The holders of a majority of the shares represented at the Annual Meeting in person or by proxy will be required to elect directors and approve both of the proposed matters.

Any shareholder giving a proxy may revoke it at any time before it is exercised by delivering written notice of such revocation to us, by substituting a new proxy executed at a later date, or by requesting, in person, at the Annual Meeting, that the proxy be returned.

All of the expenses involved in preparing, assembling and mailing this Proxy Statement and the materials enclosed herewith and all costs of soliciting proxies will be paid by us. In addition to the solicitation by mail, proxies may be solicited by our officers and regular employees by telephone, telegraph or personal interview. Such persons will receive no compensation for their services other than their regular salaries. Arrangements will also be made with brokerage houses and other custodians, nominees and fiduciaries to forward solicitation materials to the beneficial owners of the shares held of record by such persons, and we may reimburse such persons for reasonable out of pocket expenses incurred by them in so doing.

VOTING SHARES AND PRINCIPAL SHAREHOLDERS

The close of business on July 9, 2003 has been fixed by the Board of Directors as the record date (the "record date") for the determination of shareholders entitled to notice of and to vote at the Annual Meeting. On the record date, there were outstanding 41,497,048 shares of Common Stock. Each share of Common Stock entitles the holder thereof to one vote on each matter which may come before the Annual Meeting. Cumulative voting for directors is not permitted. A majority of the issued and outstanding shares entitled to vote, represented at the meeting in person or by proxy, constitutes a quorum at any shareholders' meeting.

CERTAIN TRANSACTIONS

We also agreed to issue up to 22,000,000 additional shares and stock options to purchase an additional 65,000,000 shares exercisable at \$.0001 per share based upon certain performance criteria to be met by Vayala. Vayala is an affiliated company by virtue of the fact that Messrs. Peterson, Silberman and Lu were principal stockholders and/or executive officers and directors of Vayala.

PROPOSAL TO CHANGE OUR NAME TO "QUEPASA CORPORATION"

As a result of our purchase of Vayala Corporation, we have expanded our business beyond the operation of our quepasa.com Web site. Accordingly, we believe it appropriate to reflect our expanded operations through the proposed name change. The Board of Directors recommends that our shareholders approve a change in our name to "quepasa corporation."

7

PROPOSAL TO REVERSE SPLIT OUR COMMON STOCK
ON THE BASIS OF ONE SHARE FOR EACH 20 SHARES OUTSTANDING

Introduction

In June 2003, our Board of Directors approved a proposal to effect a reverse split of our Common Stock, subject to the approval of our shareholders. The reverse split, as approved, will combine our outstanding Common Stock on a one share for 20 shares basis. In other words, once the reverse split takes place, every 20 shares of Common Stock held by shareholders will be reduced to one share. Accordingly, the 41,497,048 shares currently issued and outstanding will be reduced to approximately 2,074,852 shares (subject to rounding) issued and outstanding.

Reasons for the Reverse Split

Our Common Stock currently trades at less than \$.10 per share and we

Edgar Filing: QUEPASA COM INC - Form DEF 14A

currently have almost 50 million shares outstanding. Our Board of Directors believes it is in our interest to reduce the number of shares outstanding, which may proportionately increase the price per share, thereby possibly interesting broker dealers and investors who would otherwise be reluctant to purchase securities trading at less than \$.10 per share.

Certain Effects of the Reverse Split

The following table illustrates the principal effects of the reverse split on our Common Stock based on the number of shares issued and outstanding as of the date hereof, and the number of shares authorized resulting from approval of the proposal.

	Number of Shares Prior to Reverse Split -----	Number of Shares After Reverse Split -----
Authorized Common Stock	50,000,000	50,000,000
Issued and Outstanding Common Stock	41,497,048	2,074,852
Common Stock Available for Issuance	5,502,952	47,925,148

Fractional shares will be paid in cash based upon the average closing bid price of our Common Stock on the Electronic Bulletin Board for the ten trading days prior to the Annual Meeting. Shares of Common Stock issued pursuant to the reverse split will be fully paid and nonassessable. The reverse split will not alter the relative voting and other rights of holders of the Common Stock, and each share of Common Stock will continue to entitle its owner to one vote.

8

As a result of the reverse split, the number of shares of Common Stock presently outstanding will be consolidated but the number of shares authorized for issuance will remain unchanged at 50 million. Accordingly, we will have the ability to issue more shares of Common Stock than is presently the case without additional shareholder approval. Doing so may have a dilutive effect on the equity and voting power of our existing shareholders. Your percentage ownership in our company will remain essentially unchanged.

The reverse split may result in some shareholders owning "odd-lots" of less than 100 shares of Common Stock. Brokerage commissions and other costs of transactions in odd-lots are generally somewhat higher than the costs of transactions in round lots of even multiples of 100 shares.

The reverse split will not affect our shareholders' equity as reflected on its financial statements, except to change the number of issued and outstanding shares of Common Stock and to reduce additional paid-in capital to the extent we pay cash for fractional shares. Accordingly, the payment of cash will reduce our shareholders' equity and shares of Common Stock outstanding.

Certain Federal Income Tax Consequences

The following is a summary of the material anticipated federal income tax consequences of the proposed reverse split. This summary is based upon existing law which is subject to change by legislation, administrative action and judicial decision, and is necessarily general. In addition, this summary does not address any consequence of the reverse split under any state, local or foreign tax laws. Accordingly, this summary is not intended as tax advice to any

Edgar Filing: QUEPASA COM INC - Form DEF 14A

person or entity, and we advise you to consult with your own tax advisor for more detailed information relating to your individual circumstances.

We understand that the reverse split will be a "recapitalization" under applicable federal tax laws and regulations. As a result of such tax treatment, no gain or loss should be recognized by us or our shareholders as a result of the reverse split or the exchange of pre- reverse split shares for post-reverse split shares. A shareholder's aggregate tax basis in his or her post-reverse split shares should be the same as his or her aggregate tax basis in the pre-reverse split shares. In addition, the holding period of the post-reverse split shares received by such shareholder should include the period during which the pre-reverse split shares were held, provided that all such shares were held as capital assets in the hands of the shareholder at the time of the exchange. Shareholders will recognize gain for federal income tax purposes to the extent that payment made to them for fractional shares exceeds the shareholder's tax basis in his or her shares.

Effective Date of the Reverse Split

If the proposal is approved by our shareholders, we anticipate that it will become effective in July 2003. After the reverse split is effective, certificates representing shares of pre-reverse split Common Stock will be deemed to represent only the right to receive the appropriate number of shares of post-reverse split Common Stock.

9

Exchange of Certificates

Shareholders are not being asked to exchange their certificates at this time. However, they are entitled to do so after the reverse split takes place, if they wish, by contacting our transfer agent, Corporate Stock Transfer, Denver, Colorado. Otherwise, certificates representing pre- reverse split shares will be exchanged for certificates reflecting post-reverse split shares at the first time they are presented to the transfer agent for transfer.

RELATIONSHIP WITH INDEPENDENT PUBLIC ACCOUNTANTS

Ehrhardt Keefe Steiner & Hottman, P.C., Denver, Colorado, conducted the audit of our financial statements for the year ended December 31, 2002. It is our understanding that this firm is obligated to maintain audit independence as prescribed by the accounting profession and certain requirements of the Securities and Exchange Commission. As a result, our directors do not specifically approve, in advance, non-audit services provided by the firm, nor do they consider the effect, if any, of such services on audit independence.

PROPOSALS OF SHAREHOLDERS FOR PRESENTATION AT NEXT ANNUAL MEETING OF SHAREHOLDERS

Any shareholders of record who desires to submit a proper proposal for inclusion in the proxy materials relating to the next annual meeting of shareholders must do so in writing and it must be received by us at our principal executive offices prior to our fiscal year end. The proponent must be a record or beneficial shareholder entitled to vote at the next annual meeting of shareholders on the proposal and must continue to own the securities through the date on which the meeting is held.

OTHER BUSINESS

Management is not aware of any other matters which are to be presented to the Annual Meeting, nor has it been advised that other persons will present any

Edgar Filing: QUEPASA COM INC - Form DEF 14A

such matters. However, if other matters properly come before the meeting, the individual named in the accompanying proxy shall vote on such matters in accordance with his best judgment.

The above notice and Proxy Statement are sent by order of the Board of Directors.
