NOTE 1 - BASIS OF PRESENTATION AND GOING CONCERN

Basis of presentation:

The accompanying unaudited condensed consolidated interim financial statements have been prepared in accordance with the rules and regulations of the Securities and Exchange Commission for the presentation of interim financial information, but do not include all the information and footnotes required by generally accepted accounting principles for complete financial statements. The audited consolidated financial statements for the year ended December 31, 2003 were filed on May 24, 2004 with the Securities and Exchange Commission and is hereby referenced. In the opinion of management, all adjustments considered necessary for a fair presentation have been included. Operating results for the nine-month period ended September 30, 2004 are not necessarily indicative of the results that may be expected for the year ended December 31, 2004.

Going concern:

The accompanying financial statements of Secured Diversified Investment, Ltd. (the "Company" or "SDI") are prepared using generally accepted accounting principles applicable to a going concern, which contemplates the realization of assets and liquidation of liabilities in the normal course of business. The Company since its inception has sustained net losses. Cash reserves are low and currently the Company's operations do not generate enough cash to cover its costs or to execute its business plan. Management intends to refinance existing properties and use the proceeds to fund operating shortfalls. There are no assurances that the refinancing will occur or that the cash it generates will be adequate to meet the Company's cash requirements. In addition, the Company intends to raise additional funds through a private placement of its securities. However, there are no assurances that the Company will be successful in this or any of its endeavors or become financially viable and continue as a going concern.

NOTE 2 - NATURE OF OPERATIONS

The Company was incorporated under the laws of the state of Utah on November 22, 1978. On July 23, 2002, the shareholders approved a change in domicile from Utah to Nevada. In accordance with Nevada corporate law, a change of domicile is effected by merging the foreign corporation with and into a Nevada corporation. On August 9, 2002, a merger between the Company and Book Corporation of America was completed. Upon completion of the merger Book Corporation of America was dissolved. On September 18, 2002, the OTCBB symbol for the Company's common stock was changed from BCAM to SCDI. The shareholders also approved amendments to the Company's Articles of Incorporation to change the par value of the Company's Common Stock from \$.005 to \$.001 and to authorize 50,000,000 shares of Preferred Stock, par value \$0.01. On November 15, 2002, the Company changed its fiscal year end from October 31 to December 31.

During 2002, the Company began pursuing the acquisition of ownership interests in real estate properties that are geographically and functionally diverse in order to be more stable and less susceptible to devaluation resulting from regional economic downturns and market shifts. Currently, the Company owns

shopping centers in Dickinson, North Dakota; Las Vegas, Nevada; and Orange, California; the Company also owns a single story office building in Newport Beach, California, and a hotel in Dickinson, North Dakota. The Company is currently focusing on acquiring properties in markets with strong regional economies.

NOTE 3 - SIGNIFICANT ACCOUNTING POLICIES

Consolidation. The accompanying consolidated financial statements include the accounts of the Company and its wholly and majority owned subsidiaries, which include Diversified Commercial Brokers (DCB) LLC (53.9%) - owner of 5030 Campus; Nationwide Commercial Brokers, Inc. (100%) - with limited operations to date; Dickinson Management, Inc. (100%) - manager of the Hospitality Inn; Spencer Springs LLC (87%) - owner of the Spencer Springs shopping center; Decatur Center LLC (100%) - an inactive company; and Diversified Commercial Mortgage LLC (100%) - an inactive company. All material inter-company transactions and balances have been eliminated.

Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures; for example, the estimated useful lives of assets and the fair value of real property. Accordingly, actual results could differ from those estimates.

Credit and concentration risk. The Company maintains deposit accounts in numerous financial institutions. From time to time, cash deposits may exceed Federal Deposit Insurance Corporation limits. No single institution holds more than the federally insured limit.

Revenue recognition. The Company's revenues are derived from rental income and from room and food revenues from hotel operations. Rental and hotel revenues are recognized in the period services and goods are provided.

Cash and cash equivalents. The Company considers all short term, highly liquid investments, that are readily convertible to known amounts within ninety days as cash equivalents. The Company currently has no such investments.

Restricted cash. The Company is required by a lender to maintain a \$70,000 deposit in a bank account at the lenders financial institution. The deposit and 1st trust deed on real property serve as collateral for the loan. The deposit is returnable subject to the borrower meeting certain payment and financial reporting conditions.

Property and equipment. Property and equipment are depreciated over the estimated useful lives of the related assets. Leasehold improvements are amortized over the lesser of the lease term or the estimated life of the asset. Depreciation and amortization is computed on the straight-line method. Repairs and maintenance are expensed as incurred.

Investments. The equity method of accounting is used for all investments in associated companies in which the company's interest is 20% or more. Under the equity method, the Company recognizes its share in the net earnings or losses of these associated companies as they occur rather than as dividends are received. Dividends received are accounted for as a reduction of the investment rather than as dividend income. Losses from the equity investments reduce receivables from the associated companies.

Fair value. The carrying value for cash, prepaid, and accounts payable and accrued liabilities approximate fair value because of the immediate or short-term maturity of these financial instruments. Based upon the borrowing rates currently available to the Company for loans with similar terms and

average maturities, the fair value of long-term debt approximates its carrying value.

Edgar Filing: SECURED DIVERSIFIED INVESTMENT LTD - Form 10QSB

Impairment. The Company adopted SFAS 144, "Accounting for the Impairment and Disposal of Long-Lived Assets," which requires long-lived assets be reviewed for impairment whenever circumstances indicate the carrying value may not be recoverable.

Issuance of shares for service. The Company accounts for the issuance of equity instruments to acquire goods and services. The stocks were valued at the average fair market value of the freely trading shares of the Company as quoted on OTCBB on the date of issuance.

Loss per share. Basic loss per share is based on the weighted average number of common shares outstanding during the period. Diluted loss per share reflects the potential dilution that could occur if securities or other contracts to issue common stock were exercised or converted into common stock. At September 30, 2004 and 2003, all potential common shares are excluded from the computation of diluted loss per share, as the effect of which was antidilutive.

Reclassification. For comparative purposes, prior period's consolidated financial statements have been reclassified to conform to report classifications of the current period.

Recent accounting pronouncements. In June 2003, the FASB approved SFAS 150, "Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity". SFAS 150 establishes standards for how an issuer classifies and measures certain financial instruments with characteristics of both liabilities and equity. This Statement is effective for financial instruments entered into or modified after May 31, 2003, and otherwise is effective at the beginning of the first interim period beginning after June 15, 2003. The Company's financial position reflects the effects of classifying certain mandatorily redeemable equity instruments as liabilities.

In December 2003, the Financial Accounting Standards Board (FASB) issued a revised Interpretation No. 46, "Consolidation of Variable Interest Entities" (FIN 46R). FIN 46R addresses consolidation by business enterprises of variable interest entities and significantly changes the consolidation application of consolidation policies to variable interest entities and, thus improves comparability between enterprises engaged in similar activities when those activities are conducted through variable interest entities. The Company does not hold any variable interest entities.

In March 2004, the Emerging Issues Task Force ("EITF") reached a consensus on Issue No. 03-1, "The Meaning of Other-Than-Temporary Impairment and its Application to Certain Investments." The EITF reached a consensus about the criteria that should be used to determine when an investment is considered impaired, whether that impairment is other-than-temporary, and the measurement of an impairment loss and how that criteria should be applied to investments accounted for under SFAS No. 115, "ACCOUNTING IN CERTAIN INVESTMENTS IN DEBT AND EQUITY SECURITIES." EITF 03-01 also included accounting considerations subsequent to the recognition of an other-than-temporary impairment and requires certain disclosures about unrealized losses that have not been recognized as other-than-temporary impairments. Additionally, EITF 03-01 includes new disclosure requirements for investments that are deemed to be temporarily impaired. In September 2004, the Financial Accounting Standards Board (FASB) delayed the accounting provisions of EITF 03-01; however the disclosure

requirements remain effective for annual reports ending after June 15, 2004. The Company will evaluate the impact of EITF 03-01 once final guidance is issued.

In April of 2004, the EITF reached consensus on the guidance provided in EITF Issue No. 03-6, "Participating Securities and the Two-Class Method under SFAS

Edgar Filing: SECURED DIVERSIFIED INVESTMENT LTD - Form 10QSB

No. 128 Earnings Per Share" ("EITF 03-6"). EITF 03-6 clarifies whether a security should be considered a "participating security" for purposes of computing earnings per share ("EPS") and how earnings should be allocated to a "participating security" when using the two-class method for computing basic EPS. The adoption of EITF 03-6 does not have a significant impact on the Company's financial position or results of operations.

In May of 2004, the FASB revised FASB Staff Position ("FSP") No. 106-1, "Accounting and Disclosure Requirements Related to the Medicare Prescription Drug, Improvement and Modernization Act of 2003" and issued FSP No. 106-2, "Accounting and Disclosure Requirements Related to the Medicare Prescription Drug, Improvement and Modernization Act of 2003" ("FSP No. 106-2"). FSP 106-2 provides accounting guidance to the employers who sponsor post retirement health care plans that provide prescription drug benefits; and the prescription drug benefit provided by the employer is "actuarially equivalent" to Medicare Part D and hence qualifies for the subsidy under the Medicare amendment act. The adoption of FSP 106-2 does not have a significant impact on the Company's financial position or results of operations.

SEC Staff Accounting Bulletin (SAB) No. 105, "APPLICATION OF ACCOUNTING PRINCIPLES TO LOAN COMMITMENTS," summarizes the views of the staff of the SEC regarding the application of generally accepted accounting principles to loan commitments accounted for as derivative instruments. SAB No.105 provides that the fair value of recorded loan commitments that are accounted for as derivatives under SFAS No. 133, "ACCOUNTING FOR DERIVATIVE INSTRUMENTS AND HEDGING ACTIVITIES," should not incorporate the expected future cash flows related to the associated servicing of the future loan. In addition, SAB No. 105 requires registrants to disclose their accounting policy for loan commitments. The provisions of SAB No. 105 must be applied to loan commitments accounted for as derivatives that are entered into after March 31, 2004. The adoption of this accounting standard does not have a material impact on the Company's financial statements.

On August 19, 2004, the Company obtained a written consent from the holders of a majority of its outstanding shares of Common Stock and Series B Preferred Stock to amend the Certificate of Designation. Such consent amends the terms of the Series B Preferred Stock to permit the Board of Directors to permit conversion of the Series B Preferred Stock into Common Stock prior to the expiration of the two-year prohibition on conversion. All 250,000 shares of Series C Preferred Stock also consented to the amendment. The amendment to the Certificate of Designation became effective October 28, 2004.

During the nine month period ended September 30, 2004, the Company had the following equity transaction:

The Company assumed unpaid payroll taxes attributable to the Hospitality Inn in the amount of \$50,000. These payroll taxes were paid during the quarter ended September 30, 2004.

Officer employment agreements. During 2003, the Company executed employment agreements with its officers that extend through 2006. The employment agreements

provide for the issuance of common stock and options vesting over the term of the agreement and expire 10 years from the date of grant. The Board did not approve the Stock Incentive Plan until late in 2003; therefore, no options were granted or stock issued during 2003. The options, once granted, are convertible to common stock at \$0.15/share. Twenty-five percent of the options vest immediately and the remaining options vest ratably over the term of the agreements on each officer's anniversary date. Under the terms of the agreements, the Company is obligated to issue 1,100,000 shares of common stock and grant 2,500,000 options. At September 30, 2004, approximately \$432,117 in officers' salaries and \$12,347 in Directors' compensation were unpaid. No amount was expensed related to the options to be granted as the exercise price per share exceeded the market price per share on the effective date of grant.

Liquidity and Capital Resources

Capital Resources

As stated in financial statement Note 1 Going Concern, the Company does not have significant cash or other liquid assets, nor does it have an established source of revenues sufficient to cover its operating costs and to allow it to

Edgar Filing: SECURED DIVERSIFIED INVESTMENT LTD - Form 10QSB

continue as a going concern. Moreover, the Company does not currently possess a financial institution source of financing. The Company anticipates that it will be dependent for a significant period of time on additional investment capital to fund operating expenses, to meet debt service obligations, and to fund additional property acquisitions before achieving profitability. Since its inception, the Company has covered its capital requirement shortfall through additional financing from its control shareholders and by borrowings from independent third parties secured by real estate. Because of the Company's current negative equity position, fund-raising from non-affiliated third parties may be difficult resulting in continued reliance upon funding from its control shareholders. These control shareholders, however, are under no obligations and have made no commitments to continue to fund the Company.

At September 30, 2004, the Company had \$69,729 of cash and cash equivalents as compared to \$135,476 of cash and cash equivalents at September 30, 2003, to meet its immediate short-term liquidity requirements. This decrease in cash and cash equivalents resulted primarily from the use of cash for operating activities.

Operating cash flows are expected to increase as additional properties and investments in unconsolidated real estate are added to the Company's portfolio. Cash and cash equivalents decreased since June 30, 2004 primarily as a result of the Company's administrative and operating expenses.

To date, the Company has paid no dividends and does not anticipate paying dividends into the foreseeable future.

Cash Flows from Operating Activities

Net cash used by operating activities was \$189,492 for the nine months ended September 30, 2004 compared to net cash used by operating activities of \$29,611 for the nine months ended September 30, 2003. This increase in cash provided by operating activities relative to the prior period was primarily due to the Company's acquired real estate holdings and expenses relating to audit, legal and expanded compliance with federal and state securities laws.

Although management expects the cash flows from The Cannery West shopping center to increase, total cash flows from operating activities are expected to decrease in the short term until suitable replacement properties are acquired to replace the sale of Spencer Springs and The Hospitality Inn. Management is currently considering potential opportunities to acquire real estate. The decision to acquire one or more properties or investments in unconsolidated real estate will generally depend upon (i) receipt of a satisfactory environmental survey and property appraisal, (ii) an absence of any material adverse change

relating to the property, its tenants, or local economic conditions, and (iii) adequate financing. There is no assurance that any of these conditions will be satisfied or, if satisfied, that the Company will purchase any additional properties or make any further investments in unconsolidated real estate.

Cash Flows From in Investing Activities

Net cash used by investing activities amounted to \$7,104 for the nine months ended September 30, 2004 compared to net cash provided by investing activities of \$58,941 for the nine months ended September 30, 2003.

At September 30, 2004, the Company does not have any material planned capital expenditures resulting from any known demand based on existing trends. However, management may conclude that expenditures to improve properties are necessary and/or desirable.

Edgar Filing: SECURED DIVERSIFIED INVESTMENT LTD - Form 10QSB

Cash Flows from Financing Activities

Cash provided by financing activities amounted to \$140,780 for the nine months ended September 30, 2004 compared to \$112,204 provided by financing activities for the nine months ended September 30, 2003. The primary reason for the decrease was less proceeds from notes and the sale of preferred stock.

The Company intends to acquire additional properties and make additional investments in unconsolidated real estate and may seek to fund these acquisitions through proceeds received from a combination of subsequent equity offerings, debt financings or asset dispositions.

Item 3. Controls and Procedures

(a) Evaluation of Disclosure Controls and Procedures.

The Company's Chief Executive Officer and Chief Financial Officer have conducted an evaluation of the Company's disclosure controls and procedures as of a date (the "Evaluation Date") within 90 days before the filing of this quarterly report. Based on their evaluation, the Company's Chief Executive Officer and Chief Financial Officer have concluded that the Company's disclosure controls and procedures are effective to ensure that information required to be disclosed by the Company in reports that it files or submits under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported within the time periods specified in the applicable Securities and Exchange Commission rules and forms.

On August 19, 2004, the Company also entered into a Stock Purchase Agreement with Seaside Investments, PLC, an Investment Company located in

Edgar Filing: SECURED DIVERSIFIED INVESTMENT LTD - Form 10QSB

London, England. The stock Purchase Agreement provides that the Company will issue and sell up to 1,400,000 shares of restricted common stock in exchange for a number of Seaside Ordinary Shares. The number of Ordinary Shares to be received will be determined by the fair market value of the Company common stock divided by (pound)1. The fair market value of Company common stock will be the average trading price during the ten trading days preceding the Closing. The Closing is conditioned upon Seaside completing the listing of its Ordinary Shares of the London Stock Exchange. The listing was expected to occur on or before September 30, 2004 but has not been accomplished as of November 12, 2004. The Company agreed to extend the date for closing until October 31, 2004, but has not agreed to any further extensions. Currently, the Company may terminate this agreement and withdraw from the transaction without liability, but has not made any decision to do so.

After the Closing, it is anticipated that Seaside will own less than 10% of the outstanding shares of Company common stock and, therefore, will not be deemed to be an affiliate of the Company as such term is defined in the rules and regulations of the Securities and Exchange Commission.

Commencing in the month during which the Seaside Ordinary Shares are listed on the London Stock Exchange, the Company may sell up to 10% of the Ordinary Shares. Any shares eligible for sale but not sold, may be cumulated and sold in the following month.

Seaside may not sell the Company's common stock for a period of one year. The Company has agreed to register the shares of common stock for resale by Seaside within one year. If such registration is not timely made, the Company will incur liquidated damages of 3% of the total outstanding shares of Company common stock. Commencing one year after the closing, in any calendar month Seaside may sell shares of Company common stock equal to 15% of the prior month's trading volume; however, Seaside may also sell blocks of 50,000 shares that will not be included in such 15%.

Seaside will withhold and place into escrow with its counsel, 30% of the Seaside Ordinary Shares that the Company would otherwise receive (the "Downside Protection Shares"). If the shares of Company common stock sold to Seaside declines in value prior to the date that is one year after the Closing, then Seaside will retain one percent of the Downside Protection Shares for each one percent decline in the price of Company common stock. If no decline occurs, the Downside Protection Shares will be delivered to the Company.

The Company has engaged Hunter Wise Financial Group, Inc. as an advisor in this transaction and has agreed to pay a fee equal to five percent of the Ordinary Shares received (including the Downside Protection Shares) and five percent of the shares of Company common stock issued to Seaside. As a result, the Company has issued into escrow 70,000 shares of Common Stock which will be earned upon closing.

The Company and Seaside have not previously engaged in any material relationship and Seaside is not, as of the date of the Agreement, an affiliate.

Round II Inc.

On August 19, 2004, the Company entered into an Investor Relations Agreement with Round II Inc. and its principal, Andrew Austin, El Cajon, California, pursuant to which the Company will issue 500,000 shares of restricted common stock to Round II in exchange for providing various investor relations services. Additionally, the Company will pay Round II \$1,500 per month to cover expenses of such activities. The Company and Round II have not previously engaged in any material relationship and Round II is not an affiliate of the Company.

William S. Biddle and Sumiye Leonard.

Biddle and Sumiye Leonard as consideration for the extension of the maturity date on the loan in the principal amount of \$150,000 bearing interest at the annual rate of 12%. The loan would otherwise become due and payable in August 2004. Mr. Biddle is a director of the Company and Sumiye Leonard is a former director and together with her husband, Robert Leonard, owns more than 10% of the outstanding shares of common stock of the company.

All of the shares identified above were issued without registration under the Securities Act of 1933 in reliance on an exemption from registration provided under Section 4(2) of the Securities Act, and from similar applicable state securities laws, rules and regulations exempting the offer and sale of these securities by available state exemptions.
