Appointment of new Head of Investor Relations

Lisbon, Portugal, 30 April 2008 Portugal Telecom announced today the appointment of Nuno Vieira as PT's new Investor Relations Director, following the appointment of Nuno Prego as the Chief of Staff to the CEO, Zeinal Bava.

Before joining PT, Nuno Vieira was equity analyst at Millennium Investment Banking and started his career in the telecoms industry. Nuno Vieira holds an engineering degree in telecommunications awarded by Instituto Superior Técnico, a MBA degree with specialisation in Finance awarded by Universidade Católica Portuguesa and is a CFA charterholder.

During his four years as Investor Relations Director of PT, Nuno Prego was twice considered best investor relations officer in the sector in Europe by Institutional Investor and was considered last year as best investor relations officer in Continental Europe by IR Magazine.

This announcement is pursuant to the terms of paragraph h) of article 3 of the Portuguese Securities Commission Regulation no. 4/2004.

This information is also available on PT's IR website <http://ir.telecom.pt>.

FORWARD-LOOKING STATEMENTS

This document may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words anticipates, believes, estimates, expects, plans and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
