Section 1 - Registrant's Business and Operations

Item 1.01 Entry into a Material Definitive Agreement.

(a)

On November 20, 2009, Macquarie Infrastructure Company LLC, through a wholly-owned subsidiary ("MIC"), entered into a Purchase Agreement with John Hancock Life Insurance Company and John Hancock Life Insurance Company (U.S.A.) (collectively "John Hancock").

The Purchase Agreement provides for the purchase by John Hancock of 49.99% of the membership interests in a to-be-formed limited liability company (the "Company") that will indirectly hold MIC's district energy business for a purchase price of \$29.5 million. In addition, MIC will be entitled to receive, on a priority basis out of future distributions by the Company, substantially all of the cash and cash equivalents on the Company's consolidated balance sheet as of the closing date under the Purchase Agreement, or "Closing Cash." MIC expects to incur approximately \$3.0 million in transaction costs.

MIC intends to use the net proceeds of the sale together with then existing cash on hand to repay its holding company revolving credit facility. MIC had \$66.4 million of debt outstanding at September 30, 2009 under this facility, which matures March 31, 2010.

Subject to the satisfaction of the conditions precedent in the Purchase Agreement, including a limited number of contractual and regulatory consents and certain other customary closing conditions, MIC expects to close the transaction no later than January 2010. The existing credit facility with respect to MIC's district energy business will remain in place following the closing and consent of the lenders under that facility is not required for MIC to consummate the transaction. The Purchase Agreement limits MIC's indemnification obligations to John Hancock in the event of a breach of MIC's representations, warranties and covenants to \$4.425 million, with limited exceptions.

Under the Purchase Agreement, MIC and John Hancock have agreed to amend and restate the Company's Operating Agreement, or LLC Agreement, to set forth the rights and obligations of each member of the Company. The LLC Agreement provides that all "Available Cash" will be distributed pro rata to the members on a quarterly basis, following the payment of the closing cash to MIC. "Available Cash" is calculated as cash from operating activities plus cash from investing activities (excluding debt funded capital expenditures, and acquisitions net of cash) plus net debt proceeds minus distributions paid to minority shareholders of the Nevada district energy business. The distribution of Available Cash may be reduced to comply with any contractual or legal limitations, including restrictions on distributions contained in the business's credit facility, and to provide for reserves for working capital requirements.

The LLC Agreement provides that MIC, through a to-be-formed wholly-owned limited liability company, will act in the capacity of managing member of the Company. Certain significant decisions would require the vote of the Company's members representing a 75% (or 90% in some cases) percentage ownership of the Company. The LLC Agreement also contains certain other customary rights and restrictions relating to transfers by members of their interests in the Company.

Macquarie Capital (USA) Inc. ("MCUSA") is acting as financial advisor to MIC in connection with the transaction. MCUSA is a subsidiary of Macquarie Bank Limited, the parent company of MIC's Manager.
