Item 2. Acquisition or Disposition of Assets.

On June 28, 2004, Forest Oil Corporation (Forest) completed its cash tender offer for all outstanding shares of common stock of The Wisser Oil Company (Wisser), a publicly held Delaware company. On June 30, 2004, Forest completed the merger of a wholly owned subsidiary of Forest, TWOCO Acquisition Corp., into Wisser. As a result of the merger, Wisser became a wholly owned subsidiary of Forest. The acquisition and merger were consummated in accordance with the terms of the Agreement and Plan of Merger among Forest, TWOCO Acquisition Corp., and Wisser dated May 21, 2004. In connection with the execution of the Agreement and Plan of Merger, three stockholders of Wisser who collectively owned approximately 41% of the then outstanding shares of Wisser common stock (Wisser Investors, L.P., Wisser Investment Company, LLC and Dimeling, Schreiber & Park Reorganization Fund II, L.P.) each entered into a Stockholder Agreement with Forest and TWOCO Acquisition Corp. Pursuant to the Stockholder Agreements, each of the stockholders agreed, among other things and subject to certain conditions, to tender their shares of Wisser common stock in Forest's tender offer.

The total cash consideration to acquire all of the equity securities of Wisser, including common stock, warrants and options, will be approximately \$171 million. The amount of consideration was determined through arm's length negotiations between Forest and Wisser. In the merger, shares of Wisser common stock that were not tendered in the first step tender offer have been converted into the right to receive \$10.60 per share in cash. The source of funds used for the acquisition included the proceeds from a public offering of Forest's common stock completed in May 2004 totaling \$117 million, borrowings under the credit facilities among Forest, Canadian Forest Oil Ltd, the lenders named therein, Bank of America N.A., as U.S. syndication agent, Citibank N.A., as U.S. documentation agent, JPMorgan Chase Bank, Toronto Branch, as Canadian Administrative Agent, Bank of Montreal, as Canadian Syndicate Agent, The Toronto-Dominion Bank, as Canadian Documentation Agent, and JPMorgan Chase Bank, as global administrative agent, and internally generated cash.

Forest also intends to use borrowings under its credit facility to finance the repayment of Wisser's debt. Wisser has given the notice of redemption of all of the outstanding 9 1/2% Senior Subordinated Notes due 2007. The redemption date is July 30, 2004 and the redemption price for all of the outstanding notes totals approximately \$127 million. In addition, Forest has paid or made arrangements to repay all of Wisser's bank debt in the approximate amount of \$36 million.

Wisser used its assets in the business of oil and gas exploration and production primarily in Texas, New Mexico, the Gulf Coast and Western Canada. Forest currently intends to employ Wisser's assets for similar purposes. Forest has previously announced plans to dispose of certain non-strategic assets in the United States and Canada, primarily from its existing portfolio excluding Wisser.

The Agreement and Plan of Merger and each of the Stockholder Agreements were previously filed with the Securities and Exchange Commission on May 24, 2004, as an exhibit to Forest's Current Report on Form 8-K.

Item 7. Financial Statements, Pro Forma Financial Information and Exhibits.
