The Company

We are a gaming and entertainment company that currently owns and operates eight major hotel/casino properties (one of which is 50% owned) and five smaller casino properties (one of which is 50% owned) in the Las Vegas metropolitan area. We also manage a casino for a Native American tribe in California. We are developing a ninth major hotel/casino property known as Red Rock Resort Spa and Casino (Red Rock) that we expect to open in the first quarter of 2006.

In the Las Vegas metropolitan area, we own and operate Palace Station Hotel & Casino (Palace Station), Boulder Station Hotel & Casino (Boulder Station), Texas Station Gambling Hall & Hotel (Texas Station), Sunset Station Hotel & Casino (Sunset Station), Santa Fe Station Hotel & Casino (Santa Fe Station), Fiesta Rancho Casino Hotel (Fiesta Rancho), Fiesta Henderson Casino Hotel (Fiesta Henderson), Wild Wild West Gambling Hall & Hotel (Wild Wild West), Wildfire Casino (Wildfire), Magic Star Casino (Magic Star) and Gold Rush Casino (Gold Rush). We also own a 50% interest in Green Valley Ranch Station Casino (Green Valley Ranch) and Barley's Casino & Brewing Company (Barley's), and a 6.7% interest in the Palms Casino Resort. We are the manager of both Green Valley Ranch and Barley's. Each of our casinos in Nevada caters primarily to local Las Vegas area residents. We market the six Station casinos (including Green Valley Ranch) together under the Station Casinos brand and the two Fiesta casinos under the Fiesta brand, offering convenience and choices to residents throughout the Las Vegas valley with our strategically located properties. In addition, we manage Thunder Valley Casino (Thunder Valley) in Sacramento, California on behalf of the United Auburn Indian Community (UAIC).

Our operating strategy emphasizes attracting and retaining customers primarily from the local and repeat visitor markets. Our casino properties attract customers through:

- innovative, frequent and high-profile promotional programs directed towards the locals market;
- focused marketing efforts and convenient locations;
- aggressive marketing to the repeat visitor market; and
- the development of strong relationships with specifically targeted travel wholesalers.

Because we target the repeat customer, we are committed to providing a high-value entertainment experience for our customers in our restaurants, hotels, casinos and other entertainment amenities. We develop regional entertainment destinations for locals that include other amenities such as movie theaters, bowling centers, ice skating, live entertainment venues and child care facilities. In addition, we believe the value offered by restaurants at each of our casino properties is a major factor in attracting local gaming customers, as dining is a primary motivation for casino visits by many locals. Through their restaurants, each of which has a distinct theme and style of cuisine, our casino properties offer generous portions of high-quality food at reasonable prices. In addition, our operating strategy focuses on slot and video poker machine play. Our target market consists of frequent gaming patrons who seek not only a friendly

atmosphere and convenience, but also higher than average payout rates. Because locals and repeat visitors demand variety and quality in their slot and video poker machine play, our casino properties offer the latest in slot and video poker technology.

Our growth strategy, in addition to same-store growth opportunities, includes the master-planned expansion of our existing gaming facilities in Nevada, the development of gaming facilities on certain real estate we own in Nevada, the development of Native American gaming opportunities as well as the evaluation and pursuit of additional development opportunities in Nevada, California, Michigan and other gaming markets. To accomplish this, we evaluate strategic acquisition and development opportunities that:

- provide good visibility from and easy access to high traffic interstates and major thoroughfares;
- are in rapidly growing or highly populated areas;
- provide flexibility for future expansion;
- allow for ample convenient parking; and
- are surrounded by potential customers with a strong demographic profile.

We believe that these factors are enhanced by our expertise in the local and repeat visitors market and our reputation as a provider of a high-quality, affordable gaming and entertainment experience.

Casino Properties

We are a leading Las Vegas hotel/casino operator, catering primarily to local residents and repeat visitors. We believe our casino properties are well positioned to continue to benefit from the business and population growth in Las Vegas and its surrounding areas. We have implemented our long-term business strategy by developing the casino properties as integrated entertainment destinations in key population centers in each quadrant of the Las Vegas market. We have master-planned each of our casino properties for future expansion to capitalize on Las Vegas expected population growth.

We jointly developed the project on 40 acres of a 170-acre multi-use commercial development with GCR Gaming, LLC. In addition to our 50% ownership, we are also the managing partner of Green Valley Ranch and receive a management fee equal to 2% of the property's revenues and approximately 5% of Earnings Before Interest, Taxes, Depreciation and Amortization (EBITDA).

Preopening expenses for the year ended December 31, 2000 included costs incurred prior to the acquisitions of Santa Fe Station, Fiesta Rancho and Fiesta Henderson, the expansion project at Texas Station and costs incurred prior to the opening of Green Valley Ranch.
- (e) During the year ended December 31, 2003, we recorded an impairment loss of approximately \$18.9 million, of which approximately \$17.5 million was related to the impairment of goodwill at Fiesta Rancho as a result of reduced growth assumptions. In addition, approximately \$1.4 million of the impairment loss in 2003 was primarily related to the write off of our investment in the development of a new slot product. During the year ended December 31, 2002, we recorded an impairment loss of approximately \$8.8 million, of which approximately \$3.9 million was related to the write-down of certain assets related to our investment in an Internet, intra-state gaming platform and related technology and approximately \$4.9 million, which was related to the write-off of our option to invest in the Internet wagering business with Kerzner Interactive. During the year ended December 31, 2001, we recorded an impairment loss of approximately \$4.0 million related to a 34-acre parcel, near the intersection of Martin Luther King Jr. Drive and Craig Road in North Las Vegas.

SFAS No. 142 changed the accounting for goodwill from an amortization method to an impairment-only approach. Amortization of goodwill, including goodwill recorded in past business combinations, ceased upon the adoption of SFAS No. 142. We implemented SFAS No. 142 on January 1, 2002 and tested for impairment in accordance with the provisions of SFAS No. 142 in the first quarter of 2002. As a result of an independent third party appraisal, we recorded an impairment loss of \$13.3 million, net of the applicable tax benefit, related to Fiesta Rancho, which is shown as a cumulative effect of a change in accounting principle in our consolidated statements of operations.

(n) For purposes of determining the ratio of earnings to fixed charges, earnings are defined as earnings before income taxes plus fixed charges. For the six months ended June 30, 2004, earnings were inadequate to cover fixed charges by \$3.9 million.

(o) The pro forma ratio of earnings to fixed charges gives effect to the sale of the June Add-On and the September Add-On and the application of the net proceeds therefrom as of December 31, 2004 and June 30, 2005.

(p) As adjusted amounts reflect the issuance and sale of the September Add-On and the application of the net proceeds therefrom as of June 30, 2005.

RISK FACTORS

Your investment in the Notes will involve certain risks. You should carefully consider the following factors and the other information included or incorporated by reference in this prospectus before making an investment in the New Notes.

Risks Related to Our Business

We face substantial competition in the gaming industry.

The gaming industry includes land-based casinos, dockside casinos, riverboat casinos, racetracks with slots, casinos located on Native American land and other forms of legalized gaming. There is intense competition among companies in the gaming industry, some of which have significantly greater resources than we do. Several states are currently considering legalizing casino gaming in designated areas. Legalized casino gaming in such states and on Native American land will provide strong competition to us and could adversely affect our operations, particularly to the extent that such gaming is conducted in areas close to our operations. Native American gaming in California, as it currently exists, has had little, if any impact on our Nevada operations to date, although there are no assurances as to future impact. 61 Native American tribes entered into Tribal-State Gaming Compacts ("Compacts") with the State of California in 1999 and 2000 that are currently in effect. Each of these Native American tribes may operate up to two gaming facilities. Nine of these Native American tribes are presently not operating a casino. Two Native American tribes entered into Compacts with the State of California in 2003 that are currently in effect. Both of these Native American tribes may operate one gaming facility; however, they are presently not operating a casino. Currently there are 53 Native American casinos in operation in the State of California. These Native American tribes are allowed to operate slot machines, lottery games, and banking and percentage games (including 21) on Native American lands. During 2004, five tribes re-negotiated their compacts. These re-negotiated compacts allow for the expansion of the respective tribe's current facilities. It is not certain how this or any expansion of Native American gaming in California will affect our Nevada operations given that visitors from California make up Nevada's largest visitor market. Moreover, it is uncertain how soon expansion will affect our interests in Native American gaming in California. Increased competition from Native American gaming may result in a decline in our revenues and may have a material adverse effect on our business.

Our Nevada casino properties also face competition from 36 non-restricted gaming locations in the Las Vegas area primarily targeted to the local and the repeat visitor markets. Some of these competitors have completed expansions and existing competitors and new entrants into these markets are in the planning stages or under construction on other projects. Although we have competed strongly in these marketplaces, there can be no assurance that additional capacity will not have a negative impact on our business.

Our Nevada casino properties face competition from all other casinos and hotels in the Las Vegas area, including to some degree, from each other. In addition, our casino properties face competition from all smaller non-restricted gaming locations and restricted gaming locations (locations with 15 or fewer slot machines) in the greater Las Vegas area. As of December 31, 2004, there were 1,413 restricted gaming locations with a total of 14,385 slot machines. We compete with other hotel/casinos and restricted gaming locations by focusing on repeat customers and attracting these customers through innovative marketing programs. Our value-oriented, high-quality approach is designed to generate repeat business. Additionally, our casino properties are strategically located and designed to permit convenient access and ample parking, which are critical factors in attracting local visitors and repeat patrons. Currently, there are approximately 38 major gaming properties located on or near the Las Vegas Strip, 12 located in the downtown area and several located in other areas of Las Vegas. Major additions, expansions or enhancements of existing properties or the construction of new properties by competitors, could also have

a material adverse effect on the businesses of our casino properties. While past additions to our competitors' capacity have had little, if any, impact on our casino properties' hotel occupancy or casino volume to date, there can be no assurance that hotel occupancy or casino volume will not be adversely affected in the future.

To a lesser extent, our Nevada operations compete with gaming operations in other parts of the state of Nevada, such as Reno, Laughlin and Lake Tahoe, riverboat gaming markets in the Midwest and South, facilities in Atlantic City, New Jersey, casinos located on Native American land and in other parts of the world and with state-sponsored lotteries, on-and-off-track pari-mutuel wagering, card rooms and other forms of legalized gambling.

In 1997, the Nevada legislature enacted Senate Bill 208. This legislation identified certain gaming enterprise districts wherein casino gaming development would be permitted throughout the Las Vegas valley and established more restrictive criteria for the establishment of new gaming enterprise districts. We believe the growth in gaming supply in the Las Vegas local market has been, and will continue to be, limited by the provisions of Senate Bill 208.

Certain construction risks may arise during the building of any new property.

We are currently constructing Red Rock, and plan to expand Santa Fe Station, Fiesta Henderson and Green Valley Ranch and may have to provide funding for the construction of gaming facilities for the Federated Indians of Graton Rancheria, the Match-E-Be-Nash-She-Wish Band of Pottawatomis Indians, the Mechoopda Indian Tribe of Chico Rancheria, California and the North Fork Rancheria of Mono Indians (collectively the Native American Tribes). We evaluate expansion opportunities as they become available, and we may in the future develop projects in addition to the projects described in this prospectus.

Construction projects, such as the construction of Red Rock, and the planned expansions of Santa Fe Station, Fiesta Henderson and Green Valley Ranch and the proposed gaming facilities for the Native American Tribes, entail significant risks, including:

- shortages of materials or skilled labor;
- unforeseen engineering, environmental or geological problems;
- work stoppages;
- weather interference;
- floods; and
- unanticipated cost increases;

any of which can give rise to delays or cost overruns.

The anticipated costs and construction periods are based upon budgets, conceptual design documents and construction schedule estimates prepared by us in consultation with our architects and contractors. Construction, equipment or staffing requirements or problems or difficulties in obtaining any of the requisite licenses, permits, allocations or authorizations from regulatory authorities can increase the cost or delay the construction or opening of each of the proposed facilities or otherwise affect the project's planned design and features. We have not entered into firm contracts for the expansions of Santa Fe Station, Fiesta Henderson or Green Valley Ranch and we cannot be sure that we will not exceed the budgeted costs of these projects or that the projects will commence operations within the contemplated time frame, if at all. Budget overruns and delays with respect to expansion and development projects could have a material adverse impact on our results of operations.

We may experience difficulty integrating operations of our acquired companies and developed properties and managing our overall growth which could have a material adverse effect on our operating results.

We may not be able to manage the combined operations of Station Casinos, Inc., including our Red Rock development, the projects with the Native American Tribes and future acquired companies or acquired or developed properties effectively, or realize any of the anticipated benefits of the acquisitions, including streamlining operations or gaining efficiencies from the elimination of duplicative functions. The integration of other companies or assets will require continued dedication of management resources and may temporarily detract attention from our day-to-day business.

In addition, because we plan to continue to pursue expansion and acquisition opportunities, we face significant challenges not only in managing and integrating the operations of Red Rock and the projects with the Native American Tribes, but also in managing our expansion projects and any other gaming operations we may acquire in the future. Management of these new projects will require increased managerial resources, and we intend to continue our efforts to enhance our gaming management team. However, there can be no assurances that we will succeed in doing so. Failure to manage our growth effectively could have a material adverse effect on our operating results.

We depend on key markets and may not be able to continue to attract a sufficient number of guests and gaming customers in Nevada to make our operations profitable.

Our operating strategy emphasizes attracting and retaining customers from the Las Vegas local and repeat visitor market. All of our owned casino properties are dependent upon attracting Las Vegas residents. We cannot be sure that we will be able to continue to attract a sufficient number of guests, gaming customers and other visitors in Nevada to make our operations profitable. In addition, our operating strategy, including the master-planning of our casinos for future expansion, has been developed, in part, based on expected population growth in Las Vegas. There can be no assurance that growth will continue in Las Vegas or that we will be able to successfully adapt to any downturn.

We regularly pursue new gaming acquisition and development opportunities and may not be able to recover our investment or successfully expand to additional locations.

We regularly evaluate and pursue new gaming acquisition and development opportunities in existing and emerging jurisdictions. These opportunities have in the past, and may in the future, take the form of joint ventures. To the extent that we decide to pursue any new gaming acquisition or development opportunities, our ability to benefit from such investments will depend upon a number of factors, including:

- our ability to identify and acquire attractive acquisition opportunities and development sites;
- our ability to secure required federal, state and local licenses, permits and approvals, which in some jurisdictions, are limited in number;
- certain political factors;
- the availability of adequate financing on acceptable terms (including waivers of restrictions in existing credit arrangements); and
- our ability to identify and develop satisfactory relationships with joint venture partners.

Most of these factors are beyond our control. Therefore, we cannot be sure that we will be able to recover our investments in any new gaming development opportunities or acquired facilities, or successfully expand to additional locations.

We have invested, and will likely continue to invest, in real property in connection with the pursuit of expansion opportunities. We have acquired certain parcels of land as part of our development activities.

Our decision whether to proceed with any new gaming opportunity is dependent upon future economic and regulatory factors, the availability of financing and competitive and strategic considerations. As many of these considerations are beyond our control, no assurances can be made that we will be able to secure additional, acceptable financing in order to proceed with any particular project. As of June 30, 2005, we had \$188.1 million of land held for development that consists primarily of six sites that are owned or leased, which comprise 207 acres in the Las Vegas valley, 188 acres in the Sacramento area near Thunder Valley and 96 acres in Reno, Nevada. The Durango site, located at the intersection of Durango Road and the Southern Beltway/Interstate 215 in the southwest quadrant of Las Vegas, currently consists of 67 acres. The South Las Vegas site, located in a gaming enterprise district on the southern end of Las Vegas Boulevard at Cactus Avenue, currently consists of 55 acres. In addition, we lease and have an option to purchase 2.5 acres adjacent to this site. We also own a 49-acre gaming-entitled parcel in southwest Las Vegas at the intersection of Flamingo Road and Interstate 215.

During 2004, we purchased approximately 26 acres of real property and improvements formerly known as the Castaways Hotel Casino and Bowling Center (the Castaways) in Las Vegas, Nevada. The Castaways closed on January 26, 2004, shortly after its former owners filed for bankruptcy. We have begun the demolition of portions of the existing structure and are currently evaluating the potential uses of the property.

In February 2005, we purchased approximately 96 acres of gaming-entitled property in Reno, Nevada for \$15.1 million. The property was owned by Blake L. Sartini, the brother-in-law of Frank J. Fertitta III, Chief Executive Officer, and Lorenzo J. Fertitta, President.

We have also acquired or are under contract to acquire approximately 58 acres of land on which Wild Wild West is located and the surrounding area, of which approximately 39 acres have been acquired as of June 30, 2005. During the six months ended June 30, 2005, we incurred and expensed approximately \$11.7 million to terminate various leases related to this land. In 2003, we exercised our option to purchase the 19-acre parcel of leased land on which Wild Wild West is located which was to occur in July 2005 at a purchase price of approximately \$36 million. In July 2005, we entered into an agreement to extend the date for close of escrow to no later than January 2007 at a purchase price of approximately \$36 million, provided that either party may accelerate the close of escrow to an earlier date upon 90 days prior written notice to the other party. In addition, the agreement reduces the lease expense from \$2.9 million to \$1.6 million per year. No amounts related to this purchase option have been recorded on our consolidated balance sheets.

These investments are subject to the risks generally incident to the ownership of real property, including:

- changes in economic conditions;
- environmental risks;
- governmental rules and fiscal policies; and
- other circumstances over which we may have little or no control.

The development of such properties is also subject to restrictions under our revolving credit facility. We cannot be sure that we will be able to recover our investment in any such properties or be able to prevent incurring investment losses.

We are subject to extensive state and local regulation, and licensing and gaming authorities have significant control over our operations which could have an adverse effect on our business.

The ownership and operation of casino gaming facilities are subject to extensive state and local regulation. We currently conduct licensed gaming operations in Nevada and California through

wholly-owned subsidiaries and joint ventures. The State of Nevada, the State of California and the applicable local authorities require us to hold various licenses, findings of suitability, registrations, permits and approvals. The Nevada Gaming Commission may, among other things, limit, condition, suspend or revoke a license or approval to own the stock of any of our Nevada subsidiaries for any cause deemed reasonable by such licensing authority. We are also responsible for the acts and conduct of our employees on the premises. Substantial fines or forfeiture of assets for violations of gaming laws or regulations may be levied against us, our subsidiaries and the persons involved. The suspension or revocation of any of our licenses or the levy on us of substantial fines or forfeiture of assets would have a material adverse effect on our business.

To date, we have obtained all governmental licenses, findings of suitability, registrations, permits and approvals necessary for the operation of our gaming activities. Gaming licenses and related approvals are deemed to be privileges under Nevada and California law, and we cannot be sure that any new licenses, findings of suitability, registrations, permits and approvals that may be required in the future will be given or that existing ones will not be revoked. Any expansion of our gaming operations in Nevada or into new jurisdictions will require various licenses, findings of suitability, registrations, permits and approvals of the gaming authorities. The approval process can be time consuming and costly and has no assurance of success.

Gaming authorities have the authority generally to require that any beneficial owner of our securities, including the Notes, file an application and be investigated for a finding of suitability. If a record or beneficial owner of a note is required by any gaming authority to be found suitable, such owner will be required to apply for a finding of suitability within 30 days after request of such gaming authority or within such earlier time prescribed by such gaming authority. The applicant for a finding of suitability must pay all costs of the investigation for such finding of suitability. If a record or beneficial owner is required to be found suitable and is not found suitable, we may be required pursuant to the terms of the Notes or law to dispose of the Notes. See Description of the Notes Mandatory Disposition Pursuant to Gaming Laws.

Nevada gaming regulations require that covenants imposing restrictions on the transfer of, and agreements not to encumber, equity securities of certain of our licensed or registered subsidiaries be approved by the Nevada Gaming Commission to be effective. We have not obtained such approval with regard to such covenants and agreements contained in the Indenture governing the Notes. Upon the issuance of new notes upon consummation of the exchange offer described under the caption Exchange Offer; Registration Rights in this prospectus, the covenants restricting the transfer of, and agreements not to encumber, equity securities of licensed or registered subsidiaries of the Company contained in the Indenture governing such new notes issued in such exchange fall under an existing approval of the Nevada Gaming Commission for a continuous and delayed public offering, and will therefore be effective. However, prior to the consummation of the exchange offer, and following the consummation of the exchange offer with respect to any Notes that are not exchanged pursuant to the Exchange Offer, the enforceability in Nevada of any Indenture covenant restricting the transfer of, and agreements not to encumber, equity securities of certain subsidiaries is uncertain.

From time to time, various proposals are introduced in the legislatures of some of the jurisdictions in which we operate that, if enacted, could adversely affect the tax, regulatory, operational or other aspects of the gaming industry and our company in particular. The Nevada legislature has concluded their 2005 session and there were no increases in taxes which affect the gaming industry.

We are subject to Native American gaming regulation which could have an adverse effect on our business.

The terms and conditions of management contracts and the operation of casinos and all gaming on land held in trust for Native American tribes in the United States are subject to the Indian Gaming Regulatory Act of 1988 (IGRA), which is administered by the NIGC and the gaming regulatory agencies of tribal governments. IGRA is subject to interpretation by the NIGC and may be subject to judicial and legislative clarification or amendment.

Native American tribes are sovereign with their own governmental systems, which have primary regulatory authority over gaming on land within the tribes' jurisdiction. Therefore, persons engaged in gaming activities, including the Company, are subject to the provisions of tribal ordinances and regulations on gaming. These ordinances are subject to review by the NIGC under certain standards established by IGRA. The NIGC may determine that some or all of the ordinances require amendment, and that additional requirements, including additional licensing requirements, may be imposed on us. Although, we have received no such notification regarding Thunder Valley, we cannot assure you that no additional requirements will be imposed on us or that we will be able to satisfy such additional requirements. The possession of valid licenses from the UAIC are ongoing conditions of our management agreement with the tribe and if any such licenses are denied, suspended, revoked or not renewed, this could have a material adverse effect on our business.

In June 2004, the UAIC successfully negotiated a new Tribal-State Gaming Compact (Amended Compact) with the State of California which has received approval by the DOI. The Amended Compact allows an unlimited number of slot machines at Thunder Valley and extends the term an additional 10 years to 2030. The Amended Compact also includes a revenue sharing agreement with the State of California. Thunder Valley has added approximately 800 slot machines and as a result, the UAIC will pay approximately \$33.8 million annually to the State of California commencing in January 2005 and additional fees ranging from \$11,000 to \$13,200 per machine for any slot machines added above the 1,906 that were originally in operation at Thunder Valley prior to the Amended Compact.

Factors affecting the economy and consumer confidence may harm our operating results.

Our properties draw a substantial number of customers from the Las Vegas valley, as well as certain geographic areas, including Southern California, Arizona and Utah. Adverse economic conditions in any of these regions could have a significant adverse effect on our business, financial condition and results of operations. Since all of our properties are located in the Las Vegas valley or Northern California, any terrorist activities or disasters in or around Southern Nevada or Northern California could have a significant adverse effect on our business, financial condition and results of operations.

Our properties use significant amounts of electricity, natural gas and other forms of energy. While no shortages of energy have been experienced, the substantial increases in the cost of electricity, natural gas and gasoline in the United States have and may continue to negatively affect our operating results. In addition, energy price increases in the regions that constitute a significant source of customers for our properties could result in a decline in disposable income of potential customers and a corresponding decrease in visitation and spending at our properties, which could negatively impact revenues.

We rely on key personnel, the loss of the services of whom could materially and adversely affect our results of operations.

Our ability to operate successfully and competitively is dependent, in part, upon the continued services of certain of our officers and key employees. In the event that these officers and/or employees were to leave us, we might not be able to find suitable replacements. We believe that the loss of the services of these officers and/or employees could have a material adverse effect on our results of operations.

We may incur losses that are not adequately covered by insurance which may harm our results of operations.

Although we maintain insurance customary and appropriate for our business, we cannot assure you that insurance will be available or adequate to cover all loss and damage to which our business or our assets might be subjected. The lack of adequate insurance for certain types or levels of risk could expose us to significant losses in the event that a catastrophe occurred for which we are underinsured. Any losses we incur that are not adequately covered by insurance may decrease our future operating income, require us to find replacements or repairs for destroyed property and reduce the funds available for payments of our obligations on the Notes.

Risks Related to the Notes

Our substantial indebtedness could adversely affect our financial results and prevent us from fulfilling our obligations under the Notes and may restrict our ability to take certain actions.

Our ability to pay principal of, and interest on, the Notes, our existing senior notes and senior subordinated notes, and our other obligations will depend on distributions from our operating subsidiaries. The operating and financial restrictions and covenants in our debt agreements, including the indenture governing the Notes (the Indenture), our revolving credit facility and any future financing agreements may adversely affect our ability to finance future operations or capital needs or to engage in other business activities. See Description of the Notes.

Substantially all of our subsidiaries are, or are required to become, borrowers or guarantors under our revolving credit facility. Our revolving credit facility requires that the borrowers under our revolving credit facility satisfy certain financial and other covenants including:

- a maximum funded debt to adjusted EBITDA ratio for the borrowers combined under the revolving credit facility of 2.50 to 1.00 for each quarter;
- a minimum fixed charge coverage ratio for the preceding four quarters for the borrowers combined of 1.50 to 1.00 for each quarter; and
- limitations on indebtedness.

Our revolving credit facility also contains a maximum funded debt to adjusted EBITDA ratio for the Company on a consolidated basis. Our ability to incur borrowings under the revolving credit facility will depend, among other things, upon meeting that ratio. Under our revolving credit facility, the maximum permitted funded debt to adjusted EBITDA ratio permitted can be no more than 5.50 to 1.00 through December 31, 2005, which reduces to 5.25 to 1.00 on March 31, 2006 through December 31, 2006, to 5.00 to 1.00 on March 31, 2007 through December 31, 2007, to 4.75 to 1.00 on March 31, 2008 through December 31, 2008 and to 4.50 to 1.00 on March 31, 2009. After giving effect to the June Add-On and the September Add-On and application of the proceeds therefrom, our funded debt to adjusted EBITDA ratio and fixed charge coverage ratio for our borrowers as of June 30, 2005, would have been 3.85 to 1.00 and 2.18 to 1.00, respectively.

The revolving credit facility contains numerous other restrictions and covenants. A breach of any of these restrictions or covenants could cause a default under other outstanding debt and the Notes. A significant portion of our indebtedness then may become immediately due and payable. The revolving credit facility is secured by substantially all of our assets and those of our subsidiaries. We are not certain whether we would have, or be able to obtain, sufficient funds to make these accelerated payments, including payments on the Notes.

The Indenture governing the Notes and the indentures governing our existing senior notes and senior subordinated notes contain certain customary financial and other covenants, which limit us and our subsidiaries' ability to incur additional debt. The indentures provide that we may not incur additional

indebtedness, other than specified types of indebtedness, unless our consolidated coverage ratio is at least 2.00 to 1.00. In the event that our consolidated coverage ratio is below 2.00 to 1.00, the covenant limits our ability to incur additional indebtedness for borrowings under our revolving facility not to exceed the greater of \$200 million or 1.5 times Operating Cash Flow (as defined in Description of the Notes) for the four most recent quarters, plus \$15 million. The indentures governing the Notes, our existing senior notes and our existing senior subordinated notes also give the holders of such securities the right to require us to purchase the Notes at 101% of the principal amount of the Notes plus accrued interest thereon upon a Change of Control and Rating Decline (each as defined in Description of the Notes) of the Company. In addition, the indenture governing our 6% Senior Notes due 2012 contains a limitation on liens we can incur.

As of June 30, 2005, after giving effect to the issuance of the June Add-On and the September Add-On and the application of the proceeds therefrom, our consolidated coverage ratio would have been 3.78 to 1.00. Accordingly, as of June 30, 2005, after giving effect to the issuance of the June Add-On and the September Add-On and the application of the proceeds thereof, we would have the ability to borrow an additional \$1.6 billion of incremental indebtedness pursuant to the consolidated coverage ratio test under the Indenture and the other indentures governing our indebtedness and as of such date we would have had \$985.7 million of borrowings available under our revolving credit facility.

Our ability to meet our debt service and capital expenditure requirements and comply with our covenants will depend upon the future performance of our operations. Our future performance is subject to financial, economic, competitive, regulatory and other factors affecting us and our subsidiaries, many of which are beyond our control. While we expect that our operating cash flow will be sufficient to comply with our covenants and cover our expenses, including interest costs, dividends and capital expenditures, we cannot be sure that this will be the case. If we are unable to generate sufficient cash flow, we could be required to adopt one or more alternatives, such as obtaining additional equity capital, reducing or delaying planned expansions or capital expenditures, selling or leasing assets or restructuring debt. We cannot be sure that any of these alternatives could be effected on satisfactory terms, and any resort to alternative sources of funds could impair our competitive position and reduce our future cash flow.

Your right to receive payments on the Notes is junior to our existing and future senior debt.

The Notes rank behind all of our existing and future senior indebtedness and all other indebtedness except indebtedness that expressly provides that it ranks equal with, or subordinated in right of payment to, the Notes. Except for limitations on the aggregate amount of consolidated indebtedness that we may incur, the Indenture does not limit our ability to incur additional indebtedness, create liens, transfer assets to or among our restricted subsidiaries or incur or permit our subsidiaries to incur secured indebtedness. Upon any distribution to our creditors in a bankruptcy, liquidation or reorganization or similar proceeding relating to us or our property, the holders of senior debt of the Company will be entitled to be paid in full in cash before any payment may be made with respect to the Notes. Under such circumstances, holders of our senior debt (including \$450 million of outstanding senior notes and our guarantee of our revolving credit facility) will have a prior claim to our assets and to the assets of our subsidiaries, to the extent such assets secure such indebtedness. Until the bank has finally been paid in full, our guaranty of our revolving credit facility provides that we waive all rights of subrogation and reimbursement from the borrowers under our revolving credit facility. Our assets consist primarily of the stock of our operating subsidiaries and holders of the Notes will have no direct claim against the assets of those subsidiaries.

As of June 30, 2005, after giving pro forma effect to the September Add-On and the application of the net proceeds therefrom, the Company had approximately \$454.5 million of senior indebtedness, which consisted of outstanding 6% Senior Notes due 2012 and indebtedness incurred by our subsidiaries, \$1.18 billion of senior subordinated indebtedness, consisting of \$17.3 million of outstanding 97/8% Senior Subordinated Notes due 2010, \$450 million of 6 1/2% Senior Subordinated Notes due 2014 and

\$708.2 million of outstanding 67/8% Senior Subordinated Notes due 2016 that ranked equally with the Notes and our subsidiaries had outstanding \$73.5 million of other liabilities that effectively rank senior to the Notes. We have no indebtedness outstanding to which the Notes are senior, and we have no plans to issue any such indebtedness. See Description of the Notes.

Borrowings under our revolving credit facility are secured by substantially all of the assets of the borrowers. In addition, all payments on the Notes will be blocked in the event of a payment default on senior indebtedness and may be blocked for up to 179 of 360 consecutive days in the event of certain non-payment defaults on senior debt. The existing indenture for the existing senior subordinated notes have subordination provisions substantially similar to the Indenture's provisions. See Description of the Notes Subordination.

We have a holding company structure and depend on the business of our subsidiaries to satisfy our obligations under the Notes.

Station Casinos, Inc. is organized as a holding company. We conduct all our operations through our subsidiaries and depend on the earnings and cash flow of our subsidiaries to meet our debt obligations, including our obligations with respect to the existing senior subordinated notes and the senior notes. Because our subsidiaries' assets constitute all of our operating assets and because our subsidiaries do not guaranty the payment of principal and interest on the Notes, the holders of the Notes will have no direct claim to our subsidiaries' assets. Therefore, all existing and future obligations, including debt, taxes, trade and construction payables, of our subsidiaries must be paid in full before any amounts would become available for distribution to the Noteholders.

We may not be able to purchase your Notes upon a change of control.

We are required to offer to repurchase all of the notes outstanding under the indentures governing our existing senior subordinated notes and our existing senior notes if:

- (1) we experience a change of control; and
- (2) if the notes under the applicable indenture are not then rated as investment grade, the ratings of those notes are downgraded by either Standard & Poor's Corporation or Moody's Investors Service, Inc. by one or more gradations on or prior to 90 days after the change of control.

As of June 30, 2005, after giving pro forma effect to the sale of the September Add-On and the application of the net proceeds thereof, we had \$17.4 million in principal amount of the 97/8% Senior Subordinated Notes due 2010, \$450 million in principal amount of the 6 1/2% Senior Subordinated Notes due 2014, \$450 million in aggregate principal amount of the 6% Senior Notes due 2012 and \$700 million in aggregate principal amount of 67/8% Senior Subordinated Notes due 2016 outstanding. The repurchase price for the Notes and our existing senior notes and senior subordinated notes would be 101% of the principal amount thereof, plus any accrued and unpaid interest. We cannot assure you that we would have the funds necessary to repurchase the notes. Our failure to repurchase any notes tendered would be a default under the Indenture.

In addition, it is an event of default under our revolving credit facility if we are required to make an offer to purchase any of the Notes or our existing senior notes and senior subordinated notes from the holders thereof. Therefore, for us to repurchase the Notes as a result of a change of control event, we must either obtain the consent of the banks under the revolving credit facility or repay the revolving credit facility in full. Even if such a consent were obtained or the debt is refinanced, we cannot assure you that we would have the funds necessary to purchase the Notes. The failure to make such a repurchase offer would result in an event of default under the Indenture and could cause events of default under certain of our other indebtedness.

Liquid trading market for the New Notes may not develop.

There has not been an established trading market for the New Notes. Although each initial purchaser informed us that it intends to make a market in the New Notes, they have no obligation to do so and may discontinue making a market at any time without notice.

The liquidity of any market for the Notes will depend upon the number of holders of the New Notes, our performance, the market for similar securities, the interest of securities dealers in making a market in the New Notes and other factors. A liquid trading market may not develop for the New Notes.

Restrictions upon transfer of and limited trading market for Old Notes.

We will issue New Notes in exchange for the Old Notes only after the exchange agent receives tender of your Old Notes. Therefore, you should allow sufficient time to ensure timely delivery of your Old Notes. Neither we nor the exchange agent is under any duty to give notification of defects or irregularities with respect to your tender of the Old Notes for exchange. If you do not tender your Old Notes, or if you do tender your Old Notes and they are not accepted, your Old Notes will continue to be subject to the existing restrictions upon their transfer. Accordingly, after the completion of the exchange offer, you will only be able to offer for sale, sell or otherwise transfer untendered Old Notes as follows:

to us;

pursuant to a registration statement that has been declared effective under the Securities Act;

for so long as the Old Notes are eligible for resale pursuant to Rule 144A under the Securities Act, to a person you reasonably believe is a qualified institutional buyer (QIB) within the meaning of Rule 144A, that purchases for its own account or for the account of a QIB to whom notice is given that the transfer is being made in reliance on the exemption from the registration requirements of the Securities Act provided by Rule 144A;

pursuant to offers and sales that occur outside the United States to foreign persons in transactions complying with the provisions of Regulation S under the Securities Act;

to an accredited investor within the meaning of Rule 501(a)(1), (2), (3) or (7) under the Securities Act that is an institutional investor (an Institutional Accredited Investor) purchasing for its own account or for the account of such an Institutional Accredited Investor, in each case in a minimum principal amount of the Old Notes of \$250,000; or

pursuant to any other available exemption from the registration requirements of the Securities Act.

To the extent that Old Notes are tendered and accepted in the exchange offer, the liquidity of the trading market for untendered Old Notes could be adversely affected. See The Exchange Offer.

In addition, any holder of the Old Notes who tenders in the exchange offer for the purpose of participating in a distribution of the New Notes will be required to comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction. Each broker-dealer who receives New Notes for its own account in exchange for the Old Notes, where such Old Notes were acquired by such broker-dealer as a result of market-making activities or any other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of such New Notes. See Plan of Distribution.

USE OF PROCEEDS

We will not receive any proceeds in connection with the exchange offer. In consideration for issuing the New Notes in exchange for the Old Notes as described in this prospectus, we will receive, retire and cancel the Old Notes.

DESCRIPTION OF THE NOTES

The Old Notes were issued under the Indenture, dated as of February 27, 2004 (the Indenture), between SCI, as issuer, and Law Debenture Trust Company of New York, as trustee (the Trustee). The form and terms of the New Notes will be substantially identical to those of the Old Notes except that the New Notes will have been registered under the Securities Act and hence not subject to certain restrictions, registration rights and related liquidated damages applicable to the Old Notes. The following summary includes a description of all material provisions of the Indenture. The summary of the Indenture and of the related documents hereunder, however, does not purport to be complete and is subject to, and qualified in its entirety by reference to, all of the provisions of the Indenture and related documents, including the definitions contained therein of certain terms and those terms made part of the Indenture by reference to the Trust Indenture Act of 1939 as in effect on the date of the Indenture. Capitalized terms used herein and not otherwise defined in this prospectus have the meanings ascribed to them in the Indenture. As used in this description, the Company refers to SCI and not to any subsidiaries of SCI.

General

The New Notes will be issued in registered form, without coupons, in denominations of \$1,000 and integral multiples of \$1,000. The New Notes are unsecured general obligations of the Company. The Company will be permitted to issue additional notes from time to time under the Indenture. Any offering of additional notes will be subject to the covenant described under the caption Limitation on Indebtedness. All notes issued under the Indenture, including any notes subsequently issued under the Indenture, will be treated as a single class for all purposes under the Indenture, including, without limitation, with respect to waivers, amendments, redemptions and offers to purchase. The New Notes and any additional notes will mature on March 1, 2016. As of the date of the Indenture and the date of the issuance of the Old Notes, all of the Company's Subsidiaries were Restricted Subsidiaries, other than Green Valley Ranch Gaming LLC, SC Michigan, LLC and MPM Enterprises, LLC, each of which is an Unrestricted Subsidiary. Under certain circumstances, the Company will be able to designate certain current or future Subsidiaries as Unrestricted Subsidiaries. Unrestricted Subsidiaries are not subject to many of the restrictive covenants set forth in the Indenture.

Interest on the Notes

The New Notes will pay interest semiannually at a rate of 6⁷/₈% per annum from the date of original issuance of the Old Notes until maturity.

Interest on the New Notes will accrue from the most recent interest payment date to which interest has been paid, or if no interest has been paid, from the date of original issuance of the Old Notes. Interest on the New Notes will be payable on March 1 and September 1 of each year, commencing March 1, 2006 to the person in whose name the New Note is registered (a Noteholder) at the close of business on the preceding February 15 or August 15, as the case may be.

Principal of and interest on the Notes are payable at the offices of the paying agent for the Notes, Deutsche Bank Trust Company Americas located at 60 Wall Street, New York, NY 10005, provided that the payment of interest may be made at the Company's option by wire or check mailed to a Noteholder's registered address. The Notes are transferable at the offices of the Registrar for the Notes, located at the offices of the paying agent.

Thereafter, the Notes will be redeemable, at the Company's option, in whole or in part, upon not less than 30 days nor more than 60 days notice mailed to each Noteholder to be redeemed at the Noteholder's address of record, on any date on which the Notes are outstanding on or after March 1, 2009 and prior to maturity.

The Notes will be redeemable at the following redemption prices (expressed as percentages of principal amount), plus accrued and unpaid interest to the redemption date, if redeemed during the 12-month period beginning March 1 of the years indicated below:

Year	Redemption Prices
2009	102.578 %
2010	101.719 %
2011	100.859 %
2012 and thereafter	100.000 %

Selection for Redemption

If fewer than all the Notes are to be redeemed, the Trustee will select the Notes or portions thereof that will be redeemed as provided in the Indenture on a pro rata basis or by lot. Unless the Company defaults in making the redemption payment, on and after the redemption date, interest will cease to accrue on the Notes or portions of them called for redemption.

Ranking

The Notes are:

- unsecured senior subordinated obligations of the Company;
 - subordinated to all Senior Indebtedness of the Company;
 - equal in right of payment with all existing and future senior subordinated Indebtedness of the Company;
- and

- senior in right of payment to all existing and future Subordinated Indebtedness of the Company.

The Notes effectively rank junior to secured Indebtedness of the Company, including borrowings under the Bank Facility, to the extent of the value of the property securing such Indebtedness, and to all liabilities of the Company's subsidiaries.

Subordination

The Notes are subordinated in right of payment, as set forth in the Indenture, to the prior payment in full of all existing and future Senior Indebtedness. Except with respect to limitations on the aggregate amount of consolidated Indebtedness that the Company may incur, the Indenture does not limit the ability of the Company to incur additional Senior Indebtedness or restrict the ability of the Company to transfer assets to and among its Restricted Subsidiaries. In the event of bankruptcy, liquidation or reorganization of the Company, the assets of the Company will be available to make payments on the Notes only after all Senior Indebtedness has been paid in full, and there may not be sufficient assets remaining to pay amounts due on the Notes.

Under certain circumstances, as described below, holders of Senior Indebtedness may block payments on the Notes. In addition, all of the Company's operating assets are owned by Subsidiaries of the Company. Any claims of the Noteholders against the assets of Subsidiaries would effectively be subordinate to all existing and future indebtedness and other liabilities (including trade payables) of such Subsidiaries.

Upon any payment or distribution of cash, securities or other property to creditors of the Company in a liquidation (total or partial), reorganization or dissolution of the Company, whether voluntary or involuntary, or in a bankruptcy, reorganization, insolvency, receivership, assignment for the benefit of creditors, marshalling of assets or similar proceeding, the payment of the principal of, interest on, or other distribution with respect to, the Notes will be subordinated in right of payment, as set forth in the Indenture, to the prior payment in full of all Senior Indebtedness. In the event that (i) any Designated Senior Indebtedness is not paid when due or (ii) any other default on Designated Senior Indebtedness occurs and in the case of this clause (ii) the maturity of such Designated Senior Indebtedness is accelerated in accordance with its terms, no direct or indirect payment may be made under the Notes unless, in either case, (x) such default has been cured or waived and any such acceleration has been rescinded or (y) such Designated Senior Indebtedness has been paid in full. In addition, during the continuance of any other event of default with respect to Designated Senior Indebtedness that permits acceleration of the maturity thereof, no direct or indirect payment may be made under the Notes for a period of 180 days (the Payment Blockage Period) commencing on the earlier of (i) the date the Trustee receives written notice of such default from a representative with respect to, or the holders of a majority in principal amount of, any issue of Designated Senior Indebtedness or (ii) if such event of default results from the acceleration of the Notes, the date of such acceleration. Not more than one Payment Blockage Period may be commenced with respect to the Notes during any period of 360 consecutive days. In no event will a Payment Blockage Period extend beyond 179 days from the date the payment upon or in respect of the Notes was due, and there must be 180 days in any 360-day period in which no Payment Blockage Period is in effect as to the Company. For all purposes of this paragraph, no default or event of default which existed or was continuing on the date of the commencement of any Payment Blockage Period with respect to the Designated Senior Indebtedness initiating such Payment Blockage Period shall be, or be made, the basis for the commencement of a subsequent Payment Blockage Period by the representative or requisite holders of such Designated Senior Indebtedness whether or not within a period of 360 consecutive days unless such default or event of default shall have been cured or waived for a period of not less than 90 consecutive days. The failure to make a payment pursuant to the Notes because of the restrictions

described in this paragraph shall not be construed as preventing the occurrence of a default and such restrictions shall not have any effect on the right to accelerate the maturity of the Notes.

The provisions described in the two preceding paragraphs shall not prevent or delay (i) the Company from redeeming any Notes if required by any Gaming Authority as described under *Mandatory Disposition Pursuant to Gaming Laws* or from otherwise purchasing any Notes pursuant to any Legal Requirement relating to the gaming business of the Company or its Subsidiaries or (ii) the receipt by the Noteholders of payments of principal and interest on the Notes, as described under *Satisfaction and Discharge of the Indenture*, from the application of any money or United States Government Obligations held in trust by the Trustee.

As of June 30, 2005, after giving effect to the September Add-On and the application of the net proceeds therefrom, the Company had approximately \$454.5 million of senior indebtedness, which consisted of outstanding 6% Senior Notes due 2012 and indebtedness incurred by our subsidiaries, \$1.18 billion of senior subordinated indebtedness, consisting of \$17.3 million of outstanding 9⁷/₈% Senior Subordinated Notes due 2010, \$450 million of 6¹/₂% Senior Subordinated Notes due 2014 and \$708.2 million of outstanding 6⁷/₈% Senior Subordinated Notes due 2016 that ranked equally with the Notes and the Company's subsidiaries had outstanding \$73.5 million of other liabilities that effectively rank senior to the Notes. The Company has indebtedness outstanding to which the Notes are senior, and the Company had no plans to issue any such indebtedness.

Change of Control and Rating Decline

Upon the occurrence of a Change of Control Triggering Event, each Noteholder shall have the right to require that the Company repurchase all or any part of such Noteholder's Notes at a repurchase price in cash equal to 101% of the principal amount thereof, plus accrued interest to the date of repurchase. Within 30 days following the date of a Change of Control Triggering Event, the Company shall mail a notice to each Noteholder with a copy to the Trustee stating: (1) that a Change of Control Triggering Event has occurred and that such Noteholder has the right to require the Company to repurchase all or any part of such Noteholder's Notes at a repurchase price in cash equal to 101% of the principal amount, plus accrued interest to the date of repurchase thereof; (2) the circumstances and relevant facts regarding such Change of Control Triggering Event (including information with respect to pro forma historical income, cash flow and capitalization after giving effect to such Change of Control Triggering Event); and (3) the repurchase date (which shall be no earlier than 30 days nor later than 60 days from the date such notice is mailed) (the *Repurchase Date*). Noteholders electing to have Notes repurchased will be required to surrender the Notes, with an appropriate, duly completed form, to the Company at the address specified in the notice at least three Business Days prior to the Repurchase Date. Noteholders will be entitled to withdraw their election if the paying agent receives, not later than three Business Days prior to the Repurchase Date, a telegram, telex, facsimile transmission or letter setting forth the name of the Noteholder, the principal amount of the Notes which were delivered for repurchase by the Noteholder and a statement that such holder is withdrawing such holder's election to have such Notes repurchased.

The source of funds for any repurchase of Notes upon a Change of Control Triggering Event will be the Company's cash or cash generated from operations or other sources, including borrowings, sales of assets or equity. However, there can be no assurance that sufficient funds will be available at the time of any Change of Control Triggering Event to make any required repurchases. In addition, the ability to repurchase Notes upon a Change of Control Triggering Event would be limited by the Bank Facility and may be limited by the terms of other then-existing Indebtedness. There can be no assurance that the Company will be able to fund the repurchase of Notes upon a Change of Control Triggering Event within the limitations imposed by the Bank Facility and by the terms of other then-existing Indebtedness. The Indenture requires the Company, if any consent under the Bank Facility is necessary to permit the repurchase of Notes as described in the preceding paragraph, to (i) repay in full all Indebtedness under the

Bank Facility or offer to repay in full all Indebtedness under the Bank Facility or (ii) obtain the requisite consent under the Bank Facility. The failure to comply with the covenant set forth in the preceding sentence will not excuse the failure to repurchase Notes upon a Change of Control Triggering Event. There can be no assurance that the Company will be able, as required by the Indenture, to repay the Bank Facility or obtain any consent under the Bank Facility necessary to permit the repurchase of the Notes upon a Change of Control Triggering Event. However, any default by the Company in payment of principal when the same becomes due and payable upon a Noteholder's exercise of the repurchase offer following a Change of Control Triggering Event will be deemed an Event of Default (as a remedy for which Noteholders would be entitled to receive the purchase price due upon a Change of Control Triggering Event).

The Company will comply with Rule 14e-1 under the Exchange Act and any other securities laws, to the extent such rules and laws are applicable, in the event that a Change of Control Triggering Event occurs and the Company is required to repurchase Notes.

The existence of a Noteholder's right to require the Company to repurchase such Noteholder's Note upon the occurrence of a Change of Control Triggering Event may deter a third party from acquiring the Company in a transaction which would constitute a Change of Control.

Limitation on Indebtedness

Unless the Notes are rated the Required Rating (during which time the following covenant will not be in effect), the Company will not, and will not permit any of its Subsidiaries to, directly or indirectly, create, incur, issue, assume, guarantee, or otherwise in any manner become liable, directly or indirectly, with respect to any Indebtedness, except, without duplication, for (i) the incurrence by the Company's Unrestricted Subsidiaries of Qualified Non-Recourse Debt, *provided, however*, that if any such Indebtedness ceases to be Qualified Non-Recourse Debt of an Unrestricted Subsidiary, such event shall be deemed to constitute an incurrence of Indebtedness by a Restricted Subsidiary of the Company; (ii) FF&E Financing incurred by the Company or its Restricted Subsidiaries, (iii) the Notes, (iv) all Existing Notes, (v) provided no Event of Default shall have occurred and be continuing, other Indebtedness of the Company and its Restricted Subsidiaries in an amount not to exceed \$15,000,000 in aggregate principal amount, (vi) additional Indebtedness of the Company and its Restricted Subsidiaries, if at the time of the incurrence of such Indebtedness, the pro forma Consolidated Coverage Ratio of the Company, calculated cumulatively for the four most recent consecutive fiscal quarters of the Company and ending prior to the date of incurrence (the Reference Period) is not less than 2.00 to 1.00, after giving effect to (A) the incurrence of such Indebtedness as if such Indebtedness was incurred at the beginning of the Reference Period and (if applicable) the application of the net proceeds thereof to refinance other Indebtedness as if the application of such proceeds occurred at the beginning of the Reference Period and, (B) the acquisition or disposition of any company or business acquired or disposed of by the Company or any Restricted Subsidiary since the first day of the Reference Period, including any acquisition or disposition which will be consummated contemporaneously with the incurrence of such Indebtedness, as if such acquisition or disposition occurred at the beginning of the Reference Period, (vii) Permitted Refinancing Indebtedness, (viii) Indebtedness incurred under the Bank Facility not to exceed the greater of (A) \$200 million or (B) 1.5 times Operating Cash Flow calculated cumulatively for the four most recent consecutive fiscal quarters of the Company immediately preceding the date on which such Indebtedness is incurred, provided that the exception in this clause (viii) shall not be applicable to any Indebtedness incurred in refinancing the Bank Facility if the managing agent for the lenders of such refinancing Indebtedness is a person other than a banking institution with over \$500 million in assets and subject to supervision and examination by federal or state banking authorities, (ix) Interest Rate Protection Agreements of the Company or any Restricted Subsidiary covering solely Indebtedness of the Company or any Restricted Subsidiary which is otherwise permitted to be incurred pursuant to this paragraph,

(x) Indebtedness to the Company or a wholly-owned Restricted Subsidiary, or (xi) to the extent that such incurrence does not result in the incurrence by the Company or any Restricted Subsidiary of any obligation for the payment of borrowed money of others, Indebtedness incurred solely as a result of the execution by the Company or its Restricted Subsidiaries of a Completion Guarantee and Keep-Well Agreement; *provided, however*, that the foregoing exception shall not be applicable to Indebtedness incurred in connection with the performance by the Company or its Restricted Subsidiaries of a Completion Guarantee and Keep-Well Agreement.

For purposes of determining compliance with this covenant, in the event that an item of Indebtedness meets the criteria of more than one of the categories of Indebtedness described in clauses (i) through (xi) of the first paragraph of this covenant, the Company will, in its sole discretion, classify such item of Indebtedness in any manner that complies with this covenant and such item of Indebtedness will be treated as having been incurred pursuant to only one of such clauses. The Company may reclassify such Indebtedness from time to time in its sole discretion.

Limitation on Capital Stock of Restricted Subsidiaries

The Company will not permit any Restricted Subsidiary to issue any Capital Stock to any person (other than to the Company or any wholly-owned Restricted Subsidiary) that shall entitle the holder of such Capital Stock to a preference in right of payment in the event of liquidation, dissolution or winding-up of such Restricted Subsidiary or with respect to dividends of such Restricted Subsidiary.

Limitation on Transactions with Affiliates

Unless the Notes are rated the Required Rating (during which time the following covenant will not be in effect), the Company will not, and will not permit any Restricted Subsidiary to, directly or indirectly, conduct any business or enter into any transaction or series of related transactions (including the purchase, sale, lease or exchange of any property or the rendering of any service), pursuant to which the Company or any Restricted Subsidiary shall receive or render value exceeding \$1,000,000, with any Affiliate or Related Person of the Company or of the Existing Equity Holders (other than the Company or a wholly-owned Restricted Subsidiary of the Company), unless (i) the terms of such business, transaction or series of related transactions are (A) set forth in writing and (B) fair and reasonable to the Company or such Restricted Subsidiary, and no less favorable to the Company or such Restricted Subsidiary, as the case may be, as terms that would be obtainable at the time for a comparable transaction or series of related transactions with an unrelated third person and (ii) the disinterested directors of the Board of Directors of the Company have, by resolution, determined in good faith that such business or transaction or series of related transactions meets the criteria set forth in (i) (B) above, which determination shall be conclusive and (iii) with respect to any transaction or series of related transactions otherwise permitted under this paragraph pursuant to which the Company or any Restricted Subsidiary shall receive or render value exceeding \$15,000,000, such transaction or series of related transactions shall not be permitted unless, prior to consummation thereof, the Company shall have received an opinion, from an independent nationally recognized firm experienced in the appraisal or similar review of similar types of transactions, that such transaction or series of related transactions is on terms which are fair, from a financial point of view, to the Company or such Restricted Subsidiary. Notwithstanding the foregoing, the Company or any of its Restricted Subsidiaries shall be entitled to provide management services to an Unrestricted Subsidiary whose sole purpose is to develop, construct and operate a new gaming facility, provided that the Company or such Restricted Subsidiary, as the case may be, is reimbursed by the Unrestricted Subsidiary for all costs and expenses (including without limitation payroll) it incurs in providing such services.

Limitation on Dividends and Other Payment Restrictions Affecting Restricted Subsidiaries

Unless the Notes are rated the Required Rating (during which time the following covenant will not be in effect), the Company will not, and will not permit any Restricted Subsidiary to, directly or indirectly, create or otherwise cause or suffer to exist or become effective any encumbrance or restriction on the ability of any Restricted Subsidiary to: (i) pay dividends or make any other distribution on its Capital Stock or any other interest or participation in, or measured by, its profits, or pay any interest or principal due on Indebtedness owed to the Company or any of its Restricted Subsidiaries; (ii) make loans or advances to the Company or any of its Restricted Subsidiaries; or (iii) transfer any of its properties or assets to the Company or any of its Restricted Subsidiaries, other than (a) any such encumbrance or restriction imposed by any Gaming Authority, (b) any encumbrance or restriction existing on the date of the Indenture contained in the Bank Facility relating to Indebtedness that does not exceed the greater of (1) \$200 million or (2) 1.5 times Operating Cash Flow calculated cumulatively for the four most recent consecutive fiscal quarters of the Company immediately preceding the date on which such indebtedness is incurred, (c) any encumbrance or restriction with respect to a Restricted Subsidiary pursuant to an agreement relating to any Indebtedness (other than Indebtedness incurred in anticipation of, as consideration in, or to provide all or any portion of the funds utilized to consummate, the transaction or series of related transactions pursuant to which such Restricted Subsidiary became a Subsidiary of the Company) incurred by such Restricted Subsidiary on or prior to the date on which such Restricted Subsidiary became a Restricted Subsidiary of the Company and outstanding on such date, (d) any pledge by the Company or a Restricted Subsidiary of the stock of an Unrestricted Subsidiary if such pledge is made in connection with the incurrence of Qualified Non-Recourse Debt by such Unrestricted Subsidiary; and (e) any encumbrance or restriction pursuant to an agreement relating to Indebtedness issued to repay or amend Indebtedness referred to in clause (b), (c) or (e) of this paragraph, *provided*, however, that any such encumbrance or restriction is no less favorable to the Noteholders than encumbrances and restrictions contained in agreements relating to the Indebtedness so repaid or amended, and *provided further*, that in the event that Indebtedness is issued to repay or amend the Bank Facility, the aggregate principal amount of such Indebtedness shall not exceed the greater of (A) \$200 million or (B) 1.5 times Operating Cash Flow calculated cumulatively for the four most recent consecutive fiscal quarters of the Company immediately preceding the date on which such Indebtedness is issued.

Provision of Financial Information

The Company will file with the Trustee and provide Noteholders within 15 days after it files them with the SEC copies of the quarterly and annual reports and of the information, documents and other reports (or copies of such portions of any of the foregoing as the SEC may by rules and regulations prescribe) which the Company files with the SEC pursuant to Sections 13(a) and 13(c) or 15(d) of the Exchange Act. The Company will continue to file with the SEC and the Trustee, and provide to Noteholders, on the same timely basis such reports, information and other documents as the Company would be required to file with the SEC as if the Company were subject to the requirements of such Sections 13(a) and 13(c) or 15(d) of the Exchange Act, notwithstanding that the Company may no longer be subject to Section 13(a) and 13(c) or 15(d) of the Exchange Act and that the Company would be entitled not to file such reports, information and other documents with the SEC. In addition, if the Company has any Unrestricted Subsidiaries at such time, it shall also file with the Trustee, and provide to the Noteholders, on the same timely basis, all quarterly and annual financial statements (which information may be unaudited) that would be required by Forms 10-Q and 10-K if the Company did not have such Unrestricted Subsidiaries.

Restriction on Layering Debt

The Company will not incur any Indebtedness that is subordinate or junior in right of payment to Senior Indebtedness and senior in any respect in right of payment to the Notes.

Consolidation, Merger and Sale of Assets

The Company may not consolidate with or merge with or into any other entity (other than with a wholly-owned Restricted Subsidiary, provided the Company is the continuing corporation) or sell, convey, assign, transfer, lease or otherwise dispose of all or substantially all of its properties and assets (determined on a consolidated basis for the Company and its Restricted Subsidiaries taken as a whole) to any entity, unless: (1) either (a) the Company shall be the continuing corporation or (b) the entity (if other than the Company) formed by such consolidation or into which the Company is merged or the entity that acquires, by sale, conveyance, assignment, transfer, lease or disposition, all or substantially all of the properties and assets of the Company shall be a corporation, partnership or trust organized and validly existing under the laws of the United States or any state thereof or the District of Columbia, and shall expressly assume by a supplemental indenture, the due and punctual payment of the principal of and premium, if any, and interest on all the Notes and the performance and observance of every covenant of the Indenture on the part of the Company to be performed or observed; (2) immediately thereafter, no Event of Default (and no event that, after notice or lapse of time, or both, would become an Event of Default) shall have occurred and be continuing; (3) immediately after giving effect to any such transaction involving the incurrence by the Company or any Restricted Subsidiary, directly or indirectly, of additional Indebtedness (and treating any Indebtedness not previously an obligation of the Company or any of its Restricted Subsidiaries incurred in connection with or as a result of such transaction as having been incurred at the time of such transaction), the Company (if it is the continuing corporation) or such other entity could incur at least \$1.00 of additional Indebtedness pursuant to clause (vi) of the 67⁸% Indenture covenant described under

Limitation on Indebtedness; and (4) immediately thereafter, the Company (if it is the continuing corporation) or such other entity shall have a Consolidated Net Worth equal to or greater than the Consolidated Net Worth of the Company immediately prior to such transaction.

Events of Default

An Event of Default is deemed to occur if: (1) the Company defaults in the payment of interest on any Note when the same becomes due and payable and such default continues for a period of 30 days following the due date, (2) the Company defaults in the payment of the principal of any Note when the same becomes due and payable at maturity, upon optional redemption of the Notes by the Company, upon exercise by the Noteholder of the put option upon a Change of Control Triggering Event, upon declaration or otherwise, (3) the Company fails to observe, perform or comply with any of the provisions described under Consolidation, Merger and Sale of Assets; (4) the Company fails to observe, perform or comply with any of its other agreements or covenants in, or provisions of, the Notes or the Indenture and such failure to observe, perform or comply continues for a period of 60 days after receipt by the Company of notice of default from the Trustee or the holders of at least 25% in principal amount of the Notes; (5) the Company fails, after any applicable grace period, to make any payment of principal of, premium in respect of, or interest on, any Indebtedness when due, or any Indebtedness of the Company or any of its Restricted Subsidiaries is accelerated because of a default and the aggregate principal amount of such Indebtedness with respect to which any such failure to pay or acceleration has occurred exceeds the greater of (a) \$10,000,000 and (ii) 5% of Consolidated Net Tangible Assets; (6) any encumbrance or restriction of the type described under Limitation on Dividends and Other Payment Restrictions Affecting Restricted Subsidiaries becomes applicable to any Restricted Subsidiary; (7) certain events of bankruptcy or insolvency of the Company or any of its Restricted Subsidiaries occur; (8) one or more judgments, orders or decrees are rendered against the Company or any of its Restricted Subsidiaries in an aggregate amount in excess of (x) \$10,000,000 and (y) 5% of Consolidated Net Tangible Assets (in each case, to the extent not covered by insurance) and, in each case, that are not discharged for a period of 60 days during which a stay of enforcement of such judgments, orders or decrees, by reason of a pending appeal or otherwise, is not in effect; or (9) any Gaming License of the Company or any of its Restricted Subsidiaries is revoked, terminated or suspended or otherwise ceases to be effective, resulting in the cessation or suspension of

operation for a period of more than 90 days of the casino business of any casino-hotel owned, leased or operated directly or indirectly by the Company or any of its Restricted Subsidiaries (other than any voluntary relinquishment of a Gaming License if such relinquishment is, in the reasonable, good faith judgment of the Board of Directors of the Company, evidenced by a resolution of such Board, both desirable in the conduct of the business of the Company and its Restricted Subsidiaries, taken as a whole, and not disadvantageous in any material respect to the Noteholders).

If an Event of Default (other than an Event of Default respecting events of bankruptcy, insolvency, receivership or reorganization) occurs and is continuing, the Trustee by notice to the Company, or the holders of at least 25% in principal amount of the outstanding Notes, by notice to the Company and the Trustee, may declare to be immediately due and payable the unpaid principal of and all accrued interest and premium, if any, on the Notes. If an Event of Default respecting events of bankruptcy, insolvency, receivership or reorganization occurs, such an amount shall become immediately due and payable without any declaration or other act on the part of the Trustee or any Noteholder. The holders of a majority in principal amount of the then outstanding Notes, by notice to the Trustee, may rescind an acceleration and its consequences if the rescission would not conflict with any judgment or decree and if all existing Events of Default have been cured or waived, except non-payment of principal or interest that has become due solely because of the acceleration. The holders of a majority in principal amount of the then outstanding Notes, by notice to the Trustee, may waive an existing default or Event of Default and its consequences, except a continuing default or Event of Default in the payment of the principal of any Note.

The Company will file annually with the Trustee an Officers' Certificate regarding compliance by the Company with the terms thereof and specifying any defaults of which the signers may have knowledge.

Waiver and Modification of the Indenture

The Company and the Trustee may amend the Indenture or the Notes without the consent of any Noteholders to: (i) cure any ambiguity, defect or inconsistency; (ii) comply with the provision of the Indenture relating to mergers and consolidations of the Company; (iii) provide for uncertificated Notes in addition to certificated Notes; (iv) make any change that does not adversely affect the rights of any Noteholder; or (v) comply with the Trust Indenture Act.

The Company and the Trustee may amend any provisions of the Indenture or the Notes with the written consent of the holders of at least a majority in principal amount of the Notes then outstanding. The holders of a majority in principal amount of the outstanding Notes may waive compliance by the Company with any such provision. The terms of the Bank Facility require the consent of the lenders thereunder before the Company may amend, modify or supplement the Indenture, except for amendments, which do not require the consent of any Noteholder under the Indenture.

However, without the consent of each Noteholder affected, no amendment or waiver of any provision of the Indenture may: (i) reduce the amount of Notes whose holders must consent to an amendment or waiver; (ii) reduce the rate or change the time of payment of interest on any Notes; (iii) reduce the principal or change the fixed maturity of any Notes or alter the redemption provisions with respect thereto; (iv) make any Notes payable in money other than that stated in the Notes; (v) make any change in provisions of the Indenture relating to waivers of compliance with, or past defaults of, the Indenture or the Notes, or the right of Noteholders to receive payments of principal, premium or interest; or (vi) waive a default in payment of the principal of, or interest on, any Notes.

Satisfaction and Discharge of the Indenture

The Indenture will be discharged upon payment or redemption of all the Notes issued thereunder. In addition, upon deposit with the Trustee of money or noncallable United States Government Obligations sufficient for full payment of such Notes and delivery to the Trustee of a satisfactory opinion of counsel

regarding federal income tax consequences to the Noteholders, all obligations under the Indenture, other than with respect to compensation and indemnity of the Trustee and certain other obligations, will be discharged.

Concerning the Trustee

The Indenture contains certain limitations on the right of the Trustee, should it be or become a creditor of the Company, to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The Trustee will be permitted to engage in other transactions with the Company; however, if it acquires any conflicting interest (as defined), it must eliminate such conflict or resign.

The holders of a majority in principal amount of the then outstanding Notes will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee. However, the Trustee may refuse to follow any direction that conflicts with law or the Indenture, is unduly prejudicial to the rights of other Noteholders or would involve the Trustee in personal liability. The Indenture provides that in case an Event of Default shall occur (which shall not be cured), the Trustee will be required, in the exercise of its powers, to use the degree of care of a prudent person in the conduct of his or her own affairs. Subject to such provisions, the Trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request of any of the Noteholders, unless they shall have offered to the Trustee satisfactory indemnity.

Mandatory Disposition Pursuant to Gaming Laws

If a record or a beneficial owner of a Note is required by any Gaming Authority to be found suitable, the owner shall apply for a finding of suitability within 30 days after the request of such Gaming Authority. The applicant for a finding of suitability must pay all costs of the investigation for such finding of suitability. If a holder or beneficial owner is required to be found suitable and is not found suitable by such Gaming Authority, (i) such owner shall, upon request of the Company, dispose of such owner's Notes within 30 days or within that time prescribed by such Gaming Authority, whichever is earlier, or (ii) the Company may, at its option, redeem such owner's Notes at the lesser of (x) the principal amount thereof or (y) the price at which the Notes were acquired by such owner, together with, in either case, accrued interest to the date of the finding of unsuitability by such Gaming Authority, or (z) such other amount required by such Gaming Authority.

THE EXCHANGE OFFER

We sold the Old Notes in June of 2005 to initial purchasers in a private offering. As a condition to the sale of the Old Notes, SCI and the initial purchasers entered into the Registration Rights Agreements. The registration statement, of which this prospectus is part, is intended to satisfy certain of our obligations under the Registration Rights Agreements summarized below.

Pursuant to the Registration Rights Agreements, we agreed to file with the SEC an exchange offer registration statement on the appropriate form under the Securities Act with respect to the New Notes. Upon the effectiveness of the exchange offer registration statement, we will offer to the holders of Old Notes who are able to make certain representations the opportunity to exchange their Old Notes for the New Notes of the applicable series. If we are not permitted to consummate the exchange offer because the exchange offer is not permitted by applicable law or Commission policy, or any noteholder notifies us within the specified time period that it:

- is prohibited by law or SEC policy from participating in the exchange offer; or
- that it may not resell the New Notes acquired by it in the exchange offer to the public without delivering a prospectus and the prospectus contained in the exchange offer registration statement is not appropriate or available for such resales; or
- that it is a broker-dealer and owns Old Notes acquired directly from us or an affiliate of ours,

we will file with the SEC a shelf registration statement to cover resales of the Old Notes by the noteholders who satisfy certain conditions relating to the provision of information in connection with the shelf registration statement.

The Registration Rights Agreements provide that we will:

- file an exchange offer registration statement with the SEC on or prior the date that is 60 days following the date of issuance of the Notes;
- use our best efforts to have the exchange offer registration statement declared effective by the SEC on or prior to the date that is 120 days following the date of issuance Notes;
- unless the exchange offer would not be permitted by applicable law or SEC policy, commence the exchange offer and use our best efforts to issue on or prior to 30 business days (or longer if required by applicable law) after the date on which the exchange offer registration statement was declared effective by the SEC, New Notes in exchange for all Old Notes tendered prior thereto in the exchange offer; and
- if obligated, to file a shelf registration statement, and use our best efforts to file a shelf registration statement with the SEC on or prior to 60 days after such filing obligation arises and to cause the shelf registration statement to be declared effective by the SEC as soon as practicable thereafter (and in any event on or prior to the date that is 120 days following the date of issuance of the Notes; provided that such period shall be extended if necessary to provide us with 30 days notice of its filing obligation).

If:

- we fail to file any of the registration statements required by the Registration Rights Agreement on or before the date specified for such filing, or
- any of such registration statements is not declared effective by the SEC on or prior to the date specified for such effectiveness (the Effectiveness Target Date), or

- we fail to consummate the exchange offer within 30 business days after the Effectiveness Target Date with respect to the exchange offer registration statement; or
- the shelf registration statement is declared effective but thereafter ceases to be effective or usable in connection with resales of the transfer restricted securities during the periods specified in the Registration Rights Agreement;

(each such event referred to in the clauses above a Registration Default), then we will pay liquidated damages to each holder of Notes with respect to which there is a Registration Default, with respect to the first 90-day period immediately following the occurrence of such Registration Default in an amount equal to \$.05 per week per \$1,000 principal amount of Old Notes held by such holder. The amount of the liquidated damages will increase by an additional \$.05 per week per \$1,000 principal amount constituting transfer restricted securities with respect to each subsequent 90-day period until all Registration Defaults have been cured, up to a maximum amount of liquidated damages of \$.15 per week per \$1,000 principal amount of Old Notes with respect to which there is a Registration Default and which constitute transfer restricted securities. We will pay all accrued liquidated damages on each damages payment date (as defined in the applicable Indenture) to the global note holder by wire transfer of immediately available funds or by federal funds check and to holders of certificated securities by mailing checks to their registered addresses. Following the cure of all Registration Defaults, liquidated damages will not accrue.

Transfer Restricted Securities

For purposes of the foregoing, transfer restricted securities means each Old Note until:

- the date on which such Old Note has been exchanged by a person other than a broker-dealer for a New Note in the exchange offer;
- following the exchange by a broker-dealer in the exchange offer of an Old Note for a New Note, the date on which such New Note is sold to a purchaser who receives from such broker-dealer on or prior to the date of such sale a copy of the prospectus contained in the exchange offer registration statement;
- the date on which such Old Note has been effectively registered under the Securities Act and disposed of in accordance with the shelf registration statement; or
- the date on which such Old Note may be distributed to the public pursuant to Rule 144 or another applicable resale exemption under the Securities Act.

Terms of the Exchange Offer

Upon the terms and subject to the conditions set forth in this prospectus and in the letter of transmittal, we will accept any and all of the Old Notes validly tendered and not withdrawn prior to the expiration date of the exchange offer. Currently, there is \$150.0 million principal amount of Old Notes outstanding. This prospectus, together with the letter of transmittal, is first being sent on or about _____, 2005, to all noteholders known to us. Our obligation to accept the Old Notes for exchange pursuant to the exchange offer is subject to the conditions as set forth under Certain Conditions to the Exchange Offer below. We will issue \$1,000 principal amount of New Notes in exchange for each \$1,000 principal amount of outstanding Old Notes accepted in the exchange offer. Noteholders may tender some or all of their Old Notes pursuant to the exchange offer. See Consequences of Failure to Exchange. However, the Old Notes may be tendered only in integral multiples of \$1,000.

The New Notes will evidence the same debt as the Old Notes for which they are exchanged, and are entitled to the benefits of the Indenture governing the exchanged Old Notes. The form and terms of the New Notes are the same as the form and terms of the exchanged Old Notes, except that the New Notes

have been registered under the Securities Act. Therefore, the New Notes will not bear legends restricting their transfer.

Noteholders do not have any appraisal or dissenters' rights under the Indenture in connection with the exchange offer. We intend to conduct the exchange offer in accordance with the applicable requirements of Regulation 14E under the Exchange Act.

We shall be deemed to have accepted validly tendered Old Notes when, as, and if we have given verbal or written notice of our acceptance to the exchange agent. The exchange agent will act as agent for the tendering noteholders for the purpose of receiving the New Notes.

If any tendered Old Notes are not accepted for exchange because of an invalid tender, or the failure to satisfy other conditions to the exchange offer or otherwise, we will return such unaccepted tenders of Old Notes without expense to the noteholder of the Old Note, as promptly as practicable after the expiration date of the exchange offer.

Noteholders whose Old Notes are not tendered or are tendered but not accepted in the exchange offer will continue to hold such Old Notes and will be entitled to all the rights and preferences and subject to the limitations applicable to the Old Notes under the Indenture. Following completion of the exchange offer, the noteholders will continue to be subject to the existing restrictions upon transfer of the Old Notes and we will have no further obligation to those noteholders to provide for the registration under the Securities Act of the Old Notes held by them. To the extent that Old Notes are tendered and accepted in the exchange offer, the trading market for untendered, and tendered but unaccepted, Old Notes could be adversely affected. See Risk Factors Restrictions Upon Transfer of and Limited Trading Market for Old Notes.

Noteholders who tender Old Notes in the exchange offer will not be required to pay brokerage commissions or fees or, subject to the instructions in the letter of transmittal, transfer taxes with respect to the exchange of Old Notes pursuant to the exchange offer. We will pay all charges and expenses, other than certain applicable taxes, in connection with the exchange offer. See Fees and Expenses; Solicitation of Tenders.

Expiration Date; Extensions; Amendments

The term expiration date shall mean 5:00 p.m., New York City time on _____, 2005, unless we extend the exchange offer. If we do extend the exchange offer, the term expiration date shall mean the date and time to which the exchange offer is extended.

In order to extend the expiration date of the exchange offer, we will notify the exchange agent of any extension by verbal or written notice, mail to the registered noteholders an announcement of that notice, and will make a release to the Dow Jones News Services prior to 9:00 a.m., New York City time, on the next business day after the previously scheduled expiration date of the exchange offer.

We reserve the right at our sole discretion:

- _____ to delay accepting any Old Notes;
- _____ to extend the exchange offer;
- _____ to terminate the exchange offer and not accept the Old Notes not previously accepted if any of the conditions set forth below under Certain Conditions to the Exchange Offer shall have occurred and shall not have been waived by us, by giving oral or written notice of such delay, extension or termination to the exchange agent; or
- _____ to amend the terms of the exchange offer in any manner.

Any such delay in acceptance, extension, termination or amendment will be followed as promptly as practicable by oral or written notice thereof to the noteholders. If the exchange offer is amended in a manner determined by us to constitute a material change, we will promptly disclose such amendment by means of a prospectus supplement that will be distributed to all noteholders, and we will extend the exchange offer for a period of five to ten business days, depending upon the significance of the amendment and the manner of disclosure to noteholders, if the exchange offer would otherwise expire during such five to ten business day period. During any extension of the expiration date of the exchange offer, all Old Notes previously tendered will remain subject to the exchange offer and may be accepted for exchange by us.

We shall have no obligation to publish, advertise, or otherwise communicate any such public announcement, other than by making a timely release to the Dow Jones News Service.

Interest on the New Notes

Interest accrues on the New Notes at the rate of 6⁷/₈% per annum and will be payable in cash semiannually in arrears on each March 1 and September 1, commencing March 1, 2006. No interest will be payable on the Old Notes on the date of the exchange for the New Notes and therefore no interest will be paid thereon to the noteholders at such time.

Procedures for Tendering the Old Notes

When a beneficial owner of Old Notes tenders them to us as set forth below and we accept the Old Notes, we and the beneficial owner of the Old Notes will be deemed to have entered into a binding agreement upon the terms and subject to the conditions set forth in this prospectus and the letter of transmittal.

Except as set forth below, if you wish to tender the Old Notes for exchange pursuant to the exchange offer, you must transmit a properly completed and duly executed letter of transmittal, including all other documents required by such letter of transmittal, to the exchange agent at one of the addresses set forth below under "Exchange Agent" on or prior to the expiration date of the exchange offer. In addition:

- the exchange agent must receive certificates for such Old Notes along with the letter of transmittal;
- the exchange agent must receive prior to the expiration date of the exchange offer a timely confirmation of a book-entry transfer of such Old Notes into the exchange agent's account at the Depository Trust Company pursuant to the procedure for book-entry transfer described below; or
- the noteholder must comply with the guaranteed delivery procedures described below.

The method of delivery of Old Notes, letters of transmittal and all other required documents is at the election and risk of the noteholder. If such delivery is by mail, we recommend that registered mail, properly insured, with return receipt requested, be used. In all cases, you should allow sufficient time to assure timely delivery. You should not send letters of transmittal or Old Notes to us.

Each signature on a letter of transmittal or a notice of withdrawal, as the case may be, must be guaranteed unless the Old Notes surrendered for exchange pursuant thereto are tendered:

- by a registered noteholder who has not completed the box entitled "Special Issuance Instructions" or the box entitled "Special Delivery Instructions" in the letter of transmittal; or
- for the account of an eligible institution (as defined below).

In the event that a signature on a letter of transmittal or a notice of withdrawal, as the case may be, is required to be guaranteed, such guarantee must be by a firm which is a member of a registered national

securities exchange or a member of the National Association of Securities Dealers, Inc. or by a commercial bank or trust company having an office or correspondent in the United States or otherwise an eligible guarantor institution within the meaning of Rule 17Ad-15 under the Exchange Act (collectively, Eligible Institutions). If the Old Notes are registered in the name of a person other than the person signing the letter of transmittal, the Old Notes surrendered for exchange must be endorsed by, or be accompanied by, a written instrument or instruments of transfer or exchange, in satisfactory form as determined by us in our sole discretion, duly executed by the registered noteholder with the signature thereon guaranteed by an Eligible Institution.

If the letter of transmittal is signed by a person or persons other than the registered noteholder or noteholders, the Old Notes must either be endorsed by the registered noteholder with signature guaranteed by an Eligible Institution or accompanied by appropriate powers of attorney with signature guaranteed by an Eligible Institution. In either case, the Old Notes must be signed exactly as the name or names of the registered noteholder or noteholders that appear on the Old Notes.

If a trustee, executor, administrator, guardian, attorney-in-fact, officer of a corporation or another acting in a fiduciary or representative capacity signs the letter of transmittal or any Old Notes or powers of attorney, the person signing should indicate in which capacity he or she is signing and, unless waived by us, submit proper evidence satisfactory to us of his or her authority to sign with the letter of transmittal.

By tendering, each noteholder will represent to us that, among other things:

- the New Notes acquired pursuant to the exchange offer are being acquired in the ordinary course of business of the person receiving such New Notes, whether or not that person is the noteholder;
- neither the noteholder nor any such other person has an arrangement or understanding with any person to participate in the distribution of such New Notes;
- if the noteholder is not a broker-dealer, or is a broker-dealer but will not receive New Notes for its own account in exchange for the Old Notes, neither the noteholder nor any such other person is engaged in or intends to participate in the distribution of such New Notes; and
- neither the noteholder nor any such other person is an affiliate of ours, as defined under Rule 405 of the Securities Act.

If the tendering noteholder is a broker-dealer that will receive New Notes for its own account in exchange for Old Notes that were acquired as a result of market-making activities or other trading activities, the noteholder will be required to acknowledge that it will deliver a prospectus in connection with any resale of such New Notes. The letter of transmittal states that by so acknowledging and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an underwriter within the meaning of the Securities Act.

Delivery Of Documents to The Depository Trust Company or SCI Does Not Constitute Delivery to the Exchange Agent

We will determine in our sole discretion all questions as to the validity, form, eligibility (including time of receipt) and acceptance of the Old Notes tendered for exchange, which determination shall be final and binding. We reserve the absolute right to reject any and all tenders of any particular Old Notes not properly tendered or to not accept any particular Old Notes which acceptance might, in our judgment or our counsel, be unlawful. We also reserve the absolute right in our sole discretion to waive any defects or irregularities or conditions of the exchange offer as to any particular Old Notes either before or after the expiration date of the exchange offer (including the right to waive the ineligibility of any noteholder who seeks to tender Old Notes in the exchange offer). The interpretation of the terms and conditions of the exchange offer as to any particular Old Notes either before or after the expiration date of the exchange

offer (including the letter of transmittal and its instructions) by us shall be final and binding on all parties. Unless waived, any defects or irregularities in connection with the tenders of Old Notes for exchange must be cured within a reasonable period of time as we shall determine. None of us, the exchange agent or any other person shall be under any duty to give notification of any defect or irregularity with respect to any tender of Old Notes for exchange, nor shall any of them incur any liability for failure to give such notification.

Acceptance of the Old Notes for Exchange; Delivery of the New Notes

Upon satisfaction or waiver of all of the conditions to the exchange offer, we will accept, promptly after the expiration date of the exchange offer, all Old Notes properly tendered and will issue the New Notes promptly after acceptance of the Old Notes. See Certain Conditions to the Exchange Offer below. For purposes of the exchange offer, we shall be deemed to have accepted properly tendered Old Notes for exchange when, and if we have given verbal or written notice of our acceptance to the exchange agent.

In all cases, issuance of the New Notes for the Old Notes that are accepted for exchange pursuant to the exchange offer will be made only after timely receipt by the exchange agent of the following:

- certificates for such Old Notes or a timely confirmation of a book-entry transfer of such Old Notes into the exchange agent's account at the Depository Trust Company pursuant to the book-entry transfer procedures described below;
- a properly completed and duly executed letter of transmittal; and
- all other required documents.

If any tendered Old Notes are not accepted for any reason set forth in the terms and conditions of the exchange offer or if certificates representing the Old Notes are submitted for a greater principal amount than the noteholder desires to exchange, those unaccepted or non-exchanged Old Notes will be returned without expense to the tendering noteholder thereof (or, in the case of Old Notes tendered by book-entry transfer into the exchange agent's account at the Depository Trust Company pursuant to the book-entry transfer procedures described below, those non-exchanged Old Notes will be credited to an account maintained with the Depository Trust Company) as promptly as practicable after the expiration or termination of the exchange offer.

Book-Entry Transfer

The exchange agent will make a request to establish an account with respect to the Old Notes at the Depository Trust Company for purposes of the exchange offer promptly after the date of this prospectus. Any financial institution that is a participant in the Depository Trust Company's systems may make book-entry delivery of the Old Notes by causing the Depository Trust Company to transfer such Old Notes into the exchange agent's account at the Depository Trust Company in accordance with the Depository Trust Company's Automated Tender Offer Program (ATOP) procedures for transfer. However, the exchange for the Old Notes so tendered will only be made after timely confirmation of such book-entry transfer of Old Notes into the exchange agent's account, and timely receipt by the exchange agent of an Agent's Message (as such term is defined in the next sentence) and any other documents required by the letter of transmittal on or prior to the expiration date of the exchange offer or pursuant to the guaranteed delivery procedures described below. The term Agent's Message means a message, transmitted by the Depository Trust Company and received by the exchange agent and forming a part of a timely confirmation of a book-entry transfer, which states that the Depository Trust Company has received an express acknowledgement from a noteholder tendering Old Notes that are the subject of such timely confirmation of a book-entry transfer that such noteholder has received and agrees to be bound by the terms of the letter of transmittal, and that we may enforce such agreement against such noteholder.

Guaranteed Delivery Procedures

If a registered noteholder of the Old Notes desires to tender such Old Notes and the Old Notes are not immediately available, or time will not permit such noteholder's Old Notes or other required documents to reach the exchange agent before the expiration date of the exchange offer, or the procedure for book-entry transfer cannot be completed on a timely basis, a tender may be effected if:

- the tender is made through an Eligible Institution;
- prior to the expiration date of the exchange offer, the exchange agent receives from such Eligible Institution a properly completed and duly executed letter of transmittal (or a facsimile thereof) and Notice of Guaranteed Delivery, substantially in the form provided by us (by telegram, telex, facsimile transmission, mail or hand delivery), setting forth the name and address of the noteholder and the amount of Old Notes tendered, stating that the tender is being made thereby and guaranteeing that within five New York Stock Exchange (NYSE) trading days after the date of execution of the Notice of Guaranteed Delivery, the certificates of all physically tendered Old Notes, in proper form for transfer, or a timely confirmation of a book-entry transfer, as the case may be, and any other documents required by the letter of transmittal will be deposited by the Eligible Institution with the exchange agent; and
- the certificates for all physically tendered Old Notes, in proper form for transfer, or a timely confirmation of a book-entry transfer, as the case may be, and all other documents required by the letter of transmittal, are received by the exchange agent within five NYSE trading days after the date of execution of the Notice of Guaranteed Delivery.

Withdrawal Rights

You may withdraw your tender of the Old Notes at any time prior to the expiration date of the exchange offer.

For a withdrawal to be effective, the exchange agent must receive a written notice of withdrawal at one of the addresses set forth below under Exchange Agent. Any such notice of withdrawal must:

- specify the name of the person having tendered the Old Notes to be withdrawn;
- identify the Old Notes to be withdrawn (including the series and principal amount of such Old Notes); and
- (where certificates for Old Notes have been transmitted) specify the name in which such Old Notes are registered, if different from that of the withdrawing noteholder.

If certificates for Old Notes have been delivered or otherwise identified to the exchange agent, then, prior to the release of such certificates, the withdrawing noteholder must also submit the serial numbers of the particular certificates to be withdrawn and a signed notice of withdrawal with signatures guaranteed by an Eligible Institution unless such noteholder is an Eligible Institution. If Old Notes have been tendered pursuant to the procedure for book-entry transfer described above, any note of withdrawal must specify the name and number of the account at the Depository Trust Company to be credited with the withdrawn Old Notes and otherwise comply with the procedures of such facility. We will determine all questions as to the validity, form and eligibility (including time of receipt) of such notices, which shall be final and binding on all parties. Any Old Notes so withdrawn will be deemed not to have been validly tendered for exchange for purposes of the exchange offer. Old Notes which have been tendered for exchange but which are not exchanged for any reason will be returned to the noteholder thereof without cost to such noteholder (or, in the case of Old Notes tendered by book-entry transfer procedures described above, such Old Notes will be credited to an account maintained with the Depository Trust Company for the Old Notes) as soon as practicable after withdrawal, rejection of tender or termination of the exchange offer. You may retender

your properly withdrawn Old Notes by following one of the procedures described under Procedures for Tendering the Old Notes above at any time on or prior to the expiration date of the exchange offer.

Certain Conditions to the Exchange Offer

Notwithstanding any other provision of the exchange offer, we will not be required to accept for exchange, or to issue New Notes in exchange for, any Old Notes and may terminate or amend the exchange offer, if at any time before the acceptance of such Old Notes for exchange or the exchange of the New Notes for such Old Notes, there shall be threatened, instituted or pending any action or proceeding before, or any injunction, order or decree shall have been issued by, any court or governmental agency or other governmental regulatory or administrative agency or commission:

- (1) seeking to restrain or prohibit the making or consummation of the exchange offer or any other transaction contemplated by the exchange offer, or assessing or seeking any damages as a result thereof; or
- (2) resulting in a material delay in our ability to accept for exchange or exchange some or all of the Old Notes pursuant to the exchange offer; or
- (3) any statute, rule, regulation, order or injunction shall be sought, proposed, introduced, enacted, promulgated or deemed applicable to the exchange offer or any of the transactions contemplated by the exchange offer by any government or governmental authority, domestic or foreign; or
- (4) any action shall have been taken, proposed or threatened, by any government, governmental authority, agency or court, domestic or foreign;

that in our sole judgment might directly or indirectly result in any of the consequences referred to in (1) or (2) above or, in our sole judgment, might result in the holders of New Notes having obligations with respect to resales and transfers of New Notes which exceed those described in this prospectus, or would otherwise make it inadvisable to proceed with the exchange offer.

If we determine in good faith that any of the conditions are not met, we may:

- refuse to accept any Old Notes and return all tendered Old Notes to exchanging noteholders;
- extend the exchange offer and retain all Old Notes tendered prior to the expiration of the exchange offer, subject, however, to the rights of noteholders to withdraw such Old Notes (see Withdrawal Rights); or
- waive certain of such unsatisfied conditions with respect to the exchange offer and accept all properly tendered Old Notes which have not been withdrawn or revoked. If such waiver constitutes a material change to the exchange offer, we will promptly disclose such waiver by means of a prospectus supplement that will be distributed to all noteholders.

Noteholders have certain rights and remedies against us under the applicable Registration Rights Agreements including liquidated damages of up to \$0.15 per week per \$1,000 principal amount of Old Notes, should we fail to consummate the exchange offer with respect to the applicable series of Old Notes within a certain period of time, notwithstanding a failure due to the occurrence of any of the conditions stated above. Such conditions are not intended to modify those rights or remedies in any respect.

The foregoing conditions are for our benefit and may be asserted by us in good faith regardless of the circumstances giving rise to such condition or may be waived by us in whole or in part at any time and from time to time in our discretion. The failure by us at any time to exercise the foregoing rights shall not be deemed a waiver of any such right and each such right shall be deemed an ongoing right which may be asserted at any time and from time to time.

Fees And Expenses; Solicitation of Tenders

We will bear the expenses of soliciting tenders. The principal solicitation is being made by mail; however, additional solicitation may be made by telegraph, telephone or in person by our officers and regular employees and our affiliates.

We have not retained any dealer-manager in connection with the exchange offer and will not make any payments to brokers, dealers or others soliciting acceptances of the exchange offer. We, however, will pay the exchange agent reasonable and customary fees for its services and will reimburse it for its reasonable out-of-pocket expenses in connection with the exchange offer.

The cash expenses to be incurred in connection with the exchange offer will be paid by us and are estimated in the aggregate to be \$65,000 which includes fees and expenses of the exchange agent and trustee under the Indenture and accounting and legal fees.

We will pay all transfer taxes, if any, applicable to the exchange of the Old Notes pursuant to the exchange offer. If, however, certificates representing the New Notes or the Old Notes for principal amounts not tendered or accepted for exchange are to be delivered to, or are to be registered or issued in the name of, any person other than the registered noteholders tendered, or if a transfer tax is imposed for any reason other than the exchange of the Old Notes pursuant to the exchange offer, then the tendering noteholder must pay the amount of any such transfer taxes (whether imposed on the registered holder or any other persons). If a tendering noteholder does not submit satisfactory evidence of payment of such taxes or exemption therefrom to the exchange agent, the amount of such transfer taxes will be billed directly to such tendering noteholder.

We have not authorized any person to give any information or to make any representations in connection with the exchange offer other than those contained in this prospectus. If given or made, such information or representations should not be relied upon as having been authorized by us. Neither the delivery of this prospectus nor any exchange made hereunder shall, under any circumstances, create any

implication that there has been no change in our affairs since the respective dates as of which information is given in this prospectus. The exchange offer is not being made to (nor will tenders be accepted from or on behalf of) noteholders in any jurisdiction in which the making of the exchange offer or the acceptance of this prospectus would not be in compliance with the laws of such jurisdiction.

Accounting Treatment

We will record the New Notes at the same carrying value as the Old Notes, which is face value, as recorded in our accounting records on the date of the exchange. Accordingly, no gain or loss for accounting purposes will be recognized. The costs of the exchange offer will be expensed over the term of the New Notes.

Consequences of Failure to Exchange

If you do not exchange your Old Notes for New Notes pursuant to the exchange offer, you will continue to be subject to the restrictions on transfer of such Old Notes as set forth in the legend on the Old Notes. In general, you may not offer to sell or sell the Old Notes, unless registered under the Securities Act, except pursuant to an exemption from, or in a transaction not subject to, the Securities Act and applicable state securities laws. We do not intend to register the Old Notes under the Securities Act. We believe that, based upon interpretations contained in no-action letters issued to third parties by the staff of the SEC, any noteholder may offer for resale, resell or otherwise transfer the New Notes issued pursuant to the exchange offer in exchange for the Old Notes (unless the noteholder is an affiliate of ours within the meaning of Rule 405 under the Securities Act) without compliance with the registration and prospectus delivery provisions of the Securities Act, provided that:

- the noteholder acquires the New Notes in the ordinary course of its business; and
- the noteholder has no arrangement with any person to participate in the distribution of such Old Notes; and
- each broker-dealer that receives New Notes for its own account in exchange for Old Notes must acknowledge that it will deliver a prospectus in connection with any resale of such New Notes. See Plan of Distribution.

If any noteholder (other than a broker-dealer described in the preceding sentence) has any arrangement or understanding with respect to the distribution of the New Notes to be acquired pursuant to the exchange offer, such noteholder could not rely on the applicable interpretations of the staff of the SEC and must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction. In addition, to comply with the securities laws of certain jurisdictions, if applicable, you may not offer or sell the New Notes unless they have been registered or qualified for sale in such jurisdiction or an exemption from registration or qualification is available and is complied with.

CERTAIN FEDERAL TAX CONSIDERATIONS

TO ENSURE COMPLIANCE WITH INTERNAL REVENUE SERVICE CIRCULAR 230, HOLDERS ARE HEREBY NOTIFIED THAT: (A) ANY DISCUSSION OF FEDERAL TAX ISSUES IN THIS REGISTRATION STATEMENT IS NOT INTENDED OR WRITTEN BY US TO BE RELIED UPON, AND CANNOT BE RELIED UPON BY HOLDERS FOR THE PURPOSE OF AVOIDING PENALTIES THAT MAY BE IMPOSED ON HOLDERS UNDER THE INTERNAL REVENUE CODE; (B) SUCH DISCUSSION IS WRITTEN TO SUPPORT THE PROMOTION OR MARKETING OF THE TRANSACTIONS OR MATTERS ADDRESSED HEREIN; AND (C) HOLDERS SHOULD SEEK ADVICE BASED ON THEIR PARTICULAR CIRCUMSTANCES FROM AN INDEPENDENT TAX ADVISOR. The following is a summary of the material United States federal income tax consequences of the ownership of the Notes. It deals only with Notes held as capital assets and acquired at original issuance and not with special classes of noteholders, such as dealers in securities or currencies, life insurance companies, tax exempt entities, and persons that hold a Note in connection with an arrangement that completely or partially hedges the Note. The discussion is based upon the Internal Revenue Code of 1986, as amended, and regulations, rulings and judicial decisions thereunder as of the date hereof. Such authorities may be repealed, revoked or modified so as to produce United States federal income tax consequences different from those discussed below.

Prospective purchasers of Notes should consult their own tax advisors concerning the United States federal income tax and any state or local income or franchise tax consequences in their particular situations, as well as any consequences under the laws of any other taxing jurisdiction.

United States Holders

For purposes of this discussion, a United States Holder means (i) a citizen or resident of the United States, (ii) a partnership, corporation or other entity created or organized in or under the law of the United States or of any State of the United States, (iii) an estate the income of which is subject to United States federal income tax regardless of its source and (iv) a trust, if either (A) a court within the United States is able to exercise primary supervision over the administration of the trust, and one or more United States persons have the authority to control all substantial decisions of the trust or (B) the trust was in existence on August 20, 1996, was treated as a United States person on that date and elected to be treated as a United States person at all times thereafter. The term also includes certain former citizens of the United States whose income and gain on the Notes will be subject to U.S. income tax.

Payments of Interest

Payments of stated interest on a Note will be taxable to a United States Holder as ordinary interest income at the time it is received or accrued, depending on the United States Holder's method of accounting for tax purposes. The Notes are being issued at a premium. A United States Holder may elect to offset a portion (determined under an economic yield method) of the premium allocable to any taxable year against the United States Holder's interest income with respect to the Notes for such taxable year. The election is made on the United States Holder's United States federal tax return. Once made it applies to all taxable bonds held by the United States Holder during the taxable year of election and all subsequent taxable years and cannot be revoked without the consent of the IRS. A United States Holder of Notes should consult its own tax advisor as to the election to deduct premium and the computation of the premium allocable to any taxable year.

Liquidated Damages and Exchange Offer

The Company intends to take the position that the likelihood that Liquidated Damages will be paid is remote and that the amount of Liquidated Damages if paid, will be incidental. Accordingly, the special rules applicable to debt instruments with contingent payments would not apply. The Liquidated Damages

described under Exchange Offer; Registration Rights would be taxable to a United States Holder as ordinary income in accordance with such United States Holder's method of accounting for tax purposes. The IRS, however, may take a different position, which could affect the timing of both a United States Holder's income and the Company's deduction with respect to such Liquidated Damages and could also affect the character as ordinary or capital gain or loss on the disposition of a Note.

The exchange of an Old Note by a United States Holder for a New Note will not constitute a taxable exchange of the Note. As a result, a United States Holder will not recognize taxable gain or loss upon receipt of a New Note, a United States Holder's holding period for a New Note generally will include the holding period for the Note so exchanged and such United States Holder's adjusted tax basis in a New Note generally will be the same as such United States Holder's adjusted tax basis in the Old Note so exchanged.

Backup Withholding and Information Reporting

In general, information reporting requirements will apply to payments of principal and interest on a Note and the proceeds of the sale of a Note before maturity within the United States to, and to the accrual of original issue discount on a Note with respect to, non-corporate United States Holders. A 28% backup withholding tax will apply to such payments and to payments with respect to original issue discount if the United States Holder fails to provide an accurate taxpayer identification number or to report all interest and dividends required to be shown on its United States federal income tax returns.

Non-United States Holders

As used herein, a Non-United States Holder is a person or entity that, for United States federal income tax purposes, is not a United States Holder.

Payments to Non-United States Holders

If the income or gain on the Notes is effectively connected with the conduct of a trade or business within the United States by the Non-United States Holder holding the Note, such income or gain will be subject to tax essentially in the same manner as if the Notes were held by a United States Holder, as discussed above, and in the case of a Non-United States Holder that is a foreign corporation, may also be subject to the branch profits tax.

If the income and gain on the Notes is not effectively connected with the conduct of a trade or business within the United States, then, under the portfolio interest exemption of current United States federal income tax law, payments of principal and interest on a Note by the Company or any paying agent to a Noteholder that is a Non-United States Holder will not be subject to withholding of United States federal income tax, if the Noteholder (1) does not actually or constructively own 10% or more of the combined voting power of all classes of stock of the Company, (2) is not a bank receiving interest pursuant to a loan agreement entered into in the ordinary course of its trade or business, (3) is not a controlled foreign corporation related to the Company through stock ownership and (4) provides appropriate certification.

Under current law, the certification requirement will be met if either:

1. First, in accordance with specified procedures, the Non-United States Holder provides to the Company or our paying agent a Form W-8BEN (or a suitable substitute or successor form), that is signed under penalties of perjury, includes its name and address, and contains a certification that the holder is not a United States person; or
2. Second, (a) the Non-United States Holder provides a Form W-8BEN (or a suitable substitute or successor form), signed under the penalties of perjury, to a qualified intermediary, such as a securities clearing organization, bank, or other financial institution who holds customers

securities in the ordinary course of its trade or business and holds the Notes on behalf of a beneficial owner, and (b) the qualified intermediary certifies to the Company, or our paying agent, under the penalties of perjury, that such statement has been received by it from the beneficial owner, directly or through another intermediary financial institution, and furnishes the Company or our paying agent with a copy thereof.

Treasury regulations provide alternative documentation procedures for satisfying the certification requirement described above. Such regulations add intermediary certification options for certain qualifying agents. For instance, under one such option, a withholding agent would be allowed to rely on an IRS Form W-8IMY, or suitable substitute or successor form, furnished by a financial institution or other intermediary on behalf of one or more beneficial owners or other intermediaries without having to obtain the beneficial owner certificate described in the preceding paragraph, provided that the financial institution or intermediary has entered into a withholding agreement with the IRS and thus is a qualified intermediary.

If a Non-United States Holder does not qualify for the portfolio interest exemption, interest payments to the Non-United States Holder would be subject to United States withholding at a 30% rate. The rate may be reduced or eliminated if under applicable treaties. To claim the benefit of a treaty the Non-United States Holder must furnish the Company with an appropriate form, e.g., Form W-8BEN.

If the income and gain on the Notes is not effectively connected with the conduct of a trade or business within the United States, a Noteholder that is a Non-United States Holder will not be subject to United States federal income tax on gain realized on the sale, exchange or redemption of such Note, unless in the case of a Non-United States Holder who is a nonresident alien individual and holds the Note as a capital asset, such holder is present in the United States for 183 or more days in the taxable year and certain other requirements are met.

Under current United States estate tax law, a Noteholder will not be subject to United States federal estate tax as a result of the death of a Noteholder who is not a citizen or resident of the United States at the time of death, provided that such Noteholder did not at the time of death actually or constructively own 10% or more of the combined voting power of all classes of stock of the Company and, at the time of such Noteholder's death, payments of interest on such Note would not have been effectively connected with the conduct by such Noteholder of a trade or business in the United States.

United States information reporting requirements and backup withholding tax will not apply to payments on a Note made outside the United States by the Company or any paying agent (acting in its capacity as such) to a Noteholder that is a Non-United States Holder provided that a certification of non-U.S. status, as discussed above, has been received and neither the Company nor its paying agent has actual knowledge that the payee is not a Non-United States Holder.

Information reporting requirements and backup withholding tax will not apply to any payment of the proceeds of the sale of a Note effected outside the United States by a foreign office of a broker (as defined in applicable Treasury regulations), provided that such broker (1) is a Non-United States Holder, (2) derives less than 50% of its gross income for certain periods from the conduct of a trade or business in the United States and (3) is not a controlled foreign corporation as to the United States or a foreign partnership doing business in the United States or in which United States persons own more than 50% of the income or capital interests (a person described in (1), (2) and (3) being hereinafter referred to as a foreign controlled person). Payment of the proceeds of the sale of a Note effected outside the United States by a foreign office of any broker that is not a foreign controlled person will not be subject to backup withholding tax, but will be subject to information reporting requirements unless such broker has documentary evidence in its records that the beneficial owner is a Non-United States Holder and certain other conditions are met, or the beneficial owner otherwise establishes an exemption.

PLAN OF DISTRIBUTION

This prospectus, as it may be amended or supplemented from time to time, may be used by a Broker-Dealer (a Participating Broker-Dealer) in connection with the resale of the New Notes received in exchange for the Old Notes where such Old Notes were acquired for its own account as a result of market-making activities or other trading activities. Each such Participating Broker-Dealer that participates in the exchange offer that receives the New Notes for its own account pursuant to the exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of such New Notes. We have agreed that for a period of one year after the date when the registration statement becomes effective, we will use our best efforts to make this prospectus, as amended or supplemented, available to any Participating Broker-Dealer for use in connection with any such resale.

We will not receive any proceeds from any sale of New Notes by Participating Broker-Dealers. New Notes received by Participating Broker-Dealers for their own account pursuant to the exchange offer may be sold from time to time in one or more transactions in the over-the-counter market, in negotiated transactions, through the writing of options on the New Notes or a combination of such methods of resale, at market prices prevailing at the time of resale, at prices related to such prevailing market prices or negotiated prices. Any such resale may be made directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from any Participating Broker-Dealer and/or the purchasers of any such New Notes. Any Participating Broker-Dealer that resells New Notes that were received by it for its own account pursuant to the exchange offer and any broker or dealer that participates in a distribution of such New Notes may be deemed to be an underwriter within the meaning of the Securities Act and any profit on any such resale of New Notes and any commissions or concessions received by any such persons may be deemed to be underwriting compensation under the Securities Act. The letter of transmittal states that by acknowledging that it will deliver and by delivering a prospectus, a Participating Broker-Dealer will not be deemed to admit that it is an underwriter within the meaning of the Securities Act.

For a period of one year after the expiration date of the exchange offer, we will promptly send additional copies of this prospectus and any amendment or supplement to this prospectus to any Participating Broker-Dealer that requests such documents in the letter of transmittal.

This prospectus has been prepared for use in connection with the exchange offer and may be used by the initial purchasers in connection with the offers and sales related to market-making transactions in the New Notes. The initial purchasers may act as principals or agents in such transactions. Such sales will be made at prices related to prevailing market prices at the time of sale. We will not receive any of the proceeds of such sales. The initial purchasers have no obligation to make a market in the New Notes and may discontinue their market-making activities at any time without notice, at their sole discretion.

LEGAL MATTERS

Certain legal matters with regard to the validity of the Notes will be passed upon for the Company by Milbank, Tweed, Hadley & McCloy LLP, Los Angeles, California.

PART II
INFORMATION NOT REQUIRED IN PROSPECTUS

ITEM 20. INDEMNIFICATION OF DIRECTORS AND OFFICERS

Section 78.751 of Chapter 78 of the Nevada Revised Statutes and the Company's Articles of Incorporation and Bylaws contain provisions for indemnification of officers and directors of the Company and in certain cases employees and other persons. The Bylaws require the Company to indemnify such persons to the full extent permitted by Nevada law. Each such person will be indemnified in any proceeding if such person acted in good faith and in a manner which such person reasonably believed to be in, or not opposed to, the best interests of the Company. Indemnification would cover expenses, including attorney's fees, judgments, fines and amounts paid in settlement.

The Company's Bylaws also provide that the Company's Board of Directors may cause the Company to purchase and maintain insurance on behalf of any present or past director or officer insuring against any liability asserted against such person incurred in the capacity of director or officer or arising out of such status, whether or not the Company would have the power to indemnify such person. The Company maintains directors' and officers' liability insurance.

The Company has entered into an indemnification agreement (the "Indemnification Agreement") with each director and certain officers, employees and agents of the Company. Each Indemnification Agreement provides for, among other things: (i) indemnification to the fullest extent permitted by law against any and all expenses, judgments, fines, penalties and amounts paid in settlement of any claim against any indemnified party (the "Indemnitee") unless it is determined, as provided in the Indemnification Agreement, that indemnification is not permitted under laws and (ii) prompt advancement of expenses to any Indemnitee in connection with his or her defense against any claim.

In addition, the Purchase Agreements between the Company and the initial purchasers of the Old Notes provide for indemnification by the initial purchasers of the Registrant, its directors and officers against certain liabilities, including liabilities under the Securities Act and the Exchange Act.

ITEM 22. UNDERTAKINGS

(a) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(b) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

(c) The undersigned registrant hereby undertakes to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of Section 310 of the Trust Indenture Act in accordance with the rules and regulations prescribed by the Commission under Section 305(b)(2) of the Act.

(d) The undersigned registrant hereby undertakes to respond to requests for information that is incorporated by reference into the prospectus pursuant to Item 4, 10(b), 11 or 13 of this form, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of the registration statement through the date of responding to the request.

(e) The undersigned registrant hereby undertakes to supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved herein, that was not subject of and included in the registration statement when it became effective.
