PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

MAY 17, 2006

This proxy statement is furnished in connection with the solicitation by the Board of Directors of Main Street of proxies to be voted at the annual meeting of shareholders to be held at the Virginia Theatre, 203 West Park Avenue, Champaign, Illinois, on Wednesday, May 17, 2006, at 6:00 p.m., local time, and at any adjournments or postponements of the meeting. This proxy statement is first being mailed to our shareholders on or about April 11, 2006.

ANNUAL MEETING AND VOTING INFORMATION

The following information regarding the meeting and the voting process is presented in a question and answer format.

Why am I receiving this proxy statement and proxy card?

You are receiving a proxy statement and proxy card from us because on March 30, 2006, you owned shares of Main Street's common stock. This proxy statement describes the matters that will be presented for consideration by the shareholders at the annual meeting. It also gives you information concerning the matters to assist you in making an informed decision.

When you sign the enclosed proxy card, you appoint the proxy holder as your representative at the meeting. The proxy holder will vote your shares as you have instructed in the proxy card, thereby ensuring that your shares will be voted whether or not you attend the meeting. Even if you plan to attend the meeting, you should complete, sign and return your proxy card in advance of the meeting just in case your plans change.

If you have signed and returned the proxy card and an issue comes up for a vote at the meeting that is not identified on the form, the proxy holder will vote your shares, pursuant to your proxy, in accordance with his or her judgment.

What matters will be voted on at the meeting?

You are being asked to vote on the election of nine directors of Main Street for a term of one year expiring in 2007.

If I am the record holder of my shares, how do I vote?

You may vote either by mail or in person at the meeting. To vote by mail, complete and sign the enclosed proxy card and mail it in the enclosed envelope. If you mark your proxy card to indicate how you want your shares voted, your shares will be voted as you instruct.

If you sign and return your proxy card but do not mark the form to provide voting instructions, the shares represented by your proxy card will be voted for all nominees for director named in this proxy statement and by the appointed proxies in accordance with his or her judgment on any other matter brought before the meeting.

If you want to vote in person, please come to the meeting. We will distribute written ballots to anyone who wants to vote at the meeting. Even if you plan to attend the meeting, you should

complete, sign and return your proxy card in advance of the meeting just in case your plans change. Please note, that if your shares are held in the name of your broker (or in what is usually referred to as street name), you will need to arrange to obtain a legal proxy from your broker in order to vote in person at the meeting.

If I hold shares in the name of a broker or fiduciary, who votes my shares?

If you received this proxy statement from your broker or a trustee or other fiduciary who may hold your shares, your broker or fiduciary should have given you instructions for directing how they should vote your shares. It will then be their responsibility to vote your shares for you in the manner you direct. As discussed above, if you want to vote in person at the meeting, you will need to arrange to obtain a legal proxy from your broker or fiduciary in order to vote in person at the meeting.

Under the rules of various national and regional securities exchanges, brokers may generally vote on routine matters, such as the election of directors, but cannot vote on non-routine matters, such as an amendment to the articles of incorporation, the adoption or amendment of a stock option plan, unless they have received voting instructions from the person for whom they are holding shares. If your broker does not receive instructions from you on how to vote particular shares on matters on which your broker does not have discretionary authority to vote, your broker will return the proxy form to us, indicating that he or she does not have the authority to vote on these matters. This is generally referred to as a broker non-vote and will affect the outcome of the voting as described below, under How many votes are needed for approval of each proposal? Therefore, we encourage you to provide directions to your broker as to how you want your shares voted on all matters to be brought before the meeting. You should do this by carefully following the instructions your broker gives you concerning its procedures. This ensures that your shares will be voted at the meeting.

What does it mean if I receive more than one proxy card?

It means that you have multiple holdings reflected in our stock transfer records and/or in accounts with stockbrokers. Please sign and return ALL proxy cards to ensure that all your shares are voted.

What if I change my mind after I return my proxy?

If you hold your shares in your own name, you may revoke your proxy and change your vote at any time before the polls close at the meeting. You may do this by:

signing another proxy with a later date and returning that proxy to:

American Stock Transfer & Trust Company, 59 Maiden Lane, New York, NY 10273-0923;

sending notice to us that you are revoking your proxy; or

voting in person at the meeting.

If you hold your shares in the name of your broker and desire to revoke your proxy, you will need to contact your broker to revoke your proxy.

How many votes do we need to hold the annual meeting?

A majority of the shares that are outstanding and entitled to vote as of the record date must be present in person or by proxy at the meeting in order to hold the meeting and conduct business.

Shares are counted as present at the meeting if the shareholder either:

is present in person at the meeting; or

has properly submitted a signed proxy card or other proxy.

On March 30, 2006, the record date, there were 10,132,875 shares of common stock issued and outstanding. Therefore, at least 5,066,438 shares need to be present at the annual meeting.

What happens if a nominee is unable to stand for re-election?

The Board may, by resolution, provide for a lesser number of directors or designate a substitute nominee. In the latter case, shares represented by proxies may be voted for a substitute nominee. You cannot vote for more than nine nominees. The Board has no reason to believe any nominee will be unable to stand for re-election.

What options do I have in voting on each of the proposals?

You may vote for or withhold authority to vote for each nominee for director. You may vote for, against or abstain on any other proposal that may properly be brought before the meeting. Abstentions will be considered in determining the presence of a quorum but will not affect the vote required for election of directors.

How many votes may I cast?

Generally, you are entitled to cast one vote for each share of stock you owned on the record date. The proxy card included with this proxy statement indicates the number of shares owned by an account attributable to you.

How many votes are needed for each proposal?

The directors are elected by a plurality vote and the nine individuals receiving the highest number of votes cast for their election will be elected as directors of Main Street. Broker non-votes will not be counted as entitled to vote, but will count for purposes of determining whether or not a quorum is present on the matter. Therefore, a broker non-vote has no effect on the election of directors.

Where do I find the voting results of the meeting?

We will announce voting results at the meeting. The voting results will also be disclosed in our Form 10-Q for the quarter ended June 30, 2006.

Who bears the cost of soliciting proxies?

We will bear the cost of soliciting proxies. In addition to solicitations by mail, officers, directors or employees of Main Street or its subsidiaries may solicit proxies in person or by telephone. These persons will not receive any special or additional compensation for soliciting proxies. We may reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding

proxy and solicitation materials to shareholders.

ELECTION OF DIRECTORS

Main Street has one class of directors. At the annual meeting on May 17, 2006, nine directors will be elected for a term of one year or until their respective successors are elected and qualified. For part of 2005, Main Street had ten directors serving on its Board of Directors. However, Mr. Gene Salmon, who had served as a director since 1991, passed away in 2005, and the Board reduced the number of directors serving from ten to nine without filling Mr. Salmon's position.

Set forth below is information, as of March 30, 2006, concerning the nominees for election including age, year first elected a director as well as each director's business experience during the previous five years. Each of the nominees for election as director is an incumbent director. The Board of Directors recommends a vote **FOR** each of the nominees.

(1) Indicates the year first elected to the Board of Directors of BankIllinois Financial or First Decatur, the predecessor companies to Main Street.

All of Main Street's directors will hold office for a term of one year, or until their respective successors are duly elected and qualified, and all executive officers hold office for a term of one year. If a nominee is unable to serve, the shares represented by all valid proxies will be voted for the election of a substitute nominee recommended by our Nominating Committee. At this time, we do not know of any reason why any nominee may refuse or be unable to serve as a director, if re-elected. There are no arrangements or understandings between any of the directors, executive officers or any other person pursuant to which any of Main Street's directors or executive officers have been selected for their respective positions.

THE BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

General

Currently, there are nine directors serving on the Board of Directors of Main Street. For part of 2005, Main Street had ten directors serving on its Board of Directors. However, Mr. Gene Salmon, who had served as a director since 1991, passed away in 2005, and the Board reduced the number of directors serving from ten to nine without filling Mr. Salmon's position. Generally, the Board oversees our business and monitors the performance of our management. In accordance with our corporate governance procedures, the Board does not involve itself in the day-to-day operations of Main Street, which is monitored by our executive officers and management. Our directors fulfill their duties and responsibilities by attending regular meetings of the full Board, which are held on a monthly basis, special meetings held from time to time and through committee membership, which is discussed below. Our directors also discuss business and other matters with our key executives and our principal external advisers (legal counsel, auditors and other consultants).

A majority of our directors are deemed to be independent as defined by the Nasdaq Stock Market, Inc. Because of their positions as executive officers, Messrs. Dukeman and Lykins are not independent under the rules established by Nasdaq. With the exception of Mr. Meyer, the remaining directors are deemed to be independent. The Board of Directors has established an Audit Committee, a Compensation Committee, and a Nominating Committee, among other committees. In 2005, Main Street's Board held a total of twelve regular meetings. During 2005, all directors attended at least 75% of the meetings of the Board and committees on which they served, with the exception of Mr. Meyer. If a director is unable to attend a meeting, it is our policy to solicit his input regarding the actions to be taken at the meeting, as well as his ratification of the actions taken at the meeting.

Although we do not have a formal policy regarding director attendance at the annual meeting, we encourage and expect all of our directors to attend. Last year, all of the directors were present at the annual meeting.

Audit Committee

In 2005, Messrs. Zacheis (Chair), Sloan and Haab were members of the Audit Committee, as was Mr. Salmon for part of the year. We expect that all of the current members of the Audit Committee for 2005 will continue to serve through 2006. Each of these members is deemed to be independent as defined by Nasdaq and the rules and regulations promulgated by the Securities and Exchange Commission. The Board of Directors has determined that Mr. Haab qualifies as an audit committee financial expert under the regulations of the Securities and Exchange Commission. The Board based this decision on Mr. Haab's education, and his professional experience as President and Chief Executive Officer of Illinois Power Company, a public electric and gas utility. Mr. Haab is a certified public accountant and served on the audit staff of Price Waterhouse, where he was responsible for auditing Fortune 500 companies.

The functions performed by the Audit Committee include, but are not limited to, the following:

selecting and managing the relationship with our independent auditors;

reviewing the independence of the independent auditors;

reviewing actions by management on recommendations of the independent auditors and internal auditors;

meeting with management, the internal auditors and the independent auditors to review the effectiveness of our system of internal control and internal audit procedures;

reviewing with financial management and the independent accountants the Securities and Exchange Commission reports on Form 10-Q or 10-K prior to their filing or prior to the release of earnings. The Chair of the Committee may represent the entire Committee for purposes of this review;

reviewing reports of bank regulatory agencies and monitoring management's compliance with recommendations contained in those reports.

Edgar Filing: MAIN STREET TRUST INC - Form DEF 14A

To promote independence of the audit function, the Audit Committee consults both separately and jointly with the independent auditors, the internal auditors and management. The Audit Committee has adopted a written charter, which sets forth the Committee's duties and responsibilities. We have attached a copy of the current charter to this proxy statement which is available on the Securities and Exchange Commission's website at www.sec.gov. The Audit Committee met four times in 2005.

Compensation and Nominating Committees

In 2005, we had a Compensation Committee and a Nominating Committee. Both Committees were comprised of the same members: Messrs. Kenney (chair), Downey, Meyer, Shapland and Sloan and we expect that, with the exception of Mr. Meyer, each will continue to serve on the Committees in 2006. Each of the continuing members is deemed to be independent as defined by Nasdaq, an outside director pursuant to Section 162(m) of the Internal Revenue Code and a non-employee director under Section 16 of the Securities Exchange Act of 1934. The Compensation Committee is responsible for setting the compensation of executive officers of Main Street, including the review and approval of base salaries, review of salaries of executive officers compared to other financial services holding companies in the region, fringe benefits, and incentive compensation. The Committee also reviews compensation to be paid to Main Street's directors for service on the Board of Directors and attendance at Board and Committee meetings. The Nominating Committee is charged with identifying and nominating

individuals to be presented to our shareholders for election or re-election to the Board of Directors. Although neither Committee has adopted a formal charter, the Board has adopted a Director Policy that addresses the purpose of the Nominating Committee and the qualifications of the directorship. The Compensation and Nominating Committees met jointly two times in 2005.

Director Nominations and Qualifications

In carrying out its nominating function, the Nominating Committee evaluates all potential nominees for election, including incumbent directors, Board nominees and shareholder nominees, in the same manner. However, the Committee is not currently seeking out candidates to serve on the Board and we did not receive any shareholder nominations for the 2006 annual meeting. Generally, the Committee believes that, at a minimum, directors should possess certain qualities, including the highest personal and professional ethics and integrity, a sufficient educational and professional background, demonstrated leadership skills, sound judgment, and a strong sense of service to the communities which we serve. Our Director Policy states that Board members shall be active leaders in their businesses or organizations and be knowledgeable about business and community issues. It is expected that Board members will own a minimum of 20,000 shares of our common stock as a director of Main Street and a minimum of 2,000 shares as a director of one of the subsidiaries. It is recognized that Board members may not initially own these minimums, however, it is expected that directors would attain this level of ownership within a period of a few years. The Committee also evaluates potential nominees to determine if they have any conflicts of interest that may interfere with their ability to serve as effective Board members and whether they are independent (to ensure that at least a majority of the directors will, at all times, be independent). The Committee has not, in the past, retained any third party to assist it in identifying candidates, but it has the authority to retain a third party firm or professional for the purpose of identifying candidates.

Director Compensation

The following table provides information on 2005 compensation for non-employee directors who served during 2005. Directors of Main Street who are also employees were not separately compensated for service on the boards or committees.

Code of Ethics

We have a code of ethics in place that applies to our Chief Executive Officer and Chief Financial Officer. Shareholders can receive a copy of the code free of charge by contacting Teresa Marsh, our Corporate Secretary, at 100 W. University Avenue, Champaign, Illinois 61820.

Certain Relationships and Related Transactions

Directors and officers of Main Street and its respective subsidiaries were customers of and had transactions with, Main Street and its subsidiaries during 2005. Additional transactions may be expected to take place in the future. All outstanding loans, commitments to loan, transactions in repurchase agreements and certificates of deposit and depository relationships, in the opinion of management, were made in the ordinary course of business, on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons and did not involve more than the normal risk of collectibility or present other unfavorable features.

In November 1999, BankIllinois Financial entered into a lease agreement with Midwest Television, Inc. for office space located in Main Street's main office building located at 100 West University Avenue, Champaign. Main Street is now a party to the lease as successor of BankIllinois Financial. Mr. Meyer, a director of Main Street, serves as president of Midwest Television, Inc., and is a controlling shareholder of Midwest Television, Inc. Lease payments are approximately \$86,000 annually. In addition, Main Street leases space from Mr. Meyer in a building in Champaign that is used for Main Street's campus branch banking operations, with lease payments totaling approximately \$61,000 annually. Management believes that the terms of these leases are no less favorable to Main Street or its subsidiaries than would have been obtained from non-affiliated parties.

General Communications with the Board

Shareholders may contact our Board of Directors by contacting Mr. Gregory B. Lykins, Chairman of the Board, Main Street Trust, Inc., 100 West University Avenue, Champaign, Illinois 61820.

Compliance with Section 16(a) of the Securities Exchange Act

Section 16(a) of the Securities Exchange Act requires that the directors, executive officers and persons who own more than 10% of our common stock file reports of ownership and changes in ownership with the Securities and Exchange Commission. These persons are also required to furnish us with copies of all Section 16(a) forms they file. Based solely on our review of the copies of such forms furnished to us and, if appropriate, representations made by any reporting person concerning whether a Form 5 was required to be filed for 2005, we are not aware of any failures to comply with the filing requirements of Section 16(a) during 2005 except for Mr. Kenney and Mr. Sloan, who each filed a Form 4 one day late, and Ms. Greene, who filed a late Form 4 regarding shares purchased by her spouse.

EXECUTIVE COMPENSATION

Summary Compensation Table

We are committed to providing a total compensation program that supports our long-term business strategy and performance culture and creates a commonality of interest with the shareholders. In establishing executive compensation, we generally divide compensation into three separate components: salary, cash bonus and long term incentive awards. These components are intended to work together to compensate the executive fairly for his or her services and reward the executive officer based upon our overall performance during the year.

The following table shows the compensation earned during the three most recently completed fiscal years by Main Street's Chief Executive Officer and the four other most highly compensated executive officers on a combined basis (including those employed by their respective subsidiaries) whose 2005 salary and bonus exceeded \$100,000:

Employment Agreements

We have entered into employment agreements with certain of our executive officers, including, Messrs. Lykins, Dukeman, White, Donohue, and Ms. Greene. With the exception of Mr. Donohue's employment agreement, which has an initial term of two years, each employment agreement provides for an initial term of one year and, at the end of its initial term as well as any subsequent term, is automatically extended for one year until either the employee or we give written notice to the contrary. Each agreement terminates upon the employee's death, disability, discharge for cause or in the event of constructive discharge (as defined in the employment agreements). The employment agreements are also terminable by the employee or us upon 90 days notice to the other party.

The employment agreements set forth the salaries, bonuses and benefits to be provided to the respective officer and provide for severance payments in the event employment is terminated by us without cause or in the event of a constructive discharge. The severance payment each officer would be entitled to receive in such a case equals the sum of the applicable base salary, the officer's most recent performance bonus and the value of contributions under retirement and employee benefit plans that would have been made through the term of the agreement. They will also be entitled to receive life, health and disability insurance for themselves and their dependents, at the expense of Main Street, for a period of one year.

In the event employment is terminated within one year of a change of control, or at any time by us or our successor for any reason other than death or disability, Messrs. White and Donohue and Ms. Greene would be entitled to receive two times the severance payment, and Messrs. Lykins and Dukeman would be entitled to receive the greater of \$900,000 or three times the severance payment. The amounts payable to Messrs. White and Donohue and Ms. Greene upon a change of control are subject to reduction, if necessary, to prevent certain adverse tax treatment. Messrs. Lykins and Dukeman are entitled to receive a gross-up in the event that any amounts are subject to penalties as excess parachute payments under the Internal Revenue Code. Additionally, if either Mr. Lykins or Mr. Dukeman is terminated without cause, or terminated due to disability or death within eighteen months prior to a

change of control, he will receive the greater of \$900,000 or three times the severance payment. They will also be entitled to receive life, health and disability insurance for a period of three years following the termination.

The employment agreements also provide that the respective officer may not compete within a 50-mile radius of Main Street's main office in Champaign, or in respect to Mr. Donohue and Ms. Greene, Main Street's main office in Champaign and its subsidiary bank(s), or against Main Street or any successor, for one year following the termination of their employment agreement. Each employment agreement also requires us to indemnify and to advance certain legal expenses to the covered employee to the maximum extent permitted by law.

Deferred Compensation Arrangements for Directors and Executive Officers

We sponsor a deferred compensation arrangement with our executive officers that provides a means for the participants to voluntarily defer a portion of their salary or bonus. This arrangement is an unfunded, nonqualified deferred compensation arrangement. We have also assumed the outstanding liability for similar arrangements for the deferral of director fees offered by our predecessor companies in connection with the merger of Bank Illinois Financial and Central Illinois Financial Corporation of Champaign in 1995. We accrue liability for these arrangements based on the present value of the amount that each participant is currently eligible to receive. There are 27 participants in these arrangements, however only 14 are eligible to make continued deferrals. The other participants include seven former directors and five former employees of predecessor companies. One current employee is still a participant in the plan, but not eligible to make deferrals. In 2005, a total of \$281,000 in fees, salary and bonus was deferred pursuant to the arrangements. Our liability under these arrangements as of December 31, 2005 was approximately \$3.868 million.

Additionally, in connection with the merger of Bank Illinois Financial Corporation and First Decatur Bancshares, Inc., in 2000, we assumed the outstanding liability for a deferred compensation plan for non-employee directors that allowed participants to defer directors' fees. After the merger, no additional contributions were allowed under the arrangements, and as of December 31, 2005, our liability under the arrangements was \$618,000.

Additionally, in connection with the acquisition of Citizens First Financial Corp., Main Street assumed the outstanding liability for an existing Director Emeritus Plan. At December 31, 2005, we had a recorded liability in the amount of \$1.263 million, which is fully funded through single premium insurance annuities.

The Company has purchased life insurance policies, which are reported as other assets, to cover the aforementioned liabilities and other employee benefits with recorded values in 2005 of approximately \$10.533 million.

Edgar Filing: MAIN STREET TRUST INC - Form DEF 14A

We also sponsor a qualified, tax-exempt pension plan qualifying under Section 401(k) of the Internal Revenue Code. The plan is eligible for all employees meeting age and service requirements, including our executive officers. The 401(k) plan allows for participants' contributions up to the maximum amount allowed by the IRS regulations, and contributions up to 6.0% of gross salary are eligible for the Company's match of 50%. Participants can choose between several different investment options under the 401(k) plan.

The aggregate contribution under the 401(k) plan by Main Street in 2005 was \$382,954 and the amounts contributed to the named executive officers are reflected in the Summary Compensation Table appearing earlier in this proxy statement.

Main Street Trust, Inc. Profit Sharing Plan

Main Street also sponsors a qualified retirement plan commonly referred to as a profit sharing plan. The plan is eligible for all employees meeting age and service requirements, including our executive officers. Employees are not permitted to contribute to the plan. The amounts of all contributions made to the profit sharing plan are at Main Street's discretion. Participants can choose between several different investment options under the profit sharing plan.

Total contributions by Main Street for 2005 were \$857,693. The amounts contributed to the named executive officers are reflected in the Summary Compensation Table.

Compensation Committee Report on Executive Compensation

The incorporation by reference of this proxy statement into any document filed with the Securities and Exchange Commission by Main Street shall not be deemed to include the following report and related information unless it is specifically stated to be incorporated by reference into such document.

General. During 2005, the Compensation Committee was comprised of Messrs. Kenney (Chair), Downey, Meyer, Shapland and Sloan and with the exception of Mr. Meyer, we expect that each will continue to serve on the Committee through 2006. Each of the continuing members is considered independent by the Board according to the Nasdaq listing requirements, an outside director pursuant to Section 162(m) of the Internal Revenue Code and a non-employee director pursuant to Section 16 of the Securities Exchange Act of 1934. The purpose of the Compensation Committee is to determine the aggregate compensation to be paid to Mr. Dukeman, our Chief Executive Officer, and to review and recommend to the full Board the compensation for our other executive officers. The Committee also administers our stock incentive plan and meets either independently or in conjunction with our full Board of Directors to grant awards to eligible individuals in accordance with the terms of the plans.

Compensation Overview. We are committed to providing a total compensation program that supports our long-term business strategy and performance culture and creates a commonality of interest with the shareholders. In establishing executive compensation, we generally divide compensation into three separate components: salary, cash bonus and long-term incentive awards. These components are intended to work together to compensate the executive fairly for his or her services and reward the executive officer based upon our overall performance during the year. In reviewing and establishing an executive's compensation, the Committee considers and evaluates all components of the executive officer's total compensation package. This involves reviewing the executive's salary, bonus, incentive stock awards, perquisites, participation in our 401(k) plan, profit sharing contributions, payments due upon retirement or a change of control, if any, and all other payments and awards that the executive officer earns.

The general philosophy in making decisions regarding the compensation of the executive officers, after taking into account an examination of compensation at other similarly situated financial institutions, is as follows:

to provide incentives for executive officers to work toward achieving successful annual results and strategic objectives;

to provide significant reward for achievement of superior performance;

to provide market-based compensation to help recruit and retain professionals of exceptional quality;

to create significant opportunity and incentive for executives to be long-term shareholders;

to link executive compensation rewards to increases in shareholder value, as measured by favorable long-term results and continued strengthening of Main Street's financial condition; and

to provide flexibility to recognize, differentiate, and reward individual performance.

Components of Compensation.

Salary. The Compensation Committee reviews each executive's base salary on an annual basis. The Committee believes that the base salaries should offer security to each executive and allow us to attract qualified executives and maintain a stable management team and environment. The Committee targets base salaries at levels comparable to those of similar positions within the market place. The Committee may adjust salaries to reflect our financial performance, including, but not limited to, our earnings per share, net income, and return on average assets, although no specific weight is given to these factors. Additionally, base salaries are determined by examining, among other things, an executive's level of responsibility, prior experience, education, breadth of knowledge, internal performance objectives and the current market level. The Committee will also factor in other payments and awards that the executive may receive before recommending a salary to the Board. All of the factors described herein are considered on a subjective basis in the aggregate, and none of the factors is accorded a specific weight. When establishing the salary of executives other than his own, Mr. Dukeman participated and made recommendations to the Committee.

Bonus. The incentive bonus is a discretionary payment primarily related to Main Street's financial performance, as measured by net income, return on average assets, and other financial factors, and Main Street's performance relative to its long-term goals. When establishing bonuses, the Committee also considers individual performance criteria in addition to company-wide objectives. In 2005, bonuses paid to executive officers were higher than in the previous two years due to the fact that Main Street met certain financial performance goals. In addition, at the request of Mr. Dukeman, the Committee had not recommended a bonus for him in 2003.

For 2005, aggregated bonus payments of \$1,195,225 were paid to 455 employees. The bonuses paid to Mr. Dukeman and the other named executive officers are set forth in the Summary Compensation Table and were established pursuant to the bonus program.

Main Street also sponsors a profit sharing plan. This plan is similar to the bonus program in that it provides for discretionary payments primarily related to Main Street's financial performance, as measured by net income, return on average assets, and other financial factors, and Main Street's performance relative to its long-term goals.

For 2005, the total contribution to the profit sharing plan was \$857,693. The contributions made for Mr. Dukeman and the other named executive officers are set forth in the Summary Compensation Table and were established pursuant to the profit sharing plan.

Stock Ownership. The Board and the Committee believe in employee ownership in our company. In May 2000, the shareholders approved the Main Street Trust 2000 Stock Incentive Plan. The purpose of this incentive plan is to enhance our long-term financial performance by:

attracting and retaining executive and other key employees of Main Street through incentive compensation opportunity;

motivating such employees to further the long-term goals of Main Street; and

further aligning the interests of participating employees with our shareholders through opportunities for increased employee ownership of Main Street.

During 2005, the Committee recommended, and the Board of Directors approved, the granting of options for a total of 137,500 shares to 59 employees and directors. Options granted to Mr. Dukeman and the other named executive officers in 2005 are shown in the Option Grants in Last Fiscal Year table appearing earlier in this proxy statement.

Chief Executive Officer's Compensation. The Committee establishes Mr. Dukeman's salary after reviewing the factors and components described above. Mr. Dukeman's salary in 2005 was based in part upon the Committee's satisfaction with the following factors; profitability, revenue growth, expense control and overall credit quality. The Committee determined that Mr. Dukeman's leadership had a significant impact on our attaining this level of performance while maintaining our strong safety and soundness ratings. Additionally, the Committee considered Mr. Dukeman's personal performance as President and Chief Executive Officer, as well as his change of control agreement, his participation in employee benefit plans, the perquisites that he receives, his previous years' salaries and the salary levels of other similarly situated financial institutions in setting his base salary at \$266,000 for 2005. His bonus of \$225,000 was awarded based upon achieving certain of the company's overall performance goals as well as the successful implementation of a number of strategic initiatives during the year. Those strategic initiatives included the completion of the merger of Citizens First Financial, and the merger of its banking subsidiary, Citizens Savings Bank, into our banking subsidiary, Main Street Bank & Trust; the growth of our de novo operation in the Tri-County Peoria region; the growth of assets under management in our Wealth Management Group to nearly \$2 billion by the end of 2005; and a record net profit for our payment processing subsidiary, FirsTech. In 2005, Mr. Dukeman's bonus was higher than in the previous two years due to the fact that Main Street met certain financial performance goals. In 2003, at the request of Mr. Dukeman, the Committee had not recommended a bonus for him.

Edgar Filing: MAIN STREET TRUST INC - Form DEF 14A

In addition, we awarded 7,500 options to Mr. Dukeman in 2005 under the stock incentive plan. He also received \$25,236 in other compensation that includes Main Street's contributions under its 401(k) Plan, Non-Qualified Retirement Plan, Profit Sharing Plan and amounts paid for premiums on insurance policies with respect to Mr. Dukeman.

Compliance with Section 162(m) of the Internal Revenue Code of 1986. Section 162(m) of the Internal Revenue Code limits the deductibility of annual compensation in excess of \$1.0 million paid to the Chief Executive Officer and any of the four other highest paid officers, to the extent they are listed officers on the last day of any given tax year. However, compensation is exempt from this limit if it qualifies as performance-based compensation. Performance-based compensation generally includes only payments that are contingent on achievement of performance objectives, and excludes fixed or guaranteed payments. We believe performance-based compensation is an important tool to provide incentive to senior executives, matching their compensation levels to our performance.

Although we will consider deductibility under Section 162(m) with respect to the compensation arrangements for executive officers, deductibility will not be the sole factor used in determining appropriate levels or methods of compensation. Since our objectives may not always be consistent with the requirements for full deductibility, we may enter into compensation arrangements under which payments would not be deductible under Section 162(m).

Conclusion. The Compensation Committee believes the executive compensation policies and programs described above effectively serve the interests of shareholders and Main Street. The Committee believes these policies motivate executives to contribute to our overall future success, thereby enhancing the value of Main Street for the benefit of all shareholders.

The aggregate amounts of tax-related services billed by RSM McGladrey, Inc., an affiliate of McGladrey & Pullen, LLP, for 2005 and 2004 were \$28,600 and \$14,645, for professional services rendered for tax compliance, tax advice and tax planning. The services provided also included assistance with the preparation of Main Street's tax return and guidance with respect to estimated tax payments.

All Other Fees. The aggregate amount of fees billed by RSM McGladrey, Inc. for professional services rendered in 2005 and 2004 were \$3,100 and \$0. The services provided in 2005 were in conjunction with assisting the Bank in the development and presentation of a Bank Secrecy Act risk assessment.

The Audit Committee, after consideration of the matter, does not believe that the rendering of these services by McGladrey & Pullen, LLP and its affiliate to be incompatible with maintaining its independence as our principal accountant.

Audit Committee Pre-Approval Policy

Among other things, the Audit Committee is responsible for appointing, setting compensation for and overseeing the work of the independent auditor. The Audit Committee has adopted a policy concerning the approval of the audit and permissible non-audit services to be provided by McGladrey & Pullen, LLP and RSM McGladrey, Inc. On a case-by-case basis, audit or permissible non-audit services proposed to be performed are considered by and, if deemed appropriate, approved by the Audit Committee in advance of the performance of such services. All of the fees earned by McGladrey & Pullen, LLP and RSM McGladrey, Inc. described above were attributable to services pre-approved by the Audit Committee.
