**Team Financial, Inc and Subsidiaries**

**Notes to Unaudited Consolidated Financial Statements**

**Three month periods ended March 31, 2006 and 2005**

**(1) Basis of Presentation**

The accompanying unaudited consolidated financial statements of Team Financial, Inc. and Subsidiaries have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and with the instructions to Form 10-Q and Rule 10-01 of Regulation S-X. Accordingly, they do not include all of the information and footnotes necessary for a comprehensive presentation of financial condition and results of operations required by accounting principles generally accepted in the United States of America for complete financial statements. In the opinion of management, all normal recurring adjustments necessary for a fair presentation of results have been included. The consolidated financial statements should be read in conjunction with the audited consolidated financial statements included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2005.

The interim consolidated financial statements include the accounts of Team Financial, Inc. and its wholly owned subsidiaries, Team Financial Acquisition Subsidiary, Inc., including TeamBank, N.A. and its subsidiaries, and Post Bancorp including Colorado National Bank, all of which are collectively considered one segment. All material inter-company transactions, profits, and balances are eliminated in consolidation. The consolidated financial statements do not include the accounts of our wholly owned statutory trust, Team Financial Capital Trust I (the Trust). In accordance with Financial Accounting Standards Board Interpretation No. 46R, *Consolidation of Variable Interest Entities* (FIN 46 R), adopted in December 2003, the Trust qualifies as a special purpose entity that is not required to be consolidated in the financial statements of Team Financial, Inc. The Trust was formed in 2001 for the purpose of issuing \$15.5 million of Trust Preferred Securities. We continue to include the Trust Preferred Securities issued by the Trust in Tier I capital for regulatory capital purposes.

The December 31, 2005 statement of financial condition has been derived from the audited consolidated financial statements as of that date. Certain amounts in the 2005 financial statements have been reclassified to conform to the 2006 presentation. The results of the interim period ended March 31, 2006, are not necessarily indicative of the results that may occur for the year ending December 31, 2006.

**(2) Recent Accounting Pronouncements**

In December of 2004, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards No. 123 (revised 2004), *Share Based Payments*, (SFAS 123(R)). This statement requires that the cost resulting from all share-based transactions be recognized in the financial statements. SFAS 123(R) establishes fair value as the measurement objective in accounting for share-based arrangements and requires all entities to apply a fair-value based measurement method in accounting for share based payments with employees except for equity instruments held by employee share ownership plans. SFAS 123(R) replaces FASB Statement No. 123, *Accounting for Stock-Based Compensation*, and Accounting Principal Board Opinion No. 25, *Accounting for Stock Issued to Employees*, (APB 25) and became effective as of the beginning of 2006. Prior to fiscal year 2006, the Company accounted for stock-based compensation using the intrinsic value method prescribed in APB 25, and related interpretations and provided the required pro forma disclosures of SFAS No. 123, *Accounting for Stock-Based Compensation*. More information regarding the adoption of SFAS 123(R) is shown in footnote 4.

## Edgar Filing: TEAM FINANCIAL INC /KS - Form 10-Q

In November 2005, the FASB issued FASB Staff Position ( FSP ) 115-1, *The Meaning of Other-Than-Temporary Impairment and Its application to Certain Investments*, which addresses the determination as to when an investment is considered impaired, whether that impairment is other than temporary, and the measurement of an impairment loss. The guidance clarifies that an impairment loss should be recognized when the impairment loss is deemed other-than-temporary, even if the decision to sell has not been made. The FSP also requires certain disclosures about unrealized losses that have not been recognized as other-than-temporary impairments. This FSP is effective for fiscal years beginning after December 15, 2005 and the Company began applying the guidance in 2006. The adoption of FSP FAS 115-1 did not have a material impact on the Company's financial position, results of operations, or liquidity.

In May of 2005, the FASB issued Statement No. 154, *Accounting Changes and Error Corrections - A Replacement of APB Opinion No. 20 and FASB Statement No. 3*. This statement requires retrospective application to all voluntary changes in accounting principle with all prior period financial statements presented using the new accounting principle, unless it is impracticable to do so. For the Company, this standard is effective for accounting changes and corrections of errors made during or after 2006. The Company does not anticipate this statement to have a material effect on its financial statements.

### **(3) Discontinued Operations**

On February 25, 2005, we completed the sale of Team Insurance Group, Inc., our insurance agency subsidiary. This subsidiary was operated as a subsidiary of TeamBank, N.A. from December of 2002 until December, 2004 and offered employee benefit insurance and property and casualty insurance to businesses and individuals. We sold all the issued and outstanding shares of the subsidiary to an unaffiliated third party for total cash consideration of \$6.8 million after adjustments. Our investment in this subsidiary as of February 25, 2005 was approximately \$7.0 million. As a result of the sale, the operations related to this subsidiary have been reclassified in discontinued operations. Because the sale was effective December 2004, there are no discontinued operations presented in the accompanying consolidated financial statements for the three months ended March 31, 2005. A loss on the sale of the subsidiary of approximately \$164,000 was recorded in the second quarter of 2005 upon finalization of the selling price. Pursuant to the terms of the agreement, the buyer has until August 25, 2006 to present any breach of warranty or representations claims.

### **(4) Stock Based Compensation and Income Per Share**

The Company's 1999 Stock Incentive Plan provides for the following stock and stock-based awards: restricted stock, stock options, stock appreciation rights and performance shares. March 31, 2006, up to 79,500 shares of our common stock were available to be issued under the plan. All employees, directors and consultants are eligible to participate in the plan. The Company generally grants stock options with either a one-year cliff vesting schedule and a ten year expiration from the date of grant, or with a three-year potential vesting schedule and a ten year expiration from the date of grant, with vesting at the discretion of the Executive Compensation Committee of the Board of Directors, which administers the 1999 Stock Incentive Plan. Prior to 2006, the Company accounted for stock-based compensation using the intrinsic value method prescribed in *APB 25*, and related interpretations and provided the required pro forma disclosures of SFAS No. 123, *Accounting for Stock-Based Compensation*.

The following table illustrates what the Company's share-based compensation expense and earnings per share would have been for the three months ended March 31, 2005 (in thousands, except per share data) had the fair value method been used to account for stock-based compensation last year in accordance with SFAS 123:

Edgar Filing: TEAM FINANCIAL INC /KS - Form 10-Q

Beginning in 2006, the Company adopted Statement of Financial Accounting Standards No. 123(R), *Share-Based Payments*, ( SFAS No. 123(R) ). This statement requires that the cost resulting from all share-based transactions be recognized in the financial statements. SFAS 123(R) establishes fair value as the measurement objective in accounting for share-based arrangements and requires all entities to apply a fair-value based measurement method in accounting for share based payments with employees except for equity instruments held by employee share ownership plans. The Company elected to adopt SFAS No. 123(R) using the modified prospective transition method and, accordingly, previously reported amounts have not been restated for the change in accounting. During the three months ended March 31, 2006, the Company recognized share-based compensation expense of approximately \$57 thousand.

Stock compensation expense for options granted during the three months ended March 31, 2006 was estimated using the Black-Scholes option-pricing model with the following assumptions:

	One-year options	Three-year options
Expected life in years	5	8
Expected volatility	20.94%	16.34%
Risk-free interest rate	4.39%	4.39%
Annual rate of quarterly dividends	2.19%	2.19%

The following table summarizes option activity for the three months ended March 31, 2006:

	Number of options	Weighted average exercise price per share	Weighted average remaining contractual life in years	Aggregate Intrinsic Value
Outstanding at December 31, 2005	304,850	\$ 10.08		
Granted	37,000	14.30		
Outstanding at March 31, 2006	341,850	10.53	6.7	\$ 3.86
Exercisable at March 31, 2006	250,250	9.36	5.7	5.03

Edgar Filing: TEAM FINANCIAL INC /KS - Form 10-Q

A summary of the Company's nonvested options as of March 31, 2006 and changes during the quarter are presented below:

	Number of shares	Weighted average grant date fair value
Nonvested at December 31, 2005	54,600	\$ 3.25
Granted	37,000	2.97
Nonvested at March 31, 2006	91,600	3.14

On March 31, 2006, there was approximately \$229,930 of unrecognized compensation cost related to nonvested stock-based compensation awards, which the Company expects to recognize over a weighted-average period of 1.5 years.

**(5) Stock Repurchase Program**

At March 31, 2006, there were 310,973 shares of our common stock remaining to be repurchased under a stock repurchase program authorized by the Board of Directors. During the quarter ended March 31, 2006, there were 66,157 shares of our common stock repurchased under this program.

**(6) Dividend Declared**

On February 28, 2006, we declared a quarterly cash dividend of \$0.08 per share to all shareholders of record on March 31, 2006, payable April 20, 2006.

**(7) Investment Securities**

The following tables summarize the amortized cost, gross unrealized gains and losses, and fair value of investment securities at March 31, 2006 and December 31, 2005.

Management does not believe that any of the securities with unrealized losses at March 31, 2006 are other than temporarily impaired due to changes in market rate from the date of purchase to March 31, 2006.

#### (8) Commitments and Contingencies

Commitments to extend credit to our customers with unused approved lines of credit were approximately \$87,002,000 at March 31, 2006. Additionally, the contractual amount of standby letters of credit at March 31, 2006 was approximately \$7,526,000. These commitments involve credit risk in excess of the amount stated in the consolidated balance sheet. Exposure to credit loss in the event of nonperformance by the customer is represented by the contractual amount of those instruments.

Item 2: MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

**OVERVIEW**

## Edgar Filing: TEAM FINANCIAL INC /KS - Form 10-Q

Team Financial, Inc. is a financial holding company incorporated in the State of Kansas. Our common stock is listed on the Nasdaq National Market ( NASDAQ ) under the symbol TFIN .

We offer full service community banking and financial services through 18 locations in Kansas, Missouri, Nebraska and Colorado through our wholly owned banking subsidiaries, TeamBank, N.A and Colorado National Bank. Our presence in Kansas consists of seven locations in the Kansas City metropolitan area and three locations in southeast Kansas. We operate two locations in western Missouri, three in the metropolitan area of Omaha, Nebraska, and three in the Colorado Springs, Colorado metropolitan area.

Our results of operations depend primarily on net interest income, which is the difference between interest income from interest-earning assets and interest expense on interest-bearing liabilities. Our operations are also affected by non-interest income, such as service charges, loan fees, and gains and losses from the sales of mortgage loans. Our principal operating expenses, aside from interest expense, consist of compensation and employee benefits, occupancy costs, data processing expense and provisions for loan losses.

On February 25, 2005, we completed the sale of Team Insurance Group, Inc., our insurance agency subsidiary. This subsidiary was operated as a subsidiary of TeamBank, N.A. from December of 2002 until December, 2004 and offered employee benefit insurance and property and casualty insurance to businesses and individuals. We sold all the issued and outstanding shares of the subsidiary to an unaffiliated third party for total cash consideration of \$6.8 million after adjustments. Our investment in this subsidiary as of February 25, 2005 was approximately \$7.0 million. As a result of the sale, the operations related to this subsidiary have been reclassified in discontinued operations in the unaudited consolidated financial statements and related footnotes. Because the sale was effective December 2004, there are no discontinued operations presented in the accompanying consolidated financial statements for the three months ended March 31, 2005. A loss on the sale of the subsidiary of approximately \$164,000 was recorded in the second quarter of 2005 upon finalization of the selling price. The sale was effective December 31, 2004 and, therefore, the operating activities of the insurance subsidiary during 2005 were assumed by the new owners. Pursuant to the terms of the agreement, the buyer has until August 25, 2006 to present any breach of warranty or representations claims.

### FINANCIAL CONDITION

## Edgar Filing: TEAM FINANCIAL INC /KS - Form 10-Q

Total assets at March 31, 2006, were \$698.9 million compared to \$696.5 million at December 31, 2005, an increase of \$2.4 million. This increase was primarily a result of an increase in loans receivable of \$23.4 million offset by a \$16.7 million decrease in cash and cash equivalents and a \$4.1 million decrease in investment securities. The decrease in cash and cash equivalents and investment securities was a result of those funds being used to fund the loan growth. Total deposits decreased \$2.1 million to \$505.8 million at March 31, 2006 compared to \$507.9 million at December 31, 2005, contributing to the decrease in cash and cash equivalents.

### **Investment Securities**

Edgar Filing: TEAM FINANCIAL INC /KS - Form 10-Q

Total investment securities were \$186.3 million at March 31, 2006 compared to \$190.4 million at December 31, 2005, a decrease of \$4.1 million, or 2.2%. This decrease was primarily due managements decision not to reinvest maturing investments in the securities markets in order to help fund loan growth.

**Loans Receivable**

Loans receivable increased \$23.4 million, or 5.6%, to \$443.6 million at March 31, 2006, compared to \$420.2 million at December 31, 2005, primarily due to growth in the construction and land development loans, which increased \$16.6 million, or 20.5%, to \$97.5 million at March 31, 2006, compared to \$80.9 million at December 31, 2005.

The following table presents the composition of the loan portfolio by type of loan at the dates indicated.

	March 31, 2006		December 31, 2005

Total loans receivable	\$ 443,551	100.0%	\$ 420,181	100.0%

Included in one-to-four family real estate loans were loans held for sale of approximately \$0.9 million at March 31, 2006 and \$1.8 million at December 31, 2005.

**Non-performing Assets**

Non-performing assets consist of loans 90 days or more delinquent and still accruing interest, non-accrual loans, restructured loans and assets acquired through foreclosure. Loans are generally placed on non-accrual status when principal or interest is 90 days or more past due, unless the loans are well-secured and in the process of collection. Loans may be placed on non-accrual status earlier when, in the opinion of management, reasonable doubt exists as to the full, timely collection of interest or principal.

The following table summarizes our non-performing assets:

	March 31, 2006	December 31, 2005
(Dollars in thousands)		
Non-accrual loans	\$ 2,516	\$ 2,343
Loans 90 days past due and still accruing	676	1,184

Non-performing loans as a percentage of total loans		0.95%		1.09%
Non-performing assets as a percentage of total assets		0.67%		0.72%

Non-performing assets totaled \$4.7 million at March 31, 2006, compared to \$5.0 million at December 31, 2005, representing a decrease of approximately \$0.3 million, or 6.0%. The decrease in non-performing assets was primarily a result of a decrease in loans 90 days past due and still accruing interest.

Non-performing loans were approximately \$4.2 million at March 31, 2006 and \$4.6 million at December 31, 2005. Included in non-performing loans at March 31, 2006 were several non-accrual loans. The largest three relationships included in non-accrual at March 31, 2006 were \$590,000 to a fence manufacturing company, \$211,000 for a single family dwelling and \$182,000 for the construction of a new home. The largest relationship included in non-accrual at December 31, 2005 was approximately \$540,000 to a fence manufacturing company. Restructured loans at March 31, 2006 and December 31, 2005 included several relationships; the largest of these relationships at March 31, 2006 and December 31, 2005, was an agricultural loan restructured through Farmer Home Administration of approximately \$551,000 and \$554,000, respectively.

Other real estate owned at March 31, 2006 consisted of nine properties. The properties consisted of four commercial buildings totaling \$185,000, four one-to-four family properties totaling \$252,000, and one piece of vacant land for \$4,000. The properties are all located within our market areas. Management is working to sell the real estate as soon as practical.

The loan portfolio is continuously monitored for possible non-performing assets as information becomes available. The magnitude of any increase in non-performing loans is not determinable.

#### Allowance for loan losses

Management maintains its allowance for loan losses based on historical experience, an evaluation of economic conditions and regular review of delinquencies and loan portfolio quality. Based upon these factors, management makes various assumptions and judgments about the ultimate collectibility of the loan portfolio and provides an allowance for probable loan losses based upon a percentage of the outstanding balances and for specific loans if their ultimate collectibility is considered questionable. Actual losses may differ due to changing conditions or information that is currently not available.

The following table summarizes our allowance for loan losses:

	Three Months Ended March 31	
	2006	2005
	(Dollars In thousands )	
Allowance at beginning of period	\$ 5,424	\$ 4,898

Allowance as a percent of total loans	1.26%	1.29%
Allowance as a percent of non-performing loans	132.47%	137.41%

## Edgar Filing: TEAM FINANCIAL INC /KS - Form 10-Q

The allowance for loan losses as a percent of total loans was 1.26% at March 31, 2006 compared to 1.29% at December 31, 2005 and March 31, 2005.

The allowance for loan losses as a percent of non-performing loans was 132.47% at March 31, 2006, compared to 118.38% at December 31, 2005 and 137.41% at March 31, 2005. The allowance for loan losses as a percent of non-performing loans of 132.47% at March 31, 2006 decreased from 137.41% at March 31, 2005 due to the increase in non-performing loans during that period, coupled with a large recovery during the three months ended March 31, 2005.

## Deposits

Total deposits decreased approximately \$2.1 million to \$505.8 million at March 31, 2006 from \$507.9 million at December 31, 2005. This decrease was a result of a decrease in checking deposits of approximately \$4.6 million offset by an increase in money market deposits of approximately \$2.3 million. The decrease in checking deposits is primarily due to a decrease in public funds, which is generally expected during that period due to seasonality.

## Regulatory Capital

We are subject to regulatory capital requirements administered by the Federal Reserve, the Federal Deposit Insurance Corporation and the Comptroller of the Currency. Failure to meet the regulatory capital guidelines may result in the initiation by the Federal Reserve of appropriate supervisory or enforcement actions. As of March 31, 2006 and December 31, 2005, we met all capital adequacy requirements to which we are subject. Our ratios at March 31, 2006 were as follows:

Ratio	Actual	Minimum Required
Total capital to risk weighted assets	11.55%	8.00%
Core capital to risk weighted assets	10.51%	4.00%
Core capital to average assets	8.26%	4.00%

## Liquidity

## Edgar Filing: TEAM FINANCIAL INC /KS - Form 10-Q

We continuously forecast and manage our liquidity in order to satisfy cash flow requirements of depositors and borrowers and allow us to meet our own cash flow needs. We have developed internal and external sources of liquidity to meet our continued growth needs. These include, but are not limited to, the ability to raise deposits through branch promotional campaigns, purchase brokered certificates of deposits, maturity of overnight funds, short term investment securities classified as available-for-sale and draws on credit facilities established through the Federal Home Loan Bank of Topeka.

Our most liquid assets are cash and cash equivalents and investment securities available-for-sale. The levels of these assets are dependent on our operating, financing, lending, and investing activities during any given period. At March 31, 2006, these assets, approximating \$203.9 million, consist of investment securities available-for-sale of \$186.3 million. Approximately \$155.3 million of these investment securities were pledged as collateral for borrowings, repurchase agreements and for public funds on deposit at March 31, 2006.

At March 31, 2006, there was approximately \$14.3 million borrowing capacity remaining under agreements with Federal Home Loan Bank of Topeka.

### **RESULTS OF CONTINUING OPERATIONS**

**Net Interest Income**

## Edgar Filing: TEAM FINANCIAL INC /KS - Form 10-Q

Net interest income before provision for loan losses for the three months ended March 31, 2006 totaled \$5.8 million compared to \$5.0 million for the same period in 2005, an increase of 16%.

Net interest margin, adjusted for the tax effect of tax exempt securities, as a percent of average earning assets was 3.80% for the three months ended March 31, 2006, compared to 3.59% during the three months ended March 31, 2005. The average rate of interest earning assets for the quarter ended March 31, 2006 increased 77 basis points to 6.67% from 5.90% for the quarter ended March 31, 2005. Offsetting the increase in the rate of interest earning

assets was an increase in the average cost of interest bearing liabilities of 66 basis points to 3.23% during the three months ended March 31, 2006 from 2.57% during the three months ended March 31, 2005.

*Interest earning assets of continuing operations*

## Edgar Filing: TEAM FINANCIAL INC /KS - Form 10-Q

The average rate on interest earning assets was 6.67% for the three months ended March 31, 2006, representing an increase of 77 basis points from 5.90% for the same three months in 2005. Interest earning assets are comprised of loans receivable, investment securities, interest-bearing deposits and an investment in a non-consolidated wholly owned subsidiary that was formed for the purpose of issuing Trust Preferred Securities.

The average rate on loans receivable increased 86 basis points to 7.44% for the three months ended March 31, 2006, compared to 6.58% for the three months ended March 31, 2005. Additionally, loans receivable average balance increased approximately \$49.0 million during the three months ended March 31, 2006 compared to the average balances for same three months in 2005, contributing to the increase in interest income from loans receivable of \$1.7 million, or 27.6%.

The average rate on investment securities adjusted for the tax effect of tax exempt securities increased to 5.03% for the three months ended March 31, 2006, compared to 4.78% for the three months ended March 31, 2005. This increase in the yield was offset by a decrease in average balance of \$6.8 million during the quarter ended March 31, 2006 to \$188.6 million compared to average balance during the quarter ended March 31, 2005 of \$195.4 million.

### *Interest bearing liabilities of continuing operations*

The average rate paid on interest-bearing liabilities increased 66 basis points to 3.23% for the three months ended March 31, 2006, compared to 2.57% for the same three months in 2005. Interest bearing liabilities are comprised of savings and interest bearing checking deposits, time deposits, federal funds purchased and securities sold under agreements to repurchase, Federal Home Loan Bank Advances and other borrowings, and on our subordinated debentures held by our subsidiary trust which issued the 9.50% Trust Preferred Securities.

The average rate paid on interest-bearing savings and interest-bearing checking deposits increased 72 basis points to 1.62% for the three months March 31, 2006, compared to .90% for the three months ended March 31, 2005. The average rate paid on time deposits increased 98 basis points to 3.62% during the first quarter of 2006 compared to 2.64% during the first quarter of 2005.

The effective interest rate on the subordinated debentures was 9.83% for the three months ended March 31, 2006 and 2005. The difference between the contractual interest rate of 9.50% and the effective interest rate is the amortization of debt issuance costs, which are being amortized over a 30-year period ending August 10, 2031. We have the right to redeem the subordinated debentures, in whole or in part, on or after August 10, 2006 at a redemption price specified in the Indentures plus any accrued but unpaid interest to the redemption date. In the event that we redeem all or part of the debentures on or after August 10, 2006, we would amortize the proportionate unamortized cost of the offering and incur a charge. The maximum charge that would be incurred should we redeem all of the debentures on August 10, 2006 would be approximately \$826,000.

The following tables present certain information relating to net interest income from continuing operations for the three months ended March 31, 2006 and 2005. The average rates are derived by dividing annualized interest income or expense by the average balance of assets and liabilities, respectively, for the periods shown and are presented on a tax-equivalent basis assuming a 34% tax rate for the periods indicated.

The following table presents the components of changes in net interest income, on a tax equivalent basis, attributed to volume and rate. Changes in interest income or interest expense attributable to volume changes are calculated by multiplying the change in volume by the average interest rate during the prior year's first quarter. The changes in interest income or interest expense attributable to change in interest rates are calculated by multiplying the change in interest rate by the average volume during the prior year's first quarter. The changes in interest income or interest expense attributable to the combined impact of changes in volume and changes in interest rates are calculated by multiplying the change in rate by the change in volume.

**Provision for Loan Losses**

A provision for losses on loans is charged to earnings to bring the total allowance for loan losses to a level considered appropriate by management based on historical loss experience, the volume and type of lending conducted, the status of past due principal and interest payments, general economic conditions, particularly as such conditions relate to our market areas, and other factors related to the collectibility of our loan portfolio. After considering the above factors, management recorded a provision for loan losses on loans totaling \$275,000 for the three months ended March 31, 2006, and \$145,000 for the three months ended March 31, 2005. The increase in the provision was primarily due to larger loan growth during the quarter ended March 31, 2006 compared to the same quarter of 2005.

**Non-Interest Income from Continuing Operations**

## Edgar Filing: TEAM FINANCIAL INC /KS - Form 10-Q

The following table summarizes non-interest income for the three months ended March 31, 2006 and 2005:

	Three Months Ended March 31,	
	2006	2005
	(In thousands)	
Service charges	\$ 847	\$ 904
Trust fees	176	187

ATM and debit card fees	121	97
Bank owned life insurance income	216	208
Other	105	90
Total other income	\$ 1,779	\$ 1,835

Non-interest income from continuing operations decreased approximately \$56 thousand, or 3%, from the three months ended March 31, 2005 to \$1.8 million for the three months ended March 31, 2006. This decrease was primarily due to a \$57,000, or 6.3% decrease in service charges for the three months ended March 31, 2006 compared to the three months ended March 31, 2005.

### Non-Interest Expense from Continuing Operations

Edgar Filing: TEAM FINANCIAL INC /KS - Form 10-Q

The following table presents non-interest expense from continuing operations for the three months ended March 31, 2006 and 2005:

	Three months ended March 31,	
	2006	2005
	(In thousands)	
Salaries and employee benefits	\$ 3,075	\$ 2,617

Supplies	101	79
Intangible asset amortization	147	156
Other	809	822
Total other expenses	\$ 6,039	\$ 5,431

Non-interest expense from continuing operations approximated \$6.0 million for the three months ended March 31, 2006 compared to \$5.4 million for the three months ended March 31, 2005. The increase in non-interest expense was primarily due to increases in salaries and employee benefits as a result of hiring additional personnel and increased compensation expense.

#### Income Tax Expense from Continuing Operations

Income tax expense from continuing operations was \$289,000 for the three months ended March 31, 2006, a decrease of approximately \$8,000 compared to income tax expense of \$297,000 for the three months ended March 31, 2005. The effective tax rate for the three months ended March 31, 2006, was 23.7%, compared to 23.0% for the three months ended March 31, 2005. The effective tax rate is less than the statutory federal rate of 34.0% due primarily to municipal interest income and income from the investment in bank owned life insurance.

**Item 3: QUANTITATIVE AND QUALITATIVE  
DISCLOSURES ABOUT MARKET RISK**

**Asset and Liability Management**

## Edgar Filing: TEAM FINANCIAL INC /KS - Form 10-Q

Asset and liability management refers to management's efforts to minimize fluctuations in net interest income caused by interest rate changes. This is accomplished by managing the repricing of interest rate sensitive interest-bearing assets and interest-bearing liabilities. Controlling the maturity of repricing of an institution's liabilities and assets in order to minimize interest rate risk is commonly referred to as gap management.

The following table indicates that at March 31, 2006, if there had been a sudden and sustained increase in prevailing market interest rates, our 2006 net interest income would be expected to increase, while a decrease in rates would indicate a decrease in net interest income.

Change in interest rates	Net interest income	(Decrease) increase (Dollar in thousands)	% change
200 basis point rise	\$ 26,572	\$ 1,696	6.82%
100 basis point rise	25,724	848	3.41%
Base rate scenario	24,876		
100 basis point decline	23,689	(1,187)	(4.77)%
200 basis point decline	21,551	(3,325)	(13.37)%

### Item 4: CONTROLS AND PROCEDURES

#### *Evaluation of Disclosure Controls and Procedures*

As of March 31, 2006, management, including the Chief Executive Officer and Chief Financial Officer, performed an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures pursuant to Rule 13a-15(e) and Rule 15d-15(e) of the Securities Exchange Act of 1934. Based upon that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures are effective in recording, processing, summarizing and reporting information required to be disclosed within the time periods specified in the Securities Exchange Commission's rules and forms.

#### *Change in Internal Controls*
