**Item 8.01. Other Events.**

Pricing of Public Offering

On July 12, 2006, we announced that we priced an underwritten public offering of \$200 million in aggregate principal amount of 8-3/4% Senior Subordinated Notes due 2018, or the 8-3/4% Notes. The 8 3/4% Notes will be sold at 100% of par. The net proceeds to us from this offering are expected to be \$196.8 million, after paying the underwriter's discounts and commissions and estimated expenses. We intend to use the net proceeds from this offering to fund our offer to purchase and consent solicitation relating to our outstanding 8-1/4% Senior Subordinated Notes due 2011, or the 8-1/4% Notes, which was separately announced on July 11, 2006, for the possible repayment, repurchase or retirement of other indebtedness, including outstanding indebtedness under our revolving credit facility and for general corporate purposes, including possible future acquisitions and investments. A copy of our press release announcing the pricing of the public debt offering is filed as Exhibit 99.1 to this Current Report on Form 8-K and is incorporated herein by reference.

The public debt offering of the 8-3/4% Notes will be made only by means of a prospectus supplement. This Current Report on Form 8-K shall not constitute an offer to sell or a solicitation of an offer to buy any securities.

The tender offer to purchase and consent solicitation will be made only by means of our Offer to Purchase and Consent Solicitation Statement dated July 11, 2006 and related materials. This Current Report on Form 8-K shall not constitute an offer to purchase or a consent solicitation with regard to the 8-1/4% Notes.

London Facility Fire

We experienced a fire at our facility located at Prologis Park, Twelvetrees Crescent, London, England just before midnight local time on Wednesday July 12, 2006. All employees were evacuated safely and the cause of the fire is currently under investigation. This facility primarily stored archival and inactive business records for London area businesses. We have initiated communication activities with affected customers and will continue active communications as more information becomes known.

The leased facility, constructed in 2002, is one of more than 900 facilities in our global portfolio and one of 30 facilities serving the greater London area. This facility was equipped with modern fire detection and suppression equipment and we believe that these systems functioned as designed. Despite immediate response by the London fire brigade, damage to the building was extensive and the building appears to be a total loss. We believe we carry adequate insurance and are in the process of assessing the impact of the fire but do not expect that this event will be material to our consolidated results of operations or financial condition. Revenues from this facility represent less than 1% of our consolidated enterprise revenues.
