•

You may add further to your investment in our common stock by making optional monthly cash contributions to the Plan of as little as \$50 or as much as \$5,000 per month, which will be used to purchase additional shares, and achieve dollar cost averaging.

•

You pay no personal brokerage fees or commissions for shares purchased through the Plan with reinvested dividends or optional cash investments.

•

Your enrollment in the plan is free.

•

You can hold and transfer your shares under the Plan without holding or delivering paper certificates.

Description of the Plan

Seacoast Banking Corporation of Florida (Seacoast or the Company) offers a convenient way to invest or increase your investment in the Company through its Dividend Reinvestment and Stock Purchase Plan. Continental Stock Transfer and Trust Company administers the Plan as an independent agent (the Agent).

Dividend Reinvestment

With dividend reinvestment, instead of receiving a check for your dividends, they are automatically and fully reinvested in whole and fractional shares of Seacoast Common Stock.

Cash Purchase

With the cash purchase option, you may authorize additional purchases of Common Stock without paying brokerage or service fees.

The Company's Plan is fully described in the Plan Prospectus, and enrollment in the Plan is subject to all terms and conditions contained therein.

This is not an offer to sell or the solicitation of an offer to buy any shares of Seacoast Common Stock. The Plan and shares are offered only by the Prospectus. Please read the Plan Prospectus carefully before enrolling or investing in the Plan.

Benefits of the Plan

-

You can enroll in the Plan for free and purchase shares through the Plan without brokerage commissions or service fees.

-

No dividend checks to deposit; your dividends are automatically reinvested fully in whole and fractional shares of Seacoast Common Stock.

-

You may make automatic monthly optional cash purchases that are deducted from your bank account, or individual optional cash investments by check, of additional shares of Seacoast Common Stock in amounts of \$50 to \$5,000 per month.

-

Your record-keeping is simplified with a statement mailed to you each time your dividends or cash payments are invested.

-

Shares in the Plan are held in safekeeping, without paper certificates, protecting you against the possibility of loss.

-

You can easily change the name on your Plan account, transfer shares, gift shares you hold in the Plan, and change your investment elections.

-

Your participation is voluntary; you may withdraw at any time.

Eligibility

U. S. residents who are shareholders of record may participate in the Plan. Non-shareholders who are U.S. residents may participate in the Plan by investing at least \$1,000 into the Plan.

Enrollment

You may enroll in the Plan at any time by simply completing an Enrollment Form and returning it to the Agent. If you are registered for Internet Account Access, you may also enroll on-line by visiting Seacoast's website at www.seacoastbanking.net and clicking on *Shareholder Services* and *Internet Account Access*.

How the Plan Works

After your account is established, the Agent receives the funds from the dividends on shares held by you, as well as any dividends on full and fractional shares credited to your account and any cash contributions you have made. The Agent uses these funds to purchase shares of Company Common Stock at the current market price on or about the last business day of the month, but no later than 30 days after receipt. You will not be able to instruct the Agent to purchase shares at a specific time or at a specific price.

Taxes

Participation in the Plan does not relieve you of income tax liabilities from dividends. In addition, commissions and fees paid by the Company on your behalf will be treated as distributions subject to income tax.

Cash Purchases

You may elect, at any time, to make cash contributions to your account of as little as \$50 or as much as \$5,000 per month, either by check or by automatic deduction from your bank account. Cash contributions must be accompanied by a completed Transaction Form furnished by the Agent. Cash contributions must be received at least five (5) business days prior to the scheduled purchase date to ensure they are purchased timely. Automatic monthly purchases by electronic deductions from your bank account will be made on or about the 22nd of each month. Purchases are made on or about the last business day of each month. No interest will be paid on cash held by the Plan's Agent pending investment.

Simple Record Keeping

Each time shares are purchased for you under the Plan, you will receive a statement from the Agent providing you with a complete record of the dividends received and invested on your behalf, any optional cash you invested, the transaction details and your current balance in the Plan.

If you have activated your account for online access, you can also reference your account and Plan information 24 hours a day, seven days a week, at www.seacoastbanking.net; click on *Shareholder Services* and *Internet Account Access*.

Costs

Seacoast will pay the enrollment fees and costs associated with administering the Plan, as well as brokerage commissions on all purchased shares. You will pay transaction fees if you terminate your participation in the Plan.

Safekeeping of Certificates

The shares purchased for you under the Plan will be held in safekeeping for you by the Agent in book-entry form. You will not receive a paper stock certificate, eliminating the risk and expense to you of replacing lost or stolen certificates.

As a participant in the Plan, you may also, at no additional cost, send your other certificates for Company Common Stock to the Agent for safekeeping. Consolidation of your shares in this way in one secure location also simplifies your record-keeping.

Voting

Only you will have the right to vote the shares you hold in the Plan. You will receive a single proxy covering all Company shares registered in your name as well as shares credited to your account under the Plan.

Withdrawal

You can withdraw all or a portion of your shares from your Plan at any time by notifying the Agent in writing. A certificate for the appropriate number of shares will be mailed to you. Your dividend reinvestment election will continue unless you withdraw all your Plan shares. If you withdraw all your Plan shares, your participation in the Plan will be terminated, and future dividends paid directly to you.

You can sell some or all your shares in the plan by sending a Transaction Form to the administrator. The Agent will sell the shares, and send you the proceeds, less any applicable fees.

The Plan and Amendments

Seacoast has the authority to change, suspend or discontinue the Plan or any terms of the Plan at any time, and will notify participants of any significant changes.
