STATION CASINOS, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(unaudited)

1. Basis of Presentation

Station Casinos, Inc. (the Company), a Nevada corporation, is a gaming and entertainment company that currently owns and operates eight major hotel/casino properties (one of which is 50% owned) and three smaller casino properties (one of which is 50% owned), in the Las Vegas metropolitan area, as well as manages a casino for a Native American tribe. The accompanying condensed consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries, Palace Station Hotel & Casino, Inc. (Palace Station), Boulder Station, Inc. (Boulder Station), Texas Station, LLC (Texas Station), Sunset Station, Inc. (Sunset Station), Santa Fe Station, Inc. (Santa Fe Station), Fiesta Station, Inc. (Fiesta Rancho), Lake Mead Station, Inc. (Fiesta Henderson), Wild Wild West Gambling Hall & Hotel (Wild Wild West) and Wildfire Casino (Wildfire). The Company also consolidates MPM Enterprises, LLC (MPM), in which it owns a 50% interest and is required to be consolidated. The Company also owns a 50% interest in Barley's Casino & Brewing Company (Barley's) and Green Valley Ranch Gaming, LLC (Green Valley Ranch Station) and a 6.7% interest in the Palms Casino Resort, which are accounted for under the equity method. The Company is the managing partner for both Barley's and Green Valley Ranch Station. In addition, the Company manages Thunder Valley Casino (Thunder Valley) near Sacramento, California on behalf of the United Auburn Indian Community (UAIC), which opened on June 9, 2003. All significant intercompany accounts and transactions have been eliminated.

The accompanying condensed consolidated financial statements included herein have been prepared by the Company, without audit, pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in financial statements prepared in accordance with U.S. generally accepted accounting principles have been condensed or omitted pursuant to such rules and regulations, although the Company believes that the disclosures are adequate to make the information presented not misleading. In the opinion of management, all adjustments (which include normal recurring adjustments) necessary for a fair presentation of the results for the interim periods have been made. The results for the three and six months ended June 30, 2004 are not necessarily indicative of results to be expected for the full fiscal year. These financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in the Company's Annual Report on Form 10-K for the year ended December 31, 2003.

Certain amounts in the condensed consolidated financial statements for the three and six months ended June 30, 2003 have been reclassified to be consistent with the current year presentation. These reclassifications had no effect on the previously reported net income.

2. Investments in Joint Ventures

The Company has investments in two 50% owned joint ventures, Green Valley Ranch Station and Barley s, and a 6.7% investment in a joint venture that operates the Palms Casino Resort in Las Vegas, Nevada, that are accounted for under the equity method. Under the equity method, original investments are recorded at cost and adjusted by the Company s share of earnings, losses and distributions of the joint ventures. The investment balance also includes interest capitalized during the construction period, which is amortized against the earnings of the joint venture. Investments in joint ventures consist of the following (amounts in thousands):

	June 30, 2004 (unaudited)	December 31, 2003
Green Valley Ranch Station (50.0%)	\$ 74,650	\$ 66,484
Barley s (50.0%)	2,978	2,899
Palms Casino Resort (6.7%)	17,665	17,042
Investments in joint ventures	\$ 95,293	\$ 86,425

Summarized balance sheet information for the joint ventures is as follows (amounts in thousands):

	June 30, 2004 (unaudited)	December 31, 2003
Current assets	\$ 53,016	\$ 51,551
Property and equipment and other assets, net	563,903	525,515
Current liabilities	55,728	37,977
Long-term debt and other liabilities	189,480	196,399
Stockholders equity	371,711	342,690

Summarized results of operations for the joint ventures are as follows (amounts in thousands, unaudited):

	Three months ended June 30,		Six months ended June 30,	
	2004	2003	2004	2003
Net revenues	\$ 96,447	\$ 80,992	\$ 189,562	\$ 160,457
Operating costs and expenses	79,639	63,614	150,288	125,988
Operating income	16,808	17,378	39,274	34,469
Interest and other expense, net	481	3,181	4,669	6,910
Net income	\$ 16,327	\$ 14,197	\$ 34,605	\$ 27,559

The operating earnings from these joint ventures are shown as a separate line item on the Company s condensed consolidated statements of operations after operating income. In addition, interest and other expense from these joint ventures is shown as a separate component under other income (expense) in the Company s condensed consolidated statements of operations. The following table identifies the total equity earnings from joint ventures (amounts in thousands, unaudited):

Edgar Filing: STATION CASINOS INC - Form 10-Q

	Three months ended June 30,				Six months ended June 30,			
		2004		2003		2004		2003
Operating earnings from joint ventures	\$	4,180	\$	5,009	\$	11,211	\$	9,913
Interest and other expense from joint ventures		991		1,398		2,377		2,846
Net earnings from joint ventures	\$	3,189	\$	3,611	\$	8,834	\$	7,067

Green Valley Ranch Station

Green Valley Ranch Station is owned by a 50/50 joint venture between the Company and GCR Gaming. In December 2003, Green Valley Ranch Station entered into a \$250.0 million Amended and Restated Loan Agreement, the proceeds of which were used to pay off secured equipment and other financing and to fund the ongoing expansion of the facility. Green Valley Ranch Station has entered into an agreement to swap the majority of its floating-rate debt into fixed-rate debt that will approximate 7.0% during the term of the loan. The loan requires a limited make-well of \$42.8 million, if necessary (based on operating results of the property). Pursuant to the make-well agreement, if Green Valley Ranch Station fails to comply with the Fixed Charge Coverage Ratio or the Leverage Ratio (both as defined in the Green Valley Ranch Station credit agreement), the partners will be required to make cash equity contributions in such amounts as required, which will result in pro forma compliance with the covenants. The make-well is a joint and several obligation of each partner, with GCR Gaming's obligation collateralized. The make-well agreement will terminate upon achieving a post-expansion debt to Adjusted Earnings Before Interest, Taxes, Depreciation and Amortization (EBITDA) ratio (as defined) of less than or equal to 3.00 to 1.00 and producing Adjusted EBITDA before management fees for four consecutive quarters of at least \$42.0 million after the completion of the expansion discussed below. As of June 30, 2004, the debt to Adjusted EBITDA ratio was 2.27 to 1.00. The outstanding balance of the Green Valley Ranch Station revolving credit facility as of June 30, 2004, was approximately \$152.3 million.

Green Valley Ranch Station has entered into interest rate swaps that have converted a portion of its floating-rate debt into fixed-rate debt and are matched to a portion of its revolving facility. At June 30, 2004, the combined notional amount of the interest rate swaps was \$130.0 million. As of June 30, 2004, Green Valley Ranch Station was paying a weighted average fixed-rate of 4.29% on the interest rate swaps and was receiving a weighted average floating-rate based on three-month LIBOR of 1.28%. These interest rate swaps were priced to have no value at inception. As a result of the mark-to-market valuation of the interest rate swaps, the Company recorded approximately \$11,000 and \$1.3 million as of June 30, 2004 and December 31, 2003, respectively, for its share of the Green Valley Ranch Station interest rate swaps in accumulated other comprehensive loss in the Company's condensed consolidated balance sheets.

In the fourth quarter of 2003, the Company began a \$115 million expansion at Green Valley Ranch Station. The expansion will include 296 hotel rooms, 25,500 square feet of additional meeting space, approximately 200 slot machines and an expanded spa facility. Construction of the hotel rooms and additional meeting space is expected to be completed in the fourth quarter of 2004. Construction of the spa facility is expected to be completed in the first quarter of 2005. In connection with the expansion, Green Valley Ranch Station purchased the lease of the existing spa during the three months ended June 30, 2004. Green Valley Ranch Station also purchased the lease of a restaurant at the property during the three months ended June 30, 2004. As a result of the purchase of these leases, the Company has recorded a reduction in earnings from joint ventures of approximately \$3.6 million, which represents its 50% share of the total loss.

3. Management Fees

The Company manages Thunder Valley for the UAIC and receives a management fee equal to 24% of net income, as defined in the management agreement. The Company is also the managing partner for both Green Valley Ranch Station and Barley s and receives a management fee equal to 2% of revenues and approximately 5% of EBITDA from Green Valley Ranch Station and 10% of EBITDA from Barley s. The Company s management fees are included in net revenues on the Company s condensed consolidated statements of operations.

United Auburn Indian Community

The Company has entered into a Development Services Agreement and a Management Agreement with the UAIC. The Company s seven-year Management Agreement was approved by the National Indian Gaming Commission (NIGC) and expires in June 2010. Pursuant to those agreements, and in compliance with a Memorandum of Understanding entered into by the UAIC and Placer County, California, the Company and the UAIC developed Thunder Valley, a gaming and entertainment facility on approximately 49 acres located approximately seven miles north of Interstate 80, in Placer County, California, near Sacramento, which opened on June 9, 2003. Thunder Valley currently has 1,906 Class III slot machines and 111 table games, including a private VIP gaming area, a 500-seat bingo room, three specialty restaurants, a 500-seat buffet, a food court, a center pit bar and parking for over 4,500 vehicles. In June 2004, the UAIC successfully negotiated a new Tribal State Gaming Compact (Compact) with the State of California which will allow an unlimited number of slot machines at Thunder Valley. The UAIC will pay approximately \$33.8 million annually to the State of California and additional fees for any slot machines added above the 1,906 that are currently in operation. The Compact is subject to the approval of the United States Department of the Interior (DOI) and includes a revenue sharing agreement with the State of California. No assurances can be given as to when, or if, the new Compact will be approved by the DOI (see Regulation and Taxes).

On September 17, 2002, the DOI accepted the land into trust on behalf of the UAIC. The acceptance of the land into trust followed the decision of the United States District Court for the District of Washington, D.C., dismissing a lawsuit filed by the cities of Roseville and Rocklin, California, and Citizens for Safer Communities, which challenged the DOI s decision to accept the land into trust. Immediately following the District Court s decision, the plaintiffs appealed the decision to the United States Court of Appeals for the District of Columbia. On November 14, 2003, the Court of Appeals affirmed the dismissal of the lawsuit by the District Court. On February 15, 2004, Citizens for Safer Communities filed a petition for writ of certiorari with the United States Supreme Court, seeking to appeal the decision of the Court of Appeals. The remaining plaintiffs did not seek to appeal the decision. On April 5, 2004, the United States Supreme Court denied Citizens for Safer Communities petition for writ of certiorari.

The Company assisted the UAIC in obtaining \$215.0 million of financing for the project through a group of lenders, with the Company providing an unlimited completion guaranty and credit support for all amounts outstanding under such financing. Based on the operating results of Thunder Valley, the Company s commitment to provide credit support has been terminated. The Company has evaluated its obligations related to the completion guaranty in accordance with FASB Interpretation No. 45, Guarantor s Accounting and Disclosure Requirements for Guarantees, Including Guarantees of Indebtedness of Others and has determined that the fair value of the obligation is not material.

4. Long-term Debt

Long-term debt consists of the following (amounts in thousands):

	June 30, 2004 (unaudited)	December 31, 2003
Revolving credit facility, \$500.0 million limit at June 30, 2004, due September 30, 2007, interest at a margin above the Alternate Base Rate or the Eurodollar Rate	\$	\$ 177,000

Other long-term debt, interest at 6.0% at June 30, 2004, maturity dates ranging from 2004 to 2007	6,071	6,082
Total long-term debt	1,288,564	1,156,868
Current portion of long-term debt	(23)	(22)
Market value of interest rate swaps	(2,859)	12,089
Total long-term debt, net	\$ 1,285,682	\$ 1,168,935

Revolving Facility

In March 2004, the Company increased the availability under its revolving credit facility (the Revolving Facility) from \$365.0 million to \$500.0 million. The Revolving Facility contains no principal amortization and matures in September 2007. The Borrowers are the major operating subsidiaries and the Revolving Facility is secured by substantially all of the Company's assets. Borrowings under the Revolving Facility bear interest at a margin above the Alternate Base Rate or the Eurodollar Rate (each, as defined in the Revolving Facility), as selected by the Company. The margin above such rates, and the fee on the unfunded portions of the Revolving Facility, will vary quarterly based on the Company's combined consolidated ratio of debt to Adjusted EBITDA (each, as defined in the Revolving Facility). As of June 30, 2004, the Borrowers' margin above the Eurodollar Rate on borrowings under the Revolving Facility was 1.75%. The maximum margin for Eurodollar Rate borrowings is 2.50%. The maximum margin for Alternate Base Rate borrowings is 1.25%. As of June 30, 2004, the fee for the unfunded portion of the Revolving Facility was 0.375%.

The Revolving Facility contains certain financial and other covenants. These include a maximum funded debt to Adjusted EBITDA ratio for the Borrowers combined of 2.25 to 1.00 for each quarter and a minimum fixed charge coverage ratio for the preceding four quarters for the Borrowers combined of 1.50 to 1.00 for each quarter. As of June 30, 2004, the Borrowers' funded debt to Adjusted EBITDA ratio was 0.03 to 1.00 and the fixed charge coverage ratio was 2.92 to 1.00. In addition, the Revolving Facility has financial and other covenants, which state that the maximum consolidated funded debt to Adjusted EBITDA ratio can be no more than 5.00 to 1.00 through June 30, 2005, which reduces to 4.75 to 1.00 on September 30, 2005 through December 31, 2005, to 4.50 to 1.00 on March 31, 2006 through June 30, 2006 and to 4.00 to 1.00 on September 30, 2006. As of June 30, 2004, the Company's consolidated funded debt to Adjusted EBITDA ratio was 3.78 to 1.00. Other

covenants limit prepayments of indebtedness or rent (including subordinated

debt other than re-financings meeting certain criteria), limitations on asset dispositions, limitations on dividends, limitations on indebtedness, limitations on investments and limitations on capital expenditures. The Company has pledged the stock of all of its major subsidiaries.

Senior and Senior Subordinated Notes

During the first quarter of 2004, the Company refinanced substantially all of its senior and senior subordinated notes. The Company issued \$1.25 billion in new senior and senior subordinated notes which consists of \$450.0 million 6% senior notes due in April 2012, \$450.0 million 6 $\frac{1}{2}$ % senior subordinated notes due in February 2014 and \$350.0 million 6 $\frac{7}{8}$ % senior subordinated notes due in March 2016. The proceeds from these offerings were used to redeem or repurchase the \$199.9 million 8 $\frac{7}{8}$ % senior subordinated notes due in December 2008, to repurchase \$357.6 million of the 9 $\frac{7}{8}$ % senior subordinated notes due in July 2010, to repurchase \$383.1 million of the 8 $\frac{3}{8}$ % senior notes due in February 2008 and to reduce amounts outstanding under the Revolving Facility. As a result of these redemptions, the Company recorded a loss on early retirement of debt of approximately \$93.3 million in the six months ended June 30, 2004 to reflect the write-off of the unamortized loan costs, unamortized discount, call premium, tender fee and consent payments which were partially offset by the fair value of the interest rate swaps that were tied directly to the redeemed senior and senior subordinated notes.

The indentures (the *Indentures*) governing the Company's senior and senior subordinated notes (the *Notes*) contain certain customary financial and other covenants, which limit the Company and its subsidiaries' ability to incur additional debt. At June 30, 2004, the Company's Consolidated Coverage Ratio (as defined in the Indentures) was 3.41 to 1.00. The Indentures provide that the Company may not incur additional indebtedness, other than specified types of indebtedness, unless the Consolidated Coverage Ratio is at least 2.00 to 1.00. In the event the Company's Consolidated Coverage Ratio is below 2.00 to 1.00, the covenant limits the Company's ability to incur additional indebtedness for borrowings under the Revolving Facility not to exceed the greater of \$200 million or 1.5 times Operating Cash Flow (as defined) for the four most recent quarters, plus \$15 million. The Indentures also give the holders of the Notes the right to require the Company to purchase the Notes at 101% of the principal amount of the Notes plus accrued interest thereon upon a Change of Control and Rating Decline (each as defined in the Indentures) of the Company. In addition, the indenture governing the senior notes also contains a limitation on liens the Company can incur.

The Company has entered into various interest rate swaps with members of its bank group to manage interest expense. As of June 30, 2004, the Company has interest rate swaps with a combined notional amount of \$250.0 million that are tied directly to the Company's 6 $\frac{1}{2}$ % senior subordinated notes and the Company's 6% senior notes. The interest rate swaps convert a portion of the Company's fixed-rate debt to a floating-rate based upon three- and six-month LIBOR rates. At June 30, 2004, the Company pays a weighted average rate based on LIBOR, which approximates 2.96% and receives a weighted average rate of 6.40%. The interest rate swaps terminate in April 2012 and February 2014. The net effect of the interest rate swaps resulted in a reduction in interest expense of \$2.1 million and \$0.9 million for the three months ended June 30, 2004 and 2003, respectively. The net effect of the interest rate swaps resulted in a reduction in interest expense of \$3.9 million and \$1.8 million for the six months ended June 30, 2004 and 2003, respectively.

The interest rate swaps that the Company entered into qualify for the *shortcut* method allowed under SFAS No. 133, *Accounting for Derivative Instruments and Hedging Activities*, which allows for an assumption of no ineffectiveness. As such, there is no income statement impact from changes in the fair value of the hedging instruments. Instead, the fair value of the instrument is recorded as an asset or liability on the Company's balance sheet with an offsetting adjustment to the carrying value of the related debt. In accordance with SFAS No. 133, the Company recorded a

Edgar Filing: STATION CASINOS INC - Form 10-Q

liability of \$3.2 million and an asset of \$3.9 million as of June 30, 2004 and December 31, 2003, respectively, representing the fair value of the interest rate swaps and a corresponding decrease and increase in long-term debt, respectively, as these interest rate swaps are considered highly effective under the criteria established by SFAS No. 133.

In March 2004, the Company terminated an interest rate swap with a notional amount of \$50.0 million, which was due to terminate in 2008. The interest rate swap was terminated at its market value and, as a result, the Company received approximately \$3.6 million, which is included in the calculation of the net loss on the early retirement of debt as the interest rate swap was tied directly to the redemption of the \$400.0 million $8\frac{3}{8}\%$ senior notes.

In December 2002, the Company terminated an interest rate swap with a notional amount of \$100 million, which was due to terminate in 2010. The interest rate swap was terminated at its market value and, as a result, the Company received approximately \$9.5 million. This interest rate swap was tied directly to the \$375 million $9\frac{7}{8}\%$ senior subordinated notes. Approximately \$357.6 million of the $9\frac{7}{8}\%$ senior subordinated notes were redeemed in the first quarter of 2004 and, as a result, approximately \$7.6 million of the remaining value of this fair value hedge termination was included in the calculation of the net loss on the early retirement of debt.

5. Stockholders Equity

During the six months ended June 30, 2004, the Company repurchased 35,458 shares of its common stock for approximately \$1.6 million. As of June 30, 2004, the Company had acquired approximately 10.2 million shares at a cost of approximately \$136.2 million. The Company is authorized to repurchase approximately 10.4 million additional shares of its common stock as of June 30, 2004.

SFAS No. 130, Reporting Comprehensive Income, requires companies to disclose other comprehensive income and the components of such income. Comprehensive income is the total of net income (loss) and all other non-stockholder changes in equity. The Company has recorded its 50% interest in the mark-to-market valuation of the interest rate swaps at Green Valley Ranch Station as other comprehensive loss. Comprehensive income was computed as follows (amounts in thousands, unaudited):

	Three months ended June 30,		Six months ended June 30,	
	2004	2003	2004	2003
Net income (loss)	\$ 29,010	\$ 20,628	\$ (748)	\$ 33,189
Mark-to-market valuation of interest rate swaps, net of tax	2,152	(135)	1,323	(445)
Comprehensive income	\$ 31,162	\$ 20,493	\$ 575	\$ 32,744

The weighted average number of common shares used in the calculation of basic and diluted earnings (loss) per share consisted of the following (amounts in thousands, unaudited):

	Three months ended June 30,		Six months ended June 30,	
	2004	2003	2004	2003
Weighted average common shares outstanding (used in calculation of basic earnings (loss) per share)	63,604	57,223	62,936	57,319
	3,138	4,416		4,041

Edgar Filing: STATION CASINOS INC - Form 10-Q

Potential dilution from the assumed exercise of
stock options

Weighted average common and common equivalent shares outstanding (used in calculation of diluted earnings (loss) per share)	66,742	61,639	62,936	61,360
---	--------	--------	--------	--------

The Company recorded a net loss for the six months ended June 30, 2004 and, as a result, there was no potential dilution from the assumed exercise of stock options as they were antidilutive and not included in the calculation of weighted average common and common equivalent shares outstanding.

On March 4, 2004, the Company paid a quarterly cash dividend of \$0.125 per share to shareholders of record on February 12, 2004 for approximately \$7.8 million. On June 4, 2004, the Company paid a quarterly cash dividend of \$0.175 per share to shareholders of record on May 14, 2004 for approximately \$11.1 million. On July 13, 2004, the Company's Board of Directors declared a quarterly cash dividend of \$0.175 per share. The quarterly dividend is payable on September 3, 2004 to shareholders of record on August 13, 2004.

6. Asset Impairment

The Company recorded an impairment loss of \$1.4 million in the six months ended June 30, 2003, which primarily related to the write-off of the Company's investment in a new slot product development. The impairment of this asset was based upon a decision by the Company to no longer pursue the development of certain slot products. As a result, all of the development costs that the Company had incurred were written off, as they were deemed to have no value.

7. Future Development

Red Rock Station

In April 2004, the Company commenced construction on Red Rock Station Resort Casino and Spa in the Summerlin master-planned community in Las Vegas, Nevada, located on Charleston Boulevard at the Interstate 215/Charleston interchange. The initial phase of the property is expected to include 60 table games and 2,700 slot machines. The property is expected to also include 400 hotel rooms, 45,000 square feet of meeting space, 16 movie theaters, a 20,000 square-foot spa facility, several restaurants, including a buffet and a nightclub. The cost of the project is expected to be approximately \$475 million, of which approximately \$86.6 million has been spent as of June 30, 2004. The Company believes the project will be completed in late 2005 or early 2006.

Santa Fe Station Expansion

The Company is currently expanding Santa Fe Station, which will add more than 20,000 square feet of additional casino space, 350 slot machines, a new 16-screen movie theater complex, an upgrade of the property's bowling center, a new entertainment venue and bar, a new Kids Quest facility and other amenities. The expansion project will also include the removal of the ice arena. The cost of the expansion is expected to be approximately \$52 million, of which approximately \$8.0 million has been spent as of June 30, 2004. The Company believes the expansion project will be completed in the first quarter of 2005.

Sunset Station Expansion

Edgar Filing: STATION CASINOS INC - Form 10-Q

The Company is currently expanding Sunset Station to add a bowling center. The cost of the expansion is expected to be approximately \$23 million, of which approximately \$0.5 million has been spent as of June 30, 2004. The Company believes that the bowling center will be completed in the first quarter of 2005.

Fiesta Rancho Expansion

The Company began a 31,000 square-foot expansion project at Fiesta Rancho in April 2004, which will bring a new ice arena to the property, complete with concession area, pro shop, locker rooms and private special event rooms. The cost of the expansion is expected to be approximately \$8.0 million, of which approximately \$3.9 million has been spent as of June 30, 2004. The Company believes that the expansion project will be completed by September 2004.

Acquisitions

On August 2, 2004, the Company acquired two small casinos in Henderson, Nevada: the Magic Star Casino and the Gold Rush Casino. The Company expects to spend approximately \$20 million for the acquisitions and enhancements to the facilities.

The Federated Indians of Graton Rancheria

In April 2003, the Company entered into Development and Management Agreements with the Federated Indians of Graton Rancheria (the FIGR) pursuant to which the Company will assist the FIGR in developing and operating a gaming and entertainment project to be located in Sonoma County, California. The FIGR selected the Company to assist it in designing, developing and financing the project and, upon opening, the Company will manage the facility on behalf of the FIGR. The Management Agreement has a term of seven years from the opening of the facility and the Company will receive a management fee equal to 22% of the facility's net income. The Company will also receive a development fee equal to 2% of the cost of the project upon the opening of the facility.

In August 2003, the Company and the FIGR entered into an option to purchase 360 acres of land just west of the Rohnert Park city limits in Sonoma County, California. The proposed site of the project is bordered by Stony Point Road, Wilfred Avenue and Rohnert Park Expressway, approximately one-half mile from Highway 101 and approximately 43 miles from downtown San Francisco. In October 2003, the FIGR entered into a Memorandum of Understanding with the City of Rohnert Park. Development of the gaming and entertainment project is subject to certain governmental and regulatory approvals, including, but not limited to, negotiating a gaming compact with the State of California, the DOI accepting the land into trust on behalf of the FIGR and approval of the Management Agreement by the NIGC. No assurances can be given as to when, or if, the necessary government and regulatory approvals will be received. Prior to the receipt of such government and regulatory approvals, the Company will contribute significant credit support to the project. As of June 30, 2004, the Company had advanced approximately \$19.3 million toward the development of this project, primarily to perform due diligence and secure real estate for the FIGR project, which is included in other assets, net on the Company's condensed consolidated balance sheets. Funds advanced by the Company are expected to be repaid with the proceeds of the project financing or from the FIGR's gaming revenues. In addition, the Company will make approximately \$11.3 million of payments upon achieving certain milestones, which will not be reimbursed. As of June 30, 2004, approximately \$2.0 million of these payments have been made which are expensed in development expense as incurred. The Company anticipates that the gaming and entertainment facility will open in 2007, but there can be no assurance that it will be completed within that timeframe or at all.

Gun Lake Tribe

On November 13, 2003, the Company agreed to purchase a 50% interest in MPM Enterprises, LLC, a Michigan limited liability company (MPM). Concurrently with the Company's agreement to purchase that interest, MPM and the Match-E-Be-Nash-She-Wish Band of Pottawatomi Indians, a federally recognized Indian tribe commonly referred to as the Gun Lake Tribe (Gun Lake), entered into amended Development and Management Agreements, pursuant to which MPM will assist Gun Lake in developing and operating a gaming and entertainment project to be located in Allegan County, Michigan. The Company has agreed to pay \$6.0 million for its 50% interest in MPM, which is payable upon achieving certain milestones and is not reimbursable. As of June 30, 2004, approximately \$2.0 million of these payments have been made which are expensed in development expense as incurred. An additional \$12.0 million in total may be paid by the Company in years six and seven of the amended Management Agreement, subject to certain contingencies. Under the terms of the amended Development Agreement, the Company has agreed to arrange financing for the ongoing development costs and construction of the project. Prior to obtaining financing for the project, the Company expects to advance \$10 million to \$15 million to Gun Lake for the acquisition of land and other development costs. As of June 30, 2004, the Company had advanced approximately \$8.2 million toward the development of this project, primarily to secure real estate for the project, which is included in other assets, net on the Company's condensed consolidated balance sheets. Although no firm construction

budget has been established, the Company expects that the total cost of the development and construction of the project would be less than \$250 million. Funds advanced by the Company are expected to be repaid with the proceeds of the project financing or from Gun Lake's gaming revenues. The amended Management Agreement has a term of seven years from the opening of the facility and provides for a management fee of 30% of the project's net income to be paid to MPM. Pursuant to the terms of the MPM Operating Agreement, the Company's portion of the management fee is 50% of the first \$24 million of management fees earned, 83% of the next \$24 million of management fees and 93% of any management fees in excess of \$48 million.

The proposed project will be located on approximately 145 acres on Highway 131 near 129th Avenue, approximately 25 miles north of Kalamazoo, Michigan. As currently contemplated, the project would include up to approximately 2,500 slot machines, 75 table games, a buffet and specialty restaurants. Construction of the project includes the conversion of an existing 192,000 square-foot building into the entertainment facility. Development of the gaming and entertainment project and operation of Class III gaming is subject to certain governmental and regulatory approvals, including, but not limited to, entering into a gaming compact with the State of Michigan, the DOI accepting the land into trust on behalf of Gun Lake and approval of the Management Agreement by the NIGC. On February 27, 2004, the DOI issued a Finding Of No Significant Impact with respect to the proposed project. No assurances can be given as to when, or if, the necessary government and regulatory approvals will be received. Prior to the receipt of such governmental and regulatory approvals, the Company will contribute significant financial support to the project. The Company anticipates that the gaming and entertainment facility will open in 2005, but there can be no assurance that it will be completed within that timeframe or at all.

Mechoopda Indian Tribe

In January 2004, the Company entered into Development and Management Agreements with the Mechoopda Indian Tribe of Chico Rancheria, California (the "MITCR"), a federally recognized Native American tribe. The Company will assist the MITCR in developing and operating a gaming and entertainment facility to be located on approximately 650 acres in Butte County, California, at the intersection of State Route 149 and Highway 99, approximately 10 miles southeast of Chico, California and 80 miles north of Sacramento, California. Under the terms of the Development Agreement, the Company has agreed to arrange the financing for the ongoing development costs and construction of the facility. Prior to obtaining financing for the facility, the Company expects to advance \$5 million to \$10 million to the MITCR for the acquisition of land and other development costs. Although no firm construction budget has been established, the Company expects the total cost of the development and construction of the facility will be less than \$80 million. Funds advanced by the Company are expected to be repaid from the proceeds of the facility financing or from the MITCR's gaming revenues. As of June 30, 2004, the Company had advanced approximately \$4.7 million toward the development of this project, primarily to secure real estate for future development, which is included in other assets, net on the Company's condensed consolidated balance sheets. In addition, the Company will make approximately \$2.2 million of payments upon achieving certain milestones, which will not be reimbursed. As of June 30, 2004, \$50,000 of these payments have been made which are expensed in development expense as incurred. The Management Agreement has a term of seven years from the opening of the facility and provides for a management fee of 24% of the facility's net income. As currently contemplated, the facility will include approximately 700 slot machines, 12 table games and dining and entertainment amenities. Development of the facility is subject to certain governmental and regulatory approvals, including, but not limited to, negotiating a gaming compact with the State of California, the DOI accepting land into trust on behalf of the MITCR and approval of the Management Agreement by the NIGC. No assurances can be given as to when, or if, the necessary governmental and regulatory approvals will be received. Prior to the receipt of such governmental or regulatory approvals, the Company will contribute significant financial support to the project. The Company anticipates that the gaming and entertainment facility will open in 2005, but there can be no assurance that it will be completed within that timeframe or at all.

North Fork Rancheria of Mono Indian Tribe

In March 2004, the Company entered into Development and Management Agreements with the North Fork Rancheria of Mono Indians (Mono), a federally recognized Native American tribe located near Fresno, California. The Company will assist the Mono in developing and operating a gaming and entertainment facility to be located in Madera County, California. The Company has secured for the benefit of the Mono two parcels of land located on Highway 99 north of the city of Madera. Under the terms of the Development Agreement, the Company has agreed to arrange the financing for the ongoing development costs and construction of the facility. Although no firm construction budget has been established, the Company expects the total cost of the development and construction of the facility will be approximately \$250 million to \$300 million. Funds advanced by the Company are expected to be repaid from the proceeds of the project financing or from the Mono's gaming revenues. As of June 30, 2004, the Company had advanced approximately \$0.6 million toward the development of this project, primarily to secure real estate for future development, which is included in other assets, net on the Company's condensed consolidated balance sheets. In addition, the Company will make approximately \$1.3 million of payments upon achieving certain milestones, which will not be reimbursed. As of June 30, 2004, none of these payments have been made. The Management Agreement has a term of seven years from the opening of the facility and provides for a management fee of 24% of the facility's net income. As currently contemplated, the facility will include approximately 2,000 slot machines, 60 table games and dining, hotel and entertainment amenities. Development of the gaming and entertainment project is subject to certain governmental and regulatory approvals, including, but not limited to, negotiating a gaming compact with the State of California, the DOI accepting the land into trust on behalf of the Mono and approval of the Management Agreement by the NIGC. No assurances can be given as to when, or if, the necessary governmental and regulatory approvals will be received. Prior to the receipt of such governmental or regulatory approvals, the Company will contribute significant financial support to the project. The Company anticipates that the gaming and entertainment facility will open in 2007, but there can be no assurance that it will be completed within that timeframe or at all.

Land Held for Development

The Company has acquired certain parcels of land in the Las Vegas valley and near Sacramento, California as part of its future development activities. As of June 30, 2004, the Company had \$131.6 million of land held for development that consists primarily of four sites that are owned or leased, which comprise 167 acres in the Las Vegas valley and 188 acres in the Sacramento area near Thunder Valley. The Durango site, located at the intersection of Durango Road and the Southern Beltway/Interstate 215 in the southwest quadrant of Las Vegas, currently consists of 67 acres. The Company also owns a 49-acre gaming-entitled parcel in southwest Las Vegas at the intersection of Flamingo Road and Interstate 215. During the three months ended June 30, 2004, the Company purchased approximately 51 acres of gaming-entitled land on the southern end of Las Vegas Boulevard at Cactus Avenue for approximately \$31.6 million.

In April 2004, the Company sold a 27-acre parcel of land, after removing the gaming entitlements, located at the intersection of Boulder Highway and Nellis Boulevard for net proceeds of approximately \$10.5 million. In July 2004, the Company sold a 68-acre parcel of land, after removing the gaming entitlements, located at the intersection of Boulder Highway and Tropicana Avenue in eastern Las Vegas for net proceeds of approximately \$15.2 million, which is recorded as an asset held for sale on the Company's condensed consolidated balance sheets at June 30, 2004. As a result of the sale of these parcels of land, the Company recorded a loss of approximately \$2.7 million during the three months ended June 30, 2004.

In 2003, the Company exercised its option to purchase the 19-acre parcel of leased land on which Wild Wild West is located. Pursuant to the lease, the purchase will take place in July 2005 at the fair market value of the land but not less than \$27 million and not more than approximately \$36 million. No amounts related to this purchase option have been recorded on the Company's condensed consolidated balance sheets. The Company currently leases this land for approximately \$2.9 million per year. In May 2003, the Company also purchased approximately 17 acres of land adjacent to Wild Wild West for approximately \$28.8 million. This property currently includes approximately 270,000 square feet of office and warehouse space in a number of low-rise buildings. Also in 2003, the Company paid approximately

\$6.4 million in conjunction with an agreement to purchase a 9-acre parcel of land adjacent to Wild Wild West.

The Company's decision whether to proceed with any new gaming or development opportunity is dependent upon future economic and regulatory factors, the availability of financing and competitive and strategic considerations. As many of these considerations are beyond the Company's control, no assurances can be made that it will be able to secure additional, acceptable financing in order to proceed with any particular project.

8. Stock Based Employee Compensation

The Company accounts for its stock-based employee compensation programs using the intrinsic value method under APB Opinion No. 25 and related interpretations. The fair value of each option grant is estimated on the date of grant using the Black-Scholes option-pricing method. Accordingly, compensation expense recognized was different than what would have been otherwise recognized under the fair value based method defined in SFAS No. 123, Accounting for Stock-Based Compensation. Had compensation expense for the programs been determined in accordance with SFAS No. 123, the effect on the Company's net income (loss) and basic and diluted earnings (loss) per common share would have been as follows (amounts in thousands, except per share data, unaudited):

	Three months ended June 30,		Six months ended June 30,	
	2004	2003	2004	2003
Net income (loss) as reported	\$ 29,010	\$ 20,628	\$ (748)	\$ 33,189
Stock-based compensation expense reported in net income (loss)	174	174	347	347
Stock-based compensation expense under fair value method	(1,567)	(2,640)	(3,135)	(3,927)
Pro forma net income (loss)	\$ 27,617	\$ 18,162	\$ (3,536)	\$ 29,609
Earnings (loss) per common share:				
Basic as reported	\$ 0.46	\$ 0.36	\$ (0.01)	\$ 0.58
Basic pro forma	\$ 0.43	\$ 0.32	\$ (0.01)	\$ 0.52
Diluted as reported	\$ 0.43	\$ 0.33	\$ (0.01)	\$ 0.54
Diluted pro forma	\$ 0.41	\$ 0.29	\$ (0.01)	\$ 0.48

9. Recently Issued Accounting Standards

In April 2003, the FASB issued SFAS No. 149, Amendment to Statement 133 on Derivative Instruments and Hedging Activities. SFAS No. 149 amends and clarifies accounting for derivative instruments, including certain derivative instruments embedded in other contracts, and for hedging activities under SFAS No. 133. SFAS No. 149 is applied prospectively and is effective for contracts entered into or modified after June 30, 2003, except for SFAS No. 133 implementation issues that have been effective for fiscal quarters that began prior to June 15, 2003 and certain provisions relating to forward purchases and sales on securities that do not yet exist. The Company has determined that SFAS No. 149 will not have a significant impact on its results of operations or financial position.

Edgar Filing: STATION CASINOS INC - Form 10-Q

In May 2003, the FASB issued SFAS No. 150, Accounting for Certain Financial Instruments with Characteristics of Both Liabilities and Equity . SFAS No. 150 establishes standards for how an issuer classifies and measures certain financial instruments with characteristics of both liabilities and equity. It requires that an issuer classify a financial instrument that is within its scope as a liability (or an asset in some circumstances). SFAS No. 150 is effective for financial instruments entered into or modified after May 31, 2003, and otherwise is effective at the beginning of the first interim period beginning after June 15, 2003. On October 29, 2003, the FASB voted to defer for an indefinite period the application of

the guidance in SFAS No. 150 to non-controlling interests that are classified as equity in the financial statements of the subsidiary but would be classified as a liability in the parent's financial statements under SFAS No. 150. The FASB decided to defer the application of FASB No. 150 to these non-controlling interests until it could consider some of the resulting implementation issues associated with the measurement and recognition guidance for these non-controlling interests. The Company currently has no instruments impacted by the adoption of this statement and therefore the adoption did not have a significant impact on its results of operations or financial position.

10. Other

Cash Transaction Reporting Violations

In April 2003, the Company became aware of violations of certain gaming regulations regarding the reporting of certain cash transactions. The Company self-reported these violations to the Nevada State Gaming Control Board. The Company, along with the Nevada State Gaming Control Board, have investigated the violations. The Company is currently unable to determine the amount of fines or extent of sanctions, if any, which may be levied by the Nevada Gaming Commission or the Federal Government. The Company believes the eventual resolution of this matter will occur in 2004.

Item 2.**MANAGEMENT'S DISCUSSION AND ANALYSIS OF
FINANCIAL CONDITION AND RESULTS OF OPERATIONS****(unaudited)****Overview**

The following table highlights the results of our operations as compared to the prior period (dollars in thousands, unaudited):

	Three months ended			Percent change	Six months ended			Percent change
	June 30,				June 30,			
	2004	2003		2004	2003

(a) The Major Las Vegas Operations include the wholly owned properties of Palace Station, Boulder Station, Texas Station, Sunset Station, Santa Fe Station, Fiesta Rancho and Fiesta Henderson.

(b) Includes management fees from Thunder Valley (since June 9, 2003), Green Valley Ranch Station and Barley s.

(c) Other Operations and Corporate includes the wholly owned properties of Wild Wild West and Wildfire (since January 27, 2003), and Corporate and development expense.

Results of Operations

Edgar Filing: STATION CASINOS INC - Form 10-Q

Consolidated net revenues for the three months ended June 30, 2004 increased 14.4% to \$240.2 million as compared to \$210.0 million for the three months ended June 30, 2003. Consolidated net revenues for the six months ended June 30, 2004 increased 17.0% to \$479.1 million as compared to \$409.6 million for the six months ended June 30, 2003. The increase in net revenues was due primarily to revenue increases at our Major Las Vegas Operations and an increase in management fees, primarily from Thunder Valley, which opened on June 9, 2003 and from Green Valley Ranch Station.

Combined net revenues from our Major Las Vegas Operations increased 9.0% to \$211.5 million for the three months ended June 30, 2004 as compared to \$194.1 million for the three months ended June 30, 2003. Combined net revenues from our Major Las Vegas Operations increased 9.2% to \$422.1 million for the six months ended June 30, 2004 as compared to \$386.6 million for the six months ended June 30, 2003. The increase in combined net revenues was primarily due to a strong Las Vegas local economy, continued population and employment growth in the Las Vegas valley, no new competition in the locals market, as well as the introduction of our Jumbo brand of products including Jumbo Jackpot. Jumbo Jackpot, which we introduced in April 2003, is an exclusive progressive slot jackpot that allows our customers using their Boarding Pass card the opportunity to win between \$50,000 and \$150,000 just for playing slot machines. The increase in revenues was also due to relatively easy comparisons as a result

Edgar Filing: STATION CASINOS INC - Form 10-Q

of a short-term slowdown in our business during the first quarter of 2003, as our customers were distracted by the events leading up to and including the war in Iraq.

Consolidated operating income increased 29.8% for the three months ended June 30, 2004 as compared to the three months ended June 30, 2003. Our consolidated operating margin increased 3.1 percentage points over the same three-month period. Consolidated operating income increased 42.3% for the six months ended June 30, 2004 as compared to the six months ended June 30, 2003. Our consolidated operating margin increased 4.7 percentage points over the same six-month period. The increase in consolidated operating income is primarily due to increased consolidated net revenues noted above.

The following table highlights the various sources of our revenues and expenses as compared to the prior periods (dollars in thousands, unaudited):

	Three months ended June 30,			Percent Change	Six months ended June 30,			Percent Change
	2004	2003			2004	2003		
Casino revenues	\$ 176,474	\$ 161,292	9.4%	\$ 351,968	\$ 322,253	9.2%

Casino. Casino revenues increased 9.4% to \$176.5 million for the three months ended June 30, 2004 as compared to \$161.3 million for the three months ended June 30, 2003. Casino revenues increased 9.2% to \$352.0 million for the six months ended June 30, 2004 as compared to \$322.3 million for the six months ended June 30, 2003. The increase in casino revenues is primarily due to the same factors affecting the combined net revenues for our Major Las Vegas

Operations noted above. Casino expenses increased 2.9% to \$67.3 million for the three months ended June 30, 2004 as compared to \$65.4 million for the three months ended June 30, 2003. Casino expenses increased 2.7% to \$133.8 million for the six months ended June 30, 2004 as compared to \$130.3 million for the six months ended June 30, 2003. The increase in casino expenses is due primarily to an increase in gaming taxes. There is significant operations flow through on incremental gaming revenue because there are a significant amount of fixed costs in the casino department and, as a result, the casino profit margin increased 2.5 and 2.4 percentage points over the same three- and six-month periods, respectively.

Food and Beverage. Food and beverage revenues increased 4.5% for the three months ended June 30, 2004 as compared to the three months ended June 30, 2003. Food and beverage expenses increased 18.8% for the three months ended June 30, 2004 as compared to the three months ended June 30, 2003. Food covers increased 4.1% and the average guest check increased 1.3% for the three months ended June 30, 2004 as compared to the three months ended June 30, 2003. The food and beverage net profit margin decreased by 8.7 percentage points over the same three-month period. The increase in the food covers was primarily a result of selected menu price reductions, primarily in the buffet,

which were implemented as part of a new marketing program, as well as restaurant enhancements at Santa Fe Station with the addition of a Mexican restaurant in May 2003, the expansion of the coffee shop in December 2003 and upgrade of the steakhouse in March 2004. The lower prices, as well as an aggressive marketing campaign promoting the buffet, drove additional volume resulting in an increase in food covers. As a result of the additional volume, food and beverage expenses increased over the same period. Food and beverage costs also increased due to increases in selected food cost items and marketing costs promoting the buffet.

Food and beverage revenues increased 4.8% for the six months ended June 30, 2004 as compared to the six months ended June 30, 2003. Food and beverage expenses increased 19.7% for the six months ended June 30, 2004 as compared to the six months ended June 30, 2003. Food covers increased 6.9% and the average guest check declined 2.4% for the six months ended June 30, 2004 as compared to the six months ended June 30, 2003. The food and beverage net profit margin decreased by 8.8 percentage points over the same six-month period. The decrease in the average guest check was a result of selected menu price reductions, primarily in the buffet, which were implemented as part of a new marketing program. The lower prices, as well as an aggressive marketing campaign promoting the buffet, drove additional volume resulting in an increase in food covers. As a result of the additional volume, food and beverage expenses increased over the same period. Food and beverage costs also increased due to increases in selected food cost items and marketing costs promoting the buffet.

Room. Room revenues increased 16.2% and 17.9% for the three and six months ended June 30, 2004, respectively, as compared to the three and six months ended June 30, 2003. Room occupancy increased to 96% for the three and six months ended June 30, 2004 as compared to 95% for the three and six months ended June 30, 2003, while the average daily room rate increased to \$58 from \$49 over the same periods. The increase in room rates was primarily due to a general increase in demand for travel to Las Vegas as compared to the prior year.

Other. Other revenues primarily include income from the gift shops, bowling, entertainment, leased outlets and arcades. Other revenues decreased by 23.4% to approximately \$10.3 million for the three months ended June 30, 2004 as compared to approximately \$13.4 million for the three months ended June 30, 2003. Other revenues decreased by 13.2% to approximately \$20.3 million for the six months ended June 30, 2004 as compared to approximately \$23.4 million for the six months ended June 30, 2003. The decrease in other revenues is directly related to approximately \$3.6 million in development fees, which we received upon the opening of Thunder Valley in June 2003.

Management Fees. We manage Thunder Valley on behalf of the United Auburn Indian Community (UAIC) and receive a management fee equal to 24% of net income, as defined in the management agreement. We are the managing partner for both Green Valley Ranch Station and Barley s and receive a management fee equal to 2% of revenues and approximately 5% of Earnings Before Interest, Taxes, Depreciation and Amortization (EBITDA) from Green Valley Ranch Station and 10% of EBITDA from Barley s. For the three months ended June 30, 2004, management fees increased to approximately \$21.2 million as compared to \$6.3 million for the three months ended June 30, 2003. For the six months ended June 30, 2004, management fees increased to approximately \$42.2 million as compared to \$7.9 million for the six months ended June 30, 2003. The increase is due to management fees from Thunder Valley, which opened in June 2003, as well as improved results at Green Valley Ranch Station.

Edgar Filing: STATION CASINOS INC - Form 10-Q

Selling, General and Administrative (SG&A). SG&A expenses increased 3.9% to \$41.6 million for the three months ended June 30, 2004 as compared to \$40.0 million for the three months ended June 30, 2003. SG&A expenses increased 5.7% to \$82.8 million for the six months ended June 30, 2004 as compared to \$78.3 million for the six months ended June 30, 2003. The increase in SG&A expenses was due to an increase in payroll and related expenses in addition to accounting fees related to the new corporate governance rules mandated by the Sabanes-Oxley Act of 2002. SG&A as a percentage of net revenues, decreased to 17.3% for the three and six months ended June 30, 2004 as compared to 19.1% for the three and six months ended June 30, 2003. A large portion of these costs are fixed and, as a result, as revenues increased the percentage of SG&A to net revenues decreased.

Corporate Expense. Corporate expense as a percentage of net revenues increased to 4.6% and 4.7% for the three and six months ended June 30, 2004, respectively, as compared to 4.2% and 4.1% for the three and six months ended June 30, 2003, respectively. Corporate expense increased 26.0% to \$11.1 million for the three months ended June 30, 2004 as compared to \$8.8 million for the three months ended June 30, 2003. Corporate expense increased 35.2% to \$22.6 million for the six months ended June 30, 2004 as compared to \$16.7 million for the six months ended June 30, 2003. The increase is due primarily to increased investment in corporate infrastructure to handle projected growth and a change in incentive compensation from a stock option based program to a program which includes cash and restricted stock. In addition, employer payroll taxes on stock options increased during the three and six months ended June 30, 2004 as compared to the three and six months ended June 30, 2003. This increase was offset by Harrah's patent litigation costs of approximately \$0.5 million and \$1.8 million incurred during the three and six months ended June 30, 2003, respectively.

Development Expense. We have increased our development resources in an effort to identify potential gaming opportunities, with an emphasis on expanding our management of Native American casinos. We incurred approximately \$2.2 million and \$4.2 million of costs to develop new gaming opportunities, which include payroll, travel and legal expenses, during the three and six months ended June 30, 2004, respectively. Also included in development expense for the six months ended June 30, 2004, is a \$2.0 million non-reimbursable milestone payment related to the Gun Lake project in Michigan (see "Future Development").

Depreciation and Amortization. Depreciation and amortization increased 14.1% in the three months ended June 30, 2004 to \$20.7 million as compared to \$18.2 million in the three months ended June 30, 2003. Depreciation and amortization increased 11.1% in the six months ended June 30, 2004 to \$40.2 million as compared to \$36.2 million in the six months ended June 30, 2003. This increase was due primarily to the addition of new ticket-in, ticket-out slot machines at a majority of the Major Las Vegas properties and the addition of a new slot system at Fiesta Rancho and Fiesta Henderson, as well as the addition of new restaurants at Santa Fe Station and Fiesta Henderson during 2003.

Preopening Expenses. Preopening expenses for the three and six months ended June 30, 2004 were approximately \$0.3 million, which include costs incurred prior to the opening of Red Rock Station.

Impairment Loss. We recorded an impairment loss of \$1.4 million in the six months ended June 30, 2003 primarily related to the write-off of our investment in a new slot product development. The impairment of this asset was based upon our decision to no longer pursue the development of certain slot products. As a result, all of the development costs that we had incurred were written off, as they were deemed to have no value.

Earnings from Joint Ventures. We own a 50% interest in Green Valley Ranch Station and Barley's, and a 6.7% interest in the Palms Casino Resort. For the three months ended June 30, 2004, we recorded approximately \$4.2 million as our share of the earnings from these joint ventures as compared to approximately \$5.0 million for the three months ended June 30, 2003. The decrease in earnings from joint ventures is a result of the buyout of certain leases relating to a

restaurant and spa at Green Valley Ranch Station for approximately \$3.6 million, which represents our 50% of the total loss, during the three months ended June 30, 2004, which was offset by the improved results at Green Valley Ranch Station.

For the six months ended June 30, 2004, we recorded approximately \$11.2 million as our share of the earnings from these joint ventures as compared to approximately \$9.9 million for the six months ended June 30, 2003. The increase in earnings from joint ventures is primarily a result of the improved results at Green Valley Ranch Station, which were offset by the buyout of certain leases relating to a restaurant and spa at Green Valley Ranch Station for approximately \$3.6 million, which represents our 50% of the total loss, during the six months ended June 30, 2004.

Interest Expense. Interest expense, net of capitalized interest, decreased 26.5% to \$17.5 million in the three months ended June 30, 2004 as compared to \$23.8 million in the three months ended June 30, 2003. Gross interest expense decreased approximately \$5.7 million over the same periods. Long-term debt increased by approximately \$64.7 million to approximately \$1.29 billion as of June 30, 2004 as compared to approximately \$1.22 billion as of June 30, 2003. We reduced our weighted average cost of debt to 5.8% for the three months ended June 30, 2004 from 7.8% for the three months ended June 30, 2003. Capitalized interest increased approximately \$0.6 million for the three months ended June 30, 2004 primarily due to interest capitalized for the construction of Red Rock Station (see *Future Development*).

Interest expense, net of capitalized interest, decreased 16.8% to \$40.0 million in the six months ended June 30, 2004 as compared to \$48.1 million in the six months ended June 30, 2003. Gross interest expense decreased approximately \$6.0 million over the same periods. Long-term debt increased by approximately \$64.7 million to approximately \$1.29 billion as of June 30, 2004 as compared to approximately \$1.22 billion as of June 30, 2003. We reduced our weighted average cost of debt to 6.2% for the six months ended June 30, 2004 from 7.9% for the six months ended June 30, 2003. Capitalized interest increased approximately \$2.1 million for the six months ended June 30, 2004 primarily due to interest capitalized for the construction of Red Rock Station (see *Future Development*).

Interest and Other Expense from Joint Ventures. For the three months ended June 30, 2004 and 2003, we recorded approximately \$1.0 million and \$1.4 million, respectively in interest and other expense related to our unconsolidated joint ventures. For the six months ended June 30, 2004 and 2003, we recorded approximately \$2.4 million and \$2.8 million, respectively in interest and other expense related to our unconsolidated joint ventures. The decrease in interest and other expense from joint ventures is primarily due to the Company's 50% share of capitalized interest recorded at Green Valley Ranch Station of approximately \$0.3 million and \$0.4 million for the three and six months ended June 30, 2004, respectively.

Loss on Early Retirement of Debt. During the first quarter of 2004, we refinanced substantially all of our senior and senior subordinated notes. In connection with the refinancing, we completed tender offers and consent solicitations for approximately \$940.6 million of our senior and senior subordinated notes outstanding. As a result, we recorded a loss on the early retirement of this debt of approximately \$93.3 million during the six months ended June 30, 2004 to reflect the write-off of the unamortized loan costs, unamortized discount, call premium, tender fee and consent payments which were partially offset by the fair value of the interest rate swaps that were tied directly to the redeemed senior and senior subordinated notes (see *Description of Certain Indebtedness and Capital Stock - Senior and Senior Subordinated Notes*).

Liquidity and Capital Resources

The following liquidity and capital resources discussion contains certain forward-looking statements with respect to our business, financial condition, results of operations, dispositions, acquisitions, expansion projects and our subsidiaries, which involve risks and uncertainties that cannot be predicted or quantified, and consequently, actual results may differ materially from those expressed or implied herein. Such risks and uncertainties include, but are not limited to, financial market risks, the ability to maintain existing management, integration of acquisitions, competition within the gaming industry, the cyclical nature of the hotel business and gaming business, economic conditions, regulatory matters and litigation and other risks described in our filings with the Securities and Exchange Commission. In addition, construction projects such as Red Rock Station, the Green Valley Ranch Station expansion, the Santa Fe Station expansion and the Sunset Station expansion entail significant risks, including shortages of materials or skilled labor, unforeseen regulatory problems, work stoppages, weather interference, floods and unanticipated cost increases. The anticipated costs and construction periods are based on budgets, conceptual design documents and construction

Edgar Filing: STATION CASINOS INC - Form 10-Q

schedule estimates. There can be no assurance that the budgeted costs or construction period will be met. All forward-looking statements are based on our current expectations and projections about future events.

During the six months ended June 30, 2004, we generated cash flows from operating activities of approximately \$101.0 million. We refinanced substantially all of our senior and senior subordinated notes, which allowed us to issue \$1.25 billion in new senior and senior subordinated notes, while redeeming approximately \$940.6 million of our existing senior and senior subordinated notes (see Description of Certain Indebtedness and Capital Stock - *Senior and Senior Subordinated Notes*). In addition, we received approximately \$28.9 million from the exercise of stock options. There were no amounts directly outstanding on the Revolving Facility as of June 30, 2004. At June 30, 2004, we had total available borrowings of \$490.7 million under the Revolving Facility, which reflects the issuance of various letters of credit totaling approximately \$9.3 million. We had \$65.3 million in cash and cash equivalents as of June 30, 2004, which included approximately \$38 million of cash in excess of the amounts required to be on hand at our properties.

During the six months ended June 30, 2004, total capital expenditures were \$105.2 million, of which approximately \$35.1 million was for the accelerated replacement of slot machines to take advantage of ticket-in, ticket-out technology, approximately \$12.8 million was related to the development of Red Rock Station (see Future Development), approximately \$7.7 million was related to the expansion at Santa Fe Station, approximately \$3.9 million was related to the construction of the ice skating rink at Fiesta Rancho, approximately \$19.9 million was for maintenance capital expenditures and approximately \$25.8 million was for various other capital and project expenditures. In addition to capital expenditures, we purchased land near the intersection of Las Vegas Boulevard and Cactus Avenue for approximately \$31.6 million, we paid approximately \$11.3 million in reimbursable advances for our potential Native American development projects (see Future Development) and paid approximately \$18.9 million in common stock dividends.

Our primary cash requirements for the remainder of 2004 are expected to include (i) approximately \$15 million for maintenance capital expenditures, (ii) approximately \$23 million for the payment of common stock dividends, (iii) approximately \$23 million for the accelerated purchase of ticket-in, ticket-out slot machines, (iv) approximately \$57 million for the development and construction of Red Rock Station (see Future Development), (v) approximately \$22 million for the expansion at Santa Fe Station, which will include a new movie theater complex, additional slot machines and other amenities, (vi) approximately \$15 million for the expansion at Sunset Station, (vii) approximately \$20 million for the purchase and enhancements of the Magic Star Casino and Gold Rush Casino (see Future Development), (viii) approximately \$4 million for the construction of an ice skating rink at Fiesta Rancho, (ix) other project capital expenses, (x) payments related to our existing and other potential Native American projects, (xi) principal and interest payments on indebtedness, (xii) other strategic land purchases throughout the Las Vegas area and (xiii) opportunistic repurchases of our common stock.

We believe that cash flows from operations, borrowings under our Revolving Facility and existing cash balances will be adequate to satisfy our anticipated uses of capital during the remainder of 2004. However, we are continually evaluating our financing needs. If more attractive financing alternatives or expansion, development or acquisition opportunities become available to us, we may amend our financing plans assuming such financing would be permitted under our existing debt agreements (see Description of Certain Indebtedness and Capital Stock) and other applicable agreements.

Off Balance Sheet Arrangements

As of June 30, 2004, we have certain off-balance sheet arrangements that affect our financial condition, liquidity and results of operations, which include a limited make-well agreement for \$42.8 million as of June 30, 2004, related to the financing at Green Valley Ranch Station (see Description of Certain Indebtedness and Capital Stock - *Green Valley Ranch Station Financing*), a completion guaranty related to the financing of Thunder Valley (see Description of Certain Indebtedness and Capital Stock - *United Auburn Indian Community Financing*) and interest rate swaps with a notional amount of \$250.0 million (see Description of Certain Indebtedness and Capital Stock - *Senior and Senior Subordinated Notes*). We also have certain contractual obligations including long-term debt, operating leases and employment contracts. Other than the

Edgar Filing: STATION CASINOS INC - Form 10-Q

refinancing of substantially all of our senior and senior subordinated notes referred to above, there were no material changes to our contractual obligations previously reported in our Annual Report on Form 10-K for the year ended December 31, 2003.

Future Development

Red Rock Station

In April 2004, we commenced construction on Red Rock Station Resort Casino and Spa in the Summerlin master-planned community in Las Vegas, Nevada, located on Charleston Boulevard at the Interstate 215/Charleston interchange. The initial phase of the property is expected to include 60 table games and 2,700 slot machines. The property is expected to also include 400 hotel rooms, 45,000 square feet of meeting space, 16 movie theaters, a 20,000 square-foot spa facility, several restaurants, including a buffet and a nightclub. The cost of the project is expected to be approximately \$475 million, of which approximately \$86.6 million has been spent as of June 30, 2004. We believe the project will be completed in late 2005 or early 2006.

Santa Fe Station Expansion

We are currently expanding Santa Fe Station, which will add more than 20,000 square feet of additional casino space, 350 slot machines, a new 16-screen movie theater complex, an upgrade of the property's bowling center, a new entertainment venue and bar, a new Kid's Quest facility and other amenities. The expansion project will also include the removal of the ice arena. We believe that the expansion will cost approximately \$52 million, of which approximately \$8.0 million has been spent as of June 30, 2004. We believe the expansion project will be completed in the first quarter of 2005.

Sunset Station Expansion

We are currently expanding Sunset Station to add a bowling center. The cost of the expansion is expected to be approximately \$23 million, of which approximately \$0.5 million has been spent as of June 30, 2004. We believe that the bowling center will be completed in the first quarter of 2005.

Fiesta Rancho Expansion

We began a 31,000 square-foot expansion project at Fiesta Rancho in April 2004, which will bring a new ice arena to the property, complete with concession area, pro shop, locker rooms and private special event rooms. The cost of the expansion is expected to be approximately \$8.0 million, of which approximately \$3.9 million has been spent as of June 30, 2004. We believe that the expansion project will be completed by September 2004.

Green Valley Ranch Station Expansion

In the fourth quarter of 2003, we began a \$115 million expansion at Green Valley Ranch Station. The expansion will include 296 hotel rooms, 25,500 square feet of additional meeting space, approximately 200 slot machines and an expanded spa facility. Construction of the hotel rooms and additional meeting space is expected to be completed in the fourth quarter of 2004. Construction of the spa facility is expected to be completed in the first quarter of 2005. In connection with the expansion, Green Valley Ranch Station purchased the lease of the existing spa during the three months ended June 30, 2004. Green Valley Ranch Station also purchased the lease of a restaurant at the property during the three months ended June 30, 2004. As a result of the purchase of these leases, we have recorded a reduction in earnings from joint ventures of

approximately \$3.6 million, which represents our 50% share of the total loss.

Acquisitions

On August 2, 2004, we acquired two small casinos in Henderson, Nevada: the Magic Star Casino and the Gold Rush Casino. We expect to spend approximately \$20 million for the acquisitions and enhancements to the facilities.

The Federated Indians of Graton Rancheria

In April 2003, we entered into Development and Management Agreements with the Federated Indians of Graton Rancheria (the FIGR) pursuant to which we will assist the FIGR in developing and operating a gaming and entertainment project to be located in Sonoma County, California. The FIGR selected us to assist it in designing, developing and financing the project and, upon opening, we will manage the facility on behalf of the FIGR. The Management Agreement has a term of seven years from the opening of the facility and we will receive a management fee equal to 22% of the facility's net income. We will also receive a development fee equal to 2% of the cost of the project upon the opening of the facility.

In August 2003, the FIGR and we entered into an option to purchase 360 acres of land just west of the Rohnert Park city limits in Sonoma County, California. The proposed site of the project is bordered by Stony Point Road, Wilfred Avenue and Rohnert Park Expressway, approximately one-half mile from Highway 101 and approximately 43 miles from downtown San Francisco. In October 2003, the FIGR entered into a Memorandum of Understanding with the City of Rohnert Park. Development of the gaming and entertainment project is subject to certain governmental and regulatory approvals, including, but not limited to, negotiating a gaming compact with the State of California, the United States Department of the Interior (DOI) accepting the land into trust on behalf of the FIGR and approval of the Management Agreement by the National Indian Gaming Commission (NIGC). No assurances can be given as to when, or if, the necessary government and regulatory approvals will be received. Prior to the receipt of such government and regulatory approvals, we will contribute significant credit support to the project. As of June 30, 2004, we had advanced approximately \$19.3 million toward the development of this project, primarily to perform due diligence and secure real estate for the FIGR project, which is included in other assets, net on our condensed consolidated balance sheets. Funds advanced by us are expected to be repaid with the proceeds of the project financing or from the FIGR's gaming revenues. In addition, we will make approximately \$11.3 million of payments upon achieving certain milestones, which will not be reimbursed. As of June 30, 2004, approximately \$2.0 million of these payments have been made which are expensed in development expense as incurred. We anticipate that the gaming and entertainment facility will open in 2007, but there can be no assurance that it will be completed within that timeframe or at all.

Gun Lake Tribe

On November 13, 2003, we agreed to purchase a 50% interest in MPM Enterprises, LLC, a Michigan limited liability company (MPM). Concurrently with our agreement to purchase that interest, MPM and the Match-E-Be-Nash-She-Wish Band of Pottawatomi Indians, a federally recognized Indian tribe commonly referred to as the Gun Lake Tribe (Gun Lake), entered into amended Development and Management Agreements, pursuant to which MPM will assist Gun Lake in developing and operating a gaming and entertainment project to be located in Allegan County, Michigan. We have agreed to pay \$6.0 million for our 50% interest in MPM, which is payable upon achieving certain milestones and is not reimbursable. As of June 30, 2004, approximately \$2.0 million of these payments have been made which are expensed in development expense as incurred. We may pay an additional \$12.0 million in total in years six and seven of the amended Management Agreement, subject to certain contingencies. Under the terms of the amended Development Agreement, we have agreed to arrange financing for the ongoing development costs and construction of the project. Prior to obtaining financing for the project, we expect to advance \$10 million to \$15 million to Gun Lake for the acquisition of land and other development costs. As of June 30, 2004, we had advanced approximately \$8.2 million toward the development of this project, primarily to secure real estate for the project, which is included in other assets, net on our condensed consolidated balance sheets. Although no firm construction budget has been established, we expect that the total cost of the development and construction of the project would be less than \$250 million. Funds advanced by us are expected to be repaid with the proceeds of the project financing or from Gun Lake's gaming revenues. The amended Management Agreement has a term of seven years from the opening of the facility and provides for a management fee of 30% of the project's net income to be paid to MPM. Pursuant to the terms of the MPM Operating Agreement, our portion of the management fee is 50% of the first \$24 million of management

fees earned, 83% of the next \$24 million of management fees and 93% of any management fees in excess of \$48 million.

The proposed project will be located on approximately 145 acres on Highway 131 near 129th Avenue, approximately 25 miles north of Kalamazoo, Michigan. As currently contemplated, the project would include up to approximately 2,500 slot machines, 75 table games, a buffet and specialty restaurants. Construction of the project includes the conversion of an existing 192,000 square-foot building into the entertainment facility. Development of the gaming and entertainment project and operation of Class III gaming is subject to certain governmental and regulatory approvals, including, but not limited to, entering into a gaming compact with the State of Michigan, the DOI accepting the land into trust on behalf of Gun Lake and approval of the Management Agreement by the NIGC. On February 27, 2004, the DOI issued a Finding Of No Significant Impact with respect to the proposed project. No assurances can be given as to when, or if, the necessary government and regulatory approvals will be received. Prior to the receipt of such governmental and regulatory approvals, we will contribute significant financial support to the project. We anticipate that the gaming and entertainment facility will be open in 2005, but there can be no assurance that it will be completed within that timeframe or at all.

Mechoopda Indian Tribe

In January 2004, we entered into Development and Management Agreements with the Mechoopda Indian Tribe of Chico Rancheria, California (the MITCR), a federally recognized Native American tribe. We will assist the MITCR in developing and operating a gaming and entertainment facility to be located on approximately 650 acres in Butte County, California, at the intersection of State Route 149 and Highway 99, approximately 10 miles southeast of Chico, California and 80 miles north of Sacramento, California. Under the terms of the Development Agreement, we have agreed to arrange the financing for the ongoing development costs and construction of the facility. Prior to obtaining financing for the facility, we expect to advance \$5 million to \$10 million to the MITCR for the acquisition of land and other development costs. Although no firm construction budget has been established, we expect the total cost of the development and construction of the facility will be less than \$80 million. Funds advanced by us are expected to be repaid from the proceeds of the facility financing or from the MITCR's gaming revenues. As of June 30, 2004, we had advanced approximately \$4.7 million toward the development of this project, primarily to secure real estate for future development, which is included in other assets, net on our condensed consolidated balance sheets. In addition, we will make approximately \$2.2 million of payments upon achieving certain milestones, which will not be reimbursed. As of June 30, 2004, \$50,000 of these payments have been made which are expensed in development expense as incurred. The Management Agreement has a term of seven years from the opening of the facility and provides for a management fee of 24% of the facility's net income. As currently contemplated, the facility will include approximately 700 slot machines, 12 table games and dining and entertainment amenities. Development of the facility is subject to certain governmental and regulatory approvals, including, but not limited to, negotiating a gaming compact with the State of California, the DOI accepting land into trust on behalf of the MITCR and approval of the Management Agreement by the NIGC. No assurances can be given as to when, or if, the necessary governmental and regulatory approvals will be received. Prior to the receipt of such governmental or regulatory approvals, we will contribute significant financial support to the project. We anticipate that the gaming and entertainment facility will open in 2005, but there can be no assurance that it will be completed within that timeframe or at all.

North Fork Rancheria of Mono Indian Tribe

In March 2004, we entered into Development and Management Agreements with the North Fork Rancheria of Mono Indians (Mono), a federally recognized Native American tribe located near Fresno, California. We will assist the Mono in developing and operating a gaming and entertainment facility to be located in Madera County, California. We have secured for the benefit of the Mono two parcels of land located on Highway 99 north of the city of Madera. Under the terms of the Development Agreement, we have agreed to arrange the financing for the ongoing development costs and construction of the facility. Although no firm construction budget has been established, we expect the total cost of the development and construction of the facility will be approximately \$250 million to \$300 million. Funds advanced by us are expected to be repaid from the proceeds of the project financing or from the Mono's gaming revenues. As of June 30, 2004, we had advanced approximately

\$0.6 million toward the development of this project,

primarily to secure real estate for future development, which is included in other assets, net on our condensed consolidated balance sheets. In addition, we will make approximately \$1.3 million of payments upon achieving certain milestones, which will not be reimbursed. As of June 30, 2004, none of these payments have been made. The Management Agreement has a term of seven years from the opening of the facility and provides for a management fee of 24% of the facility's net income. As currently contemplated, the facility will include approximately 2,000 slot machines, 60 table games and dining, hotel and entertainment amenities. Development of the gaming and entertainment project is subject to certain governmental and regulatory approvals, including, but not limited to, negotiating a gaming compact with the State of California, the DOI accepting the land into trust on behalf of the Mono and approval of the Management Agreement by the NIGC. No assurances can be given as to when, or if, the necessary governmental and regulatory approvals will be received. Prior to the receipt of such governmental or regulatory approvals, we will contribute significant financial support to the project. We anticipate that the gaming and entertainment facility will open in 2007, but there can be no assurance that it will be completed within that timeframe or at all.

Land Held for Development

We have acquired certain parcels of land in the Las Vegas valley and near Sacramento, California as part of our future development activities. As of June 30, 2004, we had \$131.6 million of land held for development that consists primarily of four sites that are owned or leased, which comprise 167 acres in the Las Vegas valley and 188 acres in the Sacramento area near Thunder Valley. The Durango site, located at the intersection of Durango Road and the Southern Beltway/Interstate 215 in the southwest quadrant of Las Vegas, currently consists of 67 acres. We also own a 49-acre gaming-entitled parcel in southwest Las Vegas at the intersection of Flamingo Road and Interstate 215. During the three months ended June 30, 2004, we purchased approximately 51 acres of gaming-entitled land on the southern end of Las Vegas Boulevard at Cactus Avenue for approximately \$31.6 million.

In April 2004, we sold a 27-acre parcel of land, after removing the gaming entitlements, located at the intersection of Boulder Highway and Nellis Boulevard for net proceeds of approximately \$10.5 million. In July 2004, we sold a 68-acre parcel of land, after removing the gaming entitlements, located at the intersection of Boulder Highway and Tropicana Avenue in eastern Las Vegas for net proceeds of approximately \$15.2 million, which is recorded as an asset held for sale on our condensed consolidated balance sheets at June 30, 2004. As a result of the sale of these parcels of land, we recorded a loss of approximately \$2.7 million during the three months ended June 30, 2004.

In 2003, we exercised our option to purchase the 19-acre parcel of leased land on which Wild Wild West is located. Pursuant to the lease, the purchase will take place in July 2005 at the fair market value of the land but not less than \$27 million and not more than approximately \$36 million. No amounts related to this purchase option have been recorded on our condensed consolidated balance sheets. We currently lease this land for approximately \$2.9 million per year. In May 2003, we also purchased approximately 17 acres of land adjacent to Wild Wild West for approximately \$28.8 million. This property currently includes approximately 270,000 square feet of office and warehouse space in a number of low-rise buildings. Also in 2003, we paid approximately \$6.4 million in conjunction with an agreement to purchase a 9-acre parcel of land adjacent to Wild Wild West.

Our decision whether to proceed with any new gaming or development opportunity is dependent upon future economic and regulatory factors, the availability of financing and competitive and strategic considerations. As many of these considerations are beyond our control, no assurances can be made that we will be able to secure additional, acceptable financing in order to proceed with any particular project.

Regulation and Taxes

We are subject to extensive regulation by the Nevada gaming authorities and will be subject to regulation, which may or may not be similar to that in Nevada, by any other jurisdiction in which we may conduct gaming activities in the future, including the NIGC and tribal gaming agency of the UAIC. The UAIC and four other Native American tribes have entered into amended Tribal State Gaming Compacts (Amended Compacts) with the State of California. The Amended Compacts have been approved by the California legislature and are waiting the approval of the DOI. This approval is expected by the end of August, at which time the Amended Compacts will become effective. The Amended Compacts allow an unlimited number of slot machines and extend the length an additional 18 years to 2037. In addition, the UAIC will pay approximately \$33.8 million annually to the State of California and additional fees for any slot machines added above the 1,906 that are currently in operation. No assurances can be given as to when, or if, the Amended Compacts will be approved by the DOI.

Two ballot initiatives, Propositions 68 and 70, have qualified for the general ballot election in California. Proposition 68 is supported by 16 racetracks and card clubs. If passed (and if it receives more votes than Proposition 70), it would require that all tribes engaged in gaming to pay the State of California 25% of all gaming revenue and agree to be bound by a number of state laws, specifically those relating to environmental impacts of tribal gaming projects. If any tribe fails to enter into such a compact, the 16 racetracks and card clubs would be allowed to operate up to 30,000 slot machines. Proposition 70, supported by the Agua Caliente Band of Cahuilla Indians, would allow all California tribes engaged in gaming to offer an unlimited number of slot machines and gaming facilities, expand the types of games allowed in California (to include craps and roulette) and would tax net gaming revenue at the same level as the state corporate tax rate (currently 8.8%). In the event Proposition 68 becomes law, the UAIC would have the right to terminate its Amended Compact and avoid the financial obligations set forth therein. In the event Proposition 70 becomes law, the UAIC would have the right to enter into a compact containing the terms set forth therein.

The gaming industry represents a significant source of tax revenue, particularly to the State of Nevada and its counties and municipalities. From time to time, various state and federal legislators and officials have proposed changes in tax law, or in the administration of such law, affecting the gaming industry. In 2003, the Nevada legislature enacted various tax increases, which raised the tax on gross gaming revenue from 6.25% to 6.75%. In addition, a payroll tax was enacted as well as increases in the taxes on alcohol and cigarettes. The various taxes went into effect at various points throughout the second half of 2003 and the Company anticipates that the annual impact of these new taxes and tax increases will be approximately \$5 million.

We believe that our recorded tax balances are adequate. However, it is not possible to determine with certainty the likelihood of possible changes in tax law or in the administration of such law, regulations or compact provisions. Such changes, if adopted, could have a material adverse effect on our operating results.

Cash Transaction Reporting Violations

In April 2003, we became aware of violations of certain gaming regulations regarding the reporting of certain cash transactions. We self-reported these violations to the Nevada State Gaming Control Board. We, along with the Nevada State Gaming Control Board, have investigated the violations. We are currently unable to determine the amount of fines or extent of sanctions, if any, which may be levied by the Nevada Gaming Commission or the Federal Government. We believe the eventual resolution of this matter will occur in 2004.

Description of Certain Indebtedness and Capital Stock

Revolving Facility

In March 2004, we increased the availability under our revolving credit facility (the *Revolving Facility*) from \$365.0 million to \$500.0 million. The *Revolving Facility* contains no principal amortization and matures in September 2007. The Borrowers are the major operating subsidiaries and the *Revolving Facility* is secured by substantially all of the Company's assets. Borrowings under the *Revolving Facility* bear interest at a margin above the Alternate Base Rate or the Eurodollar Rate (each, as defined in the *Revolving Facility*), as selected by us. The margin above such rates, and the fee on the unfunded portions of the *Revolving Facility*, will vary quarterly based on our combined consolidated ratio of debt to Adjusted EBITDA (each, as defined in the *Revolving Facility*). As of June 30, 2004, the Borrowers' margin above the Eurodollar Rate on borrowings under the *Revolving Facility* was 1.75%. The maximum margin for Eurodollar Rate borrowings is 2.50%. The maximum margin for Alternate Base Rate borrowings is 1.25%. As of June 30, 2004, the fee for the unfunded portion of the *Revolving Facility* was 0.375%.

The *Revolving Facility* contains certain financial and other covenants. These include a maximum funded senior debt to Adjusted EBITDA ratio for the Borrowers combined of 2.25 to 1.00 for each quarter and a minimum fixed charge coverage ratio for the preceding four quarters for the Borrowers combined of 1.50 to 1.00 for each quarter. As of June 30, 2004, the Borrowers' funded debt to Adjusted EBITDA ratio was 0.03 to 1.00 and the fixed charge coverage ratio was 2.92 to 1.00. In addition, the *Revolving Facility* has financial and other covenants, which state that the maximum consolidated funded debt to Adjusted EBITDA ratio can be no more than 5.00 to 1.00 through June 30, 2005, which reduces to 4.75 to 1.00 on September 30, 2005 through December 31, 2005, to 4.50 to 1.00 on March 31, 2006 through June 30, 2006 and to 4.00 to 1.00 on September 30, 2006. As of June 30, 2004, our consolidated funded debt to Adjusted EBITDA ratio was 3.78 to 1.00. Other covenants limit prepayments of indebtedness or rent (including subordinated debt other than re-financings meeting certain criteria), limitations on asset dispositions, limitations on dividends, limitations on indebtedness, limitations on investments and limitations on capital expenditures. We have pledged the stock of all of our major subsidiaries.

Senior and Senior Subordinated Notes

During the first quarter of 2004, we refinanced substantially all of our senior and senior subordinated notes. We issued \$1.25 billion in new senior and senior subordinated notes which consists of \$450.0 million 6% senior notes due in April 2012, \$450.0 million 6 $\frac{1}{2}$ % senior subordinated notes due in February 2014 and \$350.0 million 6 $\frac{7}{8}$ % senior subordinated notes due in March 2016. The proceeds from these offerings were used to redeem or repurchase the \$199.9 million 8 $\frac{7}{8}$ % senior subordinated notes due in December 2008, to repurchase \$357.6 million of the 9 $\frac{7}{8}$ % senior subordinated notes due in July 2010, to repurchase \$383.1 million of the 8 $\frac{3}{8}$ % senior notes due in February 2008 and to reduce amounts outstanding under the *Revolving Facility*. As a result of these redemptions, we recorded a loss on early retirement of debt of approximately \$93.3 million in the six months ended June 30, 2004 to reflect the write-off of the unamortized loan costs, unamortized discount, call premium, tender fee and consent payments which were partially offset by the fair value of the interest rate swaps that were tied directly to the redeemed senior and senior subordinated notes.

The indentures (the *Indentures*) governing our senior and senior subordinated notes (the *Notes*) contain certain customary financial and other covenants, which limit us and our subsidiaries' ability to incur additional debt. At June 30, 2004, our Consolidated Coverage Ratio (as defined in the *Indentures*) was 3.41 to 1.00. The *Indentures* provide that we may not incur additional indebtedness, other than specified types of indebtedness, unless the Consolidated Coverage Ratio is at least 2.00 to 1.00. In the event that our Consolidated Coverage Ratio is below 2.00 to 1.00, the covenant limits our ability to incur additional indebtedness for borrowings under the *Revolving Facility* not to exceed the greater of \$200 million or 1.5 times Operating Cash Flow (as defined) for the four most recent quarters, plus \$15 million. The *Indentures* also give the holders of the *Notes* the right to require us to purchase the *Notes* at 101% of the principal amount of the *Notes* plus accrued interest thereon upon

a Change of Control and

Rating Decline (each as defined in the Indentures) of the Company. In addition, the indenture governing the senior notes also contains a limitation on liens that we can incur.

We have entered into various interest rate swaps with members of our bank group to manage interest expense. As of June 30, 2004, we have interest rate swaps with a combined notional amount of \$250.0 million that are tied directly to our 6 1/2% senior subordinated notes and our 6% senior notes. The interest rate swaps convert a portion of our fixed-rate debt to a floating-rate based upon three- and six-month LIBOR rates. At June 30, 2004, we pay a weighted average rate based on LIBOR, which approximates 2.96% and receive a weighted average rate of 6.40%. The interest rate swaps terminate in April 2012 and February 2014. The net effect of the interest rate swaps resulted in a reduction in interest expense of \$2.1 million and \$0.9 million for the three months ended June 30, 2004 and 2003, respectively. The net effect of the interest rate swaps resulted in a reduction in interest expense of \$3.9 million and \$1.8 million for the six months ended June 30, 2004 and 2003, respectively.

The interest rate swaps that we entered into qualify for the shortcut method allowed under SFAS No. 133, *Accounting for Derivative Instruments and Hedging Activities*, which allows for an assumption of no ineffectiveness. As such, there is no income statement impact from changes in the fair value of the hedging instruments. Instead, the fair value of the instrument is recorded as an asset or liability on our balance sheet with an offsetting adjustment to the carrying value of the related debt. In accordance with SFAS No. 133, we recorded a liability of \$3.2 million and an asset of \$3.9 million as of June 30, 2004 and December 31, 2003, respectively, representing the fair value of the interest rate swaps and a corresponding decrease and increase in long-term debt, respectively, as these interest rate swaps are considered highly effective under the criteria established by SFAS No. 133.

In March 2004, we terminated an interest rate swap with a notional amount of \$50.0 million, which was due to terminate in 2008. The interest rate swap was terminated at its market value and, as a result, we received approximately \$3.6 million, which is included in the calculation of the net loss on the early retirement of debt as the interest rate swap was tied directly to the redemption of the \$400.0 million 8³/₈% senior notes.

In December 2002, we terminated an interest rate swap with a notional amount of \$100 million, which was due to terminate in 2010. The interest rate swap was terminated at its market value and, as a result, we received approximately \$9.5 million. This interest rate swap was tied directly to our \$375 million 9⁷/₈% senior subordinated notes. Approximately \$357.6 million of the 9⁷/₈% senior subordinated notes were redeemed in the first quarter of 2004 and, as a result, approximately \$7.6 million of the remaining value of this fair value hedge termination was included in the calculation of the net loss on the early retirement of debt.

Green Valley Ranch Station Financing

Green Valley Ranch Station is owned by a 50/50 joint venture between us and GCR Gaming. In December 2003, Green Valley Ranch Station entered into a \$250.0 million Amended and Restated Loan Agreement, the proceeds of which were used to pay off secured equipment and other financing and to fund the ongoing expansion of the facility. Green Valley Ranch Station has entered into an agreement to swap the majority of its floating-rate debt into fixed-rate debt that will approximate 7.0% during the term of the loan. The loan requires a limited make-well of \$42.8 million, if necessary (based on operating results of the property). Pursuant to the make-well agreement, if Green Valley Ranch Station fails to comply with the Fixed Charge Coverage Ratio or the Leverage Ratio (both as defined in the Green Valley Ranch Station credit agreement), the partners will be required to make cash equity contributions in such amounts as required, which will result in pro forma

Edgar Filing: STATION CASINOS INC - Form 10-Q

compliance with the covenants. The make-well is a joint and several obligation of each partner, with GCR Gaming's obligation collateralized. The make-well agreement will terminate upon achieving a post-expansion debt to Adjusted EBITDA ratio (as defined) of less than or equal to 3.00 to 1.00 and producing Adjusted EBITDA before management fees for four consecutive quarters of at least \$42.0 million after the completion of the expansion discussed above. As of June 30, 2004, the debt to Adjusted EBITDA ratio was 2.27 to 1.00. The outstanding balance of the Green Valley Ranch Station revolving credit facility as of June 30, 2004, was approximately \$152.3 million.

Green Valley Ranch Station has entered into interest rate swaps that have converted a portion of its floating-rate debt into fixed-rate debt and are matched to a portion of its revolving facility. At June 30, 2004, the combined notional amount of the interest rate swaps was \$130.0 million. As of June 30, 2004, Green Valley Ranch Station was paying a weighted average fixed-rate of 4.29% on the interest rate swaps and was receiving a weighted average floating-rate based on three-month LIBOR of 1.28%. These interest rate swaps were priced to have no value at inception. As a result of the mark-to-market valuation of the interest rate swaps, we recorded approximately \$11,000 and \$1.3 million as of June 30, 2004 and December 31, 2003, respectively, for our share of the Green Valley Ranch Station interest rate swaps in accumulated other comprehensive loss in our condensed consolidated balance sheets.

United Auburn Indian Community Financing

We have entered into a Development Services Agreement and a Management Agreement with the UAIC. Our seven-year Management Agreement was approved by the NIGC and expires in June 2010. We receive a management fee equal to 24% of the facility's net income, as defined in the Management Agreement. Pursuant to those agreements, and in compliance with a Memorandum of Understanding entered into by the UAIC and Placer County, California, we developed, with the UAIC, Thunder Valley, a gaming and entertainment facility on approximately 49 acres located approximately seven miles north of Interstate 80, in Placer County, California, near Sacramento, which opened on June 9, 2003. Thunder Valley currently has 1,906 Class III slot machines, 111 table games, including a private VIP gaming area, a 500-seat bingo room, three specialty restaurants, a 500-seat buffet, a food court, a center pit bar and parking for over 4,500 vehicles. In June 2004, the UAIC successfully negotiated a new Tribal State Gaming Compact (Compact) with the State of California which will allow an unlimited number of slot machines at Thunder Valley. The UAIC will pay approximately \$33.8 million annually to the State of California and additional fees for any slot machines added above the 1,906 that are currently in operation. The Compact is subject to the approval of the DOI and includes a revenue sharing agreement with the State of California. No assurances can be given as to when, or if, the new Compact will be approved by the DOI (see Regulation and Taxes).

On September 17, 2002, the DOI accepted the land into trust on behalf of the UAIC. The acceptance of the land into trust followed the decision of the United States District Court for the District of Washington, D.C., dismissing a lawsuit filed by the cities of Roseville and Rocklin, California, and Citizens for Safer Communities, which challenged the DOI's decision to accept the land into trust. Immediately following the District Court's decision, the plaintiffs appealed the decision to the United States Court of Appeals for the District of Columbia. On November 14, 2003, the Court of Appeals affirmed the dismissal of the lawsuit by the District Court. On February 15, 2004, Citizens for Safer Communities filed a petition for writ of certiorari with the United States Supreme Court, seeking to appeal the decision of the Court of Appeals. The remaining plaintiffs did not seek to appeal that decision. On April 5, 2004, the United States Supreme Court denied Citizens for Safer Communities' petition for writ of certiorari.

We assisted the UAIC in obtaining \$215.0 million of financing for the project through a group of lenders, and we provided an unlimited completion guaranty and credit support for all amounts outstanding under such financing. Based on the operating results of Thunder Valley, our commitment to provide credit support has been terminated. We have evaluated our obligations related to the completion guaranty in accordance with FASB Interpretation No. 45, Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Guarantees of Indebtedness of Others and have determined that the fair value of the obligation is not material.

Common Stock

We are authorized to issue up to 135 million shares of our common stock, \$0.01 par value per share, 74,195,856 shares of which were issued and 10,157,135 shares of which were held in treasury as of June 30, 2004. Each holder of our common stock is entitled to one vote for each share held of record on each matter submitted to a vote of stockholders. Holders of our common stock have no cumulative voting, conversion,

Edgar Filing: STATION CASINOS INC - Form 10-Q

redemption or preemptive rights or other rights to subscribe for additional shares other than pursuant to the Rights Plan described below. Subject to any preferences that may be granted to the holders of our preferred stock, each holder of common stock is entitled to receive ratably, such dividends

as may be declared by our Board of Directors out of funds legally available therefrom, as well as any distributions to the stockholders and, in the event of liquidation, dissolution or winding up of the Company, is entitled to share ratably in all of our assets that remain after payment of liabilities.

On March 4, 2004, we paid a quarterly cash dividend of \$0.125 per share to shareholders of record on February 12, 2004 for approximately \$7.8 million. On June 4, 2004, we paid a quarterly cash dividend of \$0.175 per share to shareholders of record on May 14, 2004 for approximately \$11.1million. On July 13, 2004, our Board of Directors declared a quarterly cash dividend of \$0.175 per share. The quarterly dividend is payable on September 3, 2004 to shareholders of record on August 13, 2004.

Preferred Stock

We are authorized to issue up to 5 million shares of our preferred stock, \$0.01 par value per share of which none are issued. The Board of Directors, without further action by the holders of our common stock, may issue shares of preferred stock in one or more series and may fix or alter the rights, preferences, privileges and restrictions, including the voting rights, redemption provisions (including sinking fund provisions), dividend rights, dividend rates, liquidation rates, liquidation preferences, conversion rights and the description and number of shares constituting any wholly un-issued series of preferred stock. Except as described above, our Board of Directors, without further stockholder approval, may issue shares of preferred stock with rights that could adversely affect the rights of the holders of our common stock. The issuance of shares of preferred stock under certain circumstances could have the effect of delaying or preventing a change of control of the Company or other corporate action.

Treasury Stock

During the six months ended June 30, 2004, we repurchased 35,458 shares of our common stock for approximately \$1.6 million. As of June 30, 2004, we had acquired approximately 10.2 million shares at a cost of approximately \$136.2 million. We are authorized to repurchase up to approximately 10.4 million additional shares of our common stock as of June 30, 2004.

Rights Plan

On October 6, 1997, we declared a dividend of one preferred share purchase right (a *Right*) for each outstanding share of common stock. The dividend was paid on October 21, 1997. Each *Right* entitles the registered holder to purchase from us one one-hundredth of a share of Series A Preferred Stock, par value \$0.01 per share (*Preferred Shares*) at a price of \$40.00 per one one-hundredth of a Preferred Share, subject to adjustment. The *Rights* are not exercisable until the earlier of 10 days following a public announcement that a person or group of affiliated or associated persons have acquired beneficial ownership of 15% or more of our outstanding common stock (*Acquiring Person*) or 10 business days (or such later date as may be determined by action of the Board of Directors prior to such time as any person or group of affiliated persons becomes an *Acquiring Person*) following the commencement of, or announcement of an intention to make a tender offer or exchange offer, the consummation of which would result in the beneficial ownership by a person or group of 15% or more of our outstanding common stock.

Edgar Filing: STATION CASINOS INC - Form 10-Q

The Rights will expire on October 21, 2007. Acquiring Persons do not have the same rights to receive common stock as other holders upon exercise of the Rights. Because of the nature of the Preferred Shares' dividend, liquidation and voting rights, the value of one one-hundredth interest in a Preferred Share purchasable upon exercise of each Right should approximate the value of one common share. In the event that any person or group of affiliated or associated persons becomes an Acquiring Person, the proper provisions will be made so that each holder of a Right, other than Rights beneficially owned by the Acquiring Person (which will thereafter become void), will thereafter have the right to receive upon exercise that number of shares of common stock having a market value of two times the exercise price of the Right. In the event that the Company is acquired in a merger or other business combination transaction or 50% or more of our consolidated assets or earning power are sold after a person or group has become an Acquiring Person, proper provision will be made so that each holder of a Right will thereafter have the right to receive, upon exercise thereof, that number of shares of common stock of the acquiring company, which at the time of

such transaction will have a market value of two times the exercise price of the Right. Because of the characteristics of the Rights in connection with a person or group of affiliated or associated persons becoming an Acquiring Person, the Rights may have the effect of making an acquisition of the Company more difficult and may discourage such an acquisition.

Critical Accounting Policies

Significant Accounting Policies and Estimates

We prepare our condensed consolidated financial statements in conformity with U.S. generally accepted accounting principles. Certain of our accounting policies, including the determination of bad debt reserves, the estimated useful lives assigned to our assets, asset impairment, insurance reserves, purchase price allocations made in connection with our acquisitions and the calculation of our income tax assets and liabilities, require that we apply significant judgment in defining the appropriate assumptions for calculating financial estimates. By their nature, these judgments are subject to an inherent degree of uncertainty. Our judgments are based on our historical experience, terms of existing contracts, observance of trends in the gaming industry and information available from other outside sources. There can be no assurance that actual results will not differ from our estimates. To provide an understanding of the methodology we apply, our significant accounting policies and basis of presentation are discussed below, as well as where appropriate in this discussion and analysis and in the notes to our condensed consolidated financial statements.

Promotional Allowances

We recognize as casino revenues the net win from gaming activities, which is the difference between gaming wins and losses. All other revenues are recognized as the service is provided. Revenues include the retail value of food, beverage, rooms, entertainment and merchandise provided on a complimentary basis to customers. Such amounts are then deducted from revenues as promotional allowances on our condensed consolidated statements of operations. The estimated departmental costs of providing such promotional allowances are included in casino costs and expenses.

Slot Club Programs

Our Boarding Pass and Amigo Club player rewards programs (the Programs) allow customers to redeem points earned from their gaming activity at all Station and Fiesta properties for complimentary food, beverage, rooms, entertainment and merchandise. At the time redeemed, the retail value of complimentary items under the Programs are recorded as revenue with a corresponding offsetting amount included in promotional allowances. The cost associated with complimentary food, beverage, rooms, entertainment and merchandise redeemed under the Programs is recorded in casino costs and expenses. We also record a liability for the estimated cost of the outstanding points under the Programs.

Self-Insurance Reserves

We are self insured up to certain stop loss amounts for workers compensation, major medical and general liability costs. Insurance claims and reserves include accruals of estimated settlements for known claims, as well as accruals of estimates for claims incurred but not reported. In estimating these accruals, we consider historical loss experience and make judgments about the expected levels of costs per claim. We believe our estimates of future liability are reasonable based upon our methodology; however, changes in health care costs, accident frequency and severity and other factors could materially affect the estimate for these liabilities.

Guarantee Obligations

In November 2002, the FASB issued FIN 45, *Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others*. FIN 45 requires that future guarantee obligations be recognized as liabilities at inception of the guarantee contract and increases the disclosures required for current and future guarantee obligations. We adopted the initial recognition provisions of FIN 45 beginning January 1, 2003 and have included the disclosures required in the accompanying notes to our condensed consolidated financial statements. The adoption of FIN 45 did not have a significant impact on our results of operations or financial position.

Derivative Instruments

We enter into interest rate swaps from time to time in order to manage interest rate risks associated with our current and anticipated future borrowings. The interest rate swaps that we have entered into qualify for the *shortcut* method allowed under SFAS No. 133, *Accounting for Derivative Instruments and Hedging Activities*, which allows for an assumption of no ineffectiveness. As such, there is no income statement impact from changes in the fair value of the hedging instruments. Instead, the fair value of the instrument is recorded as an asset or liability on our balance sheet with an offsetting adjustment to the carrying value of the related debt.

Property and Equipment

Property and equipment are stated at cost. Depreciation and amortization are computed using the straight-line method over the estimated useful lives of the assets or the terms of the capitalized lease, whichever is less. Costs of major improvements are capitalized, while costs of normal repairs and maintenance are charged to expense as incurred.

We evaluate our property and equipment and other long-lived assets for impairment in accordance with SFAS No. 144, *Accounting for the Impairment or Disposal of Long-Lived Assets*. For assets to be disposed of, we recognize the asset to be sold at the lower of carrying value or fair market value less costs of disposal. Fair market value for assets to be disposed of is generally estimated based on comparable asset sales, solicited offers or a discounted cash flow model. For assets to be held and used, we review fixed assets for impairment whenever indicators of impairment exist. If an indicator of impairment exists, we compare the estimated future cash flows of the asset, on an undiscounted basis, to the carrying value of the asset. If the undiscounted cash flows exceed the carrying value, no impairment is indicated. If the undiscounted cash flows do not exceed the carrying value, then impairment is measured based on fair value compared to carrying value, with fair value typically based on a discounted cash flow model. Our condensed consolidated financial statements reflect all adjustments required by SFAS No. 144 as of June 30, 2004.

Goodwill and Other Intangibles

The FASB issued SFAS No. 142, *Goodwill and Other Intangible Assets*, in June 2001. SFAS No. 142 changed the accounting for goodwill from an amortization method to an impairment-only approach. Amortization of goodwill, including goodwill recorded in past business combinations, ceased upon the adoption of SFAS No. 142. We implemented SFAS No. 142 on January 1, 2002 and tested for impairment in accordance with the provisions of SFAS No. 142 in the first quarter of 2002 and annually perform such test. In order to test for impairment of goodwill, we use

Edgar Filing: STATION CASINOS INC - Form 10-Q

the Income Approach, which focuses on the income-producing capability of the respective property. The underlying premise of this approach is that the value of an asset can be measured by the present worth of the net economic benefit (cash receipts less cash outlays) to be received over the life of the subject asset. The steps followed in applying this approach include estimating the expected after-tax cash flows attributable to the respective property and converting these after-tax cash flows to present value through discounting. The discounting process uses a rate of return, which accounts for both the time value of money and investment risk factors. The present value of the after-tax cash flows is then totaled to arrive at an indication of the fair value of the goodwill. If the fair value of the goodwill exceeds the carrying value, then impairment is measured based

on the difference between the calculated fair value and the carrying value. Our condensed consolidated financial statements reflect all adjustments required by SFAS No. 142 as of June 30, 2004.

Capitalization of Interest

We capitalize interest costs associated with debt incurred in connection with major construction projects. Interest capitalization ceases once the project is substantially complete or no longer undergoing construction activities to prepare it for its intended use. When no debt is specifically identified as being incurred in connection with such construction projects, we capitalize interest on amounts expended on the project at our weighted average cost of borrowed money.

Income Taxes

We are subject to income taxes in the United States of America and file a consolidated federal income tax return. We account for income taxes according to SFAS No. 109, *Accounting for Income Taxes*. SFAS No. 109 requires the recognition of deferred tax assets, net of applicable reserves, related to net operating loss carryforwards and certain temporary differences. A valuation allowance is recognized if, based on the weight of available evidence, it is more likely than not that some portion or all of the deferred tax asset will not be recognized.

Our income tax returns are subject to examination by the Internal Revenue Service and other tax authorities. We regularly assess the potential outcomes of these examinations in determining the adequacy of our provision for income taxes and our income tax liabilities. Inherent in our determination of any necessary reserves are assumptions based on past experiences and judgments about potential actions by taxing authorities. Our estimate of the potential outcome for any uncertain tax issue is highly judgmental. We believe that we have adequately provided for any reasonable and foreseeable outcome related to uncertain tax matters.

Recently Issued Accounting Standards

In April 2003, the FASB issued SFAS No. 149, *Amendment to Statement 133 on Derivative Instruments and Hedging Activities*. SFAS No. 149 amends and clarifies accounting for derivative instruments, including certain derivative instruments embedded in other contracts, and for hedging activities under SFAS No. 133. SFAS No. 149 is applied prospectively and is effective for contracts entered into or modified after June 30, 2003, except for SFAS No. 133 implementation issues that have been effective for fiscal quarters that began prior to June 15, 2003 and certain provisions relating to forward purchases and sales on securities that do not yet exist. We have determined that SFAS No. 149 will not have a significant impact on our results of operations or financial position.

In May 2003, the FASB issued SFAS No. 150, *Accounting for Certain Financial Instruments With Characteristics of Both Liabilities and Equity*. SFAS No. 150 establishes standards for how an issuer classifies and measures certain financial instruments with characteristics of both liabilities and equity. It requires that an issuer classify a financial instrument that is within its scope as a liability (or an asset in some circumstances). SFAS No. 150 is effective for financial instruments entered into or modified after May 31, 2003, and otherwise is effective at the beginning of the first interim period beginning after June 15, 2003. On October 29, 2003, the FASB voted to defer for an indefinite period the application of

Edgar Filing: STATION CASINOS INC - Form 10-Q

the guidance in SFAS No. 150 to non-controlling interests that are classified as equity in the financial statements of the subsidiary but would be classified as a liability in the parent's financial statements under SFAS No. 150. The FASB decided to defer the application of FASB No. 150 to these non-controlling interests until it could consider some of the resulting implementation issues associated with the measurement and recognition guidance for these non-controlling interests. We currently have no instruments impacted by the adoption of this statement and therefore the adoption did not have a significant impact on our results of operations or financial position.

Forward-looking Statements

When used in this report and elsewhere by management from time to time, the words *believes*, *anticipates* and *expects* and similar expressions are intended to identify forward-looking statements with respect to our financial condition, results of operations and our business including our expansion, development and acquisition projects, legal proceedings and employee matters. Certain important factors, including but not limited to, competition from other gaming operations, factors affecting our ability to complete acquisitions and dispositions of gaming properties, leverage, construction risks, the inherent uncertainty and costs associated with litigation and governmental and regulatory investigations, and licensing and other regulatory risks, could cause our actual results to differ materially from those expressed in our forward-looking statements. Further information on potential factors which could affect our financial condition, results of operations and business including, without limitation, the expansion, development and acquisition projects, legal proceedings and employee matters are included in our filings with the Securities and Exchange Commission. Readers are cautioned not to place undue reliance on any forward-looking statements, which speak only as of the date thereof. We undertake no obligation to publicly release any revisions to such forward-looking statements to reflect events or circumstances after the date hereof.

Item 3. Quantitative and Qualitative Disclosure About Market Risk

Market risk is the risk of loss arising from adverse changes in market rates and prices, such as interest rates, foreign currency exchange rates and commodity prices. Our primary exposure to market risk is interest rate risk associated with our long-term debt. We attempt to limit our exposure to interest rate risk by managing the mix of our long-term fixed-rate borrowings and short-term borrowings under the Revolving Facility. Borrowings under the Revolving Facility bear interest at a margin above the Alternate Base Rate or the Eurodollar Rate (each, as defined in the Revolving Facility) as selected by us. However, the amount of outstanding borrowings is expected to fluctuate and may be reduced from time to time. The Revolving Facility matures in September 2007.

The following table provides information about our long-term debt at June 30, 2004 (see also Description of Certain Indebtedness and Capital Stock) (amounts in thousands):

	Maturity date	Face amount	Carrying value	Estimated fair value
Revolving Facility	September 2007	\$ 500,000	\$	\$
8 ³ / ₈ % senior notes	February 2008	16,894	16,894	18,203
6% senior notes	April 2012	450,000	448,270	435,375
9 ⁷ / ₈ % senior subordinated notes	July 2010	17,388	17,329	19,072
6 ¹ / ₂ % senior subordinated notes	February 2014	450,000	450,000	433,125
6 ⁷ / ₈ % senior subordinated notes	March 2016	350,000	350,000	336,875
Other debt, interest at 6.0%	2004-2007	6,103	6,071	6,071
Market value of interest rate swaps	2012-2014	(2,859)	(2,859)	(2,859)
Total		\$ 1,787,526	\$ 1,285,705	\$ 1,245,862

We are also exposed to market risk in the form of fluctuations in interest rates and their potential impact upon our debt. This market risk is managed by utilizing derivative financial instruments in accordance with established policies and procedures. We evaluate our exposure to market risk by monitoring interest rates in the marketplace, and do not utilize derivative financial instruments for trading purposes. Our derivative financial instruments consist exclusively of interest rate swap agreements. Interest differentials resulting from these agreements are recorded on an accrual basis as an adjustment to interest expense. Interest rate swaps related to debt are matched with specific fixed-rate debt obligations.

The following table provides information about our financial instruments that are sensitive to changes in interest rates (amounts in thousands):

	As of June 30,													
	2004		2005		2006		2007		2008		Thereafter	Total		
Long-term debt (including current portion):														
Fixed-rate	\$		\$	5,335	\$		\$	16,894	\$		\$	1,265,599	\$	1,287,828
Weighted average interest rate				6.00%				8.38%				6.47%		6.50%
Variable-rate	\$	23	\$	23	\$	26	\$	664	\$		\$		\$	736
Weighted average interest rate		6.00%		6.00%		6.00%		6.00%						6.00%
Interest rate swaps:														
Notional amount	\$		\$		\$		\$		\$		\$	250,000	\$	250,000
Average payable rate												2.96%		2.96%
Average receivable rate												6.40%		6.40%

Item 4. Disclosure Controls and Procedures

As of the end of the period covered by this report, the Company conducted an evaluation, under the supervision and with the participation of the principal executive officer and principal financial officer, of the Company’s disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934 (the Exchange Act)). Based on this evaluation, the principal executive officer and principal financial officer concluded that the Company’s disclosure controls and procedures are effective to ensure that information required to be disclosed by the Company in reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in Securities and Exchange Commission rules and forms. There was no change in the Company’s internal control over financial reporting during the Company’s most recently completed fiscal quarter that has materially affected, or is reasonably likely to materially affect, the Company’s internal control over financial reporting.

Part II - OTHER INFORMATION

Item 1. Legal Proceedings

Station Casinos and our subsidiaries are defendants in various lawsuits relating to routine matters incidental to our business. As with all litigation, no assurance can be provided as to the outcome of the following matters and litigation inherently involves significant costs. Following is a summary of key litigation impacting Station Casinos and our subsidiaries.

Poulos/Ahearn Litigation

On April 26, 1994, a suit seeking status as a class action lawsuit was filed by plaintiff, William H. Poulos, et al., as class representative, in the United States District Court for the Middle District of Florida (the Florida District Court), naming 41 manufacturers, distributors and casino operators of video poker and electronic slot machines, including Station Casinos. On May 10, 1994, a lawsuit alleging substantially identical claims was filed by another plaintiff, William Ahearn, et al., as class representative, in the Florida District Court against 48 manufacturers, distributors and casino operators of video poker and electronic slot machines, including the Company and most of the other major hotel/casino companies. The lawsuits allege that the defendants have engaged in a course of fraudulent and misleading conduct intended to induce persons to play such games based on a false belief concerning how the gaming machines operate, as well as the extent to which there is an opportunity to win. The two lawsuits have been consolidated into a single action, and have been transferred to the United States District Court for the District of Nevada (the Nevada District Court). On September 26, 1995, a lawsuit alleging substantially identical claims was filed by plaintiff, Larry Schreier, et al., as class representative, in the Nevada District Court, naming 45 manufacturers, distributors, and casino operators of video poker and electronic slot machines, including the Company. Motions to dismiss the Poulos/Ahearn and Schreier cases were filed by defendants. On

April 17, 1996, the Poulos/Ahearn lawsuits were dismissed, but plaintiffs were given leave to file Amended Complaints on or before May 31, 1996. On May 31, 1996, an Amended Complaint was filed, naming William H. Poulos, et al., as plaintiff. Defendants filed a motion to dismiss. On August 15, 1996, the Schreier lawsuit was dismissed with leave to amend. On September 27, 1996, Schreier filed an Amended Complaint. Defendants filed motions to dismiss the Amended Complaint. In December 1996, the Nevada District Court consolidated the Poulos/Ahearn, the Schreier, and a third case not involving the Company and ordered all pending motions be deemed withdrawn without prejudice, including Defendants' Motions to Dismiss the Amended Complaints. The plaintiffs filed a Consolidated Amended Complaint on February 13, 1997. On or about December 19, 1997, the Nevada District Court issued formal opinions granting in part and denying in part the defendants' motion to dismiss. In so doing, the Nevada District Court ordered plaintiffs to file an amended complaint in accordance with the Court's orders in January of 1998. Accordingly, plaintiffs amended their complaint and filed it with the Nevada District Court in February 1998. The Company and all other defendants continue to deny the allegations contained in the amended complaint filed on behalf of plaintiffs. The plaintiffs are seeking compensatory, special, consequential, incidental, and punitive damages in unspecified amounts. On June 25, 2002, the Nevada District Court denied plaintiffs' motion for class certification. On July 11, 2002, plaintiffs filed a petition for permission to appeal such class certification ruling with the United States Court of Appeals for the Ninth Circuit. On August 15, 2002, the Ninth Circuit granted the plaintiffs' petition for permission to appeal such class certification ruling. The parties have filed briefs setting forth their arguments, and rebutting the other party's arguments concerning the issue on appeal. On January 15, 2004, the Court of Appeals heard oral argument on this matter, but has yet to issue a ruling. While no assurances can be made with respect to any litigation, the Company believes that the plaintiffs' claims are without merit and does not expect that the lawsuits will have a material adverse effect on the Company's financial position or results of operations.

Harrah's Litigation

On July 13, 2001, the Company and five of its major operating subsidiaries were named as defendants in a lawsuit brought by Harrah's Entertainment, Inc. and Harrah's Operating Company, Inc. in the United States District Court for the District of Nevada (CV-S-01-0825-PMP-RJJ). The plaintiffs allege that the Company and its subsidiaries are liable for unspecified actual and punitive damages, and they seek injunctive and other relief, based on allegations that the Company's Boarding Pass Rewards Program infringes on various patents held by the plaintiffs.

On October 4, 2001, the Company and the subsidiaries filed their answer and counterclaim seeking declaratory judgment that Harrah's patents (1) are not infringed by the Company's and the subsidiaries' actions, (2) are invalid under federal patent law and (3) are rendered unenforceable due to Harrah's inequitable conduct. On March 27, 2002, Harrah's filed an amended complaint, which added an additional defendant, Green Valley Ranch Gaming, LLC, which is an affiliate of the Company. On April 22, 2002, the Company and its subsidiaries and affiliate filed their amended answer and counterclaim denying infringement by Green Valley Ranch Gaming, LLC, and alleging Harrah's committed further acts of inequitable conduct.

On January 17, 2003, the Company filed motions for summary judgment or partial summary judgment on several issues: (1) a Motion for Summary Judgment of Patent Unenforceability Due To Inequitable Conduct, (2) a Motion for Summary Judgment of Patent Invalidation Under 35 U.S.C. ss 102 and 103 (lack of novelty and obviousness), (3) a Motion for Partial Summary Judgment of Patent Invalidation Under 35 U.S.C. s 112 (indefiniteness, lack of written description and failure to disclose best mode), (4) a Motion for Partial Summary Judgment of Non-Infringement of U.S. Patent No. 6,003,013, and (5) a Motion for Partial Summary Judgment of Non-Infringement of U.S. Patent No. 6,183,362. That same day, Harrah's filed motions for partial summary judgment on several issues: (1) a Motion for Partial Summary Judgment of Infringement of Claims 15-18 of U.S. Patent No. 5,761,647, (2) a Motion for Partial Summary Judgment of Infringement of Claims 1-2 and 49 of U.S. Patent No. 6,003,013, (3) a Motion for Partial Summary Judgment on Defendants' Invalidity Defenses, and (4) a Motion for Partial Summary Judgment That Certain Third Party Systems Are Not Prior Art. During February and March of 2003, the parties filed oppositions, reply briefs and various motions to strike in response to the summary judgment motions.

On March 23, 2004, the District Court heard oral argument on certain of the summary judgment motions and motions to strike. On May 19, 2004, the District Court granted the Company's motion for summary judgment on Harrah's claims that the Company had infringed upon U.S. Patents Nos. 5,761,647 and 6,183,362, held by Harrah's relating to its customer rewards and tracking program. In granting that motion, the District Court ruled that such patents are invalid as a matter of law due to indefiniteness and lack of enabling disclosure of the claimed subject matter. A substantial portion of the patent infringement claim brought by Harrah's regarding U.S. Patent No. 6,003,013 (the '013 Patent') was also dismissed as a result of that summary judgment ruling. The Company also has additional motions pending with respect to the remaining portion of that patent infringement claim, which, if granted, would render the '013 Patent also invalid or unenforceable. While no assurances can be made with respect to any litigation, the Company believes that the plaintiffs' claims are without merit and does not expect that the lawsuit will have a material adverse effect on its financial position or results of operations.

Plattner Litigation

On May 2, 2003, the Company and one of its operating subsidiaries, Palace Station Hotel & Casino, Inc. ('Palace Station'), were named as defendants in a lawsuit seeking status as a class action brought by Dov Plattner in the Superior Court of Los Angeles County, California (Case No. CB295056).

The lawsuit seeks to recover for alleged breach of contract, fraud, negligent misrepresentation, breach of covenant of good faith and fair dealing, promissory fraud, unjust enrichment and violations of sections 17200 and 17500, et. seq. of the California Business and Professions Code, all in connection with energy and telephone surcharge fees imposed on Palace Station hotel guests. The plaintiff is requesting unspecified actual and punitive damages, as well as injunctive and other relief.

On November 10, 2003, the defendants filed a response to the complaint denying all liability. On June 18, 2004, the parties entered into a Settlement Agreement and Release (the 'Proposed Settlement'). Pursuant to the Proposed Settlement and subject to Superior Court approval, the parties have agreed that the Company will (i) issue two personalized coupons to each Settlement Class Member (as defined in the Proposed Settlement), one for \$3.00 and one for \$2.50, with each coupon to be good toward a discount of a quoted room rate for a single night's stay at any of the Station Hotels (as defined in the Proposed Settlement), and (ii) pay the plaintiff's reasonable attorneys' fees and expenses in exchange for the plaintiff dismissing the lawsuit (including all claims held by the members of the settlement class and the general public) with prejudice. The Proposed Settlement stipulates that the Company denies any liability with respect to the plaintiff's claims. A final approval hearing on the Proposed Settlement has been set for October 22, 2004. There can be no assurances that the Superior Court will finally approve the Proposed Settlement at that hearing or at all. While no assurances can be made with respect to any litigation, the Company believes that the plaintiff's claims are without merit and does not expect that the lawsuit will have a material adverse effect on the Company's financial position or results of operations.

Castillo Litigation

On May 14, 2003, the Company (as a nominal defendant only) and all of its executive officers and directors were named as defendants in a derivative action lawsuit, which also seeks status as a class action, brought by Bernard Castillo in the District Court of Clark County, Nevada (Case No. A467663).

Edgar Filing: STATION CASINOS INC - Form 10-Q

The lawsuit alleges that (1) the director defendants breached their fiduciary duties by failing to make certain disclosures in the Company's 2002 Proxy Statement regarding the sale by the Company of its subsidiary, Southwest Gaming Services, Inc. (SGSI), and regarding a proposal seeking shareholder approval of an amendment to the Company's stock option plan; (2) the director defendants breached their fiduciary duties in approving the sale of SGSI and in recommending approval of the option plan amendment; and (3) the purchasers of SGSI and the recipients of certain benefits made possible by the option plan amendment were unjustly enriched. The plaintiff is requesting unspecified actual damages, as well as injunctive and other relief.

On July 21, 2003, the defendants filed a motion to dismiss or, in the alternative, motion to stay all of the plaintiff's claims. On October 24, 2003, the District Court granted the motion to stay all of plaintiff's claims pending the consideration of such claims by a special litigation committee to be formed by the Company in accordance with the Court's order granting such motion. On February 27, 2004, the District Court entered another order extending the stay for another 120 days pending the special litigation committee investigation.

On July 9, 2004, the parties entered into a Stipulation of Settlement (the Proposed Settlement). Pursuant to the Proposed Settlement and subject to District Court approval, the parties have agreed that the Company will (i) adopt new language in its Corporate Governance Guidelines, which specifically relates to interested director transactions, and (ii) pay the plaintiff's attorneys' fees and expenses in exchange for the plaintiff dismissing the lawsuit (including all claims held by the Company and the members of the certified class), with prejudice. The Proposed Settlement stipulates that the Company denies any liability with respect to the plaintiff's claims. A final settlement hearing on the Proposed Settlement has been set for September 13, 2004. There can be no assurances that the District Court will finally approve the Proposed Settlement at that hearing or at all.

While no assurances can be made with respect to any litigation, the Company believes that the plaintiff's claims are without merit and does not expect that the lawsuit will have a material adverse effect on the Company's financial position or results of operations.

Item 2. Changes in Securities and Use of Proceeds

The table below sets forth the information with respect to purchases made by or on behalf of the Company of its common stock during the three months ended June 30, 2004 (unaudited):

Period	Total number of shares purchased (a)	Average price paid per share	Total number of shares purchased as part of publicly announced plans or programs	Maximum number of shares that may yet be purchased under the plans or programs
April 1 - 30, 2004	22,973	\$ 45.11		10,369,634
May 1 - 31, 2004	397	\$ 43.07		10,369,634

(a) The shares purchased by the Company during the three months ended June 30, 2004, consisted of 31,885 restricted shares withheld to offset tax withholding obligations that occur upon vesting of the restricted shares.

Item 3. Defaults Upon Senior Securities - None.

Item 4. Submission of Matters to a Vote of Security Holders

The Company's Annual Meeting of Shareholders was held on May 19, 2004. At the meeting Lorenzo J. Fertitta, Blake L. Sartini and James E. Nave, D.V.M. were re-elected to the Board of Directors (the Board) to serve for a term of three years until the 2007 Annual Meeting of Shareholders. The result of the stockholder vote for each nominee was as follows:

	In Favor	Withheld
Lorenzo J. Fertitta	37,367,469	16,979,240
Blake L. Sartini	36,803,266	17,543,443
James E. Nave, D.V.M.	48,527,160	5,819,549

Robert E. Lewis was appointed to the Board on May 19, 2004 by the Board of Directors to replace Lynette Boggs McDonald who resigned from the Board on March 31, 2004. In addition to the directors elected above, the following directors continued in office: Frank J. Fertitta III, Lowell H. Lebermann, Jr. and Lee S. Isgur.

The stockholders also approved the Company's Senior Executive Annual Bonus Plan, with 46,957,124 shares in favor, 3,970,055 shares opposed and 3,419,530 shares abstained.

The stockholders ratified the appointment of Ernst & Young LLP as the Company's independent auditors for the 2004 fiscal year with 53,698,169 shares in favor, 639,072 shares opposed and 9,468 shares abstained.

Item 5. Other Information None.
