The registrant is in the process of preparing and reviewing the financial information of the registrant. (3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof? : Yes No

For the quarter ended March 31, 2004, the registrant had revenues of \$643,678 and net loss of \$583,728. For the quarter ended March 31, 2005, the registrant currently estimates that it had revenues of approximately \$262,000 and a net loss of approximately \$1,073,000. Results for the 2005 fiscal year remain subject to further adjustment and actual results may differ significantly from the foregoing estimates.

This decrease in revenue of \$382,000 or 59% is primarily attributed to the following:

- o the steps we made to address our limited funding that included reductions of our sales, marketing and client consultant staffs that resulted in less installations
- o concerns from the market regarding the viability of the company's ability to continue as a going concern, particularly with respect to the pending foreclosure suit with PNC Bank, which was finally paid off and satisfied on March 31, 2005.
