**PROXY STATEMENT**

**ANNUAL STOCKHOLDERS MEETING**

**TO BE HELD MAY 16, 2006**

---

**GENERAL**

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Option Care, Inc., a Delaware corporation (the Company), for use at the Annual Meeting of Stockholders (the Meeting) to be held on Tuesday, May 16, 2006, at 10:00 a.m., local time, at the Company's Corporate Offices at 485 Half Day Road, Suite 300, Buffalo Grove, Illinois, 60089 and any adjournments or postponements thereof.

The Notice of Annual Meeting to which this Proxy Statement is attached lists the matters which the Company intends to propose for consideration at the Meeting and these matters are discussed in detail later in this Proxy Statement. Other than the matters listed in the Notice of Annual Meeting and discussed herein, the Board does not currently intend, nor does it know of anyone else who intends, to present any other matter for consideration at the Meeting.

All proxies evidenced by a properly completed and returned Proxy Card will be voted in accordance with the instructions set forth in the Proxy Card. If no choice is specified, proxies will be voted FOR the election of the nominees for director proposed by the Board of Directors as set forth in Proposal 1, FOR the amendment to the Company's 2001 Employee Stock Purchase Plan as set forth in Proposal 2 and FOR ratification of the appointment of Ernst & Young LLP to act as independent registered public accounting firm of the Company for fiscal year 2006 as set forth in Proposal 3. If any other matters properly come before the Meeting, the persons named as proxies in the Proxy Card will be authorized to vote or otherwise act on these matters using their judgment and discretion; provided, however, that proxies directing a vote against a proposal may not be voted for a proposal to adjourn the Meeting to permit further solicitation in favor of the original proposal. A stockholder who executes a proxy may revoke it at any time before it is voted by delivering to the Company another proxy bearing a later date, by submitting written notice of such revocation to the Secretary of the Company, or by personally appearing at the Meeting and casting a contrary vote. Even if you plan to attend the meeting in person, please execute, date and return the enclosed proxy promptly. Should you attend the meeting, you may revoke the proxy by voting in person. A postage-paid, return-addressed envelope is enclosed for your convenience. Your cooperation in giving this your prompt attention will be appreciated.

The representation in person or by proxy of at least a majority of the shares entitled to vote at the Meeting is necessary to constitute a quorum. Assuming the requisite numbers of shares are represented at the Meeting, each proposal will be voted on separately and the vote required to approve each proposal is described below. A plurality of the votes cast is required for the election of directors, which means that the three nominees with the highest vote totals will be elected as directors. As a result, abstentions and broker non-votes do not have an effect on the results of the vote for the election of directors. The affirmative vote of a majority of the shares represented at the Meeting in person or by proxy is required to approve all

## Edgar Filing: Smith Dwight D. - Form 4

other matters to be voted on. Abstentions are treated as votes against these matters. Broker non-votes will have no effect on the result of the vote for these matters.

Each share of Common Stock is entitled to one vote for each of the proposals identified in this Proxy Statement. The close of business on April 6, 2006 has been fixed as the Record Date for the determination of the holders of our Common Stock entitled to notice of and to vote at the Annual Meeting. On April 6, 2006, there were 33,084,013 shares of Common Stock outstanding and entitled to vote. This Proxy Statement, together with the enclosed Notice of Meeting and Proxy Card, were mailed beginning on or about April 18, 2006 to all record owners of the Company's Common Stock as of the Record Date.

### **PROPOSAL 1. ELECTION OF DIRECTORS (Proposal 1 on the Proxy Card)**

In accordance with the Company's By-laws, the size of the Board of Directors has been fixed at seven members. The Board of Directors is divided into three classes, with two classes having two seats each and one class having three seats. Every year one class is elected to a three-year term. The class currently up for election contains three directors. One of the classes not currently up for election has a vacancy. Despite this vacancy, you may not vote for a greater number of persons than the number of nominees on the enclosed card.

The Nominating and Corporate Governance Committee recommended to the Board of Directors, and the Board of Directors approved, Kenneth S. Abramowitz, John N. Kapoor, Ph.D. and Rajat Rai as the Company's nominees for election to a three-year term as directors of the Company. Mr. Abramowitz has served as a director of the Company since 2002. Dr. Kapoor has served as Chairman of the Board of Directors since 1990. Mr. Rai has served as a director and Chief Executive Officer of the Company since 2001. Because each of the nominees currently serves as a director of the Company, the Board of Directors is fully aware of the ways in which these nominees' experience and expertise compliment the Company's needs. The nominees' existing relationship with the Company also provides the Board of Directors with actual knowledge of the nominees' commitment of time and attention to the Company and allowed this assessment to include consideration of the actual level of the nominees' past participation in Board functions.

Messrs. Abramowitz and Rai and Dr. Kapoor have advised the Board of Directors that they are willing to serve if elected as directors of the Company. However, if prior to the Meeting, the Board of Directors makes a good faith determination that any of the nominees is unable or unwilling to serve as a director, any proxy marked FOR this proposal will include a vote for a substitute nominee selected by the Board of Directors.

### **Recommendation of the Board of Directors**

*The Board of Directors recommends that stockholders vote FOR the Company's nominees for election as directors of the Company.*

### **Information Concerning the Board of Directors**

During the year ended December 31, 2005, the Company's Board of Directors met five times, including four regularly scheduled meetings and one special meeting. During 2005, each director attended at least 75% of the aggregate of all meetings of the Board of Directors and all meetings of committees of which he was a member. The Company does not have a formal policy with respect to director attendance at annual meetings. All continuing directors and nominees for director attended the Company's 2005 Annual Meeting of Stockholders on May 9, 2005, with the exception of Mr. Blechschmidt, who was appointed to Board of Directors in November 2005.

At the recommendation of the Company's Chief Executive Officer, Mr. Rai, the Nominating and Corporate Governance Committee recommended, and the Board of Directors approved, the appointment of Edward A. Blechshmidt to fill an empty seat on the Company's Board of Directors effective November 2005. Mr. Blechschmidt will serve in the director class with term expiring in 2008.

The Company is actively seeking a qualified candidate to fill one remaining vacancy on the Board in the class with term expiring in 2007. At this time, the Nominating and Corporate Governance Committee has not identified a suitable candidate.

### **Independent Directors**

The Board of Directors has determined that each of our continuing directors and nominees other than Dr. Kapoor and Mr. Rai qualify as independent in accordance with the listing standards of The Nasdaq Stock Market. Dr. Kapoor is not considered independent because of the Company's relationship with EJ Financial Enterprises, Inc., of which Dr. Kapoor is the sole owner, and Mr. Rai is not considered independent because he is an officer of the Company. The Nasdaq independence definition includes a series of objective tests, such as that the director is not an employee of the Company and has not engaged in various types of business dealings with the Company. In addition, as further required by the Nasdaq

rules, the Board has made the subjective determination as to each independent director that no relationships exist that, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In making these determinations, the directors reviewed and discussed information provided by the directors and the Company with regard to each director's business and personal activities as they may relate to the Company and the Company's management.

### **Compensation of Directors**

Directors receive \$7,500 in compensation for attendance at each regular meeting of the Board of Directors. Directors are also reimbursed for out-of-pocket expenses incurred in connection with attendance at Board of Directors and committee meetings. Upon election or appointment to the Board of Directors, each non-employee director receives an option to purchase 45,000 shares of the Company's common stock ( Common Stock ) at an exercise price equal to the closing market price on the date of grant. These options are generally exercisable immediately upon issuance. After the director's first year of service to the Board, at the beginning of each additional year of service, each non-employee director is granted an option to purchase 15,000 shares of Common Stock at an exercise price equal to the market price on the date of grant. Each such annual grant generally becomes vested in full on the one-year anniversary of the grant date.

### **Standing Committees**

To better and more efficiently discharge its fiduciary duties to stockholders, the Board has delegated special responsibility and authority with respect to various matters to committees, each of which should have a minimum of three members drawn from the full Board of Directors. The standing committees of the Board include the Audit Committee, the Compensation Committee, the Corporate Compliance Committee and the Nominating and Corporate Governance Committee. The Board has adopted a charter for each committee. These charters are available at the Company's website, [www.optioncare.com](http://www.optioncare.com).

*Audit Committee.* The Audit Committee has complete authority over the selection, direction and compensation of the Company's independent registered public accounting firm. This authority extends to establishing the scope of the audit, determining compensation, approving all non-audit services and monitoring auditor independence. The Audit Committee has assumed formal responsibility for final approval of the Company's critical accounting policies and for monitoring the continued propriety of the methods employed by the Company in connection with significant estimates and accruals. The Audit Committee also participates in, oversees and has other involvement with numerous processes designed to enhance the quality of the Company's financial information, including the Company's internal controls. The Audit Committee reviews all financial disclosure documents and discusses these documents with both management and the Company's independent registered public accounting firm prior to public release. Finally, the Audit Committee monitors the Company's adherence to the Company's corporate compliance program and general corporate policies. Throughout 2005, the members of the Audit Committee were Messrs. Abramowitz and Sheldon and Dr. Henikoff. In February 2006, Mr. Blechschmidt was appointed to also serve on the Audit Committee. Each member of the Audit Committee is independent as that term is defined by the listing standards of The Nasdaq Stock Market. The Board has determined that each of Messrs. Abramowitz and Blechschmidt satisfies the requirements for an audit committee financial expert under the current rules of the Securities and Exchange Commission. The Audit Committee met five times during 2005.

*Compensation Committee.* Although primary authority to establish and review performance standards and set compensation levels below the senior office level has been delegated to the Company's Chief Executive Officer, his decisions remain subject to oversight and review by the Compensation Committee. The function of the Compensation Committee is to determine the annual salary, bonus and

other benefits of selected senior officers of the Company and establish and review, as appropriate, performance standards under compensation programs for senior officers. The Compensation Committee also serves as administrator for the Company's Amended and Restated Stock Incentive Plan (1997). Throughout 2005, the members of the Compensation Committee were Dr. Henikoff and Mr. Sheldon. In February 2006, Mr. Blechschmidt was appointed to also serve on the Compensation Committee. Each member of the Compensation Committee is an independent director as defined in the listing standards of The Nasdaq Stock Market. The Compensation Committee met a total of four times during 2005.

*Nominating and Corporate Governance Committee.* The members of the Nominating and Corporate Governance Committee are Messrs. Abramowitz and Sheldon and Dr. Henikoff. The purpose of the committee is to assist the Board of Directors in identifying qualified individuals to become board members, nominating directors to serve on and to chair the Board committees, periodically reviewing director compensation and benefits, and improving the Company's corporate governance guidelines. Each member of the Nominating and Corporate Governance Committee is an independent director as defined by the listing standards of The Nasdaq Stock Market. The Nominating and Corporate Governance Committee met two times during 2005.

#### **Director Nominee Criteria and Process**

The Board of Directors is responsible for approving candidates for Board membership. The Board has delegated the screening and recruitment process to the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee believes that the criteria for director nominees should ensure effective corporate governance, support the Company's strategies and businesses, account for individual director attributes and the effect of the overall mix of those attributes on the Board's effectiveness, and support the successful recruitment of qualified candidates to the Board.

Qualified candidates for director are those who, in the judgment of the Nominating and Corporate Governance Committee, possess all of the personal attributes and a sufficient mix of experience as described below to assure effective service on the Board. Personal attributes of a Board candidate considered by the Nominating and Corporate Governance Committee include: leadership, personal ethics, independence, interpersonal skills and effectiveness. The experience of a Board candidate considered by the Nominating and Corporate Governance Committee include: financial acumen, general business experience, industry knowledge, diversity of view points, special business experience and expertise.

The Nominating and Corporate Governance Committee may receive recommendations for Board candidates from various sources, including recommendations from directors, executive officers and stockholders. To be considered timely, such notice shall be delivered to or mailed to and received by the Secretary not less than 60 days and not more than 90 days before the first anniversary of the preceding year's annual meeting, provided, however, in the event that the date of the annual meeting is more than 30 days before or more than 60 days after such anniversary date, notice by the stockholder to be timely must be delivered not earlier than the close of business on the 90th day prior to such annual meeting and not later than the close of business on the later of the 60th day prior to such annual meeting or the close of business on the 10th day following the day on which public announcement of the date of such meeting is first made by the Company. A stockholder's notice to the Secretary shall contain, for each person nominated for election or reelection as director, all information relating to such person that is required to be disclosed in solicitations of proxies for election of directors pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended. Such information shall include, but not be limited to, the nominee's name, age and qualifications for serving as director, including relevant experience and education background, and the nominee's written consent to being named in the proxy statements as a nominee and to serving as a director if elected. In addition, the stockholder giving notice must provide his

or her name and address, and the name and address of such beneficial owner, if any, on whose behalf the proposal is made, as well as the number of shares of the Company's common stock that are owned beneficially and of record by such stockholder and such beneficial owner.

### **Compensation Committee Interlock and Insider Participation**

During 2005, the members of the Compensation Committee of the Board of Directors were Dr. Henikoff and Mr. Sheldon. Neither of these individuals was an officer or employee of the Company or any of its subsidiaries during 2005 or any prior year.

### **Compensation Committee Report on Executive Compensation**

During 2005, the Compensation Committee of the Board of Directors was comprised of Dr. Henikoff and Mr. Sheldon. In February 2006, Mr. Blechschmidt was appointed to the Compensation Committee as well. All Compensation Committee members are non-employee directors of the Company. All decisions by the Compensation Committee relating to the compensation of the Company's executive officers are reviewed by the full Board. In accordance with rules of the Securities and Exchange Commission designed to enhance disclosure of companies' policies toward executive compensation, the following is a report submitted by the above-listed committee members in their capacity as the Board's Compensation Committee addressing the Company's compensation policy as it related to the named executive officers for 2005.

#### *Compensation Philosophy*

The goal of the Company's executive compensation policy is to ensure that an appropriate relationship exists between executive pay and the creation of stockholder value, while at the same time motivating and retaining key employees. To achieve this goal, the Company's executive compensation policies integrate annual base compensation with cash and stock bonuses based upon corporate performance and individual initiatives and stock options granted under the Company's stock-based incentive plans. Measurement of corporate performance is primarily based on the Company's goals and industry performance levels. Accordingly, in years in which performance goals and industry performance levels are achieved or exceeded, executive compensation would be higher than in years in which performance is below expectations. Annual compensation is designed to attract and retain qualified executives. All executive officers and management in general are also eligible for and participate in an incentive compensation plan that consists of cash bonuses and stock options.

#### *Performance Measures*

In evaluating annual bonuses, the Committee examines earnings per share, sales growth and operating results as well as subjective factors relating to performance of management objectives. No specific weight is assigned to any of these factors. The earnings factors are compared with designated Company performance goals, prior years' performance and performance of other companies in the industry. Accordingly, the Company believes it is important that its performance be compared to that of other infusion pharmacy and specialty pharmaceutical companies in order to demonstrate the impact of management's objectives and performance.

#### *Fiscal 2005 Compensation*

For fiscal 2005, the Company's executive compensation program consisted of base salary, a cash bonus based upon the performance measurements described above and stock options. Options are granted based primarily on each such person's potential contribution to the Company's growth and profitability. The Committee believes that options and other stock-based performance compensation arrangements are an effective incentive for managers to create value for stockholders because the value of an option bears a direct relationship to the Company's stock price.

Base salary, maximum annual bonus and annual stock option grants for the Chief Executive Officer and all other executive officers were established by a combination of objective and subjective factors. Actual bonus payout is determined by a combination of objective factors relating to the Company's

performance relative to targets and comparative companies, and subjective factors relating to the completion of specific management objectives.

Base salaries are believed to be within the range of those persons holding comparably responsible positions at other companies, both regionally and nationally. In addition, other factors are taken into consideration, such as cost of living increases and competitors' performance, as well as the individual's past performance and potential with the Company. Bonus compensation is also tied to performance goals.

The Committee believes that linking executive compensation to corporate performance results in a better alignment of compensation with corporate goals and stockholder interest. If performance goals are met or exceeded, resulting in increased value to stockholders, executives are rewarded commensurately. The Committee believes that compensation levels during fiscal 2005 adequately reflect the Company's compensation goals and policies.

*Chief Executive Officer Compensation*

Rajat Rai, the Company's Chief Executive Officer, earned an annual salary of \$374,250 for his service to the Company in 2005. Mr. Rai's compensation for this period was based on the Company's evaluation of his past and anticipated future performance in meeting overall business objectives of the Company, particularly in the areas of internal revenue growth, acquisitions plan execution and growth in stockholder value. Mr. Rai's compensation was also determined based on a survey of other persons holding comparably responsible positions at other companies, both regionally and nationally.

**Report of the Audit Committee of the Board of Directors**

The Audit Committee has assumed its expanded responsibilities following the passage of the Sarbanes-Oxley Act of 2002. The Audit Committee believes that the procedures it currently has in place are sufficient to establish meaningful, independent oversight of the Company's financial reporting, the core goal of Sarbanes-Oxley and other reform-oriented corporate governance initiatives. Nevertheless, the Audit Committee will continue to seek ways in which it can further enhance the quality, timeliness and transparency of the Company's financial disclosures.

The basic responsibilities relating to the Company's financial statements have not changed. The Audit Committee is not responsible for either preparing or expressing an opinion on the Company's financial statements. Management is responsible for the preparation of the Company's financial statements as well as the design, implementation and functioning of the Company's financial reporting processes, including its system of internal controls. The Company's auditors are responsible for performing an audit of the books and records of the Company and expressing an opinion as to whether the Company's annual financial statements have been prepared in conformity with accounting principles generally accepted in the United States and are free of material misstatement, as well as expressing an opinion on management's assessment of the effectiveness of internal control over financial reporting and the effectiveness of internal control over financial reporting.

While the basic responsibilities have not changed, changes in the relationships among the parties create a significant increase in the Audit Committee's ability to oversee and evaluate the performance of both the Company's management and its independent registered public accounting firm. The most significant change in this regard is the clear articulation of the Audit Committee's right to control the Company's relationship with its independent registered public accounting firm. The involvement of the Audit Committee in the process is expected to enhance the process because the members of the Audit Committee are independent (as determined in accordance with applicable standards) of both active participants in the process, the Company and Ernst & Young LLP.

## Edgar Filing: Smith Dwight D. - Form 4

To fulfill its obligations to monitor and oversee the performance of management and the independent registered public accounting firm, the Audit Committee meets with management and the independent registered public accounting firm, both jointly and individually. In meetings with management, the Audit Committee has inquired into the quality, not just the acceptability, of the decisions made by management in preparing the financial statements. An emphasis has been placed on assessing the reasonableness of any material judgments made by management in the preparation of the financial statements, which includes significant estimates and accruals. The Audit Committee has also pressed management on various contingencies, such as regulatory changes, which could have a significant impact on the Company.

The Audit Committee has reviewed the report of management contained in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2005 filed with the Securities and Exchange Commission, as well as Ernst & Young LLP's Report on Form 10-K related to its audit of (i) the consolidated financial statements and financial statement schedule, (ii) management's assessment of the effectiveness of internal control over financial reporting and (iii) the effectiveness of internal control over financial reporting. The Audit Committee continues to oversee the Company's efforts related to its internal control over financial reporting and management's preparations for the evaluation in fiscal 2006.

The Audit Committee has also met with the independent registered public accounting firm both individually and with management present. At these meetings, the Audit Committee has considered the scope of and procedures for the Company's annual audit. The Audit Committee also discussed with the independent registered public accounting firm the results of the independent registered public accounting firm's examination of the Company. During such discussions, the Audit Committee received the independent registered public accounting firm's evaluation of the Company's system of internal controls and the overall quality of the Company's financial reporting. In particular, the Audit Committee has reassessed the Company's position on applicable critical accounting policies, including obtaining guidance on the probable effects of adopting other potentially acceptable policies. The Audit Committee has also reviewed with the independent registered public accounting firm the quality of decisions made by management in the preparation of the financial statements and such other matters as either the Audit Committee or independent registered public accounting firm deemed necessary or appropriate for both parties to discharge their respective duties, which included a discussion of the matters identified in Statement of Accounting Standards 61 and PCAOB Auditing Standard No. 2 regarding the assessment of internal control over financial reporting. The Audit Committee obtained from the independent registered public accounting firm a formal written statement describing all relationships between the auditors and the Company that might bear on the auditors' independence consistent with the Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, discussed with the auditors any relationships that may impact their objectivity and independence and satisfied itself as to the auditors' independence.

The Audit Committee reviewed and discussed the audited financial statements of the Company as of and for the fiscal year ended December 31, 2005 with management and the independent registered public accounting firm. Based on this review and discussions with management and the independent registered public accounting firm and the report of the independent registered public accounting firm, the Audit Committee recommended to the Board that the Company's audited financial statements be included in its Annual Report on Form 10-K for the fiscal year ended December 31, 2005, for filing with the Securities and Exchange Commission. The Audit Committee also has selected and recommended to the stockholders for ratification the reappointment of Ernst & Young LLP as the independent registered public accounting firm to audit the consolidated financial statements of the Company for 2006.

**PROPOSAL 2. APPROVAL OF AN AMENDMENT TO THE COMPANY'S 2001 EMPLOYEE STOCK PURCHASE PLAN**

**(Proposal 2 on the Proxy Card)**

The Company's stockholders are being asked to approve an amendment to the Company's 2001 Employee Stock Purchase Plan (the Purchase Plan) which will (a) increase the number of shares of common stock authorized for issuance over the term of the Purchase Plan from 1,000,000 shares to 2,000,000 shares and (b) increase the number of unissued shares that may be issued on an annual basis under the Purchase Plan from 100,000 to 200,000.

The proposed amendment to the Purchase Plan is set forth in Appendix A attached hereto, and the following discussion is qualified in its entirety by the full text of the amendment. The Board adopted the amendment on April 17, 2006, subject to stockholder approval at the Annual Meeting.

**Reasons for Amendments**

**Increase in Number of Available Shares.** Presently, the Company is authorized to issue up to an aggregate of 1,000,000 shares of Common Stock under the Purchase Plan. As of April 18, 2006, only 104,536 shares remain available for issuance under the Purchase Plan. The Board believes that increasing the available shares under the Purchase Plan to 2,000,000 is necessary to reflect the 3-for-2 stock split that occurred on March 31, 2005. Additionally, the Board believes that the proposed increase in the number of shares available under the Plan will assure that a sufficient reserve of common stock remains available for issuance under the Purchase Plan and allows the Company to continue to utilize the Purchase Plan to provide eligible employees with the opportunity to acquire a proprietary interest in the Company, thereby providing employees with an additional incentive to contribute to the long-term profitability and success of the Company.

**Increase in the Number of Unissued Shares That May Be Used Under the Plan.** The Purchase Plan currently provides that 100,000 unissued shares may be issued per year under the Purchase Plan. If Proposal 2 is approved, 200,000 unissued shares may be issued per year under the Purchase Plan. As stated above, the Board believes that the modifications to the Purchase Plan are necessary to provide eligible employees of the Company the opportunity to acquire a proprietary interest in the Company and allow them to participate in the long-term profitability and success of the Company.

**Purchase Plan Summary**

The Purchase Plan is administered by a committee appointed by the Board of Directors. Acts of a majority of the members of the administrative committee at a meeting or acts reduced to writing and signed by all members of the administrative committee, shall be valid acts.

Employees eligible to participate in the Purchase Plan include all employees of the Company and any of its subsidiaries, except, however, that no eligible employee can be granted the right to purchase the Company's Common Stock under the Purchase Plan if such employee would then own 5% or more of the total combined voting power or value of all classes of stock of the Company or any of its subsidiaries. The number of eligible employees that may participate in the Purchase Plan was approximately 2,600 as of December 31, 2005. Employees are eligible to enroll in the Purchase Plan each January 1st or July 1st by submitting a completed payroll deduction authorization form to the administrative committee during the open enrollment periods. Participants may designate payroll deductions in whole percentages rounded to the nearest whole cent. The minimum contribution per pay period is \$10, while the maximum contribution is 15% of base pay provided that no employee may purchase Common Stock in any calendar year having a

## Edgar Filing: Smith Dwight D. - Form 4

Fair Market Value in excess of \$25,000, determined as of the Offering Date. Each eligible employee who makes payroll deductions under the Purchase Plan shall receive an annual account statement, within 30 days after the purchase of related shares, containing such information as will be determined by the Company. If an employee terminates his or her employment prior to the end of an offering period, the total amount of cash withheld will be refunded to the employee with no purchase of the Company's shares.

The share price paid under the Purchase Plan will be determined based on two Offering Periods. The price for the annual Offering Period will be 85% of the lesser of the Fair Market Value (as defined in the Purchase Plan) of the Company's Common Stock at either the first day of January or the last day of the following December. The price for the six-month Offering Period commencing each July will be the lesser of 85% of the Fair Market Value (as defined in the Purchase Plan) of the stock on the first day of July and the last day of the following December. Total shares available to be purchased under the Purchase Plan may currently not exceed an aggregate of 1,000,000 shares (whether unissued, previously issued shares reacquired and held by the Company or shares acquired in the open market) over the life of the Purchase Plan, nor currently exceed 100,000 unissued shares on an annual basis. Any amount of shares of Common Stock in excess of the 100,000 unissued share annual limitation may be issued from the Company's treasury stock or be purchased by the Company on the open market.

The Purchase Plan is intended to qualify as an employee stock purchase plan under Section 423 of the U.S. Internal Revenue Code of 1986, as amended from time to time. Under present law, a participant will not be deemed to have received any compensation for Federal income tax purposes at either the start of any Offering Period or the subsequent purchase of Common Stock at the end of any period. Participants will recognize taxable income in the year in which there is a disposition of the Common Stock purchased under the Purchase Plan. If the stock is not disposed of until at least two years after the start of the Offering Period, the participant will realize ordinary income in the year of disposal up to the amount by which the share price paid under the Purchase Plan was exceeded by the Fair Market Value of the share, with any excess gain being eligible for capital gain treatment. If the stock is disposed of at any time within two years from the start date of the Offering Period in which it was acquired, the participant will recognize ordinary income for the full amount by which the share price paid was exceeded by the amount realized upon disposal of the shares.

If the stock is not disposed of until at least two years after the start of the purchase period in which the stock was acquired, the Company will receive no income tax deduction for Federal income tax purposes in connection with the employee's purchase of shares under the Purchase Plan. If the employee disposes of the stock of at any time within two years from the start date of the purchase period in which it was acquired, the Company will receive a deduction for Federal income tax purposes equal to the ordinary income recognized by the employee in connection with such disposition.

### **New Purchase Plan Benefits**

No shares of common stock have been issued under the Purchase Plan on the basis of the 1,000,000 share increase for which stockholder approval is sought under this Proposal 2.

### **Stockholder Approval**

The affirmative vote of the holders of a majority of the shares of common stock, present in person or represented by proxy and entitled to vote at the Annual Meeting, is required to approve this Proposal 2.

**The Board of Directors recommends a vote FOR approval of Proposal 2.**

**PROPOSAL 3. RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

**(Proposal 3 on the Proxy Card)**

The Audit Committee has selected the accounting firm of Ernst & Young LLP as the Company's independent registered public accounting firm with respect to the fiscal year ending December 31, 2006. Ernst & Young LLP has served as the Company's independent registered public accounting firm since January 1998.

**Audit Committee pre-approval policies and procedures.**

Under the Sarbanes-Oxley Act of 2002, the audit committee is responsible for the appointment, compensation and oversight of the work of the independent registered public accounting firm. As part of this responsibility, the Audit Committee is required to pre-approve the audit and non-audit services performed by the independent registered public accounting firm in order to assure that the performance of such services does not impair the registered public accounting firm independence from the Company. The Audit Committee may pre-approve non-audit services up to predetermined cost limits without consideration of specific case-by-case services; or may require specific, case-by-case pre-approval; or may utilize a combination of the two approaches. Audit services will be subject to specific pre-approval of the Audit Committee. The Audit Committee will monitor the audit services engagement as necessary, but no less than on a quarterly basis, and will also approve, if necessary, any changes in terms, conditions and fees resulting from changes in audit scope, Company structure or other items. Audit-related services may be pre-approved generally or on a specific case-by-case basis, as deemed appropriate by the Audit Committee. Tax services, such as tax compliance and tax advice, may be pre-approved if determined to not impair the auditor's independence or constitute prohibited non-audit services as defined by the Securities and Exchange Commission. Tax services may be pre-approved generally to the extent that such services conform to the historical tax services provided by the independent registered public accounting firm. Increases in the scope of such tax services would require specific, case-by-case pre-approval by the Audit Committee. Any other services provided by the independent registered public accounting firm will be

subject to specific, case-by-case pre-approval and will be evaluated to ensure that they do not constitute prohibited non-audit services or otherwise impair auditor independence.

The Audit Committee reviewed and pre-approved all audit services and non-audit services performed by the independent registered public accounting firm during the years ended December 31, 2005 and 2004.
