PROXY STATEMENT

INTRODUCTION

This Proxy Statement and the accompanying proxy card are furnished to the stockholders of Schweitzer-Mauduit International, Inc., a Delaware corporation, referred to as either the Company or SWM, in connection with the solicitation of proxies by the Board of Directors of the Company for use at the 2011 Annual Meeting of Stockholders (Annual Meeting). The Company intends to mail this Proxy Statement and proxy card, together with the 2010 Annual Report to Stockholders, on or about March 10, 2011.

GENERAL INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

Date, Time, and Place of Meeting

The Annual Meeting will be held on April 28, 2011, at 11:00 a.m. Eastern Standard Time, at our corporate headquarters located at 100 North Point Center East, Suite 600, Alpharetta, Georgia 30022 and at any adjournment thereof.

How Can You Vote

You can vote by completing, signing, dating, and mailing the enclosed proxy card in the envelope provided. Cards received in time for the meeting will be voted as instructed.

If your shares are held in "street name" (through a broker, bank or other nominee), you may receive a separate voting instruction form with this proxy statement or you may need to contact your broker, bank or other nominee to determine whether you will be able to vote electronically by using the internet or by telephone.

If your vote is received before the Annual Meeting the named proxies will vote your shares as you direct.

For Proposal One – Election of Directors, you may:

§	Vote FOR both nominees
§	WITHHOLD your vote from both nominees
§	WITHHOLD your vote from one of the nominees you designate

For Proposal Two – Ratification of the Selection of Independent Registered Public Accounting Firm and Proposal Three – Executive Compensation Advisory Vote, you may:

§	Vote FOR the proposal;
§	Vote AGAINST the proposal; or
§	ABSTAIN from voting on the proposal

Table of Contents

For Proposal Four – Advisory Vote on the Frequency of Executive Compensation Advisory Vote, you may:

- § Vote for a frequency of every THREE years, every TWO years or EVERY year;
- § or you may ABSTAIN from voting on the proposal

HOW DOES THE BOARD RECOMMEND THAT I VOTE

The Board of Directors unanimously recommends that you vote:

- § FOR both nominees for election to the Board of Directors in Proposal One – Election of Directors;
- § FOR Proposal Two – Ratification of the Selection of Independent Registered Public Accounting Firm;
- § FOR Proposal Three – Executive Compensation Advisory Vote; and
- § FOR a frequency of EVERY YEAR on Proposal Four – Advisory Vote on the Frequency of Executive Compensation Advisory Vote

Quorum Requirement

Pursuant to Section 216 of the Delaware General Corporation Law and the Company’s By-Laws, a quorum for the Annual Meeting will be a majority of the issued and outstanding shares of the Company’s Common Stock, present in person or represented by proxy.

What If I Don’t Vote

Voting is an important shareholder right and we encourage you to do so. It is also important that you vote to establish a quorum for the conduct of business.

Under the New York Stock Exchange, or NYSE rules, if your shares are held in “street name” and you do not indicate how you wish to vote, your broker is permitted to exercise its discretion to vote your shares only on certain “routine” matters. Proposal One, Election of Directors; Proposal Three, Executive Compensation Advisory Vote; and Proposal Four, Advisory Vote on Frequency of Executive Compensation Advisory Vote are not “routine” matters. Accordingly, if you do not direct your broker how to vote, your broker may not exercise discretionary voting authority and may not vote your shares. This is called a “broker non-vote” and although your shares will be considered to be represented by proxy at the Annual Meeting, as previously discussed above under “Quorum Requirements,” they are not considered to be shares “entitled to vote” at the Annual Meeting and will not be counted as having been voted on the applicable proposal. Proposal Two, Ratification of the Selection of Independent Registered Public Accounting Firm is a “routine” matter and, as such, your broker is permitted to exercise discretionary voting authority to vote your shares “For” or “Against” the proposal in the absence of your instruction. Proxies marked “Withheld” on Proposal One – Election of Directors or “Abstain” on Proposal Two –Ratification of Selection of Independent Registered Public Accounting Firm or Proposal Three – Executive Compensation Advisory Vote will be counted in determining the total number of shares “entitled to vote” on such proposal and will have the effect of a vote “Against” a director or a proposal. If you “Abstain” from voting on Proposal Four – Advisory Vote on Frequency of Executive Compensation Advisory Vote, the abstention will not have an effect on the outcome of the vote.

Table of Contents

Vote Required

Proposal One: Election of Directors will be decided by a plurality of shares of SWM's Common Stock as of the record date present in person or represented by proxy and entitled to vote on the election of directors. A "plurality" for Proposal One means the individuals who receive the greatest number of votes cast "For" are elected as directors. Votes may be cast in favor of or withheld from each nominee; votes that are withheld will be excluded entirely from the vote and will have no effect.

Proposal Two: Ratification of the Selection of Independent Registered Public Accounting Firm will be decided by the affirmative vote of a majority of shares present in person or represented by proxy and entitled to vote on the subject matter.

Proposal Three: Executive Compensation Advisory Vote will be decided by the affirmative vote of a majority of shares present in person or represented by proxy and entitled to vote on the subject matter. This is a non-binding advisory vote; however, the Compensation Committee and the Board of Directors expect to take into account the outcome of the vote when considering future executive compensation actions.

Proposal Four: Advisory Vote on the Frequency of Executive Compensation Advisory Vote shall be decided by the affirmative vote of a plurality of shares of SWM Common Stock as of the record date present in person or represented by proxy and entitled to vote. A "plurality" for Proposal Four means the choice of frequency that receives the greatest number of votes cast will be considered the preference of our shareholders. This is a non-binding advisory vote; however, our Compensation Committee and Board of Directors expect to take into account the outcome of the vote when considering the frequency of future executive compensation advisory votes.

How Can I Change My Vote

Any proxy may be revoked by the stockholder granting it at any time before it is voted by delivering to the Secretary of the Company another signed proxy card, or a signed document revoking the earlier proxy or by attending the meeting and voting in person.

Who Can Vote

Each stockholder of record at the close of business on February 24, 2011 will be entitled to 1 vote for each share registered in such stockholder's name. Proxies cannot be voted for a greater number of persons than the number of nominees named in this Proxy Statement. As of February 24, 2011, there were 17,539,352 shares outstanding of the Company's Common Stock, par value \$0.10 per share (the "Common Stock").

Table of Contents

Participants in the Company's Retirement Savings Plan ("Plan") may vote the number of shares they hold in that plan. The number of shares shown on your proxy card includes the stock units you hold in the Retirement Savings Plan and serves as a voting instruction to the trustee of the Plan for the account in the participant's name. Information as to the voting instructions given by individuals who are participants in the Plan will not be disclosed to the Company.

Who Pays For the Proxy Solicitation

The Company will pay the entire cost of the proxy solicitation. The Company has retained American Stock Transfer & Trust Company, the Company's transfer agent, to aid in the solicitation of proxies. Proxy solicitation services on routine proxy matters are included in the fees paid to American Stock Transfer & Trust Company to act as the Company's stock transfer agent and registrar. Only reasonable out-of-pocket expenses on proxy solicitation services are charged separately. The Company will reimburse brokers, fiduciaries and other nominees for their reasonable expenses in forwarding proxy materials to beneficial owners. In addition to solicitation by mail, directors, officers and employees of the Company may solicit proxies in person, by telephone or by other means of communication.

Who Will Count the Vote

American Stock Transfer & Trust Company has been engaged to tabulate shareholder votes and act as our independent inspector of elections for the Annual Meeting.

Discretionary Voting and Adjournments

We currently are not aware of any business to be acted upon at the Annual Meeting other than that described in the Proxy Statement. If, however, other matters are properly brought before the Annual Meeting, or any adjournment or postponement of the Annual Meeting, your proxy includes discretionary authority on the part of the individuals appointed to vote your shares to act on those matters according to their best judgment, including adjourning the Annual Meeting.

Adjournment of the Annual Meeting may be made for the purpose of, among other things, soliciting additional proxies. Any adjournment may be made from time to time by approval of the holders of Common Stock representing a majority of the votes present in person or by proxy at the Annual Meeting, whether or not a quorum exists, without further notice other than by an announcement made at the Annual Meeting.

The experience he acquired in these roles contributes to his service on the Company's compensation and nominating & governance committees.

Nomination of Directors

Directors may be nominated by the Board of Directors or by stockholders in accordance with the By-Laws of the Company. The Nominating & Governance Committee, which is composed of 3 independent directors, identifies potential candidates and reviews all proposed nominees for the Board of Directors, including those proposed by stockholders. The candidate review process includes an assessment of the person's judgment, experience, independence, understanding of the Company's business or other related industries, commitment and availability to prepare for and attend Board and Board Standing Committee meetings and such other factors as the Nominating & Governance Committee determines are relevant in light of the needs of the Board of Directors and the Company. The Nominating & Governance Committee selects qualified candidates and presents them to the full Board of Directors, which body decides whether to invite the candidate to be a nominee for election to the Board of Directors. The Nominating & Governance Committee Charter authorizes the Nominating & Governance Committee to retain such outside experts as it deems necessary and appropriate to assist it in the execution of its duties. A further discussion of the process for shareholder nominations for director is found under the caption "How Stockholders May Nominate Directors" on page 20.

Table of Contents

Board Diversity

The Company does not have a formal policy concerning the diversity of its directors. In practice, the Nominating & Governance Committee establishes a list of criteria it seeks to address when filling a board seat and then searches for candidates that best meet those criteria without limitations imposed on the basis of race, gender or national origin. Diversity of experience and perspective is considered in reviewing the composition of the Board.

Director Independence

All of the Directors, with the exception of Frédéric Villoutreix, who also serves as the Chief Executive Officer, are independent under applicable rules, New York Stock Exchange regulations and the Company's Corporate Governance Guidelines.

Certain Transactions and Business Relationships

No director had any business relationship or engaged in any transactions resulting in any direct or indirect compensation from the Company or its affiliates except for services and expenses incurred in performing their duties as directors.

Board Exercise of Risk Oversight

The Board exercises oversight of enterprise risk at a number of levels and utilizes formal and informal mechanisms to do so.

The Audit Committee plays a material role in oversight of financial, disclosure, and liquidity risk issues, as well as being the main overseer of the internal control mechanisms used by management in both the financial and non-financial areas. Aspects of risk review occur at virtually every Audit Committee meeting, including ongoing review of financial results, control issues, compliance audit processes and results, debt covenant compliance, hedging activities, and liquidity measures. The Audit Committee has regular interaction with the Company's independent auditors throughout the year, including independent sessions to address internal control and other matters.

The Nominating & Governance Committee assesses governance controls and compliance with related Securities and Exchange Commission and New York Stock Exchange listing requirements at least annually. It also undertakes an ongoing review of succession planning, both at the management and board levels, to assure an appropriate process exists to maintain the continuity of management and the necessary skill sets for the successful operation and oversight of the Company.

Table of Contents

The Compensation Committee assesses compensation design and levels from the perspectives of market reasonableness and appropriateness to the objectives of retaining the quantity and level of management expertise and depth required for the successful execution of the Company's business goals. The Compensation Committee also assesses the risk posed by the Company's compensation program design and practices and the probability that they might result in adverse impacts on the Company.

The Board as a whole regularly reviews financial performance and risks to that performance, competitive market situations, risks to operations and operating capabilities, regulatory change, and strategic planning. These reviews are provided through regularly scheduled financial and operations reviews, as well as through the Committee Chair reports to the Board that also occur on a regular basis. More in-depth reviews are provided, at least annually, on selected topics such as litigation and regulatory compliance, customer satisfaction and performance assessments, and strategic planning. In 2010, the Board also instituted an in-depth discussion with management of each of the major risk factors, including those identified in the Company's filings with the Securities and Exchange Commission, and an internal audit program that will provide the Board with an in-depth evaluation and audit review report on a selected compliance risk, with these programs occurring at least annually and as changes in the Company's risk factors requires.

Board Succession Planning

The Board, through its Nominating & Governance Committee, regularly reviews the particular skill sets required by the Board based on the nature of the Company's business, strategic plans and regulatory changes as well as the current performance of the incumbent directors. The Company also has an age limit on service as a director that is an added institutionalized mechanism for periodic change in directors to provide fresh insight.

EXECUTIVE COMPENSATION

COMPREHENSIVE COMPENSATION DISCUSSION & ANALYSIS

Compensation Philosophy

The Company's compensation philosophy centers on 3 tenets:

- § Pay for performance
- § Alignment with stockholders
- § Total compensation set at market value for like skills and responsibilities

Implementation of Philosophy

The Company implements its compensation philosophy through a number of methodologies including:

- § Allocating a material portion of total compensation to incentive-based, at-risk, compensation opportunities
- § Setting incentive plan objectives that directly or indirectly contribute to increased shareholder value
- § Awarding a material portion of total compensation in the form of equity
- § Utilizing an annual competitive compensation study to guide total and individual compensation components and values

The Company's compensation program provided to its Named Executive Officers in 2010 adhered to the Committee's compensation philosophy in all material respects.

Pay for Performance

In 2010 and 2009, management delivered the following results for stockholders:

	2009 (millions)	2010 (millions)	% Change

Diluted Net Income Per Share	\$2.2	\$3.5	60.5	%

Table of Contents

§ A base for future revenue growth associated with the introduction of lower ignition propensity cigarette mandates in the European Union was created with the establishment of a new LIP paper production facility in Poland, as well as the installation of capacity at a third-party site in Belgium and initiation of a capacity expansion to produce papers used on LIP cigarettes at the Company's Papeteries de Mauduit facility in Quimperle, France.

§ Implementation of a global operational excellence program that improved operational performance and the rate of cost savings throughout the organization

§ Completion of major restructuring activities in France

Alignment with Stockholders

Performance metrics established for the 2010 award opportunities under the Annual Incentive Compensation plan (AIP) and the long-term incentive opportunity to earn performance-based restricted stock under the Restricted Stock Plan (RSP) were each tied to key drivers of shareholder value that included earnings per share, return on invested capital, operating profit, net sales and free cash flow.

Incentive-based compensation earned on the basis of performance against the above metrics represented the majority of the Named Executive Officers' total compensation in 2010.

The form in which compensation was paid to the Named Executive Officers was substantially weighted toward equity in order to further align the interests of the Named Executive Officers with the interests of shareholders.

Table of Contents

Market-Based Competitive Compensation Levels

Compensation paid to the executive team is based on competitive market data developed annually by an independent compensation consultant retained by the Committee that has no other ties to management or business with the Company that could impair its assessment. The market analysis is based on a peer group of like size companies based on revenue that was developed by Towers Watson for comparable management positions. This peer group includes companies examined by RiskMetrics in its 2010 review. The Compensation Committee has continued its philosophy of setting compensation at the market median, which experience has shown is the level at which the Company can recruit and retain the level of talent the Compensation Committee deems to be in the best interest of the Company and its stockholders. Non-executives are compensated based on a Hay rating system or comparable market-based evaluation system. The Compensation Committee does not evaluate the relationship of the market-based determinants for the executive and non-executive groups as part of its executive compensation evaluation.

Majority of Net Income is Retained for Shareholders

In 2010, 91%, or \$80 million, of the \$88 million of net income, excluding restructuring and impairment expense, earned by the Company was retained for shareholders and 9%, or \$8 million, was paid to the 170 employees who participate in the Company's incentive compensation plans. Of this 9%, the Named Executive Officers were paid 58.25% in the form of incentive compensation. A detailed discussion of each of the foregoing topics is contained in the following sections of the Compensation Discussion and Analysis.

Market Value Determination

Since the Company's inception, the Compensation Committee has retained an independent compensation consultant to conduct an annual executive competitive compensation analysis. Towers Watson was retained to develop the 2010 executive competitive compensation analysis. Towers Watson has no other business dealings with the Company and is considered by the Compensation Committee to be independent of management in handling this assignment. The Compensation Committee periodically places this consulting assignment out for competitive bid to evaluate the capabilities of other potential consultants.

Table of Contents

The Competitive Compensation Analysis is intended to reflect the scope of an executive's responsibility, experience in the position and labor market conditions. The 2010 Compensation Analysis entailed two bases for comparison, published survey data and proxy statement data.

§ Published survey data was used for all SWM executives as the primary tool for market comparisons. This source provides for larger sample sizes and more direct position role matching. All published survey data was aged to a common date of July 1, 2011 using an annual aging factor of 3.0% per year

§ Proxy statement data for a peer group of 15 companies was used for the analysis of the Chief Executive and Chief Financial Officer positions. The companies were as follows:

RTI International Metals, Inc.
Neenah Paper, Inc.
Innospec Inc.
KapStone Paper and Packaging Corporation
Headwaters, Inc.
OMNOVA Solutions Inc.
Arncol International Corp.
Buckeye Technologies Inc.
OM Group Inc.
Wausau Paper Corp.
Louisiana - Pacific Corp.
PH Glatfelter Co.
HB Fuller Co.
Clearwater Paper Corporation
Verso Paper Corp.

Based on industry benchmarks and practice, Towers Watson considers executive incumbents to be competitively paid and within the "market median" if the following compensation components are within the noted range of market median: base salary +/- 15%, annual bonus +/- 5%, long-term incentives +/- 10%, total target cash +/- 15% and total target direct compensation +/- 15%. The Competitive Compensation Analysis evaluated the following components: base salary, bonus (annual incentive expressed as a percentage of base salary), target total cash compensation, long-term incentive compensation and target total direct compensation which is the sum of all of the foregoing.

The Competitive Compensation Analysis provides the Compensation Committee with the 25th, 50th and 75th percentile values for each compensation component and guidance as to the amount of such compensation that is delivered in the form of cash or equity. The data developed from this process is used when a new executive is hired between studies to determine the initial compensation package. Supplementary information from recruiting and tax consultants is used to test the reasonableness of any recruitment incentives that may be offered to attract new talent.

Table of Contents

Each Named Executive Officer's total target cash compensation relative to the market median is summarized in the following table:

Name	FY 2010 Total Target Cash Compensation	Position Against FY 2010 Market 50th Percentile
Frédéric P. Villoutreix	\$1,268,800	1.0% above
Otto R. Herbst	\$ 674,300	1.0% above
Peter J. Thompson	\$ 514,800	0% - at market median
Michel Fievez	€ 424,900 (US\$557,044)	42.0% above
Wilfred A. Martinez	\$ 418,200	16.0% below

Each Named Executive Officer's total target direct compensation relative to the market median is summarized in the following table:

Name	Fiscal 2010 Total Target Direct Compensation	Position Against FY 2010 Market 50th Percentile
Frédéric P. Villoutreix	\$2,501,300	4.0% below
Otto R. Herbst	\$1,174,500	3.0% above
Peter J. Thompson	\$ 834,300	7.0% below
Michel Fievez	€ 607,000 (US\$795,777)	60.0% above
Wilfred A. Martinez	\$ 597,400	31.0% below

Michel Fievez, EVP Reconstituted Tobacco, is based in France. His compensation is paid in Euros and was converted at the rate of 1.311 Euro to the US\$. This position exceeds the +/- 15% variance because the benchmark data was based on a position that had responsibility for only a single profit center, whereas the incumbent not only has responsibility for the reconstituted tobacco business but also continues in the role as acting country manager of France, which has multiple profit centers that were undergoing major restructuring in 2010. Therefore, the position had more responsibility and retention risk than the benchmarked positions and the Committee, in consultation with Towers Watson, determined that the adjustment from the market median was appropriate to reflect these differences from the benchmarked positions.

Wilfred Martinez, VP LIP, recently changed positions and moved to a multi-profit center head position in a business line that was expected to have very rapid growth over the next 2 years. The benchmarks used to evaluate the position were set at the revenue level projected to be achieved by the profit centers managed by Mr. Martinez in 2012 based on pending implementation of LIP regulations in the European Union. However, the size of the enterprise he manages was not currently at those revenue levels and setting 2010 compensation to the benchmark would not have permitted any stepped increases corresponding to the expected growth in the LIP business segment over the next 2 years. Therefore, the Committee, in consultation with Towers Watson adjusted the 2010 compensation for Mr. Martinez down from the benchmark to reflect the expected LIP revenue growth curve.

Base Salary	Competitive Compensation Analysis is primary; subjective evaluation of performance applied to adjust +/- 15% from 50th percentile of the market reference point.	Cash	Chief Executive Officer recommends, Compensation Committee approves for all officers other than Chief Executive Officer who is approved by full Board of Directors; full Board evaluates Chief Executive Officer annually, Chief Executive Officer evaluates other officers annually.

Retirement Plan(2) and Retirement Savings Plan (401-K)	Provided on the same basis as to all other employees.	Per plan terms.	Compensation Committee or the Board of Directors approves the plans.
Health, Welfare and Vacation Benefits	Provided on the same basis as to all other employees.	Per plan terms.	Company policy.

(1) Based on the Board's judgment, severance benefits reflect the fact that it may be difficult for very senior employees to find comparable employment within a short period of time and the value placed on being able to quickly disentangle the Company from an executive employee in the event of a termination by payment of a lump sum. Change of control benefits are contingent upon providing continued services, as requested, through a change of control thereby increasing the ability of the Company to accomplish that task with an intact management team, while recognizing a degree of security must be provided to retain officers who may well be out of a position following their implementation of such a change in control. Further information concerning the severance benefits are found at pages 42-49.

(2) Retirement Plan benefits for all U.S. salaried employees, including officers, were frozen effective January 1, 2006. Presently, only the EVP Strategy and Finance has grandfathered cash balance based benefit payable under the Retirement Plan. Further details concerning the pension plan benefit are provided in the narrative following the Pension Benefits Table found at page 40 hereof.

Base Salary–2010

Annual Incentive Compensation–2010 Objectives; Results Against 2010 Objectives

The Annual Incentive Plan provides a cash-based award opportunity that may be earned if performance objectives are achieved over a fiscal year period. Objectives are established for unit and individual performance with the individual award component not exceeding 30% of the total award opportunity. Incentive cash opportunities can range from 75% to 150% of a participant's base salary depending on the position held by the participant. Unit objectives, excepting the corporate unit and the Chief Executive Officer's individual objectives, are approved by the Compensation Committee. The full Board of Directors approves the corporate unit objective and the Chief Executive Officer's individual

objectives. The Chief Executive Officer approves each of the other officer's individual objectives.

(1)The quantification of the objectives at the Threshold, Target, Outstanding and Maximum levels is considered to be confidential.

Table of Contents

Certain of the objectives set for the performance metrics are considered to be confidential, the disclosure of which could be harmful to the Company and its stockholders. This is particularly true of quantitative business unit objectives that would allow our customers and competitors to gain insight into our margins and other financial metrics on specific product groups that could be used to the Company's detriment in competitive bid situations and contract negotiations with our large customers. These objectives are identified as "Confidential" or "Conf." The Compensation Committee considers the performance levels necessary to earn the annual incentive award to be challenging at the Target objective level and increasingly more difficult at the Outstanding and Maximum award levels. Target level objectives are generally based on the annual budget which includes stretch growth goals for the business and corporate units. The Threshold level objective is generally set at the last year's actual performance, in some cases adjusted from the prior year actual to account for fundamental changes in the business or operating assets, and is therefore directed to at least maintaining the prior year's performance. The award payout that may be achieved at each of the performance levels is set commensurate with its difficulty.

Corporate Income Tax Treatment

The incentive compensation earned under the Annual Incentive Plan and the Performance Shares earned under the Restricted Stock Plan qualify as performance-based compensation under Code Section 162(m). To date, the Company has not lost any income tax deductions associated with executive compensation. The Compensation Committee and the Board of Directors evaluate the objective of maximizing the Company's income tax deductions but does not have a firm policy prohibiting payment of compensation that would not qualify for favorable tax treatment under Code Section 162(m).

Compensation Approval Process

Each year, the Chief Executive Officer meets with the Chairman of the Compensation Committee and the Compensation Committee's independent consultant to develop and review an executive compensation package for the upcoming year. The annual Competitive Compensation Analysis is also reviewed at that time and any questions concerning its conclusions or the process are vetted. At the Compensation Committee Chairman's discretion, he may meet separately with the independent compensation consultant. Based on this pre-meeting and any follow-up work identified at that time, an executive compensation proposal is prepared and provided to the full Compensation Committee for their review. The Compensation Committee meets in February to discuss the executive compensation program. At this meeting, the Compensation Committee will take action on the various components of the executive compensation plan and conclude on its recommendations to the full Board of Directors concerning the establishment of the Corporate Unit Objectives under the Annual Incentive Plan for the upcoming award cycle. The Compensation Committee will also provide recommendations for the Chief Executive Officer's base salary and individual performance objectives for the upcoming year and evaluate his performance against the current year objectives.

Commencing in 2010, the Compensation Committee undertook an evaluation of the design of the executive compensation program relative to risk and whether it creates a reasonable probability of an adverse impact on the Company. The Compensation Committee concluded that the program design, metrics and objectives, taken as a whole and considered within the other financial control and approval processes in place at the Company, do not present a risk of a reasonable probability of an adverse impact on the Company.

At the February Board of Directors meeting, the Compensation Committee provides a full report on its actions on executive compensation for the upcoming year as well as its estimate of payouts, if any, under the incentive compensation award opportunities for the just completed year. The Compensation Committee also reports on any targeted equity grants made during the year outside of the equity opportunity provided by the incentive compensation plan awards. The Board of Directors will take action on the Corporate Unit Objective under the Annual Incentive Plan for the upcoming year and will address the current and upcoming year compensation for the Chief Executive Officer in the non-management directors meeting. When audited financial results are available, or known, the Compensation Committee completes its evaluation of the performance attained against objectives and approves the final award payments.

The executive compensation information reported in the Summary Compensation Table set forth below is for services rendered to the Company and its subsidiaries commencing on January 1, 2010 and ending on December 31, 2010, the last day of the Company's 2010 fiscal year. All compensation earned in the 2010 fiscal year is reported in that year without regard to when actually paid by the Company or deferred by the recipient and therefore not technically received by the recipient in the 2010 fiscal year. For an explanation of salary and bonus to total compensation see the graph captioned "2010 Named Executive Officer Equity Opportunity as % of Total Compensation" in the CD&A at page 22.

(1) Values for the Restricted Stock Plan Performance Share award for the 2009-2010 award cycle are estimates of the award value deemed most probable to be earned in the 2009-2010 award cycle calculated in accordance with

FASB ASC Topic 718 based on a February 12, 2009 grant date and a grant date share price of \$18.57. The probable outcome as of the grant date was considered to be performance at the target award level. Other assumptions underlying the valuation were a share price multiplier of 1.0, no increase in 2010 base salary and performance against objectives in line with the 2009 and 2010 budget projections. No adjustments for changes in exchange rates or in the long-term incentive compensation multiples over the two-year award period were considered. Utilizing these same assumptions, the maximum award values that might be earned by each of the Named Executive Officers for the full two-year cycle are: Frédéric Villoutreix (\$4,658,000), Peter Thompson (\$1,206,000), Michel Fievez (\$1,052,628) converted from Euro to U.S. \$ at the December 31, 2009 exchange rate of 1.517, Otto Herbst (\$1,932,000) and Wilfred Martinez (\$696,000). Depending on 2010 performance against objectives the Named Executive Officers could earn no additional value or up to one-half of the maximum potential earnings noted above, excluding the effect of a share price multiplier. The Named Executive Officer forfeits all shares, including those that have been banked for 2009, if he is not actively employed by the Company at the completion of the full-award cycle at the end of FY 2010, except in very limited circumstances which include death or permanent disability. The share price multiplier is calculated by taking the base shares times current share price/average base share price to determine the number of shares earned in a performance year subject to the limitation that the result of the ratio of the current share price/the average base share price shall not be less than 50% nor more than 200% of the current share price and, if it is, the share prices shall be set at the 50% floor or the 200% ceiling, as applicable.

Mr. Fievez joined the Company on May 30, 2007 as its President–European Operations. 2010 PENSION BENEFITS

Name	Plan	Number of Years of Credited Service (#)	Present Value of Accumulated Benefit (\$)
Peter J. Thompson	Schweitzer-Mauduit International, Inc. Retirement Plan	14	144,708
Michel Fievez	French Retirement Indemnity	(1)	148,340
	French Social Security Pension		67,405

(1) Indemnity retirement assumes if Mr. Fievez retires at age 65 he would have 14 years of seniority. The seniority entitles him to a retirement indemnity of 2 months salary per year of service, the indemnity is based on a salary (base salary + AIP) estimated in 2022 with the assumption of an increase of 4% per year.

Mr. Thompson participates in the Company’s Retirement Plan, a qualified defined benefit plan. The Retirement Plan had 2 benefit formulas, a final average pay benefit formula which does not apply to any Named Executive Officers and a cash balance benefit formula applicable to Mr. Thompson. The accrual of additional benefits under the Retirement Plan for both benefit formulas was frozen for all salaried employees, including the Named Executive Officers, effective as of January 1, 2006. Consequently, salaried participants in the final average pay benefit formula accrue no further benefits under the Retirement Plan and salaried participants in the cash balance benefit formula

continue to accrue only annual interest on their account balances after December 31, 2005, which amount is included in the Present Value of the Accumulated Benefit. The reported benefit is based on the final cash balance account for Mr. Thompson as of December 31, 2005.

Table of Contents

Cash Balance Benefit Formula

Mr. Thompson's cash balance account is credited with an annual interest credit based on the average yield on the 30-year Treasury bill for the November immediately preceding the current Retirement Plan year. The interest credit will continue to be accrued on the account balance after December 31, 2005. Participants have the option to receive their vested account balance as either a lump-sum payment, an immediate single life annuity or a 50% joint and survivor annuity if married when they terminate employment with the Company or become disabled.

Mr. Thompson is immediately entitled to his cash account balance upon termination for any reason.

Present Values in the Pension Benefits Table are based on the following assumptions:

Retirement Age	Immediate for cash balance benefit
Payment Form	Lump sum for cash balance benefit

Mr. Fievez's retirement benefit is accrued and paid in accordance with the French statutory programs. The French Retirement Indemnity and the Social Security pension provide benefits based on years of service and compensation.

Wilfred A. Martinez	51,620	20,411	6,203	113,252

(1) All contributions in 2010 relating to 2010 compensation were reported as compensation in the 2010 Summary Compensation Table. Contributions expensed in a prior year are not included.

(2) Company contributions to the Deferred Compensation Plan were 401(k) savings plan contributions that exceeded IRS limitations on qualified plan contributions.

The Deferred Compensation Plan permits eligible employees who elect to participate to defer receipt and taxation of a portion of their annual salary and incentive bonuses. The amount of annual salary and incentive bonus awards that may be deferred is limited to 25% and 50%, respectively. Eligibility to participate in the Deferred Compensation Plan is limited to "management" and "highly compensated employees" as defined in the Employee Retirement Income Security Act of 1974, as amended. The Company may, with Compensation Committee approval, make cash contributions to a participant's account in the Deferred Compensation Plan. In connection with the changes to the regulations governing deferred compensation plans imposed by the American Jobs Creation Act of 2004, contributions and deferrals into the Deferred Compensation Plan have been frozen to stop the accrual of additional unvested benefits in that plan as of December 31, 2004. Participants will not accrue any additional benefits other than market-based investment earnings or losses on their individual accounts in that plan. Post December 31, 2004 deferrals and corporate contributions go into the Deferred Compensation Plan No. 2. This plan is also a non-qualified, deferred compensation plan. This plan is intended to operate in a manner substantially similar to the Deferred Compensation Plan, subject to the requirements and changes mandated under Code Section 409A.

Table of Contents

Amounts deferred into the Deferred Compensation Plan by a participating officer, or contributed on the officer's behalf by the Company, can be invested at the officer's election in an account that tracks, but does not actually invest in, some of the fund elections available under the Company's 401(k) savings plan. The participating officer bears the investment risk. The Company makes no guaranty as to the return of the principal amount of any funds deferred or of any income thereon. The funds remain subject to the Company's creditors while in the Deferred Compensation Plan.

A participant may elect to receive payment of the vested amount credited to his Deferral Account based on a participant election of a single lump sum or 3, 5, or 10 annual installments. No payments may commence in less than 5 years following the date of the deferral election, except for alternative distributions that may occur in certain defined circumstances including disability, death of participant, separation from service, change of control and unforeseeable emergency; as such terms are defined in the plan. Certain individuals, which includes plan participants who are Named Executive Officers, must defer distributions from the plan for 6 months following a separation from service.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL

The Company's Executive Severance Plan (the "Severance Plan") provides that in the event of termination of a participant's employment with the Company or one of its French affiliates for any reason other than death, disability or retirement within 2 years after a change of control of the Company, a participant will be entitled to salary and benefit continuation. A change of control is defined as the date as of which: (a) a third person, including a "group" as defined in Section 13(d)(3) of the Securities Exchange Act of 1934, acquires actual or beneficial ownership of shares of the Company having 15% or more of the total number of votes that may be cast for the election of directors of the Company; or (b) as the result of any cash tender or exchange offer, merger or other business combination, sale of assets or contested election, or any combination of the foregoing transactions (a "Transaction"), the persons who were directors of the Company before the Transaction shall cease to constitute a majority of the Board of Directors of the Company or any successor to the Company.

Table of Contents

In the event of termination as a result of a change of control, participants employed in the United States will be entitled to:

- (i) receive a cash payment in an amount equal to 3 times the highest annual compensation (base salary and annual incentive awards) paid or payable within the 3 year period ending on the date of termination;
- (ii) receive health and dental benefits from the Company for a period of 3 years; and
- (iii) receive a cash payment in an amount equal to the actuarial equivalent of the accrued benefits the participant would have earned under the Retirement Plan and the Supplemental Plan if the participant had continued participation in those plans for 3 years following termination. The Executive Severance Plan was amended in November 2005 to provide that the calculation of the actuarial equivalent of the accrued benefit would be based on the terms of the Retirement Plan prior to the effective date of the freeze of the accrual of further Retirement Plan benefits for salaried employees that was effective December 31, 2005.

A participant employed by one of the Company's French subsidiaries is entitled to essentially the same payments and benefits as a United States participant, subject to certain adjustments which take into account the differences between the respective compensation, benefit and pension plans and programs in the United States and France.

Upon a change of control, all restricted stock, stock options and corporate deferred compensation plan contributions that have been granted, but not yet vested, vest automatically. Under the Annual Incentive Plan, the participant is entitled to payment of a pro rata portion of the incentive award at the Target performance percentage, without regard to achievement of pre-established objectives. Under the Long-Term Incentive Plan, the participant will receive a pro rata portion of the performance awards allotted to the participant also based upon Target performance. The Long-Term Incentive Plan also contains a provision for such an award in the event of a constructive discharge following a change of control or potential change of control. Constructive discharge is deemed to have occurred upon any of the following actions taken by the Company or an Affiliate without the participant's written consent following a potential change of control:

- a) the assignment of duties inconsistent with, or the reduction of the powers, duties, responsibilities, and prerogatives associated with, the participant's position, office, and status with the Company or an Affiliate;
- b) a demotion of the participant or any removal of the participant from or failure to re-elect or reappoint the participant to any title or office;
- c) a reduction in the participant's base salary or bonus potential or the Company's or an Affiliate's failure to increase the participant's base salary (within 12 months of the participant's last increase in base salary); and

Table of Contents

- d) any other similar actions or inactions by the Company or an Affiliate.

A potential change of control is defined as the date as of which:

- a) the Company enters into an agreement the consummation of which, or the approval by stockholders of which, would constitute a Change of Control;
- b) proxies for the election of directors of the Company are solicited by anyone other than the Company;
- c) any person (including, but not limited to, any individual, partnership, joint venture, corporation, association or trust) publicly announces an intention to take or to consider taking actions which, if consummated, would constitute a Change of Control; or
- d) any other event occurs which is deemed to be a Potential Change of Control by the Board and the Board adopts a resolution to the effect that a Potential Change of Control has occurred.

The Company shall pay the participant an additional gross-up payment to compensate such participant for the excise tax liability under Code Section 4999.

The Compensation Committee of the Board of Directors of the Company establishes the eligibility criteria for participation and, from time to time, designates key employees as participants in the Severance Plan. Subject to certain conditions, the Severance Plan may be amended or terminated by resolution of the Board of Directors, but no such amendment or termination shall be effective during the 2-year period following a change of control of the Company without the consent of all of the participants. The Company has agreements under the Severance Plan with the Named Executive Officers and certain other key employees.

The maximum amounts payable upon termination pursuant to the Executive Severance Plan, assuming that a change of control of the Company and the termination of their employment on a basis that triggers plan benefits had occurred on December 31, 2010, are set forth in the following tables for all Named Executive Officers.

Table of Contents

From 2000 to 2004, directors could annually elect to defer all or part of their compensation received from the Company pursuant to the Company's Deferred Compensation Plan for Non-Employee Directors ("Outside Director Deferral Plan"). Participation in this plan allowed a Director to defer receipt of compensation and to thereby also defer certain state and federal income taxes until the deferred compensation is paid upon the Director's retirement from the Board of Directors or earlier death or disability. In connection with changes to regulations governing deferred compensation plans imposed by the American Jobs Creation Act of 2004, the Company adopted the Deferred Compensation Plan No. 2 for Non-Employee Directors. The Outside Director Deferral Plan was frozen as of December 31, 2004 to stop the accrual of additional unvested benefits, other than market-based investment earnings or losses on their individual account balances, as of that date. As of January 1, 2005 all Directors who annually elect to defer all or part of their compensation received from the Company participate in the Deferred Compensation Plan No. 2 for Non-Employee Directors. The Outside Director Deferral Plan and the Deferred Compensation Plan No. 2 for Non-Employee Directors are non-qualified, deferred compensation plans that permit participants to defer the receipt of their annual retainer or fees. The individual deferred compensation plan accounts of those Directors who choose to defer their annual retainer are credited with stock units, which include accumulated dividends. The stock units are convertible into the Company's Common Stock at its fair market value or cash in connection with the Director's retirement or earlier death or disability. The stock units do not have any voting rights. The Deferred Compensation Plan No. 2 for Non-Employee Directors is intended to operate in a manner substantially similar to the existing Outside Director Deferral Plan, subject to certain new requirements and changes mandated under Code Section 409A. The Company provides no guaranty of repayment of the principal amount deferred or of any earnings on the participants' account balances.

BOARD AND COMMITTEE GOVERNANCE

The Board is led by the Chairman of the Board and that individual is also the Chief Executive Officer. The non-management Directors elect a Lead Non-Management Director for a 2-year term after which he or she becomes ineligible to stand for re-election to that position for at least one year. The Chairman sets the agenda in collaboration with the Lead Non-Management Director and determines the schedule for holding meetings of the Directors, which occur at least quarterly and more often if required. The Lead Non-Management Director liaises with the Chairman, can act as a sounding board, and provides input into establishing agenda items and the substantive information the Board wishes to have discussed or presented. The Lead Non-Management Director also provides a vehicle through which topics of interest or concern to the Board or management can be aired informally. The Lead Non-Management Director or non-management Directors as a group can retain such independent expertise they deem to be necessary or desirable, with the costs borne by the Company. There is also total freedom of communication between any Director and the Chairman and Chief Executive Officer and any other member of management and such communications are not required to go through the Lead Non-Management Director or the Chairman, in the case of director communication with other members of management.

Table of Contents

The Board has functioned with this structure and in this manner for a number of years and has to-date found that it provides an appropriate balance to the functioning of the Board in addressing its oversight functions, consideration and understanding of the tactical and strategic matters that must be understood and addressed by the Board and between the respective interests of the company and its shareholders.

Director Independence

The Board of Directors unanimously adopted the following standard for director independence at its December 2002 meeting:

An independent director is a person who is free from any relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Annually, the Board of Directors will assess the independence of each non-management director based on the existence or absence of a material relationship with the Company (either directly or as a partner, stockholder or officer of an organization that has a relationship with the Company). The following persons shall not be considered independent:

Table of Contents

- a) A director who is employed by the Company or any of its affiliates for the current year or any of the past five (5) years.
- b) A director who is, or in the past five (5) years has been, affiliated with or employed by a (present or former) auditor of the Company (or of an affiliate).
- c) A director who is, or in the past five (5) years has been, part of an interlocking directorate in which an executive officer of the Company serves on the compensation committee of another company that concurrently employs the director.
- d) A director who is, or in the past five (5) years has been, a Family Member of an individual who was employed by the Company or any of its affiliates as an executive officer. The term "Family Member" shall mean a person's spouse, parents, children, siblings, mothers and fathers-in-law, sons and daughters-in-law, brothers and sisters-in-law, and anyone (other than household employees) who shares such person's home.
- e) A director who, during the current fiscal year or any of the past five (5) fiscal years, personally provided services to the Company or its affiliates that had an annual value in excess of \$60,000; or who was paid or accepted, or who has a non-employee Family Member who was paid or accepted, any payments from the Company or any of its affiliates in excess of \$60,000 other than compensation for board service, benefits under a tax-qualified retirement plan, or non-discretionary compensation.
- f) A director who is a partner in, or a controlling stockholder or an executive officer of, any organization (profit or non-profit) to which the Company made, or from which the Company received, payments (other than those arising solely from investments in the Company's securities) that exceed one percent (1%) of the recipient's annual consolidated gross revenues in the current year or any of the past five (5) fiscal years; unless, for provisions (e) and (f), the Board of Directors expressly determines in its business judgment that the relationship does not interfere with the director's exercise of independent judgment.

Based on the foregoing standard and the standards for independence articulated by the New York Stock Exchange and the Securities and Exchange Commission, the Board affirmatively determined by resolution dated February 24, 2011 that the following directors, who collectively constitute 85.7% of the full Board and represent 100% of the membership of the Standing Committees, are independent:

PROPOSAL TWO
RATIFICATION OF THE SELECTION OF INDEPENDENT REGISTERED
PUBLIC ACCOUNTING FIRM

Selection of Independent Registered Public Accounting Firm

The Audit Committee has selected Deloitte & Touche to serve as the Company’s independent registered public accounting firm, or outside auditor, for fiscal year 2011. Although it is not required to do so, the Audit Committee is asking our shareholders to ratify the Audit Committee’s selection of Deloitte & Touche. If our shareholders do not ratify the selection of Deloitte & Touche, the Audit Committee may reconsider its selection. Even if the selection is ratified by our shareholders, the Audit Committee may in its discretion change the appointment at any time during the year, if it determines that such a change would be in the best interest of the Company and its shareholders.

Table of Contents

Representatives of Deloitte & Touche will be at the Annual Meeting to answer appropriate questions. They also will have the opportunity to make a statement if they wish to do so.

Audit, Audit Related, Tax and Other Fees

The following table summarizes the aggregate fees relating to amounts billed to the Company by its outside auditor, Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu and their respective affiliates, (collectively, "Deloitte") for the fiscal years ended December 31, 2010 and 2009:

	2010	2009
Audit Fees(1)	\$1,287,000	\$1,443,000
Audit-Related Fees(2)	11,000	143,000
Tax Fees(3)	9,000	8,000
All Other Fees(4)	6,000	-
Total Fees	\$1,313,000	\$1,594,000

(1) Includes fees billed for professional services rendered in connection with the audit of the annual financial statements, audit of the Company's internal control over financial reporting and management's assessment thereof, review of financial statements included in the Form 10-Q filings and for services provided for statutory and regulatory filings or engagements.

(2) Includes fees incurred for assurance and related services and consultation on regulatory matters or accounting standards, including fees for professional services rendered in connection with filings by the Company on Forms 8-K, S-8 and S-3.

(3) Includes fees incurred for tax return preparation and compliance and tax advice and tax planning.

(4) Includes other fees not included in the above categories.

Preapproval Policies and Procedures

The above services performed by the outside auditor were pre-approved in accordance with the pre-approval policy and procedures adopted by the Audit Committee. These procedures describe the permitted audit, audit-related, tax and other services (collectively, the "Disclosure Categories") that the outside auditor may perform. The procedure requires that prior to the beginning of each fiscal year, a description of the services (the "Service List") expected to be performed by the outside auditor in each of the Disclosure Categories in the following fiscal year be presented to the Audit Committee for approval.

Services provided by the outside auditor during the following year that are included in the Service List are pre-approved following policies and procedure of the Audit Committee. Any requests for audit, audit-related, tax, and other services not contemplated on the Service List must be submitted to the Audit Committee for specific pre-approval and cannot commence until such approval has been granted. Normally, pre-approval is provided at regularly scheduled meetings. However, the authority to grant specific pre-approval between meetings, as necessary, has been delegated to the Chairman of the Audit Committee. The Chairman must update the Audit Committee at the next regularly scheduled meeting of any services that were granted specific pre-approval.

Table of Contents

In addition, although not required by the rules and regulations of the Securities and Exchange Commission, the Audit Committee is provided a range of fees associated with each proposed service on the Service List and any services that were not originally included on the Service List. Providing a range of fees for a service incorporates appropriate oversight and control of the outside auditor when time is of the essence. The policy does not contain a de minimis provision that would provide retroactive approval for permissible non-audit services under certain circumstances.

On a periodic basis, the Audit Committee reviews the status of services and fees incurred year-to-date against the Service List and the forecast of remaining services and fees for the fiscal year.

Board Recommendation

The Board of Directors unanimously recommends a vote FOR ratification of the selection of Deloitte & Touche as our independent registered public accounting firm for fiscal 2011.

Audit Committee Report

The following report summarizes the Audit Committee's actions during 2010. This report shall not be deemed to be incorporated by reference by any general statement incorporating this Proxy Statement by reference into any filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under such acts.

In accordance with its written charter, the Audit Committee of the Board of Directors ("Audit Committee") assists the Board of Directors by overseeing and monitoring:

- (1) the integrity of the Company's financial statements,
- (2) the Company's compliance with legal and regulatory requirements,
- (3) the outside auditor's qualifications and independence, and
- (4) the performance of the Company's internal control function, its system of internal and disclosure controls, and the outside auditor.

The members of the Audit Committee meet the applicable independence and experience requirements of the New York Stock Exchange and the standards for determining a director's independence adopted by the Board of Directors.

During 2010, the Audit Committee met 8 times.

In discharging its oversight responsibility as to the audit process, the Audit Committee obtained from the outside auditor a formal written statement describing all relationships between the outside auditor and the Company that might bear on the outside auditor's independence consistent with Independence Standards Board Standard No. 1, "Independence Discussion with Audit Committees," discussed with the outside auditor any relationships that may impact their objectivity and independence, including the services and amounts reflected in the above table, and satisfied itself as to the outside auditor's independence.

Table of Contents

The Committee reviewed with the outside auditor their audit plans, audit scope and identification of audit risks. The Audit Committee also discussed with management and the outside auditor the quality and adequacy of the Company's internal control function and its system of internal and disclosure controls.

The Audit Committee discussed and reviewed with the outside auditor all communications required by Securities and Exchange Commission regulations and by the standards of the Public Company Accounting Oversight Board (United States), including those described in AU 380, "Communication with Audit Committees" and, with and without management present, discussed and reviewed the results of the outside auditor's examination of the financial statements.

The Audit Committee discussed, reviewed and monitored the Company's plans and activities related to Sarbanes-Oxley Section 404 compliance on a regular basis.

The Audit Committee reviewed and discussed the audited financial statements of the Company as of and for the fiscal year ended December 31, 2010, with management and the outside auditor. Management has the responsibility for the preparation of the Company's financial statements and outside auditor has the responsibility for conducting an audit of those statements.

Based on the above-mentioned review and discussions with management and the outside auditor, the Committee recommended to the Board of Directors that the Company's audited financial statements be included in its Annual Report on Form 10-K for the fiscal year ended December 31, 2010, for filing with the Securities and Exchange Commission. The Audit Committee also recommended the reappointment of the outside auditor and the Board of Directors concurred with such recommendation.

PROPOSAL THREE
EXECUTIVE COMPENSATION ADVISORY VOTE

As required by Section 14A of the Exchange Act pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, the Board is providing our shareholders with an advisory vote on Executive Compensation. This advisory vote, commonly known as a “say-on-pay” vote, is a non-binding vote on executive compensation paid to our Named Executive Officers as disclosed pursuant to Regulation S-K, including in the Compensation Discussion and Analysis, the accompanying compensation tables and the corresponding narrative discussion and footnotes set forth on pages 22 to 34.

As described in detail in the “Compensation Discussion and Analysis,” our executive compensation programs are generally designed to:

- (i) attract, retain and motivate a skilled management team to successfully implement the Company’s near and long-term goals that are tied to the key drivers of our financial and operational performance; and
- (ii) to align the interest of our Named Executive Officers with the interests of our shareholders.

As explained in the Comprehensive Compensation Discussion and Analysis, we believe that these goals have been met in a manner that does not subject the Company to unreasonable risk and that reflects fair and reasonable levels of compensation, using the competitive market median as the appropriate benchmark which in turn is developed by reference to market data regarding comparable companies and executive positions that include the same companies that RiskMetrics utilizes to assess our Company for proxy vote advisory purposes.

As supported by the results achieved and summarized on page 22, we believe that the executive team has performed well for shareholders in 2010 and that the division of the benefits of the Company’s 2010 performance has been reasonably allocated with those benefits most heavily retained for shareholders.

Accordingly, the Board recommends that our shareholders vote the “say-on-pay” vote as set forth in the following resolution:

RESOLVED, that our shareholders approve, on an advisory basis, the compensation paid to our Named Executive Officers, as disclosed pursuant to Item 402 of Regulation S-K, including in the “Compensation Discussion and Analysis,” the accompanying compensation tables and the corresponding narrative discussion and footnotes.

Shareholders are not ultimately voting to approve or disapprove the Board’s recommendation. As this is an advisory vote, the outcome of the vote is not binding on SWM with respect to future executive compensation decisions, including those relating to its Named Executive Officers, or otherwise. The Compensation Committee and Board expect to take into account the outcome of the vote when considering future executive compensation decisions.

Board Recommendation

The Board of Directors unanimously recommends a vote FOR the advisory vote on executive compensation, or “say-on-pay” vote.

Table of Contents

PROPOSAL FOUR
ADVISORY VOTE ON THE FREQUENCY OF
EXECUTIVE COMPENSATION ADVISORY VOTE

As required under Section 14A of the Exchange Act pursuant to the Dodd-Frank Act, the Board is asking SWM's shareholders to indicate the frequency with which they believe an advisory vote on executive compensation, or "say-on-pay" vote should occur. Shareholders may indicate whether they prefer that we hold a "say-on-pay" vote every three years, every two years or every year, or they may abstain from this vote.

The Board, on recommendation of the Compensation Committee, has determined that a "say-on-pay" vote every year is the best approach for our Company and our shareholders. Accordingly, the Board recommends that our shareholders vote for a frequency of every year when voting on the advisory vote on the frequency of a "say-on-pay" vote as set forth in the following resolution:

RESOLVED, that our shareholders approve, on an advisory basis, that the frequency with which they prefer to have a "say-on-pay" vote is:

§	every three years;
§	every two years;
§	every year; or
§	abstain from voting

Shareholders are not ultimately voting to approve or disapprove the Board's recommendation. As this is an advisory vote, it is not binding on SWM and the Compensation Committee and Board may decide that it is in the best interest of the Company and the shareholders to hold a "say-on-pay" vote more or less frequently than the preference receiving the highest number of votes of our shareholders. The Compensation Committee and Board expect to take into account the outcome of the vote when considering the frequency of "say-on-pay" votes.

Board Recommendation

The Board of Directors unanimously recommends a vote for a frequency of EVERY YEAR in the advisory vote on the frequency of an executive compensation advisory vote, or "say-on-pay" vote.

OTHER INFORMATION

Stockholder Proposals and Director Nominations for the 2012 Annual Meeting

Under Securities and Exchange Commission rules, if a stockholder wishes to have a proposal considered for inclusion in the Company's Proxy Statement and form of proxy for the 2012 Annual Meeting of Stockholders, a proposal must be received by the Secretary of the Company at the Company's principal executive offices not less than 120 days from the date of release of the Proxy Statement, March 10, 2011, and therefore must be received by November 10, 2011 to be considered timely. The Company reserves the right to decline to include in the Company's Proxy Statement any stockholder's proposal that does not comply with the rules of the Securities and Exchange Commission for inclusion therein.

The By-Laws of the Company include requirements applicable to stockholder proposals other than those included in the proxy materials pursuant to the regulations of the Securities and Exchange Commission. The following requirements apply:

15. ADVANCE NOTICE OF STOCKHOLDER PROPOSALS

In addition to any other applicable requirements for business to be properly brought before an Annual Meeting by a stockholder (other than director nominations, which are subject to the requirements of By-Law 19), such stockholder must be a stockholder of record and must have given timely notice thereof in proper written form to the Secretary of the corporation. To be timely, a stockholder's notice to the Secretary must be delivered and received at the principal executive offices of the corporation not less than ninety (90) days nor more than one hundred twenty (120) days prior to the first anniversary date of the Annual Meeting of stockholders for the preceding year; provided, however, if and only if the Annual Meeting is not scheduled to be held within a period that commences thirty (30) days before such anniversary date and ends thirty (30) days after such anniversary date (an Annual Meeting date outside such period being referred to herein as an "Other Meeting Date"), such Stockholder Notice shall be given in the manner provided herein by the later of the close of business on (i) the date ninety (90) days prior to such Other Meeting Date or (ii) the tenth day following the date such Other Annual Meeting Date is first publicly announced or disclosed.

To be in proper written form, a stockholder's notice to the Secretary must set forth as to each matter such stockholder proposes to bring before the Annual Meeting of stockholders: (i) the text of the proposal to be presented, including the text of any resolutions to be proposed for consideration by stockholders; (ii) a brief written statement of the reasons why such stockholder favors the proposal; (iii) whether the stockholder is providing the notice at the request of a beneficial holder of shares, whether the stockholder or any such beneficial holder has any agreement, arrangement or understanding with, or has received any financial assistance, funding or other consideration from any other person with respect to the investment by the stockholder or the beneficial holder in the corporation or the matter such notice relates to, and the details thereof, including the name of such other person (for the purposes of this By-Law 15, the stockholder, any beneficial holder on whose behalf the notice is being delivered, and any persons with whom such agreement, arrangement or understanding exists or from whom such assistance has been obtained are hereinafter collectively referred to as "Interested Persons"); (iv) the name and address of all Interested Persons; (v) a complete listing of the record and beneficial ownership positions (including number or amount) of all equity securities and debt instruments, whether held in the form of loans or capital market instruments, of the corporation or any of its subsidiaries held by all Interested Persons; (vi) whether and the extent to which any hedging, derivative or other transaction is in place or has been entered into within the prior six months preceding the date of delivery of such notice by or for the benefit of any Interested Person with respect to the corporation or its subsidiaries or any of their respective securities, debt instruments or credit ratings, the effect or intent of which transaction is to give rise to gain or loss as a result of changes in the trading price of such securities or debt instruments or changes in the credit ratings for the corporation, its subsidiaries or any of their respective securities or debt instruments (or, more generally,

changes in the perceived creditworthiness of the corporation or its subsidiaries), or to increase or decrease the voting power of such Interested Person, and if so, a summary of the material terms thereof; (vii) a brief description of the business proposed to be brought before the Annual Meeting of stockholders and the reasons for conducting such business at the Annual Meeting of stockholders; and (viii) a representation that such stockholder is a holder of record of stock of the corporation and intends to appear in person or by proxy at the Annual Meeting of stockholders to bring such business before the meeting. The corporation may require such stockholder to furnish such other information as may reasonably be required by the corporation in connection with such proposed business. Such notice shall be updated not later than ten (10) days after the record date for the determination of stockholders entitled to vote at the meeting to provide any material changes in the foregoing information as of the record date. As used herein, “beneficially owned” has the meaning provided in Rules 13d-3 and 13d-5 under the Securities Exchange Act of 1934.

Table of Contents

No business shall be conducted at the Annual Meeting of stockholders except business (i) specified in the notice of Annual Meeting given by or at the direction of the Board of Directors, (ii) otherwise brought before the Annual Meeting by or at the direction of the Board of Directors or (iii) brought before the Annual Meeting in accordance with the procedures set forth in this By-Law 15 or By-Law 19, provided, however, that once business has been properly brought before the Annual Meeting of stockholders in accordance with such procedures, nothing in this By-Law 15 or By-Law 19 shall be deemed to preclude discussion by any stockholder of any such business. If the Chairman of an Annual Meeting of stockholders determines that business was not properly brought before the meeting in accordance with the foregoing procedures, the Chairman shall declare to the meeting that the business was not properly brought before the meeting and such business shall not be transacted.

For purposes of this By-Law 15 and By-Law 19, a matter shall be deemed to have been "publicly announced or disclosed" if such matter is disclosed in a press release reported by the Dow Jones News Service, Associated Press or comparable national news service or in a document publicly filed by the Corporation with the Securities and Exchange Commission.

In no event shall the postponement or adjournment of an Annual Meeting already publicly announced, or any announcement of such postponement or adjournment, commence a new period (or extend any time period) for the giving of notice as provided in this By-Law 15 or By-Law 19. This By-Law 15 shall not apply to stockholder proposals required to be included in the corporation's proxy materials pursuant to Rule 14a-8 under the Exchange Act.

The person presiding at any meeting of stockholders, in addition to making any other determinations that may be appropriate to the conduct of the meeting, shall have the power and duty to determine whether notice of nominees and other matters proposed to be brought before a meeting has been duly given in the manner provided in this By-Law 15 or By-Law 19 and, if not so given, shall direct and declare at the meeting that such nominee or other matters are not properly before the meeting and shall not be considered.

19. NOMINATIONS

Subject to the rights of holders of any series of Preferred Stock or any other class of capital stock of the corporation (other than the Common Stock) then outstanding, nominations for the election of Directors may be made by the affirmative vote of a majority of the entire Board of Directors or by any stockholder of record entitled to vote generally in the election of Directors complying with this By-Law 19. Any stockholder of record entitled to vote generally in the election of Directors may nominate one or more persons for election as Directors at a meeting only if a written notice of such stockholder's intent to make such nomination or nominations meeting the requirements described below, has been given, either by personal delivery or by United States mail, postage prepaid, to the Secretary of the corporation, and received by the corporation, not less than ninety (90) days nor more than one hundred twenty (120) days prior to the first anniversary date of the Annual Meeting of stockholders for the preceding year; provided, however, if and only if the Annual Meeting is not scheduled to held within a period that commences thirty (30) days before such anniversary date and ends thirty (30) days after such anniversary date (an Annual Meeting date outside such period being referred to herein as an "Other Meeting Date"), such Stockholder Notice shall be given in the manner provided herein by the later of the close of business on (i) the date ninety (90) days prior to such Other Meeting Date or (ii) the tenth day following the date such Other Annual Meeting Date is first publicly announced or disclosed. Each such notice to the Secretary shall set forth: (a) whether the stockholder is providing the notice at the request of a beneficial holder of shares, whether the stockholder, any beneficial holder or any nominee has any agreement, arrangement or understanding with, or has received any financial assistance, funding or other consideration from, any other person with respect to the investment by the stockholder or such beneficial holder in the corporation or the nomination or nominations, and the details thereof including the name of such other person (for the purposes of this By-Law 19, the stockholder, any beneficial holder on whose behalf the notice is being delivered, any nominees listed in the notice and any persons with whom such agreement, arrangement or understanding exists or from whom such assistance has been obtained are hereinafter collectively referred to as "Interested Persons"); (b) the name and address of record of all Interested Persons; (c) a complete listing of the record and beneficial ownership positions (including number or amount) of all equity securities and debt instruments, whether held in the form of loans or capital market instruments, of the corporation or any of its subsidiaries held by all Interested Persons; (d) whether and the extent to which any hedging, derivative or other transaction is in place or has been entered into within the prior six months preceding the date of delivery of such notice by or for the benefit of any Interested Person with respect to the corporation or its subsidiaries or any of their respective securities, debt instruments or credit ratings, the effect or intent of which transaction is to give rise to gain or loss as a result of changes in the trading price of such securities or debt instruments or changes in the credit ratings for the corporation, its subsidiaries or any of their respective securities or debt instruments (or, more generally, changes in the perceived creditworthiness of the corporation or its subsidiaries), or to increase or decrease the voting power of such Interested Person, and if so, a summary of the material terms thereof; (e) a representation that the stockholder is a holder of record of shares of the corporation entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice; (f) the name, age, business and residence addresses, and principal occupation or employment of each nominee; (g) whether each nominee is eligible for consideration as an independent Director under the relevant standards contemplated by Item 407(a) of Regulation S-K; (h) such other information regarding each nominee proposed by such stockholder as would be required to be included in a proxy statement filed pursuant to the proxy rules of the Securities and Exchange Commission; and (i) the signed consent of each nominee to serve as a Director of the corporation if so elected. The corporation may require any proposed nominee to furnish such other information as may reasonably be required by the corporation to determine the eligibility of such proposed nominee to serve as a Director of the corporation or to be considered "independent" as a Director or as a member of the audit or other committee of the Board under the various rules and standards applicable to the corporation. The presiding officer of the meeting may, if the facts warrant, determine that a nomination was not made in accordance with the foregoing procedure, and if he should so determine, he shall so declare to the meeting and the defective nomination shall be disregarded. Such notice shall be updated not later than ten (10) days after the record date for the determination of stockholders entitled to vote at the meeting to provide any material changes in the foregoing

information as of the record date. As used herein, “beneficially owned” has the meaning provided in Rules 13d-3 and 13d-5 under the Securities Exchange Act of 1934.

Notwithstanding anything in this Article 19 to the contrary, in the event that the number of Directors to be elected to the Board of Directors of the Corporation is increased and either all of the nominees for Director or the size of the increased Board of Directors is not publicly announced or disclosed by the Corporation at least 100 days prior to the first anniversary of the preceding year's Annual Meeting, a Stockholder Notice shall also be considered timely hereunder, but only with respect to nominees for any new positions created by such increase, if it shall be delivered to the Secretary of the Corporation at the principal executive office of the Corporation not later than the close of business on the tenth day following the first date all of such nominees or the size of the increased Board of Directors shall have been publicly announced or disclosed.

Only such matters shall be properly brought before a special meeting of stockholders as shall have been brought before the meeting pursuant to the Corporation's notice of meeting. In the event the Corporation calls a special meeting of stockholders for the purpose of electing one or more directors to the Board of Directors, any stockholder may nominate a person or persons (as the case may be), for election to such position(s) as specified in the Corporation's notice of meeting, if the Stockholder Notice required by this Article 19 hereof shall be delivered to the Secretary of the Corporation at the principal executive office of the Corporation not later than the close of business on the tenth day following the day on which the date of the special meeting and of the nominees proposed by the Board of Directors to be elected at such meeting is publicly announced or disclosed.
