IVEDA SOLUTIONS, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

FOR THE SIX MONTHS ENDED JUNE 31, 2011 AND 2010

NOTE 1 BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

These statements should be read in conjunction with our consolidated financial statements and notes thereto included in our Annual Report on Form 10-K for the year ended December 31, 2010. Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States (“GAAP”) have been condensed or omitted. The operating results and cash flows for the six-month period ended June 30, 2011, are not necessarily indicative of the results that will be achieved for the full fiscal year ending December 31, 2011 or for future periods.

The accompanying condensed consolidated financial statements have been prepared without audit and reflect all adjustments, consisting of normal recurring adjustments, which are, in the opinion of management, necessary for a fair statement of financial position and the results of operations for the interim periods. Preparing financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue, and expenses. Estimates are used for, but not limited to, the accounting for the allowance for doubtful accounts, impairment costs, depreciation and amortization, sales returns and discounts, warranty costs, uncertain tax positions and the recoverability of deferred tax assets, stock compensation, contingencies and the fair value of assets and liabilities disclosed. Actual results and outcomes may differ from management's estimates and assumptions. The statements have been prepared in accordance with GAAP and pursuant to the rules and regulations of the Securities and Exchange Commission (“SEC”). Certain information and footnote disclosures, normally included in financial statements prepared in accordance with GAAP, have been condensed or omitted pursuant to such SEC rules and regulations.

The balance sheet at December 31, 2010 has been derived from the audited financial statements at that date but does not include all of the information and footnotes required by GAAP for complete financial statements.

Consolidation

Effective April 30, 2011, Iveda Solutions, Inc. (the “Company”) completed its acquisition of Sole Vision Technologies (dba “MegaSys”), a company based in Taiwan. The consolidated financial statements include the accounts of the Company and MegaSys (from May 1, 2011 through June 30, 2011). All intercompany balances and transactions have

been eliminated in consolidation. See Note 6.

Going Concern

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern, which contemplates the realization of assets and the liquidation of liabilities in the normal course of business. The Company has generated an accumulated deficit from operations of approximately \$8.3 million at June 30, 2011 and has used approximately \$1.3 million in cash from operations through the current six months ended June 30, 2011. As a result, a risk exists regarding our ability to continue as a going concern. The financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or the amounts and classification of liabilities that might result from this uncertainty.

A multi-step plan was adopted by management to enable the Company to continue to operate and begin to report operating profits. The highlights of that plan are:

- The Company plans to seek additional equity and/or debt financing.

- The Company plans to establish distributor networks with existing companies to create a reseller network to increase the scope of the Company's marketing activities with low cost to the Company.

- The Company may evaluate and consider merger and/or acquisition activities.

Concentrations

Financial instruments, which potentially subject the Company to concentrations of credit risk, consist principally of cash and cash equivalents and trade accounts receivable.

Substantially all cash is deposited in one financial institution. At times, amounts on deposit may be in excess of the FDIC insurance limit.

Accounts receivable are unsecured, and the Company is at risk to the extent such amount becomes uncollectible. The Company performs periodic credit evaluations of its customers' financial condition and generally does not require collateral. Revenue from two customers represented approximately 43% (27% and 16%) of total revenues for the six months ended June 30, 2011 and approximately 40% of total accounts receivable at June 30, 2011.

Intangible Assets and Goodwill

Intangible assets consist of trademarks and other intangible assets associated with the purchase price allocation of MegaSys. Such assets are being amortized over their estimated useful lives ranging from five to ten years.

Goodwill represents the excess of the purchase price of MegaSys over the net assets acquired. Goodwill is tested annually for impairment or more frequently if indicators of impairment exist.

Fair Value of Financial Instruments

Fair value estimates discussed herein are based upon certain market assumptions and pertinent information available to management as of June 30, 2011. The respective carrying value of certain on-balance-sheet financial instruments, approximate their fair values. These financial instruments include cash, accounts receivable, accounts payable, accrued expenses, convertible notes and amounts due to related parties. Fair values were assumed to approximate carrying values for these financial instruments because they are short term in nature and their carrying amounts approximate fair values or they are receivable or payable on demand.

Segment Information

The Company conducts operations in various geographic regions outside the United States. The operations and the customer base conducted in the foreign countries are similar to the United States operations. The net revenues and net assets (liabilities) for other significant geographic regions outside the United States are as follows:

	Net Revenues	Net Assets
Asia	\$ 381,063	\$ 1,141,273
Mexico	\$ 174,664	-

Furthermore, due to operations in various geographic locations, the Company is susceptible to changes in national, regional and local economic conditions, demographic trends, consumer confidence in the economy and discretionary spending priorities that may have a material adverse effect on the Company's future operations and results.

The Company is required to collect certain taxes and fees from customers on behalf of government agencies and remit these back to the applicable governmental agencies on a periodic basis. These taxes and fees are legal assessments to the customer, which the Company has a legal obligation to act as a collection agent. Because the Company does not retain these taxes and fees, the Company does not include such amounts in revenue. The Company records a liability when the amounts are collected and relieves the liability when payments are made to the applicable governmental agencies.

Reclassification

Certain amounts in 2010 may have been reclassified to conform to the 2011 presentation.

NOTE 2

BANK LOANS—SHORT TERM

The Company has short term loans with two banks in Asia. The loans bear interest at 3.2% and 3.6% and are due in October and December 2011.

NOTE 3

EQUITY

Preferred Stock

The Company has 100,000,000 shares of \$0.00001 par value preferred stock authorized to issue. No shares have been issued and the rights and privileges of this class of stock have not been defined.

Common Stock

During the six months ended June 30, 2011, the Company issued a total of 2,954,972 shares of Common Stock, 1,004,974 in private placement transactions and 1,950,000 shares related to the acquisition of MegaSys (including 250,000 shares issued to a consultant in connection with the transaction).

During the six month period ended June 30, 2011, the Company issued and had outstanding additional warrants to purchase 45,000 shares of Common Stock at \$1.10. These warrants were issued as a cost of capital for shares sold during this period.

NOTE 4

STOCK OPTION PLAN

The Company has also granted non-qualified stock options to employees and contractors. All non-qualified options are generally issued with an exercise price that may be less than 100 percent of the fair value of the Common Stock on the date of the grant as determined by the Company's Board of Directors. Options may be exercised up to ten years following the date of the grant, with vesting schedules determined by the Company upon grant. Vesting periods range from 100% fully vested upon grant to a range of four to five years. Vested options may be exercised up to three months following date of termination of the relationship. The fair values of options are determined using the Black-Scholes option-pricing model. The estimated fair value of options is recognized as expense on the straight-line basis over the options' vesting periods.

Stock option transactions during the six months ended June 30, 2011 were as follows:

	Six months ended June 30, 2011	
	Shares	Weighted - Average Exercise Price
Outstanding at Beginning of Year	1,959,979	\$ 0.73
Granted	1,107,000	1.00
Exercised	—	—
Forfeited or Canceled	(145,417)	1.02
Outstanding at End of Period	2,921,562	0.77
Options Exercisable at Period-End	2,754,562	0.76

Weighted-Average Fair Value of
Options Granted During the Period \$0.37

Information with respect to stock options outstanding and exercisable as of June 30, 2011, 2011 is as follows:

Range of Exercise Prices	Options Outstanding		Weighted - Average Exercise Price	Options Exercisable	
	Number Outstanding at June 30, 2011	Weighted - Average Remaining Contractual Life		Number Exercisable At June 30, 2011	Weighted - Average Exercise Price
\$0.10 - \$1.30	2,921,562	8.9 Years	\$ 0.77	2,754,562	\$ 0.76

The fair value of each option granted is estimated on the date of grant using the Black-Scholes option-pricing model with the following weighted-average assumptions used for options granted.

Expected Life	2011	4.8 yr
Dividend Yield	0	%
Expected Volatility	40.00	%
Risk-Free Interest Rate	2.06	%

Expected volatility was estimated by using the average volatility of three public companies offering services similar to the Company. The risk-free rate for periods within the contractual life of the option is based on the U.S. Treasury yield curve in effect at the grant date. The expected life of options is based on the average of three public companies offering services similar to the Company.

NOTE 5**RELATED PARTY TRANSACTIONS**

The Company has provided surveillance services since 2005 at a pre-established rate to entities owned by Ross Farnsworth, either through a family partnership or through his majority-owned LLC, and subsequently Ross Farnsworth became a shareholder of the Company in 2006. Mr. Farnsworth's holdings are less than 5% of the Company, but the revenue for the period ending June 30, 2011 was \$33,981, and there was a trade accounts receivable balance of \$5,670 at June 30, 2011.

On September 15, 2010, the Company entered into a Line of Credit Promissory Note with one of its Board of Directors that provides for borrowings of up to \$350,000 to be used for the sole purpose of purchasing equipment, software and other infrastructure-related items for one of its contracts. The advances bear interest at a rate of 18% annually and are secured by receivables from the contract. The note balance of \$197,000 plus accrued interest was repaid in full in April 2011. As of June 30, 2011, there was zero balance under the line of credit.

NOTE 6**EARNINGS (LOSS) PER SHARE**

The following table provides a reconciliation of the numerators and denominators reflected in the basic and diluted earnings per share computations.

Basic EPS is computed by dividing reported earnings available to stockholders by the weighted average shares outstanding. The Company had net losses for the three months and six months ended June 30, 2011 and 2010, and the effect of including dilutive securities in the earnings per common share would have been anti-dilutive. Accordingly, all options and warrants to purchase common shares (totaling 4,031,341 potential shares at June 30, 2011) were excluded from the calculation of diluted earnings per share for the three months and six months ended June 30, 2011 and 2010.

	Three Months Ending June 30, 2011	Three Months Ending June 30, 2010	Six Months Ending June 30, 2011	Six Months Ending June 30, 2010
Basic EPS				
Net Loss	\$(1,186,991)	\$(413,549)	\$(1,627,508)	\$(951,464)
Weighted Average Shares	15,689,574	14,678,508	14,683,781	14,079,921
Basic and Diluted Loss Per Share	\$(0.08)	\$(0.03)	\$(0.11)	\$(0.07)

NOTE 7 ACQUISITION OF MEGASYS

Edgar Filing: Iveda Solutions, Inc. - Form 10-Q/A

On April 30, 2011, the Company completed its acquisition of MegaSys. The Company issued 1,700,000 shares of its common stock, which was valued at \$0.98 per share (market value on the date of acquisition). In addition, the Company is committed to the issuance of an additional 2,000,000 shares of its common stock (valued at \$1,636,000) if certain financial goals are obtained by MegaSys.

The preliminary purchase price allocation based on qualified independent valuation is as follows:

Cash	\$740,561
Accounts Receivable	588,726
Property and Equipment	20,678
Other Assets	458,523
Intangible Assets	330,000
Goodwill	1,796,710
Liabilities Assumed	(633,198)
Total Purchase Price	\$3,302,000

In connection with the acquisition, the Company also issued 250,000 shares to a consultant who advised the Company on its acquisition. The value of the shares issued (\$245,000) is reflected in the Statement of Operations for the periods ended June 30, 2011.

NOTE 8

SUBSEQUENT EVENTS

In July 2011, the Company issued 170,000 shares of Common Stock under a private placement memorandum at \$1.00 per share in six private placement transactions.

In July 2011, the Company's office space lease expired, and the Company signed an addendum to the current lease that will extend the lease for another five years. The Company will increase its space from 3667 square feet to 5779 square feet at a much favorable rate per square footage. The new space is sufficient for the Company's near future growth.

**ITEM MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS
2. OF OPERATIONS.**

The following discussion should be read in conjunction with the Company's unaudited financial statements and associated notes appearing elsewhere in this Form 10-Q.

Note Regarding Forward-Looking Information

This Quarterly Report on Form 10-Q, including the following "Management's Discussion and Analysis of Financial Condition and Results of Operations," contains forward-looking statements, which involve risks and uncertainties, including statements regarding our capital needs, business strategy, and expectations. For a discussion of certain risks related to the statements, please see Part I, "Item IA, Risk Factors" in the Company's Annual Report on Form 10-K for the year ended December 31, 2010 (filed on March 30, 2011). Any statements contained herein that are not statements of historical fact may be deemed to be forward-looking statements. In some cases, you can identify forward-looking statements by terminology such as "may," "should," "will," "expect," "plan," "intend," "anticipate," "believe," "estimate," "predict," "potential," "forecast," "project" or "continue," the negative of such terms or other comparable terminology.

You should not rely on forward-looking statements as predictions of future events or results. Any or all of our forward-looking statements may turn out to be wrong. They can be affected by inaccurate assumptions, risks and uncertainties, and other factors, which could cause actual events or results to be materially different from those expressed or implied in the forward-looking statements. These factors may cause our actual results to differ materially from any forward-looking statement. In addition, new factors emerge from time to time and it is not possible for us to predict all factors that may cause actual results to differ materially from those contained in any forward-looking statements. We disclaim any obligation to publicly update any forward-looking statements to reflect events or circumstances after the date of this report, except as required by applicable law.

Except as otherwise indicated by the context, references in this Quarterly Report on Form 10-Q to "we," "our," "us," "Iveda," and "the Company" refer to the business of Iveda Solutions, Inc.

Critical Accounting Policies and Estimates

Management's Discussion and Analysis of Financial Conditions and Results of Operations is based upon our financial statements, which have been prepared in accordance with GAAP. The preparation of these financial statements requires the Company's management to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosure of contingent assets and liabilities. We base our estimates on historical experience and on various other assumptions that we believe to be reasonable under the circumstances. Actual results may differ from these estimates under different assumptions or conditions. A description of our critical accounting policies and related judgments and estimates that affect the preparation of our financial statements is set forth in Item 7, "Management's Discussion and Analysis of Financial Conditions and Results of Operations," of our Annual Report on Form 10-K for the year ended December 31, 2010. Such policies are unchanged.

Overview

Iveda Solutions, Inc. began operations on January 24, 2005 under the name IntelaSight, Inc., a Washington corporation doing business as Iveda Solutions (“IntelaSight”). On October 15, 2009, IntelaSight became a wholly-owned operating subsidiary of Iveda Corporation (formerly known as Charmed Homes, Inc.), a Nevada corporation, through a merger. All Company operations were conducted through IntelaSight until December 31, 2010, at which time IntelaSight merged with and into Iveda Corporation, which changed its name to Iveda Solutions, Inc. On April 30, 2011, the Company completed its acquisition of Sole-Vision Technologies, Inc. (doing business as MegaSys), a corporation organized under the laws of the Republic of China (“MegaSys”). As of April 30, 2011, MegaSys is a wholly owned subsidiary of the Company.

The Company installs video surveillance equipment, primarily for security purposes, and provides video hosting, archiving, and real-time remote surveillance services with a proprietary reporting system, DSR™ (Daily Surveillance Report), to a variety of businesses and organizations. By consolidating computer power into a single location at the server level, the Company creates efficiencies due to economies of scale leveraging cloud computing, which offers more features and flexibility compared to traditional box systems. The Company has a SAFETY Act Designation by the Department of Homeland Security as an anti-terrorism technology provider. The Company’s principal sources of revenue are derived from our video hosting real-time surveillance and equipment sales and installation.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. Since our inception, we have accumulated net losses in the approximate amount of \$8.2 million. For the six months ended June 30, 2011, we used approximately \$1.3 million in cash from operations, which significantly limits our ability to absorb continuing operating losses in the future. As a result, our ability to continue as a going concern is uncertain.

Acquisition of MegaSys

On April 30, 2011, the Company acquired Sole-Vision Technologies, Inc. (doing business as MegaSys), a corporation organized under the laws of the Republic of China (“MegaSys”), pursuant to the share exchange agreement (the “Agreement”) dated March 21, 2011 and a related side agreement of even date (the “Side Agreement”), by and among the Company, MegaSys, and the shareholders of MegaSys (the “MegaSys Shareholders”). Pursuant to the Agreement (i) the Company acquired 100% of the issued and outstanding shares of MegaSys Common Stock in exchange for the issuance to the MegaSys Shareholders of 1,700,000 shares of Common Stock of the Company (the “Exchange”), and (ii) MegaSys became a wholly owned subsidiary of Iveda. The Side Agreement provides that the MegaSys Shareholders are entitled to receive up to an additional 2,000,000 shares of Common Stock of the Company upon achievement by MegaSys of certain financial milestones set forth therein. The Agreement and Side Agreement replaced and superseded the share exchange agreement among the parties entered into on January 31, 2011. The Exchange was approved by Taiwan’s Foreign Investment Commission Agency.

MegaSys is a Taiwanese company specializing in deploying video surveillance systems for airports, commercial buildings, government customers, data centers, shopping centers, hotels, banks, and Safe City initiatives in Taiwan and other neighboring countries. MegaSys integrates security surveillance products, software and services to provide integrated security solutions to the end user. Most of the revenues are derived from these one-time sales, which differs from Iveda's business model of on-going monitoring revenues. At the time of the Exchange, MegaSys did not own any proprietary technology or intellectual property other than certain trademarks in China and Taiwan used in the business.

Management believes that the acquisition of MegaSys provides the following potential benefits to the Company's business:

- MegaSys has an established presence and credibility in, and provides the Company with access to, the Asian market.
- Management believes that the Company will be able to leverage MegaSys's relationships in Asia for cost-effective research and development of new product offerings and cost reduction of current product offerings.
- Management expects to be able to source products directly using MegaSys's product sourcing expertise to enhance the Company's custom integration capabilities.
- Management expects the Company will benefit from cost reductions for infrastructure equipment (servers, storage devices, network switches, and Super Wifi technologies) through a direct OEM relationship.
- Management believes that MegaSys enhances the global distribution potential for Iveda's products and services.
- MegaSys is expected to benefit from the Company's expertise in cloud-based video surveillance and access to the U.S. markets for its products.

At the time of the closing of the Exchange, MegaSys had customers in Taiwan and neighboring countries, including the Taiwan Stock Exchange, Taiwan's International Airport, Shanghai Commercial and Savings Bank, Taipei County Police Bureau and Traffic Control, Beijing Capital Airport, Hong Kong HSBC ATM System, China HSBC Bank (Guangzhou), Malaysia – Prime Minister's Residence, Hong Kong IBM Asia Headquarters, Regal Hong Kong Hotel, Shanghai China Bank, and Egypt – Pyramids of Giza. The Company does not expect to derive significant revenues from prior MegaSys customer installations. However, the prior MegaSys customer base helps to establish credibility for the Company to market its products and services in the Taiwanese and other Asian marketplaces. There can be no assurance that the Company will generate material future revenue from MegaSys' customers at the time of the Exchange.

Results of Operations

Revenue. We recorded revenue of \$575,168 for the three months ended June 30, 2011, compared to \$193,501 for the three months ended June 30, 2010, an increase of \$381,667 or 197%. In the second fiscal quarter of 2011, our recurring service revenue was \$115,941 or 20% of revenue, and our equipment sales and installation revenue was \$459,227 or 80% of revenue, compared to recurring service revenue of \$110,147 or 57% of revenue, and equipment sales and installation revenue of \$83,353 or 43% of revenue for the same period in 2010. The increase in revenue was due to the inclusion of revenue from MegaSys for May and June 2011. Megasy reported revenue of \$381,063 for the two months ended June 30, 2011, compared to \$610,387 for the two months ended June 30, 2010, a decrease of \$229,324 or 38%. For comparative purposes, we are only reflecting two months of revenue because we acquired Megasy on April 30, 2011 and began reporting their revenue on a consolidated basis beginning May 1, 2011. Management believes that the decrease in revenue is attributable primarily to the fact that 2011 was a presidential election year in Taiwan and the general business climate, particularly for Taiwanese governmental agencies, was to hold off on large purchases until the political landscape had been settled. In addition, management believes that the decrease in revenue is attributable primarily to significant fluctuations caused by the fact that our sales are normally one-time sales and may involve a substantial amount of time to finalize installation and recognize revenue. Historical operating results of Megasy for the six months ended June 30, 2010 were more favorable compared to the 2011 period due to revenue realized from a large, non-recurring contract realized by Megasy in 2010. The decrease in revenue is consistent with the assumptions made by management during the valuation of the purchase price allocation.

We recorded revenue of \$859,071 for the six months ended June 30, 2011, compared to \$306,183 for the six months ended June 30, 2010, an increase of \$552,888 or 181%. In the first six months of 2011, our recurring service revenue was \$235,530 or 27% of revenue, and our equipment sales and installation revenue was \$623,541 or 73% of revenue, compared to recurring service revenue of \$210,592 or 69% of revenue, and equipment sales and installation revenue of \$95,592 or 31% of revenue for the same fiscal period in 2010. The increase in revenue was due to the inclusion of revenue from MegaSys for May and June 2011. Megasy reported revenue of \$910,180 for the six months ended June 30, 2011, compared to \$2,388,595 for the six months ended June 30, 2010, a decrease of \$1,478,415 or 62%. Management believes that the decrease in revenue is attributable primarily to the fact that 2011 was a presidential election year in Taiwan and the general business climate, particularly for Taiwanese governmental agencies, was to hold off on large purchases until the political landscape had been settled. In addition, management believes that the

decrease in revenue is attributable primarily to significant fluctuations caused by the fact that our sales are normally one-time sales and may involve a substantial amount of time to finalize installation and recognize revenue. Historical operating results of Megasys for the six months ended June 30, 2010 were more favorable compared to the 2011 period due to revenue realized from a large, non-recurring contract realized by Megasys in 2010.

Cost of Revenue. Total cost of revenue was \$466,177 (81% of revenues; gross margin of 19%) for the three months ended June 30, 2011, compared to \$122,583 (63% of revenue; gross margin of 37%) for the three months ended June 30, 2010, an increase of \$343,574 or 280%. The increase of cost of revenue and decrease of gross margin was primarily due to the increase of equipment sales and installation, which normally garner lower gross margin.

Total cost of revenue was \$638,663 (74% of revenues; gross margin of 26%) for the six months ended June 30, 2011, compared to \$221,608 (73% of revenues; gross margin of 27%) for the six months ended June 30, 2010, an increase of \$417,055 or 188%. There was only a slight decrease in gross margin for the six months ended June 30, 2011, because only two months of MegaSys' equipment sales and installation revenue, with normally lower gross margin, were included in the consolidated revenue. Thus, it has very low impact on the gross margin for the six-month period ended June 30, 2011.

Operating Expenses. Operating expenses were \$1,286,670 for the three months ended June 30, 2011, compared to \$480,090 for the three months ended June 30, 2010, an increase of \$806,580 or 168%. The increase in operating expenses was primarily related to professional expenses incurred in the acquisition of MegaSys and the recording of non-cash stock compensation expense for options issued to employees.

Operating expenses were \$1,824,276 for the six months ended June 30, 2011, compared to \$1,025,427 for the six months ended June 30, 2010, an increase of \$798,849 or 78%. The increase in operating expenses was primarily related to expenses incurred in the acquisition of MegaSys and the recording of non-cash stock compensation expense issued to employees.

Loss from Operations. As a result of the increases in revenues and related gross profit, but a greater increase in operating expenses, the loss from operations increased to \$1,177,659 for the three months ended June 30, 2011, compared to \$409,172 for the three months ended June 30, 2010, an increase in loss of \$768,487 or 188%.

As a result of the overall increase in operating expenses, loss from operations increased to \$1,603,868 for the six months ended June 30, 2011, compared to \$940,852 for the six months ended June 30, 2010, an increase in loss of \$663,016 or 70%.

Other Expense-Net. Other expense-net was \$4,865 for the three months ended June 30, 2011, compared to \$4,377 for the three months ended June 30, 2010, an increase of \$488 or 11%.

Other expense-net was \$19,173 for the six months ended June 30, 2011, compared to \$10,612 for the six months ended June 30, 2010, an increase of \$8,561 or 81%.

Net Loss. The increase of \$764,088 or 185% in the net loss to \$1,177,637 for the three months ended June 30, 2011, from \$413,549 for the three months ended June 30, 2010, was primarily the effect of reduced gross profit and increase in operating expenses.

The increase of \$666,690 or 70% in the net loss to \$1,618,154 for the six months ended June 30, 2011, from \$951,464 for the six months ended June 30, 2010, was primarily the effect of reduced gross profit and increase in operating expenses.

Liquidity and Capital Resources

We had cash and cash equivalents of \$594,760 on June 30, 2011. The increase in cash from \$355,343 as of December 31, 2010 was due to capital raised during the period in the U.S. and the inclusion of MegaSys. There are no legal or economic factors that materially impact our ability to transfer funds between our domestic and foreign businesses, although we do not anticipate transferring funds between our domestic and foreign operations in the next 12 months.

Net cash used in operating activities during the six months ended June 30, 2011, and for the six months ended June 30, 2010, was \$1,269,927 and \$1,193,157, respectively. Cash used in operating activities for those periods consisted primarily of the net loss from operations.

Net cash (received) used by investing activities for the six months ended June 30, 2011, and the six months ended June 30, 2010, was \$(731,597) and \$6,675 respectively for the purchase of property and equipment. The large source of cash in investing activities in 2011 was due to the cash acquired in the MegaSys acquisition.

At December 31, 2010, we had approximately \$4.4 million in net operating loss carry forwards available for federal and state income tax purposes. We did not recognize any benefit from these operating loss carry forwards for the year ended 2010 or through the first quarter of 2011. Our operating loss carry forwards expire starting in 2010 and continuing through 2028.

We have experienced significant operating losses since our inception. We entered into a new lease agreement in 2008 and increased our occupancy costs as we increased our lease commitment from 1,411 square feet to 3,667 square feet. Our capital expenditures and working capital requirements could increase depending on our operating results and other adjustments to our operating plan as may be needed to respond to competition or unexpected events.

We believe that our cash on hand as of June 30, 2011 is insufficient to meet our anticipated cash needs for working capital and capital expenditures for the short term. We continually evaluate our working capital needs, and we are seeking to obtain additional working capital through debt and equity offerings. There can be no assurance that additional funds will be available on acceptable terms. In the event that additional funds are not available on acceptable terms, we may be required to reduce the scope of, or cease, operations.

If we are unable to quickly increase our sales, we will need to raise additional capital during the year and may be required to reduce labor expenses to maintain our existing operations.

On September 15, 2010, the Company, as borrower, issued a Line of Credit Promissory Note (the "Note") to Gregory Omi, a director of the Company, as lender, in the principal sum of up to Three Hundred Fifty Thousand Dollars (\$350,000). The line of credit will be used for the sole purpose of purchasing equipment, software, and other infrastructure-related items to fulfill commitments to a government agency in Mexico. The unpaid principal of the line of credit shall bear simple interest at the rate of 1.5% per month or 18% per annum. The principal balance of the Note shall be due and payable no later than six months after each disbursement. The Note was secured by receivables from the government agency in Mexico. As of March 31, 2011, the balance of the Note was \$197,000. It was repaid in full in April 2011.

Two customers represented greater than 10% (27% and 16%) of total revenue for the six months ended June 30, 2011. No other customers represented greater than 10% of total revenues in the six months ended June 30, 2011.

Substantially all cash is deposited in one financial institution. At times, amounts on deposit may be in excess of the FDIC insurance limit.

Recent Developments

In July 2011, the Company issued 170,000 shares of Common Stock under a private placement memorandum at \$1.00 per share in six private placement transactions.

In July 2011, the Company's office space lease expired, and the Company signed an addendum to the current lease that will extend the lease for another five years. The Company will increase its space from 3667 square feet to 5779 square feet at a much more favorable rate per square footage. The new space is sufficient for the Company's near future growth.

On August 1, 2011, the Company hired a Controller.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

As a smaller reporting company, the Company is not required to provide Part I, Item 3 disclosures in this Quarterly Report.

ITEM 4. CONTROLS AND PROCEDURES.

Evaluation of Disclosure Controls and Procedures

Under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, we conducted an evaluation of the design and operation of our disclosure controls and procedures, as such term is defined under Rules 13a-14(c) and 15d-14(c) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), as of June 30, 2011. Based on our evaluation, our principal executive officer and our principal financial officer concluded that the design and operation of our disclosure controls and procedures were not effective as of June 30, 2011.

Changes in Internal Control over Financial Reporting

There have not been any changes in our internal control over financial reporting (as such term is defined in Rules 13a-15(d) and 15d-15(d) under the Exchange Act) during the most recent fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting for our U.S. operations. We are in the process of evaluating our internal controls over financial reporting for MegaSys.

Limitations on the Effectiveness of Controls

Our management, including our principal executive officer and principal financial officer, does not expect that our disclosure controls and internal controls will prevent all errors and all fraud. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Further, the design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within Iveda have been detected. These inherent limitations include the realities that judgments in decision making

can be faulty, and that breakdowns can occur because of a simple error or mistake. Additionally, controls can be circumvented by the individual acts of some persons, by collusion of two or more people, or by management or Board override of the control.

The design of any system of controls also is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions; over time, controls may become inadequate because of changes in conditions, or the degree of compliance with the policies or procedures may deteriorate. Because of the inherent limitations in a cost-effective control system, misstatements due to error or fraud may occur and not be detected.

Identified Material Weakness

Personnel and Segregation of Duties : As of June 30, 2011, the Company had only one employee knowledgeable in SEC accounting and reporting. As a result, there is a lack of proper segregation of duties necessary to insure that all transactions are accounted for accurately and in a timely manner.

Management's Remediation Initiatives

As our resources allow, we plan to add financial personnel to our management team in order to properly segregate the duties necessary for accurate and timely financial reporting.

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS.

On December 14, 2010, Iveda was named as a defendant in a lawsuit filed in United States District Court for the Central District of California. In addition, on April 11, 2011, Iveda was named as a defendant in a lawsuit filed in United States District Court for the District of Delaware. Both complaints allege that Iveda's Real Time Remote Video Surveillance System infringes patents licensed by the respective plaintiffs and seek adjudications that the specified patents have been infringed, awards of unspecified damages and permanent injunctions enjoining further acts of infringement. See *Joao Control & Monitoring Systems of California, LLC v. Acti Corporation Inc., et al.*, No. 10-CV-01909 (C.D. Cal.) (December 15, 2010) and *Walker Digital, LLC v. Arrow Security, Inc.*, No. 10-CV-00310 (D. Del.) (April 11, 2011). While the Company is not in a position to assess the probability or likelihood of an unfavorable outcome in these matters at the current time, Iveda intends to vigorously defend against these allegations.

ITEM 1A. RISK FACTORS.

As a smaller reporting company, the Company is not required to provide Part II, Item 1A disclosures in this Quarterly Report.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS.

In addition to issuances of equity securities previously reported on Form 8-K, the Company made the following additional issuances of equity securities during the reporting period:

The Company received a total of \$887,500 and issued 1,024,974 shares of Company's common stock to thirteen difference entities. All issuances were at \$1 per share, except for three transactions that were discounted 15% of market price.

These issuances were made pursuant to Section 4(2) of the Securities Act of 1933, as amended, Regulation D, and Rule 506 promulgated thereunder.

ITEM 3. DEFAULT ON SENIOR SECURITIES.

None.

ITEM 5. OTHER INFORMATION.

None.

18

ITEM 6. EXHIBITS.

Exhibit Number	Description
2.1	Share Exchange Agreement, dated March 21, 2011, by and among Iveda Solutions, Inc., a Nevada corporation, Sole-Vision Technologies, Inc. (doing business as MegaSys), a corporation organized under the laws of the Republic of China, and the shareholders of MegaSys (Incorporated by reference to Form 10-K/A filed on 2/9/2012)
3.1	Articles of Incorporation of Charmed Homes Inc. (Incorporated by reference to Exhibit 3.1 to Form SB-2 filed on 4/27/2007)
3.2	Bylaws of Charmed Homes Inc. (Incorporated by reference to Exhibit 3.2 to Form SB-2 filed on 4/27/2007)
3.3	Amendment to Bylaws of Charmed Homes Inc. (Incorporated by reference Exhibit 3.1 to Form 8-K filed on 12/15/2008)
3.4	Amendment to Articles of Incorporation, filed with the Nevada Secretary of State on September 9, 2009 (Incorporated by reference to Form 8-K filed on 10/21/2009)
4.1	Specimen Stock Certificate (Incorporated by reference to Exhibit 4.1 to Form SB-2 filed on 4/27/2007)
4.2	Form of Stock Option Agreement under the Intelasight, Inc. 2008 Stock Option Plan (Incorporated by reference to Form S-4/A1 filed on 7/10/2009)
4.3	Form of Common Stock Purchase Warrant issued by Intelasight, Inc. (Incorporated by reference to Form S-4/A1 filed on 7/10/2009)
4.4	2009 Stock Option Plan, dated October 15, 2009 (Incorporated by reference to Form 8-K filed on 10/21/2009)
4.5	Form of Common Stock Purchase Warrant issued by Iveda Corporation in conjunction with the Merger (Incorporated by reference to Form 8-K filed on 10/21/2009)
4.6	Iveda Solutions, Inc. 2010 Stock Option Plan, as amended (Incorporated by reference to Appendix A to the Definitive Proxy Statement on Schedule 14A filed on 5/2/2011)
4.7	Form of Notice of Grant of Stock Option under the Iveda Solutions, Inc. 2010 Stock Option Plan, as amended (Incorporated by reference to Form S-8 filed on 6/24/2011)
4.8	Form of Stock Option Agreement under the Iveda Solutions, Inc. 2010 Stock Option Plan, as amended (Incorporated by reference to Form S-8 filed on 6/24/2011)
4.9	Form of Stock Option Exercise Notice under the Iveda Solutions, Inc. 2010 Stock Option Plan, as amended (Incorporated by reference to Form S-8 filed on 6/24/2011)

Edgar Filing: Iveda Solutions, Inc. - Form 10-Q/A

- 10.1 Application Development Service Agreement dated July 14, 2006 by and between Axis Communications AB and InteloSight, Inc. (Incorporated by reference to Form S-4/A2 filed on 8/22/2009)
- 10.2 Partner Agreement dated January 30, 2007 by and between Milestone Systems, Inc. and InteloSight, Inc. (Incorporated by reference to Form S-4/A1 filed on 7/10/2009)
- 10.3 Solution Partner Agreement dated March 13, 2008 by and between Milestone Systems A/S and InteloSight, Inc. (Incorporated by reference to Form S-4/A1 filed on 7/10/2009)
- 10.4 Channel Partner Program Membership Agreement — Gold Solution Partner Level — dated June 23, 2009 by and between Axis Communications Inc. and InteloSight, Inc. (Incorporated by reference to Form S-4/A1 filed on 7/10/2009)
- 10.5 Stock Purchase Agreement, dated October 15, 2009, by and among Iveda Corporation, InteloSight, Inc., Ian Quinn and Kevin Liggins (Incorporated by reference to Form 8-K filed on 10/21/2009)
