EARTHSHELL CORPORATION

PROXY STATEMENT
FOR
ANNUAL MEETING OF STOCKHOLDERS
JULY 21, 2005

This Proxy Statement is furnished to the stockholders of EarthShell Corporation, a Delaware corporation (the "Company"), in connection with the solicitation of proxies by the Board of Directors of the Company for use at the 2005 Annual Meeting of Stockholders (the "Annual Meeting") to be held at the Hotel Andalucia, 31 W. Carrillo Street, Santa Barbara, California, at 10:00 a.m. Pacific Daylight Time, on July 21, 2005, and at any and all adjournments or postponements thereof. This Proxy Statement and the form of proxy will be mailed on or about June 29, 2005 to all stockholders entitled to vote at the Annual

Edgar Filing: EARTHSHELL CORP - Form DEF 14A

Meeting.

The cost of the solicitation of proxies will be borne by the Company. In addition to solicitation by mail, directors and officers of the Company, without receiving any additional compensation, may solicit proxies personally or by telephone or telegraph. The Company will request brokerage houses, banks, and other custodians or nominees holding stock in their names for others to forward proxy materials to their customers or principals who are the beneficial owners of shares and will reimburse them for their expenses in doing so. The Company has retained the services of U.S. Stock Transfer Corporation to assist in the solicitation of proxies from brokerage houses, banks and other custodians or nominees holding stock in their names for others.

Record Date and Voting

On May 25, 2005, the record date for the determination of stockholders entitled to notice of, and to vote at, the Annual Meeting, the Company had 18,435,4542 shares of common stock, par value \$0.01 per share ("Common Stock"), outstanding. Presence at the Annual Meeting, in person or by proxy, of a majority of the outstanding shares of Common Stock will constitute a quorum for the transaction of business at the Annual Meeting or any adjournment thereof. Abstentions or broker non-votes are counted for purposes of determining the presence of a quorum for transaction of business. With regard to the election of directors, votes may be cast in favor or withheld; votes that are withheld will be excluded entirely from the vote and will have no effect. Broker non-votes are shares which are represented at the Annual Meeting which a broker or nominee has indicated it does not have discretionary authority to vote. A broker non-vote will generally have the effect of a negative vote.

Each such share of Common Stock is entitled to one vote on all matters properly brought before the meeting. The vote of a plurality of the shares cast in person or by proxy is required to elect a nominee for director. With respect to the election of each director at the Annual Meeting, each holder of Common Stock is entitled to vote the number of shares owned by such stockholder. The nominees who receive the greatest number of votes shall be elected to fill the vacancies on the Board. Stockholders are not permitted to cumulate their shares of Common Stock for the purpose of electing directors or otherwise.

Simon K. Hodson and D. Scott Houston, the persons named as proxy holders on the proxy card accompanying this Proxy Statement, were selected by the Board of Directors to serve in that capacity. Mr. Hodson is a director of the Company.

2

Unless contrary instructions are indicated on the proxy, all shares of Common Stock represented by valid proxies received pursuant to this solicitation (and not revoked in writing before they are voted) will be voted at the Annual Meeting FOR the nominees named below for election as directors. With respect to any other business, which may properly come before the Annual Meeting and be submitted to a vote of stockholders, proxies received by the Board of Directors will be voted in accordance with the best judgment of the designated proxy holders. Under the Company's Bylaws, stockholder proposals and nominations for persons for elections to the Board, other than those made by or at the direction of the Board, may be made at the Annual Meeting only pursuant to a timely notice in writing delivered or mailed to the Secretary of the Company at the Company's offices at 3916 State Street, Suite 110, Santa Barbara, California 93105 not later than the tenth day following the first public announcement of the Annual Meeting. A stockholder may revoke his or her proxy at any time before exercise by delivering to the Secretary of the Company a written notice of such revocation, by filing with the Secretary of the Company a duly executed proxy

Edgar Filing: EARTHSHELL CORP - Form DEF 14A

bearing a later date, or by voting in person at the Annual Meeting, provided that, in accordance with the Company's Bylaws, the stockholder has delivered to the Secretary a written notice of the stockholder's intention to revoke the proxy and vote in person prior to the voting of the proxy.

ELECTION OF DIRECTORS

The Board of Directors of the Company is currently comprised of seven members, four of whom will be standing for re-election and three of whom will not be standing for re-election. Two new director nominees have been nominated to replace those directors who are not standing for re-election. The Board of Directors plans to continue to search for another candidate who can be nominated to sit on the Board as an independent director. All directors are elected each year at the annual meeting of stockholders. In the absence of instructions to the contrary, the persons named as proxy holders in the accompanying proxy intend to vote in favor of the election of the nominees designated below to serve until the next annual meeting of stockholders and until their respective successors shall have been elected and qualified. The Board of Directors expects that each of the nominees will be available to serve as a director. If any nominee should become unavailable for election, the shares of Common Stock represented by the enclosed proxy may (unless such proxy contains instructions to the contrary) be voted for such other person or persons as may be determined by the proxy holders. Each of the nominee directors have been nominated by the Board of Directors.

Director Nominating Process

The Board's policy with respect to director nominations is to assess the appropriate size of the Board, and whether any vacancies are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Board considers various potential candidates for director. The Board also considers properly submitted stockholder nominations for candidacy for director.

The Board utilizes a variety of methods for identifying and evaluating director candidates. Candidates may come to the attention of the Board through its current members, stockholders or other persons. These candidates are evaluated at regular or special meetings, and may be considered at any point during the year. In evaluating all nominees, the Board considers a variety of criteria, including business experience and skills, independence, judgment, integrity, the ability to commit sufficient time and attention to Board

Edgar Filing: EARTHSHELL CORP - Form DEF 14A

activities and the absence of potential conflicts with the Company's interests

Any stockholder nominations proposed for consideration by the Board should include the nominee's name and qualifications for Board membership and should be addressed to EarthShell Corporation, 3916 State Street, Suite 110, Santa Barbara California 93105, Attention: Board of Directors. Following verification of the stockholder status of persons recommending candidates to the Board, recommendations are aggregated and considered by the Board at a regularly scheduled meeting. If any materials are provided by a stockholder in connection with the nomination of a director candidate, such materials are forwarded to the Board.

The Company's audit committee is to be comprised of at least three independent Directors. Mr. Gordon serves as chairman of the Audit Committee. The Board of Directors has determined that Mr. Gordon is an "audit committee financial expert" as that term is defined in Item 401(h)(2) of Regulation S-K in the Securities Exchange Act of 1934. The Conflicts Committee operates according to a written charter.

Audit Committee Report

The Audit Committee reviews the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process including the internal control system. The Company's independent auditors are responsible for expressing an opinion on the conformity of our audited financial statements to generally accepted accounting principles.

In this context, the Audit Committee has reviewed and discussed the audited financial statements with management and the independent auditors, and has also discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). The Audit Committee also received from the independent auditors the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and discussed with them their independence from the Company and its management. The Audit Committee has further considered whether, and determined that, the independent auditors' provision of non-audit services to the Company is compatible with the firm's independence.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2004 for filing with the Securities and Exchange Commission.

The above report of the Audit Committee shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933 or under the Securities Exchange Act of 1934, except to the extent that the Company specifically incorporates this information by reference, and shall not be deemed filed under such Acts.

Compensation of Directors

Under a compensation plan based on a study conducted by SCA Consulting LLC, the Board pays to each non-employee director an annual retainer fee of \$20,000, payable quarterly, plus a fee of \$1,000 for each regular meeting attended in person. Committee chairpersons receive an additional \$1,000 per year. All of the directors, except for Mr. Hodson, are currently considered to be non-employee directors of the Company.

8

The 1995 Stock Incentive Plan provides that each non-employee Director automatically be granted options to purchase 2,083 shares of the Company's Common Stock, effective at the conclusion of each annual meeting. All such stock options (i) vest ratably at 25% at the end of each calendar quarter following the grant, provided the director holding the options continues to serve as a director at the end of each such quarter, and (ii) have an exercise price equal to the "fair market value" of the underlying shares, which is defined in the 1995 Stock Incentive Plan as the closing trading price on the day before such annual meeting.

In April 2004, based on the financial condition of the Company, the Board of Directors unanimously agreed to defer the payment of the director fees discussed above until such time as the financial condition of the Company improves. Certain of the deferred directors' fees have been paid subsequent to December 31, 2004. As of June 15, 2005, the Company had outstanding accrued and unpaid directors' fees of approximately \$110,000. In June 2005, the Board granted to each of the Company's non-employee Directors who have served during the past year 10,000 restricted shares of the Company's common stock.

In June, 2005, Mr. Gordon was appointed to the Board to fill the vacancy created by the resignation of Dr. Roland. Mr. Gordon received an initial grant of 10,000 restricted shares of the Company's common stock.

9

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's officers and directors and persons who beneficially own more than 10% of the Company's Common Stock to file reports of ownership and changes in ownership on Forms 3, 4 and 5 with the SEC. Officers, directors and greater than 10% beneficial owners are required by the SEC to furnish the Company with copies of all Forms 3, 4 and 5 that they file. Based solely upon the Company's review of the copies of such forms it has received, and certain other information available to it, to the best of the Company's knowledge:

Edgar Filing: EARTHSHELL CORP - Form DEF 14A

EKI, a 10% beneficial owner, did not timely file one report reporting three conversions of debt. The conversions of debt were reported on November 15, 2004.

Mr. Khashoggi did not timely file one report reporting the gift of shares of Common Stock to each of his three children and one report reporting three conversions of debt by EKI, an affiliate of Mr. Khashoggi, described above. The gift was reported on May 20, 2005 and the conversions of debt by EKI were reported on November 10, 2004.

Mrs. Khashoggi did not timely file one report reporting her husband's gift of shares of Common Stock reported above and one report reporting three conversions of debt by EKI, an affiliate of Ms. Khashoggi, described above. The gift was reported on May 20, 2005 and the conversions of debt by EKI were reported on November 10, 2004.

Compensation Committee Interlocks and Insider Participation

All decisions relating to executive compensation during 2004 were made by the Company's Compensation Committee, which was comprised of Mr. Khashoggi, Mrs. Khashoggi and, until February 2, 2005 when he resigned, Dr. Roland on the Board of Directors, as appropriate. None of the members of the Compensation Committee were officers of the Company in 2004. Mr. Khashoggi is the controlling stockholder of EKI, the Company's principal stockholder with whom the Company has certain relationships and related transactions described below. Mr. Khashoggi is the beneficial owner of 39.25% of the Common Stock of the Company.

The Company has an exclusive, worldwide, royalty-free license in perpetuity to use and license the EKI technology to manufacture and sell disposable, single-use containers for packaging or serving food or beverages intended for consumption within a short period of time (less than 24 hours).

15

On July 29, 2002, the Company entered into an amendment to its Amended and Restated License Agreement with EKI for the license described above (the "License Agreement") expanding the field of use for the EarthShell technology to include noodle bowls used for packaging instant noodles, a worldwide market that the Company estimates to be approximately \$1 billion. Because the noodle bowl development was made at no cost to EarthShell and is an incremental field of use, EarthShell agreed to pay to EKI 50% of any royalty or other consideration it receives in connection with the sale of products within this particular field of use.

In addition, on July 29, 2002 the Company entered into a License & Information Transfer Agreement with bio-tec Biologische Naturverpackungen GmbH & Co. KG and bio-tec Biologische Naturverpackungen Forschungs und Entwicklungs GmbH, together known as "Biotec", a wholly owned subsidiary of EKI, to utilize Biotec's technology for foodservice disposable packaging applications, including food wraps and cutlery (the "Biotec Agreement"). EKI had previously granted to the Company priority rights to license certain product applications on an exclusive basis from Biotec in consideration for the Company's payment of a \$100,000 minimum monthly payment to Biotec. In addition, in consideration of the monthly payment, Biotec agreed to render technical services to the Company at Biotec's cost plus 5%. The licensing fee and services arrangements continued under the Biotec Agreement. Under the terms of the Biotec Agreement, Biotec is entitled to receive 25% of any royalties or other consideration that the Company receives in connection with the sale of products utilizing the Biotec technology, after applying a credit for all minimum monthly payments received to date. In connection with the issuance of the Company's 2% secured convertible

Edgar Filing: EARTHSHELL CORP - Form DEF 14A

debentures (the "2006 Debentures"), Biotec agreed to subordinate the licensee fee payments due from EarthShell until the debentures were retired.

During this period, the license fees due to Biotec were accrued. In September of 2004, as part of an overall restructuring of its debt, EarthShell and Biotec entered into an agreement to convert \$1.475 million of the \$2.475 million of accrued license fees as of September 1, 2004, plus accrued interest into 491,778 shares of EarthShell common stock and to eliminate, for two years, the \$100,000 per month minimum license fee. In December 2004, the agreement was amended and EarthShell paid to Biotec \$125,000, leaving a balance owing of \$875,000. During 2002 and January 2003, EKI made a series of loans to the Company totaling approximately \$5.8 million. In connection with the issuance and sale in March 2003 of the 2006 Debentures to a group of institutional investors, EKI agreed to subordinate the repayment of these loans to the payment in full of the Company's obligations under the 2006 Debentures. In addition, EKI and Biotec agreed to subordinate certain payments referenced above to which they were otherwise entitled under the License Agreement and the Biotec Agreement to the satisfaction in full of the Company's obligations under the 2006 Debentures. They further agreed not to assert any claims against the Company for breaches of the License Agreement or the Biotec Agreement until such time as the Company's obligations under the 2006 Debentures were satisfied in full. EKI and Biotec also agreed to allow the Company to pledge its interest in the License Agreement to secure its obligations under the 2006 Debentures, and certain additional concessions were made by EKI and Biotec to permit the Company greater flexibility in selling its rights under the License Agreement and the Biotec Agreement to third parties in an insolvency context. These rights terminated upon the satisfaction in full of the obligations under the 2006 Debentures in October 2004. In consideration for its willingness to subordinate the payments and advances that were owed to it, the Company issued to EKI in March 2003 a warrant to acquire 83,333 shares of the Company's common stock at a price of \$6.00 per share with a ten year term.

In October 2004, in connection with the settlement of the March 2006 Debentures, EKI converted all of its outstanding loans to EarthShell (\$2,755,000) into unregistered common stock at \$3 per share and \$532,644 of accumulated interest at \$4 per share for a total of 1,051,494 shares received by EKI. As of December 31, 2004, the loans from EKI to EarthShell had all been retired. In May 2005, an additional 44,387 shares were issued to EKI pursuant to a 90 day price protection clause, which provided for an adjustment in the effective conversion price of the interest portions of the EKI loans from \$4 per share to \$3 per share.

Under the terms of the License Agreement and an Amended and Restated Agreement for the Allocation of Patent Costs between the Company and EKI, any patents granted in connection with the EarthShell technology are the property of EKI, and EKI may utilize and/or license the patents and related technology in a manner or for uses unrelated to the license granted to the Company in the foodservice disposables field of use. Effective January 1, 2001, rather than reimbursing EKI for patent costs, EarthShell assumed direct responsibility to manage and maintain the patent portfolio underlying the License Agreement with EKI and continues to pay directly all relevant costs.

In July 2002, the Company extended a loan in the amount of \$55,000 to Mr. Vincent Truant, President and Chief Operating Officer. The loan, which bore interest at 7% per annum, was due upon demand by the Company. In May 2005, the Compensation Committee of the Board of Directors approved a bonus to Mr. Truant equal to the total principal amount and accrued interest, and the note was cancelled.

Edgar Filing: EARTHSHELL CORP - Form DEF 14A

In May 2005, the Company granted a warrant to EKI to purchase 1million shares of the Company's common stock at \$3 per share in consideration of EKI's continued support of the Company since its inception, including providing bridge loans at below market terms from time to time. The warrant expires in May of 2015.

COMPENSATION COMMITTEE REPORT

The Compensation Committee of the Board of Directors of EarthShell Corporation is pleased to present its annual report on executive compensation. This report describes the function of the Compensation Committee, the objectives of the Company's executive compensation program, the various components of compensation, and explains the basis upon which 2004 compensation determinations were made by the Compensation Committee with respect to the executive officers of the Company, including the Named Executive Officers, with the exception of Mr. Nevling, who was not an executive officer of the Company, and Mr. Hawks, who was not an executive officer of the Company as of the end of its 2004 fiscal year.

Compensation Committee Charter

The Compensation Committee is charged with the following responsibilities:

- o reviewing and recommending to the Board of Directors the annual base salary, bonus and other benefits for the senior executive officers of the Company;
- o reviewing and commenting on new executive compensation programs that the Company proposes to adopt;
- o periodically reviewing the results of the Company's executive compensation and perquisite programs to ensure that they are properly coordinated to yield payments and benefits that are reasonably related to executive performance;
- o helping to ensure that a significant portion of executive compensation is reasonably related to the long-term interests of the stockholders;
- o participating in the preparation of certain portions of the Company's annual proxy statement;
- o if necessary, hiring a compensation expert to provide independent advice on compensation levels; and
- o helping to ensure that the Company undertakes appropriate planning for management succession and advancement.

Compensation Components

The Company's executive compensation program consists of a mixture of base salary, cash bonuses and stock options. In determining the mix and total amount of compensation for each executive officer, the Compensation Committee subjectively considers each executive's overall value to the Company including past and expected contributions by the executive to the Company's goals. In addition, the Compensation Committee strives to balance short-term and long-term incentive compensation to achieve desired results.

Shortly following the Company's initial public offering in March 1998, anticipating that it would be hiring several new executives as part of its next stage of development, the Company commissioned SCA Consulting LLC ("SCA"), a Los

Edgar Filing: EARTHSHELL CORP - Form DEF 14A

Angeles based executive compensation consulting firm, to update its executive compensation strategy and total pay structure. As part of its assignment, SCA developed a study of the compensation practices of newly public, development stage companies. The Compensation Committee references this study as it administers each of the three components of its executive compensation program to ensure that its compensation practices are competitive and that the overall compensation package appropriately attracts, motivates, rewards, and retains key employees with outstanding abilities.

17

Base Salary. The Company has historically determined base salary for its executives based on qualifications, job requirements and competitive market salaries that such qualifications and job requirements command. As the Company grows, it will continue to rely on peer group competitive compensation practices to remain consistent and competitive in its compensation practices.

Salaries for executives are reviewed by the Compensation Committee on an annual basis and may be adjusted based upon their assessment of the individual's contribution to and financial growth of the Company as well as competitive pay levels. The Compensation Committee made no executive salary adjustments in 2004. In order to conserve cash until the Company is able to establish its royalty revenue stream, Mr. Hodson and Mr. Houston agreed to a 40% and 75% deferral in base salary, respectively, effective April 16, 2004. In October 2004, Mr. Houston's deferred salary percentage was changed to 33%.

The Company paid base compensation to Mr. Vincent Truant, President and Chief Operating Officer, in the amount of \$350,000 for his services to the Company during 2004. Mr. D. Scott Houston, Chief Financial Officer and Secretary received base compensation during 2004 of \$327,200, of which, Mr. Houston received \$ 184,978 in cash payments and \$142,222 was deferred, as described above. The base salary figures for Mr. Houston include a \$7,200 car allowance.

Bonus. Bonuses may be granted for a fiscal year after the financial results for that fiscal year become available. The Compensation Committee meets to consider annual bonuses for each executive based on individual performance as well as overall financial results of the Company for the year. There is no plan requiring that bonuses be paid. However, pursuant to their employment agreements, certain executive officers may be entitled to receive an annual bonus, the actual amount of which is determined in the sole discretion of the Compensation Committee.

The Compensation Committee also may consider bonus compensation in light of the accomplishment of specific milestones developed by management in support of the annual strategic plan.

In determining whether to grant management bonuses for 2004, the Compensation Committee considered both individual performance as well as the Company's overall performance. Although the Compensation Committee noted several significant individual and Company achievements during the year, in light of the delays the Company has experienced in commercializing the Company's technology as well as the financial condition of the Company, the Compensation Committee determined that no bonuses for 2004 would be granted.

Stock Options. The Stock Option Committee believes that significant equity interests in the Company in the form of stock options held by the Company's management serve to align the interests of the executive management team with those of stockholders. The Stock Option Committee may grant stock options and restricted stock to executives and other key employees of the Company pursuant to the 1995 Stock Incentive Plan, or may recommend that the Board of Directors

Edgar Filing: EARTHSHELL CORP - Form DEF 14A

do so, as appropriate. In June 2004, prior to Mr. Roland resigning from the Board and the Stock Option Committee, the Committee granted the Named Executive Officers fully vested stock options issued under the 1995 Stock Incentive Plan at the then-current market price exercisable only upon successful completion of certain milestones that are critical to the long-term success of the Company. The option grants were as follows:

	Stock Options
Simon K. Hodson	400,000
Vincent Truant	50,000
D. Scott Houston	50,000
Michael Hawks	35,000
John Nevling	35,000

The stock options granted are reflected in the Stock Options Grant table.

The Stock Option Committee will continue to consider various methods to provide additional incentives to management and employees of the Company, including granting additional stock options and/or restricted stock or recommending that the Board of Directors do so, as appropriate. In determining the grants of stock options and restricted stock, the Stock Option Committee will take into account, among other things, the respective scope of responsibility and the anticipated performance requirements and contributions to the Company of each proposed award recipient as well as the amounts of prior grants.

18

Compensation to Chief Executive Officer in 2004

The Compensation Committee meets annually to evaluate the Chief Executive Officer's performance and to review the Chief Executive Officer's compensation. A founder of the Company and co-innovator of the EarthShell technology, Mr. Simon K. Hodson has been a driving force in making the Company - as a corporation and as a new packaging concept - a reality. His concern for the environment, coupled with his visionary leadership and commitment, has helped the Company achieve its current state of development.

In reviewing Mr. Simon Hodson's compensation, the Compensation Committee considers his principal responsibilities, which include providing overall vision and strategic direction for EarthShell, attracting and retaining highly qualified employees and developing and maintaining key customer and capital relationships.

Mr. Hodson received a base compensation of \$500,000 during 2004. This amount was based on the Compensation Committee's assessment that Mr. Hodson is uniquely qualified to lead the Company through its early development stages to initial commercialization. The Board determined that his vision for the Company, both from a technical and business viewpoint, continues to be pivotal in bringing the Company to the point of commercializing its first product lines. Based in part on the foregoing, the Compensation Committee concluded that the \$500,000 base salary compensation was appropriate for 2004.

In order to conserve cash until the Company is able to establish its royalty revenue stream, Mr. Hodson agreed to a 40% deferral of his base salary, effective April 16, 2004. In June 2005, the portion of Mr. Hodson's 2004 salary which had been deferred was paid.

In determining Mr. Hodson's 2004 annual bonus, the Compensation Committee considered both Mr. Hodson's individual performance as well as that of the

Company overall. Although the Compensation Committee noted several significant achievements during the year, in light of the delays the Company has experienced in commercializing the Company's technology as well as the financial condition of the Company, the Compensation Committee determined that no bonus for 2004 would be granted.

On June 25, 2003, Mr. Hodson was granted 10-year, fully vested options to purchase 400,000 shares of Common Stock at the then-current market value, exercisable only after the completion of certain milestones that are critical to the long-term success of the Company.

Mr. Hodson owns a minority profits interest in EKI, the Company's majority stockholder.

Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), limits the deductibility of compensation over \$1 million to certain executive officers unless, in general, the compensation is paid pursuant to a plan which is performance related, non-discretionary and has been approved by the Company's stockholders. The Company did not pay any compensation in 2003 that would be subject to Code Section 162(m). The Compensation Committee intends to establish policies regarding qualification of compensation under Section 162(m) of the Code to the extent it considers such policies appropriate.
