NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL INFORMATION
MARCH 31, 2004

NOTE A-SUMMARY OF ACCOUNTING POLICIES

General

The accompanying unaudited condensed financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and with the instructions to Form 10QSB. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements.

In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Accordingly, the results from operations for the three-months period ended March 31, 2004, are not necessarily indicative of the results that may be expected for the year ending December 31, 2004. The unaudited condensed financial statements should be read in conjunction with the December 31, 2003 financial statements and footnotes thereto included in the Company's SEC Form 10 KSB.

Business and Basis of Presentation

Seawright Holdings, Inc., formerly Pre-Settlement Funding Corporation ("Company") was formed on October 14, 1999 under the laws of the state of Delaware. The Company is a development stage enterprise, as defined by Statement of Financial Accounting Standards No. 7 ("SFAS No. 7") and is seeking to develop a business of spring water bottling and distribution. From its inception through the date of these financial statements the Company has recognized no revenues and has incurred significant operating expenses. Consequently, its operations are subject to all risks inherent in the establishment of a new business enterprise. For the period from inception through March 31, 2004, the Company has accumulated losses of \$630,081.

The consolidated financial statements include the accounts of the Company, and its wholly-owned subsidiary, Seawright Springs LLC. Significant intercompany transactions have been eliminated in consolidation.

Discontinued Operations

As a result of the Company's acquisition of real property and improvements in October 2003, the Company restructured its operations to focus on the development of the spring water bottling and distribution business. This restructuring included the discontinuance of financing plaintiffs who are involved in personal injury claims. Accordingly, the Company's plaintiff's financing business segment is accounted for as a discontinued operation, and the amounts in the financial statements and related notes for all periods shown have been restated to reflect discontinued operations accounting. The Company has not allocated any previously incurred corporate overhead and

Edgar Filing: SEAWRIGHT HOLDINGS INC - Form 10QSB

selling, general and administrative expenses to the discontinued operation.

The financial statements reflect the operating results of the discontinued operations separately from continuing operations. Prior years have been restated. Operating results for the discontinued operations for the following periods were:

	For The Three Months Ended March 31,		For The period October
	2004	2003	(Date of Inception) March 31, 20

Stock Based Compensation

In December 2002, the FASB issued SFAS No. 148, "Accounting for stock-based Compensation- Transition and Disclosure- an amendment of SFAS 123." This statement amends SFAS No.123, "Accounting for Stock based Compensation" to provide alternative methods of transition for a voluntary change to the fair value based method of accounting for stock based employee compensation. In addition, this statement amends the disclosure requirements of SFAS No.123 to require prominent disclosures in both annual and interim financial compensation and the effect of the method used on reported results. The company has chosen to continue to account for stock-based compensation using the intrinsic value method prescribed in APB Opinion No.25 and related interpretations. Accordingly, compensation expense for stock options is measured as the excess, if any, of the fair market value of the Company's stock at the date of the grant over the exercise price of the related option. The Company has adopted the annual disclosure provisions of SFAS No.148 in its financial reports for the year ended December 31, 2003 and will adopt the interim disclosure provisions for its financial reports for the subsequent periods.

Had compensation costs for the Company's stock options been determined based on the fair value at the grant dates for the awards, the Company's net loss and losses per share would have been as follows:

	For The Three Months Ended March 31,	
	2004	2003

NOTE B - CAPITAL STOCK

The Company was incorporated under the laws of the State of Delaware on October 14, 1999 under the name of Pre-Settlement Funding Corporation. The company has authorized 100,000 shares of preferred stock, with a par value of \$.001 per share. The Company has designated 60,000 of its preferred stock as Series A Convertible Preferred Stock. As of March 31, 2004 and December 31, 2003, the Company has 55,000 shares of Series A Convertible Preferred Stock issued and outstanding.

The Company has authorized 19,900,000 shares of common stock, with a par value of \$.001 per share. As of March 31, 2004 and December 31, 2003, there are 5,368,000 shares of common stock issued and outstanding.

In March 2000, the Company issued \$ 124,000 of notes payable convertible into common stock at a price equal to \$.50 per share. As of December 31, 2000, the holders of the notes payable elected to convert \$52,000 of the notes, net of costs, in exchange for 104,000 shares of the Company's common stock.

In January 2001, the holders of the \$ 72,000 of convertible Notes Payable, exercised their rights to convert the unpaid principal to 144,000 shares of the Company's common stock at the conversion price of \$.50 per share.

In January 2001, \$15,000 of convertible notes payable were issued and converted to 30,000 shares of the Company's common stock.

In January 2001, the Company issued 5,000,000 shares of the Company's common stock to the Company's Founders in exchange for services provided to the Company from its inception. The Company valued the shares issued at \$.001 per share, which approximated the fair value of the services rendered. The compensation costs of \$5,020 were charged to income during the year ended December 31, 2001.

In January 2001, the Company issued 90,000 shares of the Company's common stock to consultants in exchange for services provided to the Company. The Company valued the shares issued at \$.50 per share, which approximated the fair value of the shares issued during the period the services were rendered. The compensation costs of \$ 45,000 were charged to income during the year ended December 31, 2001.

During the year ended December 31, 2003, the Company authorized the issuance of 60,000 shares of newly designated Series A Convertible Preferred stock, with a par value of \$0.001 per

Edgar Filing: SEAWRIGHT HOLDINGS INC - Form 10QSB

share. As of December 31, 2003 the Company issued 55,000 shares of the Series A Convertible Preferred stock in exchange for \$275,000.

The Series A Convertible Preferred shares are convertible into the Company's common stock at the option of the holder at a ratio of ten (10) shares of common stock for each share of preferred stock if converted before the first anniversary of the original issue date and at a ratio of five (5) shares of common stock for each share of preferred stock if conversion is made after the first anniversary but before the second anniversary. The preferred shares may be redeemed for cash at the option of the Company, any time after the first anniversary of the original issue date but before the second anniversary. The Preferred Shareholders shall be entitled to cumulative dividends when, as and if declared by the Company's Board of Directors at a per share rate of 10% per annum of the original issue price. At the option of the preferred shareholders, accrued and unpaid cumulative dividends may be applied to the purchase of additional shares of the Company's common stock upon conversion of the preferred shares to common shares.

NOTE C - STOCK OPTIONS

The following table summarizes the changes in options outstanding and the related prices for the shares of the Company's common stock issued to the Company employees and consultants. These options were granted in lieu of cash compensation for services performed.

Exercise Prices	Number Outstanding (C)	Options Outstanding		Weighed Average Exercise Price	Options Exercisable	
		Weighted Average Remaining Contractual Life (Years)	Weighted Average Exercise Price		Number Exercisable	Weighted Average Exercise Price

Outstanding at March 31, 2004	2,337,500	1.00

Edgar Filing: SEAWRIGHT HOLDINGS INC - Form 10QSB

The estimated value of the options granted to consultants during the year ended December 31, 2003 was determined using the Black-Scholes option pricing model and the following assumptions: expected term of 3 years, a risk free interest rate of 2.65%, a dividend yield of 0% and volatility of 60%. The amount of the expense charged to operations in connection with granting the options was \$5,276 during the year ended December 31, 2003. There were no stock options granted during the period ended March 31, 2004.

NOTE D- PROPERTY AND EQUIPMENT

In October, 2003, the Company acquired approximately 140 acres of land and related improvements in Augusta County, Virginia, in exchange for \$1,000,000, comprised of \$300,000 of cash and a \$700,000 promissory note payable. The Company anticipates entering the sale of bulk spring water and retail bottling business utilizing the properties water resources.

The purchase of land and improvements were accounted for in accordance with SFAS No. 141 and accordingly the operating results of the business has been included in the Company's financial statements since the date of purchase and inception of operations.

Major classes of property and equipment at March 31, 2004 and December 31, 2003 consist of the followings:

	March 31, 2004	December 31, 2003
Land	\$ 1,000,000	\$ 1,000,000

	1,006,780	1,006,780
Less: Accumulated Depreciation	(-)	(-)
Net Property and Equipment	1,006,780	1,006,780

Building improvement represents preparations for the enhancement of the facilities at the spring site. The Company has not starting depreciation whilst improvements are under way.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND PLAN OF OPERATIONS.

When used in this Form 10-QSB and in our future filings with the Securities and Exchange Commission, the words or phrases will likely result, management expects, or we expect, will continue, is anticipated, estimated or similar expressions are intended to identify forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Readers are cautioned not to place undue reliance on any such forward-looking statements, each of which speak only as of the date made. These statements are subject to risks and uncertainties, some of which are described below.

Actual results may differ materially from historical earnings and those presently anticipated or projected. We have no obligation to publicly release the result of any revisions that may be made to any forward-looking statements to reflect anticipated events or circumstances occurring after the date of such statements.

The following discussion contains forward-looking statements that are subject to significant risks and uncertainties about us, our current and planned products, our current and proposed marketing and sales,

Edgar Filing: SEAWRIGHT HOLDINGS INC - Form 10QSB

and our projected results of operations. There are several important factors that could cause actual results to differ materially from historical results and percentages and results anticipated by the forward-looking statements. We have sought to identify the most significant risks to its business, but cannot predict whether or to what extent any of such risks may be realized nor can there be any assurance that we have identified all possible risks that might arise. Investors should carefully consider all of such risks before making an investment decision with respect to our stock. The following discussion and analysis should be read in conjunction with the financial statements of our Company and notes thereto. This discussion should not be construed to imply that the results discussed herein will necessarily continue into the future, or that any conclusion reached herein will necessarily be indicative of actual operating results in the future. Such discussion represents only the best present assessment from our Management.

Plan of Operation

In the previous year ended December 31, 2003 we entered a business involving the sale of bulk spring water. We purchased a property with a suitable source of water for the sum of \$1 million. We are still in the development stage and have yet to recognize any income from this business line. We are currently identifying customers and plan to begin selling water in the next quarter.

We discontinued our previous operations involving funding of personal injury cases.

As part of our reorganization of our business and to better reflect our current activities and plan of operations, the company name was changed from Pre-Settlement Funding Corporation to Seawright Holdings, Inc.

Our business plan is to sell our spring water to other bottlers and we may enter into co-packing arrangements whereby other bottlers will bottle Seawright Springs under private labeling agreements with other retailers or distributors. Private label bottled water is Seawright Springs water bottled under another company's brand name.

We intend that selling to the private labeled bottled water market will allow us to sell our water without the expense of an advertising budget that is required to establish brand recognition and market identity.

In our initial operations, we will focus on bulk water sales. Bulk water sales are achieved by the arrival of a tanker at our spring site. The buyer loads the water at the spring site and takes it to the bottling and packaging facility used by the private label bottler. We are in the process installing a state of the art bulk water loading facility.

We currently do not have our own bottling and packaging facilities. Should we sell water under the Seawright label we will do so by using outside bottling and packaging facilities. Currently there are no plans to build bottling and packaging facilities.

Comparison of Financial Results

Edgar Filing: SEAWRIGHT HOLDINGS INC - Form 10QSB

Three Months Ended March 31, 2004 versus Three Months Ended
March 31, 2003

Revenues

No revenues have yet been generated from the Spring. We anticipate that we will begin making sales in the next quarter.

Costs and Expenses

From our inception through March 31, 2004, we have incurred expenses of \$1,362,299, \$747,103 of these expenses were accrued but legally released from the creditors in agreements during the year ended December 31, 2003. The expenses incurred were associated principally with stock issuances to our founders, legal, consulting and accounting fees and costs in connection with the development of our business plan, market research, and the preparation of our registration statement as well as the accrual of salary to our director. In the quarter ended March 31, 2004 operating expenses of \$46,390 and interest expenses of \$17,003 were incurred in connection with the establishment of our spring water business including consulting services, testing and spring maintenance and costs associated with the administration and overhead of our business such as accounting, legal and office expenses. This compares with expenses of \$49,650 recorded in the quarter to March 31, 2003 which were primarily administrative overhead costs.

Liquidity and Capital Resources

As of March 31, 2004, we had a working capital deficit of \$773,565. As a result of our operating losses from our inception through March 31, 2004, we generated a cash flow deficit of \$410,477 from operating activities. We met our cash requirements during the three months ended March 31, 2004 through approximately \$76,000 in advances from our principal shareholder. Our accounts payable and accrued liabilities of \$170,000, is composed predominantly of liabilities to our consultants and vendors associated with the Spring, our accountants and lawyers, and accrued payroll, representing liabilities to our remaining employee.

While we have raised the capital necessary to meet our working capital and financing needs in the past, additional financing is required if we are to grow alternative business interests and fund the transactions and business we have currently contracted for.

Our independent certified public accountants have stated in their report included in our December 31, 2003 Form 10-KSB, that we have incurred operating losses since its inception, and that we are dependent upon management's ability to develop profitable operations. These factors among others may raise substantial doubt about our ability to continue as a going concern.

Purchase of Seawright Springs

In October 2003, we took title to the property known as Seawright Springs in Mt Sidney, Virginia for \$1 million and a \$50,000 assignment fee. Stafford Street Capital LLC, a business entirely owned by our principal shareholder Joel P. Sens, contracted to purchase the property in June, 2003 and assigned all its interests in the contract in October 2003 to Seawright

Edgar Filing: SEAWRIGHT HOLDINGS INC - Form 10QSB

Springs LLC, an entity wholly owned by Seawright Holdings Inc. \$300,000 was immediately due on settlement, with a further \$700,000 subject to a Promissory Note carrying a rate of 6% per annum. Under the terms of the note, \$100,000 plus interest will be due in April 2004 and \$200,000 plus interest will be due in October 2004. \$162,500 plus interest will be due in October 2006 and the remaining principal of \$237,500 and interest will be due in October 2008, the fifth anniversary of the acquisition. A note was issued in respect of the \$50,000 assignor fee to Stafford Street Capital. A further Promissory Note was issued in October 2003 to Joel P Sens, for \$65,000 with interest accruing at a rate of 10% per annum and payable in October 2004. Proceeds from the Joel Sens note and the Series A Convertible Preferred Stock described below were used to meet the immediate liability under the purchase agreement for Seawright Springs.

Series A Convertible Preferred Shares

In October 2003, 55,000 Series A Convertible Preferred shares were issued and proceeds of \$275,000 received. In total 60,000 shares were dedicated for the Series A with a par value of \$0.001 and sale price of \$5 per share, of which 55,000 have been sold to date. The shares are convertible into common stock at the option of the holder at a ratio of 10 Common Shares for each preferred share if converted before the first anniversary of the original issue date and at a ratio of 5 Common Shares for each Preferred Share if conversion is made after the first anniversary but before the second anniversary. The preferred series may be redeemed for cash at the option of the company, any time after the first anniversary of the original issue date but before the second anniversary. The preferred shareholders shall be entitled to cumulative dividends when, as and if declared by the board at a per share rate of 10% per annum of the original issue price. At the option of the preference shareholder, accrued and unpaid cumulative dividends may be applied to the purchase of additional shares of Common Shares upon conversion of the Preferred Shares to Common Shares. In event of a liquidation of our company the Preferred Shares ranks higher than the Common Shares in determining the distribution of assets and surplus funds.

There are no assurances we will be successful in raising the funds required to operate our business. Within the next year further funds will be needed to meet our obligations under the purchase agreement for the Seawright Springs property as described above, and to fund improvements to that property and its initial operations.

While we develop our new business strategy and seek further funding we plan to use our existing capital resources and collection of receivables from the discontinued litigation funding business to fund our current level of operating activities.

If we are not successful in generating sufficient liquidity from operations or in raising sufficient capital resources, on terms acceptable to us, this could have a material adverse effect on our business, results of operations liquidity and financial condition.

Product Research and Development

We do anticipate reviewing other lines of investment and business.

Edgar Filing: SEAWRIGHT HOLDINGS INC - Form 10QSB

Acquisition or Disposition of Plant and Equipment

We do not anticipate the sale of any significant property, plant or equipment during the next twelve months. We anticipate the acquisition of plant and equipment and other improvements for the Seawright Spring. We will need to raise additional funds to meet these acquisition needs.

Number of Employees

As of March 31, 2004, we have one employee. In order for us to attract and retain quality personnel, we anticipate we will have to offer competitive salaries to future employees. Any future increase in personnel will depend upon the line of business or investment entered into and the availability of funding for those operations.

Trends, Risks and Uncertainties

We have sought to identify what we believe to be the most significant risks to its business as discussed in "Risk Factors" above, but cannot predict whether or to what extent any of such risks may be realized nor can there be any assurances that we have identified all possible risks that might arise. Investors should carefully consider all of such risk factors before making an investment decision with respect to our stock.

Limited operating history; anticipated losses; uncertainty of future results

We have only a limited operating history upon which an evaluation of our business and its prospects can be based. Our prospects must be evaluated with a view to the risks encountered by a company in an early stage of development, particularly in light of the uncertainties relating to our future operations and line of business and investment.

Potential fluctuations in quarterly operating results

Our quarterly operating results may fluctuate significantly in the future as a result of a variety of factors, most of which are outside our control, including: seasonal trends in demand; the amount and timing of capital expenditures and other costs relating to the expansion of our operations; the introduction of new services and products by us or our competitors; price competition or pricing changes in the industry; technical difficulties; general economic conditions, and economic conditions specific to the Spring water market. Our quarterly results may also be significantly affected by the impact of the accounting treatment of acquisitions, financing transactions or other matters. Particularly at our early stage of development, such accounting treatment can have a material impact on the results for any quarter. Due to the foregoing factors, among others, it is likely that our operating results will fall below our expectations or investors' expectations in some future quarter.

Management of Growth

Our future success will be highly dependent upon our ability to successfully manage the expansion of our operations. There can be no assurance that we will be able to achieve or manage any such growth.

Our future success depends upon our ability to address potential

Edgar Filing: SEAWRIGHT HOLDINGS INC - Form 10QSB

market opportunities while managing our expenses to match our ability to finance our operations. This need to manage our expenses will place a significant strain on our management and operational resources. If we are unable to manage our expenses effectively, our business, results of operations, and financial condition will be materially adversely affected.

Risks associated with acquisitions

As part of our business strategy in the future, we could acquire assets and businesses relating to or complementary to our operations. Any acquisitions would involve risks commonly encountered in acquisitions of companies. These risks would include, among other things, the following: we could be exposed to unknown liabilities of the acquired companies; we could incur acquisition costs and expenses higher than anticipated; fluctuations in our quarterly and annual operating results could occur due to the costs and expenses of acquiring and integrating new businesses or technologies; we could experience difficulties and expenses in assimilating the operations and personnel of the acquired businesses; our ongoing business could be disrupted and its management's time and attention diverted; we could be unable to integrate successfully.

The foregoing Managements Discussion and Analysis of Financial Condition and Results of Operations "forward looking statements" within the meaning of Rule 175 under the Securities Act of 1933, as amended, and Rule 3b-6 under the Securities Act of 1934, as amended, including statements regarding, among other items, the Company's business strategies, continued growth in the Company's markets, projections, and anticipated trends in the Company's business and the industry in which it operates. The words "believe," "expect," "anticipate," "intends," "forecast," "project," and similar expressions identify forward-looking statements. These forward-looking statements are based largely on the Company's expectations and are subject to a number of risks and uncertainties, including but not limited to, those risks associated with economic conditions generally and the economy in those areas where the Company has or expects to have assets and operations; competitive and other factors affecting the Company's operations, markets, products and services; those risks associated with the Company's ability to successfully negotiate with certain customers, risks relating to estimated contract costs, estimated losses on uncompleted contracts and estimates regarding the percentage of completion of contracts, associated costs arising out of the Company's activities and the matters discussed in this report; risks relating to changes in interest rates and in the availability, cost and terms of financing; risks related to the performance of financial markets; risks related to changes in domestic laws, regulations and taxes; risks related to changes in business strategy or development plans; risks associated with future profitability; and other factors discussed elsewhere in this report and in documents filed by the Company with the Securities and Exchange Commission. Many of these factors are beyond the Company's control. Actual results could differ materially from these forward-looking statements. In light of these risks and uncertainties, there can be no assurance that the forward-looking information contained in this Form 10-QSB will, in fact, occur. The Company does not undertake any obligation to revise these forward-looking statements to reflect future events or circumstances and other factors discussed elsewhere in this report and the documents filed or to be filed by the Company with the Securities and Exchange Commission.

ITEM 3. CONTROLS AND PROCEDURES

The Company's management, have evaluated, within 90 days prior to the filing of this quarterly report, the effectiveness of the design, maintenance and operation of the Company's disclosure controls and procedures. Management determined that the Company's disclosure controls and procedures were effective in ensuring that the information required to be disclosed by the Company in the reports that it files under the Exchange Act is accurate and is recorded, processed, summarized and reported within the time periods specified in the Commission's rules and regulations.

Disclosure controls and procedures, no matter how well designed and implemented, can provide only reasonable assurance of achieving an entity's disclosure objectives. The likelihood of achieving such objectives is affected by limitations inherent in disclosure controls and procedures. These include the fact that human judgment in decision making can be fully faulty and that breakdowns in internal control can occur because of human failures such as errors or mistakes or intentional circumvention of the established process.

There have been no significant changes in internal controls or in other factors that could significantly affect these controls subsequent to the date of the evaluation thereof, including any corrective actions with regard to significant deficiencies and material weaknesses.

PART II.

ITEM 1. LEGAL PROCEEDINGS.

Other than as set forth below, the Company is not a party to any material pending legal proceedings and, to the best of its knowledge, no such action by or against the Company has been threatened.

The Company is subject to other legal proceedings and claims that arise in the ordinary course of its business. Although occasional adverse decisions or settlements may occur, the Company believes that the final disposition of such matters will not have material adverse effect on its financial position, results of operations or liquidity.

ITEM 2. CHANGES IN SECURITIES.

Sales of Unregistered Securities.

The Registrant had no sales of unregistered securities during the Three month period ending March 31, 2004.

Use of Proceeds.

Not Applicable.

ITEM 3. DEFAULTS UPON SENIOR SECURITIES.

Not Applicable.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS.

There were not any matters submitted requiring a vote of security holders during the three month period ending March 31, 2004.

ITEM 5. OTHER INFORMATION.

Edgar Filing: SEAWRIGHT HOLDINGS INC - Form 10QSB

None.

ITEM 6. EXHIBITS AND REPORTS ON FORM 8-K.

(a) Reports on Form 8-K. No reports on Form 8-K were filed during the three-month period covered in this Form 10-QSB.

(b) Exhibits. There have not been any documents that are to be attached as Exhibits entered into during the three-month period covered in this Form 10-QSB other than those as provided below and therefore, all Exhibits have been previously filed by the Company.
