INFORMATION CONCERNING SOLICITATION AND VOTING

Purposes of the Special Meeting

The purposes of the Special Meeting are to: (i) approve an amendment to our articles of incorporation to increase the authorized number of shares of common stock; and (ii) transact such other business as may properly come before the Special Meeting or any adjournment thereof.

Shareholders Entitled to Vote; Record Date

Only holders of record of RiceBran Technologies' Common Stock (Common Stock) at the close of business on April 10, 2014 (Record Date) are entitled to notice of and to vote at the Special Meeting. As of the Record Date, there were 3,031,860 shares of Common Stock outstanding.

Internet Availability of Proxy Materials

Pursuant to rules adopted by the SEC, the Company has elected to provide access to its proxy materials via the Internet. Accordingly, the Company is sending a Notice of Internet Availability of Proxy Materials (Notice) to the Company's shareholders. All shareholders will have the ability to access the proxy materials on the website referred to in the Notice or request to receive a printed set of the proxy materials. Instructions on how to access the proxy materials over the Internet or to request a printed copy may be found in the Notice. In addition, shareholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis. The Company encourages shareholders to take advantage of the availability of the proxy materials on the Internet to help reduce the environmental impact of its shareholder meetings.

The Notice will provide you with instructions regarding how to view on the Internet the Company's proxy materials for the Special Meeting. The Company's proxy materials are also available on the Company's website at

[www.ricebrantech.com/InvestorRelations](http://www.ricebrantech.com/InvestorRelations).

#### Revocability of Proxies

You may change your proxy instructions at any time prior to the vote at the Special Meeting. For shares held directly in your name, you may accomplish this by voting again via the Internet or by telephone, by executing a new proxy card or voting instruction card with a later date (which automatically revokes the earlier proxy) and delivering it to the Secretary of the Company at or prior to the taking of the vote at the Special Meeting or by attending the Special Meeting and voting in person. Attendance at the Special Meeting will not cause your previously granted proxy to be revoked unless you specifically so request. Please note, however, that if a shareholder has instructed a broker, bank or nominee to vote his, her or its shares of our common stock, the shareholder must follow the directions received from the broker, bank or nominee to change the shareholder's instructions. In the event of multiple online or telephone votes by a shareholder, each vote will supersede the previous vote and the last vote cast will be deemed to be the final vote of the shareholder, unless such vote is revoked in person at the Special Meeting according to the revocability instructions outlined above.

## Voting Procedures

You may vote by mail. If you are a registered shareholder (that is, if you hold your stock directly and not in street name), you may vote by mail by completing, signing and dating the accompanying proxy card and returning it in the enclosed postage prepaid envelope. Your proxy will then be voted at the Special Meeting in accordance with your instructions.

You may vote by telephone or on the Internet. If you are a registered shareholder, you may vote by telephone or on the Internet by following the instructions included on the proxy card. Shareholders with shares registered directly with American Stock Transfer and Trust Company, LLC, our transfer agent, may vote (i) on the Internet at the following web address: <http://www.voteproxy.com> or (ii) by telephone by dialing the toll-free number in the Notice. If you vote by telephone or on the Internet, you do not have to mail in your proxy card. If you wish to attend the meeting in person, however, you will need to bring valid picture identification with you. Internet and telephone voting are available 24 hours a day. Votes submitted through the Internet or by telephone must be received by 11:59 p.m. (Eastern Time) on the day before the meeting date.

You may vote in person at the meeting. If you are a registered shareholder and attend the meeting (please remember to bring your valid picture identification, admission ticket or other acceptable evidence of stock ownership as of the record date), you may deliver your completed proxy card in person. If your shares are held in the name of your broker or other nominee, you are considered the beneficial owner of shares held in your name. In that case if you wish to vote at the meeting, you will need to bring with you to the meeting a legal proxy from your broker or other nominee authorizing you to vote these shares, along with valid picture identification.

If you are a beneficial owner of shares registered in the name of your broker, bank, or other agent, you should have received a voting card and voting instructions with these proxy materials from that organization rather than from us. Your bank or broker may permit you to vote your shares electronically by telephone or on the Internet. A large number of banks and brokerage firms participate in programs that offer telephone and Internet voting options. If your shares are held in an account at a bank or brokerage firm that participates in such a program, you may vote those shares electronically by telephone or on the Internet by following the instructions set forth on the voting form provided to you by your bank or brokerage firm.

These Internet and telephone voting procedures, which comply with California law, are designed to authenticate shareholders' identities, allow shareholders to vote their shares and confirm that shareholders' votes have been recorded properly. Shareholders voting via either telephone or the Internet should understand that there may be costs associated with electronic access, such as usage charges from Internet access providers and telephone companies that must be borne by the shareholder using such services. Also, please be aware that we are not involved in the operation of these voting procedures and cannot take responsibility for any access, Internet or telephone service interruptions that may occur or any inaccuracies, erroneous or incomplete information that may appear.

## Voting and Solicitation

On all matters, each share of Common Stock outstanding on the Record Date entitles its owner to one vote.

Expenses of solicitation of proxies will be borne by us. We may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation materials to such beneficial owners. Proxies may also be solicited by certain of our directors, officers and regular employees, without additional compensation, personally or by telephone, telegram or letter. We may engage the services of a professional proxy solicitation firm to aid in the solicitation of proxies from certain brokers, bank nominees and other institutional owners. Our costs for such services, if retained, will not be material.

Quorum; Abstentions; Broker Non-votes

A majority of the shares of Common Stock outstanding on the Record Date and entitled to vote must be present, in person or represented by proxy, to constitute the required quorum for the transaction of business at the Special Meeting. Shares that are voted "FOR," "AGAINST," or "ABSTAIN" are treated as being present at the meeting for purposes of establishing a quorum. Shares that are voted "FOR" or "AGAINST" a matter will also be treated as shares entitled to vote (Votes Cast) with respect to such matter. The affirmative vote of a majority in voting power of all of our outstanding shares of common stock is required to approve the amendment of our articles of incorporation to increase the authorized number of shares of our Common Stock.

While there is no definitive statutory or case law authority in California as to the proper treatment of abstentions or broker "non-votes", we believe that both abstentions and broker "non-votes" should be counted for purposes of determining the presence or absence of a quorum for the transaction of business. We further believe that neither abstentions nor broker "non-votes" should be counted as shares "represented and voting" with respect to a particular matter for purposes of determining the total number of Votes Cast with respect to such matter. In the absence of controlling precedent to the contrary, we intend to treat abstentions and broker "non-votes" in this manner. Accordingly, abstentions and broker "non-votes" will not affect the determination as to whether the requisite majority of Votes Cast has been obtained with respect to a particular matter. A broker "non-vote" occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner.

PROPOSAL ONE

AMENDMENT OF ARTICLES OF INCORPORATION TO INCREASE THE AUTHORIZED NUMBER OF SHARES OF COMMON STOCK

Our board of directors has unanimously approved, subject to shareholder approval, an amendment to our articles of incorporation to increase the number of authorized shares of our common stock from 6,000,000 to 25,000,000 (Common Stock Amendment) for general corporate purposes.

If the Common Stock Amendment is approved by our shareholders at the Special Meeting, we intend to file the amendment to our articles of incorporation as soon as practicable following the Special Meeting. The Common Stock Amendment would become effective upon the filing of the Certificate of Amendment (in the form attached as Appendix A) with the Secretary of State of California.

Shares Currently Outstanding or Reserved

Our articles of incorporation currently authorize us to issue 6,000,000 shares of common stock. As of April 7, 2014, 3,031,860 shares of common stock were issued and outstanding and 4,146,454 shares of common stock were reserved for issuance upon the exercise of outstanding stock options (both vested and unvested) and warrants (both exercisable and unexercisable). As a result, we currently have 1,178,314 more shares reserved for issuance than are authorized for issuance under our articles of incorporation. In addition to the above, we may issue additional shares of our common stock following the date of this proxy statement.

Upon shareholder approval of the proposal to increase our authorized shares of common stock, we have the following obligations to issue shares of our common stock:

- 933,076 shares of our common stock to the convertible note holders to convert the notes issued under the Note and Warrant Purchase Agreement dated March 20, 2014 (the Note and Warrant Purchase Agreement);
- 1,554,734 shares of our common stock to certain warrant holders who agreed on November 13, 2013 to exchange warrants to purchase 496,060 shares of common stock for shares of our common stock (the Exchange); and
- 134,250 shares of our common stock to an investor in connection with the purchase of a \$200,000 note on November 13, 2013 and an additional \$300,000 note on November 26, 2013.

Upon issuing shares of our common stock to certain warrant holders under the Exchange, we will also be required to issue common stock to convert the promissory notes issued to the shareholders of H&N Distribution, Inc. (H&N) in connection with our recent acquisition of H&N. On January 2, 2014, we purchased 100% of H&N capital stock for \$2.0 million plus a promissory note for up to \$3.25 million (subject to adjustment pursuant to the purchase agreement) and with an annual interest rate of 1%. In the event we issue common stock under the Exchange, we are required to pay the notes in our common stock. The number of shares issued to the H&N shareholders under the notes will be based on the volume weighted average price (VWAP) of our common stock for the thirty trading days ending on the second business day immediately before our election to pay the note in shares of our common stock, but in no event shall such price be lower than \$6.00 or higher than \$12.00.

In the event the issuance of shares under the Exchange or the issuance of shares pursuant to the conversion of the H&N promissory notes (the Conversion) constitutes an issuance of 20% or more of our outstanding shares of common stock, we will also be required to obtain shareholder approval of the Exchange or the Conversion, as applicable, in accordance with the current NASDAQ Capital Market listing requirements before issuing all of the shares under the

Exchange or pursuant to the Conversion, as applicable. In the event the issuance of shares under the Exchange or the Conversion does constitute an issuance of 20% or more of our outstanding shares of common stock, we may issue shares under the Exchange or the Conversion, as applicable, on a pro rata basis up to 19.9% of our outstanding shares prior to seeking shareholder approval on such issuances.

### Rationale for Proposed Charter Amendment

Our Board has determined that an increase to 25,000,000 authorized common stock will allow us to (i) issue 933,076 shares to convertible note holders to convert their notes in accordance with the terms of the Note and Warrant Purchase Agreement, (ii) issue 1,554,734 shares to warrant holders who agreed to exchange their warrants for shares of our common stock under the exchange agreement dated November 13, 2013, (iii) issue 134,250 shares to a note holder in connection with his purchase of notes in November 2013, and (iv) to pay the \$3.25 million promissory note issued to H&N shareholders in connection with our acquisition of H&N in shares of our common stock.

In the event the proposal to increase our authorized number of shares of common stock is not approved by our shareholders or another similar proposal is not approved by July 1, 2014, the interest rate on certain notes held by certain warrant holders will increase from 5% to 10%. We also would be forced to pay the promissory note issued to the H&N shareholders in cash, and we would be required to make equal quarterly payments commencing on March 31, 2015 and ending on December 31, 2018. During this payment period, the annual interest rate under the promissory notes issued to H&N shareholders will increase from 1% to 5% and shall further increase to 10% following January 31, 2016. Finally, we would be unable to convert the convertible notes issued under the Note and Warrant Purchase Agreement which would require us to satisfy the outstanding obligations of these notes in cash by July 31, 2016. If these notes are not converted into shares of common stock by September 1, 2014, the interest rate on these notes will increase from 5% to 15%.

The increase in our authorized shares also will give us greater flexibility for possible future financings, joint ventures and/or mergers and acquisitions of the businesses or assets of other companies. Without such increase, we may be required to obtain shareholder approval to increase our authorized shares in connection with such transactions which may delay, perhaps substantially, or even cause the loss of, a transaction. Although we do not have any current proposals or arrangements to engage in any such transaction that would require these additional shares, we continue to actively explore various business opportunities.

In addition, without an increase in our authorized shares of common stock, we may be constrained in our ability to use equity as a component of compensation to attract and retain key personnel under any future employee stock benefit plans. Our Board believes that these types of grants are essential to attract, retain and motivate employees.

If the Common Stock Amendment is approved, the additional 19,000,000 shares of common stock that would be authorized would be available for issuance without further shareholder action, unless such action is otherwise required by California law or any stock exchange on which our common stock is listed or quoted. Such shares could be issued directly, or could be reserved for issuance and then issued pursuant to the exercise of warrants or options, or conversion of preferred stock or convertible promissory notes, that could be granted or issued in the future. In the event that our Board determines to issue additional shares of common stock, it intends, in accordance with its fiduciary duties, to issue any such shares on terms that it considers to be in the best interests of the Company and our shareholders.

### Effects of the Increase in Authorized Common Stock

The additional authorized shares would be part of the existing class of our common stock and would not affect the terms of our outstanding common stock or the rights of the holders of our common stock. Current shareholders will not have automatic rights to purchase any of the additional authorized shares to maintain their proportionate equity interests in the Company.

**Dilution.** The issuance in the future of such additional authorized shares may have the effect of diluting the earnings per share and book value per share, as well as the stock ownership and voting rights, of the currently outstanding

shares of common stock. In addition, the issuance or potential issuance of additional shares of common stock may have a depressive effect on the market price of our common stock.

**Anti-Takeover.** The increase in the authorized number of shares of common stock could have possible anti-takeover effects. These authorized but unissued shares could (within the limits imposed by applicable law) be issued in one or more transactions that could make a change of control of the Company more difficult, and therefore more unlikely. The additional authorized shares could be used to discourage persons from attempting to gain control of the Company by diluting the voting power of shares then outstanding or increasing the voting power of persons that would support the Board in a potential takeover situation, including by preventing or delaying a proposed business combination that is opposed by the Board although perceived to be desirable by some shareholders. The Board does not have any current knowledge of any effort by any third party to accumulate our securities or obtain control of the Company by means of a merger, tender offer, solicitation in opposition to management or otherwise.

**No Appraisal Rights.** Our shareholders are not entitled to dissenters' or appraisal rights under California corporate law with respect to the proposed amendment to our articles of incorporation to increase the authorized number of shares, and we will not independently provide the shareholders with any such right.

Recommendation of the Board of Directors

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE PROPOSAL TO AMEND OUR ARTICLES OF INCORPORATION TO INCREASE THE AUTHORIZED NUMBER OF SHARES OF COMMON STOCK.**
