Item 1. Change in Control of Registrant

Effective March 27, 2002, the Registrant, Digital Angel Corporation (formerly known as Medical Advisory Systems, Inc. (MAS)) completed its merger pursuant to a November 1, 2001 Agreement and Plan of Merger, as amended (the "Merger Agreement") with Applied Digital Solutions, Inc. (ADS), its wholly owned subsidiary, Digital Angel Corporation, and Digital Angel Acquisition Co., a wholly-owned subsidiary of the Registrant. Prior to this transaction, ADS was a 16.6% beneficial owner of the Registrant.

Pursuant to the Merger Agreement, the Registrant acquired from ADS the Advanced Wireless Group of ADS, which consisted of 100% of the outstanding shares of common stock of Digital Angel Corporation and Timely Technology Corp., and 85% of the outstanding shares of common stock of Signature Industries, Limited. Each issued and outstanding share of Digital Angel common stock held by ADS was converted into 0.9375 shares of MAS common stock, or 18,750,000 shares of MAS common stock.

Edgar Filing: DIGITAL ANGEL CORP - Form 8-K

In satisfaction of a condition to the consent to the merger of IBM Credit Corporation, a secured creditor of ADS, the shares held by ADS were transferred to the Digital Angel Share Trust, a Delaware statutory business trust controlled by an advisory board. As a result, the trust has legal title to 19,600,000 shares of MAS common stock or approximately 77.45% of the MAS common stock, after giving effect to the exercise of options to acquire shares of Digital Angel Corporation common stock exercised prior to the merger. The trust has voting rights with respect to the MAS common stock until ADS's obligations to IBM Credit Corporation are paid in full. ADS has retained beneficial ownership of the shares. The trust may be obligated to liquidate the shares of MAS common stock owned by it for the benefit of IBM Credit Corporation in the event that ADS fails to make payments to IBM Credit Corporation beginning on February 28, 2003, or otherwise defaults, under the IBM credit agreement. As a result, the duration of the trust's control over MAS following the merger and the identity of any parties which may acquire control of MAS if and when such sales commence is uncertain.

Following the merger, the Digital Angel Share Trust owns approximately 77.45% of the issued and outstanding MAS common stock, after giving effect to the exercise of options to acquire shares of Digital Angel Corporation common stock exercised prior to the merger, and has the ability to control the board of directors and elect the officers of Digital Angel Corporation. The following individuals were appointed to serve as executive officers of the registrant following the merger.
