Sale of MIC's Interest in Yorkshire Link

On December 29, 2006 Macquarie Infrastructure Company LLC (MIC), and its wholly-owned subsidiaries Macquarie Yorkshire LLC and MIC European Financing SarL entered into a sale and purchase agreement (SPA) and subsequently completed the sale of its interest in Macquarie Yorkshire Limited, the holding company for its 50% interest in Connect M1-A1 Holdings Limited (CHL), to M1-A1 Investments Limited, a wholly owned indirect subsidiary of Balfour Beatty PLC, for GBP 44.3 million. CHL is the indirect holder of the Yorkshire Link toll road concession. Yorkshire Link is a 19-mile shadow toll road south of Leeds in England. MIC had previously entered into an SPA to sell its interest in CHL to Secondary Market Infrastructure Fund (SMIF) however Balfour Beatty PLC subsequently exercised its pre-emptive rights to acquire MIC's interest in CHL on the same terms as those agreed with SMIF.

The SPA includes customary warranties and indemnities. The indemnity obligations are capped at 100% of the sale proceeds for breach of warranties relating to ownership and authority and for tax matters and 50% of the sale proceeds for breach of all other warranties. The indemnities last for 1 year except for indemnities relating to tax matters which last for 7 years.

In association with the sale, MIC has been released and discharged from the shareholders' agreement for CHL and a secondment agreement with respect to a subsidiary of CHL.

MIC previously entered into foreign exchange forward transactions to fix the rate at which substantially all of the proceeds of sale would be converted from pounds sterling to US dollars. Based on the hedged conversion rate, MIC anticipates receiving approximately \$83.2 million in proceeds, net of hedge and transaction costs. MIC will record income before tax from its investment ranging between \$6.0 - \$7.0 million in the fourth quarter of 2006, comprised of the gain on sale and equity in the earnings and amortization charges of investee. Additionally, MIC will record a loss of approximately \$2.0 - \$3.0 million in the fourth quarter of 2006 relating to the foreign exchange forward transactions. There may be additional gains or losses in 2007 when the foreign exchange forward transactions are settled, depending on currency fluctuations.

MIC intends to use the proceeds from the sale to pursue its acquisition strategy and for general corporate purposes.

Macquarie Bank Limited (MBL) advised MIC on the sale, and MIC expects to pay MBL a fee of 1% of the sale proceeds. MBL is the ultimate parent of MIC's manager.
