2.03Registrant

On July 27, 2012, Xcel Energy Inc. and its wholly-owned subsidiaries, Northern States Power Company, a Minnesota corporation (“NSP-Minnesota”), Northern States Power Company a Wisconsin corporation (“NSP-Wisconsin”), Public Service Company of Colorado (“PSCo”) and Southwestern Public Service Company (“SPS”), each entered into amended and restated credit agreements (the “New Facilities”) with JPMorgan Chase Bank, N.A., as Administrative Agent, Bank of America, N.A., and Barclays Bank Plc, as Syndication Agents, and Wells Fargo Bank, National Association, as Documentation Agent, and the several lenders party thereto.

Each of the New Facilities amends and restates the relevant prior credit facility which was scheduled to expire in March 2015. The amount of each New Facility remains unchanged from the prior credit facilities:

- Xcel Energy’s New Facility is in the amount of \$800 million, and under certain conditions may be increased by up to \$200 million;
- NSP-Minnesota’s New Facility is in the amount of \$500 million, and under certain conditions may be increased by up to \$100 million;
- PSCo’s New Facility is in the amount of \$700 million, and under certain conditions may be increased by up to \$100 million;
- SPS’ New Facility is in the amount of \$300 million , and under certain conditions may be increased by up to \$50 million; and
- NSP-Wisconsin’s New Facility is in the amount of \$150 million.

Each of the New Facilities is unsecured, has a five-year term, and except for NSP-Wisconsin’s credit facility, contains maturity extension provisions for two additional one-year periods. NSP-Wisconsin’s New Facility contains a maturity extension provision for an additional one-year period. The New Facilities permit borrowings at interest rates equal to the Eurodollar rate, plus a margin of 87.5 basis points to 175 basis points, or an alternate base rate. The New Facilities also provide for a commitment fee that ranges from 7.5 basis points to 27.5 basis points on the unused portion of the line. Interest rates and commitment fees are based on the applicable borrower’s then-current senior unsecured credit ratings. Advances under the New Facilities are subject to certain conditions precedent, including the accuracy of certain representations and warranties and the absence of any default or event of default. Advances under the New Facilities will be used for general corporate purposes, including the repayment of outstanding indebtedness from time to time and as back-up liquidity for letters of credit.

Each of the New Facilities has one financial covenant, requiring that the applicable borrower’s consolidated funded debt to total capitalization ratio be less than or equal to 65 percent. The New Facilities also contain covenants, which restrict the borrowers and certain subsidiaries in respect of, among other things, mergers and consolidations, sales of all or substantially all assets, incurrence of liens and transactions with affiliates. The New Facilities are subject to acceleration upon the occurrence of an event of default, including cross-default to indebtedness in excess of \$75 million in the aggregate, change of control (as defined in the applicable borrower’s New Facility), nonpayment of monetary judgments of \$75 million or more, and the occurrence of certain Employee Retirement Income Security Act of 1974 and bankruptcy events.

Copies of each New Facility are filed as Exhibits 99.01, 99.02, 99.03, 99.04 and 99.05 hereto and are incorporated by reference herein. The description of the New Facilities above is qualified in its entirety by reference to the full text of each New Facility.

Item Financial Statements and Exhibits.
