**Item 8.01. Other Events.**

On Nov. 3, 2008, Northern States Power Company (NSP-Minnesota), a Minnesota Corporation and wholly owned subsidiary of Xcel Energy Inc., filed a request with the Minnesota Public Utilities Commission (MPUC) for an overall increase in annual revenues of approximately \$156.1 million, or an increase of 6.05 percent. The rate filing is based on a 2009 calendar year budget and includes a requested rate of return on equity of 11.00 percent, an electric net rate base of approximately \$4.062 billion allocated to the Minnesota retail jurisdiction, and an equity ratio of 52.47 percent.

As part of this rate filing, NSP-Minnesota proposes to implement interim electric rates effective Jan. 2, 2009. The interim rate increase is proposed in the amount of approximately \$155.1 million. The interim rates would remain in effect until the MPUC makes its final decision on the case. Final electric base rates will likely be put into place in late 2009.
