Item 1.01. Entry into a Material Definitive Agreement

On June 8, 2015, Iron Mountain Incorporated, or the Company, entered into a Scheme Implementation Deed (the Agreement) with Recall Holdings Limited, or Recall, to acquire 100% of the issued share capital of Recall (the Transaction). The Transaction will be implemented by way of a recommended court approved Scheme of Arrangement (the Scheme), pursuant to which, at the closing of the Transaction, Recall shareholders would be entitled to receive 0.1722 of a share of the Company's common stock and the Australian dollar equivalent of US\$0.50 in cash per each Recall share as of the record date for the Transaction. Alternatively, Recall shareholders would have the option to elect to receive a cash alternative of AU\$8.50 per Recall share in cash, subject to a pro-ration mechanism that would cap the total amount of cash consideration to be paid to Recall shareholders at AU\$225 million.

Completion of the Scheme is subject to customary closing conditions, including, among others: (i) approval by Recall shareholders of the Scheme by the requisite majorities under the Australian Corporations Act, (ii) approval by Iron Mountain shareholders of the issuance of new shares of Iron Mountain common stock in connection with the Transaction by the requisite majority, (iii) expiration or earlier termination of any applicable waiting period and receipt of regulatory consents, approvals and clearances, in each case, under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended, and under relevant antitrust/competition and foreign investment legislation in other relevant jurisdictions, (iv) the absence of any final and non-appealable order, decree or law preventing, making illegal or prohibiting the completion of the Transaction, (v) approval from the New York Stock Exchange to the listing of additional shares of Iron Mountain common stock to be issued in the Transaction, (vi) Recall's delivery of tax opinions in accordance and in compliance with certain tax matter agreements to which Recall is a party and (vii) no events having occurred that would have a material adverse effect on Recall or Iron Mountain.

The Agreement also contains customary representations, warranties and covenants of both Recall and Iron Mountain, including, among others, covenants providing for each of the parties and their subsidiaries to conduct their respective businesses from the date of the Agreement to the closing of the Transaction in the ordinary course of business.

Both Iron Mountain and Recall have agreed not to (i) directly or indirectly solicit or invite enquiries, discussions or proposals in relation to, or which may reasonably be expected to lead to a competing transaction or (ii) directly or indirectly participate in discussions or provide any information to any third-party which may reasonably be expected to lead to a competing transaction, subject to certain limited exceptions to allow each party's board of directors to comply with its fiduciary duties to its respective shareholders. Notwithstanding these provisions, the Agreement contains provisions allowing both Iron Mountain's and Recall's board to change their respective recommendation in response to, among other things, a competing transaction that constitutes a superior proposal.

Each party has agreed to use reasonable efforts to cause the Scheme to be consummated and to obtain required antitrust/competition approvals as soon as practicable. Additionally, to the extent required to obtain such approvals, Iron Mountain has agreed to offer, negotiate and agree to divestitures and/or similar restraints with respect to Iron Mountain's or Recall's businesses, services or assets, except that Iron Mountain will not be required to agree to a divestiture or similar restraint with respect to assets of the Iron Mountain's or Recall's records management businesses in the United States and Canada that, in the aggregate, generated more than US\$30 million in revenues during the twelve month period prior to the date of the Agreement.

The Agreement contains certain termination rights for both Recall and Iron Mountain, including if the Scheme is not implemented on or before June 8, 2016, subject to extension as set forth in the Agreement. The Agreement provides that Iron Mountain will pay a termination fee in an amount in cash equal to (A) AU\$76,500,000 in the event that any antitrust/competition approval condition is not satisfied or waived and all other conditions (other than final Court approval) are satisfied or waived and (B) AU\$25,500,000 if, among other things, Iron Mountain terminates the Agreement to enter into a superior proposal. The Agreement also provides that Recall will pay a termination fee in an amount in cash equal to AU\$25,500,000 if, among other things, Recall terminates the Agreement to enter into a superior proposal and to reimburse Iron Mountain's

expenses up to US\$5,000,000 if the Agreement is terminated prior to the Recall shareholder meeting to approve the Scheme in response to the Recall Board changing its recommendation as a result of the independent expert opining that the Transaction is not in the best interests of Recall shareholders.

The Agreement also contemplates that two of Recall's current directors shall be appointed to the Iron Mountain Board, effective as of the closing of the Transaction and Iron Mountain shall nominate such designees for election at the first Iron Mountain annual meeting following closing of the Transaction.

The Scheme is anticipated to close by the first quarter of 2016.

The foregoing description of the Agreement does not purport to be complete and is qualified in its entirety by reference to the Agreement, a copy of which is being filed as Exhibit 2.1 hereto and is incorporated herein by reference.
