#### HILL INTERNATIONAL, INC. AND SUBSIDIARIES

#### **Notes to Consolidated Financial Statements**

(Unaudited)

#### Note 1 Restatement and Revision of Previously Reported Consolidated Financial Statements

Due to the civil and political unrest which commenced in Libya in February 2011, the Company suspended its operations in and demobilized substantially all of its personnel from Libya. At December 31, 2012, the Libya Receivable was approximately \$59,937,000, however, because of the political instability and economic uncertainty within Libya and because a promised payment of \$31,600,000 in 2011 never materialized, the Company determined that its previous accounting treatment for the Libya Receivable was no longer appropriate as of and for the year ended December 31, 2012. The Company has established a reserve against the entire Libya Receivable amounting to \$59,937,000 and eliminated \$11,388,000 of certain assets and net liabilities related to that receivable, consisting of sub-consultants and other contingent expenses in 2012, which are contractually owed only upon receipt of payment. These adjustments resulted in a net charge to selling, general and administrative expenses of \$48,549,000 for the year ended December 31, 2012. We received approximately \$2,880,000 and \$6,631,000 in 2013 and 2014, respectively and have paid agency fees and certain taxes amounting to \$640,000 and \$1,638,000 in 2013 and 2014, respectively. We have accounted for these transactions as a net reduction of selling, general and administrative expenses of \$2,240,000 and \$4,948,000 in 2013 and 2014, respectively. In addition the Company recorded certain unrelated adjustments to consulting fee revenue, cost of services, selling, general and administrative expenses and income taxes for the year ended December 31, 2014 which also affected the three-month period ended March 31, 2015. In the aggregate, these unrelated adjustments decreased the net earnings by approximately \$307,000 for the nine months ended September 30, 2015. These unrelated adjustments were the direct result of the restatement because previous immaterial variances in certain accounts that were not recorded during the December 31, 2014 year end closing process became material when aggregated and assessed against the restated 2014 financial statements. The impact of correcting the misstatement on the Company s consolidated statements of earnings, comprehensive (loss) earnings and cash flows for the period ended September 30, 2014 is as follows:

#### Note 3 Basis of Presentation and Significant Accounting Policy

#### Basis of Presentation

The accompanying unaudited interim consolidated financial statements were prepared in accordance with the rules and regulations of the Securities and Exchange Commission pertaining to reports on Form 10-Q and should be read in conjunction with the consolidated financial statements and accompanying notes included in the Company s Annual Report on Form 10-K/A for the year ended December 31, 2014. Accordingly, they do not include all of the information and footnotes required by accounting principles generally accepted in the United States ( GAAP ) for complete financial statements. In the opinion of management, these statements include all adjustments (consisting only of normal, recurring adjustments) necessary for a fair presentation of the consolidated financial statements. The consolidated financial statements include the accounts of Hill and its wholly- and majority-owned subsidiaries. All intercompany balances and transactions have been eliminated in consolidation.

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. The interim operating results are not necessarily indicative of the results for a full year.

#### Fair Value Measurements

Fair value is the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining fair value, the Company considers the principal or most advantageous market in which it would transact, and the Company considers assumptions that market participants would use when pricing the asset or liability. It measures certain financial and nonfinancial assets and liabilities at fair value on a recurring and nonrecurring basis.

Nonfinancial assets and liabilities include items such as goodwill and long lived assets that are measured at fair value resulting from impairment, if deemed necessary. During the nine months ended September 30, 2015 and 2014, the Company did not record any fair value adjustments to those financial and nonfinancial assets and liabilities measured at fair value on a recurring or nonrecurring basis.

#### Note 4 Acquisitions

Our recent acquisition activity is detailed below. The Company s consolidated financial statements include the operating results of these businesses from their respective dates of acquisition. Pro forma results of operations have not been presented because they are not material to the Company s consolidated results of operations, either individually or in the aggregate.

The Company has open but inactive contracts with the Libyan Organization for the Development of Administrative Centres (ODAC). Due to the civil unrest which commenced in Libya in February 2011, the Company suspended its operations in and demobilized substantially all of its personnel from Libya. At December 31, 2012, the balance of the Libya Receivable was approximately \$59,937,000. Because of the continuing political instability in Libya, the Company established a reserve for the full amount of the receivable at December 31, 2012. During 2013, the Company received payments on the Libya Receivable of approximately \$2,880,000. In the first quarter of 2014, the Company received an additional payment of approximately \$6,631,000 against the Libya Receivable which has been reflected as a reduction of selling, general and administrative (SG&A) expenses for the nine-months ended September 30, 2014. #### Note 7 Goodwill

The Company performs its annual goodwill impairment testing, by reporting unit, in the third quarter, or more frequently if events or changes in circumstances indicate that goodwill may be impaired. Application of the goodwill impairment test requires significant judgments including estimation of future cash flows, which is dependent on internal forecasts, estimation of the long-term rate of growth for the businesses, the useful life over which cash flows will occur, and determination of the Company s weighted average cost of capital. Changes in these estimates and assumptions could materially affect the determination of fair value and/or conclusions on goodwill impairment for each reporting unit. The Company performed its annual impairment test effective July 1, 2015. Based on a preliminary valuation, the fair value of the Project Management unit and the Construction Claims unit significantly exceeded their carrying.

The following table summarizes the changes in the Company s carrying value of goodwill during 2015 (in thousands):

#### Refinancing

Effective as of September 26, 2014 (the Closing Date ), the Company, entered into a credit agreement with Société Générale, as administrative agent (the Agent ) and collateral agent, TD Bank, N.A., as syndication agent and HSBC Bank USA, N.A., as documentation agent, (collectively, the U.S. Lenders ) consisting of a term loan facility of \$120,000,000 (the Term Loan Facility ) and a \$30,000,000 U.S. dollar-denominated facility available to the Company (the U.S. Revolver, together with the Term Loan Facility, the U.S. Credit Facilities ) and a credit agreement with the Agent, as administrative agent and collateral agent, (the International Lender ) providing a facility of approximately 11,765,000 (\$15,000,000 at the closing date and \$13,240,000 at September 30, 2015) which is available to the Subsidiary (the International Revolver and together with the U.S. Revolver, the Revolving Credit Facilities and, together with the U.S. Credit Facilities, the Secured Credit Facilities ). The U.S. Revolver and the International Revolver include sub-limits for letters of credit amounting to \$25,000,000 and 8,000,000, respectively.

The Secured Credit Facilities contain customary default provisions, representations and warranties, and affirmative and negative covenants, and require the Company to comply with certain financial and reporting covenants (see Note 19). The financial covenants consist of a Maximum Consolidated Net Leverage Ratio and an Excess Account Concentration requirement. The Consolidated Net Leverage Ratio is the ratio of (a) consolidated total debt (minus cash of up to \$10,000,000 held in the aggregate) to consolidated earnings before interest, taxes, depreciation, amortization and share-based compensation for the trailing twelve months. The Excess Account Concentration covenant permits the U.S. Lenders and the International Lender to increase the interest rates by 2.0% if, as of the last day of any fiscal quarter, either (a) the total of accounts receivable from all clients within any country not listed as a Permitted Country as defined in the Secured Credit Facilities (other than the United Arab Emirates) that are more than 120 days old (relative to the invoice date) constitute more than 10% of the total outstanding accounts receivable or (b) accounts receivable from any individual client located in the United Arab Emirates that are more than 120 days old (relative to the invoice date) constitute more than 120 days old (relative to the invoice date) constitute more than 14% of the total outstanding accounts receivable; provided that, in each case, the accounts receivable due from clients located in Libya that exist as of the Closing Date shall be excluded for all purposes of this covenant. The interest rate will be reset as soon as the accounts receivable over 120 days decline below the 10% or 14% levels. At September 30, 2015, non-permitted accounts receivable did not exceed the limits set forth above.

The following compares the Maximum Consolidated Net Leverage Ratio to the actual consolidated net leverage ratio at September 30, 2015:

Not to exceed	Actual
3.25 to 1.00	3.03 to 1.00

The U.S. Credit Facilities are guaranteed by certain U.S. subsidiaries of the Company, and the International Revolver is guaranteed by the Company and certain of the Company s U.S. and non-U.S. subsidiaries.

#### **Term Loan Facility**

The interest rate on the Term Loan Facility will be, at the Company s option, either:

- the London Inter-Bank Offered Rate ( LIBOR ) for the relevant interest period plus 6.75% per annum, provided that such LIBOR shall not be lower than 1.00% per annum; or
- the Base Rate (as described below) plus 5.75% per annum.

The Base Rate is a per annum rate equal to the highest of (A) the prime rate, (B) the federal funds effective rate plus 0.50%, or (C) the LIBOR for an interest period of one month plus 1.0% per annum. Upon a default, the applicable rate of interest under the Secured Credit Facilities may increase by 2.0%. The LIBOR on the Term Loan Facilities (including when determining the Base Rate) shall in no event be less than 1.0% per annum.

The Company has the right to prepay the Term Loan Facility in full or in part at any time without premium or penalty. The Company is required to make mandatory prepayments of the Term Loan Facility, without premium or penalty, (i) with net proceeds of any issuance or incurrence of indebtedness (other than that permitted under the Term Loan Facility)

by the Company, (ii) with net proceeds from certain asset sales outside the ordinary course of business, and (iii) with 50% of the excess cash flow (as defined in the agreement) for each fiscal year of the Borrowers commencing with the year ending December 31, 2015 (which percentage would be reduced to 25% if the Consolidated Net Leverage Ratio is equal to or less than 2.25 to 1.00 or reduced to 0% if the Consolidated Net Leverage Ratio is equal to or less than 1.50 to 1.00).

The Term Loan Facility is generally secured by a first-priority security interest in substantially all assets of the Company and certain of the Company s U.S. subsidiaries other than accounts receivable, cash proceeds thereof and certain bank accounts, as to which the Term Loan Facility is secured by a second-priority security interest.

The Term Loan Facility has a term of six years, requires repayment of 0.25% of the original principal amount on a quarterly basis through September 30, 2020, the maturity date. Any amounts repaid on the Term Loan Facility will not be available to be re-borrowed.

The Company incurred fees and expenses related to the Term Loan Facility aggregating \$7,066,000 which were deferred. The deferred fees are being amortized on a straight-line basis, which approximates the effective interest method, to interest and related financing fees, net over a six-year period which ends on September 30, 2020. Unamortized balances of \$5,888,000 and \$6,772,000 are included in other assets in the consolidated balance sheets at September 30, 2015 and December 31, 2014, respectively.

#### **Revolving Credit Facilities**

The interest rate on borrowings under the International Revolver will be the European Inter-Bank Offered Rate, or EURIBOR, for the relevant interest period (or at a substitute rate to be determined to the extent EURIBOR is not available) plus 4.00% per annum.

The Company will pay a commitment fee calculated at 0.50% annually on the average daily unused portion of the U.S. Revolver, and the Subsidiary will pay a commitment fee calculated at 0.75% annually on the average daily unused portion of the International Revolver.

The ability to borrow under each of the U.S. Revolver and the International Revolver is subject to a borrowing base, calculated using a formula based upon approximately 85% of receivables that meet or satisfy certain criteria (Eligible Receivables) and that are subject to a perfected security interest held by either the U.S. Lenders or the International Lender, plus, in the case of the International Revolver only, 10% of Eligible Receivables that are not subject to a perfected security interest held by the International Lender, subject to certain exceptions and restrictions.

The Company or the Subsidiary, as applicable, will be required to make mandatory prepayments under their respective Revolving Credit Facilities to the extent that the aggregate outstanding amount thereunder exceeds the then-applicable borrowing base, which payments will be made without penalty or premium. At September 30, 2015, the domestic borrowing base was \$30,000,000 and the international borrowing base was \$11,795,000 (approximately \$13,240,000 at September 30, 2015).

Generally, the obligations of the Company under the U.S. Revolver are secured by a first-priority security interest in the above-referenced accounts receivable, cash proceeds and bank accounts of the Company and certain of the Company s U.S. subsidiaries, and a second-priority security interest in substantially all other assets of the Company and such subsidiaries. The obligations of the Subsidiary under the International Revolver would generally be secured by a first-priority security interest in substantially all accounts receivable, cash proceeds thereof and certain bank accounts of the Subsidiary and certain of the Company s non-U.S. subsidiaries, and a second-priority security interest in substantially all other assets of the Company and certain of the Company s U.S. and non-U.S. subsidiaries.

The Revolving Credit Facilities have a term of five years and require payment of interest only during the term. Under the Revolving Credit Facilities, outstanding loans may be repaid in whole or in part at any time, without premium or penalty,

The deferred fees are being amortized on a straight-line basis, which approximates the effective interest method, to interest expense and related financing fees, net over a five-year period which ends on September 30, 2019. Unamortized balances of \$2,400,000 and \$2,850,000 are included in other assets in the consolidated balance sheet at September 30, 2015 and December 31, 2014, respectively.

#### Note 11 Earnings per Share

Basic earnings per common share has been computed using the weighted-average number of shares of common stock outstanding during the period. Diluted loss per common share incorporates the incremental shares issuable upon the assumed exercise of stock options, if dilutive. Dilutive stock options increased the average common shares outstanding by approximately 684,000 shares for the three months ended September 30, 2015 and by approximately 613,000 shares for the nine months ended September 30, 2015. Options to purchase 3,208,000 shares and 3,773,000 shares were excluded from the calculation of diluted earnings per common share for the three- and nine-month periods ended September 30, 2015 because they were antidilutive. Dilutive stock options increased the average common shares outstanding by approximately 144,000 shares for the three months ended September 30, 2014 and by approximately 186,000 shares for the nine months ended September 30, 2014. Options to purchase 7,437,000 shares and 7,460,000 shares were excluded from the

calculation of diluted (loss) earnings per common share for the three- and nine-month periods ended September 30, 2014 because they were antidilutive.
