Item 1.01 Entry into a Material Definitive Agreement.

On April 3, 2013, Midstates Petroleum Company LLC (Midstates Sub), a wholly owned subsidiary of Midstates Petroleum Company, Inc. (Midstates), entered into a Purchase and Sale Agreement (the Agreement) with Panther Energy Company, LLC, Red Willow Mid-Continent, LLC and Linn Energy Holdings, LLC (collectively, the Sellers), pursuant to which Midstates Sub agreed to acquire producing properties as well as undeveloped acreage in the Anadarko Basin in Texas and Oklahoma (the Transaction). The aggregate purchase price, subject to adjustment as provided in the Agreement, consists of \$620 million in cash. In connection with the Agreement, Midstates has guaranteed Midstates Sub's obligation to pay a termination fee in the event Midstates Sub materially breaches the Agreement.

The Sellers and Midstates Sub have made customary representations, warranties and covenants in the Agreement. The Sellers have made certain additional customary covenants, including, among others, covenants to conduct its business in the ordinary course between the execution of the Agreement and the closing of the Transaction and not to engage in certain kinds of transactions during that period, subject to certain exceptions.

Consummation of the Transaction is subject to various conditions, including, among others, (1) the accuracy of the representations and warranties of the parties as of the closing date, including the absence of any material adverse effect with respect to the Sellers' business, (2) the release of certain liens in connection with the repayment of the Sellers' indebtedness, (3) the execution of certain ancillary documents and (4) other customary closing conditions. The transaction will be effective April 1, 2013 and closing is expected to occur on or about May 31, 2013. The Agreement may be terminated under customary circumstances.

The foregoing summary of the Agreement and the Transaction does not purport to be complete and is subject to, and qualified in its entirety by, the full text of the Agreement, which is attached as Exhibit 2.1 and incorporated herein by reference.

The Agreement has been filed as an exhibit to this current report to provide investors and security holders with more complete information regarding its terms. It is not intended to provide any other factual information about Midstates, Midstates Sub or the Sellers. The representations, warranties and covenants contained in the Agreement were made only for purposes of the Agreement and as of specific dates, were solely for the benefit of the parties to the Agreement, and may be subject to limitations agreed upon by the contracting parties, including being qualified by confidential disclosures exchanged between the parties in connection with the execution of the Agreement. The representations and warranties may have been made for the purposes of allocating contractual risk between the parties to the Agreement instead of establishing these matters as facts, and may be subject to standards of materiality applicable to the contracting parties that differ from those applicable to investors. Investors are not third-party beneficiaries under the Agreement and should not rely on the representations, warranties and covenants or any descriptions thereof as characterizations of the actual state of facts or condition of Midstates, Midstates Sub or the Sellers or any of their respective subsidiaries or affiliates. Moreover, information concerning the subject matter of the representations and warranties may change after the date of the Agreement, which subsequent information may or may not be fully reflected in the public disclosures of Midstates.

In connection with the execution of the Agreement, on April 3, 2013, Midstates and Midstates Sub entered into a commitment letter with Morgan Stanley Senior Funding, Inc., SunTrust Bank and SunTrust Robinson Humphrey, Inc. to, among other things, (1) provide for an unsecured bridge credit facility in the amount of up to \$620 million and (2) provide a commitment to amend, amend and restate, or refinance and replace the existing secured revolving credit facility (the Amended Revolving Credit Facility) to increase the borrowing base to \$425 million and to accommodate, among other things, the issuance, incurrence and/or compliance with the terms of the bridge loans and other debt securities that may be issued or loans that may be incurred in lieu of, or in connection with the replacement of, the bridge loans, including senior unsecured notes. The availability of loans under the bridge credit facility and the effectiveness of the Amended Revolving Credit Facility are subject to the consummation of the Transaction and other customary conditions. The proceeds of the bridge credit facility may be used solely to fund the Transaction, to pay transaction costs and expenses in connection therewith or repay outstanding debt under the existing secured revolving credit facility. If entered into, the bridge credit facility will initially bear interest at LIBOR, subject to a 1.50% floor, plus either 7.50% or 8.00% (based

Edgar Filing: Midstates Petroleum Company, Inc. - Form 8-K

on the indicative rating(s) received in respect of the bridge facility or senior unsecured notes) and thereafter such margin is subject to increases. The bridge credit facility matures on the first anniversary of the closing date of the Transaction and

contains customary terms regarding the conversion of the bridge loans into other debt instruments subject to certain caps on yield, the highest of which is set at 11.50%. The obligations under the bridge credit facility would be guaranteed by the same entities that guaranty the existing secured revolving credit facility. If entered into, the Amended Revolving Credit Facility would mature on the fifth anniversary of the entrance into the facility and the aggregate amount available under the credit facility would increase to \$425 million, subject to reduction in the event that the amount of assets acquired in connection with the Transaction is less than expected. In addition, it would increase the allowance for the incurrence of certain unsecured indebtedness, without a corresponding reduction in the borrowing base, by \$650 million thereby permitting the incurrence of the bridge loans or the issuance of other debt without causing a \$0.25 reduction in the borrowing base for every \$1 of such debt incurred or issued. The definitive loan documentation for the bridge loan facility will contain representations and warranties, affirmative, negative and financial covenants and events of default similar to those in other similar transactions and will otherwise be similar to the terms set forth in the existing secured revolving credit facility. The definitive loan documentation for the Amended Revolving Credit Facility will contain representations and warranties, affirmative, negative and financial covenants and events of default similar to the terms set forth in the existing secured revolving credit facility and which address the above mentioned accommodations and allowances.
