This prospectus does not constitute, and may not be used in connection with, an offer to sell, or a solicitation of an offer to buy, the common stock offered by this prospectus by any person in any jurisdiction in which it is unlawful for such person to make such an offer or solicitation. You should not assume that the information contained in this prospectus is accurate as of any date other than the date on the front cover of the prospectus, or that the information contained in any document incorporated by reference into this prospectus is accurate as of any date other than the date of the document incorporated by reference, regardless of the time of delivery of this prospectus or any sale of a security. Our business, financial condition, results of operations and prospects may have changed since those dates.

This prospectus contains forward-looking statements that are subject to a number of risks and uncertainties, many of which are beyond our control. See "Risk Factors" and "Cautionary Statement Regarding Forward-Looking Statements."

Table of Contents

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

The information in this prospectus includes "forward-looking statements." All statements, other than statements of historical fact included in this prospectus, regarding our strategy, future operations, financial position, estimated revenues and losses, projected costs, prospects, plans and objectives of management are forward-looking statements. When used in this prospectus, the words "could," "believe," "anticipate," "intend," "estimate," "expect," "project" and similar expressions are intended to identify forward-looking statements, although not all forward-looking statements contain such identifying words. These forward-looking statements are based on management's current expectations and assumptions about future events and are based on currently available information as to the outcome and timing of future events. When considering forward-looking statements, you should keep in mind the risk factors and other cautionary statements described under the heading "Risk Factors" included in this prospectus.

Forward-looking statements may include statements about our:

business strategy, including our business strategy post-emergence from bankruptcy;

estimated future net reserves from future production of our oil and natural gas reserves and present value thereof;

the amount of oil and natural gas recoverable from our oil and natural gas properties;

technology;

financial condition, revenues, cash flows and expenses;

oil and natural gas realized prices;

timing and amount of future production of oil and natural gas;

availability of drilling and production equipment;

availability of third party natural gas gathering and processing capacity;

drilling of wells, including our identified drilling locations;

successful results from our identified drilling locations;

marketing of oil and natural gas;

the integration and benefits of asset and property acquisitions or the effects of asset and property acquisitions or dispositions on our cash position and levels of indebtedness;

infrastructure for salt water disposal and electricity;

counterparty credit risk;

the outcome of pending and future litigation;

governmental regulation and taxation of the oil and natural gas industry;

developments in oil-producing and natural gas-producing countries;

new capital structure and the adoption of fresh start accounting, including the risk that assumptions and factors used in estimating enterprise value vary significantly from the current estimates in connection with the application of fresh start accounting;

uncertainty regarding our future operating results; and

plans, objectives, expectations and intentions that are not historical.

We caution you that these forward-looking statements are subject to all of the risks and uncertainties, most of which are difficult to predict and many of which are beyond our control, incident to the exploration for and development, production, gathering and sale of oil and natural gas. These risks include, but are not limited to, commodity price volatility, inflation, lack of availability of drilling and production equipment and services, environmental risks, drilling and other operating risks, regulatory changes, the uncertainty inherent in estimating reserves and in projecting future rates of production, cash flow and access to capital, the timing of development expenditures and the other risks described under "Risk Factors" in this prospectus.

Reserve engineering is a process of estimating underground accumulations of oil and natural gas that cannot be measured in an exact way. The accuracy of any reserve estimate depends on the quality of available data, the interpretation of such data and price and cost assumptions made by reserve engineers. In addition, the results of drilling, testing and production activities may justify revisions of estimates that were made previously. If significant, such revisions may change the schedule of any future production and development drilling. Accordingly, reserve estimates may differ significantly from the quantities of oil and natural gas that are ultimately recovered.

Should one or more of the risks or uncertainties described in this prospectus occur, or should underlying assumptions prove incorrect, our actual results and plans could differ materially from those expressed in any forward-looking statements.

All forward-looking statements, expressed or implied, included in this prospectus are expressly qualified in their entirety by this cautionary statement. This cautionary statement should also be considered in connection with any subsequent written or oral forward-looking statements that we or persons acting on our behalf may issue.

Except as otherwise required by applicable law, we disclaim any duty to update any forward-looking statements, all of which are expressly qualified by the statements in this section, to reflect events or circumstances after the date of this prospectus.

The "Corporate Governance Guidelines" are posted on the Company's website at www.midstatespetroleum.com. The Corporate Governance Guidelines will be reviewed periodically and as necessary by the Company's Nominating and Governance Committee, and any proposed additions to or amendments of the Corporate Governance Guidelines will be presented to the Board of Directors for its approval.

The NYSE has adopted rules that require listed companies to adopt governance guidelines covering certain matters. The Company believes that the Corporate Governance Guidelines comply with the NYSE rules.

The Board recognizes that one of its key responsibilities is to evaluate and determine its optimal leadership structure so as to provide independent oversight of management. The Board understands that the optimal Board leadership structure may vary as circumstances warrant. Consistent with this understanding, non-management directors consider the Board's leadership structure on an annual basis.

The Board of Directors as a whole oversees the Company's assessment of major risks and the measures taken to manage such risks. For example, the Board of Directors:

oversees management of the Company's commodity price risk through regular review with executive management of the Company's derivatives strategy, and the oversight of the Company's policy that limits the Company's authority to enter into derivative commodity price instruments to a specified level of production, above which management must seek Board approval;

has established specific dollar limits on the commitment authority of members of senior management and requires Board approval of expenditures exceeding that authority and of other material contracts and transactions; and

reviews management's capital spending plans, approves the Company's capital budget and requires that management present for Board review significant departures from those plans.

The Company's Audit Committee is responsible for overseeing the Company's assessment and management of financial reporting and internal control risks, as well as other financial risks, such as the credit risks associated with counterparty exposure. Management and the Company's independent registered public accountants report regularly to the Audit Committee on those subjects. The Board of Directors does not consider its role in oversight of the Company's risk management function to be relevant to its choice of leadership structure.

The Board of Directors has three standing committees: the Audit Committee, the Compensation Committee and the Nominating and Governance Committee.

Audit Committee. Information regarding the functions performed by the Audit Committee and its membership is set forth in the "Audit Committee Report" included herein and also in the "Audit Committee Charter" that is posted on the Company's website at www.midstatespetroleum.com.

The members of the Audit Committee are Messrs. Snyder and Vincent (Chairman) and Ms. Douglas. Messrs. Snyder, Vincent and Ms. Douglas each joined the Audit Committee in October 2016, replacing former Audit Committee members Bruce Stover, Alan J. Carr and Robert E. Ogle. The Audit Committee held six meetings during 2016.

Compensation Committee. Responsibilities of the Compensation Committee, which are discussed in detail in the "Compensation Committee Charter" that is posted on the Company's website at www.midstatespetroleum.com, include among other duties, the responsibility to:

periodically review the compensation, employee benefit plans and fringe benefits paid to, or provided for, executive officers of the Company;

Table of Contents

approve the annual salaries, bonuses and share-based awards paid to the Company's executive officers;

periodically review and recommend to the full Board of Directors total compensation for each non-employee director for services as a member of the Board of Directors and its committees; and

exercise oversight of all matters of executive compensation policy.

The Compensation Committee is delegated all authority of the Board of Directors as may be required or advisable to fulfill the purposes of the Compensation Committee. The Compensation Committee may form and delegate some or all of its authority to subcommittees when it deems appropriate. Meetings may, at the discretion of the Compensation Committee, include members of the Company's management, other members of the Board of Directors, consultants or advisors, and such other persons as the Compensation Committee or its chairperson may determine in an informational or advisory capacity.

Our Chief Executive Officer annually reviews the competitive pay position and the performance of each member of senior management other than himself. Our Chief Executive Officer's conclusions and recommendations, including those for base salary adjustments and award amounts for the current year and target annual award amounts for the next year under our Bonus Plan, are presented to the Compensation Committee. The Compensation Committee makes all compensation decisions and approves all share-based awards for the Named Executive Officers and other officers at or above the vice president level. The Compensation Committee may exercise its discretion in modifying any compensation adjustment or awards to any executive officer, including reducing or increasing the payment amount for one or more components of such awards.

Our Board of Directors annually considers the performance of our Chief Executive Officer. The Compensation Committee determines all components of our Chief Executive Officer's compensation and meets outside the presence of all of our executive officers to consider appropriate compensation for our Chief Executive Officer.

The Compensation Committee has the sole authority to retain, amend the engagement with, and terminate any compensation consultant to be used to assist in the evaluation of director, CEO or officer compensation, including employment contracts and change in control provisions. The Compensation Committee has sole authority to approve the consultant's fees and other retention terms and has authority to cause the Company to pay the fees and expenses of such consultants. During 2016, the Compensation Committee engaged the services of Willis Towers Watson ("WTW") to provide compensation consulting services and engaged Lyons, Benenson & Company Inc. ("LB&Co") for compensation consulting services on October 11, 2016. In selecting WTW as well as LB&Co as its independent compensation consultant, the Compensation Committee assessed the independence of both WTW and LB&Co pursuant to Securities and Exchange Commission ("SEC") rules and considered, among other things, whether either consultant provides any other services to us, the policies of each consultant that are designed to prevent any conflict of interest between the consultant, the Compensation Committee and us, any personal or business relationship between the consultant and any member of the Compensation Committee or between the consultant and one of our executive officers and whether the consultant owns any shares of our common stock. The terms of each consultant's engagement are set forth in separate engagement agreements that provide, among other things, that the consultant is engaged by, and reports only to, the Compensation Committee and will perform the compensation advisory services requested by the Compensation Committee. Neither consultant provides any other services to the Company, and the Compensation Committee has concluded that we do not have any conflicts of interest with either consultant.

Table of Contents

Among the services each consultant was asked to perform was apprising the Compensation Committee of, among other things, compensation-related trends, developments in the marketplace and industry best practices; informing the Compensation Committee of compensation-related regulatory developments; providing peer group survey data to establish compensation ranges for the various elements of compensation; providing an evaluation of the competitiveness of the Company's executive and director compensation and benefits programs; assessing the relationship between executive pay and performance; and advising on the design of the Company's incentive compensation programs. Neither WTW nor LB&Co provided any other services to the Company during the last fiscal year.

The Compensation Committee does not adopt all recommendations given by the compensation consultant but uses the consultant's work as a reference in exercising its own judgment with respect to its own executive compensation actions and decisions. The consultant meets privately with the committee at its request. Our management provides information to the consultant but does not direct or oversee its activities with respect to our executive compensation program.

The members of the Compensation Committee are Messrs. Goldman (Chairman), Carr and Reddin. Mr. Ogle joined the Compensation Committee in February 2016, replacing Mr. DeMontrond. Messrs. Ogle and Stover served on the Compensation Committee until their replacement by Messrs. Goldman and Reddin in October 2016. The Compensation Committee held five meetings during 2016.

Nominating and Governance Committee. The Nominating and Governance Committee assists the Board of Directors in evaluating potential new members of the Board of Directors, recommending committee members and structure, and advising the Board of Directors about corporate governance practices. Additional information regarding the functions performed by the Nominating and Governance Committee is set forth in the "Corporate Governance" section included herein and also in the "Nominating and Governance Committee Charter" that is posted on the Company's website at www.midstatespetroleum.com.

The Nominating and Governance Committee has several methods of identifying Board candidates. First, the committee considers and evaluates whether or not the existing directors whose terms are expiring remain appropriate candidates for the Board. Second, the committee requests from time to time that its members and the other Board members identify possible candidates. Third, the committee has the authority to retain one or more search firms to aid in its search. The search firm assists the Board in identifying potential Board candidates, interviewing those candidates and conducting investigations relative to their background and qualifications.

The members of the Nominating and Governance Committee are Messrs. Carr, Reddin, Snyder and Ms. Douglas (Chairman). Messrs. Reddin, Snyder and Ms. Douglas joined the Nominating and Governance Committee in October of 2016, replacing Messrs. Ogle and Stover. Messrs. Knudson and Mogford served on the Nominating and Governance Committee until February 2016. The Nominating and Governance Committee held three meetings during 2016.

Director Independence

The Company's standards for determining director independence require the assessment of directors' independence each year. A director cannot be considered independent unless the Board of Directors affirmatively determines that he or she does not have any relationship with management or the Company that may interfere with the exercise of his or her independent judgment, including any of the relationships that would disqualify the director from being independent under the rules of the NYSE.

The Board of Directors has assessed the independence of each non-employee director under the Company's guidelines and the independence standards of the NYSE. The Board of Directors

Table of Contents

affirmatively determined that Messrs. Carr, Goldman, Reddin, Snyder, Vincent and Ms. Douglas are independent.

Compensation Committee Interlocks and Insider Participation

During 2016, no member of the Compensation Committee served as an executive officer of the Company. During 2016, there were no Compensation Committee interlocks with other companies.

Financial Literacy of Audit Committee and Designation of Financial Experts

The Board of Directors evaluated each of the members of the Audit Committee for financial literacy and the attributes of a financial expert in October 2016. The Board of Directors determined that each of the Audit Committee members is financially literate and that Mr. Vincent is an audit committee financial expert as defined by the SEC.

Narrative Disclosure to Summary Compensation Table

Key Components of Our Compensation Policy

The compensation program for our Named Executive Officers is comprised of the following five elements:

base salary;

annual performance-based cash incentive awards;

long-term equity-based compensation;

retention awards; and

other employee benefits.

Base Salary. Base salary is the fixed annual compensation we pay to each Named Executive Officer for performing specific job responsibilities. It represents the minimum income a Named Executive Officer may receive in any year.

In connection with the negotiation and approval by the Compensation Committee of new employment agreements with our Named Executive Officers, as further discussed below, the 2016 base salary of Mr. Brace was reduced, effective upon our emergence from the Chapter 11 Cases and is now set at \$700,000 per year.

Annual Performance-Based Cash Incentive Awards. We have historically used, and expect to continue to use, performance-based cash incentive awards to reward achievement of specified performance goals for the Company as a whole with a time horizon of one year or less.

In April 2016, in light of the Chapter 11 Cases, the Compensation Committee revised the format of our annual performance-based cash incentive awards to a quarterly incentive program to better motivate management during the pendency of our Chapter 11 reorganization. The Bankruptcy Court approved the participation of our Named Executive Officers in the quarterly performance-based cash incentive program during the pendency of our Chapter 11 reorganization.

Long-Term Equity-Based Incentives. We believe a formal long-term equity incentive program is a valuable compensation tool and is consistent with the compensation programs of the companies in our peer group. Prior to our emergence from the Chapter 11 Cases, we maintained a Long-Term Incentive Plan (the "LTIP") which permitted the grant of our stock, options, restricted stock, restricted stock units, phantom stock, stock appreciation rights and other awards, any of which may be designated as performance awards or be made subject to other conditions. We did not issue long-term incentive awards to our executives in spring of 2016 due to the ongoing bankruptcy proceedings. However, as approved under the Plan, each of our Named Executive Officers along with certain other executives in leadership roles, received an equity grant in the form of time-vested restricted stock units ("RSUs")

and time-vested stock options upon emergence from the Chapter 11 Cases under the 2016 Long Term Incentive Plan. Each grant of RSUs and stock options will vest as to $\frac{1}{6}$ of the award on the six-month anniversary from the Effective Date of our emergence, an additional $\frac{1}{6}$ of the award will vest on the 12-month anniversary from the Effective Date of our emergence, a further $\frac{1}{3}$ of the award will vest on the 24-month anniversary from the Effective Date of our emergence, and the final $\frac{1}{3}$ of the award will vest on the 36-month anniversary from the Effective Date of our emergence. In addition, in the event an executive (including our Named Executive Officers) is terminated by us without Cause or terminates for Good Reason (in each case, as defined in the applicable Named Executive Officer's employment agreement, as discussed further below) or due to death or disability, 100% of the unvested award will immediately accelerate and vest as of the date of such termination.

Other Employee Benefits. All of our full-time employees, including our Named Executive Officers, receive the same health and welfare benefits. The benefits include a 401(k) retirement program with a company match of up to 8% of base salary, health insurance, dental insurance, life and accidental death and dismemberment insurance, as well as long term disability insurance. We do not currently offer any other retirement or pension program as we feel that the compensation package offered to our Named Executive Officers provides compensation and incentives sufficient to attract and retain excellent talent without the addition of this benefit.

Employment Agreements Following Our Emergence From the Chapter 11 Cases

In connection with our emergence from the Chapter 11 Cases, the Compensation Committee approved new employment agreements with our Named Executive Officers as set forth below.

Employment Agreement with Mr. Brace

Effective upon our emergence from the Chapter 11 Cases, we entered into a new employment agreement with Mr. Brace (the "Brace Employment Agreement"). The initial term of the Brace Employment Agreement is one year with automatic extensions for additional one-year periods unless either party provides at least sixty days advance written notice of the intent to terminate the Brace Employment Agreement. Under the Brace Employment Agreement, Mr. Brace receives a minimum annual base salary of \$700,000, which may be increased, but not decreased, at any time at the discretion of the Board of Directors. Mr. Brace is also eligible to receive an annual cash bonus and to participate in all other bonus, incentive, retirement and similar plans applicable generally to other similarly situated employees of us. Mr. Braces' target annual cash bonus is 100% of his annual base salary. Mr. Brace is entitled to five weeks of vacation each year during the term of the Brace Employment Agreement. The Brace Employment Agreement contains a confidentiality obligation on the part of Mr. Brace of indefinite duration but does not contain any non-competition or non-solicitation obligations on the part of Mr. Brace following the termination of his employment with us.

Upon a termination of his employment by the Company with or without Cause or by Mr. Brace with or without Good Reason (as each term is defined below), in each case, during the first year of the agreement, Mr. Brace will be entitled to: (i) any accrued but unpaid base salary; (ii) payment of any accrued but unpaid expense reimbursements; (iii) payment for any accrued but unused vacation; (iv) any employee benefits pursuant to the terms of the applicable employee benefit plan; (v) his target bonus, payable in a lump sum; (vi) continuation of his base salary until the end of the initial term (terminable earlier upon his commencement of full-time employment with another entity); and (vii) a monthly cash payment equal to the cost of continued medical, dental and vision coverage for him and his spouse and any eligible dependents for the 24-month period following his termination date (terminable earlier upon his commencement of full-time employment with another entity that provides comparable health and welfare benefits). Additionally, if the termination of employment is by the

Edgar Filing: Midstates Petroleum Company, Inc. - Form 424B3

Company without Cause or by Mr. Brace for Good Reason, all unvested awards granted to him under the LTIP will vest.

For purposes of the Brace Employment Agreement, "Cause", in all material respects, means: (i) a breach by Mr. Brace of his obligations under the Brace Employment Agreement, which constitutes nonperformance by him of his obligations and duties thereunder, as determined by us, (ii) commission by Mr. Brace of an act of fraud, embezzlement, misappropriation, willful misconduct or breach of fiduciary duty against us, (iii) a material breach by Mr. Brace of any restrictive covenants contained within the Brace Employment Agreement that is not cured within 15 days of Mr. Brace's receipt of written notice thereof, (iv) Mr. Brace's conviction, plea of no content or nolo contendere, deferred adjudication or unadjudicated probation for any felony or any crime involving fraud, dishonesty, or moral turpitude or causing material harm, financial or otherwise, to us, (v) the willful refusal or intentional failure of Mr. Brace to carry out, or comply with, in any material respect, any lawful and material written directive of us, (vi) Mr. Brace's unlawful use (including being under the influence) or possession of illegal drugs, or (vii) Mr. Brace's willful and material violation of any federal, state, or local law or regulation applicable to us or its business which adversely affects us that is not cured after written notice from us.

For purposes of the Brace Employment Agreement, "Good Reason" means any of the following, but only if occurring without Mr. Brace's consent: (i) a material diminution in Mr. Brace's base salary or target bonus opportunity, (ii) a material diminution in Mr. Brace's titles, positions, authority, duties, or responsibilities, (iii) the relocation of Mr. Brace's principal office to an area more than 50 miles from its location immediately prior to such relocation, or (iv) our failure to comply with any material provision of the Brace Employment Agreement or agreement pursuant to which Mr. Brace received a grant of equity-based awards in connection with our emergence from the Chapter 11 Cases.

In the event that Section 280G of the Code applies to any compensation payable to Mr. Brace, the Brace Employment Agreement provides for a Section 280G Best Net Cutback. The Brace Employment Agreement does not provide any obligation for us to pay a "gross-up" or make the executive whole for any excise or regular income taxes, including the excise taxes that may be due under Section 4999 of the Code.

Employment Agreements with other Named Executive Officers

Effective upon our emergence from the Chapter 11 Cases, we entered into new employment agreements with our Named Executive Officers other than Mr. Brace (the "Employment Agreements"). The initial term of the Employment Agreements is three years with automatic extensions for additional one-year periods unless either party provides at least sixty days advance written notice of the intent to terminate the Employment Agreement. Under the Employment Agreements, each of Mr. Haight and Mr. Elkins receives a minimum annual base salary of \$375,000 and Mr. Elkins \$400,000, respectively, which, in each case, may be increased, but not decreased, at any time at the discretion of the Board of Directors. Each Named Executive Officer is also eligible to receive an annual cash bonus and to participate in all other bonus, incentive, retirement and similar plans applicable generally to other similarly situated employees of us. The target annual cash bonus of Mr. Haight and Mr. Elkins are 80% of their respective annual base salaries. Each executive is entitled to five weeks of vacation each year during the term of the Employment Agreement. The Employment Agreement contains a confidentiality obligation on the part of the executive of indefinite duration and non-competition and non-solicitation obligations on the part of the executive for a period of one-year following his termination of employment with us for any reason.

Upon a termination of the executive's employment by us for Cause, by the executive without Good Reason, or due to death or disability during the term of the Employment Agreement, the executive is entitled to (i) the portion of the executive's base salary accrued through the termination to the extent

Edgar Filing: Midstates Petroleum Company, Inc. - Form 424B3

not previously paid, any expense reimbursement accrued and unpaid, any employee benefits pursuant to the terms of the applicable employee benefit plan, and any accrued but unused vacation (the "Accrued Obligations"), and (ii) any accrued or vested amount arising from the executive's participation in, or benefits under, any incentive plans (the "Accrued Incentives"), which amount was payable in accordance with the terms and conditions of such incentive plans.

Upon a termination of the executive's employment by us without Cause or by the executive for Good Reason during the term of the Employment Agreement, the executive is entitled to: (i) the Accrued Obligations, (ii) the Accrued Incentives, (iii) a lump sum cash payment equal to 1.5 times (in the case of Mr. Haight) or 1.0 times (in the case of Mr. Elkins) of the applicable Named Executive Officer's base salary plus annual target bonus and (iv) monthly payments equal to the monthly COBRA premium for Executive and any eligible dependents for up to 18 months (for Mr. Haight) or 12 months (for Mr. Elkins) following the executive's termination of employment.

Upon a termination of the executive's employment by us without Cause or by the executive for Good Reason during the term of the Employment Agreement and within twelve months following a change in control of us, the executive is entitled to: (i) the Accrued Obligations, (ii) the Accrued Incentives, (iii) a lump-sum cash payment equal to the product of (x) the highest annual bonus paid to the executive for the three immediately preceding completed fiscal years plus the highest base salary paid to the executive during the three years immediately preceding the change in control, multiplied by (y) 2.0, and (iv) monthly payments equal to the monthly COBRA premium for executive and any eligible dependents for up to 18 months (for Mr. Haight) or 12 months (for Mr. Elkins) following the executive's termination of employment.

For purposes of the Employment Agreements, "Cause", in all material respects, means: (i) a breach by the executive of the executive's obligations under the executive's Employment Agreement, which constitutes nonperformance by the executive of their obligations and duties thereunder, as determined by us, (ii) commission by the executive of an act of fraud, embezzlement, misappropriation, willful misconduct or breach of fiduciary duty against us, (iii) a material breach by the executive of any restrictive covenants contained within the executive's Employment Agreement that is not cured within 15 days of the executive's receipt of written notice thereof, (iv) the executive's conviction, plea of no content or nolo contendere, deferred adjudication or unadjudicated probation for any felony or any crime involving fraud, dishonesty, or moral turpitude or causing material harm, financial or otherwise, to us, (v) the willful refusal or intentional failure of the executive to carry out, or comply with, in any material respect, any lawful and material written directive of us, (vi) the executive's unlawful use (including being under the influence) or possession of illegal drugs, or (vii) the executive's willful and material violation of any federal, state, or local law or regulation applicable to us or our business which adversely affects us that is not cured after written notice from us.

For purposes of the Employment Agreement, "Good Reason" means any of the following, but only if occurring without the executive's consent: (i) a material diminution in the executive's base salary or target bonus opportunity, (ii) a material diminution in the executive's titles, positions, authority, duties, or responsibilities, (iii) the relocation of the executive's principal office to an area more than 50 miles from its location immediately prior to such relocation, or (iv) our failure to comply with any material provision of the Employment Agreement or agreement pursuant to which the executive received a grant of equity-based awards in connection with our emergence from the Chapter 11 Cases.

Severance payments made under the Employment Agreement are contingent upon the executive's execution of a valid release of claims. Further, severance payments may be stopped and any payments already made must be repaid in the event the executive violates the confidentiality, non-competition or non-solicitation provisions of the Employment Agreement.

In the event that Section 280G of the Code applies to any compensation payable to the executives, the Employment Agreements provide for a Section 280G Best Net Cutback. The Employment

Edgar Filing: Midstates Petroleum Company, Inc. - Form 424B3

Agreements do not provide any obligation for us to pay a "gross-up" or make the executive whole for any excise or regular income taxes, including the excise taxes that may be due under Section 4999 of the Code.

Director Compensation

For 2016 prior to our emergence from the Chapter 11 Cases, our compensation program for our non-employee directors was as follows:

an annual cash retainer fee of \$150,000 and an additional cash retainer fee of \$30,000 for the Lead Director/Chairman of the Board;

\$1,500 in cash for each Board of Directors' meeting attended, whether in person or teleconference;

\$1,500 in cash for each committee meeting attended, whether in person or teleconference;

committee chairpersons received the following annual cash retainers: (a) Audit Committee chair \$15,000, (b) Compensation Committee chair \$10,000, (c) Nominating & Governance Committee chair \$10,000; and (d) Special Committee chair \$10,000; and

committee members received the following annual cash retainers: (a) Audit Committee member \$7,500, (b) Compensation Committee member \$5,000, (c) Nominating & Governance Committee member \$5,000; and (d) Special Committee

member \$5,000.

Edgar Filing: Midstates Petroleum Company, Inc. - Form 424B3

Additional quarterly and/or per meeting payments may also be made to the extent any directors are asked to serve on any additional special committees. Directors who are also our employees do not receive any additional compensation for their service on our Board of Directors. In 2016 Mr. Brace was the only director of the Company who was also an employee of the Company. Directors who are employees of First Reserve or Riverstone Holdings or their affiliates do not receive any additional compensation from us for their service on our Board of Directors and have entered into other compensation arrangements with First Reserve or Riverstone, respectively, for the services they provide to us on behalf of those entities. During 2016, John Mogford and George DeMontrond were each employed with (or provided consulting services to) either First Reserve or Riverstone and, as such, received no compensation from us for their service on our Board of Directors.

In conjunction with our emergence from the Chapter 11 Cases, our Compensation Committee reviewed the compensation of our non-employee directors and determined that it was appropriate to revise their compensation to provide the following compensation package:

Chairman of the Board annual cash retainer: \$112,500; and annual equity retainer in RSUs equivalent to \$210,000;

Regular Director annual cash retainer: \$75,000, and annual equity retainer in RSUs equivalent to \$140,000, which, for the grant made in 2016, will vest on the first to occur of (i) December 31, 2017, (ii) the non-employee director's termination of directorship (other than for "Cause"), (iii) the non-employee director's death, or (iv) the non-employee director's disability, which our Compensation Committee believes will align our non-employee directors' interests with those of our shareholders on an annual basis;

Audit Committee Chair additional retainer: \$25,000, and Audit Committee member additional service retainer: \$12,500;

Compensation Committee Chair additional retainer: \$15,000, and Compensation Committee member additional service retainer: \$7,500;

Nominating Chair additional retainer: \$10,000, and Nominating member additional service retainer: \$5,000.

Additionally, all non-employee directors received a one-time grant of RSUs with a grant-date value equal to \$250,000, and vesting on the first business day following the date on which the Adjusted Share Price of our common stock is equal to or greater than \$30 (the "Director LTIP" award). Our Compensation Committee believes that an additional grant of equity-based awards is necessary to immediately align our non-employee directors' interests with those of our shareholders generally, as our non-employee directors did not hold equity as of our emergence from the Chapter 11 Cases. The Director LTIP award will vest only if our share price materially increases from its price on the date the Director LTIP was granted. The Director LTIP award is subject to accelerated vesting in the event we undergo a Change in Control (as defined in our 2016 Long Term Incentive Plan) and any unvested Director LTIP is subject to forfeiture on the first to occur of (i) the fifth anniversary of the grant date or (ii) a recipient's termination of directorship for any reason.

For purposes of the Director LTIP award, "Adjusted Share Price" means the sum of (a) the average of the closing prices of our common stock during the 60 consecutive trading days ending on the specified measurement date (or if such measurement date does not fall on a trading day, the immediately preceding trading day); and (y) the aggregate value of any dividends paid on shares of common stock over the period beginning on the grant date and ending on the measurement date

Each director is reimbursed for travel and miscellaneous expenses (i) to attend meetings and activities of our Board of Directors or its committees; and (ii) related to such director's participation in our general education and orientation program for directors.

Edgar Filing: Midstates Petroleum Company, Inc. - Form 424B3

In November 2016 following our emergence from the Chapter 11 Cases, each non-employee director was granted (i) a proportionate amount of RSUs attributable to the fourth quarter of 2016, (ii) a grant of RSUs pursuant to the Director LTIP described above, and (iii) a grant of RSUs attributable to the applicable non-employee director's service on our Board of Directors in 2017. The following table provides information concerning the compensation of our non-employee directors for the fiscal year ended December 31, 2016.

PRINCIPAL AND SELLING STOCKHOLDERS

The following table sets forth as of February 7, 2017 information regarding the beneficial ownership of our common stock and shows the number of shares of common stock and the percentage owned by:

each member of our board of directors and each of our named executive officers;

all of the executive officers and members of the board of directors as a group; and

each person known to beneficially own more than 5% of our common stock, each of whom is a selling stockholder.

On October 21, 2016, we entered into an agreement containing registration rights with the selling stockholders pursuant to which we were obligated to prepare and file a registration statement to permit the resale of certain common stock held by the selling stockholders from time to time as permitted by Rule 415 promulgated under the Securities Act of 1933, as amended, or the Securities Act. We are registering the common stock described in this prospectus pursuant to this agreement. The following table also sets forth the maximum number of shares of our common stock to be sold by the selling stockholders, the name of each selling stockholder, the nature of any position, office, or other material relationship which the selling stockholder has had, within the past three years, with us or with any of our predecessors or affiliates, and the number of shares and percentage of our common stock to be owned by such stockholders after completion of the offering, assuming the sale of all shares of common stock offered hereby.

Additionally, the selling stockholders may have sold or transferred some or all of their shares of our common stock in transactions exempt from the registration requirements of the Securities Act since the date on which the information in the table was provided to us. Other information about the selling stockholders may also change over time.

Except as otherwise indicated, each selling stockholder has sole voting and dispositive power with respect to such shares.

(1) The amounts and percentages of common stock beneficially owned are reported on the bases of regulations of the SEC governing the determination of beneficial ownership of securities. Under the rules of the SEC, a person is deemed to be a "beneficial owner" of a security if that person has or shares voting power, which includes the power to vote or direct the voting of such security, or investment power, which includes the power to dispose of or to direct the disposition of such security. Under these rules, more than one person may be deemed to be a beneficial owner of the same securities, and a person may be deemed to be a beneficial owner of securities as to which such person has no economic interest. The number of shares beneficially owned by a person includes shares of common stock underlying warrants, stock options, convertible preferred stock, and any other derivative securities to acquire common stock held by that person that are currently exercisable or convertible within 60 days after the date of this prospectus. The shares issuable under any such securities are treated as outstanding for computing the percentage ownership of the person holding these securities, but are not treated as outstanding for the purposes of computing the percentage ownership of any other person.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

In the ordinary course of our business, we may enter into transactions with our directors, officers and 5% or greater shareholders.

Registration Rights Agreement

On the Effective Date, we entered into a registration rights agreement (the "Registration Rights Agreement") with certain of the pre-emergence creditors that received shares of our common stock (the "Common Stock") on the Effective Date (the "Holders"), as provided in the Plan. The Registration Rights Agreement provides resale registration rights for the Holders' Registrable Securities (as defined in the Registration Rights Agreement).

Pursuant to the Registration Rights Agreement, we are required to file a Shelf Registration Statement (as defined in the Registration Rights Agreement) with respect to the Registrable Securities within 90 days of the Effective Date. We are required to maintain the effectiveness of any such registration statement until the Registrable Securities covered by the registration statement are no longer Registrable Securities.

Additionally, holders have customary demand, underwritten offering and piggyback registration rights, subject to the limitations set forth in the Registration Rights Agreement. Under their demand registration rights, Qualified Holders (as defined in the Registration Rights Agreement) may request us to register all or a portion of their Registrable Securities, including on a delayed or continuous basis under Rule 415 of the Securities Act, provided that such offering is expected to yield aggregate gross proceeds of at least \$25 million and we are not otherwise in violation of our obligation to file a Shelf Registration Statement. Under their underwritten offering registration rights, Holders also have certain rights to demand that we effectuate the distribution of any or all of their Registrable Securities by means of an underwritten offering pursuant to an effective registration statement. We shall not be obligated to effect more than four underwritten offerings in any twelve-month period and the aggregate proceeds expected to be received from the sale of the Registrable Securities requested to be sold in such underwritten offering, in the good faith judgment of the managing underwriters, must be at least \$25 million. We are not obligated to file a registration statement pursuant to a demand notice or conduct an underwritten offering pursuant to a demand notice within 90 days of either a demand registration or an underwritten offering. The Registration Rights Agreement also provides customary piggyback registration rights.

These registration rights are subject to certain conditions and limitations, including the right of the underwriters to limit the number of shares to be included in a registration statement and our right to delay or withdraw a registration statement under certain circumstances. We will generally pay all registration expenses in connection with our obligations under the Registration Rights Agreement, regardless of whether a registration statement is filed or becomes effective. The registration rights granted in the Registration Rights Agreement are subject to customary indemnification and contribution provisions, as well as customary restrictions such as blackout periods and, if an underwritten offering is contemplated, limitations on the number of shares to be included in the underwritten offering that may be imposed by the managing underwriter.

The obligations to register shares under the Registration Rights Agreement will terminate with respect to us and each Holder on the first date upon which the Holder no longer owns any Registrable Securities.

DESCRIPTION OF CAPITAL STOCK

Authorized Capitalization

The Company's authorized capital stock consists of 300,000,000 shares, which include 250,000,000 shares of common stock and 50,000,000 shares of preferred stock, par value \$0.01 per share.

Common Stock

Except as provided by law or in a preferred stock designation, holders of common stock are entitled to one vote for each share held of record on all matters submitted to a vote of the stockholders, will have the exclusive right to vote for the election of directors and do not have cumulative voting rights. Except as otherwise required by law, holders of common stock are not entitled to vote on any amendment to the Second Amended and Restated Certificate of Incorporation (the "Certificate of Incorporation") (including any certificate of designations relating to any series of preferred stock) that relates solely to the terms of any outstanding series of preferred stock if the holders of such affected series are entitled, either separately or together with the holders of one or more other such series, to vote thereon pursuant to the Certificate of Incorporation (including any certificate of designations relating to any series of preferred stock) or pursuant to the Delaware General Corporation Law (the "DGCL"). Subject to prior rights and preferences that may be applicable to any outstanding shares or series of preferred stock, holders of common stock are entitled to receive ratably in proportion to the shares of common stock held by them such dividends (payable in cash, stock or otherwise), if any, as may be declared from time to time by our board of directors out of funds legally available for dividend payments. All outstanding shares of common stock are fully paid and non-assessable, and the shares of common stock that will be issued under this prospectus will be fully paid and non-assessable. The holders of common stock have no preferences or rights of conversion, exchange, pre-emption or other subscription rights. There are no redemption or sinking fund provisions applicable to the common stock. In the event of any voluntary or involuntary liquidation, dissolution or winding-up of our affairs, holders of common stock will be entitled to share ratably in our assets in proportion to the shares of common stock held by them that are remaining after payment or provision for payment of all of our debts and obligations and after distribution in full of preferential amounts to be distributed to holders of outstanding shares of preferred stock, if any.

Preferred Stock

Our Certificate of Incorporation authorizes our board of directors, subject to any limitations prescribed by law, without further stockholder approval, to establish and to issue from time to time one or more classes or series of preferred stock, par value \$0.01 per share, covering up to an aggregate of 50,000,000 shares of preferred stock. Each class or series of preferred stock will cover the number of shares and will have the powers, preferences, rights, qualifications, limitations and restrictions determined by the board of directors, which may include, among others, dividend rights, liquidation preferences, voting rights, conversion rights, preemptive rights and redemption rights. Except as provided by law or in a preferred stock designation, the holders of preferred stock will not be entitled to vote at or receive notice of any meeting of stockholders.

Anti-Takeover Effects of Provisions of our Amended and Restated Certificate of Incorporation, our Amended and Restated Bylaws and Delaware Law

Some provisions of Delaware law, and our Certificate of Incorporation and our Amended and Restated Bylaws (the "Bylaws") described below, will contain provisions that could make the following transactions more difficult: acquisitions of us by means of a tender offer, a proxy contest or otherwise; or removal of our incumbent officers and directors. These provisions may also have the effect of preventing changes in our management. It is possible that these provisions could make it more difficult

Table of Contents

to accomplish or could deter transactions that stockholders may otherwise consider to be in their best interest or in our best interests, including transactions that might result in a premium over the market price for our shares.

These provisions, summarized below, are expected to discourage coercive takeover practices and inadequate takeover bids. These provisions are also designed to encourage persons seeking to acquire control of us to first negotiate with us. We believe that the benefits of increased protection and our potential ability to negotiate with the proponent of an unfriendly or unsolicited proposal to acquire or restructure us outweigh the disadvantages of discouraging these proposals because, among other things, negotiation of these proposals could result in an improvement of their terms.

Delaware Law

We are not subject to the provisions of Section 203 of the DGCL, regulating corporate takeovers. In general, Section 203 prohibits a publicly held Delaware corporation from engaging in a "business combination" with an "interested stockholder" for a three-year period following the time that such stockholder becomes an interested stockholder, unless the business combination is approved in a prescribed manner. A "business combination" includes, among other things, a merger, asset or stock sale, or other transaction resulting in a financial benefit to the interested stockholder. An "interested stockholder" is a person who, together with affiliates and associates, owns, or did own within three years prior to the determination of interested stockholder status, 15% or more of the corporation's outstanding voting stock. Under Section 203, a business combination between a corporation and an interested stockholder is prohibited unless it satisfies one of the following conditions:

the transaction is approved by the board of directors before the date the interested stockholder attained that status;

upon consummation of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced, excluding for purposes of determining the voting stock outstanding, shares owned by persons who are directors and also officers, and employee stock plans, in some instances; or

on or after such time, the business combination is approved by the board of directors and authorized at a meeting of stockholders by at least two-thirds of the outstanding voting stock that is not owned by the interested stockholder.

A Delaware corporation may "opt out" of Section 203 with an express provision in its original certificate of incorporation or an express provision in its certificate of incorporation or Bylaws resulting from amendments approved by the holders of at least a majority of the corporation's outstanding voting shares. We elected to "opt out" of the provisions of Section 203.

Amended and Restated Certificate of Incorporation and Amended and Restated Bylaws

Provisions of our Certificate of Incorporation and amended and restated Bylaws may delay or discourage transactions involving an actual or potential change in control or change in our management, including transactions in which stockholders might otherwise receive a premium for their shares, or transactions that our stockholders might otherwise deem to be in their best interests. Therefore, these provisions could adversely affect the price of our common stock.

Among other things, our Certificate of Incorporation and Bylaws:

permit our board of directors to issue up to 50,000,000 shares of preferred stock, with any rights, preferences and privileges as they may designate;

Table of Contents

provide that the authorized number of directors may be changed only by resolution of the board of directors;

provide that all vacancies, including newly created directorships, may, except as otherwise required by law, be filled by the affirmative vote of a majority of directors then in office, even if less than a quorum (prior to such time, vacancies may also be filled by the affirmative vote of the holders of a majority of our then outstanding common stock);

provide that our amended and restated Bylaws may only be amended by the affirmative vote of the holders of a majority of our then outstanding common stock or by resolution adopted by a majority of the directors); and

provide that special meetings of our stockholders may only be called by the board of directors, the chief executive officer or the chairman of the board or the board of directors;

eliminate the personal liability of our directors for monetary damages resulting from breaches of their fiduciary duty to the extent permitted by the DGCL and indemnify our directors and officers to the fullest extent permitted by Section 145 of the DGCL;

provide that stockholders seeking to present proposals before a meeting of stockholders or to nominate candidates for election as directors at a meeting of stockholders must provide notice in writing in a timely manner, and also specify requirements as to the form and content of a stockholder's notice; and

not provide for cumulative voting rights, therefore allowing the holders of a majority of the shares of common stock entitled to vote in any election of directors to elect all of the directors standing for election, if they should so choose.

Limitation of Liability and Indemnification Matters

Our Certificate of Incorporation limits the liability of our directors for monetary damages for breach of their fiduciary duty as directors, except for liability that cannot be eliminated under the DGCL. Delaware law provides that directors of a company will not be personally liable for monetary damages for breach of their fiduciary duty as directors, except for liabilities:

for any breach of their duty of loyalty to us or our stockholders;

for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law;

for unlawful payment of dividend or unlawful stock repurchase or redemption, as provided under Section 174 of the DGCL;
or

for any transaction from which the director derived an improper personal benefit.

Any amendment, repeal or modification of these provisions will be prospective only and would not affect any limitation on liability of a director for acts or omissions that occurred prior to any such amendment, repeal or modification.

Our Certificate of Incorporation and amended and restated Bylaws also provide that we will indemnify our directors and officers to the fullest extent permitted by Delaware law. Our Certificate of Incorporation and amended and restated Bylaws also permit us to purchase insurance on behalf of any officer, director, employee or other agent for any liability arising out of that person's actions as our officer, director, employee or agent, regardless of whether Delaware law would permit indemnification. We intend to enter into indemnification agreements with each of our current and future directors and officers. These agreements will require us to indemnify these individuals to the fullest extent

permitted under Delaware law against liability that may arise by reason of their service to us, and to advance

expenses incurred as a result of any proceeding against them as to which they could be indemnified. We believe that the limitation of liability provision in our Certificate of Incorporation and the indemnification agreements will facilitate our ability to continue to attract and retain qualified individuals to serve as directors and officers.

Other Rights

Under the terms of our Certificate of Incorporation and the Bylaws, we are prohibited from issuing any non-voting equity securities to the extent required under Section 1123(a)(6) of the Bankruptcy Code and only for so long as Section 1123 of the Bankruptcy Code is in effect and applicable to the Company.

The transfer agent and registrar for our common stock is American Stock Transfer & Trust Company, LLC.

ordinary brokerage transactions and transactions in which the broker solicits purchasers;

broker-dealers may agree with the selling shareholders to sell a specified number of such shares at a stipulated price per share;

a block trade (which may involve crosses) in which the broker or dealer so engaged will attempt to sell the securities as agent but may position and resell a portion of the block as principal to facilitate the transaction;

purchases by a broker or dealer as principal and resale by such broker or dealer for its own account pursuant to this prospectus;

short sales;

through the writing of options on the shares, whether or not the options are listed on an options exchange;

The selling stockholders may also sell common stock pursuant to Section 4(a)(2) of the Securities Act or under Rule 144 under the Securities Act, in each case if available, rather than under this prospectus.

Such transactions may be effected by the selling stockholders at market prices prevailing at the time of sale or at negotiated prices. The selling stockholders may effect such transactions by selling the securities to underwriters or to or through broker-dealers, and such underwriters

or broker-dealers may receive compensations in the form of discounts or commissions from the selling stockholders and may receive commissions from the purchasers of the securities for whom they may act as agent. The selling stockholders may agree to indemnify any underwriter, broker-dealer or agent that participates in transactions involving sales of the common stock against certain liabilities, including liabilities arising under the Securities Act. We have agreed to register the common stock for sale under the Securities Act and to indemnify the selling stockholders and each person who participates as an underwriter in the offering of the common stock against certain civil liabilities, including certain liabilities under the Securities Act.

Table of Contents

In connection with sales of the securities under this prospectus, the selling stockholders may enter into hedging transactions with broker-dealers, who may in turn engage in short sales of the securities in the course of hedging the positions they assume. The selling stockholders also may sell securities short and deliver them to close their short positions, or loan or pledge the securities to broker-dealers that in turn may sell them.

The selling stockholders may from time to time pledge or grant a security interest in some or all of the common stock owned by them and, if they default in the performance of their secured obligations, the pledgees or secured parties may offer and sell common stock from time to time under this prospectus, or under an amendment to this prospectus under Rule 424 or other applicable provision of the Securities Act amending the list of selling stockholders to include the pledgee, transferee or other successors in interest as selling stockholders under this prospectus.

The selling stockholders and any underwriters, dealers or agents that participate in distribution of the securities may be deemed to be underwriters, and any profit on sale of the securities by them and any discounts, commissions or concessions received by any underwriter, dealer or agent may be deemed to be underwriting discounts and commissions under the Securities Act.

There can be no assurances that the selling shareholders will sell any or all of the securities offered under this prospectus.
