NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)

Note 1. Basis of Presentation

These interim consolidated financial statements include the accounts of White Mountains Insurance Group, Ltd. (the Company or the Registrant) and its subsidiaries (collectively, White Mountains) and have been prepared in accordance with generally accepted accounting principles in the United States of America (GAAP). The Company is an exempted Bermuda limited liability company with its headquarters located at the Bank of Butterfield Building, 42 Reid Street, 6th Floor, Hamilton HM 12, Bermuda. The Company's principal executive office is located at Harborside Financial Center, Plaza 5, Jersey City, New Jersey 07311-1114 and its registered office is located at Clarendon House, 2 Church Street, Hamilton HM 11, Bermuda. White Mountains' reportable segments are OneBeacon, White Mountains Re, Esurance and Other Operations, as defined below.

The OneBeacon segment consists of the OneBeacon Insurance Group LLC family of companies (collectively OneBeacon), which are U.S.-based property and casualty insurance writers, substantially all of which operate in a multi-company pool. OneBeacon offers a wide range of specialty, personal and commercial products and services sold primarily through select independent agents. OneBeacon was acquired by White Mountains in 2001 (the OneBeacon Acquisition).

The White Mountains Re segment consists of White Mountains Re Group, Ltd. and its subsidiaries (collectively White Mountains Re). White Mountains Re offers lead reinsurance capacity for property, casualty, accident & health, aviation and marine exposures on a worldwide basis through its reinsurance subsidiaries, Folksamerica Reinsurance Company (Folksamerica Re), together with its parent, Folksamerica Holding Company, Folksamerica), which has been a wholly-owned subsidiary of White Mountains since 1998, and Sirius International Insurance Corporation (Sirius International), which has been a wholly-owned subsidiary of White Mountains since 2004. White Mountains' reinsurance operations also include its wholly-owned subsidiaries Sirius America Insurance Company (Sirius America), which provides primary insurance programs in the United States, Scandinavian Reinsurance Company Ltd. (Scandinavian Re), a reinsurance company that has been in run-off since 2002, as well as White Mountains Underwriting Limited (domiciled in Ireland) and White Mountains Underwriting (Bermuda) Limited (collectively, WMU). WMU is an underwriting advisory company specializing in international property and marine excess reinsurance.

The Esurance segment consists of Esurance Holdings, Inc. and its subsidiaries (collectively, Esurance). Esurance, which has been a unit of White Mountains since 2000, markets personal auto insurance directly to consumers online and through select online agents.

White Mountains' Other Operations segment consists of the Company and its intermediate holding companies, its wholly-owned investment management subsidiary, White Mountains Advisors LLC (WM Advisors), as well as the International American Group, Inc. (the International American Group). The International American Group, which was acquired by White Mountains in 1999, consists of American Centennial Insurance Company (American Centennial) and British Insurance Company of Cayman (British Insurance Company), both of which are in run-off. The Other Operations segment also includes White Mountains' investments in warrants to purchase common shares of both Montpelier Re Holdings, Ltd. (Montpelier) and Symetra Financial Corporation (Symetra).

All significant intercompany transactions have been eliminated in consolidation. These interim financial statements include all adjustments considered necessary by management to fairly present the financial position, results of operations and cash flows of White Mountains. These interim financial statements may not be indicative of financial results for the full year and should be read in conjunction with the Company's 2005 Annual Report on Form 10-K. The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities as of the date of the financial statements and the reported amounts of

Edgar Filing: WHITE MOUNTAINS INSURANCE GROUP LTD - Form 10-Q

revenues and expenses during the reporting period. Actual results could differ from those estimates. Refer to the Company's 2005 Annual Report on Form 10-K for a complete discussion regarding White Mountains' significant accounting policies.

*Recently Adopted Accounting Pronouncements***Share-Based Compensation**

In December 2004, the Financial Accounting Standards Board issued Statement of Financial Accounting Standard (FAS) No. 123 (Revised), Share-Based Payment (FAS 123R), which is a revision to FAS 123 and supersedes Accounting Principles Board Opinion No. 25, Accounting for Stock Issued to Employees (APB 25), and related interpretations, including FASB Interpretation No. 28, Accounting for Stock Appreciation Rights and Other Variable Stock Options or Award Plans (FIN 28). Effective January 1, 2006, White Mountains has adopted FAS 123R to account for its share-based compensation under the modified prospective method of adoption. Under this method of adoption, FAS 123R applies to new grants of share-based awards, awards modified after the effective date and the remaining portion of the fair value of the unvested awards at the adoption date. The unvested portion of White Mountains incentive stock options (Options), restricted common share awards (Restricted Shares) and performance share awards, as well as new awards will be subject to the fair value measurement and recognition requirements of FAS 123R.

White Mountains share-based compensation plans consist primarily of performance shares with limited use of Restricted Shares and a one-time grant of Options in 2000. Prior to adoption of FAS 123R, White Mountains accounted for these plans under the recognition and measurement principles of APB 25 and FIN 28, and adopted the disclosure provisions of FAS 123.

Under APB 25 and FIN 28, the liability for the compensation cost for performance share awards was measured each period based upon the current market price of the underlying common shares. The compensation cost recognized for White Mountains Restricted Shares under APB 25 was based upon fair value of the award at the date of issuance and was charged to compensation expense ratably over the service period. Forfeitures were recognized as they occurred. Upon adoption of FAS 123R an estimate of future forfeitures was incorporated into the determination of the compensation cost for performance shares and Restricted Shares. The effect of this change was immaterial.

White Mountains Options have an escalating exercise price and vest on a pro rata basis over the service period. As a result, the Company's outstanding Options were accounted for as variable awards under FIN 28, with compensation expense charged to earnings over the service period based on the intrinsic value of the underlying common shares and forfeitures recognized as they occurred. Upon adoption of FAS 123R, the grant date fair value of the awards as originally disclosed for FAS 123, adjusted for estimated future forfeitures, became the basis for recognition of compensation expense for the Options.

The following table illustrates the pro forma effect on net income and earnings per share for the three months ended March 31, 2005 as if the Company had applied the fair value recognition provisions of FAS 123 to its Options at that time. The fair value of each option award at the grant date (February 28, 2000) was estimated using a closed-form option model using an expected volatility assumption of 18.5%, a risk-free interest rate assumption of 6.4% and an expected term of ten years.

Millions, except per share amounts	Three Months Ended

Diluted - pro forma		16.14

Performance Shares

For purposes of this presentation, performance shares include both performance shares granted under White Mountains Long-Term Incentive Plan and performance shares and phantom performance shares granted under subsidiary performance plans.

Edgar Filing: WHITE MOUNTAINS INSURANCE GROUP LTD - Form 10-Q

The following summarizes performance share activity for the three months ended March 31, 2006 and 2005:

Millions, except share amounts	2006		2005	
	Target Performance Shares Outstanding	Accrued Expense	Target Performance Shares Outstanding	Accrued Expense
Beginning January 1,	183,317	\$ 100.5	368,646	\$ 340.0
Payments and deferrals	(64,100)	(57.0)(1)	(212,611)	(234.5)(2)
Forfeitures and cancellations	(5,039)	(1.4)	(1,185)	(1.4)
New awards	71,185		67,090	
Expense recognized		16.8		9.7
Ending March 31,	185,363	\$ 58.9	221,940	\$ 113.8

(1) Performance share payments in 2006 for the 2003-2005 performance cycle ranged from 142% to 181% of target.

(2) Performance share payments in 2005 for the 2002-2004 performance cycle ranged from 160% to 180% of target.

The following summarizes performance shares outstanding and accrued performance share expense at March 31, 2006 for each performance cycle:

Millions, except share amounts	Target Performance Shares Outstanding	Accrued Expense
Performance cycle:		
2004 - 2006	63,300	\$ 40.4
2005 - 2007	55,631	15.5
2006 - 2008	71,185	4.3
Subtotal	190,116	\$ 60.2
Assumed forfeitures	(4,753)	(1.3)
Total at March 31, 2006	185,363	\$ 58.9

If 100% of the outstanding performance shares had been vested on March 31, 2006, the total additional compensation cost to be recognized would have been \$80.1 million, based on current accrual factors (common share price and payout assumptions).

All performance shares earned for the 2003-2005 and the 2002-2004 performance cycles were settled in cash or by deferral into certain non-qualified deferred compensation plans of the Company or its subsidiaries.

Restricted Shares

Edgar Filing: WHITE MOUNTAINS INSURANCE GROUP LTD - Form 10-Q

The following outlines the unrecognized compensation cost associated with the outstanding Restricted Share awards for the three month periods ended March 31, 2006 and 2005:

Millions, except share amounts	2006		2005	
	Restricted Shares	Unamortized Grant Date Fair Value	Restricted Shares	Unamortized Grant Date Fair Value
Non-vested at January 1,	13,000	\$ 1.9	15,000	\$ 4.2
Granted				
Vested				
Forfeited				
Expense recognized		(.5)		(.5)
Non-vested at March 31,	13,000	\$ 1.4	15,000	\$ 3.7

Of the 13,000 Restricted Shares outstanding at March 31, 2006, 3,000 cliff vested on April 1, 2006 and 10,000 are scheduled to cliff vest on February 23, 2007. The unrecognized compensation cost of \$1.4 million at March 31, 2006 related to outstanding Restricted Shares is expected to be recognized over the remaining vesting period. Vesting is dependent on continuous service by the employee throughout the award period. Upon vesting, all restrictions initially placed upon the common shares lapse.

Upon adopting FAS 123R, on January 1, 2006 White Mountains recorded an adjustment of \$1.9 million to reclassify unearned compensation in common shareholders' equity relating to its outstanding Restricted Shares to opening paid-in surplus to reflect the cumulative effect of adoption.

Options

The Company issued 81,000 Options to certain key employees on February 28, 2000 (the grant date). There have been no further Option issuances. The Options were issued at an exercise price equal to the market price of the underlying common shares on February 27, 2000. The exercise price escalates by 6% per annum, compounded daily over the life of the Options. The Options vest ratably over a ten-year service period.

The following summarizes the Company's Option activity for the three month periods ended March 31, 2006 and 2005:

Millions, except share and per share amounts	Three Months Ended March 31,	
	2006	2005
Opening balance - outstanding Options	34,280	46,530
Vested during period		
Forfeited		
Exercised	(830)	(1,800)
Ending balance - outstanding Options	33,450	44,730
Outstanding Options - exercisable	8,250	8,730
Exercise price - outstanding Options, beginning of year	\$ 149.25	\$ 140.80
Intrinsic value of Options exercised	.3	.9
Exercise price - outstanding Options, end of period	151.40	142.83
Compensation expense	\$	\$ (1.0)

The total in-the-money value of all outstanding Options and those Options currently exercisable at March 31, 2006 was \$14.8 million and \$3.6 million, respectively. The remaining term of all outstanding Options is 4.0 years. White Mountains expects approximately 6,300 Options to become exercisable in 2006 and will issue common shares when the Options are exercised.

Hybrid Financial Instruments

On February 16, 2006, the FASB issued FAS No. 155, Accounting for Certain Hybrid Instruments, an amendment to Statement Nos. 133 and 140 (FAS 155). The Statement eliminates the requirement to bifurcate financial instruments with embedded derivatives if the holder of the instrument elects to account for the entire instrument on a fair value basis. Changes in fair value are recorded as realized gains. The fair value

election may be applied upon adoption of the statement for hybrid instruments that had been bifurcated under FAS 133 prior to adoption. The Statement is effective for fiscal years commencing after September 15, 2006 with early adoption permitted as of the beginning of an entity's fiscal year.

White Mountains has adopted FAS 155 effective January 1, 2006. Prior to adopting this statement, White Mountains had bifurcated the equity conversion option in its investment in convertible bonds. Changes in the fair value of the host instrument, the convertible bonds, were recorded as unrealized gains (losses) on investments while changes in the fair value of the equity conversion option were recorded as realized investment gains (losses). At December 31, 2005, White Mountains had recorded \$283.5 million related to the host instrument in fixed maturity investments and \$99.8 million for the equity conversion option in other investments. Upon adopting FAS 155, White Mountains recorded an adjustment of \$9.2 million to reclassify net unrealized gains on investments (gross gains of \$9.8 million and gross losses of \$.6 million) to opening retained earnings to reflect the cumulative effect of adoption. At March 31, 2006, White Mountains had \$300.4 million of convertible bonds recorded in fixed maturity investments.

Accounting Changes

On June 1, 2005, the FASB issued Statement No. 154, Accounting Changes and Error Corrections - A Replacement of APB Opinion No. 20 and FASB Statement No. 3 (FAS 154). The Statement applies to all voluntary changes in accounting principles and requires that such changes be applied retrospectively to prior periods unless doing so is impracticable. The Statement does not change the transition method for new accounting standards where the new pronouncements address transition provisions. FAS 154 did not have an impact on White Mountains financial position or its results of operations.

Note 2. Loss and Loss Adjustment Expense Reserves

The following table summarizes the loss and loss adjustment expense (LAE) reserve activities of White Mountains insurance and reinsurance subsidiaries for the three months ended March 31, 2006 and 2005:

Millions	Three Months Ended March 31,	
	2006	2005
Gross beginning balance	\$ 10,231.2	\$ 9,398.5
Less beginning reinsurance recoverable on unpaid losses	(5,025.7)	(3,797.4)
Net loss and LAE reserves	5,205.5	5,601.1
Loss and LAE incurred relating to:		
Current year losses	553.8	620.3
Prior year losses (1)	10.2	(1.0)
Total incurred losses and LAE	564.0	619.3
Accretion of fair value adjustment to loss and LAE reserves		
	5.2	9.9
Foreign currency translation adjustment to loss and LAE reserves		
	8.0	5.5
Loss and LAE paid relating to:		
Current year losses	(157.3)	(108.5)
Prior year losses	(498.4)	(600.3)
Total loss and LAE payments	(655.7)	(708.8)
Net ending balance	5,127.0	5,527.0
Plus ending reinsurance recoverable on unpaid losses	4,860.0	3,672.8
Gross ending balance	\$ 9,987.0	\$ 9,199.8

(1) During the three months ended March 31, 2005, White Mountains Re recorded \$6 million of unfavorable development on its workers compensation reserves relating to its Sierra Insurance Group acquisition, which was offset dollar-for-dollar by a reduction in the principal amount of the adjustable note that White Mountains Re issued as part of the financing of that acquisition.

During the three months ended March 31, 2006, White Mountains experienced \$10.2 million of net unfavorable development on prior accident year loss reserves. White Mountains Re experienced adverse development on the 2005 storms of \$36 million (\$8 million, \$18 million and \$10 million on Katrina, Rita and Wilma, respectively), which was partially offset by \$26 million in favorable development, primarily from White

Mountains Re's property lines not impacted by catastrophes.

During the three months ended March 31, 2005, White Mountains did not experience any material net favorable or unfavorable development on prior accident year loss reserves.

In connection with purchase accounting for the acquisitions of OneBeacon and Sirius, White Mountains was required to adjust loss and LAE reserves and the related reinsurance recoverables to fair value on OneBeacon's and Sirius' acquired balance sheets. The net reduction to loss and LAE reserves is being recognized through an income statement charge ratably with and over the period the claims are settled. Accordingly, White Mountains recognized \$5.2 million and \$9.9 million of such charges for the three months ended March 31, 2006 and 2005, respectively.

As a result of a re-evaluation during the first quarter of 2006 of the remaining run-off contracts at Scandinavian Re, White Mountains Re reduced its unallocated loss adjustment expense reserve by approximately \$6.5 million and has modified the accretion of its net fair value adjustment established in purchase accounting. The change in accretion, which will be made prospectively over the remaining amortization period, resulted in approximately \$0.6 million of income for the first quarter 2006 compared to an expense of \$3.4 million for the comparable period in the prior year.

Note 3. Third Party Reinsurance

In the normal course of business, White Mountains insurance and reinsurance subsidiaries seek to limit losses that may arise from catastrophes or other events by reinsuring with third party reinsurers. White Mountains remains liable for risks reinsured in the event that the reinsurer does not honor its obligations under reinsurance contracts.

OneBeacon

At March 31, 2006, OneBeacon had \$23.2 million of reinsurance recoverables on paid losses and \$3,288.9 million (gross of \$255.1 million in purchase accounting adjustments, as described in Note 2) that will become recoverable if claims are paid in accordance with current reserve estimates. The collectibility of balances due from OneBeacon's reinsurers is critical to OneBeacon's financial strength because reinsurance contracts do not relieve OneBeacon of its primary obligation to its policyholders. OneBeacon is selective with its reinsurers, placing reinsurance with only those reinsurers having a strong financial condition. OneBeacon monitors the financial strength of its reinsurers on an ongoing basis. As a result, uncollectible amounts have historically not been significant. The following table provides a listing of OneBeacon's top reinsurers based upon recoverable amounts, the percentage of total reinsurance recoverables and the reinsurers' A.M. Best ratings.

Top Reinsurers (dollars in millions)	Balance at March 31, 2006	% of Total	A.M. Best Rating (1)
Subsidiaries of Berkshire (NICO and GRC) (2)	\$ 2,299.7	69%	A++
Liberty Mutual Insurance Group and subsidiaries (3)	87.3	3	A
American Re-Insurance Company	52.6	2	A
Nichido (formerly Tokio Fire and Marine Insurance Company)	52.8	2	A++
Swiss Re	24.2	1	A+

(1) A.M. Best ratings as detailed above are: A++ (Superior, which is the highest of fifteen ratings), A+ (Superior, which is the second highest of fifteen ratings) and A (Excellent, which is the third highest of fifteen ratings).

(2) Includes \$404.0 million of Third Party Recoverables, which NICO would pay under the terms of the NICO Cover (as defined below) if they are unable to collect from third party reinsurers. OneBeacon also has an additional \$417 million of Third Party Recoverables from various reinsurers, the majority of which are rated A or better by A.M. Best.

(3) At March 31, 2006, OneBeacon had assumed balances payable and expenses payable of approximately \$3.8 million under its renewal rights agreement with Liberty Mutual Insurance Group (Liberty Mutual), which expired on October 31, 2003. In the event of a Liberty Mutual insolvency, OneBeacon has the right to offset these balances against its reinsurance recoverable due from Liberty Mutual.

In connection with the OneBeacon Acquisition, the seller caused OneBeacon to purchase two reinsurance contracts: a full risk-transfer cover from NICO for up to \$2.5 billion in old A&E claims and certain other exposures (the NICO Cover) and an adverse development cover from General Reinsurance Corporation (GRC) for up to \$400.0 million of adverse development on losses occurring in years 2000 and prior (the GRC Cover) in addition to \$170.0 million of reserves ceded as of the date of the OneBeacon Acquisition. The NICO Cover and GRC Cover, which were contingent on and occurred contemporaneously with the OneBeacon Acquisition, were put in place in lieu of a seller guarantee of loss and LAE reserves and are therefore accounted for as a seller guarantee under GAAP in accordance with Emerging Issues Task Force Technical Matter Document No. D-54 (EITF Topic D-54). NICO and GRC are wholly-owned subsidiaries of Berkshire Hathaway Inc. (Berkshire).

Edgar Filing: WHITE MOUNTAINS INSURANCE GROUP LTD - Form 10-Q

Under the terms of the NICO Cover, NICO receives the economic benefit of reinsurance recoverables from certain of OneBeacon's third party reinsurers (Third Party Reinsurers) in existence at the time the NICO Cover was executed (Third Party Recoverables). As a result, the Third Party Recoverables serve to protect the \$2.5 billion limit of NICO coverage for the benefit of OneBeacon. White Mountains estimates that on an incurred basis, net of Third Party Recoverables, as of March 31, 2006 it has used approximately \$2.1 billion of the coverage provided by NICO. Approximately \$784 million of these incurred losses have been paid by NICO through March 31, 2006. At March 31, 2006, \$26.2 million of the \$2.1 billion of utilized coverage from NICO related to uncollectible Third Party Recoverables. To the extent that actual experience differs from White Mountains' estimate of ultimate A&E losses and Third Party Recoverables, future losses could utilize some or all of the protection remaining under the NICO Cover.

Pursuant to the GRC Cover, OneBeacon is not entitled to recover losses to the full contract limit if such losses are reimbursed by GRC more quickly than anticipated at the time the contract was signed. OneBeacon intends to only seek reimbursement from GRC for claims which result in payment patterns similar to those supporting its recoverables recorded pursuant to the GRC Cover. The economic cost of not submitting certain other eligible claims to GRC is primarily the investment spread between the rate credited by GRC and the rate achieved by OneBeacon on its own investments. This cost, if any, is expected to be small.

White Mountains Re

At March 31, 2006, White Mountains Re had \$72.5 million of reinsurance recoverables on paid losses and \$1,800.1 million that will become recoverable if claims are paid in accordance with current reserve estimates. Because reinsurance contracts do not relieve White Mountains Re of its obligation to its ceding companies, the collectibility of balances due from its reinsurers is critical to White Mountains Re's financial strength. White Mountains Re monitors the financial strength of its reinsurers on an ongoing basis. Amounts due from certain of its reinsurers, including Olympus Reinsurance Company (Olympus), London Life & General Reinsurance Company Ltd. and London Life & Casualty Reinsurance Corp. (London Life) and Imagine Insurance Company, Limited (Imagine Re), are fully collateralized through funds held, letters of credit or trust agreements. The following table provides a listing of White Mountains Re's top reinsurers based upon recoverable amounts, the percentage of total recoverables and the reinsurers' A.M. Best ratings.

Top Reinsurers (dollars in millions)	Balance at March 31, 2006	% of Total	A.M. Best Rating (1)	% Collateralized
Olympus	\$ 864.4	46%	N/A	100%
Imagine Re	191.2	10	A-	100%
London Life	118.9	6	A	100%
Subsidiaries of Berkshire (GRC & affiliates)	72.3	4	A++	
ACE INA Group	67.3	4	A	2%

(1) A.M. Best ratings as detailed above are: A++ (Superior, which is the highest of fifteen ratings), A (Excellent, which is the third highest of fifteen ratings) and A- (Excellent, which is the fourth highest of fifteen ratings).

At March 31, 2006, White Mountains Re had \$864.4 million of reinsurance recoverables from Olympus. White Mountains Re's reinsurance recoverables from Olympus are fully collateralized in the form of assets in a trust, funds held and offsetting balances payable.

Edgar Filing: WHITE MOUNTAINS INSURANCE GROUP LTD - Form 10-Q

Effective January 1, 2006, Sirius International no longer cedes any of its business to Olympus and Folksamerica renewed its quota-share reinsurance arrangements with Olympus on modified terms. Under its revised arrangements, for an override commission on premiums ceded, Folksamerica will cede up to 35% of its 2006 underwriting year short-tailed excess of loss business, mainly property and marine, to Olympus and a newly-formed reinsurer, Helicon Reinsurance Company, Ltd. (Helicon). Olympus and Helicon share approximately 56% and 44%, respectively, in this up to 35% cession. The 2005 and prior underwriting year business of Sirius International and Folksamerica will continue to run-off with Olympus and it is expected that the majority of the risk exposures will expire by the end of the second quarter of 2006. White Mountains Re cannot guarantee that Olympus and/or Helicon will have sufficient capital to pay amounts owed resulting from one or more future catastrophes.

Note 4. Investment Securities

White Mountains' net investment income is comprised primarily of interest income associated with White Mountains' fixed maturity investments, dividend income from its equity investments and interest income from its short-term investments. Net investment income for the three months ended March 31, 2006 and 2005 consisted of the following:

Millions	Three Months Ended March 31,	
	2006	2005
Investment income:		
Fixed maturity investments	\$ 81.9	\$ 81.4
Short-term investments	9.3	8.3
Common equity securities	6.8	41.5
Other	2.9	46.3
Total investment income	100.9	177.5
Less investment expenses	(2.4)	(3.6)
Net investment income, pre-tax	\$ 98.5	\$ 173.9

During the first quarter of 2005, Montpelier declared a special dividend of \$5.50 per share, payable to holders of both its common shares and warrants to acquire its common shares. White Mountains recorded pre-tax investment income of \$74.1 million in the first quarter for this special dividend, of which \$34.7 million (relating to its common share investment) was included in net investment income from common equity securities and \$39.4 million (relating to its warrant investment) was included in net investment income from other investments. For the three months ended March 31, 2006 and 2005, White Mountains also recorded \$1.0 million and \$4.9 million, respectively, in pre-tax investment income from Montpelier's regular quarterly dividend.

The composition of realized investment gains (losses) consisted of the following:

Millions	Three Months Ended March 31,	
	2006	2005
Fixed maturity investments	\$ 6.8	\$ 18.0
Common equity securities	15.2	34.0
Other investments	6.5	(14.9)
Net realized investment gains, pre-tax	\$ 28.5	\$ 37.1

In accordance with FAS No. 133, Accounting for Derivative Instruments and Hedging Activities (FAS 133), White Mountains accounts for its Montpelier warrants at fair value as a component of other investments, and records changes in fair value through the income statement as realized investment gains or losses. White Mountains recorded investment losses of \$12.7 million for the three months ended March 31, 2006 and investment losses of \$20.4 million for the three months ended March 31, 2005 related to its Montpelier warrants.

White Mountains owns 7,172,358 warrants. The Montpelier warrants have an exercise price of \$16.67 per share (as adjusted for stock splits) and are exercisable until December 2011.

The following table summarizes the carrying value of White Mountains' investment in Montpelier as of March 31, 2006 and December 31, 2005:

Millions	March 31, 2006		December 31, 2005	
	Shares	Fair Value	Shares	Fair Value
<i>Montpelier</i>				
Common shares	6.3	\$ 100.0	6.3	\$ 115.9
Warrants to acquire common shares	7.2	37.9	7.2	50.6
Total investment in Montpelier	13.5	\$ 137.9	13.5	\$ 166.5

Edgar Filing: WHITE MOUNTAINS INSURANCE GROUP LTD - Form 10-Q

The components of White Mountains' ending net unrealized investment gains and losses on its investment portfolio and its investments in unconsolidated insurance affiliates at March 31, 2006 and December 31, 2005 were as follows:

Millions	March 31, 2006	December 31, 2005
Investment securities:		
Gross unrealized investment gains	\$ 402.7	\$ 368.4
Gross unrealized investment losses	(122.8)	(68.8)
Net unrealized gains from investment securities	279.9	299.6
Net unrealized gains (losses) from investments in unconsolidated insurance affiliates	(24.5)	32.5
Total net unrealized investment gains, before tax	255.4	332.1
Income taxes attributable to such gains	(87.8)	(98.2)
Total net unrealized investment gains, after-tax	\$ 167.6	\$ 233.9

The cost or amortized cost, gross unrealized investment gains and losses, and carrying values of White Mountains' fixed maturity investments as of March 31, 2006 and December 31, 2005, were as follows:

Millions	March 31, 2006				
	Cost or amortized cost	Gross unrealized gains	Gross unrealized losses	Net foreign currency gains (losses)	Carrying value
U.S. Government obligations	\$ 1,544.1	\$ 2.8	\$ (21.6)	\$	\$ 1,525.3
Debt securities issued by industrial corporations	2,862.8	60.8	(58.4)	(20.7)	2,844.5
Municipal obligations	63.1	.7	(.7)		63.1
Asset-backed securities	2,097.3	6.5	(13.3)	7.0	2,097.5

Other investments	\$ 510.8	\$ 78.2	\$ (.9)	\$	\$ 588.1

Impairment

Temporary losses on investment securities are recorded as unrealized losses. Temporary losses do not impact net income and earnings per share but serve to reduce comprehensive net income, shareholders' equity and tangible book value. Unrealized losses subsequently identified as other-than-temporary impairments are recorded as realized losses. Other-than-temporary impairments previously recorded as unrealized losses do not impact comprehensive net income, shareholders' equity and tangible book value but serve to reduce net income and earnings per share.

White Mountains' methodology of assessing other-than-temporary impairments is based on security-specific facts and circumstances as of the balance sheet date. As a result, subsequent adverse changes in an issuer's credit quality or subsequent weakening of market conditions that differ from expectations could result in additional other-than-temporary impairments. In addition, the sale of a fixed maturity security with a previously recorded unrealized loss would result in a realized loss. Either of these situations would adversely impact net income and earnings per share but would not impact comprehensive net income, shareholders' equity or tangible book value.

The following table presents an analysis of the continuous periods during which White Mountains has held investment positions which were carried at an unrealized loss as of March 31, 2006 (excluding short-term investments):

Dollars in millions	March 31, 2006			Total
	0-6 Months	6-12 Months	> 12 Months	
Fixed maturity investments:				
Number of positions	294	222	274	790
Market value	\$1,923.0	\$1,510.4	\$1,258.3	\$4,691.7
Amortized cost	\$1,940.1	\$1,551.7	\$1,299.6	\$4,791.4
Unrealized loss	\$(17.1)	\$(41.3)	\$(41.3)	\$(99.7)
Common equity securities:				
Number of positions	38	2		40
Market value	\$140.4	\$2.0	\$	\$142.4
Cost	\$159.3	\$2.5	\$	\$161.8
Unrealized loss	\$(18.9)	\$(.5)	\$	\$(19.4)
Other investments:				
Number of positions	5	7	2	14
Market value	\$10.6	\$5.0	\$25.2	\$40.8
Cost	\$11.5	\$6.3	\$26.7	\$44.5
Unrealized loss	\$(.9)	\$(1.3)	\$(1.5)	\$(3.7)
Total:				
Number of positions	337	231	276	844
Market value	\$2,074.0	\$1,517.4	\$1,283.5	\$4,874.9
Amortized cost	\$2,110.9	\$1,560.5	\$1,326.3	\$4,997.7
Unrealized loss	\$(36.9)	\$(43.1)	\$(42.8)	\$(122.8)
% of total gross unrealized losses	30.0%	35.1%	34.9%	100.0%

For the three months ended March 31, 2006, White Mountains did not experience any material other-than-temporary impairment charges. White Mountains believes that the gross unrealized losses relating to its fixed maturity investments at March 31, 2006 resulted primarily from increases in market interest rates from the dates that certain investments within that portfolio were acquired as opposed to fundamental changes in the credit quality of the issuers of such securities. White Mountains views these decreases in value as being temporary because it has the intent and ability to retain such investments until recovery. However, should White Mountains determine that it no longer has the intent and ability to hold a fixed maturity investment that has an existing unrealized loss resulting from an increase in market interest rates until it recovers, this loss would be realized through the income statement at the time such determination is made. White Mountains also believes that the gross unrealized losses recorded on its common equity securities and its other investments at March 31, 2006 resulted primarily from decreases in quoted market values from the dates that certain investments securities within that portfolio were acquired as opposed to fundamental changes in the issuer's financial performance and near-term financial prospects. Therefore, these decreases are also viewed as being temporary. However, due to the inherent risk involved in investing in the equity markets, it is possible that the decrease in market value of these investments may ultimately prove to be other than temporary. As of March 31, 2006, White Mountains' investment portfolio did not include any investment securities with an after-tax unrealized loss of more than \$3.0 million for more than a six-month period.

Note 5. Earnings Per Share

Basic earnings per share amounts are based on the weighted average number of common shares outstanding excluding unearned restricted common shares (Restricted Shares). Diluted earnings per share amounts are based on the weighted average number of common shares and the net effect of potentially dilutive common shares outstanding, based on the treasury stock method. The following table outlines the Company's computation of earnings per share for the three months ended March 31, 2006 and 2005:

	Three months ended March 31,	
	2006	2005
Basic earnings per share numerators (in millions):		
Net income	\$ 96.0	\$ 176.3
Diluted earnings per share numerators (in millions):		
Net income	\$ 96.0	\$ 176.3
Other effects on diluted earnings (1)		(1.0)
Adjusted net income	\$ 96.0	\$ 175.3
Earnings per share denominators (in thousands):		
Basic earnings per share denominator (average common shares outstanding)	10,767	10,760
Average outstanding dilutive options	35	35
Diluted earnings per share denominator (2)	10,802	10,795
Basic earnings per share (in dollars)	\$ 8.92	\$ 16.38
Diluted earnings per share (in dollars)	\$ 8.89	\$ 16.24

(1) The diluted earnings per share numerator for the three months ended March 31, 2005 has been adjusted to exclude \$1.0 million of negative expense associated with outstanding options to acquire Common Shares (see note below).

(2) The diluted earnings per share denominator for the three months ended March 31, 2006 and 2005 includes the effects of options to acquire an average of 33,865 and 45,630 common shares, respectively, at an average strike price of \$150.67 and \$142.14, respectively, per Common Share.

Note 6. Segment Information

White Mountains has determined that its reportable segments are OneBeacon, White Mountains Re, Esurance and Other Operations. White Mountains has made its segment determination based on consideration of the following criteria: (1) the nature of the business activities of each of the Company's subsidiaries and affiliates; (2) the manner in which the Company's subsidiaries and affiliates are organized; (3) the existence of primary managers responsible for specific subsidiaries and affiliates; and (4) the organization of information provided to the Board of Directors. Significant intercompany transactions among White Mountains' segments have been eliminated herein. Certain amounts in prior periods have been reclassified to conform with the current presentation. Financial information for White Mountains' segments follows:

Millions	OneBeacon	White Mountains Re	Esurance	Other Operations	Total

NOTE 7. Investments in Unconsolidated Insurance Affiliates

White Mountains' investments in unconsolidated insurance affiliates represent operating investments in other insurers in which White Mountains has a significant voting and economic interest but does not own more than 50% of the entity.

Symetra

White Mountains owns 24% of the common shares of Symetra on a fully converted basis, consisting of 2 million common shares and warrants to acquire an additional 1.1 million common shares. White Mountains accounts for its investment in Symetra's common shares using the equity method of accounting and accounts for its Symetra warrants under FAS 133, recording the warrants at fair value with changes in fair value recognized through the income statement as a realized investment gain or loss.

The following table provides summary financial amounts recorded by White Mountains during the three months ended March 31, 2006 and 2005 relating to its investment in Symetra:

Millions	2006			2005		
	Common Shares	Warrants	Total	Common Shares	Warrants	Total
Carrying value of investment in Symetra as of January 1	\$ 263.9	\$ 47.8	\$ 311.7	\$ 267.7	\$ 37.3	\$ 305.0
Equity in earnings of Symetra (1)	6.8		6.8	6.8		6.8

(1) Equity in earnings is net of tax of \$0.

(2) Includes White Mountains' equity in net unrealized gains and (losses) from Symetra's fixed maturity portfolio of (\$32.6) million and \$32.1 million as of March 31, 2006 and 2005, respectively.

MSA

White Mountains owns 50% of the total common shares outstanding of Main Street America Holdings, Inc. (MSA), a subsidiary of Main Street America Group Mutual Holdings, Inc., and accounts for this investment using the equity method of accounting. For the three months ended March 31, 2006, White Mountains recorded after-tax net income of \$2.2 million from its investment in MSA and \$1.2 million of after-tax equity in MSA's unrealized investment losses. For the three months ended March 31, 2005, White Mountains recorded \$3.1 million of after-tax equity in earnings and \$3.4 million of after-tax equity in MSA's unrealized investment losses. As of March 31, 2006 and December 31, 2005, White Mountains' investment in MSA totaled \$169.5 million and \$168.0 million, respectively.

Note 8. Consolidating Financial Information

The Company has fully and unconditionally guaranteed the Senior Notes issued in 2003 by its wholly-owned subsidiary, Fund American Companies, Inc. (Fund American). The following tables present White Mountains' consolidating balance sheets as of March 31, 2006 and December 31, 2005, statements of income for the three months ended March 31, 2006 and 2005 and cash flows for the three months ended March 31, 2006 and 2005. These financial statements reflect the Company's financial position, results of operations and cash flows on a stand-alone basis, that of Fund American and of the Company's other entities, as well as the necessary adjustments to eliminate intercompany balances and transactions.

Note 9. Retirement and Postretirement Plans

The components of net periodic benefit costs for the three months ended March 31, 2006 and 2005 were as follows:

Millions	Pension Benefits		Other Postretirement Benefits	
	2006	2005	2006(2)	2005
Service cost	\$.3	\$.3	\$.7	\$.7
Interest cost	6.9	7.1		
Expected return on plan assets	(7.6)	(7.6)		
Amortization of prior service benefit				(1.0)
Amortization of unrecognized loss				
Net periodic pension cost before settlements, curtailments and special termination benefits	(.4)	(.2)		(.3)
Special termination benefits expense (1)	1.2	1.1		
Net periodic benefit cost (income)	\$.8	\$.9	\$.3	\$.3

(1) Special termination benefits are payments made from the pension plan when a vested participant terminates employment due to a reduction in force.

(2) oneBeacon settled its Retiree Medical Plan in 2005.

OneBeacon expects to contribute \$3.0 million to its pension plans in 2006. As of March 31, 2006, no contributions had been made. The majority of OneBeacon's expected pension contributions in 2006 relate to non-qualified pension plans, for which OneBeacon has established assets held in rabbi trusts.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

The following discussion contains forward-looking statements. White Mountains intends statements that are not historical in nature, which are hereby identified as forward-looking statements, to be covered by the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. White Mountains cannot promise that its expectations in such forward-looking statements will turn out to be correct. White Mountains actual results could be materially different from and worse than its expectations. See FORWARD-LOOKING STATEMENTS for specific important factors that could cause actual results to differ materially from those contained in forward-looking statements.

The following discussion also includes three non-GAAP financial measures, adjusted comprehensive net income, fully converted tangible book value per share and tangible capital, that have been reconciled to their most comparable GAAP financial measures (see page 35). White Mountains believes these measures to be more relevant than comparable GAAP measures in evaluating White Mountains' financial performance and condition.

RESULTS OF OPERATIONS FOR THE THREE MONTHS ENDED MARCH 31, 2006 AND 2005**Overview**

White Mountains ended the first quarter of 2006 with a fully converted tangible book value per share of \$352, up 3% for the quarter and the past twelve months, including dividends. White Mountains' adjusted comprehensive net income was \$117 million for the first quarter of 2006, compared to \$75 million for the first quarter of 2005. OneBeacon and White Mountains Re reported combined ratios of 99% and 88% in the first quarter of 2006, compared to 95% and 99% in the first quarter of 2005. Esurance reported a combined ratio of 110% in the first quarter of 2006, compared to 104% in the first quarter of 2005, while increasing its written premiums 82% from the first quarter of 2005.

White Mountains' GAAP pre-tax total return on invested assets was 1.4% for the first quarter of 2006, compared to 0.4% for the first quarter of 2005. Strong equity returns, which again outpaced the S&P 500 Index, combined with the high-quality, short-duration fixed income portfolio led to the positive returns, even in the face of rising interest rates in both periods. Additionally, the first quarter of 2006 included a \$21 million unrealized foreign currency translation gain, principally due to the strengthening of the Swedish krona against the U.S. dollar, compared to a \$25 million unrealized foreign currency translation loss in the first quarter of 2005.

Fully Converted Tangible Book Value Per Share

The following table presents the Company's tangible book value per share and reconciles this non-GAAP measure to the most comparable GAAP measure.

	March 31, 2006	Dec. 31, 2005	March 31, 2005
Book value per share numerators (in millions):			
Common shareholders' equity	\$ 3,872.2	\$ 3,833.2	\$ 3,912.5
Benefits to be received from share obligations under employee benefit plans	5.1	5.1	6.5
Remaining accretion of subsidiary preferred stock to face value	(79.6)	(86.0)	(103.1)
Book value per share numerator	3,797.7	3,752.3	3,815.9
Equity in net unrealized (gains) losses from Symetra's fixed maturity portfolio	32.6	(24.2)	(32.1)
Goodwill	(23.8)	(24.4)	(19.8)
Fully converted tangible book value per share numerator	\$ 3,806.5	\$ 3,703.7	\$ 3,764.0
Book value per share denominators (in thousands of shares):			
Common shares outstanding	10,780.1	10,779.2	10,774.6
Share obligations under employee benefit plans	33.4	34.3	44.7
Fully converted tangible book value per share	10,813.5	10,813.5	10,819.3
Book value per share	\$ 351.19	\$ 347.00	\$ 352.69
Fully converted tangible book value per share	\$ 352.01	\$ 342.51	\$ 347.89

Review of Consolidated Results

White Mountains consolidated financial results for the three months ended March 31, 2006 and 2005 follow:

Millions	Three Months Ended March 31,	
	2006	2005
Gross written premiums	\$ 1,228.9	\$ 1,254.2
Net written premiums	\$ 1,043.9	\$ 1,016.7
Revenues		
Earned insurance and reinsurance premiums	\$ 901.0	\$ 955.0
Net investment income	98.5	173.9
Net realized investment gains	28.5	37.1
Other revenue	29.8	59.3
Total revenues	1,057.8	1,225.3
Expenses		
Losses and LAE	564.0	619.3
Insurance and reinsurance acquisition expenses	185.6	189.1
Other underwriting expenses	115.9	122.2
General and administrative expenses	47.5	37.7
Accretion of fair value adjustment to loss and LAE reserves	5.2	9.9
Interest expense - debt	11.7	11.6
Interest expense - dividends and accretion on preferred stock subject to mandatory redemption	14.0	12.6
Total expenses	943.9	1,002.4
Pre-tax income	\$ 113.9	\$ 222.9
Income tax provision	(26.9)	(56.3)
Equity in earnings of unconsolidated affiliates	9.0	9.7
Net income	\$ 96.0	\$ 176.3
Other comprehensive loss	(36.1)	(126.0)
Comprehensive net income	\$ 59.9	\$ 50.3
Add back: Net unrealized losses from Symetra's fixed maturity portfolio	56.8	24.5
Adjusted comprehensive net income	\$ 116.7	\$ 74.8

White Mountains total revenues decreased by 14% in the first quarter of 2006 compared to the first quarter of 2005. Earned premiums decreased by 6% in the first quarter of 2006, primarily due to decreases at OneBeacon and White Mountains Re, which were partially offset by an increase at Esurance. Additionally, net investment income decreased by \$75 million in the first quarter of 2006 compared to the 2005 first quarter, primarily due to a \$74 million special dividend from Montpelier in the first quarter of 2005.

White Mountains total expenses decreased by 6% in the first quarter of 2006 compared to the first quarter of 2005, due primarily to decreased loss and LAE at OneBeacon and White Mountains Re. The income tax provision related to pre-tax earnings for the first quarter of 2006 and 2005 represented an effective tax rate of 24% and 25%, respectively, which was lower than the U.S. statutory rate of 35% primarily due to income generated in jurisdictions other than the United States.

Although the majority of the Company's worldwide operations are taxed in the United States, the Company is domiciled in Bermuda and has subsidiaries domiciled in several countries. Earnings or losses incurred by non-U.S. companies are generally subject to an overall effective tax rate lower than that imposed by the United States.

I. Summary of Operations By Segment

White Mountains conducts its operations through four segments: (1) OneBeacon, (2) White Mountains Re, (3) Esurance and (4) Other Operations. White Mountains manages all of its investments through its wholly-owned subsidiary, WM Advisors therefore, a discussion of White Mountains consolidated investment operations is included after the discussion of operations by segment. White Mountains segment information is presented in Note 6 to the Consolidated Financial Statements.

OneBeacon

Financial results for OneBeacon for the three months ended March 31, 2006 and 2005 follow:

Millions	Three Months Ended March 31,	
	2006	2005
Gross written premiums	\$ 500.6	\$ 561.4
Net written premiums	\$ 474.3	\$ 519.8
Earned insurance and reinsurance premiums	\$ 480.2	\$ 545.4
Net investment income	42.2	87.8
Net realized investment gains	27.3	45.8
Other revenue	17.2	16.6
Total revenues	566.9	695.6
Losses and LAE	303.7	338.6
Insurance and reinsurance acquisition expenses	86.3	100.1
Other underwriting expenses	83.9	80.8
General and administrative expenses	16.3	16.3
Interest expense on debt	.7	.3
Total expenses	490.9	536.1
Pre-tax income	\$ 76.0	\$ 159.5

The following tables provide GAAP ratios, net written premiums and earned insurance premiums for OneBeacon's ongoing operations and in total for the three months ended March 31, 2006 and 2005 (dollars in millions):

	Three Months Ended March 31, 2006					
	Loss	GAAP Ratios		Combined	Net Premiums	
		Expense	Expense		Written	Earned
Specialty	62%	31%	93%	\$ 185.4	\$ 173.4	
Personal	66	34	100	126.8	143.4	
Commercial	57	40	97	152.2	153.4	
Total (1)	63%	36%	99%	\$ 474.3	\$ 480.2	

	Three Months Ended March 31, 2005					
	Loss	GAAP Ratios		Combined	Net Premiums	
		Expense	Expense		Written	Earned

Edgar Filing: WHITE MOUNTAINS INSURANCE GROUP LTD - Form 10-Q

Specialty	54%	29%	83%	\$	216.7	\$	203.5
Personal	63	32	95		155.2		170.5
Commercial	57	43	100		136.2		158.8
Total (1)	62%	33%	95%	\$	519.8	\$	545.4

(1) Includes results from consolidated reciprocals and run-off operations. Results from reciprocals are net of business assumed by OneBeacon, which is reported in Personal Lines.

OneBeacon's pre-tax income for the first quarter of 2006 was \$76 million and its combined ratio was 99%, compared to pre-tax income of \$160 million and a combined ratio of 95% in the first quarter of 2005. OneBeacon's first quarter of 2005 included the results of National Farmers Union (NFU), which it sold to a third party in the third quarter of 2005. The inclusion of NFU in the results for the first quarter of 2005 reduced the combined ratio by 2 points.

Net written premiums for the first quarter of 2006 were \$474 million, a decrease of 9% from \$520 million in the first quarter of 2005. The decrease in net written premiums was primarily due to the aforementioned sale of NFU, which had \$49 million of net written premium in the first quarter of 2005, and a planned decrease in personal lines written premiums in the Massachusetts and New York regions. The decrease was partially offset by growth in net written premiums in commercial lines and in specialty lines other than NFU.

OneBeacon's total revenues for the first quarter of 2006 decreased 19% from the first quarter of 2005. Earned premiums decreased 12% from the first quarter of 2005 due to the same factors previously mentioned for net written premiums. Net investment income decreased 52% in the first quarter of 2006 from the first quarter of 2005, principally due to the receipt in the first quarter of 2005 of a \$35 million special dividend from Montpelier.

OneBeacon's total expenses for the first quarter of 2006 decreased 8% from the first quarter of 2005. Exclusive of NFU's results for the first quarter of 2005, the decrease in OneBeacon's losses and LAE, insurance acquisition expenses and other underwriting expenses of 3% was roughly in-line with the decrease in premium volume, exclusive of NFU, of 4%.

Specialty Lines. The specialty lines combined ratio for the first quarter of 2006 was 93%, compared to 83% in the first quarter of 2005. The inclusion of NFU in specialty lines first quarter 2005 results reduced the combined ratio by 3 points. In addition, storm losses in the first quarter of 2006 were 2 points higher than those of the first quarter of 2005. Higher acquisition costs at AutoOne Insurance, due primarily to changes in its mix of business, also contributed to the increase in the combined ratio. Net written premiums for specialty lines decreased 15% in the first quarter of 2006 to \$185 million, compared to \$217 million in 2005. The decrease in written premiums was mainly due to the aforementioned sale of NFU. Excluding NFU, specialty lines net written premiums increased by \$18 million from the first quarter of 2005, principally from AutoOne Insurance, OneBeacon Professional Partners and OneBeacon Specialty Property.

Personal Lines. The personal lines combined ratio for the first quarter of 2006 was 100% compared to 95% in the first quarter of 2005. The first quarter 2006 combined ratio reflected higher losses experienced in personal auto. Additionally, personal lines first quarter 2006 expense ratio was higher due to a lower premium base as compared to the first quarter of 2005.

Commercial Lines. The commercial lines combined ratio for the first quarter of 2006 was 97% compared to 100% for the first quarter of 2005. The improvement was due to a lower expense ratio, which decreased 3 points from the comparable prior year period primarily due to lower expenses in the middle-market division, mainly insurance acquisition expenses. The first quarter of 2005 included a higher level of insurance acquisition expenses related to business acquired through the Atlantic Specialty transaction than the first quarter of 2006. Commercial lines written premiums increased 12% to \$152 million in the first quarter of 2006, compared to \$136 million in the first quarter of

2005, principally from its middle-market and small business divisions.

White Mountains Re

Financial results and GAAP combined ratios for White Mountains Re for the three months ended March 31, 2006 and 2005 follow:

Millions	Three Months Ended March 31,	
	2006	2005
Gross written premiums	\$ 586.4	\$ 614.7
Net written premiums	\$ 428.7	\$ 419.4
Earned insurance and reinsurance premiums	\$ 315.6	\$ 349.7
Net investment income	41.1	31.9
Net realized investment gains	2.5	7.9
Other revenue	4.4	19.8
Total revenues	363.6	409.3
Losses and LAE	186.6	239.1
Insurance and reinsurance acquisition expenses	70.3	75.4
Other underwriting expenses	20.4	33.6
General and administrative expenses	2.2	2.3
Accretion of fair value adjustment to losses and LAE reserves	(.6)	3.4
Interest expense on debt	.4	.6
Total expenses	279.3	354.4
Pre-tax income	\$ 84.3	\$ 54.9
GAAP ratios:		
Losses and LAE	59%	68%
Expense	29%	31%
Total Combined	88%	99%

White Mountains Re recorded pre-tax income of \$84 million and a GAAP combined ratio of 88% for the first quarter of 2006, compared to pre-tax income of \$55 million and a combined ratio of 99% for the first quarter of 2005. White Mountains Re's combined ratio improved over the first quarter of 2005 despite adverse development from the 2005 Gulf Coast hurricanes, reflecting both improved underwriting conditions and generally benign weather patterns during the quarter. During the first quarter of 2006, White Mountains Re experienced adverse development of \$36 million (\$8 million, \$18 million and \$10 million on hurricanes Katrina, Rita and Wilma, respectively). Earnings from business segments not impacted by the 2005 hurricanes, as well as favorable development of \$26 million from prior underwriting years, more than offset the impact of the first quarter adverse development from the hurricanes. The favorable development was mainly from the 2005 underwriting year on property lines that were not impacted by catastrophes. In addition, as a result of a re-evaluation during the first quarter of 2006 of the remaining run-off contracts at Scandinavian Re, White Mountains Re reduced its unallocated loss adjustment expense reserve by approximately \$6.5 million, resulting in a 2 point reduction to the combined ratio. See Note 2 to the Consolidated Financial Statements.

White Mountains Re's results from the first quarter of 2005 included approximately \$33 million in pre-tax losses, net of reinsurance (contributing approximately 9 points to the combined ratio), attributable to European storm Erwin, which affected northern Europe, particularly Scandinavia where Sirius International is a major reinsurer. Earnings from business segments not impacted by European storm Erwin partially offset the impact of this catastrophe.

White Mountains Re's gross written premiums decreased by \$28 million, or 5% from the first quarter of 2005 to 2006 and net written premiums increased \$9 million or 2% over the comparable prior period. The decrease in gross written premiums resulted mainly from a decrease in gross volume at Sirius America resulting from the cancellation of two programs. The increase in net written premiums resulted from an overall

reduction in the business ceded principally to Olympus, discussed further below.

White Mountains Re receives fee income on reinsurance placements referred to Olympus and Helicon and is entitled

Edgar Filing: WHITE MOUNTAINS INSURANCE GROUP LTD - Form 10-Q

to a profit commission on net underwriting profits on referred business. White Mountains Re recognized net fee income of \$10 million from Olympus and Helicon in the first quarter of 2006 as compared to \$19 million from Olympus for the comparable period in the prior year. The decrease in fee income is primarily the result of no profit commission being earned during the first quarter of 2006 compared to \$9 million of profit commission earned during the comparable period in the prior year. The profit commission arrangements with Olympus and Helicon are subject to a deficit carryforward whereby net underwriting losses from one underwriting year carryover to future underwriting years. As a result of the 2005 Gulf Coast hurricanes, Olympus recorded substantial net underwriting losses, and as such White Mountains Re does not expect to record profit commissions for the foreseeable future.

During the first quarter 2006, Folksamerica purchased a series of Second Event Industry Loss Warranty Covers (ILW) for a total annual cost of \$19 million. This reinsurance protection has a total limit of \$150 million from multiple retrocessionaires. The ILW was purchased to protect Folksamerica's balance sheet from the adverse impact of the occurrence of two significant natural peril catastrophic events in the United States during 2006 (Loss Events). Coverage is not dependent on the order in which the Loss Events occur, and Folksamerica can only recover losses that it incurs as a result of the Loss Events.

On April 12, 2006, White Mountains Re announced that it had agreed to sell its Sirius America subsidiary to an investor group led by Lightyear Capital for approximately \$139 million. As part of the transaction, White Mountains will acquire an equity interest of approximately 18% in the acquiring entity. As of March 31, 2006, Sirius America's GAAP book value was approximately \$118 million. The transaction, which is subject to regulatory and other conditions, is expected to close during the summer of 2006.

Esurance

Financial results and GAAP ratios for Esurance for the three months ended March 31, 2006 and 2005 follow:

Millions	Three Months Ended March 31,	
	2006	2005
Gross written premiums	\$ 141.9	\$ 78.1
Net written premiums	\$ 140.9	\$ 77.5
Earned insurance and reinsurance premiums	\$ 105.2	\$ 59.9
Net investment income	3.6	2.1
Net realized gains on investments	.9	1.0
Other revenue	2.1	.9
Total revenues	111.8	63.9
Losses and LAE	75.2	40.9
Insurance and reinsurance acquisition expenses	29.0	13.6
Other underwriting expenses	11.1	7.5
Total expenses	115.3	62.0
Pre-tax income (loss)	\$ (3.5)	\$ 1.9
GAAP ratios:		
Losses and LAE	72%	68%
Expense	38%	36%
Total Combined	110%	104%

Edgar Filing: WHITE MOUNTAINS INSURANCE GROUP LTD - Form 10-Q

Esurance recorded a pre-tax loss of \$4 million in the first quarter of 2006, compared to pre-tax income of \$2 million in the first quarter of the prior year. Net written premiums for the first quarter of 2006 were \$141 million, an increase of 82% from \$78 million in the first quarter of 2005. As of March 31, 2006, Esurance's in-force policy count was 261,715 policies, an 82% increase over March 31, 2005. Significant growth in premium volume and policies resulted from Esurance's expansion into national cable and syndicated television advertising, together with Esurance's ongoing marketing through other offline, online, direct mail, and online agency channels.

Esurance's combined ratio of 110% for the three months ended March 31, 2006 was 6 points higher than the comparable prior year quarter. Esurance's loss ratio rose from 68% to 72%. Favorable loss reserve development reduced the current quarter loss ratio by one point, compared to three points of favorable loss reserve development in the prior year quarter. In addition, Midwest hail storm and tornado activity added 1 point to the loss ratio in the first quarter of 2006. Esurance's expense ratio increased from 36% to 38%, primarily due to increased advertising expenses.

Other Operations

Other Operations consists of the operations of the Company, the Company's intermediate subsidiary holding companies, the International American Group and White Mountains' investments in warrants of Montpelier and Symetra. A summary of White Mountains' financial results from its Other Operations segment for the three months ended March 31, 2006 and 2005 follows:

Millions	Three Months Ended March 31,	
	2006	2005
Gross written premiums	\$	\$
Net written premiums	\$	\$
Earned insurance and reinsurance premiums	\$	\$
Net investment income	11.6	52.1
Net realized investment losses	(2.2)	(17.6)
Other revenue	6.1	22.0
Total revenues	15.5	56.5
Losses and LAE	(1.5)	.7
Other underwriting expenses	.5	.3
General and administrative expenses	29.0	19.1
Accretion of fair value adjustment to losses and LAE reserves	5.8	6.5
Interest expense - debt	10.6	10.7
Interest expense - dividends and accretion on preferred stock subject to mandatory redemption	14.0	12.6
Total expenses	58.4	49.9
Pre-tax income (loss)	\$ (42.9)	\$ 6.6

White Mountains' capital raising and capital allocation activities are principally conducted through its holding companies. In this regard, the results of its Other Operations segment primarily relate to financing activities, purchase accounting adjustments relating to the OneBeacon acquisition, gains and losses recognized from the purchase and sale of certain of the Company's subsidiaries, changes in value of the Company's investment in warrants of Montpelier and Symetra and other assets and general and administrative expenses incurred at the holding company level.

Edgar Filing: WHITE MOUNTAINS INSURANCE GROUP LTD - Form 10-Q

White Mountains Other Operations segment reported a pre-tax loss of \$43 million in the first quarter of 2006, compared to pre-tax income of \$7 million for the first quarter of 2005. The decrease was principally due to the aforementioned special dividend from Montpelier in the 2005 quarter, \$39 million of which was reported in this segment, and a \$14 million gain recorded in other revenues in the 2005 quarter from the settlement of a lawsuit in which White Mountains was a plaintiff. General and administrative expenses increased by \$10 million, due principally to an increase in incentive compensation expense. Realized losses decreased by \$15 million, principally due to a smaller loss recorded on the Montpelier warrants in the first quarter of 2006 compared to the first quarter of 2005.

II. Summary of Investment Results

Investment Philosophy

White Mountains manages substantially all of its consolidated investments through its wholly-owned subsidiary, WM Advisors. White Mountains' investment philosophy is to maximize its after-tax total risk-adjusted return over the long term. Under this approach, each dollar of after-tax investment income and realized and unrealized gains and losses is valued equally. White Mountains' overall fixed maturity investment strategy is to purchase securities that are attractively priced in relation to credit risks. White Mountains generally manages the interest rate risk associated with holding fixed maturity investments by actively maintaining the average duration of the portfolio (about 2 years at March 31, 2006, including short-term investments) to achieve an adequate after-tax total return without subjecting the portfolio to an unreasonable level of interest rate risk. White Mountains' investment portfolio mix as of March 31, 2006 consisted in large part of high-quality, fixed maturity investments and short-term investments, as well as equity investments and limited partnerships. White Mountains' management believes that prudent levels of investments in common equity securities and other investments within its investment portfolio are likely to enhance long-term after-tax total returns without significantly increasing the risk profile of the portfolio.

Investment Returns

White Mountains' GAAP pre-tax total return on invested assets was 1.4% for the first quarter of 2006, compared to 0.4% for the first quarter of 2005. Strong equity returns, which outpaced the S&P 500 Index, combined with the high-quality, short-duration, fixed income portfolio led to the positive returns, even in the face of rising interest rates in both periods.

Montpelier investment

The following table details the book value effect of White Mountains' total investment in Montpelier for the three months ended March 31, 2006 and 2005:

Millions	Three Months Ended March 31,	
	2006	2005
Net investment income, pre-tax	\$ 1.0	\$ 79.0
Net realized investment losses, pre-tax	(12.7)	(20.4)
Total revenues, pre-tax	(11.7)	58.6
Taxes on net investment income and net realized investment losses	1.7	(16.1)
Total revenues, after-tax	(10.0)	42.5
Change in net unrealized investment gains, after-tax	(10.4)	(13.1)
Net after-tax change in book value from Montpelier investment	\$ (20.4)	\$ 29.4

During the first quarter of 2005, Montpelier declared a special dividend of \$5.50 per share, payable to holders of both its common shares and warrants to acquire its common shares. White Mountains recorded pre-tax dividend income of \$74 million in the quarter for this special dividend, in addition to \$5 million in dividend income from Montpelier's normal quarterly dividend. The special dividend resulted in a decrease in Montpelier's stock price, which reduced the value of White Mountains' investment in Montpelier's common shares and warrants. As a result, White Mountains recorded investment losses of \$20 million related to its Montpelier warrants and a \$13 million decrease in after-tax unrealized

gains related to its common share investment during the first quarter of 2005.

In the fourth quarter of 2005, Montpelier reduced its normal quarterly dividend from 36 cents per share to 7.5 cents per share. As a result, White Mountains recorded \$1 million in dividends on its Montpelier investment in the first quarter of 2006, compared to \$5 million in the first quarter of 2005 (excluding the \$74 million special dividend). The \$13 million pre-tax realized investment loss on White Mountains Montpelier warrant investment and the \$10 million after-tax unrealized loss on White Mountains Montpelier common share investment both resulted from a 14% decrease in Montpelier's common share price during the first quarter of 2006.

Impairment

See Note 4 - Investments of the accompanying consolidated financial statements for White Mountains' analysis of impairment losses on investment securities.

NON-GAAP FINANCIAL MEASURES

This report includes three non-GAAP financial measures that have been reconciled to their most comparable GAAP financial measures. White Mountains believes these measures to be more relevant than comparable GAAP measures in evaluating White Mountains' results of operations and financial condition.

Adjusted comprehensive net income is a non-GAAP measure that excludes the change in net unrealized gains from Symetra's fixed maturity portfolio from comprehensive net income. GAAP requires these assets to be marked-to-market, which results in gains during periods when interest rates fall and losses in periods when interest rates rise. Because the liabilities related to the life insurance and structured settlement products that these assets support are not marked-to-market, it is likely that the economic impact on Symetra would be the opposite of that shown under GAAP (i.e., in general, Symetra's intrinsic value increases when interest rates rise and decreases when interest rates fall). The reconciliation of adjusted comprehensive net income to comprehensive net income is included on page 28.

Book value per share is derived by dividing the Company's total GAAP shareholders' equity as of a given date by the number of common shares outstanding as of that date, including the dilutive effects of outstanding Options and warrants to acquire common shares, as well as the unamortized accretion of preferred stock. Fully converted tangible book value per share is a non-GAAP measure which is derived by expanding the GAAP book value per share calculation to include the effects of assumed conversion of all convertible securities and to exclude any unamortized goodwill and net unrealized gains from Symetra's fixed maturity portfolio. The reconciliation of fully converted tangible book value per share to book value per share is included on page 27.

Total capital at White Mountains is comprised of common shareholders' equity, debt and preferred stock subject to mandatory redemption. Tangible capital excludes from total capital the unamortized goodwill of consolidated limited partnerships and the equity in net unrealized gains from Symetra's fixed maturity portfolio. The reconciliation of total capital to total tangible capital is included on page 37.

LIQUIDITY AND CAPITAL RESOURCES

Operating cash and short-term investments

Holding company level. The primary sources of cash for the Company and certain of its intermediate holding companies are dividends and tax sharing payments received from its insurance and reinsurance operating subsidiaries, financing activities and net investment income and proceeds from sales and maturities of holding company investments. The

primary uses of cash are interest payments on its debt obligations, dividend payments on the Company's common shares and mandatorily redeemable preferred stock of its intermediate holding company subsidiaries, purchases of investments and holding company operating expenses.

Operating subsidiary level. The primary sources of cash for White Mountains' insurance and reinsurance operating subsidiaries are premium collections, net investment income and proceeds from sales and maturities of investments. The primary uses of cash are claim payments, policy acquisition costs, operating expenses, the purchase of investments and dividend and tax sharing payments made to parent holding companies.

Both internal and external forces influence White Mountains' financial condition, results of operations and cash flows. Claim settlements, premium levels and investment returns may be impacted by changing rates of inflation and other economic conditions. In many cases, significant periods of time, ranging up to several years or more, may lapse between the occurrence of an insured loss, the reporting of the loss to White Mountains and the settlement of the liability for that loss. The exact timing of the payment of claims and benefits cannot be predicted with certainty. White Mountains' insurance and reinsurance operating subsidiaries maintain portfolios of invested assets with varying maturities and a substantial amount of short-term investments to provide adequate liquidity for the payment of claims.

Management believes that White Mountains' cash balances, cash flows from operations, routine sales of investments and the liquidity provided by its undrawn Bank Facility are adequate to meet expected cash requirements for the foreseeable future on both a holding company and insurance and reinsurance operating subsidiary level.

Dividend Capacity

Under the insurance laws of the states and jurisdictions under which White Mountains' insurance and reinsurance operating subsidiaries are domiciled, an insurer is restricted with respect to the timing or the amount of dividends it may pay without prior approval by regulatory authorities. Accordingly, there can be no assurance regarding the amount of such dividends that may be paid by such subsidiaries in the future. Following is a description of the ability of White Mountains' insurance and reinsurance operating subsidiaries to pay dividends to the Company and certain of its intermediate holding companies:

OneBeacon:

Based on 2005 statutory net income, OneBeacon's top tier regulated insurance operating subsidiaries have the ability to pay \$197 million of dividends during 2006 without prior approval of regulatory authorities, subject to the availability of unassigned funds. As of December 31, 2005, OneBeacon's top tier regulated insurance operating subsidiaries had \$1.3 billion of unassigned funds available for dividend distribution.

During the first three months of 2006, OneBeacon paid \$1 million of cash dividends to Fund American.

White Mountains Re:

Based on December 31, 2005 statutory surplus of \$1.1 billion, Folksamerica Re would have had the ability to pay approximately \$107 million of dividends during 2006 without prior approval of regulatory authorities, subject to the availability of earned surplus. As of March 31, 2006, Folksamerica Re had \$26 million of negative earned surplus. Folksamerica Re cannot pay any dividends until it has positive earned surplus.

Sirius International has the ability to pay dividends subject to the availability of unrestricted statutory surplus. Historically, Sirius International had allocated the majority of its earnings to the Safety Reserve (see Safety Reserve below). Currently, Sirius International has no unrestricted statutory surplus.

In accordance with the provisions of Swedish law, Sirius International can voluntarily transfer its pre-tax income, or a portion thereof, subject to certain limitations, to its parent company to minimize taxes. During the first quarter of 2006, Sirius International contributed approximately \$49 million of its 2005 pre-tax income to its parent company.

Edgar Filing: WHITE MOUNTAINS INSURANCE GROUP LTD - Form 10-Q

WMU has the ability to distribute its 2006 earnings without restriction. During the first quarter of 2006, WMU paid \$7 million of cash dividends to its immediate parent.

In addition, during the first quarter of 2006, White Mountains Re paid \$5 million of cash dividends to its immediate parent.

Esurance:

Based on 2005 year-end statutory surplus, Esurance's top tier regulated insurance operating subsidiary has the ability to pay \$5 million of dividends during 2006 without prior approval of regulatory authorities, subject to the availability of unassigned funds. Esurance did not pay any cash dividends during the first quarter of 2006.

Safety Reserve

In accordance with provisions of Swedish law, Sirius International is permitted to transfer up to the full amount of its pre-tax income, subject to certain limitations, into an untaxed reserve referred to as a safety reserve. Under GAAP, an amount equal to the safety reserve, net of the related deferred tax liability established at the Swedish tax rate of 28%, is classified as shareholders' equity. Generally, this deferred tax liability is only required to be paid by Sirius International if it fails to maintain predetermined levels of premium writings in future years. As a result of the indefinite deferral of these taxes, Swedish regulatory authorities do not apply any taxes to the safety reserve when calculating solvency capital under Swedish insurance regulations. Accordingly, under local statutory requirements, an amount equal to the deferred tax liability on Sirius International's safety reserve (\$264 million at March 31, 2006) is included in solvency capital.

Insurance Float

Insurance float is an important dynamic of White Mountains' operations that must be managed effectively. Float is money that an insurance company holds for a limited time. In an insurance operation, float arises because premiums are collected before losses are paid. This interval can extend over many years. During that time, the insurer invests the money. When the premiums that an insurer collects do not cover the losses and expenses it eventually must pay, the result is an underwriting loss, which is considered to be the cost of float. The amount and cost of float for White Mountains is affected by underlying market conditions, as well as acquisitions or dispositions of insurance and reinsurance businesses. Although insurance float can be calculated using numbers determined under GAAP, insurance float is not a GAAP concept and therefore there is no comparable GAAP measure.

One of the means by which White Mountains calculates its insurance float is by taking its net investment assets and subtracting its total tangible capital.

The following table illustrates White Mountains' consolidated insurance float position as of March 31, 2006 and December 31, 2005:

(\$ in millions)	March 31, 2006	December 31, 2005
Total investments	\$ 9,829.0	\$ 9,866.4
Cash	183.1	187.7
Investment in unconsolidated insurance affiliates	437.5	479.7
Equity in net unrealized gains from Symetra's fixed maturity portfolio	32.6	(24.2)
Accounts receivable on unsettled investment sales	45.7	21.7
Accounts payable on unsettled investment purchases	(165.7)	(43.4)
Interest-bearing funds held by ceding companies (1)	268.7	293.9
Interest-bearing funds held under reinsurance treaties (2)	(89.9)	(100.6)
Net investment assets	\$ 10,541.0	\$ 10,681.2
Total common shareholders' equity	\$ 3,872.2	\$ 3,833.2
Debt	779.1	779.1
Preferred stock subject to mandatory redemption	240.4	234.0
Total capital	\$ 4,891.7	\$ 4,846.3
Unamortized goodwill of consolidated limited partnerships	(23.8)	(24.4)
Equity in net unrealized gains from Symetra's fixed maturity portfolio	32.6	(24.2)
Total tangible capital	\$ 4,900.5	\$ 4,797.7
Insurance float	\$ 5,640.5	\$ 5,883.5
Insurance float as a multiple of total tangible capital	1.2x	1.2x
Net investment assets as a multiple of total tangible capital	2.2x	2.2x
Insurance float as a multiple of common shareholders' equity	1.5x	1.5x
Net investment assets as a multiple of common shareholders' equity	2.7x	2.8x

(1) Excludes funds held by ceding companies from which White Mountains does not receive interest credit.

(2) Excludes funds held by White Mountains under reinsurance treaties for which White Mountains does not provide interest credits.

White Mountains has historically obtained its float primarily through acquisitions, as opposed to organic growth. In recent years, White Mountains has had negative cash flows from operations but has generated significant float from its insurance and reinsurance operations. This is due to the fact that White Mountains' cash flow from operations does not reflect cash and investments generated by the acquisition of insurance and reinsurance businesses in recent years. Post-acquisition, such companies are often placed into partial or complete run-off, thereby resulting in negative cash flows from operations as the investments acquired are liquidated over time to pay claims.

It is White Mountains' intention to generate low-cost float over time through a combination of acquisitions and/or by organic growth in its existing insurance and reinsurance operations. However, White Mountains will seek to increase its float organically only when market conditions allow for an expectation of generating underwriting profits.

Financing

The following table summarizes White Mountains' capital structure as of March 31, 2006 and December 31, 2005:

\$ in millions	March 31, 2006	December 31, 2005
Senior Notes, carrying value	\$ 698.5	\$ 698.5
Bank Facility		
Other debt of operating subsidiaries	80.6	80.6
Total debt	779.1	779.1
Preferred stock subject to mandatory redemption	240.4	234.0
Total common shareholders' equity	3,872.2	3,833.2
Total capital	4,891.7	4,846.3
Unamortized goodwill	(23.8)	(24.4)
Equity in net unrealized gains/losses from Symetra's fixed maturity portfolio	32.6	(24.2)
Total tangible capital	\$ 4,900.5	\$ 4,797.7
Senior Notes to total tangible capital	14%	15%
Total debt to total tangible capital	16%	16%
Total debt and preferred stock to total tangible capital	21%	21%

Management believes that White Mountains' strong financial position provides it with the flexibility and capacity to obtain funds externally as needed through debt or equity financing on both a short-term and long-term basis.

In May 2003, Fund American issued \$700 million face value of senior unsecured debt through a public offering, at an issue price of 99.7% (the Senior Notes). The Senior Notes bear an annual interest rate of 5.9% until maturity on May 15, 2013, and are fully and unconditionally guaranteed as to the payment of principal and interest by the Company.

Fund American and the Company are both permitted borrowers under a \$400 million revolving credit facility (the Bank Facility). As of March 31, 2006, the Bank Facility, which matures in August 2009, was undrawn. As of March 31, 2006, White Mountains was in compliance with all of the covenants under the Bank Facility, and anticipates it will continue to remain in compliance with these covenants for the foreseeable future.

Detailed information concerning White Mountains liquidity and capital resource activities during the three months ended March 31, 2006 and 2005 follows:

CRITICAL ACCOUNTING ESTIMATES

Refer to the Company's 2005 Annual Report on Form 10-K for a complete discussion regarding White Mountains' critical accounting estimates.

FORWARD-LOOKING STATEMENTS

The information contained in this report may contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. All statements, other than statements of historical facts, included or referenced in this report which address activities, events or developments which White Mountains expects or anticipates will or may occur in the future are forward-looking statements. The words will, believe, intend, expect, anticipate, project, estimate, predict and similar expressions are intended to identify forward-looking statements. These forward-looking statements include, among others, statements with respect to White Mountains:

growth in book value per share or return on equity;

business strategy;

financial and operating targets or plans;

incurred losses and the adequacy of its losses and LAE reserves and related reinsurance;

projections of revenues, income (or loss), earnings (or loss) per share, dividends, market share or other financial forecasts;

expansion and growth of its business and operations; and

future capital expenditures.

These statements are based on certain assumptions and analyses made by White Mountains in light of its experience and perception of historical trends, current conditions and expected future developments, as well as other factors believed to be appropriate in the circumstances. However, whether actual results and developments will conform with its expectations and predictions is subject to a number of risks and uncertainties that could cause actual results to differ materially from expectations, including:

the risks associated with Item 1A of the Company's 2005 Annual Report on Form 10-K;

claims arising from catastrophic events, such as hurricanes, earthquakes, floods or terrorist attacks;

the continued availability of capital and financing;

general economic, market or business conditions;

business opportunities (or lack thereof) that may be presented to it and pursued;

competitive forces, including the conduct of other property and casualty insurers and reinsurers;

changes in domestic or foreign laws or regulations, or their interpretation, applicable to White Mountains, its competitors or its clients;

an economic downturn or other economic conditions adversely affecting its financial position;

recorded loss reserves subsequently proving to have been inadequate; and

other factors, most of which are beyond White Mountains' control.

Consequently, all of the forward-looking statements made in this report are qualified by these cautionary statements, and there can be no assurance that the actual results or developments anticipated by White Mountains will be realized or, even if substantially realized, that they will have the expected consequences to, or effects on, White Mountains or its business or operations. White Mountains assumes no obligation to update publicly any such forward-looking statements, whether as a result of new information, future events or otherwise.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

Refer to the Company's 2005 Annual Report on Form 10-K, and in particular Item 7A. - Quantitative and Qualitative Disclosures About Market Risk .

Item 4. Controls and Procedures.

The Principal Executive Officer (PEO) and the Principal Financial Officer (PFO) of White Mountains have evaluated the effectiveness of its disclosure controls and procedures (as defined in Rule 13a-15(e) and 15d-15(e) of the Exchange Act) as of the end of the period covered by this report. Based on that evaluation, the PEO and PFO have concluded that White Mountains' disclosure controls and procedures are adequate and effective.

There were no significant changes with respect to the Company's internal control over financial reporting or in other factors that materially affected, or are reasonably likely to materially affect, internal control over financial reporting during the quarter ended March 31, 2006.
