Item 1.01 Entry into a Material Definitive Agreement.

On September 29, 2015, Kosmos Energy Ventures (Kosmos Ventures), a subsidiary of Kosmos Energy Ltd. (the Company), entered into Amendment No. 6 to the deepwater drilling unit contract agreement dated June 9, 2013 (the Rig Agreement), between Kosmos Ventures and a subsidiary of Atwood Oceanics. The Rig Agreement allowed for operation of a new build, 6th generation, ultra-deepwater, dynamically positioned drillship, which commenced drilling operations offshore Northwest Africa during the fourth quarter of 2014.

Amendment No. 6 becomes effective on October 1, 2015 and provides for a one-year extension of the Rig Agreement to November 12, 2018 and reduces the operating day rate to approximately \$495,000, plus applicable taxes. Kosmos Ventures also has an option, exercisable at any time before October 1, 2016, to revert to the original operating day rate and original agreement end date. If such option is exercised, Kosmos Ventures must make a scheduled rate recovery payment that would account for the difference in day rate, taxes and administrative costs during the period the reduced day rate was effective.

A copy of Amendment No. 6 to the Rig Agreement is contained in Exhibit 1.1 hereto, which exhibit is incorporated by reference into this Item 1.01. The above description is qualified in its entirety by reference to such exhibit.
