Item 2.02

RESULTS OF OPERATIONS AND FINANCIAL CONDITION.

On January 31, 2006, Archipelago Holdings, Inc. (Archipelago) issued a press release announcing its fourth quarter 2005 results. The press release is attached hereto as Exhibit 99.1. The information furnished herein pursuant to Item 2.02, including Exhibit 99.1, shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934 (the Exchange Act) or otherwise subject to the liabilities under that Section and shall not be deemed to be incorporated by reference into any filing of Archipelago under the Securities Act of 1933 or the Exchange Act.

In the attached press release, Archipelago uses non-GAAP financial measures of operating performance. For purposes of Regulation G, a non-GAAP financial measure is a numerical measure of a company's performance, financial position, or cash flows that either excludes or includes amounts that are not normally excluded or included in the most directly comparable measure, calculated and prepared in accordance with generally accepted accounting principles in the United States (GAAP). Non-GAAP financial measures do not replace and are not superior to the presentation of Archipelago's GAAP financial results, but are provided to present the effects of expenses recorded by Archipelago in connection with its proposed merger with the New York Stock Exchange, Inc. (NYSE), and to improve overall understanding of Archipelago's current financial performance and its prospects for the future. Specifically, Archipelago believes the non-GAAP financial results provide useful information to both management and investors regarding certain additional financial and business trends relating to financial condition and operating results. In addition, Archipelago's management uses these measures for reviewing financial results and evaluating financial performance.
