Item 1.01. Entry into a Material Definitive Agreement

On February 14, 2006, Novastar Resources Ltd. ("Novastar Resources") entered into an Agreement and Plan of Merger (the "Merger Agreement") with Thorium Power, Inc. ("Thorium Power"), a Delaware corporation that designs proliferation-resistant thorium-based nuclear fuels, and TP Acquisition Corp., a direct wholly-owned subsidiary of Novastar Resources formed in connection with the transactions contemplated by the Merger Agreement. Concurrently therewith, Novastar Resources (1) adopted its 2006 Stock Plan, (2) entered into an employment agreement with Seth Grae, President and Chief Executive Officer of Thorium Power, (3) granted certain nonqualified stock options to Mr. Grae and (4) entered into a subscription agreement with Thorium Power for the purchase of 150,000 shares of common stock of Thorium Power for \$4.00 per share. In addition, Novastar Resources has amended and restated its consulting agreement with Alan Gelband. Prior to and in connection with

the execution of the Merger Agreement, Novastar Resources owned 175,000 shares of common stock of Thorium Power and has had an informal strategic relationship with Thorium Power.

Merger Agreement

Upon consummation of the merger, which has been approved by the board of directors of both Novastar Resources and Thorium Power, Thorium Power will become a wholly-owned subsidiary of Novastar Resources, and the combined company will operate under the name Thorium Power Ltd. Under the Merger Agreement, each common share of Thorium Power will be converted into securities of Novastar Resources such that Thorium Power's current stockholders will own approximately 54.5% of the combined company, and each share of Novastar Resources common stock will remain outstanding. In addition, Novastar Resources anticipates the appointment of new directors and officers following the merger. The combined company will be headquartered in the Washington D.C. area, where Thorium Power is presently based.

The merger is conditioned upon, among other things, approvals by stockholders of Novastar Resources and Thorium Power of certain corporate matters, no legal impediment to the merger, the absence of any material adverse effect on Novastar Resources or Thorium Power, completion of due diligence reviews by both companies, the declaration of effectiveness of a registration statement by the Securities and Exchange Commission and any other necessary regulatory approvals. The Merger Agreement contains certain termination rights for both Novastar Resources and Thorium Power, and further provides that, upon termination of the Merger Agreement under specified circumstances, either company may be required to pay the other company a termination fee of \$500,000. Novastar Resources and Thorium Power have expressed their strong commitment to consummating the merger and intend to utilize all resources required to do so as soon as practicable.

A copy of the Merger Agreement is included herein as Exhibit 2.1, and a copy of Novastar Resources' press release dated February 14, 2006 announcing the execution of the Merger Agreement (the "Press Release") is included herein as Exhibit 99.1. Each of the Merger Agreement and the Press Release is incorporated herein by reference. The foregoing description of the Merger Agreement and the description of the Merger Agreement in the Press Release is qualified in its entirety by reference to the full text of the Merger Agreement.
