The press release and the conference call contain forward-looking statements regarding PROS and include cautionary statements identify important factors that could cause actual results to differ materially from those anticipated.

Use of Non-GAAP Financial Information

PROS provides non-GAAP measures of operating results per share in the attached press release. The presentation is intended to be a supplemental measure of performance and typically excludes stock-based compensation and certain one time charges that impact the comparability of one quarter to another. The presentation is not intended to replace or to be displayed more prominently than PROS GAAP measures. PROS appreciates that investors also need to analyze PROS results on a GAAP basis, so a reconciliation of the adjustments to GAAP results for the periods is included in the attached press release. In addition, an explanation of the ways in which PROS management uses these non-GAAP measures to evaluate its business, the substance behind PROS management s decision to use these non-GAAP measures, and the substantive reasons why PROS management believes that these non-GAAP measures provide useful information to investors are included in the attached press release.
