ITEM 2.02. RESULTS OF OPERATIONS AND FINANCIAL CONDITION

On January 25, 2006, Sanmina-SCI Corporation issued a press release announcing financial results for its first fiscal quarter. The press release is furnished as Exhibit 99 to this Form 8-K.

Non-GAAP Financial Information

In the press release furnished as Exhibit 99, we present the following Non-GAAP financial measures: gross profit, gross margin, operating income, operating margin, net income and earnings per share. In computing each of these non-GAAP financial measures, including those presented in the attached financial statements, we exclude charges or gains relating to: stock-based compensation expense, restructuring (including employee severance and benefits costs and charges related to excess facilities and assets), integration costs (consisting of costs associated with the integration of acquired businesses into our operations), amortization of intangible assets, non-cash interest and other infrequent or unusual items, to the extent material, which we consider to be of a non-operational nature in the applicable period.

We have furnished these Non-GAAP financial measures because we believe they provide useful supplemental information to investors in that they eliminate certain financial items that are of a non-recurring, unusual or infrequent nature or are not related to the company's regular, ongoing business. Our management also uses this information internally for forecasting, budgeting and other analytical purposes. Therefore, the non-GAAP financial measures enable investors to analyze the core financial and operating performance of our company and to facilitate period-to-period comparisons and analysis of operating trends.

We provide earnings guidance only on a non-GAAP basis due to the inherent uncertainties associated with forecasting the timing and amount of restructuring, impairment and other unusual and infrequent items.

ITEM 5.03 AMENDMENTS TO ARTICLES OF INCORPORATION OR BYLAWS

Our board of directors has adopted amendments to our bylaws providing that changes in the authorized number of directors of our company must be approved by stockholders, except that our board of directors may amend our bylaws to reduce the number of directors to a number below 10 directors in the event of any vacancies existing on our board of directors. The amended bylaws are attached hereto as Exhibit 3.2. The amendments affect the text in Article III, Section 2 and Article X. No other provisions of the bylaws were affected by this amendment.

Consistent with these bylaw amendments, our board of directors has adopted a resolution fixing the number of directors at eight directors, which represents the number of directors currently in office.
