That fund holds units consisting of PG&E Corporation common stock and a small short-term investments component. The number of shares is computed by dividing the value of the units by the daily closing price. Dividends are automatically invested in additional units at the election of the participant. These holdings have been trued up to conform to the RSP balance as of March 6, 2009, and reflect the acquisition of approximately 3.91 shares on January 15, 2009 due to dividend reinvestment.
