ABOUT THE MEETING

What is the Date, Time and Place of the Annual Meeting?

Beacon Roofing Supply Inc.'s 2006 Annual Shareholders' Meeting will be held on Wednesday, February 15, 2006, beginning at 8:00 a.m., local time, at the headquarters of our new Shelter Distribution region at 1602 Lavon Drive, McKinney, Texas 75069.

What is the purpose of the annual meeting?

At the annual meeting, shareholders will act upon the matters outlined in the notice of meeting on the cover page of this proxy statement, consisting of 1) the election of directors and 2) any other matters that properly come before the meeting. In addition, management will discuss the performance of the Company and respond to questions from shareholders.

Who is entitled to vote at the meeting?

Only our shareholders of record at the close of business on January 6, 2006, the record date for the meeting, are entitled to receive notice of and to participate in the annual meeting. If you were a shareholder of record on that date, you will be entitled to vote all of the shares you held on that date at the meeting, or any postponement(s) or adjournment(s) of the meeting. As of the record date, there were 28,923,463 shares of common stock outstanding (representing 29,156,324 shares issued less 232,861 shares held in treasury), all of which are entitled to be voted at the annual meeting.

A list of shareholders will be available at our headquarters at One Lakeland Park Drive, Peabody, Massachusetts 01960 for a period of ten days prior to the annual meeting and at the annual meeting itself for examination by any shareholder.

What are the voting rights of the holders of our common stock?

Holders of common stock are entitled to one vote per share on each matter that is submitted to shareholders for approval.

Who can attend the meeting?

All shareholders as of the record date, or their duly appointed proxies, may attend the meeting, and each may be accompanied by one guest. Please also note that if you hold your shares in street name (that is, through a broker or other nominee), you will need to bring a copy of a brokerage statement reflecting your stock ownership as of the record date.

What constitutes a quorum?

The presence at the meeting, in person or by proxy, of the holders of common stock representing a majority of the combined voting power of the outstanding shares of stock on the record date will constitute a quorum, permitting the meeting to conduct its business. As of the record date, there were 28,923,463 shares of common stock outstanding, all of which are entitled to be voted at the annual meeting.

As of the record date, our directors, director nominee and executive officers and entities affiliated with these persons owned common stock representing 5.7% of the outstanding shares of common stock entitled to be cast at the annual meeting.

What vote is required to approve each item?

For purposes of electing directors at the annual meeting, the nominees receiving the greatest numbers of votes of common stock shall be elected as directors. The affirmative vote of a majority of votes of common stock present, in person or by proxy at the annual meeting and voting together as a single class, is required for the approval of any other matter that may be submitted to a vote of our shareholders.

The inspector of election for the annual meeting shall determine the number of shares of common stock represented at the meeting, the existence of a quorum and the validity and effect of proxies, and shall count and tabulate ballots and votes and determine the results thereof. Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of shares considered to be present at the meeting for purposes of determining a quorum but will not be counted as votes cast for or against the election of directors. On other matters that may be submitted for a vote, broker non-votes will not be considered in tallying votes cast, and abstentions will be treated as a vote against. If less than a majority of the combined voting power of the outstanding shares of common stock are represented at the annual meeting, a majority of the shares so represented may adjourn the annual meeting from time to time without further notice.

What are the Board's recommendations?

Our board of directors recommends a vote FOR the election of the respective nominees for director named in this proxy statement.

Unless contrary instructions are indicated on the enclosed proxy, all shares represented by valid proxies received pursuant to this solicitation (and which have not been revoked in accordance with the procedures set forth below) will be voted (a) FOR the election of the respective nominees for director named in this proxy statement and (b) in accordance with the recommendation of our board of directors, FOR or AGAINST all other matters as may properly come before the annual meeting. In the event a shareholder specifies a different choice by means of the enclosed proxy, such shares will be voted in accordance with the specification made.

How do I vote?

You can vote in any of the following ways.

To vote by mail:

- *Mark*, sign and date your proxy card; and
- *Return* it in the enclosed envelope.

To vote in person if you are a registered shareholder:

Shareholders have an unconditional right to revoke their proxy at any time prior to the exercise of that proxy, either in person at the annual meeting or by filing with our Secretary at our headquarters a written revocation or duly executed proxy bearing a later date; however, no such revocation will be effective until written notice of the revocation is received by us at or prior to the annual meeting.

Who pays for costs relating to the proxy statement and annual meeting of shareholders?

**BOARD OF DIRECTORS MEETINGS,
COMMITTEES OF THE BOARD AND RELATED MATTERS**

How often did the Board meet during fiscal 2005?

During the fiscal year ended September 24, 2005, our Board of Directors held six meetings. During fiscal 2005, no incumbent director attended fewer than 75 percent of the aggregate of (i) the number of meetings of the Board of Directors held during the period he or she served on the Board and (ii) the number of meetings of committees of the Board of Directors held during the period he or she served on these committees. In addition, all of the directors attended last year's annual meeting of shareholders. It is our policy for all directors to attend the annual meeting of shareholders.

What committees has the Board established?

The Board of Directors has established three committees: (1) the audit committee, (2) the compensation committee and (3) the nominating and corporate governance committee.

Audit Committee

The audit committee held 11 meetings in fiscal 2005. The audit committee selects the independent registered public accounting firm and reviews the independence of such firm, approves the scope of the annual audit activities of the independent registered public accounting firm, approves the audit fee payable to the independent registered public accounting firm and reviews audit results with the independent registered public accounting firm. The audit committee currently is comprised of H. Arthur Bellows, Jr., James J. Gaffney and Wilson B. Sexton, each of whom meets the independence criteria prescribed by applicable law and the rules of the SEC for audit committee membership and is an independent director as defined in Nasdaq Marketplace Rule 4200(a)(15). The board has also determined that Messrs. Bellows and Gaffney are audit committee financial experts as such term is defined in Item 401(h) of Regulation S-K promulgated by the SEC. Each of Messrs. Bellows, Gaffney and Sexton meet Nasdaq's financial knowledge requirements. Ernst & Young LLP currently serves as our independent registered public accounting firm.

The audit committee operates under a formal charter that governs its duties and conduct. The audit committee charter complies with applicable Nasdaq and SEC rules and regulations. A copy of the charter is available on our web site at www.beaconroofingsupply.com. In addition, the charter is available in print to any shareholder who requests it in writing to our Corporate Controller at Beacon Roofing Supply, Inc., One Lakeland Park Drive, Peabody, MA 01960.

Ernst & Young LLP, our independent registered public accounting firm, reports directly to the audit committee.

Please refer to the Audit Committee Report, which is set forth in this proxy statement, for a further description of our audit committee's responsibilities and its recommendation with respect to our audited consolidated financial statements for the year ended September 24, 2005.

Compensation Committee

The compensation committee held two meetings in fiscal 2005. The duties of the compensation committee are to provide a general review of our compensation and benefit plans to ensure that they meet our objectives. In addition, the compensation committee reviews the chief executive officer's recommendations on compensation of our executive officers and makes recommendations for adopting and changing major compensation policies and practices. The compensation committee reports its recommendations to the full board of directors for approval and authorization. It also makes recommendations to the board with respect to the compensation of the chief executive officer and administers our stock plans. The compensation committee is comprised of three directors who are independent under Nasdaq listing standards, who are non-employee directors (as defined in Rule 16b-3 under the Securities Exchange Act) and who do not have interlocking or other relationships with us that would detract from their independence as committee members. At all times, at least two members of the committee shall be outside directors (as defined in Section 162(m) of the Internal Revenue Code). The current members of the compensation committee are James J. Gaffney, Wilson B. Sexton and Peter M. Gotsch.

The compensation committee operates under a formal charter that governs its duties and conduct. The compensation committee complies with applicable Nasdaq rules and regulations. A copy of the charter is available on our web site at www.beaconroofingsupply.com. In addition, the charter is available in print to any shareholder who requests it in writing to our Corporate Controller at Beacon Roofing Supply, Inc., One Lakeland Park Drive, Peabody, Massachusetts 01960.

Please refer to the Compensation Committee Report which is set forth in this proxy statement, for a further description of our compensation committee's responsibilities and its compensation philosophy and a description of considerations underlying each component of compensation paid to Beacon's executive officers for 2005.

Nominating and Corporate Governance Committee

The nominating and corporate governance committee held one meeting in fiscal 2005. The nominating and corporate governance committee is responsible for identifying and recommending potential candidates qualified to become board members and recommending directors for appointment to board committees. The nominating and corporate governance committee is currently comprised of James J. Gaffney, Wilson B. Sexton and Peter M. Gotsch, each of whom is independent under Nasdaq listing standards.

When identifying, evaluating and considering potential candidates for membership on our board, including those who might be recommended or nominated by shareholders, the nominating and corporate governance committee considers among other factors, relevant business and financial experience, integrity and willingness to devote the necessary time and energy. The nominating and corporate governance committee will consider nominees for our board of directors recommended by shareholders, using the

same criteria as for other candidates. Recommendations should be submitted in writing to David Grace, our secretary, at our principal executive offices. The recommendation should include the name and address of the shareholder making the recommendation and evidence of his or her ownership of our common stock, including the number of shares and period of ownership, the name and address of the director candidate, and his or her resume or listing of qualifications, and the candidate's signed consent to serve as a director if elected and to be named in the Proxy Statement. To be considered, the recommendation must be received by the secretary not less than 90 days and not more than 120 days before the one-year anniversary date of our most recent annual meeting of shareholders. The nominating and corporate governance committee may consider advice and recommendations from others, including search firms as it deems appropriate.

Stuart Randle, who has been nominated to fill a vacancy on the board of directors, was recommended to the committee by a former board member.

Further information related to the nominating and corporate governance committee is included in the nominating and corporate governance committee charter, available on our website at www.beaconroofingsupply.com. In addition, the charter is available in print to any shareholder who requests it in writing to our Corporate Controller at Beacon Roofing Supply, Inc., One Lakeland Park Drive, Peabody, Massachusetts 01960.

All independent directors are also entitled to receive \$1,500 for each board meeting attended (\$1,000 if via conference call) and \$1,000 for each committee meeting attended (\$750 if via conference call). The chairman of each of the audit committee and compensation committee is entitled to receive an additional \$10,000 per year. All fees may be paid in cash or shares of stock, at the choice of the director.

The audit committee is responsible for the appointment, compensation, retention and oversight of the work of Ernst & Young LLP, our independent registered public accounting firm. The independent registered public accounting firm reports directly to the audit committee. As part of their responsibility, the Committee established a policy requiring the pre-approval of all audit and permissible non-audit services performed by the registered public accounting firm. In pre-approving services, the audit committee considers whether such services are consistent with the SEC's rules on auditor independence.

Prior to the engagement of the registered public accounting firm for an upcoming audit/non-audit service period, defined as a twelve-month timeframe, Ernst & Young LLP submits a detailed list of services expected to be rendered during that period as well as an estimate of the associated fees for each of the following four categories of services to the Audit Committee for approval.

Audit Services consist of services rendered by an external auditor for the audit of our annual consolidated financial statements (including tax services performed to fulfill the auditor's responsibility under generally accepted auditing standards) and internal controls and reviews of financial statements included in Form 10-Qs, and includes services that generally only an external auditor can reasonably provide, such as comfort letters, statutory audits, attest services, consents and assistance with and review of documents filed with the Securities and Exchange Commission.

Audit-Related Services consist of assurance and related services (e.g. due diligence) by an external auditor that are reasonably related to audit or review of financial statements, including employee benefit plan audits, due diligence related to mergers and acquisitions, and accounting consultations.

Tax Services consist of services not included in Audit Services above, rendered by an external auditor for tax compliance, tax consulting and tax planning.

Other Non-Audit Services are any other permissible work that is not an Audit, Audit-Related or Tax Service.

Circumstances may arise during the twelve-month period when it may become necessary to engage the independent auditor for additional services not contemplated in the original pre-approval. In those instances, the audit committee requires specific pre-approval before engaging the independent auditor. The chairman of the audit committee, acting pursuant to delegated authority, may pre-approve such services.

Audit and Non-Audit Fees

The table below summarizes the fees billed by our independent registered public accounting firm, Ernst & Young LLP, for the fiscal years ended September 24, 2005 and September 25, 2004.

Year	Audit	Audit-Related	Tax	All Other	Total
2005	\$ 928,600	\$	\$ 107,000	\$	\$ 1,035,600
2004	\$ 1,419,200	\$	\$ 75,000	\$	\$ 1,494,200

Audit fees include fees for professional services rendered for the audit of our annual consolidated financial statements and, beginning in fiscal 2005, the audit of our internal controls and the reviews of the interim financial statements included in our Forms 10-Q. For 2005, the audit fees include \$107,600 for services performed in connection with the filings of our Forms S-3 and S-8. For 2004, the audit fees include fees of \$995,200 associated with Ernst & Young LLP's work on our initial public offering and the related filings with the SEC.

There were no audit-related fees for fiscal 2005 and 2004.

Tax fees represent professional services related to tax compliance and consulting.

The audit committee has considered the compatibility of the provision of services covered by the preceding paragraph with the maintenance of the principal accountant's independence from the Company and has determined that the provision of such services is not incompatible with the maintenance of such independence.

The audit committee annually reviews the performance of the independent registered public accounting firm and the fees charged for their services.

Management and the independent registered public accounting firm recently completed their first assessment of the Company's internal control over financial reporting as required by Section 404 of the Sarbanes-Oxley Act of 2002. Management's assessment, as of September 24, 2005, that the Company's internal control over financial reporting is effective, and our independent registered public accounting firm's opinions that management's assessment is fairly stated in all material respects and that the Company maintained, in all material respects, effective internal control over financial reporting, may be found in our Annual Report on Form 10-K for the year ended September 24, 2005.

What other compensation arrangements does the Company have with its executive officers?

Employment Agreement

We entered into an employment agreement with Robert Buck, our President and CEO, with a term that extends through November 19, 2006. It provided for a base salary of \$430,000 for fiscal year 2004 and \$445,000 for fiscal year 2005. After fiscal year 2005, our board reviews his base salary annually and may increase (but not decrease) it. Mr. Buck's base salary for 2006 was set by the board at \$500,000. Mr. Buck's employment agreement also entitles him to an annual bonus of up to 100% of base salary, depending on whether we reach the performance target that the board sets near the beginning of each fiscal year. The performance target for 2006 is based on EBITDA. The bonus varies from 0% of base salary (if we achieve 85% or less of the target for that fiscal year) to 100% of base salary (if we achieve 115% or more of the target for that year). In between 85% of the target and 115% of the target, the bonus varies on a straight line basis. The employment agreement also provided that if Mr. Buck relocated his residence at our request before September 30, 2005, we would reimburse him for all expenses incurred for the relocation. Mr. Buck relocated to the Reston, Virginia area where we now have a corporate office. For the period before he relocated his residence, we agreed to rent an apartment for his use in the Boston area and reimburse him for travel expenses for up to two round trips per month for him and his wife between their primary residence and the Boston area. Mr. Buck also receives a \$1,000 per month car allowance that is included in his reported annual salary amount in the compensation table above. Under his employment agreement, Mr. Buck is entitled to severance equal to 12 months base salary if we terminate his employment without cause, as that term is defined in his employment agreement, or if we are not willing to renew his employment agreement at the end of the term. The employment agreement limits Mr. Buck's ability to compete with us for 18 months after his employment ends.

Were there any issues regarding compensation committee interlocks and insider participation during 2005?

The Compensation Committee consists of James Gaffney, Peter Gotsch and Wilson Sexton. Prior to our initial public offering, Mr. Gotsch was a non-employee officer of the Company. There are no Compensation Committee interlocks.

Report of the Compensation Committee on Compensation of Executive Officers of the Company

The Company's executive compensation programs are based on three components: base salary, annual incentives and long-term compensation; each is intended as an important piece of the overall compensation philosophy.

Base salary is used to attract and retain the Company's key executives and is calculated using comparisons with the Company's industry competitors and/or companies of similar market value. Salaries are reviewed by the Compensation Committee on an annual basis.

Annual incentives are a significant component of executive compensation, reflecting the Company's belief that management's contribution to long-term shareholder returns (via increasing stock prices) comes from maximizing earnings and the potential of the Company. The Company's Chief Executive Officer has an annual incentive opportunity based upon the Company's meeting or exceeding certain established performance targets. In 2005, these performance targets were based on budgeted EBITDA. By its reliance on this incentive compensation system, the Company links a substantial portion of the Chief Executive Officer's annual pay directly to profitability. As a result of this approach, the Company's Chief Executive Officer's total compensation is likely to vary from year to year, perhaps more significantly than the pay of

executives of many of the Company's competitors. Certain other executive officers and employees have their pay levels set primarily in relation to comparisons to similar executives of competitors, with additional annual incentives based on the attainment of specific objectives supporting the overall goals of the Company.

Mr. Buck and other key executives of the Company received a significant portion of their fiscal 2005 total compensation through incentive and other forms of long-term compensation. In order to promote an increase in net worth of the Company, maximize the return to shareholders and effectively motivate senior management, the executive compensation philosophy of the Company has been to link compensation with Company performance. Therefore, Mr. Buck received 37% of his aggregate cash compensation during fiscal 2005 from incentives. The committee believes that this represents evidence of the strong and explicit link between executive compensation and the creation of long-term shareholder value.

In terms of long-term compensation, management incentives generally are provided to the Company's executives through grants of stock options to retain and motivate executives to improve the Company's stock value. Since the Company's initial public offering, stock options have been granted at an exercise price equal to the closing price of the Company's common stock as reported by Nasdaq. Accordingly, grants of stock options will produce value only if there are increases in the underlying stock price. Stock option grants are made by the compensation committee. The Company provides no defined benefit pension plan or supplemental executive retirement plan but does provide a 401(k) plan, with profit-sharing contributions when feasible, for all of its employees employed for at least one year.

Recommendations with regard to compensation of the Company's executives are made to the board by the members of the compensation committee, which holds meetings at least once a year and more often when the need arises. Each member of the compensation committee is a non-employee director. The executive compensation practices of the Company are constantly re-evaluated to ensure their relevance, their support of the strategic goals of the Company and their contribution to the creation of long-term shareholder value.

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally disallows a public company's deduction for compensation to a Named Executive Officer in excess of \$1 million per year unless the compensation meets the definition of performance-based compensation. The committee does not anticipate that this limit will affect the deductibility of compensation paid by the company in 2005.
