Item 2.05 **Costs Associated with Exit or Disposal Activities.**

On June 9, 2011, United Natural Foods, Inc., a Delaware corporation (the "Company") entered into an asset purchase agreement with L&R Distributors, Inc., a New York corporation ("L&R") pursuant to which the Company has agreed to sell to L&R the Company's non-foods and general merchandise lines of business, including certain inventory related to this business. In connection with the Company's divestiture of its non-foods and general merchandise lines of business, which, subject to the satisfaction of certain customary closing conditions, the Company expects will be consummated in the first quarter of fiscal 2012, the Company expects to incur associated restructuring and impairment charges of approximately \$11.0 million to \$12.5 million on a pre-tax basis during the fourth quarter of fiscal 2011 and first quarter of fiscal 2012. These costs will consist primarily of approximately \$5.0 million to \$5.6 million of expenses associated with the impairment of the Company's Harrison, Arkansas facility and related equipment resulting from the Company's termination of operations at the facility; approximately \$4.0 million to \$4.3 million of expenses related to associate severance and related benefit costs; and approximately \$2.0 million to \$2.6 million of other non-recurring charges incurred to fully transition the specialty food business from the Harrison, Arkansas facility into the Company's other facilities. Approximately \$8.4 million to \$9.6 million of these costs are expected to be incurred in the fourth quarter of fiscal 2011, with the exact amount dependent upon the timing of the completion of the transfer of the Company's specialty foods inventory from its Harrison, Arkansas facility. The balance of the charges is expected to be incurred in the first quarter of fiscal 2012. Of the anticipated total charges, the Company estimates that approximately \$6.0 million to \$6.9 million will be cash expenditures, \$3.4 million to \$4.0 million of which are expected to be incurred in the fourth quarter of fiscal 2011 and \$2.6 million to \$2.9 million of which are expected to be incurred in the first quarter of fiscal 2012.
