- Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

Item 8.01 Other Events

Vectren Corporation (the Company) announced on August 27, 2014, that its two natural gas utilities in Indiana, Vectren Energy Delivery of Indiana - North (Vectren North) and Vectren Energy Delivery of Indiana - South (Vectren South), received Indiana Utility Regulatory Commission (IURC) approval of its robust gas infrastructure improvement strategy over the next seven years to comply with federal pipeline safety rules and to ensure its natural gas customers continue to receive safe, reliable gas service.

Pursuant to recent legislation supporting infrastructure improvements, the IURC has approved timely recovery of the companies' costs for system upgrades through a regulatory filing every six months. For residential customers, the costs will be recovered through a fixed charge included in monthly bills; as such, residential customers' costs will not vary with the level of their gas usage. Gas bills will not be adjusted for these expenditures until 2015, and those adjustments will continue with modest increases in subsequent years (through 2021) as the improvement projects are completed. A copy of the press release is attached as Exhibit 99.1 to this Current Report on Form 8-K.

In connection with the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995, the Company is hereby furnishing cautionary statements identifying important factors that could cause actual results of the Company and its subsidiaries, including Vectren Utility Holdings, Inc., to differ materially from those projected in forward-looking statements of the Company and its subsidiaries made by, or on behalf of, the Company and its subsidiaries. These cautionary statements are attached as Exhibit 99.2.

Item 9.01 Exhibits

(d) Exhibits

The exhibit listed below is filed herewith.

| Exhibit Number | Description |
|----------------|---|
| 99.1 | Vectren Corporation announces receipt of regulatory approval for 7-year gas utility infrastructure improvement plans in Indiana |
