| Title of Security | Amount | Percentage of Shares of Common Stock |
|-------------------|---------------------------|--------------------------------------|
| Common Stock | 11,250,000 ⁽²⁾ | 10.1% ⁽¹⁾ |

- (1) Under Rule 13d-3, a beneficial owner of a security includes any person who, directly or indirectly, through any contract, arrangement, understanding, relationship, or otherwise has or shares: (i) voting power, which includes the power to vote, or to direct the voting of shares; and (ii) investment power, which includes the power to dispose or direct the disposition of shares. Certain shares may be deemed to be beneficially owned by more than one person (if, for example, persons share the power to vote or the power to dispose of the shares). In addition, shares are deemed to be beneficially owned by a person if the person has the right to acquire the shares (for example, upon exercise of an option) within 60 days of the date as of which the information is provided. In computing the percentage ownership of any person, the amount of shares outstanding is deemed to include the amount of shares beneficially owned by such person (and only such person) by reason of these acquisition rights. As a result, the percentage of outstanding shares of any person as shown in this table does not necessarily reflect the person's actual ownership or voting power with respect to the number of shares of common stock actually outstanding on the date of this Statement. Applicable percentage of ownership is based on 111,433,086 common shares outstanding as of October 8, 2010, plus any securities held by such security holder exercisable for or convertible into common shares within sixty (60) days after the date of this Report, in accordance with Rule 13d-3(d)(1) under the Securities Exchange Act of 1934, as amended.
