement at the meeting, until a quorum is present or represented. At any such adjourned meeting at which a quorum is present or represented, any business may be transacted that might have been transacted at the original meeting. Abstentions, votes withheld and broker non-votes will be counted for purposes of determining whether a quorum is present at the Annual Meeting.

Votes Required

Proposal 1, the election of each director nominee, requires the affirmative vote of a plurality of the shares cast at the Annual Meeting and entitled to vote on the matter.

Proposal 2, the ratification of the appointment of PricewaterhouseCoopers LLP as our independent auditor for 2015, requires the affirmative vote of a majority of the shares present, or represented by proxy, at the Annual Meeting and entitled to vote on the matter.

We will not count shares that abstain from voting ("abstentions") on a particular matter as votes in favor of such matter. Similarly, we will not count broker non-votes as votes in favor of such matter. A broker non-vote occurs when a broker cannot vote a customer's shares registered in the broker's name because the customer did not send the broker instructions on how to vote on the matter and the broker is prohibited by law or stock exchange regulations from exercising its discretionary voting authority in the particular matter. Accordingly, broker non-votes will have no effect on the outcome of voting on Proposal 1. However, abstentions will be considered to be votes present and entitled to vote on Proposal 2, and they will have the effect of a vote against those proposals. Brokers will be entitled to vote a customer's shares in their discretion on Proposal 2, so there will be no broker non-votes on that proposal. Inspectors of election appointed by our Board will tabulate votes.

Revocability of Proxies

A proxy may be revoked at any time before it is exercised by delivering a written revocation or a duly executed proxy card bearing a later date to Atlantic Tele-Network, Inc., Attn: Secretary, 600 Cummings Center, Beverly, MA 01915. A proxy may also be revoked by voting in person at the Annual Meeting. If you hold your shares through a bank, broker or other nominee, you must make arrangements with your broker, bank or other nominee to revoke your proxy.

Solicitation Expenses

We will bear all costs of solicitation of proxies. In addition to solicitations by mail, our directors, officers and regular employees, without additional remuneration, may solicit proxies by telephone, e-mail, facsimile and personal interviews. We will request brokers, banks, and other holders of record to forward proxy soliciting material to beneficial owners. We will reimburse them for their reasonable out-of-pocket expenses incurred in connection with the distribution of the proxy materials. In addition, we will engage Broadridge Investor Communications Solutions, Inc. to assist in the distribution of proxy materials to banks, brokers, nominees and intermediaries at an estimated cost of approximately \$14,500 for any such services, plus reasonable out-of-pocket expenses.

In making its selection, the Audit Committee conducted a review of PwC's performance, including consideration of the following:

PwC's performance on the audit, including the quality of the engagement team and the firm's experience, client service, responsiveness and technical expertise;

The record of the firm against comparable accounting firms in various matters such as regulatory, litigation and accounting matters;

The firm's financial strength and performance; and

The appropriateness of fees charged by the firm.

PwC was our independent auditor for the year ended December 31, 2014.

The Board of Directors recommends that stockholders ratify the selection of PwC as our independent auditor. Although ratification is not required by our bylaws or otherwise, the Board is submitting the selection of PwC to our stockholders for ratification as a matter of good corporate practice. If the selection is not ratified, the Audit Committee will consider whether it is appropriate to select another independent auditor. Even if the selection is ratified, the Audit Committee in its discretion may select a different independent auditor at any time during the year if it determines that such a change would be in the best interests of the Company and our stockholders.

Vote Required

The ratification of the appointment of PwC as our independent auditor for 2015 requires the affirmative vote of a majority of the shares present, or represented by proxy, at the Annual Meeting and entitled to vote thereon.

CORPORATE GOVERNANCE

General

The role of the Board of Directors is to ensure that we are managed for the long-term benefit of our stockholders. The Board periodically reviews and advises management with respect to our annual operating plans and strategic initiatives. The Board has adopted corporate governance principles to assure full and complete compliance with all applicable corporate governance standards.

During the past year, we have reviewed our corporate governance practices in comparison to the practices of other public companies and to ensure they comport with guidance and interpretations provided by the SEC and the Nasdaq Stock Market.

We have adopted a written Code of Ethics that applies to all of our employees and agents, including, but not limited to, our principal executive officer, principal financial officer and principal accounting officer, or persons performing similar functions. Our Code of Ethics, Nominating Committee Charter, Compensation Committee Charter and Audit Committee Charter are available on our website at ir.atni.com and may be obtained free of charge upon request by writing to us at Atlantic Tele-Network, Inc., Attn: Secretary, 600 Cummings Center, Beverly, MA 01915.

Board Leadership Structure

Our Board of Directors is committed to maintaining responsible and effective corporate governance and is focused on the interests of our stockholders. The Board does not have a policy regarding the separation of the roles of Chairman of the Board and Chief Executive Officer, as the Board believes it is in our best interests to make this determination based on an assessment of the current condition of our Company and composition of the Board. It has determined that its leadership structure, including Mr. Cornelius B. Prior, Jr. serving as Chairman, our Chief Executive Officer serving as a director, and the composition of independent directors for each of the Audit, Compensation and Nominating Committees of the Board, best serves the Company and its stockholders at this time. Our Board brings strong leadership and industry expertise to inform the management and direction of the Company on behalf of our stockholders. Mr. C.B. Prior, Jr., who has served as our Chairman since 1997, was also our Chief Executive Officer until December 2005. He, together with related entities, affiliates and family members, controls approximately 35% of our outstanding common stock, possesses extensive investment and financial management experience and has a long history and familiarity with the Company and many of its Caribbean operating markets. Management and the Board of Directors work together to try to focus the Board on major questions of governance, succession and setting the Company's overall operating and investment strategy.

Director Nomination Process

Our Nominating Committee considers director nominees, whether proposed by a stockholder or identified through the Company's processes, in accordance with its charter and our Nominating Guidelines and Procedures, as adopted by the Board in December 2012. The Nominating Committee does not rely on a fixed set of qualifications for director nominees but applies general criteria intended to ensure that the Board includes members with significant breadth of experience, knowledge and abilities as well as financial and industry expertise to assist the Board in performing its duties. Minimum qualifications for director nominees include: a reputation for integrity, honesty and adherence to high ethical standards; demonstrated business acumen, experience and judgment related to the objectives of the Company; and the commitment to understand the Company and its industry and actively participate in Board deliberations. While our Board does not have a formal diversity policy, it recognizes that a diversity of viewpoints and practical experiences can enhance the effectiveness of the Board. Accordingly, our Nominating Committee also considers nominees based on their differences of viewpoint, professional experience, education, skill and other characteristics that are

Table of Contents

relevant to the current needs of the Company, including those that promote diversity. Our Nominating Committee then recommends director nominees to the Board for its consideration and nomination at the next annual meeting of stockholders.

In selecting director nominees pursuant to the Nominating Guidelines and Procedures, our Nominating Committee considers candidates submitted by stockholders and evaluates such candidates in the same manner and using the same criteria as all other director nominee candidates. To submit a director nominee candidate, stockholders should submit the following information: (a) the candidate's name, age and address, (b) a brief statement of the reasons the candidate would be an effective director, (c) the candidate's principal occupation or employment for the past five years and information about any positions on the board of directors of other companies, (d) any business or other significant relationship the candidate has had with us and (e) the name and address of the stockholder making the submission. Our Nominating Committee may also seek additional information regarding the director nominee candidate and the stockholder making the submission. All submissions of director nominee candidates made by stockholders should be sent to Atlantic Tele-Network, Inc., Attn: Nominating Committee, 600 Cummings Center, Beverly, MA 01915 and must comply with applicable timing requirements.

Determination of Independence

Nasdaq rules require that a majority of our directors be "independent" and that we maintain a minimum three-person audit committee and a two-person compensation committee whose members satisfy heightened independence requirements. A director qualifies as "independent" if our Board upon the recommendation of our Nominating Committee, affirmatively determines that the director does not have a relationship with us, an affiliate of ours, or otherwise which, in the opinion of the Board, would interfere with the exercise of independent judgment in discharging his or her duties as a director. Nasdaq rules preclude an affirmative determination by the Board that a director is independent if:

a director who is, or was at any time during the past three years, employed by us or by any subsidiary of ours;

a director who accepted or has a family member who accepted any compensation from us or any subsidiary of ours in excess of \$120,000 during any period of twelve consecutive months within the three years preceding the determination of independence, other than: (i) compensation for board or board committee service, (ii) compensation paid to a family member who is an employee (other than the executive officer) of the company, or (iii) benefits under a tax-qualified retirement plan, or non-discretionary compensation;

a director who is a family member of an individual who is, or at any time during the past three years was, employed by us or a subsidiary of ours as an executive officer;

a director who is, or has a family member who is, a partner in, or a controlling stockholder or an executive officer of, any organization to which we made, or from which we received, payments for property or services in the current or any of the past three fiscal years that exceed the greater of 5 percent of the recipient's consolidated gross revenues for that year, or \$200,000, whichever is more, other than: (i) payments arising solely from investments in our securities or (ii) payments under non-discretionary charitable contribution matching programs;

a director who is, or has a family member who is, employed as an executive officer of another entity where at any time during the past three years any of our executive officers have served on the compensation committee of such other entity; or

a director who is, or has a family member who is, a current partner of our outside auditor, or was a partner or employee of our outside auditor who worked on our audit at any time during any of the past three years.

Table of Contents

Based on the Nasdaq rules, our Nominating Committee and the Board has determined that Messrs. Budd, Flynn and Roesslein and Ms. Pelletier are independent for purposes of SEC rules and Nasdaq listing compliance. This determination included reviewing the following relationships and transactions with Mr. Budd, which our Nominating Committee and the Board concluded did not affect his independence:

Mr. Budd. Mr. Budd is a former partner of the law firm of Day, Berry and Howard, LLP, which is now known as Day Pitney LLP ("Day Pitney"), and had served as our general outside counsel for a number of years until his retirement on December 31, 2006. From time to time, our Chairman has engaged, in an individual capacity, Day Pitney for legal services. The Compensation Committee has retained Day Pitney in 2015 to advise it on the terms and conditions of standard severance agreements for executive officers.

Nominating Committee Report

The Nominating Committee has reviewed and discussed the Director Nomination Process and Director Independence disclosure and, based on such review and discussions, we recommended to the Board that (i) these disclosures be included in this Proxy Statement and (ii) that each of the persons listed in Proposal 1, "Election of Directors," be nominated by the Board for election as a director of the Company.

Risk Management and Risk Assessment

In accordance with Nasdaq requirements, our Audit Committee has the primary responsibility for the oversight of risk management and risk assessment, including the Company's major financial risk exposures and the steps management has undertaken to control such risks. Our Board of Directors remains actively involved in such oversight of risk management and assessment and receives periodic presentations from our executive officers and certain of their direct reports, as the Board of Directors may deem appropriate. This includes discussions of the Company's balance sheet and capital structure in light of potential capital needs and projections of operating cash flows and the risks to such cash flows. While the Board of Directors maintains such oversight responsibility, management is responsible for the day-to-day risk management processes and makes detailed recommendations on sources and uses of capital. The Board of Directors believes this division of responsibility is the most effective approach for addressing the risks facing the Company. As a general matter, management and the Board of Directors seek to mitigate major risks to the Company's financial condition by striving to maintain a level of debt to annual operating cash flows that allows the Company to survive short-term unforeseen reductions in cash flow or unanticipated large capital spending needs. To date, the Board of Directors believes that the Company has maintained a more conservative level of debt (relative to cash flows) than most of its peers in the telecommunications industry.

For the year ended December 31, 2014, our management, in consultation with the Board, reviewed the Company's compensation policies and practices for employees generally as they relate to risk management. As part of this process, management reviewed the Company's cash and equity incentive compensation plans and practices applicable to all employees to determine whether such programs create incentives that might motivate inappropriate or excessive risk-taking. In the course of such review, the following mitigating features of the Company's incentive compensation programs were considered: (1) the Company's focus on multiple year vesting periods for all equity compensation,

Table of Contents

including the restricted stock awards made in 2014; (2) management's practice of conservative awards of annual cash bonus payments; (3) the relatively low level and intermittent awards of stock options to senior management; and (4) the use of restricted stock awards to encourage management to balance "upside" and "downside" risk. As a result of this process, there were no recommended changes to the Company's incentive compensation programs.

Communications from Stockholders and Other Interested Parties

To communicate with our Audit Committee regarding issues or complaints about questionable accounting, internal accounting controls or auditing matters, contact the Audit Committee by writing to Audit Committee, Atlantic Tele-Network, Inc., 600 Cummings Center, Beverly, MA 01915.

To send communications to the Board or to individual directors, stockholders should write to Board of Directors, Atlantic Tele-Network, Inc., 600 Cummings Center, Beverly, MA 01915. All communications received will be directly sent to the Board or to individual members of our Board, as addressed.

Board of Directors' Meetings and Committees

During 2014, our Board met four times either by conference call or in person. In 2014, no director attended fewer than 75% of the meetings of the Board or the meetings of the committee(s) on which he or she served. Although we do not have a policy requiring our directors to attend the Annual Meeting, all of our then-current directors attended last year's annual meeting of stockholders.

Our Board has established three standing committees: the Audit Committee, the Compensation Committee and the Nominating Committee. The current membership of each committee is as follows:

| Audit Committee | Compensation Committee | Nominating Committee |
|------------------------------------|-------------------------------|----------------------------------|
| Charles J. Roesslein, <i>Chair</i> | Martin L. Budd, <i>Chair</i> | Liane J. Pelletier, <i>Chair</i> |
| Martin L. Budd | Charles J. Roesslein | Martin L. Budd |
| Michael T. Flynn | Michael T. Flynn | Charles J. Roesslein |

All members of these committees are independent as defined in the listing standards of Nasdaq. Copies of the charters of each of the Audit Committee, the Compensation Committee and the Nominating Committee, as adopted and amended by our Board, are available in the "Corporate Governance" section of our website at ir.atni.com.

Audit Committee

During 2014, the Audit Committee met nine times either by conference call or in person, including several meetings without members of management or the Company's independent auditors. The functions of the Audit Committee include:

Appointing, compensating, evaluating and overseeing our independent auditor;

Reviewing with our independent auditor the plan and scope of the audit, its status during the year and any recommendations the independent auditor may have for improving or changing the audit and control environment;

Pre-approving the services provided by our independent auditor;

Overseeing the Company's internal audit department and its review and testing of the Company's internal control policies, systems and procedures;

Discussing with management and our independent accountant the adequacy of internal accounting and financial controls and, if deemed necessary or appropriate, discussing with each

- of them, independently of the other, any recommendations on matters that any of them considers to be of importance;
- Reviewing our accounting principles, policies and practices and financial reporting policies and practices;
- Reviewing our Code of Ethics, the Audit Committee Charter, the Internal Audit Department Charter any other relevant Company policies and the oversight of other compliance matters;
- Reviewing and evaluating the effectiveness of the Company's risk assessment and risk management policies and processes;
- Reviewing and, if appropriate, approving related party transactions entered into by the Company;
- Reviewing, prior to publication or filing, our annual audited financial statements, quarterly earnings releases and the disclosures that are to be included in our reports on Form 10-Q and Form 10-K, as well as such other information as the Committee deems desirable; and
- Undertaking other duties as assigned by our Board.

Our Board has determined that each current member of the Audit Committee meets the financial literacy requirements of Nasdaq. It has also determined that Mr. Roesslein, who is currently the Chair of the Audit Committee and a director nominee for re-election, qualifies as an "audit committee financial expert" under the rules of the SEC and meets the financial sophistication requirements of Nasdaq. In addition, our Nominating Committee has determined that each of the current members of our Audit Committee meet the Nasdaq and SEC standards for audit committee member independence.

Compensation Committee

The Compensation Committee met five times during 2014, and the Chairman of the Compensation Committee consulted and met several times with the Chief Executive Officer. The Compensation Committee also met once during 2015 to discuss 2014 compensation and bonus awards. The functions of the Compensation Committee include:

- Reviewing and determining the compensation of our Chief Executive Officer and our other executive officers;
- Reviewing with the Chief Executive Officer the compensation of the managers of the Company's key operating units;
- Reviewing and discussing our Compensation Discussion and Analysis in our Proxy Statement with management;
- Developing, administering and taking all action required or permitted to be taken by the Board under our stock-based incentive plan;
- Reviewing and recommending to the Board the compensation of our directors;
- Reviewing and making recommendations to the Board regarding the level, coverage, and competitiveness (based on industry data) of our compensation (including salary and bonus), incentives (both current and long-term), benefits (including profit sharing, group health coverage, disability coverage and life insurance benefits, and use of our stock in option, bonus, or appreciation arrangements), and other perquisites;

Retaining and working with compensation consultants or other advisors as the Compensation Committee may deem appropriate to carry out its responsibilities;

Reviewing the Compensation Committee Charter; and

Table of Contents

Undertaking such other functions as are assigned to the Compensation Committee by the Board.

The Compensation Committee meets several times each year to carry out these responsibilities. Early in the year, the Compensation Committee begins its analysis by reviewing the compensation trends and practices of the Company's identified peer group as well as any other entities that the Compensation Committee may deem relevant against the current compensation of the Company's Chief Executive Officer and the Company's other executive officers. This year, the Compensation Committee retained Compensia, a compensation consultant, to re-evaluate and make recommendations as to the Company's peer group as well as consult on executive and director compensation, as further described below. Following this review, the Chief Executive Officer typically meets with the Chairman of the Compensation Committee in order to discuss the draft compensation recommendations, performance analysis and future objectives of each of the executive officers of the Company and provides the Chairman with a memorandum detailing the Company's performance and individual executive officer performance for the year. Upon the request of the Compensation Committee, the Chief Executive Officer may engage in a detailed discussion of the performance of an executive officer or a manager of the Company's key operating units. The Compensation Committee has been authorized by the Board of Directors to delegate to the Chief Executive Officer the power to make limited awards under the Company's 2008 Equity Incentive Plan (the "2008 Plan") to certain key employees of the Company. Our Nominating Committee has determined that each of the current members of our Compensation Committee meets the independence requirements under Nasdaq and SEC standards for director independence.

The Compensation Committee determines the compensation of the Chief Executive Officer in an executive session, following its review of the CEO's performance against his goals for the year, the growth and performance of the Company, his leadership skills for the previous year, his self-analysis for the prior year's performance, and any other relevant factors.

Our Board has determined that each of the current members of the Compensation Committee meet the Nasdaq and SEC standards for committee member independence.

For further information about the Compensation Committee's practices, please see "Compensation Discussion and Analysis," under "Executive Officer Compensation," below.

Compensation Committee Interlocks and Insider Participation

During or prior to the fiscal year ended December 31, 2014, no member of our Compensation Committee was an officer or employee of ours or our subsidiaries or, to our knowledge, had relationships requiring disclosure under the SEC rules. In making these statements, we have relied in part upon representations of those directors.

Nominating Committee

The Nominating Committee of our Board met three times in 2014 to discuss nominations for elections of directors and for committee membership on our Board. The functions of the Nominating Committee include:

recommending to the Board the persons to be considered for nomination for election as directors at any meeting of stockholders and the persons (if any) to be elected by the Board to fill any vacancies on the Board;

determining the independence of any director or director nominee to our Board;

recommending to the Board the directors to be appointed to each committee of the Board;

reviewing and making recommendations to the Board regarding any stockholder proposals submitted to the Company pertaining to Board governance and directors; and

undertaking such other functions as are assigned to the Nominating Committee by the Board.

INDEPENDENT AUDITOR

PwC has audited our accounts since 2002. Our Audit Committee has appointed PwC to be our independent auditor for 2015 and we are asking stockholders to ratify this appointment in Proposal 2. A representative of PwC is expected to be at the meeting and will have an opportunity to make a statement and respond to questions.

Audit Committee Pre-Approval Policy and Procedures

In accordance with its written charter, our Audit Committee pre-approves all audit and non-audit services, including the scope of contemplated services and the related fees that are to be performed by PwC, our independent auditor. The Audit Committee's pre-approval of non-audit services involves consideration of the impact of providing such services on PwC's independence. The Audit Committee is also responsible for ensuring that any approved non-audit services are disclosed to stockholders in our reports filed with the SEC.

The Audit Committee discussed with the independent registered public accountants the matters required to be discussed by Statement of Auditing Standards No. 61.

The Audit Committee received from PwC the written disclosures and letter required by applicable requirements of the Public Company Accounting Oversight Board regarding their communications with

We have also considered whether the provision of services by PwC not related to the audit of the financial statements referred to above and to the reviews of the interim financial statements included in our Quarterly Reports on Form 10-Q for the quarters ended March 31, 2014, June 30, 2014 and September 30, 2014, is compatible with maintaining the independence of PwC.

Based on the reviews and discussions referred to above, we have recommended to the Board of Directors that the audited financial statements referred to above be included in our Annual Report on Form 10-K for the year ended December 31, 2014.

EXECUTIVE OFFICER COMPENSATION

Compensation Discussion and Analysis

Our Compensation Committee of the Board of Directors has responsibility for establishing, implementing and maintaining the compensation program for our executive officers. For the purposes of this Compensation Discussion and Analysis, "executive officers" and "executives" means the individuals who served as our Chief Executive Officer and Chief Financial Officer during the fiscal year ended December 31, 2014, as well as the other individuals included in the *Summary Compensation Table* on page 25 below.

Compensation Philosophy

The primary objective of our executive compensation program is to attract, retain and reward executive officers who contribute to our long-term success and to maintain a reasonably competitive compensation structure as compared with similarly situated companies. We seek to align compensation with the achievement of business objectives and individual and Company performance. The annual cash bonus opportunity together with equity compensation that we provide our executive officers are our main incentive compensation tools to accomplish this alignment, as described below.

A core principle of our compensation philosophy is that a successful compensation program requires the application of judgment and subjective determinations of individual performance. While we do assign an indicative weight to individual and general Company performance in determining an executive officer's compensation, we do not apply a strictly formulaic or mathematical approach to our compensation program. Our Compensation Committee retains discretion to apply its judgment to adjust and align each individual element of our compensation program with the broader objectives of our compensation program and the overall performance and condition of our company at the time final compensation decisions are made. We believe that our relatively lean management structure, the level of communications between our Board of Directors and our senior management team and our corporate culture make this approach an effective method of determining compensation.

We do not currently have any employment, severance or change of control agreements with any of our executive officers. The Committee is currently considering recommending to the Board the implementation of such agreements with our executive officers. Our Compensation Committee does consider the compensation of executive officers at other companies in order to assess the compensation that we offer our executive officers, as discussed below.

Role of Compensation Consultant

This year, our Compensation Committee retained the advisory services of Compensia, Inc. ("Compensia"), a national executive compensation consulting firm, to assist us with the identification of a relevant peer group and competitive market compensation data regarding the compensation of our named executive officers and directors against such group. Compensia does not generally provide any other services to the Compensation Committee, except as may be requested from time to time with respect to specific matters. For the 2015 year, the Compensation Committee has asked Compensia to advise it on the risks associated with the Company's lack of severance arrangements for its executive officers.

Compensia works at the direction of, and reports directly to, the Compensation Committee, which may replace the compensation consultant or hire additional advisors at any time. Compensia does not perform any services for the Company unless directed to do so by the Compensation Committee. Based on the consideration of the various factors set forth in the rules of the SEC, the Compensation Committee does not believe that its relationship with Compensia and the work of Compensia on behalf

Table of Contents

of the Compensation Committee has raised any conflicts of interest, and the Compensation Committee believes that Compensia is independent.

External Sources

Generally, we seek to offer executive compensation that is reasonably competitive with telecommunications and technology companies of a similar size, particularly publicly traded telecommunications companies. Defining a relevant "peer group" for us has been historically difficult because we have the complexity and geographic diversity (and attendant travel demands) of large multi-national companies but have similar total revenues and market capitalization to companies that tend to be focused on a very limited geographic area and provide limited services. Nonetheless, we believe that comparisons to certain other companies can provide us with a useful basic check, mainly for the compensation of our named executive officers and directors.

For 2015, our Compensation Committee referred to the executive compensation paid at the following group of companies:

| | | |
|-----------------------------|------------------------|-------------------------------|
| 8 x8 | Gogo | RingCentral |
| Cincinnati Bell | Inteliquent | Shenandoah Telecommunications |
| Cogent Communications | Iridium Communications | US Cellular |
| Consolidated Communications | Lumos Networks | ViaSat |
| FairPoint Communications | NTELOS Holdings | Vonage Holdings |
| General Communication | RigNet | |

Our Compensation Committee believed that these companies provided us with helpful indicators of competitive executive compensation levels and pay mix because, as a group, they had the following characteristics that are similar to ours: (1) they are telecommunications and technology companies; (2) several of them have both wireless and wireline operations; (3) several of them are of similar size to the Company; and (4) several have a mix of domestic and international operations. However, our Compensation Committee regards comparisons of us to these companies as reference points only as such, we did not seek to establish any benchmark in reference to these companies or to require changes in our executive compensation to match changes in those companies' compensation.

Role of Chief Executive Officer in Compensation Decisions

At the end of the year, our Chief Executive Officer evaluates the performance of our other executive officers and makes compensation recommendations to our Compensation Committee based upon those evaluations. Our Board has delegated to our Compensation Committee full discretion in its determination of the compensation to be paid to our Chief Executive Officer and our other executive officers, including discretion to modify the recommendations of our Chief Executive Officer in determining the type and amounts of compensation paid to each executive officer. The Compensation Committee interacts directly with the Chief Executive Officer to evaluate his performance, in addition to conducting its own independent assessment of his performance and the performance of the Company during the year.

Elements of Compensation

Overview

Our executive compensation program is focused on three separate elements:

base salary;

annual cash bonuses; and

Table of Contents

equity awards.

Other than as described below, our Compensation Committee does not have any specific policies or targets for the allocation or "pay mix" of these compensation elements.

Base Salary

We seek to set the base salary of each executive at a level that is competitive, taking into account the overall compensation history of the particular executive and our other executives and the base salaries paid by similarly situated companies. In addition to merit-based changes when warranted, our Compensation Committee generally recommends that base salaries increase annually at a rate that is slightly above or below cost-of-living adjustments, as represented by indicators like the Consumer Price Index. In addition to merit-based changes, larger increases (or decreases) may be made based on a change in the responsibilities of the executive. Factors such as the expansion or contraction of the Company and the financial condition and prospects of the Company may also influence the amount of annual salary adjustments. From time to time, comparative market factors also may cause the Compensation Committee to make increases above or below the normal cost-of-living adjustment.

With respect to the Chief Executive Officer, our Compensation Committee believes his compensation is somewhat below market, particularly given the complexity and geographic and sector breadth of our operations and the performance of the Company under his leadership. For example, in 2013, his total compensation was at about the 50th percentile and his cash compensation was below that level when compared to CEOs of our peer companies, despite financial and market performance indicators well above that mark. Our Compensation Committee has discussed this finding with the Chief Executive Officer and he has expressed a desire to avoid any significant increase in his compensation.

Below is a chart showing the base salary rates for 2014 for our named executive officers, in comparison to those in effect in 2013. The base salary increases for 2014, as well as those for 2015, were all generally in the range of cost-of-living increases (generally between 2% and 2.5%), with the individual increases falling above or below that range based on previous increases, the history of the executive's compensation with the Company, any expansion or diminution of the executive's responsibilities and the Compensation Committee's general sense of whether the executive's compensation is at or below the executive's value to the Company. The Compensation Committee increased Mr. Slap's base salary by 10% for the 2015 year in recognition of his consistent performance in his almost five years with the Company and to make his cash compensation more competitive when compared to general counsels in our peer group.

| Named Executive Officer | Annualized | | |
|-------------------------|------------|------------|-------------------------------|
| | 2014 | 2013 | Percent Increase from 2013 |
| Michael T. Prior | \$ 575,000 | \$ 565,000 | 1.8% |
| Justin D. Benincasa | \$ 340,000 | \$ 333,000 | 2.1% |
| William F. Kreisher | \$ 248,000 | \$ 242,000 | 2.5% |
| Leonard Q. Slap | \$ 250,000 | \$ 245,000 | 2.0% |
| Barry C. Fougere | \$ 255,000 | N/A | N/A |

Annual Cash and Equity Bonuses*Annual Cash Bonus*

We believe that a substantial bonus opportunity, as measured as a percentage of the executive's base salary, motivates executive performance because it makes a significant amount of the executive's overall compensation contingent upon individual and company performance. Further, such approach

Table of Contents

enables the Company to avoid a higher fixed cost of annual base salaries and gives us the ability to control a major piece of compensation expense if the Company ever experiences a business reversal.

For 2014, the annual bonus opportunity for our named executive officers was as follows:

| Named Executive Officer | 2014 Annual Bonus Opportunity Expressed as % of Base Salary |
|-------------------------|---|
| Michael T. Prior | 100% |
| Justin D. Benincasa | 75% |
| William F. Kreisher | 50% |
| Leonard Q. Slap | 50% |
| Barry C. Fougere | 50%* |

*

Mr. Fougere's annual bonus opportunity was prorated for the 2014 year.

At the end of the year, the Compensation Committee makes an overall assessment of the quality of each executive officer's performance during the year. For executive officers other than the Chief Executive Officer, this assessment is based largely on discussions between the Compensation Committee and the Chief Executive Officer. As noted above, the Compensation Committee interacts directly with the Chief Executive Officer to evaluate his performance, in addition to conducting its own independent assessment of his performance and the performance of the Company during the year. For 2014, with the exception of Mr. Slap, the target amounts of the bonuses were unchanged from 2013 levels, based upon the Compensation Committee's assessment that such targets were reasonable and appropriate. For the 2014 year, Mr. Slap's bonus opportunity was increased from 40% to 50% of his base salary.

Although broad performance objectives are identified at the beginning of each year as a means to align individual behavior with Company objectives, it is communicated to each executive that the Compensation Committee always has the full discretion to determine the extent to which bonuses will be paid or not, regardless of the achievement of any such objectives. For executive officers other than our Chief Executive Officer, the actual amount of annual cash bonus awarded for 2014 was based on a highly subjective review of a number of factors that are each assigned a recommended weight for each executive, which varies based on the roles and duties of each individual. In general, the Compensation Committee believes that the annual bonuses should be tied to overall Company performance such as significant strategic developments (as assessed by the Compensation Committee) and financial performance, particularly for the most senior members of our management team, such as our Chief Executive Officer and Chief Financial Officer.

Our corporate performance has historically been reviewed by reference to year over year consolidated Company performance and our Compensation Committee will take note of additional significant overall Company achievements or weaknesses which may or may not have impacted or been reflected in the Company's financial or operational results. For 2014, other than for the Chief Executive Officer, the weight assigned to each performance factor generally ranged from approximately 35-50% for Company operational and financial performance, 35-50% for individual achievements, including accomplishment of individual goals set for the 2014 fiscal year, and 15% for general individual performance, including overall quality of the individual's work performance throughout the year. While these weight ranges are presented to the Compensation Committee by our Chief Executive Officer as a guide in connection with his assessment of our executives' performance during the year, actual bonus awards are subject to the Compensation Committee's discretion to increase or decrease such amount or weight range for each performance metric based on the Compensation Committee's review of such individual's performance and relevant job responsibilities. This year, the Compensation Committee also used an indicative weighting factor of 65% for Company operational and financial

Table of Contents

performance, 20% for achievements of specific objectives or other accomplishments and 15% for general individual performance as a general guide for reviewing the performance of our Chief Executive Officer, however, it did not strictly apply these percentages when determining his final compensation package.

Typically, the Company has paid bonuses at levels below the target opportunity with the Compensation Committee treating the bonus opportunity percentage as more of a ceiling. For 2014, we paid the annual bonuses to our named executive officers described under the column entitled "Bonus" in the *Summary Compensation Table* for the reasons described below:

Our Chief Executive Officer was paid an annual bonus of \$575,000, representing 100% of his 2014 annual bonus opportunity. In addition to its own favorable assessment of the Chief Executive Officer's performance, the Compensation Committee took particular note of his leadership in creating a new area of strategic investment for the Company through the acquisition of the Company's solar business in 2014 and the financial performance of the Company for the year.

In reviewing with the Chief Executive Officer the recommendations for annual bonuses to be paid to the other executives, the Compensation Committee considered each officer's contribution to achieving the Company's financial performance and continued growth, using the weight ranges described above as a general guide.

Our Chief Financial Officer was paid an annual bonus of \$242,000, or approximately 95% of his 2014 annual bonus opportunity. As with the Chief Executive Officer, the Compensation Committee took note of the Company's strong financial performance for the year. The Committee also viewed his individual performance very favorably, particularly his work in completing the Company's amended credit facility on favorable terms, the remediation of material weaknesses disclosed by the Company for the 2014 year in the Company's Annual Report on Form 10-K and the expansion of the Company's financial planning and analysis capabilities.

Based on the Company's strong financial performance, the Compensation Committee determined to pay the following annual bonuses to the other named executive officers and took particular note of the additional factors described below:

William F. Kreisher, \$124,000 or 100% of his 2014 annual bonus opportunity, in recognition of his work throughout 2014 actively and prudently assessing investment opportunities as well as pursuing solar as a new area of development for the Company;

Leonard Q. Slap, \$125,000 or 100% of his 2014 annual bonus opportunity, in recognition of his work attending to 2014 M&A opportunities as well as strategic litigation management; and

Barry C. Fougere, \$75,000 or approximately 100% of his 2014 annual bonus opportunity, pro-rated for his partial year of service with the Company, in recognition of his dynamic start with the Company and focus on enhancing the Company's shared services and international support teams. Mr. Fougere also received a \$20,000 signing bonus upon joining the Company in May.

Annual Equity Award

Under our 2008 Plan, we may grant stock options, restricted stock and other equity awards to our directors, consultants and employees, including our executive officers. Awards made under the 2008 Plan may be granted subject to conditions and restrictions, including voting requirements, achievement of performance goals and forfeiture and recapture of shares upon certain events. Our Compensation Committee, composed entirely of independent directors, grants awards to our employees under our 2008 Plan. Our Chief Executive Officer also has authority to make limited grants under the 2008 Plan to certain key employees of the Company.

Table of Contents

In addition to annual equity awards to our officers, we have awarded significant equity compensation in connection with the hiring or promotions of executive officers. For new hires, the awards typically are made at the next regularly scheduled Compensation Committee meeting following the hire or promotion. In general, we have awarded restricted stock and stock options with time-based vesting schedules of four years, and, in the case of stock options, have a term of ten years. For the past three years, the Compensation Committee granted all equity awards in the form of restricted or unrestricted stock and did not issue option awards. The Compensation Committee believes that given the Company's disciplined, long-term approach to its investing and operating strategy and its practice of providing a current return to stockholders in the form of dividends, restricted stock is a better tool for aligning, incentivizing, retaining and rewarding our executive officers at this time.

On March 30, 2014, the Compensation Committee granted annual equity awards to our named executive officers as compensation for each executive's 2013 achievements, as set forth in the *Grants of Plan-Based Awards Table* on page 26, for the reasons described below:

Mr. Prior's award was in recognition of his contributions to the consummation of our sale of our U.S. retail wireless operations in 2013 (the "Alltel Sale"), in particular, his strategic leadership on the timing and execution of the Company's exit from the U.S. retail wireless sector and the Company's strong financial performance for fiscal 2013;

Mr. Benincasa's award was in recognition of his contributions to the Alltel Sale, as well as the Company's strong financial performance for fiscal 2013 in particular, his work during and after the Alltel Sale on the separation of our U.S. wireless retail assets and transitioning personnel and operations accordingly; and

The awards granted to Messrs. Kreisher and Slap were in recognition of their respective contributions to achieving the Company's financial performance and continued growth in fiscal 2013 and the consummation of the Alltel Sale.

On March 15, 2015, the Compensation Committee granted the following equity compensation to the Company's named executive officers as compensation for each executive's 2014 achievements, as described in our "Annual Cash Bonus" disclosure above:

| | Stock Awards (restricted shares) |
|---------------------|---|
| Michael T. Prior | 21,000 |
| Justin D. Benincasa | 9,100 |
| William F. Kreisher | 5,900 |
| Leonard Q. Slap | 5,300 |
| Barry C. Fougere | 2,900 |
| Total | 44,200 |

In approving the annual cash bonus and equity incentive awards, the Compensation Committee assesses the risks associated with the adoption of these awards, including the performance measures and goals for the awards, and concluded that the stock grant awards described above would not be likely to encourage excessive risk taking, as the restricted stock awards vest ratably over a period of four years. While the Compensation Committee believes it is an important policy of the Board to seek to keep the aggregate shares underlying outstanding stock options and unvested restricted stock at a reasonable level in relation to our outstanding equity (calculated on a fully diluted basis), we believe that equity compensation will remain a critical recruitment, retention and incentive tool.

Retirement, Benefits and Other Arrangements

In 2008, we adopted a deferred compensation plan for our then existing executives. This plan is intended to provide retirement income to our executive officers. It was adopted to offset a reduction in our annual contributions to these executives' accounts under our 401(k) retirement plan that we instituted as a result of the consolidation of our 401(k) plan with similar plans of companies that we acquired. Under this plan, we make quarterly credits equal to 8% of the executive's then current base salary to an account on behalf of the executive. In addition to these quarterly credits, we may make additional credits in our sole discretion. See the description of the deferred compensation plan under the caption *Non-Qualified Deferred Compensation Plan Transactions in 2014* for more information. Executives hired after 2008 do not participate in this plan. Except for this plan, our executive officers currently do not receive any benefits, including retirement, medical and dental, life and disability insurance, which are not also available to all of our employees.

We currently have no change of control agreements with, or severance plans with respect to, any of our executive officers, however, following a review of market practices and a recommendation by Compensia, the Compensation Committee is considering recommending to the Board that a base level of severance arrangements be considered for our executive officers.

"Say on Pay" Advisory Approval of Executive Compensation

As required by Section 14A of the Securities Exchange Act, in 2014 we conducted an advisory vote of stockholders with respect to the compensation of our named executive officers. At the 2014 Annual Meeting, more than 80% of the shares present, or present by proxy, and entitled to vote at the 2014 Annual Meeting approved our named executive officer compensation. While the approval was advisory and non-binding in nature, the Board of Directors and Compensation Committee value the opinion of stockholders and consider this outcome as an indication that stockholders agree that our executive compensation programs use appropriate structures and policies that are effective in achieving our Company's goals and objectives. As a consequence, the Compensation Committee has not made significant changes in our executive compensation programs as a result of the advisory vote.

At our 2011 Annual Meeting, stockholders voted on a non-binding and advisory basis to hold an advisory vote on executive compensation every three years. The last such advisory vote was held at our 2014 Annual Meeting and stockholders will again be asked to participate in an advisory vote on executive compensation at the 2017 Annual Meeting.

Compensation Committee Report

Each member of the Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis with management and, based on such review and discussions, we recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

- (1) The amounts reported in this column are reported for fiscal 2014 in the "All Other Compensation" column of the *Summary Compensation Table* on page 25.
- (2) The amounts reported in this column were previously reported in the "All Other Compensation" column of the *Summary Compensation Table* located in our proxy statements filed in previous years.
- (3) Messrs. Slap and Fougere are not participants in our deferred compensation plan.

Effective as of December 5, 2008, we adopted a non-qualified deferred compensation plan for our then existing executive officers. This plan is intended to provide retirement income to our executive officers and was adopted to offset a reduction in our annual contributions to those executives' accounts under our 401(k) retirement plan that we instituted as a result of the consolidation of our 401(k) plan with similar plans of companies that we acquired. Accordingly, we do not expect to add newly hired executives to this plan and Messrs. Slap and Fougere are not participants in the plan. Under this plan, we make quarterly credits equal to 8% of the executive officer's then current quarterly base salary to an account in the plan on behalf of the executive. In addition to these quarterly credits, the Compensation Committee may make additional credits in its sole discretion. Credits to such executive officer's account under the plan will be deemed to be invested in one or more investment funds selected by the executive officer from among alternatives approved by the Compensation Committee. Overall investment return is dependent upon the performance of each executive officer's selected investment alternatives. Credits will be fully vested at all times and the executive officers will have a nonforfeitable interest in the balance of their respective accounts. Benefits under the plan are payable upon a separation from service in a cash lump sum or in accordance with a fixed schedule elected by the executive officer. Distributions may be made prior to the executive officer's separation from service only for certain financial hardship reasons. The plan is intended to be compliant with Section 409A of the Internal Revenue Code of 1986, as amended, and to constitute a non-qualified, unfunded executive benefit plan.

Potential Payments Upon Termination or Change of Control

All of our employees, including our named executive officers, are employees-at-will and, as such, do not have employment contracts or retention agreements with us. In addition, we do not have change-in-control or severance agreements with any of our named executive officers, however, the Compensation Committee is currently considering recommending to the Board the implementation of such agreements with our executive officers.

Table of Contents**DIRECTOR COMPENSATION**

Our Compensation Committee has the responsibility of reviewing and making recommendations to the Board regarding director compensation. We use a combination of cash and stock-based incentive compensation to attract and retain qualified directors. In setting director compensation, we consider the time demand and the requisite knowledge and expertise required to effectively fulfill their duties and responsibilities to us and our stockholders. We also consider the compensation set by our peer companies in our determination of director compensation.

The table below summarizes the compensation paid to, or earned by, our non-employee directors for the fiscal year ended December 31, 2014. Mr. M. Prior, our Chief Executive Officer, does not receive any compensation for his Board service beyond the compensation he receives as an executive officer of the Company.

RELATED PERSON TRANSACTIONS

Policy on Related Person Transactions

Our Board has a written Related Person Transaction Policy that sets forth our policies and procedures for the reporting, review, and approval or ratification of each related person transaction. Our Audit Committee is responsible for implementing this policy and determining whether any related person transaction is in our best interests. The policy applies to transactions and other relationships that would need to be disclosed in this proxy statement as related person transactions pursuant to SEC rules. In general, these transactions and relationships are defined as those involving a direct or indirect interest of any of our executive officers, directors, nominees for director and 5% stockholders, as well as specified members of the family or household of any of these individuals or stockholders, where we or any of our affiliates have participated in the transaction(s) as a direct party or by arranging the transaction(s) and the transaction(s) involves more than \$100,000 in any calendar year. The policy also provides that certain types of transactions are deemed to be pre-approved or ratified, as applicable by our Audit Committee.

In June 2010, we entered into a joint venture with Schuchman Consulting LLC ("Schuchman Consulting"), an entity wholly owned by Brian A. Schuchman, one of our former directors. Mr. Schuchman retired from our board effective June 2013. The purpose of the joint venture is to evaluate wireless opportunities in the Caribbean, including an investment made in Aruba in June 2010 consisting of a newly-created company called Caribbean Telecom Partners, LLC ("CTP"). Schuchman Consulting provides the day-to-day management of CTP, including identifying new investment opportunities for CTP in the Caribbean. Pursuant to a consulting agreement between CTP and Schuchman Consulting, CTP paid Schuchman Consulting \$37,500 for these services in 2012. CTP has established an equity incentive pool consisting of non-voting common stock for its management team equal to 10% of its common equity, of which one-half has been issued to Schuchman Consulting. Customary non-competition and non-solicitation agreements are in place between Schuchman Consulting and CTP.

In October 2014, our U.S. Virgin Islands business, Choice Communications, LLC ("Choice"), entered into a tower lease with Tropical Tower Ltd ("Tropical Tower"), an entity 90% owned by Mr. C.B. Prior, Jr., our Chairman. When aggregated with amounts that Choice currently pays to Tropical Tower for an existing tower lease entered into in April 2012, Choice will pay approximately \$117,000 per year in rental payments to Tropical Tower. Each tower lease has an initial term of five years, with two additional five year renewal periods and has provisions for an increase in rent by 5% each year.

Our Audit Committee negotiated the specific structure and terms of the joint venture and the Choice lease, as negotiated by Choice management, and unanimously approved each of the arrangements described above in accordance with the terms of our Related Person Transaction Policy.
