QUESTIONS AND ANSWERS ABOUT THE MEETING AND VOTING

What is the Notice of Internet Availability of Proxy Materials that I received instead of complete proxy materials?

The Securities and Exchange Commission (the *SEC*) rules allow companies to furnish proxy materials, including this proxy statement and our Annual Report to Shareholders, by providing access to these documents on the Internet instead of mailing printed copies of our proxy materials to shareholders. Most shareholders who reside in the United States have received a Notice of Internet Availability of Proxy Materials (the *Notice*), which provides instructions for accessing proxy materials on a website or for requesting electronic or printed copies of the proxy materials.

If you would like to receive a paper copy of the proxy materials for the Annual Meeting of Shareholders (the *Meeting*) of SunOpta Inc. (sometimes referred to as *we*, *us*, *our*, *the Company* or *SunOpta*) and for all future meetings, follow the Notice instructions for requesting such materials. The chosen electronic delivery option lowers costs and reduces environmental impacts of printing and distributing the materials.

What is the date, time and place of the Meeting?

The Meeting will be held on Thursday, May 31, 2018 at 4:00 P.M. Eastern Daylight Time at our corporate offices located at 2233 Argenta Road, Suite 401, West Tower, Mississauga, ON L5N 2X7.

You may also access the Meeting live by teleconference or over the Internet. To access the Meeting by teleconference, dial toll free at 1-877-312-9198 or international at 1-631-291-4622. To access the Meeting over the Internet, go to the Company's website at www.sunopta.com. You should plan to access the Company's website at least 15 minutes prior to the Meeting time in order to register, download and install any necessary audio software.

Why am I receiving proxy materials?

We sent you the Notice or this proxy statement relating to the Meeting (this *Proxy Statement*) and the accompanying proxy card because our Board of Directors (sometimes referred to as the *Board*) is soliciting your proxy to vote at the Meeting and at any adjournment or postponement thereof. You are invited to attend the Meeting and we request that you vote on the proposals described in this Proxy Statement. However, you do not need to attend the Meeting to vote your shares. Instead, you may simply complete, sign and return the enclosed proxy card, or vote by telephone or Internet as described below under *How can I vote?*

What are the items of business scheduled for the Meeting?

There are three matters scheduled for a vote:

the election of the director nominees specified in this Proxy Statement;

the appointment of Deloitte LLP as the Company's independent registered public accounting firm and auditor and authorization for the Audit Committee to fix their remuneration; and

a non-binding, advisory resolution to approve the compensation of the Company's named executive officers (*NEOs*);

Shareholders will also consider and take action upon such other matters as may properly come before the Meeting or any adjournment thereof. The Board is not currently aware of any other matters to be presented at the Meeting.

What is included in the proxy materials?

The proxy materials include:

this Proxy Statement for the Meeting;

the accompanying proxy card; and

If you have any questions or need assistance completing your proxy or voting instruction form, please call Kingsdale Advisors at 1-877-659-1822 or email at contactus@kingsdalesadvisors.com.

our Annual Report to Shareholders on Form 10-K, as amended, for the year ended December 30, 2017, which includes the Audited Consolidated Financial Statements for the year ended December 30, 2017 and the related Management's Discussion and Analysis of Financial Condition and Results of Operations. The Annual Report is not incorporated by reference into this Proxy Statement and is not deemed to be a part hereof.

What is a proxy?

It is your legal designation of another person to vote the shares you own. The other person is called a proxy. If you designate someone as your proxy in a written document, that document is also called a proxy or a proxy card.

The enclosed proxy card contemplates that Robert McKeracher, Vice President and Chief Financial Officer, and Jill Barnett, General Counsel and Secretary, each be appointed to act as your proxy. However, you may choose another person to act as your proxy. If you wish to appoint as your proxy a person other than the individuals named on the proxy card to attend the Meeting and vote for you, you may do so by striking out the names on the proxy card and inserting the name of your proxy in the blank space provided in the proxy card, or you may complete another proper proxy card. Your appointed proxy need not be a shareholder of the Company. If you appoint a non-management proxyholder, please make them aware and ensure they will attend the meeting for the vote to count.

Who is soliciting my proxy?

The proxy accompanying this Proxy Statement is solicited by management and the Board of Directors of the Company. Proxies may be solicited by officers, directors and regular employees of the Company. None of the officers, directors or employees will be directly compensated for such services. In addition, Kingsdale Advisors has been retained by the Company as our strategic shareholder advisor and proxy solicitation agent in connection with the solicitation of proxies for the Meeting. Shareholders can contact Kingsdale Advisors either by mail at Kingsdale Advisors, The Exchange Tower, 130 King Street West, Suite 2950, P.O. Box 361, Toronto, Ontario M5X 1E2, by toll-free telephone in North America at 1-877-659-1822 or collect call outside North America at 416-867-2272, or by e-mail at contactus@kingsdaleadvisors.com.

How many classes of shares are outstanding?

The Company currently has two classes of shares issued and outstanding. The Common Shares are quoted for trading on NASDAQ (STKL) and are listed for trading on the Toronto Stock Exchange (SOY). The Company also created and issued Special Voting Shares in connection with a Series A Preferred Stock (*Preferred Stock*) financing completed by our subsidiary, SunOpta Foods Inc., in October 2016.

Unless the context otherwise requires, any reference in this Proxy Statement to shares of the Company refers to both the Common Shares and Special Voting Shares, and any reference to shareholders of the Company is intended to refer to holders of either Common Shares or Special Voting Shares.

Who can vote at the Meeting?

Subject to the restriction noted below under How many votes are needed to approve each proposal, each holder of Common Shares and each holder of Special Voting Shares is entitled to one vote for every share owned. The holders of Common Shares and Special Voting Shares vote together as a single class.

Only shareholders of record at the close of business on April 3, 2018, or the record date, will be entitled to vote at the Meeting. On the record date, there were 86,840,122 Common Shares and 11,333,333 Special Voting Shares issued and outstanding (98,173,455 shares in aggregate), representing 88.5% and 11.5%, respectively, of the aggregate voting rights attaching to all of the Company's outstanding shares. Except as otherwise stated, all information relating

to the number of outstanding shares or other securities of the Company in this Proxy Statement is as of April 3, 2018.

In the event a shareholder of record transfers his, her or its Common Shares after the close of business on the record date, the transferee of those shares will be entitled to vote the transferred shares at the Meeting provided that he, she or it produces properly endorsed share certificates representing the transferred shares to the Company's Secretary or transfer agent or otherwise establishes ownership of the transferred shares at least 10 days prior to the Meeting.

If you have any questions or need assistance completing your proxy or voting instruction form, please call Kingsdale Advisors at 1-877-659-1822 or email at contactus@kingsdalesadvisors.com.

What is the difference between a shareholder of record and a shareholder who holds shares in street name?

Most shareholders hold their shares through a broker, bank or other nominee rather than directly in their own name. As summarized below, there are important distinctions between shares held of record and those owned in street name.

Shareholder of Record Shares Registered in Your Name

If on April 3, 2018 your shares were registered directly in your name with our transfer agent, you are considered, with respect to those shares, the shareholder of record. As the shareholder of record, you have the right to grant your voting proxy directly to the individuals named on the proxy card, or to vote in person at the Meeting. Whether or not you plan to attend the Meeting, we urge you to fill out and return the enclosed proxy card to ensure your vote is counted.

Beneficial Owner Shares Registered in the Name of Broker, Bank or Nominee

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name, and the proxy materials are being forwarded to you by your broker or nominee, which is considered, with respect to those shares, the shareholder of record. As the beneficial owner, you have the right to direct your broker how to vote and are also invited to attend the Meeting. However, since you are not the shareholder of record, you may not vote these shares in person at the Meeting unless you obtain a signed proxy from the shareholder of record giving you the right to vote the shares. Your broker or nominee has provided voting instructions for you to use in directing the broker or nominee how to vote your shares. If you fail to provide sufficient instructions to your broker or nominee, that shareholder of record may be prohibited from voting your shares. See *What if I do not specify how my shares are to be voted?* and *What are broker non-votes?* below.

How can I vote?

You may vote your shares by one of the following methods:

Vote in Person. If you are the shareholder of record with respect to your shares, you may vote the shares in person at the Meeting. If you choose to vote in person at the Meeting, please bring your proxy card or personal identification. Shares held in street name may be voted in person by you only if you obtain a legal proxy from the shareholder of record giving you the right to vote your beneficially owned shares.

Vote by Telephone. To vote by telephone, call toll free 1-800-690-6903. You will be prompted to provide your 16 digit control located on the Notice or your proxy card. *Please note that telephone voting should not be used if you plan to attend the Meeting and vote in person or designate a proxy to vote on your behalf at the Meeting.*

Vote by Facsimile (Canadian shareholders only). You may also submit your proxy card via facsimile by sending it to 1-866-623-5305.

Vote by Internet. To vote via the Internet, go to www.proxyvote.com and follow the simple instructions. You will be required to provide your 16 digit control number located on the Notice or your form of proxy.

Vote by Mail. If you received a printed set of proxy materials, you may complete, sign, date and mail the separate proxy card or other proper form of proxy in the envelope provided with this Proxy Statement. *If you vote by telephone, Internet or facsimile, please do not mail your proxy card.*

If you vote by telephone, facsimile or Internet, your vote must be cast no later than the proxy cut-off of *4:00 P.M. Eastern Daylight Time on Tuesday, May 29, 2018* (or 4:00 P.M. on the day before, excluding Saturdays, Sundays and holidays, any adjournment or postponement of the Meeting). If you vote by proxy, your completed proxy card must be received by Broadridge at 51 Mercedes Way, Edgewood, New York USA 11717, *prior to 4:00 P.M. Eastern Daylight*

Edgar Filing: SunOpta Inc. - Form DEF 14A

Time on Tuesday, May 29, 2018 (or 4:00 P.M. on the day before, excluding Saturdays, Sundays and holidays, any adjournment or postponement of the Meeting at which the proxy is to be used). The Chair of the Meeting may waive or extend the proxy cut-off without notice at his own discretion.

If you have any questions or need assistance completing your proxy or voting instruction form, please call Kingsdale Advisors at 1-877-659-1822 or email at contactus@kingsdalesadvisors.com.

If your shares are held in street name by a broker, bank or other nominee, please refer to the instructions provided by that broker, bank or nominee regarding how to vote or how to revoke your voting instructions.

If you return a signed proxy card or use the telephone or Internet to vote before the Meeting, the person named as proxies in the proxy card will vote your Common Shares as you direct.

Even if you currently plan to attend the Meeting, we recommend that you also submit your proxy as described above so that your vote will be counted if you later decide not to attend the Meeting. Submitting your proxy via Internet, telephone or mail does not affect your right to vote in person at the Meeting.

How many votes are needed to approve each proposal?

The number of votes required to approve each of the proposals scheduled to be presented at the Meeting is as follows:

Proposal One: Election of Directors. Directors are elected by a plurality of the votes cast, meaning the nominees who receive the largest number of votes will be elected as directors, up to the maximum number of directors to be elected. However, in accordance with our Majority Voting Policy, any director who receives more withhold than for votes will be required to immediately submit his or her resignation as a director. See *Proposal One Election of Directors Majority Voting Policy* below.

Proposal Two: Appointment of Deloitte LLP as the Company's independent registered public accounting firm and auditors and authorization of the Audit Committee to fix their remuneration. This proposal will be approved if the votes cast in favor of the proposal constitute a majority of the total votes cast on the proposal.

Proposal Three: Advisory vote regarding the compensation of the Company's NEOs. This proposal will be approved if the votes cast in favor of the proposal constitute a majority of the total votes cast on the proposal. Although the outcome of this vote is not binding on us, we will consider the outcome of this vote when developing our compensation policies and practices, and when making compensation decisions in the future.

What if I do not specify how my shares are to be voted?

Shareholders of Record. If you are a shareholder of record and you submit a proxy card, but you do not provide voting instructions, your shares will be voted as follows:

FOR each of the nine nominees named in this Proxy Statement for election to the Company's Board of Directors;

FOR the appointment of Deloitte LLP as the Company's independent registered public accounting firm and auditor and authorization of the Audit Committee to fix their remuneration; and

FOR the approval of the non-binding advisory resolution regarding the compensation of the Company's NEOs.

The Board does not expect that any additional matters will be brought before the Meeting. The persons appointed as proxies will vote in their discretion on any other matters that may properly come before the Meeting or any postponement or adjournment thereof, including any vote to postpone or adjourn the Meeting. Moreover, if for any reason any of our nominees are not available as a candidate for director, the persons named as proxies will vote for such other candidate or candidates as may be nominated by the Board.

Beneficial Owners. If you are a beneficial owner and you do not provide the broker, bank or other nominee that holds your shares with voting instructions, the broker or other nominee will determine if it has the discretionary authority to vote on the particular matter. Therefore, if you do not provide voting instructions to your broker, your broker may only vote your shares on Proposal Two. See *What are broker non-votes?* below.

Edgar Filing: SunOpta Inc. - Form DEF 14A

If you have any questions or need assistance completing your proxy or voting instruction form, please call Kingsdale Advisors at 1-877-659-1822 or email at contactus@kingsdalesadvisors.com.

What are broker non-votes ?

A broker non-vote occurs when a broker, bank or other nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have authority to vote on that particular proposal without receiving voting instructions from the beneficial owner. *Under NASDAQ rules, brokers that do not receive voting instructions from the beneficial owner have the discretion to vote on certain routine matters, but do not have the discretion to vote on the election of directors to the Board, executive compensation matters or any other significant matter as determined by the SEC.* We believe that Proposal Two relating to the appointment of Deloitte LLP as our independent registered public accounting firm is considered a matter on which brokers may vote in their discretion on behalf of clients who have not furnished voting instructions. However, under current NASDAQ rules, we believe that brokers who have not received voting instructions from their clients will not be authorized to vote in their discretion on Proposals One or Three. Accordingly, for beneficial owners of shares, if you do not give your broker specific instructions, your shares may not be voted on such proposals.

How are abstentions and broker non-votes counted?

Abstentions and broker non-votes are counted for purposes of determining whether a quorum exists at the Meeting. The shares represented by proxies marked `abstain` will not be treated as affirmative or opposing votes. Broker non-votes will not affect the outcome of the vote on any of the proposals to be voted upon at the Meeting because the outcome of each vote depends on the number of *votes cast* rather than the number of shares *entitled to vote*.

How many votes do I have?

On each matter to be voted upon, you have one vote for each Common Share you owned as of April 3, 2018.

Who counts the votes?

The Company has nominated Broadridge Financial Solutions, Inc. to count and tabulate the votes. This is done independently of the Company to preserve the confidentiality of individual shareholder votes. Proxies are referred to the Company only in cases where a shareholder clearly intends to communicate with management, the validity of the proxy is in question or where it is necessary to do so to meet the requirements of applicable law.

Is my vote confidential?

The Company's transfer agents (identified below) preserve the confidentiality of individual shareholder votes, except where a shareholder clearly intends to communicate his or her individual position to the management of the Company or as necessary in order to comply with legal requirements.

If I need to contact the Company's transfer agents, how do I reach them?

You can contact the transfer agent in Canada by mail at: TSX Trust Company, 100 Adelaide Street West, Suite 301, Toronto, Ontario, Canada M5H 4H1, or via telephone at (416) 361-0930. You can contact the transfer agent in the USA by mail at: American Stock Transfer & Trust Company, LLC, 6201 15th Avenue, Brooklyn, NY USA 11219, or via telephone at (718) 921-8293.

What does it mean if I receive more than one copy of the Notice or proxy card?

If you receive more than one copy of the Notice or more than one proxy card, your shares are registered in more than one name or are registered in different accounts. Please complete, sign and return each proxy card or follow the instructions on each copy of the Notice to ensure that all of your shares are voted.

Edgar Filing: SunOpta Inc. - Form DEF 14A

If you have any questions or need assistance completing your proxy or voting instruction form, please call Kingsdale Advisors at 1-877-659-1822 or email at contactus@kingsdalesadvisors.com.

How do I revoke or change my vote?

If you are a shareholder of record, you may revoke your proxy at any time before it is voted by one of the following methods:

Voting again by telephone or by Internet prior to 4:00 P.M. Eastern Daylight Time on May 29, 2018, as set forth above under *How can I vote?* ;

Requesting, completing and mailing or delivering by facsimile a proper proxy card, as set forth above under *How can I vote?* ;

Sending written notice of revocation, signed by you (or your duly authorized attorney), to the Company at its corporate offices at 2233 Argentia Road, Suite 401, West Tower, Mississauga, ON L5N 2X7, at any time prior to the last business day preceding the date of the Meeting; or

Attending the Meeting (or any adjournment thereof) and delivering written notice of revocation prior to any vote to the Chair of the Meeting.

If you hold your shares in street name, you may revoke your proxy by following the instructions provided by your broker, bank or other nominee.

What is the quorum requirement?

Under NASDAQ listing rules and the Company's by-laws, the presence at the Meeting, in person or represented by proxy, of at least two shareholders holding not less than one-third (33 1/3%) of all the Company's outstanding shares shall constitute a quorum for the purpose of transacting business at the Meeting. As of the record date, there were 86,840,122 Common Shares and 11,333,333 Special Voting Shares outstanding (98,173,455 shares in the aggregate). Therefore, holders of at least 32,724,485 of the Company's outstanding shares must be present, in person or represented by proxy, at the Meeting in order to establish a quorum. The Company encourages all of its shareholders to participate in the Meeting.

How can I find out the results of the voting at the Meeting?

Preliminary voting results will be announced at the Meeting. We will publish final results in a Current Report on Form 8-K that we expect to file with the SEC and with applicable Canadian securities regulatory authorities within four business days of the Meeting. After the Form 8-K is filed, you may obtain a copy by visiting our website, by viewing our public filings in the U.S. at www.sec.gov or in Canada at www.sedar.com, by calling (905) 821-9669, by writing to Investor Relations, SunOpta Inc., 2233 Argentia Road, Suite 401, West Tower, Mississauga, ON L5N 2X7 or by sending an email to beth.mcgillivray@sunopta.com.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following presents information regarding beneficial ownership of our shares as of April 3, 2018 by:

each person who we know owns beneficially more than 5% of each class of our shares;

each of our directors and nominees;

each of our NEOs; and

all of our directors and executive officers as a group.

Under the regulations of the SEC, shares are generally deemed to be beneficially owned by a person if the person directly or indirectly has or shares voting power or investment power (including the power to dispose) over the shares, whether or not the person has any pecuniary interest in the shares, or if the person has the right to acquire voting power or investment power of the shares within 60 days, including through the exercise of any option, warrant or right. In accordance with the regulations of the SEC, in computing the number of Common Shares beneficially owned by a person and the percentage ownership of such person, we deemed to be outstanding all Common Shares subject to options or other rights held by the person that are currently exercisable or exercisable within 60 days of April 3, 2018. We did not deem such shares outstanding, however, for the purpose of computing the percentage ownership of any other person.

Based solely on our review of statements filed with the SEC pursuant to Section 13(d) and 13(g) under the Securities Exchange Act of 1934, as amended (the *Exchange Act*) the Company is not aware of any other person or group that beneficially owns more than 5% of any class of voting shares of the Company, except as noted below.

Name and Address of Beneficial Owner	Title of Class	Amount and Nature of Beneficial Ownership	Percentage of Class⁽¹⁾	Percentage of all Shares⁽¹⁾
Oaktree Capital Group, LLC 333 South Grand Avenue, 28 th Floor, Los Angeles, CA 90071	Common	19,426,032 ⁽²⁾⁽³⁾	22.37%	19.79%
	Special Voting	11,333,333 ⁽³⁾	100%	11.55%
Morgan Stanley 1585 Broadway, New York, NY 10036	Common	7,906,575 ⁽⁴⁾	9.10%	8.05%
UBS Group AG Bahnhofstrasse 45, PO Box CH-8021, Zurich, Switzerland	Common	6,500,572 ⁽⁵⁾	7.49%	6.62%
Engaged Capital, LLC 610 Newport Center Drive, Suite 250, Newport Beach, CA 92660	Common	6,426,435 ⁽⁶⁾	7.40%	6.55%
FMR, LLC 245 Summer Street, Boston, MA 02201	Common	4,859,591 ⁽⁷⁾	5.60%	4.95%

- (1) Percentage of Class and Percentage of all Shares is calculated based on a total of 86,840,122 Common Shares and 11,333,333 Special Voting Shares outstanding, in each case as at April 3, 2018. These totals do not include Common Shares that are issuable on the exercise of outstanding options or upon exchange of the Preferred

Stock. Majority Voting Policy

The Board has adopted a policy providing that, in an uncontested election of directors, shareholders will be able to vote in favor of, or to withhold from voting, separately for each director nominee. If any nominee receives a greater number of votes withheld than votes for, then that nominee is required to tender his or her resignation to the Board immediately following the relevant shareholder meeting. If the resignation is conditional upon acceptance by the Board, the Board will then refer the resignation for consideration by the Corporate Governance Committee which, among other matters, is responsible for selecting or recommending director nominees, and the Corporate Governance Committee will provide a recommendation as to whether the resignation should be accepted. Any director who tenders his or her resignation shall not participate in any meeting of the Board or of the Corporate Governance Committee, if he or she is a member of the Corporate Governance Committee, at which his or her resignation is considered. The Board shall accept the resignation absent exceptional circumstances. The Board will make its decision as to whether or not to accept the resignation within ninety (90) days after the date the resignation is tendered. The Board will promptly issue a news release with the Board's decision and, if the decision is not to accept the resignation, shall include in the news release the reasons for its decision. A copy of the news release will be filed with the Toronto Stock Exchange and any other applicable regulatory authority.

Advance Notice By-Law

Effective November 10, 2015, the Board approved and adopted by-law number 15 (the *Advance Notice By-Law*) providing for advance notice requirements for the nomination of directors. The Company's shareholders subsequently approved the Advance Notice By-law at the annual and special meeting of shareholders held on May 10, 2016. A copy of the Advance Notice By-law can be found under the Company's profile on the SEDAR website at www.sedar.com.

The Advance Notice By-Law establishes the conditions and framework under which holders of record of Common Shares may exercise their right to submit director nominations and is designed to ensure that shareholders receive adequate notice of all director nominations to be considered at a shareholders' meeting and sufficient information so that shareholders can cast an informed vote.

If the annual meeting is to be held on a date that is less than fifty (50) days following the date of public announcement of date of the annual meeting, notice must be given by the nominating shareholder not later than the close of business on the tenth (10th) day following the notice date. In the case of a special meeting of shareholders (which is not also an annual meeting), called for the purpose of electing directors (whether or not called for other purposes as well), notice to the Company must be given not later than the close of business on the fifteenth (15th) day following the day on which the first public announcement of the date of the special meeting was made. The Advance Notice By-Law requires the nominating shareholder to include in its notice to the Company certain information regarding the nominating shareholder and the director nominees.

CORPORATE GOVERNANCE

Introduction

The Board of Directors believes that effective corporate governance contributes to improved corporate performance and enhanced shareholder value. Consequently, the Board of Directors is committed to ensuring that the Company follows best practices and continually seeks to enhance and improve its corporate governance practices.

Board Mandate

The Board is responsible for the stewardship of the Company and to supervise the management of the business and affairs of the Company in accordance with the best interests of the Company and its shareholders. The Board establishes overall policies and standards for the Company. Where appropriate, the directors rely upon management and the advice of the Company's outside advisors and auditors. The Board also delegates certain responsibilities to its standing committees, based upon the approved charters of each such committee.

In accordance with its mandate, the Board oversees and reviews the development and implementation of the following significant corporate plans and initiatives, among others:

- the Company's strategic planning process;
- the identification of the principal risks to the Company's business and the implementation of systems to manage these risks, whether financial, operational, environmental, safety-related or otherwise;
- succession planning and evaluation of relative strengths of existing management including the needs to ensure sufficient depth of management;
- oversight of communications and public disclosure including the Company's disclosure policy and receiving feedback from stakeholders;
- analysis and approval of significant transactions including material acquisitions and dispositions of businesses or other Company assets; and
- the Company's internal controls and management information systems.

Board Composition, Size and Leadership

The articles of the Company provide that its Board of Directors shall consist of a minimum of five and a maximum of fifteen directors. Presently, the Board of Directors consists of nine directors. These nine directors are being nominated for re-election at the Meeting. If a suitable candidate is identified, the Board may add an additional director following the Meeting as part of its succession planning activities.

In accordance with its mandate, the Corporate Governance Committee regularly considers the appropriate skills and characteristics required of Board members, taking into consideration the Board's short-term needs and long-term succession plans. The Corporate Governance Committee believes that the Board should be comprised of directors with a broad range of experience and expertise. Additionally, the committee develops and periodically updates a long-term plan for the Board's composition taking into consideration the independence, age, skills, experience and availability of service to the Company of its members, as well as the opportunities, risks, and strategic direction of the Company. Having regard for the results of the foregoing, the Corporate Governance Committee makes recommendations to the full Board regarding the size and composition of the Board and seeks to identify qualified individuals to become Board members as deemed appropriate.

Each of the directors and executive officers of the Company is required to certify on an annual basis that he or she has reviewed and is knowledgeable as to the contents of the Company's Business Ethics and Code of Conduct (the *Code*) and is not aware of any violations of the Code. All new employees of the Company are required to certify at the time of hiring that they have reviewed and are knowledgeable as to the contents of the Code. The Company monitors compliance with the Code through management oversight and regular communications with employees. In addition,

the Company has established and maintains, through an independent third-party service provider, a confidential toll-free ethics reporting hotline which all directors, officers and employees are advised of and encouraged to use to report matters which may constitute violations of the Code.

If you have any questions or need assistance completing your proxy or voting instruction form, please call Kingsdale Advisors at 1-877-659-1822 or email at contactus@kingsdalesadvisors.com.

The Board, each committee and each of the individual directors are typically assessed annually at the end of the year as part of the Company's evaluation process. During this annual assessment process, each director is required to complete an individual assessment, which is prepared and reviewed by someone other than the directors. The results of this review are reported to, and discussed in detail at, a meeting of the full Board of Directors.

On November 6, 2017, Derek Briffett was appointed to the Company's Board of Directors, increasing the size of the Board to nine directors. Mr. Briffett also serves on the Company's Audit Committee. Mr. Briffett most recently served as Chief Operating Officer from 2013 to 2015 for Associated Brands, which was acquired by Treehouse Foods, leading operations, supply chain and co-manufacturing sales in addition to finance, information technology and customer service.

David Colo, our President and CEO, currently serves on the Board of Directors and Dean Hollis is the Chair of the Board. The Board does not have a formal policy concerning the separation of the roles of CEO and Chair, as the Board believes that it is in the best interests of the Company to make that determination based on the position and direction of the Company and the composition of the Board from time to time. As indicated above, these roles are currently separate.

The Chair of the Board sets the agenda for meetings of the Board with input and feedback from the directors. All committees of the Board are chaired by independent directors. The Board and the Corporate Governance Committee believe that the current Board leadership structure is an appropriate structure for the Company and will continue to periodically evaluate whether the structure is in the best interests of the Company and its shareholders.

Director Independence

Under NASDAQ listing rules, a majority of the members of the Board must be independent directors. An independent director under NASDAQ listing rules is a person other than an executive officer or employee or any other individual having a relationship which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

National Policy 58-201 *Corporate Governance Guidelines* of the Canadian Securities Administrators (the CSA) recommends that boards of directors of reporting issuers be composed of a majority of independent directors. A director is considered independent only where the board determines that the director has no material relationship with the Company. Director independence of each of the current directors is determined by the Board of Directors with reference to the requirements set forth by the CSA in National Instrument 52-110 - *Audit Committees*, as well as the rules and regulations of the Toronto Stock Exchange (the TSX), NASDAQ and SEC.

The Board has determined that each of the following eight directors nominated for election are independent: Margaret Shân Atkins, Dr. Albert Bolles, Derek Briffett, Michael Detlefsen, Dean Hollis, Katrina Houde, Brendan Springstubb and Gregg Tanner. David Colo, President and CEO, is currently an officer of the Company, and is therefore not considered independent. As a result, if all of the director nominees are elected at the Meeting, eight of the nine directors will be independent. These independent directors currently comprise in full the membership of each standing Board committee described in this Proxy Statement.

Executive Sessions

The independent directors meet without management and non-independent directors at regularly scheduled in-person Board meetings, generally following meetings of the full Board. The Chair of the Board presides over these meetings.

Meeting Attendance

Edgar Filing: SunOpta Inc. - Form DEF 14A

The Board held 14 duly called meetings during fiscal year 2017 and committees of the Board held a total number of 30 meetings. Each incumbent board member attended 92% or more of his or her combined total meetings of the Board and all committees on which he or she served. All directors were in attendance at the 2017 Annual and Special Meeting of the Shareholders on May 24, 2017.

If you have any questions or need assistance completing your proxy or voting instruction form, please call Kingsdale Advisors at 1-877-659-1822 or email at contactus@kingsdalesadvisors.com.

Term and Age Limits

A director's term of office is from the date on which he or she is elected or appointed until the close of the next annual meeting. The Board believes that individual directors should be rigorously evaluated on the basis of their skills, knowledge, experience, character, attendance and contributions to the Board and the business of the Company and the specific needs and requirements of the Board without regard to their term of service or age. At this time, the Board has, therefore, not adopted term or age limits for directors as it believes it is important to find a balance between ensuring a mechanism for fresh ideas and viewpoints while not losing the insight, experience and other benefits of continuity contributed by longer serving directors. However, as the Board recognizes that diversity of views from longer-term and newly-appointed directors can contribute to effective decision making, the Board considers the term of service of individual directors, the average term of the Board as a whole and turnover of directors in recent years when proposing a slate of nominees.

Diversity

The Board believes that directors with diverse backgrounds and experiences benefit the Company by enabling the Board to consider issues from a variety of perspectives. In 2015, the Board approved a separate written diversity policy, which is posted at <http://investor.sunopta.com/governance.cfm>. In support of the Company's commitment to diversity, when selecting qualified candidates to serve on the Board, SunOpta will consider a wide range of diversity criteria including gender, ethnicity, personal abilities, geographic location and other factors. The Board seeks to include members not only with diverse backgrounds, but also with skills and experience, including appropriate financial and other expertise relevant to the business of the Company, in order to find the best qualified candidates given the needs and circumstances of the Board. For these reasons, the Board has not established specific targets relating to the identification, nomination or representation on either the Board or among executive officers based on gender or any other specific criteria.

Currently, the Board is comprised of two female directors (22%) and seven male directors (78%). Assuming all of the Company's nominees are elected, the Board will continue to be comprised of two female directors (22%) and seven male directors (78%) following the Meeting. The Board hopes to increase the representation of women on the Board as turnover occurs, taking into account the skills, experience and knowledge desired at that particular time by the Board.

With respect to executive officer positions, currently there are two females (13%) and thirteen males (87%) at this level within the Company. While there are currently no specific goals or plans with respect to women in executive officer positions, the Company hopes to increase the representation of women at the executive officer level as positions are available, taking into account the skills, experience and knowledge desired at that particular time by the Company.

Director Orientation and Continuing Education

The Company has a formal director orientation policy to ensure that all new directors receive proper orientation to facilitate the level of familiarity with the Company's practices, policies and operations required to meet Board responsibilities.

The current process to orient new directors is as follows:

- 1) The new director meets with the Chair of the Board and the Company's CEO to discuss various information about the Company, including history, vision, mission and values, organization structure, shareholdings, strategic plan, fiscal business plan and budget, historical and current year to date fiscal results.

If you have any questions or need assistance completing your proxy or voting instruction form, please call Kingsdale Advisors at 1-877-659-1822 or email at contactus@kingsdalesadvisors.com.

- 2) The new director meets with the Chair to discuss the aspects of the Board such as organizational documents and Board and committee minutes for the past year, Board administration matters, expense reimbursement practices, and Company policies.
- 3) The new director meets with other directors of the Company and certain members of management which allows new directors an opportunity to ask questions about the role of the Board, its committees and directors and the nature and operation of the Company. Following nomination, new directors are encouraged to meet other members of management and to visit the Company's premises and view its operations.
- 4) New directors are provided access to the Company's continuous disclosure documents as filed with the SEC and on SEDAR, investor presentation material, director mandate and the Company's Business Ethics and Code of Conduct policies. New directors are required to affirm that they have read and understand the Company's Business Ethics and Code of Conduct.

The Company also encourages directors to attend other appropriate continuing education programs. Furthermore, the Board and its committees received a number of presentations in 2017 to expand the Board's knowledge of the Company's business, industry and principal risks and opportunities. Presentation topics included retail consumption and consumer trends, insurance coverages and risk mitigation, cyber security, assessment of inventory and reserves, commodity risks, regulatory updates from legal counsel and product development and innovation. In addition to these presentations, written materials likely to be of interest to directors that have been published in periodicals, newspapers or by legal or accounting firms are routinely forwarded to directors or included with Board and committee meeting materials.

Board Role in Risk Oversight

The Board has risk oversight responsibility and sets the tone for risk tolerance within the Company. The Board strives to effectively oversee the Company's enterprise-wide risk management in a way that balances managing risks while enhancing the long-term value of the Company for the benefit of the shareholders. The Board understands that its focus on effective risk oversight is critical to setting the Company's culture towards effective risk management. To administer its oversight function, the Board seeks to understand the Company's risk philosophy by having discussions with management to establish a mutual understanding of the Company's overall appetite for risk. The Board maintains an active dialogue with management about existing risk management processes and how management identifies, assesses and manages the Company's most significant risk exposures. The Board receives regular updates from management about the Company's most significant risks to enable it to evaluate whether management is responding appropriately. During each regularly scheduled Board meeting, the Board also reviews components of the Company's long-term strategic plans and the principal issues, including foreseeable risks that the Company expects to face in the future.

The Board oversees risk management directly, as well as through its committees. For example, the Audit Committee reviews the Company's policies and practices with respect to risk assessment and risk management, including discussing with senior management major financial risks and the steps taken to monitor and control exposure to such risk. The Corporate Governance Committee considers risks related to succession planning and internal governance policies and practices and the Compensation Committee considers risks related to the attraction and retention of talent and risks relating to the design of executive compensation programs and arrangements. See below for additional information about the Board's committees. Each of these committees is required to make regular reports of its actions and any recommendations to the Board, including recommendations to assist the Board with its overall risk oversight function.

Board Committees

The Board of Directors presently has three committees, with the principal functions and membership described below. Each committee has a charter, which is available at our website at www.sunopta.com, under the Investors link. The following table summarizes the current membership of each of our three Board committees. Each of the three committees is composed entirely of independent directors.

Other meetings may be held at the discretion of the Chair of the Audit Committee. The Audit Committee has free and unfettered access to Deloitte LLP, the Company's independent registered accounting firm and auditors, the Company's risk management and internal audit team and the Company's internal and external legal advisors.

The Audit Committee maintains a company-wide whistle-blower policy related to the reporting of concerns in accounting or internal controls. This policy gives all employees of the Company the option of using a hot line administered by a third party for communication of concerns dealing with a wide range of matters including accounting practices, internal controls or other matters affecting the Company's or the employees' well-being.

The Corporate Governance Committee, in its capacity as the Nominating Committee, concerns itself with the composition of the Board with respect to depth of experience, balance of professional interests, required expertise and other factors. The Nominating Committee evaluates prospective nominees identified on its own initiative or referred to it by other Board members, management, shareholders or external sources and all self-nominated candidates. The Nominating Committee uses the same criteria for evaluating candidates nominated by shareholders and self-nominated candidates as it does for those proposed by other Board members, management and search companies. To be considered for membership on the Board, the Nominating Committee will consider certain necessary criteria that a candidate should meet, which would include the following: (a) be of proven integrity with a record of substantial achievement; (b) have demonstrated ability and sound judgment that usually will be based on broad experience but, particularly, industry experience; (c) be able and willing to devote the required amount of time to the Company's affairs, including attendance at Board and committee meetings; (d) possess a judicious and critical temperament that will enable objective appraisal of management's plans and programs; and (e) be committed to building sound, long-term Company growth. The committee also takes into consideration the range of skills and expertise that should be represented on the Board, geographic experience with businesses and organizations, and potential conflicts of interest that could arise with director candidates. Evaluation of candidates occurs on the basis of materials submitted by or on behalf of the candidate. If a candidate continues to be of interest, additional information about her/him is obtained through inquiries to various sources and, if warranted, interviews. The Company adheres to its diversity policy and seeks to include members with diverse backgrounds, skills and experience, including appropriate financial and other expertise relevant to the business of the Company.

A shareholder may recommend a person as a nominee for election as a director at the Company's next annual meeting of shareholders by writing to the Secretary of the Company. In order for a shareholder to formally nominate a person for election as a director, including by submitting a shareholder proposal in accordance with the Canada Business Corporations Act, the shareholder must comply with the Company's Advance Notice By-Law. See Proposal One Election of Directors Advance Notice By-Law and Shareholder Proposals for 2019 Annual Meeting of Shareholders; Shareholder Communications.

Our Corporate Governance Committee is currently comprised of Katrina Houde (Chair), Margaret Shân Atkins, Dr. Albert Bolles, Dean Hollis and Gregg Tanner, each of whom has been determined by the Board to be independent.

Insider Ownership Guidelines for Directors, Officers and Executives

The Board approved insider ownership guidelines for all non-employee directors and members of the senior management in May 2012 and in August 2015 approved an amendment to the insider ownership guidelines for all non-employee directors. These guidelines are reviewed on an annual basis and are intended to align the interests of directors and management with those of our shareholders.

The insider ownership guidelines encompass the following parameters:

1. Insider ownership guidelines are mandatory for all non-employee members of the Board and members of the Senior Leadership Team. All persons covered by these guidelines will have the option to request an

exemption from these requirements based on consideration of their personal circumstances by the Compensation Committee.

If you have any questions or need assistance completing your proxy or voting instruction form, please call Kingsdale Advisors at 1-877-659-1822 or email at contactus@kingsdalesadvisors.com.

2. Stock ownership targets established as follows:
 - a. Chief Executive Officer five times base salary
 - b. Directors five times annual cash retainers
 - c. Other NEOs (includes Chief Financial Officer and three most highly compensated officers) two times base salary
 - d. All other Senior Leadership Team members one times base salary
3. Targets are based on direct shareholdings only and do not account for the value of in-the-money options.
4. In determining whether the required investment levels have been met, holdings are valued using the higher of the cost basis of the stock when acquired, or the market closing price on the last trading day of each fiscal quarter.
5. All participants are provided a five-year transition period to be in compliance with the ownership target. At the end of that period, the CEO, other NEOs and the Senior Leadership Team not in compliance will receive 50% of all subsequent short-term incentive payments in the form of equity until such time as the minimum holding is established.

As of December 30, 2017, four of the nine directors were in compliance with the mandatory guidelines. As of April 3, 2018, four of the nine director nominees were in compliance. The director nominees that currently do not meet the insider ownership guidelines are still within their transition period.

Compensation of Directors

Annual compensation for non-employee directors is comprised of cash and equity-based compensation. Cash compensation consists of an annual retainer and supplemental retainers for the chairs and members of Board committees. Equity compensation is comprised of an annual grant of RSUs. On February 6, 2017, Katrina Houde stepped down as Interim CEO and resumed service as a non-employee director of the Company. Her compensation as a non-employee director of the Company is shown in the Non-Employee Director Compensation Table below, and her compensation as an employee of the Company is shown in the Summary Compensation Table.

Non-employee directors may elect to receive stock in lieu of cash compensation, including from 50% to 100% of the cash amount. Also, non-employee directors have the option to defer receipt of annual equity compensation that would otherwise be payable to them, subject to compliance with the Company's Non-Employee Director Stock Deferral Plan and Section 409A of the Internal Revenue Code.

In October 2017, the Board reviewed non-employee director compensation and did not make any changes to the following schedule effective October 1, 2016:

- i. Annual cash retainer of:
 - \$50,000 for serving as a director;

- (8) Pursuant to the terms of his employment arrangements with Engaged Capital, all cash compensation and equity awards payable to Mr. Springstubb are paid or issued to Engaged Capital.

The Board believes that compensation for non-employee directors should be competitive and should fairly compensate directors for the time and skills devoted to serving our Company but, for independent directors, should not be so significant as to compromise independence.

All our directors are reimbursed for reasonable out-of-pocket expenses incurred for attending meetings of our Board or its committees and for other reasonable expenses related to the performance of their duties as directors. The Board believes that our non-employee director compensation package is competitive with the compensation offered by other companies and is fair and appropriate considering the responsibilities and obligations of our directors.

**PROPOSAL TWO APPOINTMENT AND REMUNERATION OF INDEPENDENT REGISTERED
PUBLIC ACCOUNTING FIRM AND AUDITOR**

Appointment of Independent Registered Public Accounting Firm and Auditor

The Audit Committee of the Board has selected Deloitte LLP (*Deloitte*) as our independent auditor for 2018. We are requesting our shareholders to vote at the Meeting to appoint Deloitte as the Company's independent registered public accounting firm and auditor and to authorize the Audit Committee to fix their remuneration.

Deloitte has served as our auditors since 2008. In keeping with our oversight responsibilities and as a safeguard against any concern that the long tenure of the same external audit firm may create institutional familiarity that may impede the ability of the external auditor to exercise appropriate professional skepticism, the Audit Committee intends to complete an assessment of Deloitte's effectiveness and quality of service, and potentially a competitive tender process for the Company's external audit engagement, following the Meeting. Thereafter, the Audit Committee may reconsider the selection of the Company's independent auditors. If the shareholders approve the selection, the Audit Committee, in its discretion, may nevertheless seek to appoint a new independent auditor during the 2018 fiscal year if we believe that such a change would be in our and our shareholders' best interests. One or more representatives of Deloitte will attend the Meeting and will have the opportunity to make a statement if he or she desires to do so and will be available to respond to appropriate questions from shareholders in attendance.

Recommendation of the Board of Directors; Vote Required

The Board of Directors recommends that the shareholders vote FOR the appointment of Deloitte as the Company's independent registered public accounting firm and auditor and FOR authorizing the Audit Committee to fix their remuneration. In the event that shareholders do not appoint Deloitte as the Company's auditors at the Meeting and another accounting firm is not appointed, the Audit Committee will reconsider its recommendation and the Board will select another accounting firm to serve as the Company's independent registered public accounting firm and auditor.

This proposal will be approved if a quorum is present at the Meeting and the votes cast in favor of the proposal constitute a majority of the total votes cast on the proposal. Abstentions and broker non-votes are counted for purposes of determining whether a quorum exists at the Meeting, but will have no effect on the results of the vote. Brokers and other nominees will have discretionary authority to vote your shares if you hold your shares in street name and do not provide instructions as to how your shares should be voted on this proposal.

Auditor Fees

The following table sets forth the aggregate fees billed by Deloitte for each of the last two fiscal years (including out-of-pocket expenses):

Fee Category	Fiscal 2017	Fiscal 2016
	(\$)	(\$)
Audit Fees ⁽¹⁾	2,420,607	2,182,954
Audit-Related Fees ⁽²⁾	55,521	125,455
Tax Fees ⁽³⁾	84,459	73,856
All Other Fees ⁽⁴⁾	-	-
Total	2,560,587	2,382,265

Following is a description of the nature of services comprising the fees disclosed under each category:

- (1) Audit fees relate to the annual audit of the Company's consolidated financial statements included in the Company's Annual Reports on Form 10-K, annual audits of the effectiveness of the Company's internal

control over financial reporting, reviews of interim financial statements included in the Company's Quarterly Reports on Form 10-Q, and services provided in connection with statutory audits and regulatory filings.

If you have any questions or need assistance completing your proxy or voting instruction form, please call Kingsdale Advisors at 1-877-659-1822 or email at contactus@kingsdalesadvisors.com.

- (2) Audit-related fees relate to accounting consultations and attest services in connection with financial reporting matters and internal control reviews, and other audit-related projects.

Pre-Approval of Audit and Non-Audit Services

The Audit Committee has a policy for the pre-approval of audit and non-audit services that may be provided by the Company's independent registered public accounting firm. The committee's policy is to require pre-approval for all audit and permissible non-audit services provided by the Company's external auditor prior to their engagement with the exception that management is authorized to engage the external auditor in respect of services to the extent that (a) such required services could not reasonably be completed by another firm (e.g. assistance with responses to continuous disclosure review comment letters from regulatory authorities, comfort letters, consent letters, statutory audits), (b) each individual engagement is not more than \$50,000, and (c) the aggregate for all engagements does not exceed \$100,000. Any pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The Audit Committee has delegated to its Chair authority to pre-approve proposed audit and non-audit services that arise between Audit Committee meetings, provided that the decision to approve the service is presented to the full Audit Committee for consideration at the next scheduled Audit Committee meeting. All audit and non-audit services performed by Deloitte during the fiscal year ended December 30, 2017 were approved in accordance with this policy.

Financial Information Systems Design and Implementation Fees

No fees were billed by Deloitte to the Company during any of the last two fiscal years for professional services described in Paragraph (c)(4)(ii) of Rule 2-01 of Regulation S-X (financial information systems design and implementation services).

PROPOSAL THREE ADVISORY VOTE REGARDING THE COMPENSATION OF NAMED EXECUTIVE OFFICERS

Background

In order to ensure an appropriate level of director accountability to the Company's shareholders and to ensure that shareholders have an opportunity to engage with the Board of Directors about executive compensation matters, the Company has had a policy since 2010 to seek an advisory vote on an annual basis from shareholders on the Company's executive compensation practices. Shareholders have previously voted on an advisory basis for the Company to hold an advisory vote regarding the compensation of NEOs on an annual basis. The Board understands that our shareholders have a meaningful interest in our executive compensation policies, and believes that shareholders should have the opportunity to fully understand the objectives, philosophy and principles the Board has used to make executive compensation decisions. The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, now mandates that the Company enable shareholders to vote to approve, on an advisory, non-binding basis, the compensation of the NEOs named in the Summary Compensation Table set forth in this Proxy Statement.

Resolution

In accordance with Company policy and Section 14A of the Exchange Act, we are asking shareholders to indicate their support for the compensation of the NEOs. This proposal, commonly known as a "say-on-pay" proposal, gives shareholders the opportunity to express their views on the NEOs' compensation. Accordingly, we will ask shareholders to vote **FOR** the following resolution at the Meeting.

RESOLVED, that the Company's shareholders approve, on an advisory basis, the compensation of the NEOs, as disclosed in the Company's Proxy Statement for the 2018 Annual Meeting of Shareholders pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, the Summary Compensation Table and other related tables and narrative discussion under the Executive Compensation caption.

The "say-on-pay" vote is advisory, and therefore not binding on the Company, the Compensation Committee or our Board of Directors. The Board of Directors and the Compensation Committee value the opinions of our shareholders and to the extent there is any significant vote against the NEO compensation as disclosed in this Proxy Statement, we will consider our shareholders' concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

Recommendation of the Board of Directors; Vote Required

The Board of Directors recommends that the shareholders vote FOR the advisory resolution regarding the compensation of the Company's NEOs.

This proposal will be approved if a quorum is present at the Meeting and the votes cast in favor of this proposal constitute a majority of the total votes cast on this proposal. While this vote is required by law, it will neither be binding on the Company or the Board of Directors, nor will it create or imply any change in the fiduciary duties of, or impose any additional fiduciary duty on, the Company or the Board of Directors. Abstentions and broker non-votes are counted for purposes of determining whether a quorum exists at the Meeting, but will have no effect on the results of the vote. Brokers and other nominees will not have discretionary authority to vote your shares if you hold your shares in street name and do not provide instructions as to how your shares should be voted on this proposal.

EXECUTIVE COMPENSATION

REPORT OF THE COMPENSATION COMMITTEE

Compensation Discussion and Analysis

Dear Fellow Shareholder,

We are pleased to provide you with SunOpta's Compensation Discussion and Analysis (*CD&A*) which is designed to help you understand SunOpta's approach to executive compensation.

Value Creation Plan and Compensation Decision Highlights

SunOpta is in the midst of a business transformation. The Company's efforts to execute this transformation began in November 2016, with the announcement of the Value Creation Plan (the *plan* or the *VCP*) to expand the profitability and increase the growth rate of the business with the goal of creating long-term shareholder value. SunOpta is targeting \$30 million of productivity-driven enhancements to EBITDA in Phase One of the plan. The plan consists of four key pillars as illustrated below:

To align the executives with the objectives of the Value Creation Plan, the Compensation Committee made several changes to the overall compensation program:

To focus on adjusted EBITDA as the key financial measure in the short-term incentive plan, with a modifier based on individual performance; and

Provide long-term incentives that are significantly performance-based, emphasizing sustained long-term stock price increases.

The Compensation Committee believes that these changes, in conjunction with the Value Creation Plan, position the Company to create shareholder value, and align the interests of shareholders and management. As a result of these updated designs, and the performance delivered, resulting 2017 compensation was below the targeted levels:

Edgar Filing: SunOpta Inc. - Form DEF 14A

If you have any questions or need assistance completing your proxy or voting instruction form, please call Kingsdale Advisors at 1-877-659-1822 or email at contactus@kingsdalesadvisors.com.

No payouts were made under the fiscal year 2017 short-term incentive plan, as adjusted EBITDA performance was below the threshold level.

As of December 30, 2017, performance-based equity grants have not yet vested as price hurdles have not been achieved.

However, as these transformation initiatives were implemented, the Committee desired to retain key leaders, and in late 2016 the Company entered into retention agreements with certain key leaders, including Robert McKeracher, Vice President and Chief Financial Officer, John Ruelle, Senior Vice President, RMSS, and Corporate Development, Gerard Versteegh, Senior Vice President, Global Ingredients and Jill Barnett, Vice President and General Counsel. Mr. McKeracher's retention agreement provided for a retention payment of 60% of his 2017 annual base salary for continued employment through the earlier of (i) the date he signed off on the Company's financial statements for the 2017 fiscal year and (ii) March 31, 2018. Mr. Ruelle's and Ms. Barnett's retention agreements provided for retention payments if each remained employed until December 31, 2017, in the amount of 50% of base salary for Mr. Ruelle and 60% of base salary for Ms. Barnett. Mr. Versteegh's retention agreement provided for the grant of 200,000 stock options on November 8, 2016, which cliff vest on the third anniversary of the grant date. In addition, Mr. Versteegh was paid a one-time retention bonus of \$112,810 (€100,000) in May 2017.

Conclusion

The executive compensation programs are intended to drive shareholder value creation, emphasize pay for performance and provide a framework to effectively attract and retain talent. As we implement these philosophies, we take the preferences and perspectives of our shareholders seriously. We welcome constructive dialogue regarding the opportunities available to SunOpta and the executive compensation arrangements we institute to align with these opportunities.

Say on Pay Vote Recommendation

We believe that shareholder support for our compensation programs is warranted, for all the reasons described herein, and we ask for your vote in support.

Previous Say on Pay and Shareholder Engagement

The Board and Compensation Committee are committed to the concept of pay-for-performance. Consequently, our executive compensation programs are designed to reward achievement and over-achievement of goals, and to penalize performance shortfalls. At the 2017 Annual and Special Meeting of the Shareholders, approximately 97.0% of the shares voted were in favor of the advisory resolution to support executive compensation, an increase from the 81.1% of shares that voted in favor of this resolution at the 2016 Annual and Special Meeting. This increase in support reflects the Company's efforts to increase alignment between shareholder returns and management compensation following conversations with shareholders.

Compensation Practices

The Compensation Committee utilizes best practices in governing our executive compensation programs. Therefore, there are certain things that we **do and do not do, as a matter of practice**:

What we DO	What we DO NOT do
Tie executives' pay to results achieved by weighting variable pay heavily in our pay mix	Provide change-in-control severance payments exceeding market norms
Use equity to drive a long-term perspective aligned with shareholders	Allow stock option repricing or discounted stock option granting
Promote stock ownership with competitive stock ownership guidelines	Offer change-in-control tax gross-ups under any circumstances
Consider shareholder perspectives in our program designs	Pay dividends or dividend equivalents on unearned or unvested performance shares
Maintain a clawback policy which meets or exceeds regulatory requirements	Allow our executives or directors to hedge or pledge company stock
Use double-trigger change in control provisions for all non pro rata payouts under cash and equity incentive plans*	
Maintain a cap on our short-term incentive payout	
Assess our pay-for-performance relationship and conduct a compensation risk assessment annually	

**Note: Some employment agreements entered into prior to 2016 and other agreements prior to 2017 contain single-trigger change-in-control provisions.*

Compensation Philosophy

Our executive compensation philosophy and the policies that support it are intended to reward our executives for the achievement of long-term strategic goals and their efforts to enhance shareholder value. The philosophy fosters a performance-oriented environment that rewards achievement of internal Company goals and shareholder value creation. Our pay-for-performance philosophy is based on these objectives:

If you have any questions or need assistance completing your proxy or voting instruction form, please call Kingsdale Advisors at

Compensation opportunities provided to executives are intended to approximate market median pay levels, assuming the targeted level of performance is delivered.

Performance targets are generally set in relation to the Company's internal budget goals. Then, using the target as the starting point, upside and downside payout ranges around the target are developed. These ranges provide additional compensation opportunity to executives if results exceed targets, while penalizing under-performance. Through this design, our executive compensation program motivates our team, while delivering true pay-for-performance from a shareholder perspective.

CEO Transition

Katrina (Kathy) Houde began fiscal 2017 as the Interim CEO. She was tasked by the Board of Directors to lead the initial stages of the Value Creation Plan to accelerate the growth and profitability of the business. Ms. Houde's service as Interim CEO ended on February 6, 2017, with the conclusion of our external search and the appointment of David J. Colo as SunOpta's new Chief Executive Officer.

Peer Group

In order to help ensure the competitiveness of our executive compensation, the Compensation Committee considers competitive compensation practices from relevant sources. To do this, we review general market survey data as well as comparisons from our executive compensation peer group.

For 2017, the Compensation Committee refined the peer group to be more similar to SunOpta (from a size, business mix and labor market perspective.)

The Committee made the following changes for 2017. Each of the added peer companies is more closely aligned with SunOpta's revenue to market capitalization profile, and have comparable operational models with manufacturing, marketing and distribution aspects in related industries.

2017 Peer Group - 15 Companies

*(Green text indicates new peer)**

Advance Pierre Foods	Farmer Bros	Landec Corporation
Calavo	Flowers Foods	John B.Sanfilippo & Son
Cal Maine	Inventure Foods	Sanderson Farms
Cott Corporation	J&J Snack Foods	Seneca Foods
Darling Ingredients	Lancaster Colony	Snyder's Lance

**Note that 7 companies were removed from the peer group for 2017: B&G Foods, Boston Beer, Coca Cola Bottling, Hain Celestial, Monster, Tootsie Roll and Treehouse Foods.*

The Committee believes that the resulting group aligns more closely with SunOpta's business and is more reflective of the Company's financial scale, in that SunOpta's total revenue of \$1.28 billion approximates the median revenue of this new peer group.

In addition to market comparisons, compensation decisions are informed by other external and internal factors:

To support the Compensation Committee in making its determinations, the Committee has retained the services of Willis Towers Watson (*WTW*) as its independent executive compensation consultant. The Committee has reviewed and confirmed the independence of *WTW*. *WTW* provides services at the direction of the Committee, and the Committee has specific authority in managing all work by *WTW*.

For 2017, the following individuals were SunOpta's Named Executive Officers (*NEOs*):

Executive	Role
David Colo	President and CEO
Katrina Houde*	Former Interim CEO
Robert McKeracher	Vice President and Chief Financial Officer
John Ruelle	Senior Vice President, RMSS and Corporate Development
Gerard Versteegh	Senior Vice President, Global Ingredients
Jill Barnett	Vice President and General Counsel

*Ms. Houde served in the Interim CEO role through February 6, 2017.

Base Salary

For fiscal year 2017, consistent with the compensation philosophy noted above, base salary levels for executive officers were set based on assessments of the Company's performance, each individual's performance, external market comparisons and other external and internal factors.

The following annualized salary rates were effective for our NEOs during 2017. In the case of Mr. McKeracher, Mr. Versteegh and Ms. Barnett, the Compensation Committee approved base salary adjustments during the fiscal year, as shown below, to recognize individual performance and address competitive alignment considerations.

Executive	Beginning Base Salary	Ending Base Salary	Percent Change
David Colo	N/A	\$650,000	N/A
Katrina Houde	\$650,000	\$650,000	N/A
Robert McKeracher*	\$304,466	\$360,264	18%
John Ruelle	\$397,946	\$417,843	5%
Gerard Versteegh*	\$343,173	\$451,240	31%
Jill Barnett	\$277,200	\$335,000	21%

* *Robert McKeracher's pay is converted from CAD to USD using the one-year average exchange rate for fiscal 2017 of 0.7708 CAD to 1 USD. Gerard Versteegh's salary is converted from EUR to USD using the one-year average exchange rate for fiscal 2017 of 1.1281 EUR to 1 USD.*

Short-Term Incentive Plan

The purpose of the Short-Term Incentive Plan (the *STIP*) is to establish alignment across the organization and recognize individuals' impact on organizational performance, focusing employees on desired behaviors which link to demonstrated results.

For fiscal 2017, we redesigned the STIP to align with the goals of the Value Creation Plan, which was instituted to accelerate significant improvements in EBITDA, while maintaining rigorous expectations for quality and safety. In an effort to add focus to the achievement of these improvements, adjusted EBITDA was chosen as the sole performance metric for the plan. The Committee believes that the use of EBITDA in the STIP heightens management's focus on implementing and delivering the operational improvements contemplated in the Value Creation Plan. Outcomes resulting from EBITDA performance are also subject to an individual performance multiplier between 0% and 120%.

Additionally, the payout structure associated with the STIP was revised to stress the importance of executing upon the Value Creation Plan, as well as effectively motivate the executive team to exceed the goals and milestones of the plan. For these reasons, achievement of the budget will pay less than 100% of the target incentive. However, fully competitive opportunities are available based on performance and the following relationship:

If you have any questions or need assistance completing your proxy or voting instruction form, please call Kingsdale Advisors at 1-877-659-1822 or email at contactus@kingsdalesadvisors.com.

This structure is consistent with the desire to maintain pay and performance alignment, while providing incentives for EBITDA stabilization as the Value Creation Plan gains traction.

For 2017, the corporate parameters we established for the STIP were:

Measure	Threshold (97% Budget)	Budget	Target (103% Budget)	VCP Target (107% Budget)	Maximum (128% Budget)
SunOpta Adjusted EBITDA*	\$85,189	\$87,542	\$89,969	\$93,555	\$111,629

**Adjusted EBITDA shall be measured as operating income plus depreciation, amortisation and stock based compensation, as calculated by the Company based on the Company's audited financials and consistent with the Company's calculation of adjusted EBITDA as a non-GAAP financial measure reported to its shareholders. Amounts are in the millions.*

Each NEO had the following range of short-term incentive opportunities in 2017, depending on the corporate result achieved:

Executive	Threshold Payout (% of Salary)	Budget Payout (% of Salary)	Target Payout (% of Salary)	VCP Target Payout (% of Salary)	Maximum Payout EBITDA* (% of Salary)	Maximum Payout w/Ind. Modifier* (% of Salary)
David Colo	62.5%	93.75%	125%	168.75%	250%	250%**
Katrina Houde***	N/A	N/A	N/A	N/A	N/A	N/A
Robert McKeracher	25%	37.5%	50%	67.5%	100%	120%
John Ruelle	25%	37.5%	50%	67.5%	100%	120%
Gerard Versteegh	25%	37.5%	50%	67.5%	100%	120%
Jill Barnett	20%	30%	40%	54%	80%	96%

Edgar Filing: SunOpta Inc. - Form DEF 14A

**For 2018, the plan does not pay above 200% of target for anyone.*

***Mr. Colos maximum payout cannot exceed 250% per his employment agreement*

****As Interim CEO, Ms. Houde was not eligible for participation in the STIP.*

If you have any questions or need assistance completing your proxy or voting instruction form, please call Kingsdale Advisors at

1-877-659-1822 or email at contactus@kingsdalesadvisors.com.

In the event that adjusted EBITDA performance is below threshold, there is no payout. If performance is above maximum, the payout is capped at the levels noted above. In 2017, adjusted EBITDA performance was below 97% of budget; therefore, there were no payouts under the STIP.

As Interim CEO, Katrina Houde was not eligible for participation in the STIP. The Committee determined that Ms. Houde's performance warranted a discretionary bonus of \$100,000.

Long-Term Incentives

In fiscal year 2017, we redesigned the long-term incentive plan (the *LTIP*). In part, the changes to this plan will place greater emphasis on improving stock price, as well as strengthening the long-term financial performance of the Company.

Specific details and design attributes are summarized below:

**Stock price must be at or above the specified levels for 20 consecutive trading days during the performance period for vesting to occur.*

The Compensation Committee believes the performance-based awards described above provide significant alignment between the interests of the Company's shareholders and the executives because the PSUs will not vest without significant stock price appreciation, while the stock options only provide value in the event of a stock price increase. Additionally, the vesting provisions in all awards provide additional retention incentive to each of the executives. Finally, the Committee intends for these awards to represent a front-loading of long-term incentive compensation; i.e., the Committee does not expect to grant regular long-term incentive awards to current NEOs prior to the completion of the three-year performance period.

[Remainder of page left intentionally blank]

If you have any questions or need assistance completing your proxy or voting instruction form, please call Kingsdale Advisors at 1-877-659-1822 or email at contactus@kingsdalesadvisors.com.

The targeted value for each executive was split between PSUs (50%), stock options (25%) and RSUs (25%), based on the 30-day average stock price as of May 24, 2017, as follows:

Executive	Annual Target LTI (% of Salary)	2017 Stock Options* (# of Options)	2017-2019 PSUs* (Target # of Units)	2017 RSUs* (# of Units)
David Colo**	N/A	473,940	277,780	100,000
Katrina Houde***	N/A	N/A	N/A	N/A
Robert McKeracher	50%	37,131	83,172	16,634
John Ruelle	50%	43,983	98,521	19,704
Gerard Versteegh	50%	46,576	104,329	20,866
Jill Barnett	40%	28,210	63,190	12,638

* The 2017 front-loaded LTIP awards are 3 times the Annual Target LTIP opportunity.

**Mr. Colo was hired as CEO effective February 6, 2017. In connection with his hiring, Mr. Colo received an inducement equity award on February 6, 2017. Additionally, Mr. Colo received a special RSU award on March 9, 2017. These awards are discussed in detail in the section titled CEO Equity Grants

.. ***As Interim CEO, Ms. Houde was not eligible for 2017 LTIP grants.

CEO Equity Grants

On February 6, 2017, the Company announced the hiring of David J. Colo as CEO. In connection with Mr. Colo's hiring, the Board of Directors approved an inducement equity award to Mr. Colo, which included 50,000 restricted stock units (*Special RSUs*), 473,940 performance-based stock options (*Special Stock Options*) and 277,780 performance stock units (*Special PSUs*). The Special RSUs will vest in three equal annual installments beginning February 6, 2018. The vesting of the Special Stock Options and the Special PSUs will be subject to the satisfaction of stock price performance conditions during the three-year period ending February 6, 2020. One-third of the Special Stock Options and the Special PSUs will vest upon achieving a stock price of \$11.00, one-third will vest upon achieving a stock price of \$14.00, and one-third will vest upon achieving a stock price of \$18.00, in each case for 20 consecutive trading days, subject to Mr. Colo's continued employment during the three-year performance period. On March 9, 2017, the Company granted Mr. Colo 50,000 RSUs that will vest in three equal annual installments beginning February 6, 2018. Under the terms of Mr. Colo's employment agreement, the Company agreed to issue an additional 50,000 RSUs to Mr. Colo if he purchased an aggregate value of \$1,000,000 of Common Shares in the open market by the later of (i) March 17, 2017 or (ii) the date that is the 10th stock trading date after February 6, 2017 that Mr. Colo was eligible to purchase Common Shares under the Company's insider trading policy. Mr. Colo satisfied this condition on March 8, 2017. The Committee intends for these awards to represent a front-loading of long-term incentive compensation; i.e., the Committee does not expect to grant regular long-term incentive awards to Mr. Colo prior to the completion of the three-year performance period.

2015 Performance Stock Units

Grants of PSUs were made in 2015 with a three-year performance period that ended on December 30, 2017. Vesting of the 2015 PSUs was based on the Company's 2017 RONA performance against the goal levels shown in the table below. The minimum level of financial performance was not met, and therefore, no portion of the 2015 PSUs vested.

Measure	Threshold	Target	Maximum
2017 RONA	13%	15%	17%

If you have any questions or need assistance completing your proxy or voting instruction form, please call Kingsdale Advisors at

Other Compensation

Our executive officers are eligible to receive the same types of benefits that we make available to other employees, including:

Group health benefits, which includes medical, dental, vision and prescription drug coverage, group life insurance and short-term and long-term disability plans; and

Retirement benefits in the form of a 401(k) plan for U.S. employees, a Registered Retirement Savings Plan match for Canadian employees and a defined benefit pension plan for certain European employees.

In addition, from time to time executive officers receive modest additional perquisites that are not generally available to other employees, most commonly automobile benefits. In recent years, we have substantially reduced the scope of these perquisites. For additional information regarding other compensation during 2017, see the **All Other Compensation** column in the Summary Compensation Table which follows.

We have entered into employment or other agreements with our NEOs, other than Katrina Houde, most of which provide for certain benefits upon a change of control of the Company or upon a termination of employment by the Company without cause. These arrangements are intended to meet both business and human resources needs, encouraging the executives to weigh potential transitions based on shareholder interests, rather than personal ones, and to provide a measure of security to executives in the event of an actual or potential change in corporate ownership/control. The potential benefits received by the NEOs in connection with a change-in-control or termination of employment under certain circumstances below under **Estimated Potential Payments upon Termination of Employment**.

Other Aspects of the Compensation Program**Stock Ownership Guidelines**

We expect our senior executives to maintain substantial ownership of SunOpta stock:

Category	Ownership Guideline
CEO	5x base salary (<i>effective February 2017</i>)
Other NEOs	2x base salary
Other Senior Leadership Team Members	1x base salary
Independent Directors	5x annual cash retainer

We believe this creates important alignment with shareholders. Executive participants have five years to be in accordance with these guidelines. If, at the end of five years, the CEO or other NEOs and members of the Senior Leadership Team are not in compliance, 50% of all short-term incentive payouts are provided in equity rather than cash until the guideline is met.

Assessment of Risk

The Compensation Committee conducts an annual review of risk associated with the compensation programs. The 2017 review found the programs to be within acceptable parameters.

Clawback Policy

If material non-compliance with any financial reporting requirement leads to an accounting restatement, the Company has authority, as part of the STIP and the Company's standalone Clawback Policy, to recover from current and former

executives any incentive-based pay which would not have been awarded based on the restated financials. This authority extends to the three years preceding the restatement.

If you have any questions or need assistance completing your proxy or voting instruction form, please call Kingsdale Advisors at 1-877-659-1822 or email at contactus@kingsdalesadvisors.com.

Limitations on Deductions

Section 162(m) of the Internal Revenue Code limits the deductibility of executive compensation paid to our CEO and the other NEOs to \$1,000,000 per year, but contained an exception for certain performance-based compensation. Our general policy is to preserve the deductibility of compensation paid to executive officers, where applicable. However, the Compensation Committee reserves the right to approve the payment of compensation to our executive officers that does not qualify as performance-based within the meaning of Section 162(m) and therefore, may not be deductible for federal income tax purposes.

- (1) Stock options granted prior to 2016 vest at a rate of 20% per year over five years. Stock options granted to NEOs on May 24, 2016 vest one-third per year over three years. Stock options granted to Mr. Versteegh on November 8, 2016 vest 100% after three years. Stock options granted to Ms. Houde on November 8, 2016 for her service as a non-employee director of the Company vested after one year. Stock options granted to NEOs in 2017 vest 100% after three years.
- (2) The vesting of stock options granted to Mr. Colo is subject to the satisfaction of certain stock price performance conditions during a three-year performance period ending February 6, 2020. One-third of the option awards will vest upon achieving a stock price of \$11.00, one-third will vest upon achieving a stock price of \$14.00, and one-third will vest upon achieving a stock price of \$18.00, in each case for 20 consecutive trading days, and subject to Mr. Colo's continued employment through the three-year performance period ending February 6, 2020. The number of shares shown in the above table related to these stock options is the maximum number of Common Shares that could be issued at the end of the performance period.
- (3) Represents grants of RSU awards. For NEOs other than Ms. Houde, RSUs vest one-third per year over three years. For Ms. Houde, RSUs granted for her service as a non-employee director of the Company in 2015 and 2016 vest one-third per year over three years, and RSUs granted to her in 2017 vest 100% after one year. The market value of the RSUs is based on the closing market price of the Common Shares on the last trading day of fiscal 2017 of \$7.75.
- (4) Represents grants of PSU awards. For PSUs granted in 2016, the number of PSUs that may vest is based on the Company's performance relative to a predetermined performance measure at the end of a three-year performance period ending on December 29, 2018. If the targeted performance measure is exceeded, the maximum number of Common Shares that could be issued upon vesting of these PSUs is 200% of the number of PSUs granted. If the Company's performance is below an established minimum threshold of the performance measure, no amount of these PSUs will vest. The number of shares shown in the above table related to these PSUs is based on the number of Common Shares that would be issued at the end of the performance period at the target level of performance, subject to the NEO's continued employment.

For PSUs granted in 2017, vesting is subject to the satisfaction of certain stock price performance conditions during a three-year performance period ending February 6, 2020 for Mr. Colo and May 24, 2020 for the other NEOs. One-third of these PSUs will vest upon achieving a stock price of \$11.00, one-third will vest upon achieving a stock price of \$14.00, and one-third will vest upon achieving a stock price of \$18.00, in each case for 20 consecutive trading days, and subject to continued employment through the three-year performance period ending on February 6, 2020 for Mr. Colo and May 24, 2020 for the other NEOs. If stock price hurdles are not attained, no amount of these PSUs will vest. The number of shares shown in the above table related to these PSUs is the maximum number of Common Shares that could be issued at the end of the performance period.

The market value of the PSUs is based on the closing market price of the Common Shares on the last trading day of fiscal 2017 of \$7.75.

Potential Payments on Termination or Change of Control

The Company's Amended 2013 Stock Incentive Plan provides that, in the event of a merger, consolidation or plan of exchange involving the Company pursuant to which outstanding shares are converted into cash or other stock, securities or property, or a sale, lease or exchange or other transfer of all or substantially all of the assets of the Company, the Company's Board of Directors may, in its sole discretion, provide that outstanding awards under the plan shall be treated in accordance with any of the following alternatives: (i) the outstanding award may be converted into a similar award based on the stock of the surviving or acquiring company, taking into account the relative values of the companies involved in the transaction; (ii) the outstanding award may be cancelled by the Company and the holder would receive cash in an amount equal to the value of the award, as determined by the Company's Board of Directors; or (iii) the outstanding award may become fully exercisable and the Company's Board of Directors would provide an arrangement pursuant to which the holder would have a reasonable opportunity to exercise any award or otherwise realize the value of the award. In the absence of express provisions in an NEO's employment or other agreement the vesting of options granted on or after May 28, 2013 does not automatically accelerate upon a change of control or a subsequent termination of employment.

The Company's 2002 Stock Option Plan, as amended and restated in May 2011, provides for immediate vesting of all unvested stock options in the event of a change of control. A change of control is defined as: (i) the acquisition by a person or group of beneficial ownership of 50% or more of the outstanding voting securities of the Company; (ii) a merger or similar transaction between the Company and another entity whereby voting security holders of the Company immediately prior to such event receive less than 50% of the outstanding voting securities of the entity surviving the event; (iii) the liquidation, dissolution or winding up of the Company; or (iv) the sale or other disposition of all or substantially all of the Company's assets. Outstanding options held by the NEOs that were granted prior to May 28, 2013 are governed by the 2002 Stock Option Plan, and the vesting of these options would accelerate upon a change of control.

We have entered into employment or other agreements with our current NEOs and we have a SunOpta Foods, Inc. Severance Pay Plan (effective August 10, 2016), which provide for certain benefits upon a change of control of the Company or upon a termination of employment by the Company without cause or by the NEO with good reason, all as provided in the applicable agreement. Although some agreements with NEOs entered into prior to August 2016 provide for accelerated vesting of equity awards upon a change of control (so-called single-trigger provisions), employment agreements entered into with NEOs and other executive officers of the Company after August 2016 generally provide for accelerated vesting of awards only if the executive's employment is terminated under specified circumstances within a specified period before or following a change of control (so-called double-trigger provisions). The definition of change of control varies among the agreements and generally includes (i) the acquisition of stock representing a majority of the voting power of the Company's stock; (ii) at any time during a period of two consecutive years, individuals who at the beginning of such period constituted the Board of Directors of the Company (*Incumbent Directors*) shall cease for any reason to constitute at least a majority thereof; provided, however, that the term *Incumbent Director* shall also include each new director elected during such two-year period whose nomination or election was approved by two-thirds of the Incumbent Directors then in office; (iii) any consolidation, merger or plan of exchange involving the Company as a result of which the holders of outstanding stock of the Company immediately prior to the transaction do not continue to hold at least 50% of the combined voting power of the outstanding voting securities of the surviving corporation or a parent corporation of the surviving corporation immediately after the transaction; and (iv) the sale of all or substantially all of the assets of the Company. The definition of *cause* varies among the agreements.

The benefits to be received by the NEOs under the terms of their applicable employment or other agreements in connection with a change of control or upon termination of employment under certain circumstances are summarized as follows:

David Colo

Termination without cause or by executive for good reason: In the event Mr. Colo's employment is terminated by the Company without cause or by Mr. Colo for good reason, he will be entitled to receive (i) any accrued but unpaid base salary and unpaid annual bonuses from prior years; (ii) a lump sum payment equal to one times his base salary (the Lump Sum Payment); (iii) a pro-rated annual bonus for the current year (the Bonus Payment), and (iv) the immediate vesting of any unvested Special RSUs and a prorated portion of unvested Special Stock Options and Special Performance Units for which the stock price hurdles have been satisfied. For terminations on or after the 18-month anniversary of Mr. Colo's employment agreement, the Lump Sum Payment is equal to the sum of (i) one and a half times his base salary and (ii) the lesser of his prior year bonus and target bonus.

Termination of employment following a Change of Control: In the event Mr. Colo's employment is terminated by the Company without cause or by Mr. Colo for good reason within 12 months following a change of control of the Company or, under certain circumstances, within a two month period prior to such transaction, Mr. Colo shall be entitled to the same benefits as in the event of termination without cause or by executive for good reason plus he will be entitled to receive a lump sum payment equal to the difference of (a) the sum of two times his then-current base salary, plus, a pro-rata amount of his target bonus for that year; and (b) the sum of the Lump Sum Payment and the Bonus Payment. If any of the payments or benefits received by Mr. Colo in connection with a change of control result in a 280G excise tax, within the meaning of Section 280G of the Internal Revenue Code, then the Company's payments to Mr. Colo will potentially be reduced if such reduction will result in a greater net benefit to Mr. Colo.

Termination of employment in the event of death or disability: Upon a termination of Mr. Colo's employment due to death or disability, the Company would provide the following compensation: (i) immediate vesting on all of Mr. Colo's unvested Special RSUs; and (ii) immediate vesting on all of his unvested Special PSUs and Special Options, including only the shares for which the stock price hurdle vesting requirements have been satisfied.

Robert McKeracher

Change of Control and Termination Following a Change in Control: Upon a change of control, all of Mr. McKeracher's unvested options granted prior to 2017 will immediately vest and any unvested performance share units granted prior to 2017 will vest according to the performance payout factor calculated as if the performance period ended on the last day of the Company's most recently completed fiscal quarter prior to the date of the transaction (with the performance measure adjusted for the shorter performance period). For grants awarded in 2017, upon termination within 12 months following a change of control without cause or for good reason (i) any unvested options and restricted stock units will vest upon termination, and (ii) any unvested performance share units will vest if the stock price hurdle vesting requirements have been satisfied. If material changes are proposed to Mr. McKeracher's position, he will have the option of terminating his employment and receiving a lump sum severance payment equal to 12 months (plus an additional one month per year of service from October 2011 up to a maximum of 18 months) of his base salary and a bonus payment as described below and continuation of his auto allowance and certain medical, dental and insurance benefits for between 12 and 18 months, depending on his length of service. For purposes of calculating the lump sum severance payment, the bonus payment will be based on the higher of (i) the average of his bonus for the year in which termination occurs, on a prorated basis based on year to date results (assuming a minimum of six months have elapsed during the year in which employment termination occurs) and his bonus for the preceding year; or (ii) the average of his bonus payouts for the previous two years of employment.

Termination by the Company without Cause: Upon a termination of Mr. McKeracher's employment without cause, he would receive similar benefits as described above relating to a change of control, except that the vesting of unvested

equity awards would not be accelerated. Under a retention agreement, if Mr. McKeracher is terminated without cause prior to the earlier of (i) completion of the Company's financial statements for the 2017 fiscal year and (ii) March 31, 2018, he would receive a prorated portion of 60% of his base salary at that time, with the amount based on the portion of the period from November 8, 2016 to December 31, 2017 that he was employed.

John Ruelle

Change of Control and Termination Following a Change in Control: Upon a change of control, all of Mr. Ruelle's unvested options granted prior to 2017 will immediately vest and any unvested performance share units granted prior to 2017 will vest according to the performance payout factor calculated as if the performance period ended on the last day of the Company's most recently completed fiscal quarter prior to the date of the transaction (with the performance measure adjusted for the shorter performance period). For grants awarded in 2017, upon termination within 12 months following a change of control, including termination without cause or for good reason (i) any unvested options and restricted stock units will vest upon termination, and (ii) any unvested performance share units will vest if the stock price hurdle vesting requirements have been satisfied. In addition, if material changes are proposed to Mr. Ruelle's position, he will have the option of terminating his employment and receiving a lump sum severance payment equal to 12 months (plus an additional one month per year of service from October 2011 up to a maximum of 18 months) of his base salary and a bonus payment as described below and continuation of his auto allowance and certain medical, dental and insurance benefits for between 12 and 18 months, depending on his length of service. For purposes of calculating the lump sum severance payment, the bonus payment will be based on the higher of (i) the average of his bonus for the year in which termination occurs, on a prorated basis based on year to date results (assuming a minimum of six months have elapsed during the year in which employment termination occurs) and his bonus for the preceding year or (ii) the average of his bonus payouts for the previous two years of employment.

Termination by the Company without Cause: Upon a termination of Mr. Ruelle's employment without cause, he would receive similar severance benefits as described above under a change of control, except that the vesting of unvested equity awards would not be accelerated.

Gerard Versteegh

Termination without Cause: Upon a termination of Mr. Versteegh's employment without cause, he will receive the higher of severance benefits equivalent to 12 months base salary, including holiday allowance and bonus (based on the average amount of the previous two years), or severance benefits calculated as per the formula provided by the Dutch Cantonal Court formula. The Dutch Cantonal Court formula fixes the redundancy payment for severance at a number of months' salary. Years of service, age, base salary, and reasonable compensation for the termination circumstance.

Termination of employment following a Change in Control: If, at any time during a period of 12 months following a change of control, the Company terminates Mr. Versteegh's employment without cause, or the Company causes good reason (as defined in the agreement) Versteegh shall be entitled to the same benefits as in the event of termination without cause and (i) all unvested options granted prior to 2017 will immediately vest and any unvested performance share units granted prior to 2017 will vest according to the performance payout factor calculated as if the performance period ended on the last day of the Company's most recently completed fiscal quarter prior to the date of the transaction (with the performance measure adjusted for the shorter performance period), and (ii) for grants awarded in 2017, (a) any unvested options and restricted stock units will vest upon termination, and (b) any unvested performance share units will vest if the stock price hurdle vesting requirements have been satisfied.

Jill Barnett

Change of Control and Termination Following a Change of Control: Upon a change of control, all of Ms. Barnett's unvested options granted prior to 2017 will immediately vest and any unvested performance share units granted prior to 2017 will vest according to the performance payout factor calculated as if the performance period ended on the last day of the Company's most recently completed fiscal quarter prior to the date of the transaction (with the performance measure adjusted for the shorter performance period). For grants awarded in 2017, upon termination within 12 months following a change of control without cause or for good reason (i) any unvested options and restricted stock units will vest upon termination, and (ii) any unvested performance share units will vest if the stock price hurdle vesting

requirements have been satisfied. In addition, upon a termination of Ms. Barnett's employment within 12 months following a change of control without cause or for good reason, she will receive a lump sum severance payment equal to 12 months of her base salary, plus the Company will pay, for a period of up to 12 months, the cost of medical insurance coverage for Ms. Barnett and her dependents.

Estimated Potential Payments upon Termination of Employment

Based on the applicable agreements with the NEOs described above, the following table sets forth the estimated benefits that would have been payable to the NEOs if a change of control had occurred and each NEO's employment was terminated on the last day of the Company's 2017 fiscal year under circumstances specified in the applicable agreements:

Potential Payments Upon Termination Change of Control							
Name	Lump Sum Severance Payment (\$)	Continuation of Benefits (\$)	Pro-Rata Vesting of Cash Retention (\$)	Accelerated Vesting of RSUs (\$)(1)	Accelerated Vesting of Stock Options (\$)(2)	Accelerated Vesting of PSUs (\$)(3)	Total (\$)
David Colo	\$2,112,500			\$775,000	\$0	\$0	\$2,887,500
Robert McKeracher(4)	\$540,396	\$30,362	\$216,293	\$128,914	\$141,047	\$153,063	\$1,209,939
John Ruelle	\$626,765	\$24,551		\$152,706	\$135,518	\$146,863	\$1,086,402
Gerard Versteegh(5)	\$451,240			\$161,712	\$302,747	\$89,815	\$1,005,514
Jill Barnett	\$335,000	\$14,767		\$97,945	\$66,201	\$74,307	\$588,219

- (1) These amounts represent the value of unvested RSUs that would vest in the event of a termination of employment following a change of control, assuming a stock price of \$7.75 per share, which was the closing price on December 29, 2017, the last trading day of the Company's fiscal year.
- (2) These amounts represent, for unvested stock options that would vest in the event of a termination of employment following a change of control (or upon a change of control for options granted prior to 2017 to Mr. McKeracher, Mr. Ruelle and Ms. Barnett), the difference between \$7.75 per share, which was the closing price on December 29, 2017, the last trading day of the Company's fiscal year, and the applicable exercise of the stock options. The stock price hurdles applicable to Mr. Colo's 2017 Special Options have not been satisfied as of the end of fiscal 2017, and, therefore, zero value is included in these calculations for those awards.
- (3) These amounts represent the value of unvested PSUs that would vest in the event of a termination of employment following a change of control (or upon a change in control for the 2016 PSUs), assuming a stock price of \$7.75 per share, which was the closing price on December 29, 2017, the last trading day of the Company's fiscal year. The stock price hurdles applicable to the 2017 PSUs have not been satisfied as of the end of the fiscal year, and, therefore, zero value is included in these calculations for those awards. For the 2016 PSUs, the number of shares issued upon a change of control would be determined by the payout factor calculated as if the performance period ended on the last day of the Company's most recently completed fiscal quarter prior to the date of the change of control (with the performance measures adjusted by the Board for the shorter performance period). For the purposes of this table, the 2016 PSU amounts are estimated based on the target number of units granted.
- (4) Calculated based on the average annual exchange rate for the year of CDN \$1.00 = \$0.7708.
- (5) Calculated based on the average annual exchange rate for the year of €1.00 = \$1.1281.

CEO Pay Ratio

Set below is information about the relationship of the annual total compensation of David Colo, our CEO, and the annual total compensation of the median of our employees other than Mr. Colo.

For 2017:

The annual total compensation of Mr. Colo, as reported in the Summary Compensation Table presented elsewhere in this Proxy Statement, was \$2,938,685. Because Mr. Colo was not employed by the Company for the entire year, we have annualized this amount to \$3,004,756 for purposes of the pay ratio calculation below.

The annual total compensation of the median of our employees (other than Mr. Colo) was \$39,800.

The ratio of the annual total compensation of Mr. Colo to the annual total compensation of the median of our employees was 75 to 1.

In estimating the ratio set forth above, we used the following methodology:

As of December 1, 2017, we had 2,309 full-time, part-time and seasonal employees globally, consisting of 1,541 employees in the U.S. and 768 employees in non-U.S. jurisdictions. In determining the identity of our median employee, we excluded 114 employees employed in the following non-U.S. jurisdictions: 68 employees in Ethiopia, 25 employees in Sierra Leone, 18 employees in China, and 3 employees in France, representing approximately 4.9% of our total employees. After excluding the countries and employees described above, we determined the identity of our median employee from a population of 2,195 employees, consisting of 1,541 employees in the U.S. and 654 employees in non-U.S. jurisdictions.

To identify the median employee from this employee population, we first calculated each employee's annual base compensation rate, we then used statistical sampling to identify employees who were paid within a 2.5% range of the median and we then selected an employee from that group who was reasonably representative of our workforce.

Amended 2013 Stock Incentive Plan

Overview

The Amended 2013 Stock Plan (the *Amended 2013 Plan*) is administered by the Compensation Committee of the Board of Directors (the *Committee*). The Committee may promulgate rules and regulations for the operation of the Amended 2013 Plan and related agreements and generally supervises the administration of the Amended 2013 Plan. All employees, officers and directors of the Company and its subsidiaries are eligible for selection for participation in the Amended 2013 Plan. However, the Committee determines the specific individuals to whom awards are made under the Amended 2013 Plan, as well as the type of awards, the amount of the awards and the other terms and conditions of the awards. The Committee may also accelerate any exercise date, waive or modify any restriction with respect to an award or extend any exercise period, subject to the terms of the Amended 2013 Plan.

The Amended 2013 Plan permits the Company to grant a variety of awards, including stock options, stock appreciation rights, restricted stock, restricted stock units and performance-based awards. A total of 6,800,000 Common Shares, representing 6.93% of the total number of issued and outstanding Common Shares and Special Voting Shares, plus any Common Shares available for grant under the 2002 Stock Option Plan (the *Prior Plan*) and any additional Common Shares that become available for re-grant under the Prior Plan due to the cancellation or expiration of stock options, are reserved for issuance under the Amended 2013 Plan. Only 4,550,000 Common Shares may be awarded as Full Value Awards. *Full Value Awards* are stock awards for which the recipient pays no cash consideration or cash consideration of less than the fair market value of the underlying shares as of the grant date (as determined in accordance with the Amended 2013 Plan), except that shares issued in lieu of cash compensation otherwise payable to a participant are not Full Value Awards.

The Board of Directors has the power to suspend, terminate, modify or amend the Amended 2013 Plan at any time, except that stockholder approval is required to add additional shares to the Amended 2013 Plan, increase the number of shares that can be issued as Full Value Awards or amend the provision prohibiting option re-pricing. Except in connection with a change in capital structure or certain transactions, however, no change in an award already granted may be made without the written consent of the award holder if the change would adversely affect the holder. However, the Committee may make awards under the Amended 2013 Plan that have terms and conditions that vary from those specified in the Amended 2013 Plan when such awards are granted in substitution for, or in connection with the assumption of, existing awards made by another corporation and assumed or otherwise agreed to be provided for by the Company in connection with a corporate merger or other similar transaction to which the Company or an affiliated Company is a party.

No award granted under the Amended 2013 Plan may vest if the recipient does not remain in the service of the Company until the first anniversary of the date of grant, unless the recipient's service is terminated as a result of the recipient's death or physical disability (as defined in the applicable award agreement), or such earlier vesting occurs in connection with a change in control of the Company, as defined in and to the extent permitted by the Amended 2013 Plan. However, the foregoing prohibition does not apply to 5% of the sum of the number of shares available for awards under the Amended 2013 Plan immediately following the 2017 annual meeting of stockholders plus the number of additional shares that thereafter become available.

No award granted under the Amended 2013 Plan may provide for any excuse from satisfaction of the continued service conditions of the award as a result of a change in control of the Company, except that an award agreement may excuse the recipient from the continued service obligation if (i) the recipient's employment or service relationship is terminated by the employer or the Company without cause or by the recipient for good reason in connection with the change in control under terms specified in the award agreement; or (ii) the award is not converted into an award for stock of the surviving or acquiring corporation in the change in control transaction under terms specified in the award agreement or pursuant to the Amended 2013 Plan; provided that any performance-based awards and other awards with performance-based vesting provisions that are settled or for which vesting is accelerated in connection with a change

in control are settled or accelerated either on a pro-rata basis based on time elapsed during the performance period from the grant date or with performance measured for a performance period ending prior to the change in control under terms specified in the award agreement.

If you have any questions or need assistance completing your proxy or voting instruction form, please call Kingsdale Advisors at 1-877-659-1822 or email at contactus@kingsdalesadvisors.com.

The total compensation paid or granted by the Company in any form (including cash and awards under the Amended 2013 Plan) to any non-employee director for service as a director for any fiscal year may not exceed \$500,000. For this purpose, awards under the Plan are valued at the time of grant based on the grant date fair value as determined by the Company for financial accounting purposes.

Stock Option Awards

The Committee may grant stock options to eligible individuals under the Amended 2013 Plan. No employee may be granted options or stock appreciation rights for more than an aggregate of 1,500,000 Common Shares in any fiscal year. The Committee the exercise price of each option, the number of shares to be covered by each option, the period of each option, the times at which each option may be exercised, and whether each option is an Incentive Stock Option (intended to meet all of the requirements of an Incentive Stock Option as defined in Section 422 of the U.S. Code) or a non-statutory stock option. The exercise price of each option may not be less than 100% of the fair market value of the underlying shares on the date of grant, except that if a grantee of an Incentive Stock Option at the time of grant owns stock possessing more than 10% of the combined voting power of all classes of stock of the Company, the exercise price may not be less than 110% of the fair market value of the underlying shares on the date of grant. For purposes of determining the exercise price of options granted under the Amended 2013 Plan, the fair market value of the Common Shares will be deemed to be the closing price of the Common Shares as reported by NASDAQ, or such other reported value of the Common Shares as specified by the Committee, on the date of grant. No monetary consideration will be paid to the Company upon the granting of options.

Options may be granted for varying periods established at the time of grant. No Incentive Stock Option may be exercisable after the expiration of 10 years from the date it is granted. Incentive Stock Options are nontransferable except in the event of the death of the holder. The Committee has discretion to allow non-statutory stock options to be transferred to immediate family members of the optionee, subject to certain limitations. Options will be exercisable in accordance with the terms of an option agreement entered into at the time of the grant. In the event of the death or other termination of an optionee's employment with the Company, the Amended 2013 Plan provides that, unless otherwise determined by the Committee, the optionee's options may be exercised for specified periods thereafter (12 months in the case of termination by reason of death or disability and 30 days in the case of termination for any other reason). The Amended 2013 Plan also provides that upon any termination of employment, the Committee may extend the exercise period for any period up to the expiration date of the option and may increase the portion of the option that is exercisable.

Upon the exercise of an option, the number of shares subject to the option and the number of shares available for issuance under the Amended 2013 Plan will be reduced by the number of shares issued upon exercise of the option plus the number of shares, if any, withheld upon exercise to satisfy the exercise price or required tax withholding. Option shares that are not purchased prior to the expiration, termination or cancellation of the related option will become available for future awards under the Amended 2013 Plan.

Unless stockholder approval is obtained, no stock option may be (i) amended to reduce the exercise price, or (ii) canceled in exchange for cash, another award or any other consideration at a time when the exercise price of the option exceeds the fair market value of the Common Shares.

Stock Appreciation Rights

The Committee may grant stock appreciation rights (SARs) to eligible individuals under the Amended 2013 Plan. SARs may, but need not, be granted in connection with an option. A SAR gives the holder the right to payment from the Company of an amount equal in value to the excess of the fair market value on the date of exercise of one common share over its fair market value on the date of grant (or, if granted in connection with an option, the exercise price per share under the option to which the SAR relates), multiplied by the number of shares covered by the portion of the SAR or option that is surrendered. The fair market value of the Common Shares on the date of exercise will be

deemed to be the closing price of the Common Shares as reported by NASDAQ, or such other reported value of the Common Shares as specified by the Committee, on the date of exercise, or if such date is not a trading day, then on the immediately preceding trading day. A SAR holder will not pay the Company any cash consideration upon either the grant or exercise of a SAR, except for tax withholding amounts upon exercise.

If you have any questions or need assistance completing your proxy or voting instruction form, please call Kingsdale Advisors at

1-877-659-1822 or email at contactus@kingsdalesadvisors.com.

A SAR is exercisable only at the time or times established by the Committee. If a SAR is granted in connection with an option, it is exercisable only to the extent and on the same conditions that the related option is exercisable. Payment by the Company upon exercise of a SAR may be made in Common Shares valued at fair market value, or in cash, or partly in stock and partly in cash, as determined by the Committee. If a SAR is not exercised prior to the expiration, termination or cancellation of the SAR, the unissued shares subject to the SAR will become available for future awards under the Amended 2013 Plan. Upon the exercise of a SAR for shares, the number of shares reserved for issuance under the Plan will be reduced by the number of shares covered by the SAR. Cash payments for SARs will not reduce the number of shares available for awards under the Amended 2013 Plan.

Stock Awards (including Restricted Stock and Restricted Stock Units)

The Committee may grant Common Shares to eligible individuals as stock awards (including restricted stock and restricted stock units) under the Amended 2013 Plan. A restricted stock unit represents the right to receive one share of Common Shares subject to satisfaction of the conditions set forth in the applicable award agreement. The Committee will determine the individuals to receive stock awards, the number of shares to be awarded, the time of the award and any consideration to be paid by the participant. Generally, no cash consideration (other than required tax withholding) will be paid by award recipients to the Company in connection with stock awards. Stock awards will be subject to the terms, conditions and restrictions determined by the Committee. Restrictions may include restrictions concerning transferability, forfeiture of the shares issued, or such other restrictions as the Committee may determine. Stock awards subject to restrictions may be either restricted stock awards under which shares are issued immediately upon grant subject to forfeiture if vesting conditions are not satisfied, or restricted stock unit awards under which shares are not issued until after vesting conditions are satisfied. Upon the issuance of shares under a stock award, the number of shares reserved for issuance under the Plan will be reduced by the number of shares issued plus any shares withheld to satisfy tax withholding obligations.

Performance-Based Awards

The Committee may grant performance-based awards, payable in stock or cash as determined by the Committee. All or part of the Common Shares subject to the awards will be earned (or cash will be paid) if performance targets established by the Committee for the period covered by the award are met and the recipient satisfies any other requirements established by the Committee. The performance targets may be expressed as one or more targeted levels of performance with respect to one or more of the following objective measures with respect to the Company or any subsidiary, division or other unit of the Company: earnings, earnings per share, stock price increase, total stockholder return (stock price increase plus dividends), return on equity, return on assets, return on capital, economic value added, revenues, operating income, inventories, inventory turns, cash flows, earnings before interest and taxes (EBIT), earnings before interest, taxes, depreciation and amortization (EBITDA) or any of the foregoing before the effect of acquisitions, divestitures, accounting changes, restructuring or other special charges. Performance-based awards may be made as awards of restricted shares subject to forfeiture if performance goals are not satisfied, awards under which shares are not issued until the performance conditions are satisfied or as cash-based awards. No recipient may be granted in any fiscal year performance-based awards under which the maximum number of shares that may be issued exceeds 500,000 shares or the maximum dollar amount that may be paid exceeds \$5,000,000. The payment of a performance-based award in cash will not reduce the number of Common Shares reserved for issuance under the Amended 2013 Plan. Upon the issuance of shares under a performance-based award, the number of Common Shares reserved for issuance under the Amended 2013 Plan will be reduced by the number of shares issued plus any shares withheld to satisfy tax withholding obligations. The number of shares issued pursuant to stock awards and performance-based awards that are forfeited to the Company will become available for future grants under the Amended 2013 Plan.

Employee Stock Purchase Plan

Pursuant to the Company's employee stock purchase plan (the *ESPP*), a total of 3,000,000 Common Shares have been reserved for the grant of options under the ESPP, subject to adjustment upon changes in capitalization of the Company. The purpose of the ESPP is to provide employees of the Company and its designated subsidiaries with an opportunity to purchase Common Shares. It is the intention of the Company to have the ESPP qualify as an "Employee Stock Purchase Plan" under Section 423 of the United States Internal Revenue Code of 1986, as amended (the *Code*). The ESPP will continue in effect until June 30, 2025 unless sooner terminated by the Board.

Any person who has been continuously employed as an employee for thirty days and work at least 20 hours per week (the *Employee*) is eligible to participate, subject to the requirements and limitations of the ESPP. No Employee may be granted an option under the ESPP (i) if, immediately after the grant, such Employee (or any other person whose Common Shares would be attributed to such Employee pursuant to Section 424(d) of the Code) would own Common Shares and/or hold outstanding options to purchase Common Shares possessing five percent or more of the total combined voting power or value of all classes of shares of the Company or of any subsidiary of the Company, or (ii) which permits his or her rights to purchase stock under all employee stock purchase plans (described in Section 423 of the Code) of the Company and its subsidiaries to accrue at a rate which exceeds USD \$25,000 or the Canadian equivalent based on the exchange rate on the previous December 31 (determined at the time such option is granted) for each calendar year in which such option is outstanding at any time.

The ESPP is implemented by a series of *Offering Periods*, namely the period of either twelve or fourteen weeks commencing on March 1, June 1, September 1 and December 1 of each year (or at such other time or times as may be determined by the Board). Each participant may elect to have payroll deductions made on each payroll during the Offering Period in an amount not less than 1% and not more than 10% of such participant's compensation on each such payroll. On the last business day of each Offering Period (the *Exercise Date*), each eligible Employee participating in such Offering Period is granted the option to purchase a number of shares of the Common Stock determined by dividing such Employee's contributions accumulated prior to the Exercise Date by the applicable Exercise Price. *Exercise Price* means, with respect to an Offering Period, an amount equal to the average of the closing price of the Common Shares for the period of five consecutive trading days ending on the last trading day of such Offering Period multiplied by 100%, minus 15%. Unless a participant withdraws from the ESPP, his or her option for the purchase of Common Shares will be exercised automatically on the last business day of the Offering Period, and the maximum number of full Common Shares subject to the option will be purchased for him or her at the applicable Exercise Price with the accumulated contributions in his or her account.

During a participant's lifetime, a participant's option to purchase Common Shares is exercisable only by him or her. Neither contributions credited to a participant's account nor any rights with regard to the exercise of an option or to receive Common Shares under the ESPP may be assigned, transferred, pledged or otherwise disposed of in any way (other than by will, the laws of descent and distribution or as a designated beneficiary provided herein) by the participant. Any such attempt at assignment, transfer, pledge or other disposition will be ineffective, except that the Company may treat such act as an election to withdraw funds from the ESPP. Upon termination of the participant's employment for any reason, including retirement or death, the contributions credited to his or her account will be returned to him or her or, in the case of his or her death, to the person or persons entitled thereto and his or her option will be automatically terminated.

The Board may at any time terminate or amend the ESPP. No such termination may affect options previously granted, nor may an amendment make any change in any option theretofore granted which adversely affects the rights of any participant provided that an Offering Period may be terminated by the Board on an Exercise Date or by the Board's setting a new Exercise Date with respect to an Offering Period then in progress if the Board determines that termination of the Offering Period is in the best interests of the Company and the stockholders or if continuation of the Offering Period would cause the Company to incur adverse accounting charges in the generally-accepted accounting rules applicable to the ESPP.

In addition, to the extent necessary to comply with Section 423 of the Code (or any successor rule or provision or any applicable law or regulation), the Company will obtain stockholder approval in such a manner and to such a degree as so required. Without stockholder consent and without regard to whether any participant rights may be considered to have been adversely affected, the Board is entitled to change the Offering Periods, change the discount factor between 0% and 15%, limit the frequency and/or number of changes in the amount withheld during an Offering Period, establish the exchange ratio applicable to amounts withheld in a currency other than Canadian or United States dollars, permit payroll withholding in excess of the amount designated by a participant in order to adjust for delays or mistakes in the Company's processing of properly completed withholding elections, establish reasonable waiting and adjustment periods and/or accounting and crediting procedures to ensure that amounts applied toward the purchase of Common Stock for each participant properly correspond with amounts withheld from the participant's compensation, and establish such other limitations or procedures as the Board determines in its sole discretion advisable that are consistent with the ESPP.
