Dear Stockholder:

The purpose of this information statement is to inform the holders of record of shares of our common stock as of the close of business on the record date, January 16, 2005 that our board of directors has recommended, and that the holder of the majority of our capital stock intends to vote on January 26, 2005 in favor of a resolution which will grant authority to our board of directors to implement a forward stock split of our common stock on the basis of three shares for each one share to occur on January 31, 2005.

We have a consenting stockholder, David Chin, our President and Director, who holds 9,097,373 shares of our common stock. Each share of our common stock is entitled to one vote on all matters brought before the stockholders. Mr. Chin will vote in favor of the proposed authority to the board with respect to the stock split. Mr. Chin will have the power to pass the proposed corporate actions without the concurrence of any of our other stockholders.

Proxies are not being solicited because a stockholder holding a majority of the issued and outstanding voting common stock of the Company holds enough shares to effect the proposed actions and has indicated his intention to vote in favor of the proposals contained herein.

**INFORMATION STATEMENT**

**WE ARE NOT ASKING YOU FOR A PROXY AND YOU ARE REQUESTED NOT TO SEND US A PROXY.**

**General Information**

This information statement is furnished to the holders of record at the close of business on January 16, 2005, the record date, of the outstanding common stock of US Biodefense, Inc., pursuant to Rule 14c-2 promulgated under the Securities Exchange Act of 1934, as amended, in connection with an action which the holder of the majority of the votes of our stock intends to take on January 26, 2005 to grant authority to our board of directors to implement a forward stock split of our common stock on the basis of three shares for each one share to occur on January 31, 2005

**Dissenters' Right of Appraisal**

The Utah Revised Business Corporation Act does not provide for shareholders' rights of dissenter with regard to the heretofore proposed actions.

**Voting Securities**

In accordance with our bylaws, our board of directors has fixed the close of business on January 16, 2005 as the record date for determining the stockholders entitled to notice of the above noted action. The approval of the discretionary authority with respect to the forward stock split require the affirmative vote of a majority of the shares of our common stock issued and outstanding at the time the vote is taken. The quorum necessary to conduct business of the stockholders consists of a majority of the common stock issued and outstanding as of the record date.

As of the record date, 10,101,349 shares of our common stock were issued and outstanding. We have a consenting stockholder, Mr. David Chin, our President and Director, who holds 9,097,373 shares of our common stock. Each share of our common stock is entitled to one vote on all matters brought before the stockholders. Therefore, Mr. Chin will have the power to vote 9,097,373 shares of the common stock, which number exceeds the majority of the 10,101,349 issued and outstanding shares of our common stock on the record date.

Mr. Chin will vote in favor of the proposed grant of authority to the board with respect to the forward stock split. Mr. Chin will have the power to pass the proposed corporate actions without the concurrence of any of our other stockholders.

### **PROPOSAL I**

#### **GRANT OF AUTHORITY TO THE BOARD OF DIRECTORS TO IMPLEMENT A THREE FOR ONE FORWARD STOCK SPLIT**

Our board of directors has adopted a resolution to seek stockholder approval for authority to our board of directors to implement a forward split for the purpose of decreasing the market price of our common stock. The forward split exchange ratio that the board of directors approved and deemed advisable and for which it is seeking stockholder approval is three post-split shares for each one pre-split share, with the forward split to occur as of January 31, 2005.

If you approve the grant of authority to our board of directors to implement a forward split, we will effect a forward split of our then issued and outstanding common stock on the basis of three post-split shares for each one pre-split share.

---

The board of directors believes that the lower share price that might initially result from the forward stock split could help generate interest in US Biodefense, Inc. among investors and thereby assist us in creating a more liquid market for our shareholders.

Stockholders should note that the effect of the forward split upon the market price for our common stock cannot be accurately predicted. In particular, there is no assurance that prices for shares of our common stock after the split will not be less than 1/3 the current market price for our shares of common stock immediately prior to the split. Furthermore, there can be no assurance that the market price of our common stock immediately after the split will be maintained for any period of time. Moreover, because some investors may view the forward split negatively, there can be no assurance that the split will not adversely impact the market price of our common stock or, alternatively, that the market price following the split will either exceed or remain in excess of the current market price.

### **Effect of the Split**

The forward split would not affect the registration of our common stock under the Securities Exchange Act of 1934, as amended, nor will it change our periodic reporting and other obligations thereunder.

The voting and other rights of the holders of our common stock would not be affected by the split (other than as a result of the payment of cash in lieu of fractional shares as described below). For example, a holder of 0.5 percent of the voting power of the outstanding shares of our common stock immediately prior to the split would continue to hold 0.5 percent of the voting power of the outstanding shares of our common stock after the split. The number of stockholders of record would not be affected by the split.

The number of shares of our common stock issued and outstanding would be increased following the effective time of the split in accordance with the ratio of three post-split shares for each one pre-split share held by the shareholders. Thus, if you hold 1,000 shares of our common stock, you will automatically receive 3,000 shares of our common stock.

The authorized number of shares of our common stock and the par value of our common stock under our articles of incorporation would remain the same following the effective time of the split. We are authorized to issued up to 100,000,000 shares of common stock, of which 10,101,349 shares are currently issued and outstanding. After the forward split, we will have 30,304,047 shares of common stock issued and outstanding, thereby reducing the total number of authorized shares we will have available for future issuances. The issuance in the future of such additional authorized shares may have the effect of diluting the earnings per share and book value per share, as well as the stock ownership and voting rights, of the currently outstanding shares of our common stock. Although we do not intend to issue any further shares of our common stock at this time, should be decide to do so, we may be required to authorize additional shares of stock for issuance.

**Effective Date**

If the proposed reverse split is approved, the split would become effective as of 5:00 p.m. Pacific Standard Time on January 31, 2005. On such date, all shares of our common stock that were issued and outstanding immediately prior thereto will be, automatically and without any action on the part of the stockholders, converted into new shares of our common stock in accordance with the three for one exchange ratio.

**Vote Required**

The affirmative vote of a majority of the total number of shares of our issued and outstanding capital stock is required to approve the grant of authority to our directors to implement the forward stock split.

The board of directors recommends a vote FOR approval of the grant of authority to our directors to implement the forward stock split.
