DISCLOSURE REGARDING FORWARD-LOOKING STATEMENTS

This Annual Report on Form 10-K (the "Annual Report") contains "forward-looking statements" that represent our beliefs, projections and predictions about future events. All statements other than statements of historical fact are "forward-looking statements", including any projections of earnings, revenue or other financial items, any statements of the plans, strategies and objectives of management for future operations, any statements concerning proposed new projects or other developments, any statements regarding future economic conditions or performance, any statements

of management's beliefs, goals, strategies, intentions and objectives, and any statements of assumptions underlying any of the foregoing. Words such as "may", "will", "should", "could", "would", "predicts", "potential", "continue", "future", "intends", "plans", "believes", "estimates" and similar expressions, as well as statements in the future tense, forward-looking statements.

These statements are necessarily subjective and involve known and unknown risks, uncertainties and other important factors that could cause our actual results, performance or achievements, or industry results, to differ materially from any future results, performance or achievements described in or implied by such statements. Actual results may differ materially from expected results described in our forward-looking statements, including with respect to correct measurement and identification of factors affecting our business or the extent of their likely impact, the accuracy and completeness of the publicly available information with respect to the factors upon which our business strategy is based or the success of our business. Furthermore, industry forecasts are likely to be inaccurate, especially over long periods of time and in relatively new and rapidly developing industries such as oil and gas. Factors that may cause actual results, our performance or achievements, or industry results, to differ materially from those contemplated by such forward-looking statements include without limitation:

- our ability to attract and retain management;
- our growth strategies;
- anticipated trends in our business;
- our future results of operations;
- our ability to make or integrate acquisitions;

- our liquidity and ability to finance our acquisition and development activities;
- the timing, cost and procedure for proposed acquisitions;
- the impact of government regulation;
- planned capital expenditures (including the amount and nature thereof);
- our financial position, business strategy and other plans and objectives for future operations;
- competition;
- the ability of our management team to execute its plans to meet our goals;
- general economic conditions, whether internationally, nationally or in the regional and local market areas in which we are doing business, that may be less favorable than expected; and
- other economic, competitive, governmental, legislative, regulatory, geopolitical and technological factors that may negatively impact our businesses, operations and pricing.

Forward-looking statements should not be read as a guarantee of future performance or results, and will not necessarily be accurate indications of whether, or the times by which, our performance or results may be achieved. Forward-looking statements are based on information available at the time those statements are made and management's belief as of that time with respect to future events, and are subject to risks and uncertainties that could cause actual performance or results to differ materially from those expressed in or suggested by the forward-looking statements. Important factors that could cause such differences include, but are not limited to, those factors discussed under the headings "Risk factors", "Management's discussion and analysis of financial condition and results of operations", "Business" and elsewhere in this prospectus.

PART I

ITEM 1. BUSINESS

OVERVIEW

The Singing Machine Company, Inc. ("Company," "Singing Machine," "we," "us," or "our") is engaged in the development, production, marketing and distribution of consumer karaoke audio equipment, accessories, music, musical instruments, and licensed youth electronic products. We contract for the manufacturing of all our electronic equipment products with factories located in China. We also produce and market karaoke music, including compact discs plus graphics ("CD+G's"), which contain music and lyrics of popular songs for use with karaoke recording equipment. We obtain the song licenses from major publishers such as EMI, Universal, Sony and Warner and contract for the reproduction of music recordings with independent studios. We have also begun collaborating with a music download service provider for an expanded library of musical selections. This collaboration provides the Company with not only an expanded library of music for sale and distribution; it opens up the Company's music sales to customers who purchase our competitors' karaoke machines as well. Further, the capabilities of the Company's new download music distribution system includes the ability to stream selections from this expanded content library, creating the opportunity to open new revenue sources through the sale of subscriptions. The Company is also in the process of expanding its web presence by creating a hosted cyber-community where customers can upload their individual karaoke performances to share.

We were incorporated in California in 1982. We originally sold our products exclusively to professional and semi-professional singers. In 1988, we began marketing karaoke equipment for home use. We believe we are the first company to introduce the home karaoke products to the United States. In May 1994, we merged into a wholly-owned subsidiary incorporated in Delaware with the same name. As a result of that merger, the Delaware Corporation became the successor to the business and operations of the California Corporation and retained the name The Singing Machine Company, Inc. In July 1994, we formed a wholly owned subsidiary in Hong Kong, known as International SMC (HK) Ltd. ("International SMC" or "Hong Kong subsidiary"), to coordinate our engineering, production, logistics and financial operations in China. In September 2006, International SMC was sold to See Bright Investments

Limited, a non-related third party. In December 2005, we formed a wholly-owned subsidiary SMC (Comercial Offshore De Macau) Limitada in Macau, China ("SMC Macau" or "Macau subsidiary"), to provide sales, financing, shipping, engineering and sourcing support for Singing Machine and Subsidiaries. Our Macau subsidiary has been approved to operate its business in Macau as Macau Offshore Company (MOC) and is exempt for the Macau corporate income tax. In February 2008, we formed a wholly-owned subsidiary SMC Logistics, Inc. ("SMC-L"), a California corporation, to manage the U.S. domestic logistics and fulfillment warehouse servicing for the Company and in April 2008 a wholly-owned subsidiary, SMC Music, Inc. ("SMC-M") to contract with third party music providers.

In November 1994, we closed an initial public offering of 2,070,000 shares of our common stock and 2,070,000 warrants. In April 1997, we filed a voluntary petition for relief under Chapter 11 of the U.S. Bankruptcy Code. On March 17, 1998, our plan of reorganization was approved by the U.S. Bankruptcy Court. On June 10, 1998, our plan of reorganization had been fully implemented and we emerged from the reorganization proceeding. Since then, we have developed the Karaoke products featuring on-screen lyric, built-in camera and digital key control functions. We have been listed on the AMEX since March 8, 2001. Our common stock currently trades on under the stock symbol "SMD." Our principal executive offices are located in Coconut Creek, Florida.

We have raised approximately \$6 million in equity investments from investors in Hong Kong from February 2006 to June 2007. The investors include two major suppliers: koncept International Limited and Arts Electronics Co., Ltd. The investments from these major suppliers underscore their support to the Company.

GROWTH STRATEGY

The overall objective of the Singing Machine is to create an efficient platform for the development, manufacture, and marketing of home entertainment based consumer electronics. The Company will also seek new revenue opportunities through web-based content delivery and the creation of a community based entertainment platforms. We also intend to leverage our position as a member of the Greater Starlight International Holdings, Ltd, group to capitalize on synergies which exist therein and to exercise our knowledge of the electronics business to grow revenue. The Company intends to leverage our valuable customer base and strong relationships with our factories to achieve our organic and external growth initiatives.

Organic Growth Strategy

We intend to pursue various initiatives to execute our organic growth strategy which is designed to enhance our market presence, expand our customer base and be an industry leader in new product development. Key elements of our organic growth strategy include:

Business Focus and Public Perceptions. Historically karaoke has been our core business. The Singing Machine brand is widely recognized as a leader in karaoke and consequently we hold a dominant market share in the business. While consistently a market leader, the Company has determined that it needs to diversify and expand its core focus in order to grow its business. The Company has therefore refocused its self-perception and is determined to build on its success by defining ourself as a provider of quality in home entertainment – not just home karaoke. Critical to this strategy is a move to add value to our core business of karaoke machine sales. We believe that by bundling our karaoke machine products with content such as Compact Disc, Electronic Download, Steaming Media, Community Performance Hosting, and by creating quality, wholesome, home entertainment for the entire family we will not only sell more products, we will find new sources of revenue. Using our existing key relationships with our customers and factories, and by adding new relationships with key content providers, we believe we can achieve more top-line growth by utilizing these relationships to design and distribute a more diversified line of consumer electronics. This should allow our Company to reduce our dependency on a single karaoke product and minimize our exposure to the volatility of the karaoke market in general.

Develop new features for karaoke equipment. The technology development in the karaoke market has been stagnant since 2004. We believe that in order to revitalize the karaoke market, we need to incorporate new technologies. We are currently developing new karaoke products which will host a number of unique features which we believe will diversity us from the rest of the industry. We are currently developing a new feature set for our karaoke machines which allow digital audio and video recording of our customer's in home karaoke performance. Once recorded the customer would then be able to email or upload the performance to community based websites such as YouTube®, or our own community website. We anticipate later versions of this technology will support WiFi interaction to make the machine an internet appliance capable of accessing our music store to purchase a subscription of unlimited downloads for a day, week, or year based on the type of subscription purchased. We also plan to introduce performance scoring or rating so that customers will be able to have in-home competitions with full video playback to enhance the home entertainment experience. We have been working with our major shareholder and supplier, Starlight International, parent of koncept International Limited as well as other technology providers who each have strong research and development skills to bring these new concepts and devices to life. We believe the development of new products will not only reinforce our leadership position in the karaoke market, but will lead to increased sales and other opportunities which will remake the Company into a purveyor of quality in-home entertainment instead of simply being a supplier of single sale electronic devices.

Focus on the key customers. We believe that we have the most karaoke product offerings than any of our competitors in the karaoke market. We will continue to provide exclusive products for our major retailers by meeting their needs or unique specification, target price, and service support. We will focus on product development for stores like

Wal-Mart and Target. We believe this is one of the major areas in which we can substantially increase our revenues. We will involve our major customers in key marketing strategies to expand our product offerings and repeat customer business.

Establish the music download business. Downloading music is one of the fastest growing areas in the music industry. We believe that the future of karaoke music distribution is through legal mediums of internet download sites (e.g. iTunes, iPhone, Amazon, etc). Since karaoke music only accounts for a small percentage of total music business, retailers usually only offer a limited selection of karaoke products. Thus, it is difficult for the customers to find karaoke music in retail outlets, especially for the songs they enjoy. While we maintain a physical CD distribution business, we will concurrently launch a music download project in calendar 2009 to capitalize on this new distribution model. The benefit to the Company are multifaceted including the opportunity to: offer downloadable music which means less physical inventory for the Company and our retail customers to carry; reduce financial return risk since a downloaded pieced of karaoke music is not returnable; make available increased marketing opportunities by offering downloads for those who sign up and provide their contact information enabling the Company to create future marketing and advertising campaigns; create an opportunity to sell our karaoke music to not only our customers but also to owners of our competitors' machines (new and old); create cross-promotions with our retail-customers by giving away music downloads to purchasers of karaoke machines as an incentive to sell more machines.

Exploit Synergies from Within the Starlight Group. We are always looking to increase profitability or revenue through synergy recognition. The Company has recognized an opportunity to offer our existing warehouse and logistics services to the Starlight Group for a fee. The fee arrangement was negotiated at arm's length and represents a significant revenue opportunity for the Company. Not only does the Starlight Group get a partner for its domestic US warehousing and logistics, we get service fees which defray the cost of our own historical warehouse expense. We are currently exploring other synergies including customer representative relationships, customer service functions and accounting services. These opportunities lead to new top line revenue growth and enhance profitability.

External Growth Strategy

While our historical growth has been solely organic, we intend to pursue a growth strategy which contemplates a balanced combination of organic growth and external growth. Our external growth strategy will be characterized by potential strategic acquisition of synergistic electronic or technology companies. Accordingly, we intend to leverage the skill sets of our management team and board of directors to actively evaluate potential target companies and consummate merger and acquisition transactions as an important component of our business model.

Acquisition Environment. Most of the major retailers in the United States prefer to buy the products from the factories directly. This has changed the traditional distribution model by eliminating the importers and brokers. In addition, the cost of products has seen a dramatic increase due to spiraling prices of petroleum based products, increasing labor costs in key manufacturing regions such as China, and the currency arbitrage risks with the decline in the value of the US dollar. In light of these developments, product costs have spiked while retail prices have been cut dramatically. We believe that the small to medium size companies who primarily depended on a constant significant profit margin will not be able to compete in this business environment. At the same time, capital funding is limited in the electronics market. Public and private equity are generally difficult to access, especially for those companies with inadequate management resources, unproven management and a lack of market leadership. As a member of the Starlight Group, we have access to product development and engineering resources that our competitors do not have. We also have access to financing for operations and product purchases at rates which are not otherwise available to our competitors. This situation creates for us the opportunity to make a strategic acquisition, should the right target present itself which will add to the value of the company and its business

Opportunity for the Company. Based on preliminary discussions with potential targets, we believe that an acquisition will be attractive to the potential targets because of the following:

- The existence of a diversified management team and the seasoned board of directors, who have significant experience operating businesses in the United States and working with factories in China;
 - An efficient business model, which is characterized by a rapid product development cycle, low operational costs and high inventory turn over;
 - The existence of strong relationships with key factories in China. Two of our major shareholders are also major factories in China which provides us with lower production costs and vendor financing; and
- A visible exit strategy that offers cash or public traded securities.

Acquisition Parameters. We intend to acquire companies which themselves have a potential for significant growth or which can add technology to our Company so that we can grow. These companies are limited by their resources and management's abilities. We will focus on companies that have exhibited historical profitability or those that can combine with our Company to become profitable. We look for companies with strong brand name recognition that may bring additional revenues to our Company.

PRODUCT LINES

We currently have four different product lines which consist of over 50 different models. The product lines consist of the following:

- **Karaoke Machines** that incorporate such features as CD plus graphics player, sound enhancement, echo, tape record/playback features, and multiple inputs and outputs for connection to compact disc players, built-in camera, video cassette recorders, and home theater systems. Our machines sell at retail prices ranging from \$30 for basic units to \$200 for semi-professional units
- **Music** which includes a song library of over 2,500 recordings, which we license from their publishers. Our library of master recordings covers an eclectic range of musical tastes including popular hits, golden oldies, country, rock and

roll, Motown, Christian, Latin, and Rap. SMC offers an exclusive line of Original Artist karaoke music under the monikers of "Real Karaoke" and "Motown Original Artist Karaoke". Our music sells at retail prices ranging from \$6.99 to \$19.99. Additionally, SMC has executed an agreement with a third party to provide both physical and digital music content. The library available through these third parties extends to 15,000 selections and will be available in physical CD and downloadable formats. These physical titles will be directly distributed into mass merchants, specialty stores, e-tailers and music stores.

- **Bratz Licensed Products** which include karaoke products, digital drum sets, clock radios, boom boxes, TV/DVD combos and portable DVD players. Bratz products will sell at retail prices ranging from \$9.99 to \$199.

- **Musical Instruments** which include digital drum sets and keyboards. The retail price will range from \$49 to \$299.

MARKETING, SALES

Our karaoke machines and music are sold nationally and internationally to a broad spectrum of customers, primarily through mass merchandisers, department stores, direct mail catalogs and showrooms, music and record stores, national chains, specialty stores and warehouse clubs. Our product lines are currently sold in such stores as Best Buy, Wal-Mart, Costco, J.C. Penney, Kohl's, Radio Shack and Sam's Club. Our sales strategy include offering Domestic Sales as well as Direct import sales made off-shore.

Domestic Sales. Our strategy of selling products from a domestic warehouse enables us to provide timely delivery and serve as a domestic supplier of imported goods. We purchase karaoke machines overseas from certain factories in China for our own account, and warehouse the products in leased facilities in Florida and California. We are responsible for costs of shipping, insurance, customs clearance, duties, storage and distribution related to such products and, therefore, domestic sales command higher sales prices than direct sales. We generally sell from our own inventory in less than container-sized lots.

Direct Sales. We ship some hardware products sold by us directly to customers from China through SMC Macau. Sales made through our subsidiary are completed by either delivering products to the customers' common carriers at the shipping point or by shipping the products to the customers' distribution centers, warehouses, or stores. Direct sales are made in larger quantities (generally container sized lots) to customers' world wide, which pay SMC Macau pursuant to their own international, irrevocable, transferable letters of credit or on open account.

In fiscal 2008, approximately 51% of sales revenues were from direct sales and 49% of revenues were domestic sales. Our sales within the US are primarily made by our in-house sales team and our independent sales representatives. Our independent sales representatives are paid a commission based upon sales made in their respective territories. We utilize some of our outside independent sales representatives to help us provide service to our mass merchandisers and other retailers. The sales representative agreements are generally one (1) year agreements, which automatically renew on an annual basis, unless terminated by either party on 30 days' notice. Our international sales are primarily made by our in-house sales representatives and our independent distributors.

As a percentage of total revenues, our net sales in the aggregate to our five largest customers during the fiscal years ended March 31, 2008, 2007, and 2006, were approximately 62%, 57%, and 55%, respectively. In fiscal 2008, the top three major customers accounted for 22%, 11% and 11% of our net revenues. Although we have long-established relationships with all of our customers, we do not have quantity contractual arrangements with any of them. A decrease in business from any of our major customers could have a material adverse effect on our results of operations and financial condition.

We also market our products at various national and international trade shows each year. We regularly attend the following trade shows and conventions: the Consumer Electronics Show which takes place each January in Las Vegas; the American Toy Fair which occurs each February in New York and the Hong Kong Electronics Show stages each October in Hong Kong.

The Singing Machine brand is one of the most widely recognized karaoke brands in the United States and Europe. While we continue to heavily focus on our core karaoke business, we are expanding our business into other product categories. Our strong product procurement team in Hong Kong and China combined with our experienced sales and service team in North America enables us to compete not only in the karaoke market but also in other markets, such as musical instruments, licensed toy products and other consumer electronics products.

RETURNS

Returns of electronic hardware and music products by our customers generally occur after approval involving quality defects, damaged goods or goods shipped in error. Our policy is to give credit to our customers for the returns in conjunction with the receipt of new replacement purchase orders. Recently the increasingly competitive environment has forced the Company to extend more liberal return authorizations as a marketing tool to extend, prolong or develop deeper business relationships with key customers. Our total returns represented 8.6%, 13.4%, and 7.4% of our net sales in fiscal 2008, 2007, and 2006, respectively.

LICENSE AGREEMENTS

In February 2003, we entered into a multi-year license agreement with Universal Music Entertainment to market a line of Motown Karaoke machines and music. This agreement and its supplement agreement signed in March 2003, allowed us to be the first to use original artist recordings for our CD+G formatted karaoke music. Over the term of the license agreement, we are obligated to make guaranteed minimum royalty payments in the amount of \$300,000, which was paid in full as of March 31, 2005. The agreement expired without renewal on December 31, 2006 without any additional minimum guarantee payments.

We entered into a license agreement with Nickelodeon, Inc., a division of Viacom International, Inc. in December 2002. Under this agreement, we licensed Nickelodeon branded machines and a wide assortment of music. This license originally expired on December 31, 2004. The Company extended the agreement to December 31, 2006. Over the term of the license agreement, we were obligated to make guaranteed minimum royalty payments in the amount of \$450,000, which was paid in full as of March 31, 2005. The agreement expired without renewal on December 31, 2006 without any additional minimum guarantee payments. On May 10, 2006, we entered into a two-year license agreement with MGA Entertainment, Inc. to produce and distribute a variety of karaoke products based on MGA's BRATZ™ franchise, one of the world's leading toy lines and girls' lifestyle brands, in North America, Europe and Australia. These karaoke products include a TFT DVD karaoke system, sing-a-long cassette players, deluxe microphones, electronic keyboards, and an electronic drum.

On November 21, 2006, we entered into a three-year license agreement with MGA Entertainment, Inc. to produce and distribute a variety of consumer electronic products based on MGA's BRATZ™ franchise. These consumer electronic products include boom boxes, clock radios, and portable DVDs. The license agreement contains a minimum guarantee payment term.

**TOTAL LICENSE SALES
FOR THE FISCAL YEAR ENDED**

March 31,

	2008	2007	2006
MTV	0.0%	8.9%	2.1%
Nickelodeon	0.0%	0.0%	0.0%
Bratz	15.0%	0.0%	0.0%
Other Licenses	0.0%	0.0%	0.9%
Total Licenses Sales	15.0%	8.9%	3.0%

DISTRIBUTION

We distribute hardware products to retailers and wholesale distributors through two methods: shipment of products from inventory held at our warehouse facilities in Florida and California (domestic sales), shipments directly through our Macau subsidiary, and manufacturers in China of products (direct sales). Domestic sales, which account for substantially all of our music sales, are made to customers located throughout North America from consignment inventories maintained at our distributor warehouse facilities. In the fiscal year ended March 31, 2008, approximately 49% of our sales were sales from our domestic warehouses ("Domestic Sales") and 51% were sales shipped directly from China ("Direct Sales").

MANUFACTURING AND PRODUCTION

Our karaoke machines are manufactured and assembled by third parties pursuant to design specifications provided by us. Currently, we have ongoing relationships with six factories, located in Guangdong Province of the People's Republic of China, which assemble our karaoke machines. During fiscal 2009, we anticipate that 90% of our karaoke products will be produced by one of these factories, which has agreed to extend the financing to us. We believe that the manufacturing capacity of our factories is adequate to meet the demands for our products in fiscal year 2009. However, if our primary factory in China was prevented from manufacturing and delivering our karaoke products, our operation would be severely disrupted until alternative sources of supply are located (See "Risk Factors - We are relying on one factory to manufacture and produce the majority of our karaoke machines for fiscal 2009" on page 9). In manufacturing our karaoke related products, these factories use molds and certain other tooling, most of which are owned by us. Our products contain electronic components manufactured by other companies such as Panasonic, Sanyo, Toshiba, and Sony. Our manufacturers purchase and install these electronic components in our karaoke machines and related products. The finished products are packaged and labeled under our trademark, The Singing Machine^(R) and private labels. We use outside companies to mass-produce the CD+G's once the masters have been completed.

While our equipment manufacturers purchase our supplies from a small number of large suppliers, all of the electronic components and raw materials used by us are available from several sources of supply. While we might depend on limited suppliers for some key components the loss of any single supplier would not have a material long-term adverse effect on our business, operations, or financial condition. Similarly, we use a small number of studios to record our music. We do not anticipate that the loss of any single studio would have a material long-term adverse effect on our business, operations or financial condition. To ensure that our high standards of product quality are met and that factories consistently meet our shipping schedules, we utilize Hong Kong and China based employees as our representatives. These employees include product inspectors who are knowledgeable about product specifications and work closely with the factories to verify that such specifications are met. Additionally, key personnel frequently visit our factories for quality assurance and to support good working relationships.

All of the electronic equipment sold by us is warranted to the end user against manufacturing defects for a period of ninety (90) days for labor and parts. All music sold is similarly warranted for a period of 30 days. During the fiscal years ended March 31, 2008, 2007, and 2006, warranty claims have not been material to our results of operations.

COMPETITION

Our business is highly competitive. Our major competitors for karaoke machines and related products are Memorex, GPX and other consumer electronics companies. We believe that competition for karaoke machines is based primarily on price, product features, reputation, delivery times, and customer support. We believe that our brand name is well recognized in the industry and helps us compete in the karaoke machine category. Our primary competitors for producing karaoke music are Pocket Songs, UAV, Sybersound and Sound Choice. We believe that competition for karaoke music is based primarily on popularity of song titles, price, reputation, and delivery times. As far as the musical instrument market, our key competitors include Yamaha, ION, and others. For Bratz products, our competitors are Memorex and Emerson, which also make licensed products for youth electronics.

In addition, we compete with all other existing forms of entertainment including, but not limited to, motion pictures, video arcade games, home video games, theme parks, nightclubs, television and prerecorded tapes, CD's, and videocassettes. Our financial position depends, among other things, on our ability to keep pace with changes and developments in the entertainment industry and to respond to the requirements of our customers. Many of our competitors have significantly greater financial, marketing, and operating resources and broader product lines than we do.

TRADEMARKS AND PATENTS

We have obtained registered trademarks for The Singing Machine name and the logo in the United States and in the European Union. We have also filed trademark applications in Australia and Hong Kong. We also filed various trademarks for our products. In the past few years, we have also obtained two U.S. patents for karaoke machines.

Our trademarks are a significant asset because they provide product recognition. We believe that our intellectual property is significantly protected, but there are no assurances that these rights can be successfully asserted in the future or will not be invalidated, circumvented or challenged.

COPYRIGHTS AND LICENSES

We hold federal and international copyrights to substantially all of the music productions comprising our song library. However, since each of those productions is a re-recording of an original work by others, we are subject to contractual and/or statutory licensing agreements with the publishers who own or control the copyrights of the underlying musical compositions. We are obligated to pay royalties to the holders of such copyrights for the original music and lyrics of all of the songs in our library that have not passed into the public domain. We are currently a party to many different written copyright license agreements.

The majority of the songs in our song library are subject to written copyright license agreements, often times referred to as synchronization licenses. Our written licensing agreements for music provide for royalties to be paid on each song. The actual rate of royalty is negotiable, but typically ranges from \$0.09 to \$0.15 per song on each CD that is sold. Similarly, the terms of the licenses vary, but typically range from 2 to 5 years. Our written licenses typically provide for quarterly royalty payments, although some publishers require reporting on a semi-annual basis.

GOVERNMENT REGULATION

Our karaoke machines must meet the safety standards imposed in various national, state, local, and provincial jurisdictions. Our karaoke machines sold in the United States are designed, manufactured and tested to meet the safety standards of Underwriters Laboratories, Inc. ("ULE") or Electronic Testing Laboratories ("ETL"). In Europe and other foreign countries, our products are manufactured to meet the Consumer Electronics ("CE") marking requirements. CE marking is a mandatory European product marking and certification system for certain designated products. When affixed to a product and product packaging, CE marking indicates that a particular product complies with all applicable European product safety, health and environmental requirements within the CE marking system. Products complying with CE marking are now accepted to be safe in 28 European countries. However, ULE or ETL certification does not mean that a product complies with the product safety, health and environmental regulations contained in all fifty states in the United States. Therefore, we maintain a quality control program designed to ensure compliance with all applicable US and federal laws pertaining to the sale of our products. Our production and sale of music products is subject to federal copyright laws.

The manufacturing operations of our foreign suppliers in China are subject to foreign regulation. China has permanent "normal trade relations" ("NTR") status under US tariff laws, which provides a favorable category of US import duties. China's NTR status became permanent on January 1, 2002. This substantially reduces the possibility of China losing its NTR status, which would result in increasing costs for us.

SEASONALITY AND SEASONAL FINANCING

Our business is highly seasonal, with consumers making a large percentage of karaoke purchases around the traditional holiday season in our second and third quarter. These seasonal purchasing patterns and requisite production lead times cause risk to our business associated with the underproduction or overproduction of products that do not

match consumer demand. Retailers also attempt to manage their inventories more tightly, requiring that we ship products closer to the time that retailers expect to sell the products to consumers. These factors increase the risk that we may not be able to meet demand for certain products at peak demand times, or that our own inventory levels may be adversely impacted by the need to pre-build products before orders are placed. As of March 31, 2008, we had inventory of \$3.5 million (net of reserves totaling \$497,985) compared to inventory of \$2.3 million as of March 31, 2007 (net of reserves totaling \$198,848 million).

Our financing of seasonal working capital during fiscal 2007 was from vendor financing and factoring the accounts receivables.

Our major shareholder, Starlight International, is willing and able to provide the financing to the Company until March 31, 2008.

During fiscal 2008, we plan on financing our inventory purchases by using credit lines that have been extended to us by the factories in China and with letters of credit that are issued by our customers to be used as collateral for payment to our vendors.

BACKLOG

We ship our products in accordance with delivery schedules specified by our customers, which usually request delivery within three months of the date of the order. In the consumer electronics industry, orders are subject to cancellation or change at any time prior to shipment. In recent years, a trend toward just-in-time inventory practices in the consumer electronics industry has resulted in fewer advance orders and therefore less backlog of orders for the Company. We believe that backlog orders at any given time may not accurately indicate future sales. We believe that we will be able to fill all of these orders in fiscal year 2009. However, these orders can be cancelled or modified at any time prior to delivery. This backlog does not take into account of any sales ordered by customers directly from our domestic inventory with order turnaround time of one to two weeks. We normally have to keep the minimum inventory in our domestic warehouses for this type of sales.

EMPLOYEES

As of July 1, 2008 we employed twenty people, all of whom are full-time employees, with the exception of our chief executive officer who divides his time between the Company and his legal practice. One of our employees is located at SMC Macau's offices. The remaining employees are based in the United States, including one executive officer, five engaged in warehousing and technical support and thirteen in accounting, marketing, sales and administrative functions.

ITEM 1A. RISK FACTORS

Set forth below and elsewhere in this Annual Report on Form 10-K and in the other documents we file with the SEC are risks and uncertainties that could cause actual results to differ materially from the results contemplated by the forward looking statements contained in this Annual Report.

RISKS ASSOCIATED WITH OUR BUSINESS

WE HAVE ENTERED INTO AN AGREEMENT WITH STARLIGHT TO MANAGE THEIR LOGISTICS AND FULFILLMENT SERVICES IN THE UNITED STATES. IF WE ARE UNABLE TO PERFORM UNDER THIS AGREEMENT, IT COULD NEGATIVELY IMPACT OUR REVENUES AND CASH FLOW.

On May 23, 2008 we entered into a services agreement to receive orders, warehouse, and ship all of the Starlight Group's United States domestic goods. The value of this contract is approximately \$1.1 million dollars per year. If we are unable to perform the duties under this contract, it could negatively impact our revenue and cash flow.

WE ARE RELYING ON A FACTORING FACILITY TO FINANCE OUR ACCOUNTS RECEIVABLE. THE LOSS OF THE FACTORING FACILITY MAY CAUSE A PROBLEM TO FULFILL THE CUSTOMER ORDERS AND THE LOSS OF THE REVENUES.

We currently have a factoring facility with CIT Group/Commercial Services to finance our accounts receivable. If we lose our banking facility, we may need to borrow a bridge loan or request the factories to extend the payment terms. If we fail to do so, we may suffer cash flow problems and not be able to fulfill customer orders.

THE MUSIC INDUSTRY HAS BEEN EXPERIENCING CONTINUING DECLINE OF COMPACT DISC (CD) SALES. OUR KARAOKE CD SALES COULD DECLINE FURTHER IN THE FUTURE.

Due to the expansion of the music download business, the sales of Compact Discs (CD) have been declining in recent years. Our karaoke CD sale has been declining since year 2004 and may continue to decline in the future. Music revenue accounts for approximately 1% of our total revenues.

A SMALL NUMBER OF OUR CUSTOMERS ACCOUNT FOR A SUBSTANTIAL PORTION OF OUR REVENUES, AND THE LOSS OF ONE OR MORE OF THESE KEY CUSTOMERS COULD SIGNIFICANTLY REDUCE OUR REVENUES AND CASH FLOW.

We rely on a few large customers to provide a substantial portion of our revenues. As a percentage of total revenues, our net sales to our five largest customers during the years ended March 31, 2008 and 2007 were approximately 62% and 57%, respectively. We do not have long-term contractual arrangements with any of our customers and they can cancel their orders at any time prior to delivery. A substantial reduction in or termination of orders from any of our largest customers would decrease our revenues and cash flow.

WE ARE RELYING ON ONE FACTORY TO MANUFACTURE AND PRODUCE THE MAJORITY OF OUR KARAOKE MACHINES FOR FISCAL 2009, AND IF THE RELATIONSHIP WITH THIS FACTORY IS DAMAGED OR INJURED IN ANY WAY, IT WOULD REDUCE OUR REVENUES AND PROFITABILITY.

We have worked out a written agreement with a factory in China to produce most of our karaoke machines for fiscal 2009. If the factory is unwilling or unable to deliver our karaoke machines to us, our business will be adversely affected. Because our cash on hand is minimal, we are relying on revenues received from the sale of our ordered karaoke machines to provide cash flow for our operations. If we do not receive cash from these sales, we may not be able to continue our business operations.

WE ARE SUBJECT TO THE RISK THAT SOME OF OUR LARGE CUSTOMERS MAY RETURN KARAOKE PRODUCTS THAT THEY HAVE PURCHASED FROM US AND IF THIS HAPPENS, IT WOULD REDUCE OUR REVENUES AND PROFITABILITY.

In fiscal 2008 and 2007, a number of our customers and distributors returned karaoke products that they had purchased from us. Our customers returned goods valued at \$2.9 million or 8.6% of our net sales in fiscal 2008. A majority of these returns resulted from defective manufacturing from two of our main factories. These factories have agreed to waive a majority of the repair and freight charges due to the abnormally high percentage of returns. If this occurs again in the future and our factories are unwilling to waive repair or freight costs this will adversely reduce our revenues and profitability. If any of our customers were to return karaoke products to us, it would reduce our revenues and profitability.

WE ARE SUBJECT TO PRESSURE FROM OUR CUSTOMERS RELATING TO PRICE REDUCTION AND FINANCIAL INCENTIVES AND IF WE ARE PRESSURED TO MAKE THESE CONCESSIONS TO OUR CUSTOMERS, IT WILL REDUCE OUR REVENUES AND PROFITABILITY.

Because there is intense competition in the karaoke industry, we are subject to pricing pressure from our customers. Many of our customers have demanded that we lower our prices or they will buy our competitor's products. If we do not meet our customer's demands for lower prices, we will not sell as many karaoke products. In the fiscal year ended March 31, 2008, our sales to customers in the United States decreased because of increased price competition. We are also subject to pressure from our customers regarding certain financial incentives, such as return credits or large advertising or cooperative advertising allowances, which effectively reduce our profit. We gave advertising allowances of approximately \$458,099 during fiscal 2008 and \$200,000 during fiscal 2007. We have historically offered advertising allowances to our customers because it is standard practice in the retail industry.

WE EXPERIENCE DIFFICULTY FORECASTING THE DEMAND FOR OUR KARAOKE PRODUCTS AND IF WE DO NOT ACCURATELY FORECAST DEMAND, OUR REVENUES, NET INCOME AND CASH FLOW MAY BE AFFECTED.

Because of our reliance on manufacturers in China for our machine production, our production lead times range from one to four months. Therefore, we must commit to production in advance of customers orders. It is difficult to forecast customer demand because we do not have any scientific or quantitative method to predict this demand. Our forecasting is based on management's general expectations about customer demand, the general strength of the retail market and management's historical experiences. We overestimated demand for our products in fiscal 2003 and 2004 and had \$5.9 million in inventory as of March 31, 2004. Because of this excess inventory, we had liquidity problems in fiscal 2005 and our revenues, net income and cash flow were adversely affected.

WE ARE SUBJECT TO THE COSTS AND RISKS OF CARRYING INVENTORY FOR OUR CUSTOMERS AND IF WE HAVE TOO MUCH INVENTORY, IT WILL AFFECT OUR REVENUES AND NET INCOME.

Many of our customers place orders with us several months prior to the holiday season, but they schedule delivery two or three weeks before the holiday season begins. As such, we are subject to the risks and costs of carrying inventory during the time period between the placement or the order and the delivery date, which reduces our cash flow. As of March 31, 2008 we had \$3.5 million in inventory on hand. It is important that we sell this inventory during fiscal 2009, so we have sufficient cash flow for operations.

OUR GROSS PROFIT MARGINS HAVE DECREASED OVER THE PAST YEAR AND WE EXPECT A COMPETITIVE MARKET.

Over the past year, our gross profit margins have generally decreased due to competition and increasing costs except for fiscal 2005 when we developed several new models, which were in demand and yielded higher profit margins. We expect that our gross profit margin might decrease under downward pressure in fiscal 2009 because of currency fluctuations, increasing labor costs and the increasing cost of petroleum based raw materials and services which is affecting the entire market segment.

OUR BUSINESS IS SEASONAL AND THEREFORE OUR ANNUAL OPERATING RESULTS WILL DEPEND, IN LARGE PART, ON OUR SALES DURING THE RELATIVELY BRIEF HOLIDAY SEASON.

Sales of consumer electronics and toy products in the retail channel are highly seasonal, with a majority of retail sales occurring during the period from September through December in anticipation of the holiday season, which includes Christmas. A substantial majority of our sales occur during the second quarter ending September 30 and the third quarter ending December 31. Sales in our second and third quarter, combined, accounted for approximately 87.0%, 94.0%, and 87.5% of net sales in fiscal 2008, 2007, and 2006, respectively.

IF WE ARE UNABLE TO COMPETE IN THE KARAOKE PRODUCTS CATEGORY, OUR REVENUES AND NET PROFITABILITY WILL BE REDUCED.

Our major competitors for karaoke machines and related products are Memorex and GPX. We believe that competition for karaoke machines is based primarily on price, product features, reputation, delivery times, and customer support. Our primary competitors for producing karaoke music are Compass, Pocket Songs, Sybersound, UAV and Sound Choice. We believe that competition for karaoke music is based primarily on popularity of song titles, price, reputation, and delivery times. To the extent that we lower prices to attempt to enhance or retain market share, we may adversely impact our operating margins. Conversely, if we opt not to match competitor's price reductions we may lose market share, resulting in decreased volume and revenue. To the extent our leading competitors reduce prices on their karaoke machines and music; we must remain flexible to reduce our prices. If we are forced to reduce our prices, it will result in lower margins and reduced profitability. Because of intense competition in the karaoke industry in the United States during fiscal 2008, we expect that the intense pricing pressure in the low end of the market will continue in the karaoke market in the United States in fiscal 2009. In addition, we must compete with all the other existing forms of entertainment including, but not limited to: motion pictures, video arcade games, home video games, theme parks, nightclubs, television, prerecorded tapes, CD's, and video cassettes.

IF WE ARE UNABLE TO DEVELOP NEW KARAOKE PRODUCTS, OUR REVENUES MAY NOT CONTINUE TO GROW.

The karaoke industry is characterized by rapid technological change, frequent new product introductions and enhancements and ongoing customer demands for greater performance. In addition, the average selling price of any karaoke machine has historically decreased over its life, and we expect that trend to continue. As a result, our products may not be competitive if we fail to introduce new products or product enhancements that meet evolving customer demands. The development of new products is complex, and we may not be able to complete development in a timely manner. To introduce products on a timely basis, we must:

- accurately define and design new products to meet market needs;
- design features that continue to differentiate our products from those of our competitors;
- transition our products to new manufacturing process technologies;
- identify emerging technological trends in our target markets;
- anticipate changes in end-user preferences with respect to our customers' products;
- bring products to market on a timely basis at competitive prices; and
- respond effectively to technological changes or product announcements by others.

We believe that we will need to continue to enhance our karaoke machines and develop new machines to keep pace with competitive and technological developments and to achieve market acceptance for our products. At the same time, we need to identify and develop other products which may be different from karaoke machines.

OUR PRODUCTS ARE SHIPPED FROM CHINA AND ANY DISRUPTION OF SHIPPING COULD PREVENT OR DELAY OUR CUSTOMERS' RECEIPT OF INVENTORY.

We rely principally on four contract ocean carriers to ship virtually all of the products that we import to our warehouse facility in City of Industry, California. Retailers that take delivery of our products in China rely on a variety of carriers to import those products. Any disruptions in shipping, whether in California or China, caused by labor strikes, other labor disputes, terrorism, and international incidents may prevent or delay our customers' receipt of inventory. If our customers do not receive their inventory on a timely basis, they may cancel their orders or return products to us. Consequently, our revenues and net income would be reduced.

OUR MANUFACTURING OPERATIONS ARE LOCATED IN THE PEOPLE'S REPUBLIC OF CHINA, SUBJECTING US TO RISKS COMMON IN INTERNATIONAL OPERATIONS. IF THERE IS ANY PROBLEM WITH THE MANUFACTURING PROCESS, OUR REVENUES AND NET PROFITABILITY MAY BE REDUCED.

We are using eight factories in the People's Republic of China to manufacture the majority of our karaoke machines. These factories will be producing nearly all of our karaoke products in fiscal 2009. Our arrangements with these factories are subject to the risks of doing business abroad, such as import duties, trade restrictions, work stoppages, and foreign currency fluctuations, limitations on the repatriation of earnings and political instability, which could have an adverse impact on our business. Furthermore, we have limited control over the manufacturing processes. As a result, any difficulties encountered by our third-party manufacturers that result in product defects, production delays, cost overruns or the inability to fulfill orders on a timely basis could adversely affect our revenues, profitability and

cash flow. Also, since we do not have written agreements with any of these factories, we are subject to additional uncertainty if the factories do not deliver products to us on a timely basis.

WE DEPEND ON THIRD PARTY SUPPLIERS FOR PARTS FOR OUR KARAOKE MACHINES AND RELATED PRODUCTS, AND IF WE CANNOT OBTAIN SUPPLIES AS NEEDED, OUR OPERATIONS WILL BE SEVERELY DAMAGED.

Our growth and ability to meet customer demand depends in part on our capability to obtain timely deliveries of karaoke machines and our electronic products. We rely on third party suppliers to produce the parts and materials we use to manufacture and produce these products. If our suppliers are unable to provide our factories with the parts and supplies, we will be unable to produce our products. We cannot guarantee that we will be able to purchase the parts we need at reasonable prices or in a timely fashion. In the last several years, there have been shortages of certain chips that we use in our karaoke machines. If we are unable to anticipate any shortages of parts and materials in the future, we may experience severe production problems, which would impact our sales.

CONSUMER DISCRETIONARY SPENDING MAY AFFECT KARAOKE PURCHASES AND IS AFFECTED BY VARIOUS ECONOMIC CONDITIONS AND CHANGES.

Our business and financial performance may be damaged more than most companies by adverse financial conditions affecting our business or by a general weakening of the economy. Purchases of karaoke machines and music are considered discretionary for consumers. Our success will therefore be influenced by a number of economic factors affecting discretionary and consumer spending, such as employment levels, business, interest rates, and taxation rates, all of which are not under our control. Additionally, other extraordinary events such as terrorist attacks or military engagements, which adversely affect the retail environment may restrict consumer spending and thereby adversely affect our sales growth and profitability.

WE MAY HAVE INFRINGED THE COPYRIGHTS OF CERTAIN MUSIC PUBLISHERS AND IF WE VIOLATE FEDERAL COPYRIGHT LAWS, WE WILL BE SUBJECT TO MONETARY PENALTIES.

Over the past several years, the Singing Machine (like its competitors) has received notices from certain music publishers alleging that the full range of necessary rights in their copyrighted works has not been properly licensed in order to sell those works as part of products known as “compact discs with graphics” (“CDG”s). CDG’s are compact discs which contain the musical recordings of karaoke songs and graphics which contain the lyrics of the songs. Singing Machine has negotiated licenses with the complaining parties. As with any alleged copyright violations, unlicensed users may be subject to damages under the U.S. Copyright Act. Such damages and claims could have a negative effect on Singing Machine’s ability to sell its music products to its customers. This is the reason the Singing Machine diligently pursues licenses.

WE MAY BE SUBJECT TO CLAIMS FROM THIRD PARTIES FOR UNAUTHORIZED USE OF THEIR PROPRIETARY TECHNOLOGY, COPYRIGHTS OR TRADE SECRETS AND ANY CLAIMS ASSERTED AGAINST US COULD AFFECT OUR NET PROFITABILITY.

We believe that we independently developed the technology used in our electronic and audio software products and that it does not infringe on the proprietary rights, copyrights or trade secrets of others. However, we cannot be sure that we have not infringed on the proprietary rights of third parties or those third parties will not make infringement violation claims against us. During fiscal 2000, Tanashin Denki, Ltd., a Japanese company that holds a patent on a cassette tape drive mechanism alleged that some of our karaoke machines violated their patents. We settled the matters with Tanashin in December 1999. Subsequently in December 2002, Tanashin again alleged that some of our karaoke machines violated their patents. We entered into another settlement agreement with them in May 2003. In addition to Tanashin, we could receive infringement claims from other third parties. Any infringement claims may have a negative effect on our profitability and financial condition.

WE ARE EXPOSED TO THE CREDIT RISK OF OUR CUSTOMERS, WHO ARE EXPERIENCING FINANCIAL DIFFICULTIES, AND IF THESE CUSTOMERS ARE UNABLE TO PAY US, OUR REVENUES AND PROFITABILITY WILL BE REDUCED.

We sell products to retailers, including department stores, lifestyle merchants, direct mail catalogs and showrooms, national chains, specialty stores, and warehouse clubs. Some of these retailers, such as K-Mart, FAO Schwarz and KB Toys, have engaged in leveraged buyouts or transactions in which they incurred a significant amount of debt, and operated under the protection of bankruptcy laws. As of July 2, 2007 we are aware of only three customers, FAO Schwarz, Musicland, and KB Toys, which are operating under the protection of bankruptcy laws. Deterioration in the financial condition of our customers could result in bad debt expense to us and have a material adverse effect on our revenues and future profitability.

A DISRUPTION IN THE OPERATION OF OUR WAREHOUSE CENTERS IN CALIFORNIA OR FLORIDA COULD IMPACT OUR ABILITY TO DELIVER MERCHANDISE TO OUR CUSTOMERS, WHICH COULD ADVERSELY AFFECT OUR REVENUES AND PROFITABILITY.

A significant amount of our merchandise is shipped to our customers from one of our two warehouses, which are located in City of Industry, California, and Coconut Creek, Florida. Events such as fire or other catastrophic events, any malfunction or disruption of our centralized information systems or shipping problems may result in delays or disruptions in the timely distribution of merchandise to our customers, which could substantially decrease our revenues and profitability.

OUR BUSINESS OPERATIONS COULD BE DISRUPTED IF THERE ARE LABOR PROBLEMS ON THE WEST COAST.

During fiscal 2008, approximately 49.0% of our sales were domestic warehouse sales, which were made from our warehouses in California and Florida. During the third quarter of fiscal 2003, the dock strike on the West Coast affected sales of two of our karaoke products and we estimate that we lost between \$3 and \$5 million in orders because we could not get the containers of these products off the pier. If another strike or work slow-down occurs and we do not have a sufficient level of inventory, a strike or work slow-down would result in increased costs to us and may reduce our profitability.

CURRENCY EXCHANGE RATE RISK

During fiscal year 2008, the Chinese local currency has had no material effect on the value of the US dollar as Chinese local currency is pegged to the US dollar.

INCREASED RAW MATERIAL/PRODUCTION PRICING

The fluctuations in the price of oil has and will continue to affect the Company in connection the sourcing and utilizing petroleum based raw materials and services. The cost of trans-oceanic shipping, plastic and the like are driving up the price our suppliers charge us for finished goods. Also, there have been a series of labor related regulations instituted in China which impact wages and thus the cost of production which may result in our suppliers demanding higher prices for our finished goods. This issue is common to all companies in the same type of business and if the Company is not able to negotiate lower costs, or reduce other expenses, or pass on some or all of these price increases to our customers, our profit margin may be decreased.

RISKS ASSOCIATED WITH OUR CAPITAL STRUCTURE

THE MARKET PRICE OF OUR COMMON STOCK MAY BE VOLATILE WHICH MAY CAUSE INVESTORS TO LOSE ALL OR A PORTION OF THEIR INVESTMENT.

From December 1, 2004 through March 31, 2008, our common stock has traded between a high of \$1.60 and a low of \$0.21. During this period, we had liquidity problems and incurred a net loss of \$1.9 million in fiscal 2006 and loss of \$3.6 million in fiscal 2005. Our stock price may continue to be volatile based on similar or other adverse developments in our business. In addition, the stock market periodically experiences significant adverse price and volume fluctuations which may be unrelated to the operating performance of particular companies.

IF INVESTORS SHORT OUR SECURITIES, IT MAY CAUSE OUR STOCK PRICE TO DECLINE.

During the past year, a number of investors have held a short position in our common stock. As of March 31, 2008, investors held a short position of approximately 30,400 shares of our common stock which represented 0.09% of our public float. The anticipated downward pressure on our stock price due to actual or anticipated sales of our stock by some institutions or individuals who engage in short sales of our common stock could cause our stock price to decline. Additionally, if our stock price declines, it may be more difficult for us to raise capital.

OUR COMMON STOCK MAY BE DELISTED FROM THE AMERICAN STOCK EXCHANGE, WHICH MAY HAVE A MATERIAL ADVERSE IMPACT ON THE PRICING AND TRADING OF OUR COMMON STOCK.

On September 6, 2006, the Company received notice from The American Stock Exchange (the "Amex") that the Company has fallen below the continued listing standards of the Amex and that its listing is being continued pursuant to an extension. Specifically, for the fiscal years ended March 31, 2007 and March 31, 2006, the Company was not in compliance with Section 1003(a)(ii) of the Amex Company Guide with shareholders' equity of less than \$4,000,000 and net losses in three of its four most recent fiscal years. The Company was successful in exercising a turnaround plan and on March 28, 2008, the Company received a notice from Amex stating that the Singing Machine has resolved the aforementioned listing deficiency and was restored to its full listing status. Amex has fully re-listed the Company as a member in good-standing; however the Company still needs to remain in compliance with Amex Company Guide Section 1009(h). If the company fails to remain in good standing, there is still a possibility of delisting. If our common stock is removed from listing on Amex, it may become more difficult for us to raise funds through the sales of our common stock or securities.

IF OUR OUTSTANDING DERIVATIVE SECURITIES ARE EXERCISED OR CONVERTED, OUR EXISTING SHAREHOLDERS WILL SUFFER DILUTION.

As of March 31, 2008, there were outstanding stock options to purchase an aggregate of 1,029,296 shares of common stock at exercise prices ranging from \$0.32 to \$11.09 per share, not all of which are immediately exercisable. The

weighted average exercise price of the outstanding stock options is approximately \$1.44 per share. As of March 31, 2007, there were outstanding and immediately exercisable options to purchase an aggregate of 1,382,890. There were outstanding stock warrants to purchase 1,250,000 shares of common stock at an exercise price of \$.35 per share, all of which are exercisable.

FUTURE SALES OF OUR COMMON STOCK HELD BY CURRENT STOCKHOLDERS AND INVESTORS MAY DEPRESS OUR STOCK PRICE.

As of June 23, 2008 there were 31,841,728 shares of our common stock outstanding. We have filed two registration statements registering an aggregate 3,794,250 of shares of our common stock (a registration statement on Form S-8 to register the sale of 1,844,250 shares underlying options granted under our 1994 Stock Option Plan and a registration statement on Form S-8 to register 1,950,000 shares of our common stock underlying options granted under our Year 2001 Stock Option Plan). An additional registration statement on Form S-1 was filed in October 2003, registering an aggregate of 2,795,465 shares of our common stock. The market price of our common stock could drop due to the sale of large number of shares of our common stock, such as the shares sold pursuant to the registration statements or under Rule 144, or the perception that these sales could occur.

OUR STOCK PRICE MAY DECREASE IF WE ISSUE ADDITIONAL SHARES OF OUR COMMON STOCK.

Our Certificate of Incorporation authorizes the issuance of 100,000,000 shares of common stock as amended in January 2006. As of June 23, 2008 we had 31,841,728 shares of common stock issued and outstanding and an aggregate of 3,484,593 shares issuable under our outstanding options and warrants. As such, our Board of Directors has the power, without stockholder approval, to issue up to 64,673,679 shares of common stock. Any issuance of additional shares of common stock, whether by us to new stockholders or the exercise of outstanding warrants or options, may result in a reduction of the book value or market price of our outstanding common stock. Issuance of additional shares will reduce the proportionate ownership and voting power of our then existing stockholders.

PROVISIONS IN OUR CHARTER DOCUMENTS AND DELAWARE LAW MAKE IT DIFFICULT FOR A THIRD PARTY TO ACQUIRE OUR COMPANY AND COULD DEPRESS THE PRICE OF OUR COMMON STOCK.

Delaware law and our certificate of incorporation and bylaws contain provisions that could delay, defer or prevent a change in control of our Company or a change in our management. These provisions could also discourage proxy contests and make it more difficult for you and other stockholders to elect directors and take other corporate actions. These provisions of our restated certificate of incorporation include: authorizing our board of directors to issue additional preferred stock, limiting the persons who may call special meetings of stockholders, and establishing advance notice requirements for nominations for election to our board of directors or for proposing matters that can be acted on by stockholders at stockholder meetings.

IF WE FAIL TO MAINTAIN EFFECTIVE INTERNAL CONTROLS OVER FINANCIAL REPORTING, THE PRICE OF OUR COMMON STOCK MAY BE ADVERSELY AFFECTED.

Our internal controls over financial reporting may have weaknesses and conditions that need to be addressed, the disclosure of which may have an adverse impact on the price of our common stock. We are required to establish and maintain appropriate internal controls over financial reporting. Failure to establish those controls, or any failure of those controls once established, could adversely impact our public disclosures regarding our business, financial condition or results of operations. In addition, our management's assessment of internal controls over financial reporting may identify weaknesses and conditions that need to be addressed in our internal controls over financial reporting or other matters that may raise concerns for investors. Any actual or perceived weaknesses and conditions that need to be addressed in our internal controls over financial reporting, disclosure of our management's assessment of our internal controls over financial reporting or disclosure of our public accounting firm's attestation to or report on management's assessment of the Company's internal controls over financial reporting may have an adverse impact on the price of our common stock. .

THE MARKET PRICE OF OUR COMMON STOCK MAY BE ADVERSELY AFFECTED BY SEVERAL FACTORS.

The market price of our common stock could fluctuate significantly in response to various factors and events, including:

- our ability to execute our business plan;
- operating results below expectations;
- loss of any strategic relationship;
- industry developments;
- economic and other external factors; and
- period-to-period fluctuations in its financial results.

In addition, the securities markets have from time to time experienced significant price and volume fluctuations that are unrelated to the operating performance of particular companies. These market fluctuations may also materially and adversely affect the market price of our common stock.

WE HAVE NOT PAID CASH DIVIDENDS IN THE PAST AND DO NOT EXPECT TO PAY CASH DIVIDENDS IN THE FUTURE. ANY RETURN ON INVESTMENT MAY BE LIMITED TO THE VALUE OF OUR STOCK.

We have never paid cash dividends on our stock and do not anticipate paying cash dividends on our stock in the foreseeable future. The payment of cash dividends on our stock will depend on our earnings, financial condition and

other business and economic factors affecting us at such time as the board of directors may consider relevant. If we do not pay cash dividends, our stock may be less valuable because a return on your investment will only occur if our stock price appreciates.

ITEM 1B. UNRESOLVED STAFF COMMENTS

None.

ITEM 2. PROPERTIES

Our corporate headquarters is located in Coconut Creek, Florida in approximately 8,000 square feet office and warehouse facility. The lease expires on May 31, 2010. The annual rental expense is \$72,000.

We have one warehouse facility in City of Industry, California. The City of Industry warehouse facility has 90,000 square feet (with an option to acquire an additional 90,000 square feet) and the lease expires on April 30, 2013. The annual rental expense is approximately \$600,000.

We have a 1,500 square foot office space in Macau. The lease expires on October 31, 2008. The annual rent expense is \$32,991.

We believe that the facilities are well maintained, in substantial compliance with environmental laws and regulations, and adequately covered by insurance. We also believe that these leased facilities are not unique and could be replaced, if necessary, at the end of the term of the existing leases.

ITEM 3. LEGAL PROCEEDINGS

LEGAL MATTERS

None pending.

HISTORICALLY:

SYBERSOUND RECORDS, INC., D/B/A PARTY TYME KARAOKE V. UAV CORPORATION, D/B/A KARAOKE BAY AND D/B/A STERLING ENTERTAINMENT; MADACY ENTERTAINMENT GROUP, LTD.; AUDIO STREAM, INC. D/B/A KEYNOTE KARAOKE; TOP TUNES, INC.; SINGING MACHINE COMPANY; COMPASS PRODUCTIONS, INC.; BCI ECLIPSE LLC; AND DOES 1 THROUGH 50 INCLUSIVE. (SUPERIOR COURT OF THE STATE OF CALIFORNIA FOR THE COUNTY OF LOS ANGELES, WEST DISTRICT, CASE NO. SC 085498)

On May 12, 2005, Sybersound Records, Inc., a U.S. karaoke product distributor, filed a suit in Los Angeles Superior Court against virtually every one of its competitors (including Singing Machine), seeking actual and punitive damages arising from alleged unfair business practices, unfair competition, and wrongful interference with business relationships. The defendants in the case (including Singing Machine), all of whom cooperated in vigorously defending themselves from what they considered to be baseless charges, filed various motions in the case seeking dismissal on Constitutional and other grounds. Sybersound thereafter moved to dismiss the state court action, a motion which the court granted, and filed a new action against many of the same defendants, including The Singing Machine Company, Inc., in federal court on August 11, 2005 (described below).

SYBERSOUND RECORDS, INC. V. UAV CORPORATION; MADACY ENTERTAINMENT L.P., AUDIO STREAM, INC., TOP TUNES, INC., SINGING MACHINE, INC., BCI ECLIPSE COMPANY, LLC, AMOS ALTER, DAVID ALTER, EDWARD GOETZ, DENNIS NORDEN, FRANK ROBERTSON, DOUGLAS VOGT AND RICHARD VOGT (UNITED STATES DISTRICT COURT FOR THE CENTRAL DISTRICT OF CALIFORNIA, CV05-5861 JFW); (UNITED STATES COURT OF APPEALS FOR THE NINTH CIRCUIT (USCA DOCKET NO. 06-55221)

The new federal court action filed on August 11, 2005 alleged violation the Copyright Act and the Lanham Act by the defendants, and claims for unfair competition under California law. Sybersound was joined in the complaint by several publisher owners of musical compositions who alleged copyright infringement against all the defendants *except* The Singing Machine Company, Inc. On November 7, 2005, the district court ordered the publisher plaintiffs' copyright claims severed from the case. The Singing Machine Company, Inc. is not a party to the severed cases.

In September, 2005, the defendants, including The Singing Machine Company, Inc., filed multiple motions to dismiss the original complaint. In October 2005, Sybersound filed a motion for summary judgment, as well. On January 6, 2006, the court granted the motions of the defendants and denied the plaintiff's motion, dismissing the case against the defendants, including The Singing Machine Company, Inc., with prejudice. Plaintiff Sybersound thereafter appealed the decision to the Ninth Circuit Court of Appeals.

On February 27, 2008 the Ninth Circuit Court of Appeals affirmed the dismissal against The Singing Machine Company, Inc. and dismissed all claims against the Company with prejudice.

OTHER MATTERS

None.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

We held our Annual Meeting of Stockholders on Friday, January 12, 2007 at 2:00 p.m EST at the Company's executive offices. There were present in person or by proxy 21,909,111 shares of Common Stock, of a total of 25,274,883 shares of Common Stock entitled to vote. At the Annual Meeting, our stockholders voted in favor of the following proposals:

14

1. The number of shares voted in favor of the election of the following nominees for director is set forth opposite each nominee's name:

Nominee	Number of Shares
Bernard Appel	21,904,899
Josef Bauer	21,898,899
Harvey Judkowitz	21,837,830
Stewart Merkin	21,837,830
Peter Hon	21,881,899
Carol Lau	21,881,899
Yat Tung Lau	21,881,899

2. 21,578,030 shares were voted in favor of the appointment of Berkovits, Lago, & Company LLP as the Company's independent auditors for the fiscal year ended March 31, 2007.

PART II

ITEM 5. MARKET FOR COMPANY'S COMMON EQUITY AND RELATED STOCKHOLDER MATTERS AND ISSUER PURCHASES OF EQUITY SECURITIES

Our common stock currently trades on the American Stock Exchange under the symbol "SMD." Set forth below is the range of high and low information for our common stock as traded on the American Stock Exchange during fiscal 2007 and fiscal 2006. This information regarding trading on AMEX represents prices between dealers and does not reflect retail mark-up or markdown or commissions, and may not necessarily represent actual market transactions.

FISCAL PERIOD	HIGH	LOW
2008:		
First quarter (April 1 - June 30, 2007)	\$ 0.87	\$ 0.60
Second quarter (July 1 - September 30, 2007)	0.90	0.34
Third quarter (October 1 - December 31, 2007)	0.78	0.29
Fourth quarter (January 1 - March 31, 2008)	0.35	0.20
2007:		
First quarter (April 1 - June 30, 2006)	\$ 0.40	\$ 0.23
Second quarter (July 1 - September 30, 2006)	0.55	0.25
Third quarter (October 1 - December 31, 2006)	0.79	0.24
Fourth quarter (January 1 - March 31, 2007)	1.60	0.70

As of June 15, 2008, there were approximately 355 record holders of our outstanding common stock. Because brokers and other institutions hold many of the shares on behalf of shareholders, we are unable to determine the actual number of shareholders represented by these record holders.

DIVIDENDS

We have never declared or paid cash dividends on our common stock and our Board of Directors intends to continue its policy for the foreseeable future. Future dividend policy will depend upon our earnings, financial condition, contractual restrictions and other factors considered relevant by our Board of Directors and will be subject to limitations imposed under Delaware law.

EQUITY COMPENSATION PLAN INFORMATION

The following table summarizes our equity compensation plan information as of March 31, 2007:

PLAN CATEGORY	NUMBER OF SECURITIES TO BE ISSUED UPON EXERCISE OF OUTSTANDING OPTIONS, WARRANTS AND RIGHTS	WEIGHTED-AVERAGE EXERCISE PRICE	REMAINDER OF OUTSTANDING COMPENSATION PLANS EXCLUDING SECURITIES IN COLUMN (A))
Equity Compensation Plans approved by Security Holders	1,382,890	\$ 1.86	625,160
Equity Compensation Plans Not approved by Security Holders	0	\$ 0	0

RECENT SALES OF UNREGISTERED SECURITIES

During the fiscal year ended March 31, 2008 the Company issued 1,892,857 shares of its common stock.

On March 12, 2008, the Company issued 952,381 shares of common stock to Arts Electronics, LTD for \$200,000 (\$0.21 per share).

March 31, 2007 and 2006, the Company issued 17,225,917 and 290,689 shares of its common stock.

During the twelve months ended March 31, 2007, the Company issued 285,000 shares of common stock to various employees, as well as directors, at prices ranging from \$.32 per share to \$.60 per share according to employee stock option agreements.

On March 26, 2007, the Company issued 526,316 shares of common stock to Arts Electronics, LTD for \$500,000 (\$.95 per share).

On March 26, 2007, the Company issued 720,000 shares of common stock to Gentle Boss Investments LTD to for \$600,000 (\$.833 per share).

On March 26, 2007, the Company issued 480,000 shares of common stock to Timemate Industries Limited for \$400,000 (\$.833 per share).

On October 3, 2006, the Company issued 1,380,000 shares of common stock to Gentle Boss Investments LTD. for \$600,300 (\$.435 per share).

On October 3, 2006, the Company issued 920,000 shares of common stock to Timemate Industries Limited for \$400,200 (\$.435 per share).

On September 27, 2006, the Company issued 39,065 shares of common stock to members of the Board of Directors for services provided to the Company for fiscal year 2006, valued at \$12,501, which is included in the selling, general, and administrative expenses for the nine months ended December 31, 2006.

On June 25, 2006, the Company issued 12,875,536 shares of common stock to koncepts International Limited for a \$3 million investment (\$.233 per share).

On November 1, 2005, the Company issued 12,911 shares of common stock to members of the Board of Directors for services provided to the Company for fiscal year 2005, valued at \$9,167.

On May 1, 2005, the Company has authorized the issuance of 277,778 shares of common stock for the conversion of a \$200,000 related party loan.

We issued Warrants to purchase (i) 2,500,000 shares of our common stock at an exercise price of \$.233 per share for one year from the date of issuance, (ii) 1,250,000 shares of our common stock at an exercise price of \$.28 per share for three years from the date of issuance, and (iii) 1,250,000 shares of our common stock at an exercise price of \$.35 per share for four years from the date of issuance. The Warrants are subject to adjustment upon the occurrence of specific events, including stock dividends, stock splits, combinations or reclassifications of our common stock or distributions of cash or other assets. Under the terms of the Warrants, in no event shall the Purchaser become the beneficial owner of more than 19.99% of the number of shares of common stock outstanding immediately after giving effect to such issuance. On April 10, 2007, 2,500,000 options were exercised at \$.233 per share.

*All of the above issuances and sales were deemed to be exempt under Rule 506 of Regulation D and/or Section 4 (2) of the Securities Act of 1933, as amended (the "Securities Act"). No advertising or general solicitation was employed in offering the securities. The offerings and sales were made to a limited number of persons, all of whom were accredited investors, business associates of the Singing Machine or executive officers of the Singing Machine, and transfer was restricted by the Singing Machine in accordance with the requirement of the Securities Act. In addition to representations by the above-reference persons, we have made independent determinations that all of the above-referenced persons were accredited or sophisticated investors, and that they were capable of analyzing the merits and risks of their investment, and that they understood the speculative nature of their investment. Furthermore, all of the above-referenced persons were provided with access to our Securities and Exchange Commission filings.

PURCHASES OF EQUITY SECURITIES BY THE ISSUER AND AFFILIATED PURCHASERS

None.

ITEM 6. SELECTED FINANCIAL DATA

The following selected consolidated financial data should be read in conjunction with our consolidated financial statements and related notes and "Management's Discussion and Analysis of Financial Condition and Results of Operations" included elsewhere in this Annual Report on Form 10-K. The statements of operations data for the years ended March 31, 2008, 2007, and 2006 and the balance sheet data at March 31, 2008 and 2007 are derived from our audited financial statements which are included elsewhere in this Form 10-K. The statement of operations data for the year ended March 31, 2005 and 2004 and the balance sheet data at March 31, 2006, 2005 and 2004 are derived from our audited financial statements which are not included in this Form 10-K. The historical results are not necessarily indicative of results to be expected for future periods.

	2008	2007	2006	2005	2004
Statement of Operations:					
Net Sales	\$ 34,048,858	\$ 26,732,144	\$ 32,305,560	\$ 38,209,825	\$ 70,541,128

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion should be read in conjunction with the Financial Statements and Notes filed herewith. Our fiscal year ends March 31. This document contains certain forward-looking statements including, among others, regarding anticipated trends in our financial condition and results of operations and our business strategy. (See Part I, Item 1A, "Risk Factors"). These forward-looking statements are based largely on our current expectations and are subject to a number of risks and uncertainties. Actual results could differ materially from these forward-looking statements. Important factors to consider in evaluating such forward-looking statements include (i) changes in external factors or in our internal budgeting process which might impact trends in our results of operations; (ii) unanticipated working capital or other cash requirements; (iii) changes in our business strategy or an inability to execute our strategy due to unanticipated changes in the industries in which we operate; and (iv) various competitive market factors that may prevent us from competing successfully in the marketplace.

OVERVIEW

Our primary objectives for fiscal 2008 were to:

- increase the revenues by expanding our product lines and customer base;
- continue to drive down the operating costs;
- turn the operations to profit;
- obtain better financing facilities;
- raise additional equity.

We believe that the plans were well executed and we have achieved our primary goals. During fiscal 2008, our revenue has increased by 27.4% while the total operation expenses decrease by 3.7%. Most importantly, we have generated profit from operations after a four year restructuring effort. We also have raised approximately \$1.1 million equity from major suppliers. As a result, we successfully remedied our non-compliance status with the American Stock Exchange in fiscal 2008.

RESULTS OF OPERATIONS

The following table sets forth, for the periods indicated, certain income and expense items expressed as a percentage of the Company's total revenues:

	2008	2007	2006
Total Revenues	100.0%	100.0%	100.0%
Cost of Sales	77.5%	77.1%	78.1%
Operating expenses	22.1%	29.2%	28.6%
Operating (loss) income	0.5%	-6.4%	-6.7%
Other (expenses), income, net	-0.5%	-0.1%	0.8%
Income (Loss) before taxes	0.1%	-6.5%	-5.9%
Provision (benefit) for income taxes	0.0%	9.2%	0.0%
Net Income (loss)	0.1%	2.8%	-5.9%

FISCAL YEAR ENDED MARCH 31, 2008 COMPARED WITH FISCAL YEAR ENDED MARCH 31, 2007**NET SALES**

Net sales for the fiscal year ended March 31, 2008 were approximately \$34.0 million, an increase of approximately \$7.3 million from approximately \$26.7 million for fiscal 2007. The increase in net sales was primarily due to the sales increase for the Bratz licensed products of \$4 million and the Musical instrument of \$2.5 million, as well as the small increase in karaoke products sales. The music CD sales continued to decrease from approximately \$700,000 in fiscal 2007 to less than \$100,000 in fiscal 2008 due to the overall CD sales decline in the entire music industry.

In fiscal 2008, 59% of our sales were direct sales, which represent sales made by International SMC and SMC Macau, and 41% were domestic sales, which represents sales made from our warehouses in the United States. The ratio is very similar to that of fiscal 2007.

GROSS PROFIT

Gross profit for fiscal 2008 was approximately \$7.7 million or 22.5% of total revenues compared to approximately \$6.1 million or 22.9% of sales for fiscal 2007. The increase in gross margin, compared to the prior year, was primarily due to a better pricing model. However, the higher profit margin was partially off set by the cost increase in China and the lower music sales. The music sales usually yielded a higher margin than that of the hardware sales.

Our gross profit may not be comparable to those of other entities, since some entities include the costs of warehousing, inspection, freight charges and other distribution costs in their cost of sales. We account for the above expenses as operating expenses and classify them under the selling expenses.

OPERATING EXPENSES

Operating expenses, including depreciation and amortization, for the fiscal year ended March 31, 2008 decreased from approximately \$7.8 million to approximately \$7.5 million, a decrease of approximately \$0.3 million or 3.7% compared to the same period last year. The decrease in operating expenses consists of approximately \$0.6 million increase in selling expenses, which include advertising, commission, freight and royalty expenses, and an approximately \$0.9 million decrease in general and administration expenses. The increase of selling expenses was proportional to the increase of the revenues. The decrease of the general and administrative expenses was primarily due to reductions in warehouse expenses and compensation expenses.

DEPRECIATION AND AMORTIZATION

Our depreciation and amortization expenses were \$311,273 for fiscal 2008 compared to \$556,051 for fiscal 2007. The fixed assets mainly consist of the tools and molds, which are depreciated with three years straight-line method. In the past three years, we have utilized some existing tools and molds for the new product designs. It helps drive down the tooling cost. We have also improved the product design process, which allow us to make fewer models of new products with higher sales volume for each models.

NET OTHER INCOME (EXPENSES)

Net other expense was \$154,672 in fiscal 2008 compared to net other income of \$13,327 in fiscal 2007. The increase was primarily due to the increase of the borrowing cost. The higher borrowing cost was a result of the higher domestic sales, which required a longer term to finance inventory and accounts receivable.

INCOME BEFORE TAXES

We had an income before taxes of \$1,712 in fiscal 2008 compared to a loss before taxes of \$1,714,988 in fiscal 2007. The improved profit was a result of higher revenues and successfully lowering operating expenses.

INCOME TAX EXPENSE

Significant management judgment is required in developing our provisions for income taxes, including the determination of foreign tax liabilities, deferred tax assets and liabilities and any valuation allowances that might be required against deferred tax assets. Management evaluates its ability to realize its deferred tax assets on a quarterly basis and adjusts its valuation allowance when it believes that it is not likely to be realized. On March 31, 2008 and 2007, we had gross deferred tax assets of approximately \$ 2.7 million and approximately \$6.4 million, against which we recorded valuation allowances totaling approximately \$ 2.7 million and approximately \$6.4, respectively.

For the fiscal years ended March 31, 2008 and March 31, 2007, we did not record any income tax expense. This occurred because the Company had taxable losses for the US operations and the Macau subsidiary is exempt from income tax according to the Macau Offshore Company (MOC) regulations.

The Company's former wholly-owned subsidiary, International SMC (HK) Limited had applied for an exemption of income tax in Hong Kong. Therefore, no taxes had been expensed or provided for at International SMC (HK) Limited. Although no decision has been reached by the governing body, the parent company had reached the decision to provide for the possibility that the exemption could be denied and accordingly had recorded a provision of \$2,453,576 in the consolidated financial statements for Hong Kong taxes in fiscal 2003, 2002 and 2001.

As a result of restructuring its operations in China, the Company established a wholly owned Macau subsidiary to conduct its operations in China. In August 2006, the Company engaged the parent of its major shareholder in Hong Kong, Starlight International, to provide engineering and shipping services. In September 2006, the Company sold its wholly owned Hong Kong subsidiary, International SMC (HK) Limited ("ISMC") to See Bright Investments Limited.

As a consequence of the ISMC divestiture, and based on the opinion of the Hong Kong tax counsel, as well as "hold harmless" representations from the present shareholders of ISMC, the Company reversed the previously recorded provision of Hong Kong tax of approximately \$2,453,000 in the quarter ended December 31, 2006. Such reversal has been presented in the income tax section of the accompanying Consolidated Statements of Operations.

We operate within multiple taxing jurisdictions and are subject to audit in those jurisdictions. Because of the complex issues involved, any claims can require an extended period to resolve. In management's opinion, adequate provisions for income taxes have been made.

NET LOSS/NET INCOME

As a result of the foregoing, we had net income of approximately \$1,712 in fiscal 2008 from operations as compared to a net income of 738,588 in fiscal 2007 as a result of a one-time tax reversal of approximately \$2.5 million in fiscal 2007.

FISCAL YEAR ENDED MARCH 31, 2007 COMPARED WITH FISCAL YEAR ENDED MARCH 31, 2006

NET SALES

Net sales for the fiscal year ended March 31, 2007 were approximately \$26.7 million, a decrease of approximately \$5.6 million from approximately \$32.3 million for fiscal 2006. The decrease in net sales was a result of both decreases in unit volume as well as pricing. The decrease in sales is primarily attributed to the following:

- We lost a \$2.7 million order from a major specialty store in the United States because the customer decided not to carry karaoke products. Also, one of our European customers had carried over inventory from fiscal 2006 and therefore they lowered their fiscal 2007 purchases by \$3 million.

- We did not complete the investment transaction with koncept International until June 2006. Most of major retailers had decided their buying plan before June. Our financial constraints affect our ability to compete for the major accounts.
- The decrease of karaoke Compact Disc (CD) sales. We had higher than usual returns of karaoke CD's in our quarter ended March 31, 2007. As a result, our music sales decreased by approximately \$700,000 to approximately \$1 million for fiscal 2007. The music industry has been experiencing a continuing decline in CD sales; while the music download business has increased dramatically. We have explored the possibilities with various download companies to sell our music and lyrics on line in fiscal 2008.

In fiscal year 2007, 60% of our sales were direct sales, which represent sales made by International SMC and SMC Macau, and 40% were domestic sales, which represents sales made from our warehouses in the United States.

The sales decrease occurred in all segments of our business. Our total hardware sales decreased to approximately \$25.7 million in fiscal 2007 compared to total hardware sales of approximately \$30.9 million in fiscal 2006.

Music sales decreased to approximately \$1 million, or 3.7% of net sales, in fiscal 2007, compared to approximately \$1.4 million, or 5% of net sales, in fiscal 2006. The decrease in music sales was a result of a sharp decline in overall CD sales as experienced by other major companies in the music industry.

GROSS PROFIT

Gross profit for fiscal 2007 was approximately \$6.1 million or 22.9% of total revenues compared to approximately \$7.1 million or 21.9% of sales for fiscal 2006. The increase in gross margin, compared to the prior year, was primarily due to a better pricing model for hardware and the loss of the low margin customers. The increase of the hardware profit margin was partly offset by the decrease of the music profit margin. Music sales yield higher profit margin than our other products.

Our gross profit may not be comparable to those of other entities, since some entities include the costs of warehousing, inspection, freight charges and other distribution costs in their cost of sales. We account for the above expenses as operating expenses and classify them under selling, general and administrative expenses.

OPERATING EXPENSES

Operating expenses, including depreciation and amortization, for the fiscal year ended March 31, 2007 decreased from approximately \$9.2 million to approximately \$7.8 million, a decrease of approximately \$1.4 million or 15.4% compared to the same period last year. The decrease in operating expenses consists of approximately \$100,000 increase in selling expenses, which include advertising, commission, freight and royalty expenses, and an approximately \$1.2 million decrease in general and administration expenses. The increase of selling expenses was primarily due to the increase of freight expenses of approximately \$200,000. The decrease of the general and administrative expenses was primarily due to reductions in warehouse expenses, compensation expenses and the bad debt expense.

DEPRECIATION AND AMORTIZATION

Our depreciation and amortization expenses were \$556,051 for fiscal 2007 compared to \$688,951 for fiscal 2006. This decrease in depreciation and amortization expenses can be attributed to the fact that we produced fewer models with higher volume per model, which increased the economies of scale for our product lines. In addition, the Company did not amortize any loan costs for the fiscal year ended March 31, 2007.

NET OTHER INCOME (EXPENSES)

Net other expense was \$13,327 in fiscal 2007 compared to net other income of \$254,172 in fiscal 2006. In fiscal 2006, we recognized a one time gain of approximately \$2.2 million from the restructuring of approximately \$4 million convertible debts and we also incurred approximately \$1.6 million amortization of discount on convertible debentures. In addition, we incurred approximately \$487,000 in interest expense in fiscal 2006. Our interest expense was approximately \$42,000 for fiscal 2007.

INCOME BEFORE TAXES

We had a net loss before taxes of \$1,714,988 in fiscal 2007 compared to a net loss before taxes of \$1,905,250 in fiscal 2006. The decrease of the loss was primarily due to the decrease of the operating expenses.

INCOME TAX EXPENSE

Significant management judgment is required in developing our provisions for income taxes, including the determination of foreign tax liabilities, deferred tax assets and liabilities and any valuation allowances that might be required against deferred tax assets. Management evaluates its ability to realize its deferred tax assets on a quarterly basis and adjusts its valuation allowance when it believes that it is not likely to be realized. On March 31, 2007 and 2006, we had gross deferred tax assets of approximately \$ 2.7 million and approximately \$6.4 million, against which

we recorded valuation allowances totaling approximately \$ 2.7 million and approximately \$6.4, respectively.

For the fiscal years ended March 31, 2007 and March 31, 2006, we did not record any income tax expense. This occurred because the Company had taxable losses for the US operations and the Macau subsidiary is exempt from income tax according to the Macau Offshore Company (MOC) regulations.

The Company's former wholly-owned subsidiary, International SMC (HK) Limited had applied for an exemption of income tax in Hong Kong. Therefore, no taxes had been expensed or provided for at International SMC (HK) Limited. Although no decision has been reached by the governing body, the parent company had reached the decision to provide for the possibility that the exemption could be denied and accordingly had recorded a provision of \$2,453,576 in the consolidated financial statements for Hong Kong taxes in fiscal 2003, 2002 and 2001.

As a result of restructuring its operations in China, the Company established a wholly owned Macau subsidiary to conduct its operations in China. In August 2006, the Company engaged the parent of its major shareholder in Hong Kong, Starlight International, to provide engineering and shipping services. In September 2006, the Company sold its wholly owned Hong Kong subsidiary, International SMC (HK) Limited ("ISMC") to See Bright Investments Limited.

As a consequence of the ISMC divestiture, and based on the opinion of the Hong Kong tax counsel, as well as "hold harmless" representations from the present shareholders of ISMC, the Company reversed the previously recorded provision of Hong Kong tax of approximately \$2,453,000 in the quarter ended December 31, 2006. Such reversal has been presented in the income tax section of the accompanying Consolidated Statements of Operations.

We operate within multiple taxing jurisdictions and are subject to audit in those jurisdictions. Because of the complex issues involved, any claims can require an extended period to resolve. In management's opinion, adequate provisions for income taxes have been made.

NET LOSS/NET INCOME

As a result of the foregoing, we had net income of approximately \$738,588 in fiscal 2007 compared to a net loss of approximately \$1.9 million in fiscal 2006. Our decrease in net loss is primarily attributable to a one time tax reversal of approximately \$2.5 million.

LIQUIDITY AND CAPITAL RESOURCES

On March 31, 2008, we had cash on hand of approximately \$0.4 million compared to cash on hand of approximately \$1.2 million on March 31, 2007. The decrease of cash on hand was primarily due to the increase of the inventory of approximately \$1.4 million and the increase of the accounts receivable of approximately \$0.9 million. The increase of the inventory and the accounts receivable was a result of the increased domestic sales.

Cash used in the operating activities for the year ended March 31, 2008 was \$1,352,223. The cash was spent to finance a higher level of the inventory and accounts receivable. We used the company common stock and vendor financing to off set portion of the cash requirement.

Cash used in investing activities for the year ended March 31, 2008 was \$490,697. Cash used in investing activities was for the purchase of tooling and molds.

Cash provided by financing activities was \$1,101,836 for the fiscal year ended March 31, 2008, which was due to additional equity investments of approximately \$630,881 and the working capital loan from the related party – Starlight Holding Company.

As of March 31, 2008, our working capital was approximately \$3.3 million. Our current liabilities of approximately \$3.2 million include:

- Customer credit on account of approximately \$778,993 – the amount will be offset by future purchases or refund.
- Accounts payable of \$1,145,150 of which \$755,000 was due to a major supplier in China.
- Related party loan of \$616,732 due to Starlight Holding Company.

As of June 16, 2008, our cash on hand is approximately \$450,000. Our average monthly operating expenses are approximately \$300,000 and we need approximately \$0.9 million to cover our operating expenses during the next three month period. Our primary expenses are normal operating costs including salaries, lease payments for our warehouse space in California and other operating costs.

As of March 31, 2008, our commitments for debt and other contractual arrangements are summarized as follows:

	Total	Less than 1 year	1 - 3 years	3 - 5 years	Over 5 years
Property Leases	\$ 3,398,205	\$ 556,673	\$ 2,115,596	\$ 725,936.35	\$ -
Equipment Leases	24,763	9,888	14,875	-	-
Licensing Agreement	242,000	242,000	-	-	-
Loan Payable-Related Party	616,732	616,732	-	-	-
Total	\$ 4,281,700	\$ 1,425,293	\$ 2,130,471	\$ 725,936	\$ -

Each of the contractual agreements (except the equipment leases) provides that all amounts due under that agreement can be accelerated if we default under the terms of the agreement.

WORKING CAPITAL REQUIREMENTS DURING THE SHORT AND LONG TERM

During the next twelve month period, we plan on financing our working capital needs from:

- 1) Equity investments – The Company is actively seeking equity investments to expand its business. We expect to raise additional capital as required for fiscal year 2009.
- 2) Vendor financing – Our key vendors in China have agreed to manufacture on behalf of the Company without advanced payments and have extended payment terms to the Company. The terms with the factories are sufficient to cover the factory direct sales, which accounted for more than 60% of the total revenues.
- 3) Factoring of accounts receivable - The Company factors its accounts receivable for sales originated in the United States. We are continually exploring better rates and terms with various banks. The Company has currently received numerous proposals with higher credit facility at better rates to meet the cash requirements of the shipping season. We continue to evaluate all offers.
- 4) Cost reduction - The Company has reduced significant operating expenses in recent years. The cost reduction initiatives are part of our intensive effort to achieve a successful turn-around restructuring. The Company plans to continue its cost cutting efforts in fiscal 2009.
- 5) Bridge Loan - We may be able to raise additional short term bridge loan from the parent of our majority shareholder, Starlight International, who is also one of our suppliers.

6) Reduce cost of operation – The Company has incorporated SMC Logistics, Inc. as a wholly-owned subsidiary to operate our California warehouse. For fiscal 2009, SMC Logistics has signed an agreement with the Starlight Group to handle the logistics and fulfillment of Starlight Groups’ domestic products for a service fee. This arrangement effectively turns our warehouse from a cost-center to a profit-center.

Our sources of cash for working capital in the long term are the same as our sources during the short term. If we need additional financing, we intend to approach different financing companies or insiders. However, we cannot guarantee that our financing plan will succeed. If we need to obtain additional financing and fail to do so, it may have a material adverse effect on our ability to meet our financial obligations and continue our operations.

During fiscal 2009, we will strive to reduce additional operating costs. In order to reduce the need to maintain inventory in our warehouses in California and Florida, we intend to continue to ship a significant portion of our total sales directly from SMC Macau. The goods shipped directly to our customers from ports in China are primarily backed by customer letters of credit. The customers take title to the merchandise at their consolidators in China and are responsible for the shipment, duty, clearance and freight charges to their locations. In order to keep our inventory low, we have been helping our customers forecast and manage their Singing Machine inventories. This will prevent the overstocking situation with customers.

Except for the foregoing, we do not have any present commitment that is likely to cause our liquidity to increase or decrease in any material way. In addition, except for the Company’s need for additional capital to finance inventory purchases, the Company is not aware of any trend, additional demand, event or uncertainty that will result in, or that is reasonably likely to result in, the Company’s liquidity increasing or decreasing in any material way.

EXCHANGE RATES

We sell all of our products in U.S. dollars and pay for all of our manufacturing costs in either U.S. or Hong Kong dollars. Operating expenses of our former Hong Kong office were paid in Hong Kong dollars. Operating expenses of the Macau office are paid in either Hong Kong dollars or Macau currency (MOP) The exchange rate of the Hong Kong dollar to the U.S. dollar has been fixed by the Hong Kong government since 1983 at HK\$7.80 to U.S. \$1.00 and, accordingly, has not represented a currency exchange risk to the U.S. dollar. The exchange rate of the MOP to the U.S. dollar is MOP \$8.05 to U.S. \$1.00. We cannot assure you that the exchange rate between the United States, Macau and Hong Kong currencies will continue to be fixed or that exchange rate fluctuations will not have a material adverse effect on our business, financial condition or results of operations.

SEASONAL AND QUARTERLY RESULTS

Historically, our operations have been seasonal, with the highest net sales occurring in the second and third quarters (reflecting increased orders for equipment and music merchandise during the Christmas selling months) and to a lesser extent the first and fourth quarters of the fiscal year. Sales in our fiscal second and third quarter, combined, accounted for approximately 87.8%, 94.0% and 87.5 % of net sales in fiscal 2008, 2007, and 2006.

Our results of operations may also fluctuate from quarter to quarter as a result of the amount and timing of orders placed and shipped to customers, as well as other factors. The fulfillment of orders can therefore significantly affect results of operations on a quarter-to-quarter basis.

We are currently developing and considering selling products other than karaoke category during the slow season to fulfill the revenue shortfall.

INFLATION

Inflation has not had a significant impact on the Company's operations. The Company has historically passed any price increases on to its customers since prices charged by the Company are generally not fixed by long-term contracts.

OFF BALANCE SHEET ARRANGEMENTS

None.

CRITICAL ACCOUNTING POLICIES

We prepared our consolidated financial statements in accordance with accounting principles generally accepted in the United States of America. As such, management is required to make certain estimates, judgments and assumptions that it believes are reasonable based on the information available. These estimates and assumptions affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses for the periods presented. The significant accounting policies which management believes are the most critical to aid in fully understanding and evaluating our reported financial results included accounts receivable allowance for doubtful accounts, reserves on inventory and income tax.

COLLECTIBILITY OF ACCOUNTS RECEIVABLE. The Singing Machine's allowance for doubtful accounts is based on management's estimates of the creditworthiness of its customers, current economic conditions and historical information, and, in the opinion of management, is believed to be an amount sufficient to respond to normal business conditions. Management sets 100% reserves for customers in bankruptcy and other reserves based upon historical collection experience. Should business conditions deteriorate or any major customer default on its obligations to the Company, this allowance may need to be significantly increased, which would have a negative impact on operations.

RESERVES ON INVENTORIES. The Singing Machine establishes a reserve on inventory based on the expected net realizable value of inventory on an item by item basis when it is apparent that the expected realizable value of an inventory item falls below its original cost. A charge to cost of sales results when the estimated net realizable value of specific inventory items declines below cost. Management regularly reviews the Company's investment in inventories for such declines in value.

INCOME TAXES. Significant management judgment is required in developing our provision for income taxes, including the determination of foreign tax liabilities, deferred tax assets and liabilities and any valuation allowances that might be required against the deferred tax assets. Management evaluates its ability to realize its deferred tax assets on a quarterly basis and adjusts its valuation allowance when it believes that it is more likely than not that the asset will not be realized.

We operate within multiple taxing jurisdictions and are subject to audit in those jurisdictions. Because of the complex issues involved, any claims can require an extended period to resolve. In management's opinion, adequate provisions for potential income taxes in the jurisdictions have been made.

OTHER ESTIMATES. We make other estimates in the ordinary course of business relating to sales returns and allowances, warranty reserves, and reserves for promotional incentives. Historically, past changes to these estimates have not had a material impact on our financial condition. However, circumstances could change which may alter future expectations.

RECENT ACCOUNTING PRONOUNCEMENTS:

See "Note 1" to the attached financial statements.

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Market risk represents the risk of loss that may impact our financial position, results of operations or cash flows due to adverse changes in financial and commodity market prices and interest rates. We are exposed to market risk in the areas of changes in United States and international borrowing rates and changes in foreign currency exchange rates. In addition, we are exposed to market risk in certain geographic areas that have experienced or remain vulnerable to an economic downturn, such as China. We purchase substantially all our inventory from companies in China, and, therefore, we are subject to the risk that such suppliers will be unable to provide inventory at competitive prices. While we believe that, if such an event were to occur we would be able to find alternative sources of inventory at competitive prices, we cannot assure you that we would be able to do so. These exposures are directly related to our normal operating and funding activities. Historically and as of March 31, 2008, we have not used derivative instruments or engaged in hedging activities to minimize market risk.

INTEREST RATE RISK

As of March 31, 2008, our exposure to market risk resulting from changes in interest rates is immaterial.

FOREIGN CURRENCY RISK

We have a wholly-owned subsidiary in Macau. Sales by this operation made on a FOB China or Hong Kong basis are dominated in U.S. dollars. However, purchases of inventory and Macau operating expenses are typically denominated in either Hong Kong dollars or the Macau currency (“MOP”), thereby creating exposure to changes in exchange rates. Changes in the Hong Kong dollar, U.S. dollar or MOP exchange rates may positively or negatively affect our gross margins, operating income and retained earnings. We do not believe that near-term changes in the exchange rates, if any, will result in a material effect on our future earnings, fair values or cash flows, and therefore, we have chosen not to enter into foreign currency hedging transactions. We cannot assure you that this approach will be successful, especially in the event of a significant and sudden change in the value of the Hong Kong dollar.

ITEM 8. FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA

The financial statements and supplemental data required pursuant to this Item 8 are included in this Annual Report, as a separate section commencing on page F-1 and are incorporated herein by reference.

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

23

ITEM 9A. CONTROLS AND PROCEDURES

(a) *Management's Annual Report on Internal Control over Financial Reporting*

Management is responsible for establishing and maintaining adequate internal control over financial reporting as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act. This rule defines internal control over financial reporting as a process designed by, or under the supervision of Company management to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with U.S. GAAP.

A system of internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A material weakness is any deficiency, or combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of our company's annual or interim financial statements will not be prevented or detected on a timely basis.

Based upon this evaluation, our Chief Executive Officer and interim Chief Financial Officer concluded that our internal control over financial reporting was not effective as of the period covered by this Annual Report, as a result of material weaknesses.

The material weaknesses were primarily due to the following:

(i) *Lack of accounting management personnel.* At the time of this Annual Report the Company does not currently have a financial controller or on-site Chief Financial Officer. As a result, there is no material division of duties that would insure that information is checked or verified before it is entered into the accounting system or that entries into the accounting system accurately reflect transactions. Reconciliations of accounts, when performed, are conducted by the individual that is responsible for entering information into the account. Additionally there is currently no management oversight to ensure transactions or postings are accurately recorded.

(ii) *Lack of effective financial control policies and procedures.* The Company does not currently have sufficient written policies and procedures dealing with account reconciliations or charge-backs by customers. As a result, many unauthorized charge-backs may be taken without proper review or dispute. There also lacks proper documentation or internal testing to assure all postings and transactions are accurately and timely reported.

(iii) *Transition of accounting system.* For fiscal year 2008, management has identified inadequate features and preventive measures with our Traverse accounting system. For business and financial control reasons management has decided to upgrade and convert to a new accounting system in March 2008. As of the date of this Annual Report, the Company has switched all functions over to this new system. However, due to employee unfamiliarity with the new software and reliance upon sensitive reports generated by the new system, such data input and output may not be timely or accurate.

In designing and evaluating our disclosure controls and procedures, management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and management necessarily is required to apply its judgment in evaluating the relationship between the benefit of desired controls and procedures and the cost of implementing new controls and procedures.

(b) *Management's Plan for Remediation of Material Weaknesses*

In light of the conclusion that our internal control over financial reporting was not effective, our management is in the process of implementing a plan intended to remediate such ineffectiveness and to strengthen our internal controls over financial reporting through the implementation of certain measures. At the filing of this Annual Report, Management has addressed the need for a financial controller and has hired a full-time controller. For fiscal 2009, Management is

committed to improve control and oversight relating to financial controls and will work with our Audit Committee to formulate written policies and procedures to address deficiencies described above. Additionally, Management has engaged the services of a technical consulting company that is familiar with our new accounting system to address the deficiencies reported above.

This Annual Report does not include an attestation report of the Company's registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by the Company's registered public accounting firm pursuant to temporary rules of the Securities and Exchange Commission that permit the Company to provide only management's report in this Annual Report.

(c) Changes in Internal Controls

There were no changes in the Company's internal controls over financial reporting during the year ended March 31, 2008, that materially affected, or were reasonably likely to materially affect, the Company's internal control over financial reporting, other than the remediation measures described above.

ITEM 9B. OTHER INFORMATION

None.

24

PART III**ITEM 10. DIRECTORS AND EXECUTIVE OFFICERS OF THE REGISTRANT**

The following table sets forth certain information with respect to our executive officers, directors and significant employees as of June 15, 2008.

Name	Age	Position
Anton H. Handal	53	Chief Executive Officer
Alicia Haskamp (1)	60	Former Senior VP of Sales and Product Development
Danny Zheng (2)	38	Former Chief Financial Officer
Carol Lau	59	Chief Financial Officer and Chairwoman
Harvey Judkowitz	53	Director
Bernard Appel	76	Director
Stewart A. Merkin	65	Director
Peter Hon	67	Director
Yat Tung Lau	29	Director
Josef A. Bauer (3)	69	Former Director

(1) Ms. Haskamp resigned as our Senior VP of Sales and Product Development on February 5, 2008.

(2) Mr. Zheng resigned as our Chief Financial Officer on May 22, 2008.

(3) Mr. Bauer resigned from our Board of Directors of February 4, 2008.

Directors are elected or appointed to serve until the next annual meeting and until their successors are elected and qualified. Officers are appointed to serve for one year until the meeting of the Board of Directors following the annual meeting of stockholders and until their successors have been elected and qualified. Any officer elected or appointed by the Board or appointed by an executive officer or by a committee may be removed by the Board either with or without cause, and in the case of an officer appointed by an executive officer or by a committee, by the officer or committee that appointed him or by the president.

The following information sets forth the backgrounds and business experience of our directors and executive officers and has been provided to us by each respective individual:

Anton “Tony” Handal became the CEO of the Singing Machine on June 21, 2007. Mr. Handal is also the founder and principal of Handal & Associates. Mr. Handal has extensive practical business experience. He has negotiated, documented and closed a myriad of business transactions and has successfully managed several mergers, acquisitions and reverse mergers. Mr. Handal, together with a close group of financial and accounting affiliates, has structured corporate finance transactions, managed due diligence assignments and negotiated purchase and sale agreements. He has also overseen corporate due diligence, licensed Intellectual Property and negotiated vendor/supply agreements.

Not only is Mr. Handal a quality attorney, he is also known for his creative approach to “Problem-solving”. He has brought these qualities to bear in advising his clients on asset purchases, mergers and acquisitions, contract negotiations and risk management. Mr. Handal has negotiated and acted as lead counsel in business transactions exceeding \$130,000,000 in value.

Mr. Handal has also extended his own personal time, and directed members of his firm to contribute to the community by actively pursuing pro bono work for and on behalf of several non profit and community based organizations.

Mr. Handal, between 1995 and 1999, had served as CEO of a start-up technology company, secured patents, raised capital and handled communications with shareholders/investors. Since 1998, he has acted as US legal counsel for

Starlight International Holdings, Ltd. a major shareholder of the Company. He has also served as a member of the Villa View Hospital board of directors, former member of the Board of Trustees of the San Diego Railroad Museum and was counsel to the San Diego Fire Youth Soccer Team. In addition to his strong dedication to the firm and his community, Mr. Handal has acted as counsel to the San Diego Convention Center Corporation. He has actively engaged in fundraising and supporting local, statewide and national political candidates.

Mr. Handal is a member of the California and Florida State Bars; Federal District Court Bar of the Northern, Southern and Central Districts of California and Florida and also a member of the Ninth Circuit Court of Appeals. He is a graduate of the University of California at Los Angeles (UCLA) school of Economics and received a Juris Doctorate degree from Southwestern University School of Law.

Danny Zheng had been part of the Singing Machine management team since April 2004 and had served as financial controller and principal accounting officer until April 5, 2005 when he became the Chief Financial Officer of the Singing Machine. On January 1, 2007, Danny became the interim Chief Executive Officer of the Company until Mr. Handal was appointed Chief Executive Officer on June 21, 2007. Mr. Zheng has since resigned from the Company effective March 22, 2008. Mr. Zheng is a certified public accountant licensed by the state of Delaware. He held controller and VP finance positions with various private and public companies. Previously, he was also employed by a New York regional CPA firm as tax consultant for 4 years. Mr. Zheng also served as general manager from 1999 to 2002 for PC Ware International Miami branch, a Taiwan based computer manufacturer. He was responsible for its distribution, marketing and finance operation in six countries throughout Latin America. He also served as director of operations for PC Micro, a joint venture computer manufacturer in Manaus, Brazil from 1999 to 2002. Mr. Zheng earned a B.S. degree in accounting from Nankai University in China. Mr. Zheng is currently pursuing an Executive MBA degree at the Wharton School, University of Pennsylvania.

Carol Lau joined the Starlight Group in 1987 and was appointed to the position of President of Starlight Randix Corporation, a wholly owned subsidiary of the Starlight group in 1993. In 2001, she became the Chief Financial Officer of Cosmo Communications Corporation. Currently Ms. Lau serves as the Company's interim Chief Financial Officer. Prior to joining the Starlight group, from 1978 to 1987 Ms. Lau held positions in auditing and financial management with the Australian Government. Ms. Lau was a Certified Public Accountant (CPA) in Australia and is a licensed CPA in Massachusetts. She holds a Bachelor of Business degree from the Curtin University in Australia and a Graduate Diploma in Computer Science from the Canberra University in Australia. Ms. Lau joined the Company's board on January 12, 2007.

Harvey Judkowitz has served as a director since March 29, 2004 and is the chairman of the Audit Committee. He is licensed as a Certified Public Accountant in New York and Florida. From 1988 to the present date, Mr. Judkowitz has conducted his own CPA practices. He has served as the Chairman and CEO of UniPro Financial Services, a diversified financial services company up until the company was sold in September of 2005. He presently is the Chairman of AHM Financial Services Inc., a start-up management company.

Bernard S. Appel has served as a director since October 31, 2003. He spent 34 years at Radio Shack, beginning in 1959. At Radio Shack, he held several key merchandising and marketing positions and was promoted to the positions of President in 1984 and to Chairman of Radio Shack and Senior Vice President of Tandy Corporation in 1992. Since 1993 through the present date, Mr. Appel has operated the private consulting firm of Appel Associates, providing companies with merchandising, marketing and distribution strategies, creative line development and domestic and international procurement.

Stewart Merkin has served as a director since December 1, 2004. Mr. Merkin, founding partner of the Law Office of Stewart A. Merkin, has been practicing law in Miami, Florida since 1974. His core legal practice areas include corporate and securities law, as well as mergers and acquisitions and international transactions. He was awarded both J.D. and M.B.A. degrees from Cornell University, as well as a B.S. from The Wharton School, University of Pennsylvania. He has been admitted to the Florida and New York State Bar since 1972 and 1973, respectively

Peter Hon has been a non-executive of the Starlight group since 1998. Mr. Hon passed the College of Law qualifying examination in 1969 in the United Kingdom and began practicing law in Hong Kong in that year after being admitted to the High Court of Hong Kong. He has been the principal of Hon and Co, a law firm in Hong Kong for the past 37 years. Mr. Hon joined the Company's board on January 12, 2007.

Yat Tung Lau joined the Starlight group in 2003 as assistant to the Chairman of the Board of the Starlight group and is now head of corporate relations. He is also responsible for local sales in China and heads the computer information system department for the Starlight group. From 2002 to 2003, he held a marketing executive position in Storage Technology Corporation. Mr. Lau holds a Bachelor of Arts degree in business marketing from Indiana University. Mr. Lau joined the Company's board on January 12, 2007.

BOARD COMMITTEES

We have an audit committee, an executive compensation/stock option committee and a nominating committee.

As of July 2, 2007, the audit committee consists of Messrs. Judkowitz (Chairman), Appel and Merkin. The Board has designated Mr. Judkowitz as the "audit committee financial expert," as defined by Item 401(h) of Regulation S-K of the Securities Exchange Act of 1934. The Board has determined that Messrs. Judkowitz, Merkin and Appel are "independent directors" within the meaning of the listing standards of the American Stock Exchange. The audit committee recommends the engagement of independent auditors to the board, initiates and oversees investigations into matters relating to audit functions, reviews the plans and results of audits with our independent auditors, reviews our internal accounting controls, and approves services to be performed by our independent auditors.

As of July 2, 2007, the executive compensation/stock option committee consisted of Ms. Carol Lau (Chairwoman) and Messrs. Judkowitz. In May 2008, Ms. Lau assumed the position of Interim CFO, replacing Danny Zhang and was thus ineligible to sit on the compensation committee. Ms. Lau was replaced by Stewart Merkin on the compensation committee on July 8, 2008. The executive compensation/stock option committee considers and authorizes remuneration arrangements for senior management and grants options under, and administers our employee stock option plan.

As of July 2, 2007, the nominating committee consists of Messrs. Appel (Chairman), Merkin and Yat Tung Lau. The nominating committee is responsible for reviewing the qualifications of potential nominees for election to the Board of Directors and recommending the nominees to the Board of Directors for such election.

Nomination of Directors

As provided in its charter and our Company's corporate governance principles, the Nominating Committee is responsible for identifying individuals qualified to become directors. The Nominating Committee seeks to identify director candidates based on input provided by a number of sources, including (1) the Nominating Committee members, (2) our other directors, (3) our stockholders, (4) our Chief Executive Officer or Chairman, and (5) third parties such as professional search firms. In evaluating potential candidates for director, the Nominating Committee considers the entirety of each candidate's credentials.

Qualifications for consideration as a director nominee may vary according to the particular areas of expertise being sought as a complement to the existing composition of the Board of Directors. However, at a minimum, candidates for director must possess:

- high personal and professional ethics and integrity;
- the ability to exercise sound judgment;
- the ability to make independent analytical inquiries;
- a willingness and ability to devote adequate time and resources to diligently perform Board and committee duties; and
- the appropriate and relevant business experience and acumen.

In addition to these minimum qualifications, the Nominating Committee also takes into account when considering whether to nominate a potential director candidate the following factors:

- whether the person possesses specific industry expertise and familiarity with general issues affecting our business;
- whether the person's nomination and election would enable the Board to have a member that qualifies as an "audit committee financial expert" as such term is defined by the Securities and Exchange Commission (the "SEC") in Item 401 of Regulation S-K;
- whether the person would qualify as an "independent" director under the listing standards of the American Stock Exchange;
- the importance of continuity of the existing composition of the Board of Directors to provide long term stability and experienced oversight; and
- the importance of diversified Board membership, in terms of both the individuals involved and their various experiences and areas of expertise.

FAMILY RELATIONSHIPS

There are no other family relationships among any of our officers or other directors, except for Chairwoman Carol Lau who is the aunt of Director Yat Tung Lau and the mother of Gary Atkinson, the Company's General Counsel.

CODE OF ETHICS

We have adopted a Code of Business Conduct and Ethics, which is applicable to all directors, officers and employees of the Singing Machine, including our principal executive officer, our principal financial officer, and our principal accounting officer or controller or other persons performing similar functions. A copy of the Code of Ethics will be filed as Exhibit 14.1 via an amendment to this Annual Report or filed as an exhibit to a Current Report on Form 8-K. We intend to post amendments to or waivers from our Code of Ethics (to the extent applicable to our chief executive officer, principal financial officer, principal accounting officer or controller or other persons performing similar functions) on our website.

COMPLIANCE WITH SECTION 16(A) OF THE EXCHANGE ACT

To our knowledge, based solely on a review of the copies of such reports furnished to the Company and written representations that no other reports were required, the Company believes that during the year ended March 31, 2007, its officers, directors and 10% shareholders complied with all Section 16(a) filing.

ITEM 11. EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

PHILOSOPHY

The Executive Compensation Committee believes that the Singing Machine must maintain short and long-term executive compensation plans that enable us to attract and retain well-qualified executives. Furthermore, we believe that our compensation plans must also provide a direct incentive for our executives to create shareholder value. A well designed executive compensation plan will align the interests between the executives and the shareholders as well as creating a positive environment of goals, performances and rewards.

We believe that the executive compensation should reflect the success of the management team, rather than the individual, in attaining the key operating objectives such as revenues growth, operation cost reduction, fund raising and the appreciation of the stock price. A clear measurement should be established to reward the performance. We will also evaluate our executive compensation package by comparison to similar companies to ensure the competitiveness of our compensation.

In furtherance of this philosophy, the compensation of our executives generally consists of three components: base salary, annual cash incentives and long-term performance-based incentives.

BASE SALARIES

Annual base salaries for executive officers are initially determined by evaluating the responsibility of the position and the experience and the skill sets of the individual. Also taken into consideration is the competitiveness of the market place for executive talent, including a comparison of base annual salaries with comparable positions within similar companies.

INCENTIVE CASH BONUSES

Generally, we award cash bonuses to our management employees and other employees, based on their personal performance in the past year and overall performance of our Company. The overall performance of our Company includes the revenue growth, reduction of the operation expenses, fund raising and the stock price appreciation.

LONG TERM COMPENSATION - STOCK OPTION GRANTS

We have utilized stock options to motivate and retain executive officers and other employees for the long-term. We believe that stock options closely align the interests of our executive officers and other employees with those of our stockholders and provide a major incentive to building stockholder value. Options are typically granted annually, and are subject to vesting provisions to encourage officers and employees to remain employed with the Company. Our stock options are usually granted at a price equal to or above the fair market value of our common stock on the date of grant. As such, our officers only benefit from the grant of stock options if our stock price appreciates. Generally, we try to tie bonus payments to our financial performance. However, if an individual has made significant contributions to our Company, we will provide them with a bonus payment for their efforts even if our Company's financial performance has not been strong.

COMPENSATION OF OFFICERS

Anton Handal became the Chief Executive Officer of the Company on June 21, 2007. Mr. Handal does not have an employment contract with the Company and does not receive a salary. In exchange for his services, Mr. Handal has an option from koncepts International Limited to purchase 750,000 stock warrants of The Singing Machine Company, Inc. held by koncepts International Limited, at any time, upon payment of \$5,000.

Danny Zheng served as the Company's Interim Chief Executive Officer from January 1, 2007 through June 21, 2007 and as the Chief Financial Officer from June 21 through May 22, 2008. During this time, Mr. Zheng had an employment contract, for the Chief Financial Officer position, which was entered into on July 20, 2006. Based on the agreement, Mr. Zheng's base salary is \$160,000 per year. The agreement also includes a monthly car allowance of \$500 per month and a bonus, which is at the sole discretion of the Company's Board of Directors. Mr. Zheng was not granted any cash bonuses in fiscal 2008.

COMPENSATION COMMITTEE REPORT

The compensation committee is responsible for discharging the responsibilities of the board with respect to compensation of executive officers. The compensation committee sets performance goals and objectives for the chief executive officer and the other executive officers, evaluates their performance with respect to those goals and sets their compensation based upon the evaluation of their performance. The compensation committee assesses the information it receives in accordance with its business judgment. The compensation committee also periodically reviews director compensation. All decision with respect to executive and director compensation are approved by the

compensation committee and recommended to the full board of directors for ratification.

The compensation committee has reviewed and discussed the Compensation Discussion and Analysis (the “CD&A”) for the year ended March 31, 2007 with management. In reliance on the reviews and discussions referred to above, the compensation committee recommended to the board, and the board has approved, that the CD&A be included in the Company’s Annual Report on Form 10-K for the year ended March 31, 2007 for filing with SEC.

Submitted by the Compensation Committee of the Board of Directors:

Stewart Merkin & Harvey Judkowitz

The following table provides certain summary information concerning compensation awarded to, earned by or paid to our Chief Executive Officer and other named executive officers of our Company whose total compensation exceeded \$100,000 (collectively, the “named officers”) for fiscal year 2007.

28

SUMMARY COMPENSATION TABLE

Name and Principal Position	Year	Salary	Bonus	Stock Awards	Option Compensation	Non-Equity Compensation	Deferred Compensation	All other Compensation	Change in Pension Value and Non-Qualified	Total Compensation

(1) Jay Bauer resigned from our Board effective February 4, 2008.

Refer to Note 1 “Stock Based Compensation” in the Notes to the Consolidated Financial Statements included elsewhere in this Annual Report on Form 10K for the relevant assumptions used to determine the valuation of our option awards.

During fiscal 2008, our compensation package for our non-employee directors consisted of grants of stock options, cash payments, stock issuances and reimbursement of costs and expenses associated with attending our Board meetings. Our eight non-employee directors during fiscal 2008 were Messrs. Appel, Judkowitz, Hon, Carol Lau, Yat Tung Lau and Merkin.

During fiscal 2008, we have utilized the following compensation policy for our directors:

- An initial grant of 20,000 Singing Machine stock options with an exercise price determined as the closing price on the day of joining the board. The options will vest in one year and expire in ten years while they are board members or 90 days once they are no longer board members.
- An annual cash payment of \$7,500 will be made for each completed full year of service or prorated for a partial year. The payment will be made as of March 31.

- An annual stock grant of stock equivalent in value to \$2,500 for each completed full year of service or prorated for a partial year. The stock price at grant will be determined at the closing price on the day of the Annual Shareholder Meeting. The actual grant will be made on or before March 31.
- An annual grant of 20,000 Singing Machine stock options with an exercise price determined as the closing price on the day of the Annual Shareholder Meeting. If the Annual Meeting is held less than 6 months after the board member first joined the board he or she will not receive another option grant.
- Independent board members will receive a \$500 fee for each board meeting and annual meeting they attend. Committee meetings and telephone board meetings will be compensated with a \$200 fee.
- All expenses will be reimbursed for attending board, committee and annual meetings or when their presence at a location away from home is requested.

EMPLOYMENT AGREEMENTS

As of June 30, 2008 the Company has no employment contracts with any of its employees. The Company had an employment contract with Danny Zheng, former Chief Financial Officer, which terminated as of May 22, 2008. The employment agreement was entered into on July 20, 2006. Based on the agreement, Mr. Zheng's base salary was \$160,000 per year. Mr. Zheng will serve as a consultant to the Company for three months from the date of his resignation ending August 31, 2008 during which time he will be paid his normal base salary and benefits.

Mr. Zheng received a cash bonus of \$5,000 in fiscal 2008 and \$12,000 in fiscal year 2006.

We awarded Mr. Zheng options to purchase 12,000 shares of our common stock, which vest in 5 years, at an exercise price of \$1.05 per share in April 2004. We awarded 70,000 stock options, which vest in 3 years, to Mr. Zheng at exercise price of \$0.60 on May 9, 2005. On January 20, 2006, the Company granted 30,000 stock options, which vest in 1 year, at an exercise price of \$.34 per share. On April 10, 2006, Mr. Zheng was given stock options, which vest in 1 year, to purchase 100,000 shares of our common stock at an exercise price of \$.33 per share. All of these options were granted under our Year 2001 Stock Option Plan and were granted at a price that was equal to closing price of our common stock on the date of grant.

In addition, the Company previously had an employee agreement with Alicia Haskamp, former Senior Vice President of Sales and Product Development prior to her resignation on February 5, 2008. Based upon that agreement, her base salary was \$160,000 per year and included a \$500 monthly car allowance and a bonus which is based on hardware net sales revenue. Ms. Haskamp served as consultant to the company until March 31, 2008 through which she was paid her full base salary, benefits, and commissions.

Anton H. Handal who became our Chief Executive Officer effective June 21, 2007 and has no employment agreements with the Company as of the date of this report.

SEPARATION AND CONSULTING AGREEMENTS

As of June 30, 2008 the Company currently only has one consulting agreement. Pursuant to his resignation, Danny Zheng has agreed to consult for the Company until August 31, 2008, during which time he will be paid his normal compensation package and benefits. The Company also had a consulting agreement with Alicia Haskamp, which terminated on March 31, 2008. Ms. Haskamp was paid her full salary, benefits, and commission.

EQUITY COMPENSATION PLANS AND 401(K) PLAN

We have two stock option plans: our 1994 Amended and Restated Stock Option Plan ("1994 Plan") and our Year 2001 Stock Option Plan ("Year 2001 Plan"). Both the 1994 Plan and the Year 2001 Plan provide for the granting of incentive stock options and non-qualified stock options to our employees, officers, directors and consultants. As of March 31, 2007, we had 13,050 options issued and outstanding under our 1994 Plan and 1,369,840 options are issued and outstanding under our Year 2001 Plan.

The following table gives information about equity awards under our 1994 Plan and the Year 2001 Plan.

PLAN CATEGORY	NUMBER OF SECURITIES EXERCISABLE UPON EXERCISE OF OUTSTANDING OPTIONS, WARRANTS AND RIGHTS	WEIGHTED-AVERAGE REMAINING AVAILABLE FOR EQUITY TO BE ISSUED UPON EXERCISE OF OUTSTANDING COMPENSATION PLANS EXCLUDING SECURITIES IN COLUMN (A))	NUMBER OF SECURITIES REMAINING AVAILABLE FOR EQUITY TO BE ISSUED UPON EXERCISE OF OUTSTANDING COMPENSATION PLANS EXCLUDING SECURITIES IN COLUMN (A))
Equity Compensation Plans approved by Security Holders	1,382,890	\$ 1.86	625,160
Equity Compensation Plans Not approved by Security Holders	0	\$ 0	0

YEAR 1994 PLAN

Our 1994 Plan was originally adopted by our Board of Directors in May 1994 and was approved by our shareholders on June 29, 1994. Our shareholders approved amendments to our 1994 Plan in March 1999 and September 2000. The 1994 Plan reserved for issuance up to 1,950,000 million share of our common stock pursuant to the exercise of options granted under the Plan. As of March 31, 2003, we had granted all the options that are available for grant under our 1994 Plan. As of March 31, 2007, we have 13,050 options issued and outstanding under the 1994 Plan and all of these options are fully vested as of March 31, 2007.

YEAR 2001 PLAN

On June 1, 2001, our Board of Directors approved the Year 2001 Plan and it was approved by our shareholders at our special meeting held September 6, 2001. The Year 2001 Plan was developed to provide a means whereby directors and selected employees, officers, consultants, and advisors of the Company may be granted incentive or non-qualified stock options to purchase common stock of the Company. The Year 2001 Plan authorizes an aggregate of 1,950,000 shares of the Company's common stock with a maximum of 450,000 shares to any one individual in any one fiscal year. The shares of common stock available under the Year 2001 Plan are subject to adjustment for any stock split, declaration of a stock dividend or similar event. At March 31, 2007, we have granted 1,369,840 options under the Year 2001 Plan, 569,257 of which are fully vested.

The Year 2001 Plan is administered by our Stock Option Committee ("Committee"), which consists of two or more directors chosen by our Board. The Committee has the full power in its discretion to (i) grant options under the Year 2001 Plan, (ii) determine the terms of the options (e.g. - vesting, exercise price), (iii) to interpret the provisions of the Year 2001 Plan and (iv) to take such action as it deems necessary or advisable for the administration of the Year 2001 Plan.

Options granted to eligible individuals under the Year 2001 Plan may be either incentive stock options ("ISO's"), which satisfy the requirements of Code Section 422, or nonstatutory options ("NSO's"), which are not intended to satisfy such requirements. Options granted to outside directors, consultants and advisors may only be NSO's. The option exercise price will not be less than 100% of the fair market value of the Company's common stock on the date of grant. ISO's must have an exercise price greater to or equal to the fair market value of the shares underlying the option on the date of grant (or, if granted to a holder of 10% or more of our common stock, an exercise price of at least 110% of the under underlying shares fair market value on the date of grant). The maximum exercise period of ISO's is 10 years from the date of grant (or five years in the case of a holder with 10% or more of our common stock). The aggregate fair market value (determined at the date the option is granted) of shares with respect to which an ISO are exercisable for the first time by the holder of the option during any calendar year may not exceed \$100,000. If that amount exceeds \$100,000, our Board of the Committee may designate those shares that will be treated as NSO's.

Options granted under the Year 2001 Plan are not transferable except by will or applicable laws of descent and distribution. Except as expressly determined by the Committee, no option shall be exercisable after thirty (30) days following an individual's termination of employment with the Company or a subsidiary, unless such termination of employment occurs by reason of such individual's disability, retirement or death. The Committee may in its sole discretion, provide in a grant instrument that upon a change of control (as defined in the Year 2001 Plan) that all outstanding option issued to the grantee shall automatically, accelerate and become full exercisable. Additionally, the obligations of the Company under the Year 2001 Plan are binding on (1) any successor corporation or organization resulting from the merger, consolidation or other reorganization of the Company or (2) any successor corporation or organization succeeding to all or substantially all of the assets and business of the Company. In the event of any of the foregoing, the Committee may, at its discretion, prior to the consummation of the transaction, offer to purchase, cancel, exchange, adjust or modify any outstanding options, as such time and in such manner as the Committee deems appropriate.

401(K) PLAN

Effective January 1, 2001, we adopted a voluntary 401(k) plan. All employees with at least one year of service are eligible to participate in our 401(k) plan. We make a matching contribution of 100% of salary deferral contributions up to 3% of pay, plus 50% of salary deferral contributions from 3% to 5% of pay for each payroll period. The amounts charged to earnings for contributions to this plan and administrative costs during the years ended March 31, 2008, 2007, 2006 and 2005 totaled approximately \$21,674, \$39,460, \$39,572 and \$30,025, respectively.

ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS

The following table sets forth as of June 15, 2008, certain information concerning beneficial ownership of our common stock by:

all directors of the Singing Machine,
all named executive officers of the Singing Machine; and
persons known to own more than 5% of our common stock.

We had 31,841,728 shares of our common stock issued and outstanding. In addition, the following amounts are included as they will be exercisable within 60 days of June 15, 2008: 33,333 shares of common stock, and 1,029,296 stock options issued under the 1994 and 2001 Stock Option Plans.

As used herein, the term beneficial ownership with respect to a security is defined by Rule 13d-3 under the Securities Exchange Act of 1934 as consisting of sole or shared voting power (including the power to vote or direct the vote) and/or sole or shared investment power (including the power to dispose or direct the disposition of) with respect to the security through any contract, arrangement, understanding, relationship or otherwise, including a right to acquire such power(s) during the next 60 days. Unless otherwise noted, beneficial ownership consists of sole ownership, voting and investment rights.

(3) Includes 2,500,000 stock warrants exercised on April 10, 2007.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS AND DIRECTOR INDEPENDENCE

Review, Approval or Ratification of Transactions with Related Persons

We believe that the terms of all of the above transactions are commercially reasonable and no less favorable to us than we could have obtained from an unaffiliated third party on an arm's length basis. Our policy requires that all related parties recuse themselves from negotiating and voting on behalf of our company in connection with related party transactions.

Parents

Not applicable

Promoter and Certain Control Persons

Not applicable.

CORPORATE GOVERNANCE

Board Determination of Independence

The Board has determined that Messrs. Judkowitz, Merkin and Appel are "independent directors" within the meaning of the listing standards of the American Stock Exchange. The audit committee recommends the engagement of independent auditors to the board, initiates and oversees investigations into matters relating to audit functions, reviews the plans and results of audits with our independent auditors, reviews our internal accounting controls, and approves services to be performed by our independent auditors.

ITEM 14. PRINCIPAL ACCOUNTING FEES AND SERVICES

The following is a summary of the fees billed to the Singing Machine by Berkovits & Co, LLP and HLB Hodgson Impey Chengfor professional services rendered for the fiscal years ended March 31, 2008 and 2007:

Fee Category	Fiscal 2008	Fiscal 2007
Audit Fees	\$ 164,194	\$ 227,675
Tax Fees	15,000	15,000
All Other Fees	1,600	1,150
Total Fees	\$ 180,794	\$ 243,825

Audit Fees - Consists of fees billed for professional services rendered for the audit of the Singing Machine's consolidated financial statements and review of the interim consolidated financial statements included in quarterly reports and services that were provided by Berkovits & Co, LLP in connection with statutory and regulatory filings or engagements

Tax Fees - Consists of fees billed for professional services for tax compliance, tax advice and tax planning. These services include assistance regarding federal, state and international tax compliance, tax audit defense, customs and duties, mergers and acquisitions, and international tax planning.

All Other Fees - Consists of fees for products and services other than the services reported above.

Out of the total fiscal 2008 and fiscal 2007 audit and other fees, \$164,194 and \$164,774 were billed by Berkovits and Co., LLP, respectively.

POLICY ON AUDIT COMMITTEE PRE-APPROVAL OF AUDIT AND PERMISSIBLE NON-AUDIT SERVICES OF INDEPENDENT AUDITORS

The Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by the independent auditors. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The independent auditors and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent auditors in accordance with this pre-approval, and the fees for the services performed to date. The Audit Committee may also pre-approve particular services on a case-by-case basis.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Shareholders of
The Singing Machine Company, Inc. and Subsidiaries

We have audited the accompanying consolidated balance sheets of The Singing Machine Company, Inc. and Subsidiaries (the "Company") as of March 31, 2008 and 2007, and the related consolidated statements of operations, shareholders' equity, and cash flows for each of the years in the three year period ended March 31, 2008. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of the Company as of March 31, 2008 and 2007, and the results of its operations and its cash flows for each of the years in the three year period ended March 31, 2008, in conformity with accounting principles generally accepted in the United States of America.

We have also audited Schedule II of the Company for the years ended March 31, 2008, 2007, 2006. In our opinion, this schedule, when considered in relation to the basic consolidated financial statements taken as a whole, presents fairly, in all material respects, the information therein.

THE SINGING MACHINE COMPANY, INC AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 - BASIS OF PRESENTATION

OVERVIEW

The Singing Machine Company, Inc., a Delaware corporation (the "Company," "SMC", or "The Singing Machine"), and wholly-owned subsidiaries SMC (Comercial Offshore De Macau) Limitada ("Macau Subsidiary"), SMC Logistics, Inc. ("SMC-L"), and the Singing Machine Holdings Ltd. (a B.V.I. company) are primarily engaged in the development, marketing, and sale of consumer karaoke audio equipment, accessories, musical instruments and musical recordings. The products are sold directly to distributors and retail customers.

The preparation of The Singing Machine's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and revenues and expenses during the period. Future events and their effects cannot be determined with absolute certainty; therefore, the determination of estimates requires the exercise of judgment. Actual results inevitably will differ from those estimates, and such differences may be material to the Company's financial statements. Management evaluates its estimates and assumptions continually. These estimates and assumptions are based on historical experience and other factors that are believed to be reasonable under the circumstances.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

PRINCIPLES OF CONSOLIDATION The accompanying consolidated financial statements include the accounts of The Singing Machine Company, Inc. and its wholly-owned subsidiaries: SMC (Comercial Offshore De Macau) Limitada ("Macau Subsidiary"), The Singing Machine Holdings Ltd. (a B.V.I. company) and SMC Logistics, Inc., a California company. All inter-company accounts and transactions have been eliminated in consolidation for all periods presented.

USE OF ESTIMATES The Singing Machine makes estimates and assumptions in the ordinary course of business relating to sales returns and allowances, warranty reserves, and reserves for promotional incentives that affect the reported amounts of assets and liabilities and of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Historically, past changes to these estimates have not had a material impact on the Company's financial condition. However, circumstances could change which may alter future expectations.

COLLECTIBILITY OF ACCOUNTS RECEIVABLE The Singing Machine's allowance for doubtful accounts is based on management's estimates of the creditworthiness of its customers, current economic conditions and historical information, and, in the opinion of management, is believed to be an amount sufficient to respond to normal business conditions. Management sets 100% reserves for customers in bankruptcy and other reserves based upon historical collection experience. Should business conditions deteriorate or any major customer default on its obligations to the Company, this allowance may need to be significantly increased, which would have a negative impact on operations.

FOREIGN CURRENCY TRANSLATION

The functional currency of the Macau Subsidiary is the Hong Kong dollar. The financial statements of the subsidiaries are translated to U.S. dollars using year-end rates of exchange for assets and liabilities, and average rates of exchange for the year for revenues, costs, and expenses. Net gains and losses resulting from foreign exchange transactions and

translations were not material during the periods presented.

CONCENTRATION OF CREDIT RISK

The Company maintains cash balances in foreign financial institutions. Such balances are not insured. The uninsured amounts at March 31, 2008 and March 31, 2007 are \$407,376 and \$240,682, respectively.

INVENTORY

Inventories are comprised of electronic karaoke equipment, accessories, and compact discs and are stated at the lower of cost or market, as determined using the first in, first out method. The Singing Machine reduces inventory on hand to its net realizable value on an item-by-item basis when it is apparent that the expected realizable value of an inventory item falls below its original cost. A charge to cost of sales results when the estimated net realizable value of specific inventory items declines below cost. Management regularly reviews the Company's investment in inventories for such declines in value.

F-7

REVENUE RECOGNITION

Revenue from the sale of equipment, accessories, and musical recordings are recognized upon the later of: (a) the time of shipment or (b) when title passes to the customers and all significant contractual obligations have been satisfied and collection of the resulting receivable is reasonably assured. Revenues from sales of consigned inventory are recognized upon sale of the product by the consignee. Net sales are comprised of gross sales net of actual and estimated future returns, discounts and volume rebates. The total returns represent 8.6%, 13.4%, and 7.4% of the gross sales for the twelve months ended March 31, 2008, 2007, and 2006, respectively.

STOCK BASED COMPENSATION

The Company began to apply the provisions of SFAS No. 123 (revised 2004), Share-Based Payments ("SFAS 123 (R)"), starting on January 1, 2006. SFAS 123 (R) which became effective after June 15, 2005, replaces SFAS No. 123, Accounting for Stock-Based Compensation, and supersedes Accounting Principles Board Opinion ("APB") No. 25, Accounting for Stock Issued to Employees. SFAS 123 (R) requires all share-based payments to employees including grants of employee stock options, be measured at fair value and expensed in the consolidated statement of operations over the service period (generally the vesting period). Upon adoption, the Company transitioned to SFAS 123 (R) using the modified prospective application, whereby compensation cost is only recognized in the consolidated statements of operations beginning with the first period that SFAS 123 (R) is effective and thereafter, with prior periods' stock-based compensation still presented on a pro forma basis. Under the modified prospective approach, the provisions of SFAS 123 (R) are to be applied to new employee awards and to employee awards modified, repurchased, or cancelled after the required effective date. Additionally, compensation cost for the portion of employee awards for which the requisite service has not been rendered that are outstanding as of the required effective date shall be recognized as the requisite service is rendered on or after the required effective date. The compensation cost for that portion of employee awards shall be based on the grant-date fair value of those awards as calculated for either recognition or pro-forma disclosures under SFAS 123. The Company continues to use the Black-Scholes option valuation model to value stock options. As a result of the adoption of SFAS 123 (R), for the years ended March 31, 2008, 2007 and 2006, , the stock option expense was \$24,010, \$182,3969 and \$13,307, respectively. Employee stock option compensation expense in fiscal years 2008, 2007 and 2006 includes the estimated fair value of options granted, amortized on a straight-line basis over the requisite service period for the entire portion of the award.

Prior to June 15, 2005, the Company followed Accounting Principles Board Opinion ("APB") No. 25, Accounting for Stock Issued to Employees. Reported and pro forma net loss and loss per share based on APB No. 25 for the last fiscal year of transition would have been as follows:

	For year ended March 31, 2006
Net loss, as reported	\$ (1,905,250)
Less: Total stock-based employee compensation expense determined under fair value based method	(484,103)
Net loss, pro forma	\$ (2,389,353)
Net loss, per share - basic reported	As \$ (0.19)
forma	Pro \$ (0.24)

Net loss, per share - diluted reported	As	\$	(0.19)
forma	Pro	\$	(0.24)

The fair value of each option grant was estimated on the date of the grant using the Black-Scholes option-pricing model with the assumptions outlined below. The expected volatility is based upon historical volatility of our stock and other contributing factors. The expected term is based upon observation of actual time elapsed between date of grant and exercise of options for all employees. Previously such assumptions were determined based on historical data.

- For the year ended March 31, 2008: expected dividend yield 0%, risk-free interest rate of 3.3%, volatility of 67.41% and expected term of three years.
- For the year ended March 31, 2007: expected dividend yield 0%, risk-free interest rate of 4.65% to 5.1%, volatility 90.77% and 91.6% and expected term of three years.
- For the year ended March 31, 2006: expected dividend yield 0%, risk-free interest rate from 4% to 4.86%, volatility from 91% to 104% and expected term of three to five years.

ADVERTISING

Costs incurred for producing and publishing advertising of the Company, are charged to operations as incurred. The Company has entered into cooperative advertising agreements with its major customers that specifically indicated that the customer has to spend the cooperative advertising fund upon the occurrence of mutually agreed events. The percentage of the cooperative advertising allowance ranges from 2% to 5% of the purchase. The customers have to advertise the Company's products in the customer's catalog, local newspaper and other advertising media. The customer must submit the proof of the performance (such as a copy of the advertising showing the Company's products) to the Company to request for the allowance. The customer does not have the ability to spend the allowance at their discretion. The Company believes that the identifiable benefit from the cooperative advertising program and the fair value of the advertising benefit is equal or greater than the cooperative advertising expense. Advertising expense for the years ended March 31, 2008, 2007 and 2006 was \$470,671, \$212,362 and \$168,739, respectively.

RESEARCH AND DEVELOPMENT COSTS

All research and development costs are charged to results of operations as incurred. These expenses are shown as a component of selling, general and administrative expenses in the consolidated statements of operations. For the years ended March 31, 2008, 2007 and 2006, these amounts totaled \$22,491, \$104,218 and \$132,282, respectively.

FAIR VALUE OF FINANCIAL INSTRUMENTS

SFAS No. 107, "Disclosures about Fair Value of Financial Instruments," requires disclosures of information about the fair value of certain financial instruments for which it is practicable to estimate that value. For purposes of this disclosure, the fair value of a financial instrument is the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced sale or liquidation.

The carrying amounts of the Company's short-term financial instruments, including accounts receivable, due from factors, accounts payable, loan-related party, customer credits on account, subordinated debt-related parties and accrued expenses approximates fair value due to the relatively short period to maturity for these instruments.

RECLASSIFICATIONS

Certain prior period amounts have been reclassified to conform to the current period presentation.

INCOME TAXES The Company follows Statement of Financial Accounting Standards No. 109 "Accounting for Income Taxes" ("SFAS No. 109"). Under the asset and liability method of SFAS No. 109, deferred tax assets and liabilities are recognized for the future tax consequences attributed to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax base. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. Under SFAS No. 109, the effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. If it is more likely than not that some portion of a deferred tax asset will not be realized, a valuation allowance is recognized.

Significant management judgment is required in developing The Singing Machine's provision for income taxes, including the determination of foreign tax liabilities, deferred tax assets and liabilities and any valuation allowances that might be required against the deferred tax assets. Management evaluates its ability to realize its deferred tax assets on a quarterly basis and adjusts its valuation allowance when it believes that it is more likely that the asset will not be realized.

Effective April 1, 2007, we adopted the provisions of the Financial Accounting Standards Board (“FASB”) Interpretation (FIN) No. 48, *Accounting for Uncertainty in Income Taxes – an interpretation of FASB Statement No. 109*. FIN 48 contains a two-step approach to recognizing and measuring uncertain tax positions accounted for in accordance with SFAS No. 109, *Accounting for Income Taxes*. The first step is to evaluate the tax position for recognition by determining if the weight of available evidence indicates it is more likely than not that the position will be sustained on audit, including resolution of related appeals or litigation processes, if any. The second step is to measure the tax benefit as the largest amount which is more than 50% likely of being realized upon ultimate settlement. We consider many factors when evaluating and estimating its tax positions and tax benefits, which may require periodic adjustments and which may not accurately anticipate actual outcomes. The impact of FIN 48 on our financial position is discussed in Note 13 – Income Taxes.

LONG-LIVED ASSETS

The Company reviews long-lived assets for impairment whenever circumstances and situations change such that there is an indication that the carrying amounts may not be recoverable. If the undiscounted future cash flows attributable to the related assets are less than the carrying amount, the carrying amounts are reduced to fair value and an impairment loss is recognized in accordance with SFAS No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets."

PROPERTY AND EQUIPMENT

Property and equipment are stated at cost, less accumulated depreciation and amortization. Expenditures for repairs and maintenance are charged to expense as incurred. Depreciation is provided for in amounts sufficient to relate the cost of depreciable assets to their estimated useful lives using accelerated and straight-line methods.

F-9

CASH AND CASH EQUIVALENTS

The Company considers all highly liquid investments with maturities of three months or less at the time of purchase to be cash equivalents. Cash and cash equivalent balances at March 31, 2008 and March 31, 2007 were \$447,816 and \$1,188,900, respectively.

SHIPPING AND HANDLING COSTS

Shipping and handling costs are classified as a component of selling expenses and those billed to customers are recorded as a reduction of expense in the statement of operations.

NOTE 3- RECENT ACCOUNTING PRONOUNCEMENTS

In December 2007, FASB issued SFAS No. 141 (revised 2007), *Business Combinations*, which replaces SFAS No 141. The statement retains the purchase method of accounting for acquisitions, but requires a number of changes, including changes in the way assets and liabilities are recognized in the purchase accounting. It also changes the recognition of assets acquired and liabilities assumed arising from contingencies, requires the capitalization of in-process research and development at fair value and requires the expensing of acquisition-related costs as incurred. We are currently assessing the potential impact that adoption of SFAS No. 141 would have on our financial statements.

In December 2007, the FASB issued SFAS No. 160. *Noncontrolling Interests in Consolidated Financial Statements, and amendment of ARB 51 ("SFAS No. 160")*, which changes the accounting and reporting for minority interests. Minority interests will be recharacterized as noncontrolling interests and will be reported as a component of equity separate from the parent's equity, and purchases or sales of equity interests that do not result in a change of control will be accounted for as equity transactions. In addition, net income attributable to the noncontrolling interest will be included in consolidated net income on the face of the income statement and upon a loss of control, the interest sold, as well as any interest retained, will be recorded at fair value with any gain or loss recognized in earnings.. We are currently assessing the potential impact that adoption of SFAS No. 160 would have on our financial statements.

NOTE 4 - INVENTORIES

Inventories are comprised of the following components:

	March 31, 2008	March 31, 2007
Finished Goods	\$ 4,012,969	\$ 2,334,381
Inventory in Transit	-	144,550
Less: Inventory Reserve	(497,985)	(198,848)
Total Inventories	\$ 3,514,984	\$ 2,280,083

Inventory consigned to customers at March 31, 2008 and March 31, 2007 were \$372,012 and \$418,598, respectively.

NOTE 5 - ACCOUNTS RECEIVABLE FACTORING AGREEMENT

The Company executed an agreement with CIT on August 13, 2007 to factor its receivables. CIT assumes the credit risk on approved accounts (factor risk accounts). For non-approved accounts, the Company will assume the credit risk (client risk accounts). The factoring fees, for the client risk accounts, are .3% of the gross invoice. For the factor risk

accounts, the fees are .55% of the gross invoice. The annual minimum charge is \$24,000. The agreement will expire August 2008. After that date, each party will have to give 60 days written notice to terminate the agreement. CIT does not advance funds to the Company directly. On October 26, 2007, the Company entered into a four- party agreement with CIT("Factor"), Standard Chartered Bank (Hong Kong), Limited ("Lender") and Starlight Marketing Limited ("Borrower"), a related party. According to the agreement, the Company assigns the proceeds from customers to the Lender, the Lender advances the loans to the Borrower. The Borrower sends the advance to the Company. Both the Borrower and the Company guarantee the repayment of the advance. The maximum amount for the advance is approximately \$4.5 million or 85% of the qualified accounts receivable, which ever is higher. As of March 31, 2008 and 2007, the outstanding amount due from the factor was \$131,451 and \$109,991, respectively. The amounts represent excess of customer payments received by the factor over advances made to the Company.

F-10

NOTE 6 - PROPERTY AND EQUIPMENT

A summary of property and equipment is as follows:

	USEFUL LIFE	MARCH 31, 2008	MARCH 31, 2007
Computer and office equipment	5 years 5-7	\$ 520,182	\$ 440,946
Furniture and fixtures	years	216,120	220,171
Leasehold improvement	*	156,614	209,004
Molds and tooling	3 years	1,032,970	621,508
		1,925,886	1,491,629
Less: Accumulated depreciation		(1,327,606)	(1,045,119)
		\$ 598,280	\$ 446,510

· Shorter of remaining term of lease or useful life

Depreciation for fiscal years ended 2008, 2007, and 2006 was \$311,273, \$556,051, and \$688,951, respectively.

NOTE 7 – DUE TO RELATED PARTIES, NET

As of March 31, 2008 we had \$616,732 due to related parties. This consists of an interest bearing loan payable of \$642,587 to Starlight Marketing Limited, an \$18,000 payable to Starlight Marketing Development Limited, and net accounts payable of \$38,751 to related parties. These amounts were reduced by a non-interest bearing receivable from Cosmo Communications Corp. for \$82,607.

As of March 31, 2007, due to related parties represented accounts payable for inventory purchased from Starlight Marketing Limited.

NOTE 8 - SUBORDINATED DEBT - RELATED PARTIES

These related party loans as of March 31, 2007 were in the amount of \$225,000 and were due to a former director and his associate. The loans carried an interest rate of 5.5%. The loans were paid during fiscal year 2008.

NOTE 9 - CUSTOMER CREDITS ON ACCOUNT

Customer credits on account represent customers that have received credits in excess of their accounts receivable balance. These balances were reclassified for financial statement purposes as current liabilities until paid or applied to future purchases.

NOTE 10 - NET GAIN ON RETIREMENT OF CONVERTIBLE DEBENTURES

On March 10, 2006, the holders of the Company's 8% convertible debentures agreed to accept \$2,000,000 in full payment of principal and unpaid interest due them on the convertible debentures.

This agreed upon final payment resulted in a net gain of \$2,253,725 which has been reflected under other income in the accompanying consolidated statement of operations for the fiscal year ended March 31, 2006.

NOTE 11 - COMMITMENTS AND CONTINGENCIES

LEGAL MATTERS

SYBERSOUND RECORDS, INC. V. UAV CORPORATION; MADACY ENTERTAINMENT L.P., AUDIO STREAM, INC., TOP TUNES, INC., SINGING MACHINE, INC., BCI ECLIPSE COMPANY, LLC, AMOS ALTER, DAVID ALTER, EDWARD GOETZ, DENNIS NORDEN, FRANK ROBERTSON, DOUGLAS VOGT AND RICHARD VOGT (UNITED STATES DISTRICT COURT FOR THE CENTRAL DISTRICT OF CALIFORNIA, CV05-5861 JFW); (UNITED STATES COURT OF APPEALS FOR THE NINTH CIRCUIT (USCA DOCKET NO. 06-55221)

The federal court action filed on August 11, 2005 alleged violation of the Copyright Act and the Lanham Act by the defendants, and claims for unfair competition under California law. Sybersound was joined in the complaint by several publisher owners of musical compositions who alleged copyright infringement against all the defendants *except* The Singing Machine Company, Inc. On November 7, 2005, the district court ordered the publisher plaintiffs' copyright claims severed from the case. The Singing Machine Company, Inc. is not a party to the severed cases.

In September 2005, the defendants, including The Singing Machine Company, Inc., filed multiple motions to dismiss the original complaint. In October 2005, Sybersound filed a motion for summary judgment. On January 6, 2006, the court granted the motions of the defendants and denied the plaintiff's motion, thereby dismissing the case against the defendants, including The Singing Machine Company, Inc., with prejudice. The plaintiff Sybersound thereafter appealed the decision to the Ninth Circuit Court of Appeals.

On February 27, 2008 the Ninth Circuit Court of Appeals affirmed the dismissal against The Singing Machine Company, Inc. and dismissed all claims against the Company with prejudice. Sybersound has until July 10, 2008 to file a Petition with the United States Supreme Court to appeal that decision. If Sybersound does not elect to file a Petition, the above captioned lawsuit will be concluded.

The Company is also subject to various other legal proceedings and other claims that arise in the ordinary course of business. In the opinion of management, the amount of ultimate liability, if any, in excess of applicable insurance coverage, is not likely to have a material effect on the financial condition, results of operations or liquidity of the Company. However, as the outcome of litigation or other legal claims is difficult to predict, significant changes in the range of possible loss could occur, which could have a material impact on the Company's operations.

LEASES

The Company has entered into various operating lease agreements for office and warehouse facilities in Coconut Creek, Florida, City of Industry, California and Macau. The leases expire at varying dates. Rent expense for the years ended March 31, 2008, 2007 and 2006 was \$201,270, \$409,608 and \$632,586, respectively.

In addition, the Company maintains various warehouse equipment and computer equipment operating leases.

Future minimum lease payments under property and equipment leases with terms exceeding one year as of March 31, 2008 are as follows:

For period ending	Property Leases	Equipment Leases
2009	\$ 556,673	\$ 9,888
2010	714,004	14,875
2011	732,359	-
2012	669,233	-
2013 and beyond	725,936	-
	\$ 3,398,204	\$ 24,763

The above property lease payments are gross payments which are not net of supplemental sublease fees we receive. During fiscal years 2008 and 2007 the Company received fees of approximately \$543,000 and \$414,000 respectively, for warehousing services provided to affiliated entities out of its California warehouse.

Such fees have been offset against rent expense in the consolidated statements of operations. The affiliated entities are committed to pay fees to the Company of approximately \$429,000 during fiscal year 2009.

LICENSE AGREEMENTS

On May 10, 2006, we entered into a two-year license agreement with MGA Entertainment, Inc. to produce and distribute a variety of karaoke products based on MGA's BRATZ™ franchise, one of the world's leading toy lines and girls' lifestyle brands, in North America, Europe and Australia. These karaoke products include a TFT DVD karaoke system, sing-a-long cassette players, deluxe microphones, electronic keyboards and an electronic drum. The license agreement contains a minimum guarantee payment term.

On November 21, 2006 we also entered into a three-year license agreement with MGA Entertainment, Inc. to produce and distribute a variety of consumer electronic products based on MGA's BRATZ™ franchise, one of the world's leading toy lines and girls' lifestyle brands, in North America, New Zealand, Chile and Australia. These consumer electronic

products include boom boxes, clock radios and portable DVDs. The license agreement contains a minimum guarantee payment term.

Future royalty payments due under license agreements at March 31, 2008 are as follows:

	Royalty Payments	
For period ending		
2009	\$	242,000
Thereafter	\$	242,000

F-12

AMERICAN STOCK EXCHANGE STATUS

On September 6, 2006, the Company received notice from The American Stock Exchange (the "Amex") that the Company had fallen below the continued listing standards of the Amex and that its listing was being continued pursuant to an extension.

For the fiscal years ended March 31, 2007 and March 31, 2006, the Company was not in compliance with Section 1003(a)(ii) of the Amex Company Guide with shareholders' equity of less than \$4,000,000 and net losses in three of its four most recent fiscal years.

In a letter dated March 28, 2008, the American Stock Exchange reviewed the Company's fiscal year 2008 financial statements and in light of its performance, determined that Singing Machine has resolved its listing deficiency from September 6, 2006. The Company is fully reinstated as an Amex member in good standing, but will still have to comply with continued listing standards pursuant to Amex Company Guide Section 1009(h).

NOTE 12 - STOCKHOLDERS' EQUITY

COMMON STOCK ISSUANCES

During the years ended March 31, 2008, 2007 and 2006, the Company issued the following common stock shares:

2008:

During the year ended March 31, 2008, the Company issued 162,677 shares of common stock to various employees, as well as directors, at prices ranging from \$.32 per share to \$.93 per share pursuant to employee stock option agreements.

On March 12, 2008, the Company issued 952,381 shares of common stock to Arts Electronics for \$200,000 (\$0.21 per share) as payment for a trade payable.

On September 28, 2007, the Company issued 857,143 shares of common stock to koncept International Limited, a subsidiary of Starlight for \$300,000 (\$.35 per share) as payment for certain payables owed by the Company to Starlight Marketing Macao.

On April 16, 2007, 2,500,000 warrants at \$0.233 were exercised by koncept International Limited, a subsidiary of Starlight, and the Company received a total of \$582,500.

2007:

On October 3, 2006, the Company sold 1,380,000 shares of common stock to Gentle Boss Investments LTD. for \$600,300 (\$.435 per share).

On October 3, 2006, the Company sold 920,000 shares of common stock to Timemate Industries Limited for \$400,200 (\$.435 per share).

On September 27, 2006, the Company issued 39,065 shares of common stock to members of the Board of Directors for services provided to the Company for fiscal year 2006, valued at \$12,501, which is included in the selling, general, and administrative expenses for the years ended December 31, 2006.

On June 25, 2006, the Company issued 12,875,536 shares of common stock to koncept International Limited, a subsidiary of Starlight for a \$3 million investment (\$.233 per share).

2006:

On November 1, 2005, the Company issued 12,911 shares of common stock to members of the Board of Directors for services provided to the Company for fiscal year 2005, valued at \$9,167.

On May 1, 2005, the Company has authorized the issuance of 277,778 shares of common stock for the conversion of a \$200,000 related party loan.

EARNINGS PER SHARE

In accordance with SFAS No. 128, "Earnings per Share", basic (loss) earnings per share are computed by dividing the net (loss) earnings for the year by the weighted average number of common shares outstanding. Diluted earnings per share is computed by dividing net earnings for the year by the weighted average number of common shares outstanding including the effect of common stock equivalents.

For the years ended March 31, 2008, 2007 and 2006, common stock equivalents to purchase 2,544,824, 1,973,446 and 1,133,201 shares of stock, respectively, were not included in the computation of diluted earnings per share because the exercise prices were greater than the average market price of the Company's common stock for the period.

F-13

STOCK OPTIONS

On June 1, 2001, the Board of Directors approved the 2001 Stock Option Plan ("Plan"), which replaced the 1994 Stock Option Plan, as amended, (the "1994 Plan"). The Plan was developed to provide a means whereby directors and selected employees, officers, consultants, and advisors of the Company may be granted incentive or non-qualified stock options to purchase common stock of the Company. As of March 31, 2008, the Plan is authorized to grant options up to an aggregate of 1,950,000 shares of the Company's common stock and up to 300,000 shares for any one individual grant in any fiscal year. As of March 31, 2008, the Company had 275,220 options available to be granted under the 2001 Plan. As of March 31, 2008, the Company had 337,500 options available to be granted under the 1994 Plan.

The Company adopted SFAS 123(R) for the reporting periods ending after June 15, 2005 and thereafter has recognized the fair value of the stock option as part of the selling, general and administration expense. Accordingly, no compensation cost has been recognized for options issued under the Plan in periods prior to June 15, 2005. A summary of stock option activity for each of the years presented is summarized below.

	Fiscal 2008		Fiscal 2007		Fiscal 2006	
	Number of Options	Weighted Average Exercise Price	Number of Options	Weighted Average Exercise Price	Number of Options	Weighted Average Exercise Price
Stock Options:						
Balance at beginning of period	1,382,890	\$ 1.26	1,300,110	\$ 1.74	1,041,610	\$ 3.67
Granted	120,000	\$ 0.45	943,000	\$ 0.39	841,000	\$ 0.50
Exercised	(147,515)	\$ 0.33	(285,000)	\$ 0.44	-	\$ 0.00
Forfeited	(107,560)	\$ 1.27	(575,220)	\$ 1.34	(582,500)	\$ 3.48
Balance at end of period	1,247,815	\$ 1.25	1,382,890	\$ 1.26	1,300,110	\$ 1.74
Options exercisable at end of period	1,029,296	\$ 1.44	582,307	\$ 2.14	392,161	\$ 3.52

The following table summarizes information about employee stock options outstanding at March 31, 2008:

Range of Exercise Price	Number Outstanding March 31, 2008	Weighted Average Remaining Contract Life	Weighted Average Exercise Price	Number Exercisable March 31, 2008	Weighted Average Exercise Price
\$0.32-\$0.77	1,018,485	5.37	\$ 0.51	811,152	0.50
\$1.05-\$1.97	116,780	6.02	\$ 1.51	105,594	1.50
\$2.04-\$5.60	35,550	4.55	\$ 5.04	35,550	5.04
\$7.20-\$11.09	77,000	4.66	\$ 9.58	77,000	9.58
	1,247,815			1,029,296	

Prior to April 1, 2005, in accordance with SFAS No. 123, for options issued to employees, the Company applies the intrinsic value method of APB Opinion No. 25 and related interpretations in accounting for options issued.

STOCK WARRANTS

As of March 31, 2008, the Company had a total of 2,500,000 stock purchase warrants outstanding. The exercise price of these warrants range from \$0.28 to \$0.35. The expiration date of these warrants range from July 25, 2009 to July 26, 2010.

NOTE 13 - INCOME TAXES

The Company files separate tax returns in the United States and in Macau. The Macau Subsidiary has received approval from the Macau government to operate its business as a Macau Offshore Company (MOC), and is exempt from the Macau income tax. For the fiscal years ended March 31, 2008, 2007 and 2006, the Company recorded no tax provision. The Company has now exhausted its ability to carry back any further losses and therefore will only be able to recognize tax benefits to the extent that it has future taxable income.

Due to the change of control of the Company, the net operating loss carry over is subject to the IRS Section 382 limitation. As of March 31, 2008, 2007 and 2006, The Singing Machine had net deferred tax assets of approximately \$2.5 million, \$2.7 million, and \$6.4 million, respectively, against which the Company recorded valuation allowances totaling approximately \$2.5 million, \$2.7 million, and \$6.4 million, respectively.

FASB Interpretation No. 48, *Accounting for Uncertainty in Income Taxes* ("FIN 48") was issued to clarify the requirements of SFAS No. 109, *Accounting for Income Taxes*, relating to the recognition of income tax benefits. FIN 48 provides a two-step approach to recognizing and measuring tax benefits when the benefits' realization is uncertain. The first step is to determine whether the benefit is to be recognized; the second step is to determine the amount to be recognized:

- Income tax benefits should be recognized when, based on the technical merits of a tax position, the company believes that if a dispute arose with the taxing authority and were taken to a court of last resort, it is more likely than not (i.e., a probability of greater than 50 percent) that the tax position would be sustained as filed; and

- If a position is determined to be more likely than not of being sustained, the reporting company should recognize the largest amount of tax benefit that is greater than 50 percent likely of being realized upon ultimate settlement with the taxing authority.

We adopted FIN on April 1, 2007 and it has had no impact on the financial statements.

In 2007, as a consequence of the ISMC divestiture, and based on the opinion of the Hong Kong tax counsel, as well as “hold harmless” representations from the present shareholders of ISMC, the Company reversed the previously recorded provision of Hong Kong tax of approximately \$2,453,000. Such reversal has been presented in the income tax section of the accompanying statements of operations.

The income tax expense (benefit) for federal, foreign, and state income taxes in the consolidated statement of operations consisted of the following components for 2008, 2007, and 2006:

	2008	2007	2006
Current:			
U.S.			
Federal	\$ 9,181	\$ (781,917)	\$ 550,839
Foreign	-	(2,453,576)	(129,090)
State	944	(69,080)	74,870
Deferred	(10,125)	850,997	(496,619)
	\$ -	\$ (2,453,576)	\$ -

The United States and foreign components of income (loss) before income taxes are as follows:

	2008	2007	2006
United States	\$ 27,002	\$ (2,316,348)	\$ (1,167,591)
Foreign	(25,290)	601,360	(737,659)
	\$ 1,712	\$ (1,714,988)	\$ (1,905,250)

The actual tax expense differs from the "expected" tax expense for the years ended March 31, 2008, 2007, and 2006 (computed by applying the U.S. Federal Corporate tax rate of 34 percent to income before taxes) as follows:

	2008	2007	2006
Expected tax (benefit) expense	\$ 582	\$ (583,096)	\$ (647,785)
State income taxes, net of Federal income tax benefit	943	(69,080)	(110,506)
Permanent differences	5,829	5,640	5,550
Deemed Dividend	-	-	1,224,000
Change in valuation allowance	(194,062)	(3,702,790)	(4,019,030)
Tax rate differential on foreign earnings	8,600	(204,462)	121,714
Reversal of provision for foreign income taxes	-	(2,453,576)	-
Other	178,108	4,553,788	3,426,057
Actual (benefit) tax expense	\$ -	\$ (2,453,576)	\$ -

The tax effects of temporary differences that give rise to significant portions of deferred tax assets and liabilities are as follows:

	2008	2007	2006
Deferred tax assets:			
Federal net operating loss carryforward	\$ 1,490,139	\$ 2,034,910	\$ 2,325,138
State net operating loss carryforward	518,078	291,285	466,092
Hong Kong net operating loss carryforward	-	-	340,916
AMT credit carryforward	70,090	70,090	70,090
Inventory differences	169,382	66,942	505,452
Hong Kong foreign tax credit	-	-	2,453,576
Allowance for doubtful accounts	41,105	21,021	35,229
Reserve for sales returns	74,056	72,664	63,336
Charitable contributions	60,700	60,700	60,573
Amortization of reorganization intangible	53,652	53,652	53,652
Total deferred tax assets	2,477,202	2,671,264	6,374,054
Deferred tax liability:			
Depreciation	-	-	-
Total deferred tax liability	-	-	-
Net deferred tax assets before valuation allowance	2,477,202	2,671,264	6,374,054
Valuation allowance	(2,477,202)	(2,671,264)	(6,374,054)
Net deferred tax assets	\$ -	\$ -	\$ -

At March 31, 2008, the Company has federal tax net operating loss carry forwards in the amount of approximately \$4.4 million, which expires beginning in the year 2023. In addition, state tax net operating loss carry forwards in the amount of approximately \$6.6 million expires beginning in 2013. The Company is no longer subject to income tax examinations for fiscal years before 2005.

NOTE 14 - SEGMENT INFORMATION

The Company operates in one segment and maintains its records accordingly. The majority of sales to customers outside of the United States are made by the Macau Subsidiary and Hong Kong Subsidiary, until its date of sale. Sales by geographic region for the period presented are as follows:

FOR THE FISCAL YEARS ENDED

March 31,

	2008	2007	2006
North America	\$ 27,085,842	\$ 20,552,962	\$ 22,458,950
Europe	6,314,126	5,793,062	9,655,939
Others	667,904	386,120	190,671
	\$ 34,067,871	\$ 26,732,144	\$ 32,305,560

The geographic area of sales is based primarily on the location where the product is delivered.

NOTE 15 - EMPLOYEE BENEFIT PLANS

The Company has a 401(k) plan for its employees to which the Company makes contributions at rates dependent on the level of each employee's contributions. Contributions made by the Company are limited to the maximum allowable for federal income tax purposes. The amounts charged to operations for contributions to this plan and administrative costs during the years ended March 31, 2008, 2007, and 2006 totaled \$21,674, \$39,460 and \$39,571, respectively. The amounts are included as a component of general and administrative expense in the accompanying Consolidated Statements of Operations. The Company does not provide any post employment benefits to retirees.

NOTE 16 - CONCENTRATIONS OF CREDIT RISK, CUSTOMERS, SUPPLIERS, AND FINANCING

The Company derives a majority of its revenues from retailers of products in the United States. Financial instruments, which potentially subject the Company to concentrations of credit risk, consist of accounts receivable. The Company's allowance for doubtful accounts is based upon management's estimates and historical experience and reflects the fact that accounts receivable are concentrated with several large customers whose credit worthiness have been evaluated by management. At March 31, 2008, 65% of accounts receivable were due from three customers in North America. Accounts receivable from customers that individually owed over 10% of total accounts receivable was 31% and 29% at March 31, 2008. Accounts receivable from customers that individually owed over 10% of total accounts receivable was 29% at March 31, 2007. The Company performs ongoing credit evaluations of its customers.

F-16

Revenues derived from five customers in 2008, 2007, and 2006 were 62%, 58% and 56% of total revenues, respectively. Revenues derived from top three customers in 2008, 2007 and 2006 as percentage of the total revenue were 22%, 11% and 11%, 24%, 16% and 10%, and 13%, 12% and 11%, respectively. The loss of any of these customers can have an adverse impact on the financial position of the Company.

Net sales derived from the Hong Kong and Macau Subsidiaries aggregated \$17.3 million in 2008, \$16.2 million in 2007 and \$21.9 million in 2006.

The Company is dependent upon foreign companies for the manufacture of all of its electronic products. The Company's arrangements with manufacturers are subject to the risk of doing business abroad, such as import duties, trade restrictions, work stoppages, foreign currency fluctuations, political instability, and other factors, which could have an adverse impact on its business. The Company believes that the loss of any one or more of their suppliers would not have a long-term material adverse effect because other manufacturers with whom the Company does business would be able to increase production to fulfill their requirements. However, the loss of certain suppliers in the short-term could adversely affect business until alternative supply arrangements are secured.

During fiscal years 2008, 2007, and 2006, manufacturers in the People's Republic of China ("China") accounted for approximately 99%, 98% and 98%; respectively of the Company's total product purchases, including all of the Company's hardware purchases.

The Company is primary relying on one factoring company in the United State to finance its accounts receivable. The loss of the factoring facility might have an adverse effect on its business.

NOTE 17 - QUARTERLY FINANCIAL DATA - UNAUDITED

The following financial information reflects all normal recurring adjustments that are, in the opinion of management, necessary for a fair statement of the results of the interim periods. The quarterly unaudited results for the years 2008, 2007, and 2006 are set forth in the following table:

	Sales	Gross Profit	Net Earnings	Basic Earnings	Diluted Earnings
	(In thousands)	(In thousands)	(Loss)	(Loss)	(Loss)
				Per Share	Per Share
2008					
First quarter	\$ 2,446	\$ 339	\$ (852)	\$ (0.03)	\$ (0.03)
Second quarter	16,108	3,193	1,054	0.04	0.03
Third quarter	13,784	3,747	767	0.03	0.03
Fourth quarter	1,730	400	(967)	(0.03)	(0.03)
Fiscal Year 2008	\$ 34,068	\$ 7,679	\$ 2	\$ -	\$ -
2007					
First quarter	\$ 1,036	\$ 126	\$ (1,151)	\$ (0.11)	\$ (0.11)
Second quarter	14,299	3,046	806	0.04	0.03
Third quarter	11,018	3,289	2,824	0.11	0.10
Fourth quarter	379	(345)	(1,740)	(0.08)	(0.08)
Fiscal Year 2007	\$ 26,732	\$ 6,116	\$ 739	\$ 0.03	\$ 0.03
2006					
First quarter	\$ 2,792	\$ 437	\$ (1,902)	\$ (0.19)	\$ (0.19)

Second quarter	18,532	3,823	926	0.09	0.09
Third quarter	9,877	2,580	(565)	(0.06)	(0.06)
Fourth quarter	1,104	243	(364)	(0.03)	(0.03)
Fiscal Year 2006	\$ 32,305	\$ 7,083	\$(1,905)	\$(0.19)	\$(0.19)

NOTE 18 – GAIN FROM DISPOSAL OF ASSETS

During fiscal 2007, the Company sold its Hong Kong subsidiary to a non-related third party and recognized a gain of \$20,078. The Company also recognized a gain of \$8,950 from the sale of old tools during 2007.

F-17

The buyer of the Hong Kong Subsidiary, See Bright Investments Ltd, also assumed the approximate potential tax liability of \$2.4 million. See Income Tax Note 13.

NOTE 19 – RELATED PARTY TRANSACTIONS

INVESTMENT

koncept International Limited, a subsidiary of Starlight International Holding Ltd, invested \$3 million in the Company. The investment was approved by the American Stock Exchange on July 25, 2006. Currently, koncept owns 51% of the Company's outstanding common stock.

TRADE

On May 23, 2008, SMC Logistics entered into a service and logistics agreement with affiliates Starlight Consumer Electronics (USA), Inc. and Cosmo Communications Corp. to provide logistics, fulfillment, and warehousing services for Starlight and Cosmo's domestic sales. The Agreement is expected to generate approximately \$1.1 million dollars for fiscal year 2009.

The Company purchased products from Starlight Marketing Macao, a subsidiary of Starlight International Holding Ltd. The purchases from Starlight for the fiscal year ended March 31, 2008 and 2007 were \$5,775,074 and \$3,232,694, respectively. In addition, the Company also purchased molds and tooling from Starlight in the amount of \$126,282 and \$269,700 in fiscals 2008 and 2007, respectively, which are included in Property and Equipment in the accompanying Consolidated Balance Sheets.

On August 1, 2006, the Company entered into a service agreement with Starlight Electronics Co., Ltd, a subsidiary of Starlight International Holding Ltd, to provide shipping and engineering service to the Company at a charge of \$25,000 per month. For the fiscal year ended March 31, 2008 and 2007, this service charge was \$200,000 per annum and is included in the general and administrative expenses in the accompanying Consolidated Statements of Operations.

In addition, on October 1, 2006 the Company entered into a warehouse services agreement with Starlight Industrial Holding LTD, to provide them with warehousing services at the Company's California warehouse at a monthly service charge of \$26,000. In May 2008, that amount was increased to \$39,000 per month. This amount was used to offset the Company's rent expense for the warehouse and is shown in the accompanying Consolidated Statements of Operations as a component of general and administrative expenses.

FINANCING

On August 3, 2007, the Company entered into a three party Assignment Agreement in which Starlight Marketing Limited, a subsidiary of Starlight International Holding Ltd, provides financing to the Company. In return, the Company has agreed to assign to Starlight its rights to receive all monies from time to time due to it under the Factoring Agreement with CIT Group. On October 26, 2007, the three party Assignment Agreement was replaced by the four party Assignment Agreement, in which, the Standard Charter Bank (Hong Kong) was added as the Lender. (see Note 5). The amount due to Starlight as of March 31, 2008 resulting from the Assignment Agreement is \$642,587 of which approximately \$138,448 is interest.

**SUPPLEMENTAL DATA
SCHEDULE II**
