**Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.**

On November 13, 2017, Iron Mountain (UK) PLC, or the Issuer, a wholly owned subsidiary of Iron Mountain Incorporated, or the Company, completed a private offering of £400.0 million in aggregate principal amount of 3.875% GBP Senior Notes due 2025, or the Notes. The Notes were sold at 100.000% of par. The net proceeds from the offering were approximately £394.1 million, after deducting discounts to the initial purchasers and estimated offering expenses. On November 15, 2017, the net proceeds from the offering of the Notes, together with borrowings under the Company's revolving credit facility, were used to fund the redemption of all of the outstanding £400.0 million in aggregate principal amount of the 6.125% GBP Senior Notes due 2022 of Iron Mountain Europe PLC, a wholly owned subsidiary of the Company.

The Notes were offered and sold only to qualified institutional buyers pursuant to Rule 144A under the Securities Act of 1933, as amended, or the Securities Act, and outside the United States pursuant to Regulation S under the Securities Act. The Notes have not been registered under the Securities Act or under any state securities law, and may not be offered or sold in the United States absent registration or an applicable exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable state securities laws.

The Notes were issued under a Senior Indenture, dated as of November 13, 2017, or the Indenture, by and among the Issuer, the Company, the Subsidiary Guarantors (as defined below), Wells Fargo Bank, National Association, as trustee, and Société Générale Bank & Trust, as paying agent, registrar and transfer agent.

The Issuer will pay 3.875% interest per annum on the principal amount of the Notes, payable semi-annually on May 15 and November 15 of each year. Interest will accrue on the Notes from November 13, 2017, and the first interest payment date will be May 15, 2018. The Notes will mature on November 15, 2025, unless earlier redeemed or repurchased in accordance with the terms set forth in the Indenture.

The Notes are jointly and severally guaranteed on an unsecured senior basis by the Company and the Company's direct and indirect wholly owned U.S. subsidiaries that represent the substantial majority of its U.S. operations, or the Subsidiary Guarantors. The Notes and the guarantees will be the Issuer's, the Company's and the Subsidiary Guarantors' general unsecured senior obligations, will be pari passu in right of payment with all of the Issuer's, the Company's and the Subsidiary Guarantors' existing and future senior debt and will rank senior in right of payment to all of the Issuer's, the Company's and the Subsidiary Guarantors' existing and future subordinated debt. The Notes and the guarantees are effectively subordinated to the Issuer's, the Company's and the Subsidiary Guarantors' secured indebtedness to the extent of the value of the collateral securing such indebtedness and structurally subordinated to all liabilities of the Company's subsidiaries that do not guarantee the Notes.

Prior to November 15, 2020, the Issuer may, at its option, redeem all or a portion of the Notes at the make-whole price set forth in the Indenture. Prior to November 15, 2020, the Issuer may, at its option, redeem the Notes with the net proceeds of certain of the Company's equity offerings at the redemption price set forth in the Indenture so long as at least 60% of the aggregate principal amount of the Notes (originally issued) remains outstanding immediately afterwards. The Issuer has the option to redeem all or a portion of the Notes at any time on or after November 15, 2020 at the redemption prices set forth in the Indenture. Upon the sale of certain assets or upon certain changes of control, the Issuer, the Company or a Restricted Subsidiary (as defined in the Indenture), as applicable, may be required to offer to repurchase the Notes under the terms set forth in the Indenture.

## Edgar Filing: IRON MOUNTAIN INC - Form 8-K

The Indenture provides for customary events of default which could cause, or permit, the acceleration of the Notes and which are similar to those applicable to the Company's currently outstanding senior notes. Under the terms of the Indenture, the Company and certain of its subsidiaries, including the Issuer, are also subject to covenants and restrictions which are generally similar to those applicable to the Company's currently outstanding senior notes.

This brief description of the Notes is qualified in its entirety by reference to the Indenture, attached hereto as Exhibit 4.1, which is incorporated herein by reference.

This Current Report on Form 8-K shall not constitute an offer to sell or the solicitation of an offer to buy securities, nor shall there be any sale of these securities in any state or other jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such state or jurisdiction.
